Reasonable space should be found also for correspondence on topics of importance which would reveal and reflect as well as help to create public opinion, avoiding controversy which seldom reaches any conclusion and tends to acrimonious personalities. Reliable market reports will do much to widen the interest of the paper for the producer as well as the consumer, while the industries and enterprises of the town and district must ever be kept in the forefront, and promoted in every way.

But, the most important feature of any paper is, after all, the editorial page, where the topics of the time, and the problems of the day, and the larger issues which are of vital importance are dealt with by the editor, or some one of his staff. If the paper fails here, it will count for little as an educator of the people and an influential organ of public opinion. Editorials should be "leaders" as they used to be more frequently called. And every important matter should be dealt with editorially.

There is no more important or responsible task to which one could be called. The leaven of the editorial page is sure in the end to leaven the views of the readers on the subjects and questions discussed. And the discussion should not be merely the expression of the personal views of the editor, or his staff of writers; by careful selection from exchanges the editorial page should also reflect the views and judgment of the leading speakers and writers of the day.

DIGGING FOR GOLD.

Every time a large project is under construction many people hope that the deep cuttings involved will result in the discovery of gold or other valuable minerals. Many hopes were based on the construction of Mount Royal Tunnel, but they were not fulfilled. This tunnel has now been completed and was opened on October 21st, on which date the Canadian Northern Railway established through train service between Toronto Union Station, Ottawa Central Station and Montreal Tunnel Terminal, 415 Lagauchetiere St. W., two blocks from the Windsor Hotel, Windsor and Bonaventure Stations.

Rail, sleeping and parlor car tickets are obtainable at all Canadian Northern Ry. ticket offices.

INTERESTING DECISION GIVEN BY A WESTERN JUDGE.

He Makes It Apparent That In the Eyes of the Law Civilians Have Just as Great a Part to Play In Winning the War as Soldiers, and That They Must Not Shirk Their Responsibilities.

IN the Crow's Nest Pass and Southern Alberta coal mining districts where the mines are being operated under the direction of the Director of Coal Operations, appointed by the Dominion Government, the question has been raised as to whether miners eligible for military service under the Military Service Act, 1917, should be exempted from such service, in view of the urgent need for greater coal production. In the cases of some 36 miners whose claims for exemption were disallowed by the local tribunal at Fernie, appeals were made to the Appeal Tribunal by the United Mine Workers of America, and His Honor Judge Thompson rendered a judgment in re James L. Hunter et al, which reads as follows:

"This case, with thirty-five others, are appeals made by the United Mine Workers of America on behalf of men of military age whose claims have been disallowed by the local tribunal at Fernie.

"Each case will be dealt with individually on its merits and on the principles which I am stating in this general judgment. In each case this general judgment is made part of the individual one.

"In making any decisions upon the claims of these appellants, I cannot consider what they promise to do in the future; I can only judge their future conduct by their past performance.

"The country has been at war for nearly four years; for months the Military Service Act has been discussed in the House of Commons and in the press, and for months the Act has been in force. Both this winter and last we read statements made by Ministers of the Crown and from many other sources that increased production of coal was essential to the welfare of the country. If a man has not shown that he has been spurred on to greater production by the request of his country, it is not likely he would willingly obey the demand of his country.

"These appellants must understand they are not soldiers. And where exemption is granted to them it is so granted because the court is of the opinion they are of greater value to the nation by remaining coal miners than by becoming soldiers. And the only way they can continue to be of greater value as coal miners than as soldiers is by producing coal.

"I repeat my statement: men to whom exemption is granted are in the position of soldiers and they must work as steadily and continuously as though they had donned khaki. To my mind they should esteem it an honor and privilege to be in the position where they are called upon to help their country by using extra efforts for the production of a commodity so essential as coal; and they should carry on their duties here with the same willingness and the same cheerfulness that their brothers and friends have shown when they went to the front.

"It must be understood that in granting exemption I am endeavoring on the one hand to protect the interests of the worker. He cannot be bound down to any one particular employment in the mine or to work for any one particular employer. That would be placing him too much in the power of his employer. I can understand, also, that there may be many reasons why a man will be unable to work continuously every working day. There may be sickness, some accident may happen in the mine whereby the man is unable to work; therefore, I would endeavor to frame rules to cover these conditions.

"On the other hand, there must be no malingering, no holidays other than specified, no letting up on the production of coal, but rather a speeding up on the part of these appellants. If it can be shown by the military authorities at any time that any man is not following the rules I am establishing, that man must understand that his exemption ceases and he will at once become liable for military duty."

The following typical "rules" indicates the judge's view of the responsibility of civilians. They are taken from the long list stated by him:

"Any person ceasing to work for more than twenty-four hours will be deemed to be not continuously employed, unless he can show some just cause or reason or his non-employment. This prohibition does not apply to recognized holidays and the holding of funerals. A lay-off of twenty-four hours without just cause or reason being shown shall not occur more than once a month.

"Where a stoppage of work is occasioned by some cause beyond the workman's power to prevent, for example, accident, gaseous condition of the mine, shortage of material, or any other reason whatsoever, a certificate must be obtained from the manager of the mine where the workman is engaged, and upon demand by the military or civil authorities, must be produced and filed in the office of the Chief of Provincial Police at Fernie.

"In the event of a strike or cessation of work by workmen other than exempted men whereby the latter are prevented from working, exemption shall cease, subject, however, to the provisions in rules 9 and 10. This may seem a harsh ruling, but it must be remembered that this appeal has been made by the United Mine Workers of America, and it will be the duty of the officials of the Brotherhood to see that no such strikes or cessations of work occur."

PREPARING THE FLOCK FOR WINTER

The success to be obtained from the farm flock will depend very largely on the way it has been handled during the autumn months. The plan at the Experimental Farm, Nappan, N. S., is, before the breeding season opens in the fall go through the flock, pick out all the non-producers, poor milkers, or any that may have bad mouths or spoiled udders; also any that may be too old for breeding profitably, and discard them. In selecting out the breeding flock looks alone is not the only guide as many times a ewe may be a profitable breeder yet be very thin, due to the fact that she has been brought down by a heavy milk flow. Good ewes should be retained in the flock as long as they will breed and feed their lambs properly.

All lambs not intended for breeding purposes are sold. If the market happens to be flooded it is found to be more profitable to feed them well until January or February, by putting them on good aftermath until barning them, then finish on roots and meal.

Ram lambs intended for breeding are placed in a separate field with good clover aftermath and given a light grain mixture of ½ pound of oats; ¾ pound bran and 1-5 pound oilcake meal. The ewe lambs are also placed in a field by themselves, but not given much grain unless the after feed is poor. All breeding ewes are flushed during the latter part of October or the first of November. This consists in putting them in a good field of clover and giving them a light grain ration of oats, bran and a little oilcake meal. Hence the ewes make a rapid gain in flesh. There are several advantages from this practice. 1st, the ewes which are bred in a thrifty condition are more apt to throw vigorous lambs; 2nd, they are more reliable breeders; 3rd, more likely to drop twins; 4th, the flock will all breed more evenly together, which makes it much better at lambing time in that the lambs are all dropped within a short period of each other, thus making less work for the shepherd.

In selecting the flock ram it is the endeavor to choose the very best, typical of the breed and vigorous. Then he is fed well in order to keep him virile, but not too fat. He never gets grain until about a month before the breeding season. He is never allowed to run with the ewes continually but put in with them two or three hours each day.

In dividing the pen for winter, all mature ewes are put together; shearlings in another pen and ewe lambs by themselves. The latter are not bred until one year old. Should there be any weak ones, they too are given a separate pen; otherwise they would not get a fair show at the trough with the more vigorous ones. The above method of preparing sheep for winter has been found to be most satisfactory.

THE SECRET OF SAVING

lies in spending to the best advantage—getting the most for your money. That is what you do when you buy Zam-Buk, and that is why Zam-Buk is the choice of the good housekeeper and careful buyer.

When you buy Zam-Buk you get 100% medicine—not 5% medicine and the balance "fill up," as in ordinary ointments. This explains why Zam-Buk goes so much farther than ordinary ointments and why the results are so much better.

Zam-Buk is soothing, healing and antiseptic. It ends pain, destroys all germs in a sore or wound—thus preventing any danger of blood-poisoning—and grows new skin. A Zam-Buk cure is permanent because it purifies and heals not only the surface skin, but also the underlying tissues, so that there is no possibility of the disease breaking out again.

Zam-Buk is composed exclusively of vegetable oils and herbal extracts, with absolutely no animal fat or poisonous mineral drugs, which only irritate the parts they are intended to heal. It can, therefore, be used on the most sensitive skin and is the best balm for baby.

It is also best for eczema, ringworm, boils, pimples, ulcers, abscesses, blood poisoning and piles. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

FOUR KILLED.

AND OTHER MEMBERS OF AUTO PARTY INJURED IN RAILWAY CROSSING ACCIDENT.

G. T. R. Passenger Train Struck Car at Queen St. Crossing in Brampton Saturday Night.

Edith Sawdon, aged 21, killed; Ethel Gwilt, aged 20, killed; Pearl Bellas, aged 24, killed; Harry Sawdon, aged 14, died of injuries; William Sawdon, aged 29, seriously injured; Charles Sawdon, aged 17, left leg fractured in two places. This is the result of an accident at the Queen street crossing of the Grand Trunk Railway, in Brampton, at five o'clock Saturday evening, a place that has taken a toll of four lives in the history of the town. The Sawdon boys had come from their home in Britannia, six miles from Brampton, to take their sister home from her work in the Dale Estate, this being their daily custom. They had spent the day in town, had taken the Gwilt and the Bellas girl home at noon, and were taking them home again in the evening before returning south to their own home. The car in which they were driving, the eldest boy, William, being at the wheel, was an old-fashioned model and very heavy. Whether they were racing with the train from the east that was due at 5.18 p.m., or were stalled on the track, could not be ascertained. The engine caught the car, overturning it and carrying it a distance of 150 yards before the train could be brought to a standstill. Ethel Gwilt apparently was thrown out on her head, for there were pieces of wood in her hair as if she had struck a tie end. She was lifted and taken to the residence of S. Charters, nearby, but died within a few minutes. The other two girls were cut about the body, head and face, having been entangled in the debris of the car. Little Harry Sawdon was terribly mangled and had sustained severe scalp wounds. He lived until the train in which he and his two brothers were being taken to Toronto for treatment neared the city.

The Sawdon family are the children of Mr. and Mrs. Harry Sawdon, a blacksmith residing at Britannia. Miss Gwilt's parents are farmers living near Streetsville, and Miss Bellas was the daughter of Mr. Geo. Bellas, of Brampton.

During the month of June a car stalled on the track just as the morning train was coming into town and the occupant, a returned soldier, fortunately escaped with a cut on the head. There is no protection at the crossing other than an automatic bell.

Coroner Lawson empanelled a jury which viewed the remains at Torrance's undertaking rooms and adjourned until Thursday.

CREDIT WHERE DUE.

Much of the credit for the success of the recent Victory Loan campaign is due to Mr. Harry Goss, County Organizer, and Mr. A. E. Annis, County Secretary, who were in charge of the county headquarters here. Each of these gentlemen worked on the job early and late and they were most prompt in the handling of routine business. They had a strenuous month and did an enormous amount of work. It is greatly to their credit that when finally checked their returns to the Toronto office were found correct to the last cent.

Flu Spreads Over Civilized World.

Germ Eludes Bacteriologists And Health Authorities Are Baffled.

The Influenza epidemic continues unabated. Its ravages are not confined to this city or province or even to Canada, and cable reports indicate that it is rapidly spreading over the civilized world. It has baffled medical skill to an unusual extent and has claimed more victims perhaps than any other epidemic in a score of years. The germ has eluded the Bacteriologists and medical men now agree that the best cure is prevention.

The surest prevention is to build up the bodily powers of resistance and to gett he system in the best physical condition possible. It is now universally agreed that it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting Spanish Influenza.

It has been discovered that persons who are weak and run down are the earliest victims, and if you find yourself tired or weak and losing flesh, or if you are in a generally run down condition and below your normal weight, this warning should be heeded promptly.

If you are int his condition nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science. As a reconstructive tonic and system builder it is without an equal and contains the very elements needed by the system to give you fighting strength to ward off the Influenza germ. This is a statement of facts and is supported by the recognized authorities and reference works, including the United States Dispensatory and the Encyclopedia Brittannica and leading textbooks used in the school of medicine. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine, and by the fact that Tanlac is to-day having the greatest sale of any tonic on the market, over eleven million bottles having been sold within the past three years.

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after effects of influenza, grippe or bronchial troubles, and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac.

Tanlac is sold in Orangeville by C. V. Jeffers; in Grand Valley by G. E. Morrow, and in Shelburne by J. E. A. White.

HOSPITAL NOTES.

There have been 18 patients in the hospital for the past two weeks with only accommodation for 12, but by installing an electric heater in the sun room it was found possible to accommodate six extra patients. The Hospital Board would like to express their appreciation to all those who have in any way helped the Hospital during the epidemic.

The following donations are most gratefully acknowledged: Homemade baking from Mrs. John Kearns, Mrs R. H. Robinson, Mrs. Russell Morrow, Mrs. W. Kearns and Mrs. W. E Irvine; pickles and vegetables from Mrs. J. W. Aiken. St. Mark's church sent a splendid assortment of fruits and vegetables which had been used in decorating for Thanksgiving service, A Friend, jelly and raspberries, Mr. W. J. Holmes two bags of potatoes and one bag of turnips, and Mr. Alex. Johnston $2.00.

The Red Cross rooms will be open every Wednesday at 2.30 p.m. These donations have been received: Mrs. Andrew Clark, $1.50; Mrs. Bradley, $1.25; A Friend, $1.00; Mrs. D. Macpherson, $2.50, to be used to fill a kit bag.

—Flowers, funeral designs, wedding bouquets from Dale's, Brampton, for sale at Jeffers' Drug Store.

James McDonald, of Lower Nichol, has sold his fine 200 acre farm on the Guelph road, to Jas. Miller, who lives just opposite.

RAYBURN–COOMBS.

The home of Mrs. Thos. Skiffington, 115½ Marlborough Ave., Toronto, was the scene of a very pretty wedding on Wednesday evening, Nov. 21st, when Mr. Stanley R. Rayburn, son of Mrs. John A. Rayburn, of Orangeville, and Miss Ivy Coombs, of Toronto, daughter of Mr. and Mrs. Coombs, of Wales, were united in marriage. The interesting ceremony took place at 7 o'clock, Rev. Mr. Selwin officiating. The bride looked charming in a pale pink crepe de chene dress, wore a white bridal veil caught up with orange blossoms and carried a bouquet of American Beauty roses. She was attended by Miss Minnie Kennedy, who wore a dress of blue crepe de chene and a corsage bouquet of pink roses. The groom was supported by Mr. Ernest Lomas, of Toronto. Immediately after the ceremony a dainty wedding repast was served, the dining room and table being decorated in pink and white for the occasion. At 9.30 the bridal couple along with about twenty guests assembled in the dining room, where they tripped the light fantastic until the wee, small hours of the morning. Amid showers of confetti and good wishes the happy couple left on the morning train for the home of the groom's mother in Orangeville. The bride's going away costume was a blue silk taffeta dress, and Belgium blue velour coat with velvet hat to match. After a short sojourn in Orangeville Mr. and Mrs. Rayburn left for their home at Lakeview Farm, Bronte. The presents to the young couple were both numerous and costly. The groom's gift to the bride was a beautiful Mason and Risch piano, to the bridesmaid a silver fern dish and to the best man a silver tray.

FRENCH PEOPLE GRATEFUL

WILL SHARE THEIR LAST BITE OF FOOD WITH THE ALLIED SOLDIERY.

Sergeant Chester Bower Tells of Scenes During Pursuit of the Defeated Huns.

Mr. and Mrs. John Bower have received the following letter from their son, Chester, who has been in France for the last eighteen months or longer:

France, Oct. 28th, 1918

My Dear Parents,

You will wonder that my letters do not come more regularly. Since returning from twelve days leave it has been difficult to get either time or paper or a good place to write. We have had to move so much and so rapidly in order to keep up with the Hun. We are driving him so fast and hard that he does not get much time to use his artillery, but he uses great numbers of machine guns to retard our forward progress. Of late we have been busy liberating thousands of French civilians, who had been under the German rule for four years. It has been an experience that we will never forget and makes one feel glad that he is a volunteer soldier.

As we passed through and past large towns, close on the heels of the Hun, the civilians, chiefly women and children, or old and unfit men, came out in scores to meet and greet us, sometimes kissing our officers and always shaking hands with the men, also giving us coffee to drink as we passed. It is impossible to describe such an experience by letter, but these are great days for thousands of French people. I can only write a short letter, because I am very busy. This room that I am now using is a very nicely furnished bedroom with a very soft bed in which I sleep. The people have opened their houses freely to the Canadian soldiers and make us as comfortable as they can under the circumstances. They would give their last bite away to the soldiers. They had but scanty supplies, but of course the government is doing everything possible to bring up supplies. They all have lots of garden stuffs, but meat and bread are scarce as yet.

I received a parcel with currant jelly, chocolate and socks, which had no name to show who it came from, but I think it must have been from you, mother. Anyway it came at a very opportune time. In fact I have received several parcels with cake, candy, sugar and cocoa of late, which was fortunate, because these people have but little, and yet they insist on giving us soups, vegetables and coffee, so that when we can share our parcels and sometimes our rations with them, we feel more like accepting such generosity from them. The privilege of sleeping in white sheets and feather beds is worth much to us. It is indeed a great treat.

Now I must close. Since coming back from my leave I have been made a sergeant, so you may address me as Sergeant instead of Lance-Corporal Bower. Good bye. I trust you are both real well.

Affectionately,
—CHESTER.

PRESENTED TO COUNTY.

An interesting ceremony took place in the Court House on Tuesday afternoon of last week, when Mr. C. R. McKeown, County Chairman, and Mr. H. H. Goss, County Organizer, formally presented the County Council with the handsome Victory Loan Honor Flag, which the County of Dufferin won by exceeding its objective in the recent campaign. Warden Menary made a neat acknowledgment when accepting the flag on behalf of the county. The flag, which is the gift of the Duke of Devonshire, is a very large one, being about 12 by 24. It is rich looking and will make a handsome decoration for the court room, where we understand it will be hung as a memento of the campaign and a reminder in years to come of the honorable part Dufferin played in the large task of financing the Great War

AN ILLUSTRATED LECTURE

A large and keenly interested audience heard Rev. S. B. Rohold, a converted Christian Jew, deliver an extremely instructive illustrated lecture on "The World Situation and the Jew," in the school room of St. Andrew's church on Monday night. Mr. Rohold discussed the attitude of the Jews in the recent war, the part they had taken in support of Great Britain and her Allies and the effect the war is likely to have upon the fortunes of this much persecuted and sadly scattered people. He also dealt with Egypt and the Turkish invasion, describing the route the invaders were obliged to take and their meeting with the British forces in the neighborhood of the Suez canal. The lecturer also spoke of Palestine, the taking of Jerusalem and the probable return of the Jews to the Holy Land. The lecture was illustrated by upwards of one hundred excellent stereopticon views. Rev. Mr. Morris presided and Misses Browne and Dodds contributed a well-rendered duet.

TOO FRAGRANT.

Tired Tim sat in his prison cell listless and despondent.

"I tell yer I ain't done nuffing, guv'nor," he declared to the prison chaplain. "I ain't hurt a fly."

"Come, come!" said the chaplain. "People dont' get imprisoned for nothing, you know. What was the charge against you?"

"Blest if I know, guv'nor. As far as I can make out, they put me in here for fragrancy!"

"Nevermore"

Is an expression invariably used by those induced to purchase a substitute tea for "Salada". It may cost a trifle more than some others, but its economy in use amply compensates.

MRS. MUNSON JENKINS.

Mrs. Munson Jenkins, a young Caledon wife and mother, died very suddenly in Lord Dufferin hospital about three o'clock on Tuesday afternoon, after six weeks' illness from some malady that puzzled and baffled the skill of her physicians. She was brought to the hospital a week before her death. While it was recognized that her condition was serious a fatal termination was not looked for and her death came as a complete surprise. Mrs. Jenkins was 26 years and 10 months of age, and is survived by her husband and three little daughters, aged six, four and two years. Prior to her marriage about eight years ago, she was Miss Emily Ferrier, of Belle Ewart, Ont. She also leaves her mother, one sister and a brother, Harry, in France. Mrs. Jenkins was highly thought of by her neighbors and friends and her untimely death has caused much sorrow and a feeling of profound sympathy for the bereaved husband and relatives. The funeral will take place from the home of Mr. Edward Jenkins, lot 10, Con. 1, east, Mono, to the Forest Lawn cemetery at 2.30 o'clock this (Thursday) afternoon. There will be a service at the house at 2 o'clock.

MISS MARY BRADFORD.

The heartfelt sympathy of their friend and neighbors is extended to Mr. and Mrs. William Bradford and family, lot 1, 17th line, East Garafraxa, in the trying affliction they have been called upon to undergo through the death of their daughter, Mary, a former student at Orangeville High School. After completing her High School studies in 1916 Miss Bradford went to Toronto to take a Normal School Course. Ill-health obliged her to give up her work and come home in April, 1917. She was a sufferer from Graves' disease and some weeks ago her physicians decided that an operation would be necessary. This took place in Guelph last Friday, but unfortunately the patient failed to rally from the shock and passed away about five hours after she left the operating table. Miss Bradford, who was 21 years and 11 months of age, was a quiet, industrious girl and an excellent student. Bright and cheery in her manner and disposition she made many warm friends, who will grieve deeply over her untimely demise. She is survived by her parents, one brother, Samuel, and four sisters, Mrs. Jack McClellan, of North Erin; Alice, a student at Orangeville High School, and Ethel and Florence, at home. There was a large attendance at the funeral, which was held to Greenwood cemetery on Sunday afternoon. Rev. W. N. Carr, of Alton, was the officiating minister. The pallbearers were Messrs. Roy and Rex Hulse, Harvey Bryan, Haldane Smith, Wilson Henry and Roy Smith.

MRS. MARTIN WRAY.

The death of Mrs. Martin Wray, of Etobicoke, took place at the home of her brother-in-law, Mr. George A. Hannahson, 1st line, east, Mono, on Saturday, following an illness of only five days duration from influenza and pneumonia. The deceased came to Orangeville about ten days ago to visit her sister and other relatives here and was taken ill shortly after her arrival. Mrs. Wray, whose maiden name was Margaret Ellen Campbell, was a daughter of Arch. and the late Mrs. Arch. Campbell, of Mono. It is of interest to note that her mother's death took place exactly four months ago Saturday. The subject of our sketch was in her 39th year and is survived by a sorrowing husband and a son, John, 17 years of age, and one daughter, Myrtle, 15 years old. Mrs. Hannahson, Mrs. John Baker, Cypress River, Man.; Mrs. Geo. Brown and Mrs. Frank Huggins, Hamilton, Ill.; Mrs. John Gibson, Ceylon, Ont.; John Campbell, Stonewall, Man., and Peter Campbell, Winnipeg, are the surviving brothers and sisters. The funeral was held from the home of Mr. and Mrs. Hannahson to the C. P. R. station on Monday morning. The burial took place from Ward's Undertaking Parlors to Riverside cemetery, Weston, on Monday afternoon.

MISS MARY MOSSOP.

Miss Mary Mossop, daughter of Mr. and Mrs. S. C. Mossop, passed away at her home on John street, about eleven o'clock on Saturday morning after two weeks illness from pneumonia. The devoted girl made a brave fight for life and everything that medical science and trained nursing could suggest was done for her, but the deadly disease had obtained such a hold on her system that all unfortunately proved of no avail. Miss Mossop, who was 26 years of age, was a bright, cheerful girl, esteemed and beloved by all who knew her. She was formerly connected with the local Bell telephone staff, but had been staying at home with her mother for the last year or so. She lived an exemplary Christian life and was a valued member of the Methodist choir and also of the Epworth League, taking an active interest in the work of both organizations. When told toward the last that there was no hope of her recovery, she received the fateful news with calm composure and spent her final moments on earth bidding farewell to her loved ones, suggesting arrangements for her funeral and endeavoring to pen a farewell message to her two soldier brothers overseas. For this brave, good living young woman death had no terror. She is survived by her grief-stricken parents, three brothers, Signaller Harry Mossop, now in a convalescent hospital in England, Gunner Gordon Mossop, also in England, and Jarvis Mossop, with the T. Eaton Co., Toronto, and two sisters, Mrs. T. J. Lackey, Shelburne, and Mrs. Kenneth Matthews, Orangeville. The funeral was held from her late home to the Forest Lawn cemetery on Monday afternoon, Rev. E. R. Young, the family pastor, conducting services at the house and grave. The pallbearers were Messrs. B. French, A. McEwen, J. Jackson, B. Jackson, G. Duke and S. Cunnington. Among the beautiful floral tributes which almost hid the casket were a pillar from the family; wreath, the Jackson family; wreath, Orangeville Bell Telephone Co. staff, and sprays, Bell Telephone Co. staff, Shelburne; Orangeville Methodist church choir; the Epworth League; Mr. Lackey; the Beattie family, Toronto; Mrs. Arthur and Mrs. Niblock, Toronto; Mrs. Pate, Dundalk; Mrs. Haslam, Mrs. Parsons and Miss Langford, Orangeville.

Among the friends at the funeral from outside points were: Miss Marjorie Beattie and Mrs. Beattie, Mrs. E. Matthews, Miss Pate, Miss Bowler, and Miss Lizzie Lackey, Toronto; Mr. and Mrs. Chester, Streetsville; Mr. Elliott and Miss Elliott, of Mono Road; Mr. S. Cunnington and Miss Cunnington, Caledon East; Mrs. Pate, Dundalk, and Mr. Ross, Toronto.

MRS. M. M'CORMICK.

News of the death of Mrs. Malcolm McCormick, lot 4, 16th line, East Garafraxa, on Monday morning came as a great shock to her many friends. The circumstances attending the unfortunate event are unusually sad. Shortly after midnight a little daughter was ushered into this vale of tears and almost at the same moment the soul of the young mother took leave of its earthly tenement and winged its way to a home not made with hands, the eternal abode of the just and pure. The young wife and mother was only 26 years of age and a short eighteen months ago came to her husband's home a happy, laughing bride. She was in the best of health almost to the time she was taken away. As late as Sunday she drove to her old home in company with her mother who had been staying with her. Before marriage Mrs. McCormick's name was Flossie May Turner and she was a daughter of Mr. and Mrs. Joseph Turner, 11th line, East Garafraxa. Popular, highly esteemed and widely known her sudden and untimely demise has caused widespread gloom in the township where she lived. Profound sympathy is felt for the grief-stricken husband, who has been in very poor health all fall. The funeral, which was a very large one, took place to Price's Corners cemetery yesterday afternoon. Rev. R. S. Scott, of Hillsburg, the family pastor, conducted an impressive service at the stricken home.

CHILDREN'S AID SOCIETY.

The annual meeting of the Children's Aid Society was held in the Public Library Auditorium on Monday, November 25th, at 8 p.m. The election of officers for the year took place and the Inspector, Secretary and Treasurer's reports were read. The Society has made much progress during the year and there is a balance of $304.24 to the bank to the credit of the Society. All expenses for the year have been paid. The following officers were elected for the incoming year:

Hon.-President, L. C. A. Strother, Hornings Mills; President, Mayor Henderson, Orangeville; 1st Vice-Pres., Warden Menary; 2nd Vice-Pres., Mrs. M. H. Bull; Treasurer, T. S. Little; Secretary, Miss S. Hughson; Hon.-Solicitor, J. L. Island; Hon.-Physician, Dr. J. A. Macleod; Auditor, A. Firth; Board of Management, Father Finnegan, T. S. Parkinson, C. V. Jeffers and Rev. W. M. Morris, Orangeville; D. E. Dean, of Shelburne, and Alfred Menary, of Grand Valley.

—The Caledon Branch of the Peel County Women's Institute, will hold its regular monthly meeting on Wednesday, December 4th at 2.30 p.m. in the township hall. A good program is expected. The roll call to be answered by Christmas hints.

Shelburne council is buying a flag for the town hall.

THE METHODIST CHURCH.

Special Thanksgiving Service to be Held Sunday Evening to be in Charge of Laymen.

Next Sunday, Dec. 1st, has been set apart by the Government for special thanksgiving throughout Canada over the great victory. As the days pass the victory seems greater than ever, the enemy more completely beaten than we could have dreamed and the prospects of permanent peace brighter. Hence all the more reasons for heeding the wishes of the leaders of our country. There will be a special public service in the Methodist church on Sunday evening conducted by laymen. The men who have the meeting in charge are Mr. W. R. Liddy, Dr. W. J. Price, Mr. C. R. McKeown, Mr. M. N. Armstrong, Mayor Henderson and Mr. A. E. Annis. The church will be appropriately decorated and special music will be rendered by the choir.

In these great days, said Rev. E. R. Young, last Sunday in the Methodist churth, parables illustrating living and eternal truths were being enacted before our eyes. The world has never before seen so great and so abject a surrender as that which took place in the North Sea on Nov. 21st. Though hand join in hand, the evil shall not go unpunished. The devices and snares to destroy the weak and the innocent will be brought to judgment. Here were submarines that destroyed the innocent and there were battleships used to kill the children of Scarborough and Harwich. All led into judgment and compelled to surrender. It was but a picture of the coming judgment when all the snares and devices of men, no matter how beautiful, clever and skilful they may be, will have to be brought before Him "whose eyelids try the children of men." And in that day every individual evil-doer will be brought to account. There will be no escaping justice and due punishment that day. There will be no neutral Holland or Sweden to which the sinner may flee.

The choir will provide the following music at the Thanksgiving service on Sunday night:

Organ Prelude—Hearts Message, (Clifton Hayes); anthem, O Be Joyful in the Lord (Schilling); Interlude, At Evening, (Ralph Kinder) solo, Selected, Mr. H. Sloane; anthem, Give Thanks Unto the Lord, (Jerome); concluding voluntary, Festival March, (C. F. Mutter). Miss G. Ewing, organist; Mr. F. A. Falconer, choirmaster.

LT. WALTER LEWIS HOME.

Lieut. Walter A. Lewis, M. C. and bar, eldest son of Mrs. Lewis, and the late Dr. F. W. Lewis, of Orangeville, arrived in town on Saturday on leave of absence, which since the war is now over probably means that he will be allowed to remain in Canada permanently. Members of his family and a number of citizens met the gallant young officer at the C. P. R. depot and tendered him a hearty welcome home. After receiving the greetings of his friends he was escorted to a waiting auto which speedily carried him to his mother's home on Third Ave. Lieut. Lewis is looking extremely well, but expressed himself as unfeignedly glad to get back to Canada once more. He enlisted early in the war and has seen four years service on the Western front. He won his commission on the field as well as his Military Cross and Bar. The reason for the Bar is officially described in the following terms:

Two hostile guns were brought into action 1,500 yards away and commenced shooting with open sights at a farm house. Lieut. Lewis, from the top of the house, succeeded in getting his battery in action on the guns and despite the fact that the house he was in was hit time after time and the barn in front of it had been set on fire, he succeeded in silencing them and in successfully engaging the teams. By his courage and coolness he undoubtedly saved many lives and inflicted heavy casualties on the enemy.

Lieut. Lewis arrived in Montreal on Saturday, Nov. 16th, and his wife signalized his arrival by presenting him with a young son. It was assuredly a happy home coming.

—The Sacrament of the Lord's Supper will be observed in St. Andrew's church Sunday morning. The evening service will be one of thanksgiving for victory.

SPLENDID WAR ALBUM.

The War Album issued by The Family Herald and Weekly Star of Montreal is one of the best souvenirs of the War. Future generations will cherish this book. It will be a complete diary of the great struggle and contains a whole mine of information regarding the Allies. We learn the supply is limited. Any home that fails to secure a copy now will regret it. $1.25 pays a full year's subscription to that great weekly paper and a copy of the War Album. Sample may be seen at this office.

FULL MILITARY HONORS.

Mrs. Thos. S. Hewson, Zina St., has received the following letter from Capt. A. K. Wilson, Commanding Officer of A Co., 116th C. .I. Bn.

France, Oct. 23, 1918

Dear Mrs. Hewson,

I regret that it is my duty to have to inform you of the death of your son, 663544, Pte. E. T. Hewson, who was killed in action on Sept. 29th, 1918.

He with other members of his platoon were advancing in the second battle of Cambrai, when an enemy machine gun opened fire, instantly causing his death. His body was conveyed back out of the line and buried with full military honors in St. Olle British Cemetery F 12 a 60 v 80 (Sheet 576), Plot 1, Row C., Grave 3.

Although your son had been with us for seven months, his demeanor and courage had won for him the respect of his officers and his comrades and his loss is keenly felt.

While no words of mine can suffice to console you in your hours of bereavement, I trust that you, knowing he died in so great and noble a cause, will, with the help of God, sustain and help you to bear up bravely under your burden.

Kindly accept the sincere sympathy of myself, Officers, N. C. O.'s and men of "A" Company.

Yours sincerely,
A. K. WILSON, Capt.,
O. C. "A" Company,
116th Can. Inf. Bn.

THE VICTORY LOAN.

Greatest Triumph of Home Folk of Dominion of Canada in the Great War.

Mr. B. McGuire, County Publicity Chairman for Dufferin, has received the following appreciative letter from Mr. M. O. Hammond, Chairman of the Ontario Press News and Feature Committee in connection with the recent Victory Loan campaign;

Mr. B. McGuire,
The Banner,
Dear Mr. McGuire:

The Victory Loan campaign, ending in brilliant success, is the greatest triumph won by the home folks of Canada in the great war. It is a glorious achievement for the Canadian people and marks a new era in our financial independence and national courage.

In this great effort the Press has played so vital a part that mere praise seems a weak recognition. It is the simple truth to say that the editors of the country have almost without exception realized their obligations as citizens and have put their full influence behind this great national movement.

We in Ontario have special reason for satisfaction in the magnificent response of the people to the appeals for subscriptions. The distractions of the war and of Spanish influenza made the burden on the Press especially heavy, and this was realized and met cheerfully throughout our Province. That this service is appreciated is shown by a letter from Mr. G. H. Wood, Chairman of the Ontario Victory Loan Executive, in which he says:

"To the Press of Ontario the thanks of the Ontario Executive, the workers throughout our Provincial organization and of every citizen of this Province, are due, for the magnificent manner in which they have supported the Loan from the inception of the campaign."

This appreciation has been earned not by headquarters but by the men in the organization and the individual editors who have kept the cause of the Loan constantly before the public. As Chairman for Ontario I desire to express to you my personal thanks for your support, and to ask you to be good enough to pass on this appreciation from Mr. Wood and the other leaders in the campaign, to the individual editors who have so cordially lent their support.

Sincerely yours,
M. O. HAMMOND,
Ontario Press News and Feature Committee.

FORWARD MOVEMENT.

The recently appointed Committee of the Forward Movement in connection with Orangeville Presbytery met in St. Andrew's church, Orangeville, on Tuesday, Nov. 26th, to prepare plans for future action. Rev. Jenkins Burkholder, convener, presided. The choice of Secretary of the Movement fell to Rev. H. M. Lyon, of Camilla. The following were appointed members of the Executive Committee to meet more frequently, Revs. Burkholder, Morris, Lyon, Fairbairn, Thornley and McVicar.

The Presbytery was divided into five zones with a leader for each zone to gather information regarding speakers and dates in order that an eight days' campaign may be arranged in each field. The Committee will meet again on Dec. 16th.

A FATAL ACCIDENT.

On Wednesday, November 13th, Mr. John Hudd, of Sidley, Sask., fell backward off the roof of a barn on which he was shingling. He alighted on his head and sustained injuries that proved fatal. He spoke only once after he fell and died about eighteen hours later without regaining consciousness. Deceased was born near Horning's Mills in this county, 61 years ago last February, and lived in that district until about fifteen years ago, when he moved to the West where he followed the business of contractor up to the time of his death. The late Mr. Hudd leaves a widow, two daughters and one son to mourn his loss. The daughters are Mrs. James Lonsway, of Corbetton, and Mrs. Thos. Ismond, of Weyburn, Sask. The son, Andrew Hudd, lives at Liberty, Sask. Mr. William Hudd, of First street, is a brother.

PEEL PAPERS NOW $1.50.

All of the Peel County newspapers are now charging a subscription price of $1.50 in advance. The Bolton Enterprise was the first to make the advance. The Brampton Conservator followed at the end of 1917. Some weeks ago the Peel Banner and Times, the other Brampton paper, announced the new price, and on Nov. 1st the Streetsville Review fell into line. The great majority of the weekly newspapers in Canada are now charging $1.50 a year. If the present price of newsprint holds it is only a question of time until all country newspapers will be forced to adopt the $1.50 rate.

A VALUABLE MEDICINE FOR THE BABY

Baby's Own Tablets are a valuable medicine for all little ones. They are a mild but thorough laxative which never fail to regulate the bowels and stomach; drive out constipation and indigestion; break up colds and simple fevers; banish colic and worms and make teething easy. Concerning them Mrs. S. P. Moulton, St. Stephen, N.B., writes:—"I have used Baby's Own Tablets for a long time and find them a most effective and valuable medicine. I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PEEL Y. M. C. A.

C. S. McDonald was chosen Chairman of the Peel County Y. M. C. A. Committee at its first regular meeting held a week ago Monday night.

Other officers were: Rev. P. N. Knight, Bolton, Vice Chairman; A. W. Briggs, Port Credit, Treasurer; D. H. Hughes, Port Credit, H. Graham, Inglewood, C. D. Gordon members of executive committee. The meeting was convened at the office of the Department of Agriculture by J. W. Stark. Twenty men were present. Plans for financing the work were discussed and adopted. Mr. Pratt of the military work of the Red Triangle gave a talk on services to be rendered returned soldiers, and the committee added Dr. Sharpe, President of the local G. W. V. A. to the committee. Messrs. Cook of Macville and Terry of Clarkson were also added.

On motion of Mr. Hughes of Port Credit, Mr. Frank Beckwith at present boy's secretary at Guelph was added to become Secretary of Peel County for Y. M. C. A. work.

The work in Peel County is to be of the non-equipment type. No money is to be tied up in buildings. The natural boys group is to be the unit of work and the closest of co-operation with existing organization is sought. The Secretary will promote the Canadian Standard Efficiency Training Course through the Sunday Schools of the County. An annual boys' conference will be a feature of the work as well as a camp for the younger boys. Many other features are to be added as the work developes.

The plan is not new having been tried out in part at Port Credit before the war, but as a county wide proposition however, Peel County has been selected by the National Council to make the demonstration for the Dominion.

The County committee has entire responsibility for the work, the National Council staff being advisory. Much of the boys' work in cities is now done on this same plan entirely outside of the Y. M. C. A. building and is considered the most effective type ever developed. Peel County is to be congratulated on being the first in Canada to show for her boys the same interest that has been long shown in cities.

Pte. John Stoddart, a returned soldier, has opened a barber shop in Shelburne.

A Mount Forest youth has been sent to jail for four months for stealing chickens.

LOST DIAMOND RING.

Fred Armstrong, a cattle buyer, of Brampton, had a strange experience one evening recently. During the afternoon he had received a consignment of cattle, driven in by three men. They were invited to stay for supper, preparatory to catching the 6.45 train. One of the men was acting strangely and seemed ill at ease, and after they were gone, Mrs. Armstrong missed her diamond ring. Mr. Armstrong jumped in his car and caught the train as it was pulling out of the station. He tackled the man in the coach, but he denied knowing anything about it. On being taken to the lobby he admitted his guilt and produced the ring. Mr. Armstrong was so overjoyed he let the man go and caught the evening train back from Malton. The young man comes of a respectable family and is a kleptomaniac. The ring is valued at $450.

FAMILY SORELY BEREFT.

During the present month the family connections of the late Nicholas Forbes, Sr., of Acton, have been sorely bereft. On the 5th inst. Mrs. Forbes, Sr., passed away; on the 7th, the wife of her grandson, William Millard, Guelph, died; on the 12th, a son of William Millard was called home, and on the 12th Mrs. Joseph Millard, Guelph, a daughter of the late Mrs. Forbes, and mother of Wm. Millard, passed away. Thus within one week a member of each of four generations of the one family "slept with their fathers."

MRS. J. A. SMITH.

Wife of a Shelburne Physician Succumbs to Pneumonia—Spent Life in Shelburne.

With the suddenness that has characterized so many of the deaths in all parts of the province during the past month, the end came on Thursday evening last to Mrs. Smith, wife of Dr. J. A. Smith, of Elizabeth St., Shelburne. The cause of her death was influenza, with which she had been ill only a week. Mrs. Smith, whose maiden name was Ethel May O'Flynn, was the second daughter of the late S. F. M. O'Flynn and Mrs. O'Flynn, of this place, and she had resided here nearly all her life. She was born at Primrose and moved to Shelburne with her parents over 32 years ago. On June 22nd, 1904, she was married to her now bereaved husband, and to this union three children were born, Miss Isabel and Masters Donald and Ross, all of whom were confined to their bed with influenza at the time of their mother's death. During the past summer Mrs. Smith had suffered considerably with heart trouble and was confined to her home for some weeks. She rallied, however, and previous to contracting the influenza had improved wonderfully, but her strength was insufficient to ward off the attack of pneumonia. Deceased was a woman of exceptional character, unfailing honor and valued by those who knew her as a warm and affectionate friend and neighbor. Beside her husband and three children she is survived by two brothers and three sistess. The brothers are Dr. John F. O'Flynn of St. Catharines, and T. J. O'Flynn of Shelburne. The sisters are Mrs (Dr.) E. C. Campbell, Saskatoon, Sask.; Mrs. (Dr.) W. J. Barber, Winnipeg, and Miss Edith O'Flynn, who of late has been superintendent of the Y. W. C. A. of Edmonton, Alta. The latter sister arrived home from the West just in time to see her sister before she died, while the two former sisters were unable to be present. The funeral, which was private, was held on Saturday afternoon last, interment being made in Shelburne cemetery. Rev. A. E. Thornley, pastor of Knox church, conducted the services at the house and grave. The pallbearers were Messrs. J. R. Bates, James Chalmers, John A. Mills, John Berwick, James Cassie and T. F. Brown. The bereaved husband and family, as well as the brothers and sisters, have the sympathy of all in their deep sorrow.—Free Press.

HIS MAIN RELIANCE.

"I hear the Kaiser owns the tallest castle in Germany."

"And the deepest cellar."

HEN'S HARD WORK.

When the shopman informed her that the price of eggs was 60 cents a dozen she exclaimed: "Why, that's five cents for each egg."

"Yes, mum," said the man, "but you must remember that one egg is a whole day's work for a hen."

PEEL'S FINE SHOWING.

Caledon Township Won Honor Flag and Four Crowns in Victory Loan Campaign.

Peel maintained its reputation for patriotic effort by the splendid subscription to the Victory Loan. Headquarters Committee fixed Peel's objective at $1,400,000. It was felt by many that this was a very large amount considering what had been done last year. But the men and women who have so loyally stood by the soldiers since the beginning of the war were determind that they should be given every support in greatly finishing the work they had so greatly begun, and in the closing days of the campaign make special efforts to exceed the objective. The result was the splendid subscription of $2,349,950, or nearly a million dollars more than the objective. This means more than $100 for every man, woman and child in the county. Surely a good showing. The amount sold in the respective municipalities was as follows:

Brampton, honor flag and 4 crowns	$ 487,050
Chinguacousy, honor flg.	353,850
Toronto township, honor flag and 3 crowns, (including Streetsville and Port Credit	726,300
Caledon, honor flag and 4 crowns	430,050
Albion, (including Bolton), honor flag and 2 crowns	241,800
Toronto Gore, honor flag and 2 crowns	110,900
	$ 2,349,950

Too much credit cannot be given to the official organizer, Mr. Macdonald, and the official secretary, Mr. Warner, for the success of the campaign. They proved themselves in every way able for the important task. The county organization also worked well, every canvasser doing his duty to bring Peel to the top. They succeeded so well that we are the fourth county of the Dominion in the great campaign. The result is an evidence of the faith of the people in themselves, in their country and in the administration which will have charge of this large amount. It will give pleasure and satisfaction to the boys who have done so well and sacrificed so much overseas.—Brampton Conservator.

FRANCIS TENNANT.

The death occurred in Brampton on Tuesday, of Francis Tennant, a resident of the town for four score years. The deceased, who was 91 years of age, was born near Stouffville, Ont. His wife, who was Miss Hunter, sister of John H. Hunter, of Mt. Pleasant, survives him, also two daughters, Mrs. John McLean, of Buffalo, and Miss Ella May Tennant, of New York City. The funeral took place this afternoon by motor to Mt. Pleasant cemetery, Toronto, where interment took place. Rev. Malcolm McArthur conducted the services at the house and also at the cemetery.—Peel Banner.

THE BANNER

ORANGEVILLE DEC. 5, 1918.

TO OUR READERS.

This week much of the space in The Banner ordinarily devoted to news matter is given over to our business men for Christmas advertising purposes. We ask our readers to read these announcements carefully and to keep them in mind when they come to Orangeville or go to the neighboring village stores to do their shopping. There is a tendency in these days of autos, telephones and rural mail delivery to sit down at home and send a mail order to one or another of the big city houses. It is an easy method of shopping, but is it businesslike? To begin with the buyer does not see the goods until after they are bought. They may suit and again they may not. He is sending his money away from home where it passes entirely out of local circulation. In nine cases out of ten he can buy to as good advantage in the home store, where there is a chance of the money that one spends coming back in some form or another. The business men of Orangeville and of the various villages hereabouts are an essential and a very necessary element in the life of the community. They give a service that the community cannot get along without. They should, therefore, have the loyal support of the whole community, for in the last analysis the quality of the service they render depends upon the support they receive from the buying public. What every community needs is a community spirit and buyers in this district can foster this by doing their Christmas shopping with the home merchants.

HOSPITAL NOTES.

Mrs. Connell, Red Cross envelope treasurer, is closing her books for 1918. Would all subscribers in arrears try and pay up their subscriptions as soon as possible? The work will be continued for another six months or longer, and ladies with envelopes for 1919 will deliver them in the course of the next couple of weeks.

The regular monthly meeting of Lord Dufferin Chapter, I. O. D. E., will be held at the home of Mrs. J. Z. Henry, Zina street, on Friday, Dec. 13th at 3.30 o'clock. Executive will meet at 3 o'clock.

The following donations are gratefully acknowledged: One bag of potatoes, 1 bag turnips and carrots, Mr. Keys; home made baking, Mrs. J. B. Adamson, Mrs. Robt. McKim, Mrs. Geo. Carson.

—Some of the new, best-selling books of the season may be had at The Banner Bookstore.

SETTLEMENT BOARD.

W. J. Black, Commissioner of Agriculture, has been appointed chairman of the Soldiers' Settlement Board. Mr. Black is a native of Mulmur township and a graduate of Toronto University. He was formerly editor of the Farmers Advocate, later Deputy Minister of Agriculture of Manitoba and was given the appointment of Commissioner of Agriculture about four years ago.

FINED $200 AND COSTS.

Inspector T. J. Robinson has a long memory for liquor law offences. The other day he happened to be in Fergus and was surprised to espy Dr. Morrow, formerly of New Ontario, over whom a charge of contravention of the liquor act has been hanging for several months. The inspector hastened to Grand Valley and next day the doctor received a visit from Constable John Brown, armed with a warrant for his apprehension. When he appeared before Magistrate Tate, Morrow pleaded guilty and submitted to a fine of $200 and costs with as good grace as could be expected under the circumstances.

AN AUTO PARTNERSHIP.

Mr. A. B. Holmes, who has bought out the Chevrolet garage from the Adamson Hardware Co, will consolidate with Mr. R. Flint, owner of the Maxwell garage and repair shop. The new firm will still repair auto tires and vulcanize tubes. They have also added a battery repair department and will be able to repair all makes of batteries and store them for the winter. They will also be in a position to repaint old cars and make them look as good as new. The firm will also carry a full line of auto accessories and will have the selling agency for a number of well-known makes of cars. The members of the firm are both well-known, practical and energetic business men. They should make a team of winners.

MRS. ELEY'S RECEPTION.

Mrs. Eley received for the first time since coming to Orangeville at her home in St. Marks rectory, Thursday, Nov. 28th. The drawing-room was tastefully arranged with clusters of chrysanthemums and carnations and in the tea-room the table was centred with yellow "mums." Mrs. Eley, looking very dainty in a gown of brown velvet with corsage of violets and roses, was assisted by the wives of the wardens, Mrs. Tuck and Mrs. Edward Robinson. In the tea room, Mrs. Preston and Mrs. Henry presided, assisted by Mrs. McClure of Weston and Miss Porter of Toronto, also Miss Alda Tuck, Miss Ruth Shaw and Miss Lorna Henry. Mrs. Eley will be "at home" afterwards on the third Tuesday of the month.

DIED IN FRANCE.

Willis Gallaugher, of Shelburne, Succumbed to Spanish Influenza in French Hospital.

Word was received last week of the death in France of Gunner John Willis Gallaugher, a Shelburne boy, and brother of Elmer Gallaugher of that town. Previous to enlisting and after his marriage Gunner Gallaugher had resided in Toronto. He was first reported dangerously ill with influenza, a message to his wife stating that he had been admitted to the 12th Stationary Hospital at St Pol, France. This was followed on Monday, Nov. 25th by another message announcing his death.

Gunner Gallaugher left Toronto in January last with a heavy artillery battery and had been in France but a few months. He was a son of the late Mr. and Mrs. T. J. Gallaugher, of Shelburne, and is survived by a wife, formerly Miss Jean G. McDonald, daughter of the late J. McDonald and Mrs. McDonald, of Toronto, formerly of Orangeville, to whom he was married on Sept. 8th, 1917, and who now resides at 431 Indian Grove, Toronto. Two brothers, Elmer, of Shelburne, and Harold, of Toronto, and one sister, Miss Elsie, of Toronto, also survive.

Deceased spent the great part of his life in Shelburne. For some years he travelled for the D. Maxwell & Sons, of St. Marys. For many seasons he was an active member of the Dauntless Club and was very well known and highly respected by a large circle of friends, who sincerely sympathize with his young wife and other sorrowing relatives.

LEAVING FOR HOME.

Mrs. McKelvie, of Sheldon, received a letter a few days ago from her son, Pte. Robert McKelvie, written on the 5th of November in England. Pte. McKelvie was all ready to proceed to France, having been drafted on the previous Sunday. Whether he got away from English soil or not, Mrs. McKelvie does not know. Pte. Robert had just enjoyed a visit from his brother Silas J., who went over to join the veterinary corps. Robert did not know when Silas would be transferred to France. He likely did not see French soil as Mrs. McKelvie has since received a cable from him stating that he was leaving for home that day. Silas McKelvie went overseas last August. His time had been spent in England in training and just as he was ready to go to the front he is being sent to Canada.

ERIN BOY KILLED.

Word has been received in Erin of the death of Pte. Fred King, who was killed in action on Oct. 11th, somewhere in France. Pte. King enlisted in March 1916, with the 153rd Battalion and was in training for some time with the Erin unit. Before enlisting he made his home with Mr. Thorold Miller, 10th line, Erin. A brother, William, was also killed in action with the Princess Patricias, while a third, Alfred, is in a hospital in England, suffering from wounds.

PTE. HARRIGAN WOUNDED.

Pte. Wilfrid Harrigan has been admitted to Graylingwell War Hospital, suffering from gunshot wounds in both thighs, according to word received by his mother, Mrs. Daniel Harrigan, of Mono Road. He went overseas with an Alberta battalion, and prior to enlisting he was a school teacher in Halkirk, Alta., and Caledon East, where he made his home. Pte. Harrigan was also wounded at Cambrai.

PERSONALS.

Mrs. W. H. Jessop has returned home after spending a week with her mother and sister, Mrs. Gowdy, of Guelph.

Master Harold Kinsley spent the week-end with his grandparents, Mr. and Mrs. W. H. Jessop. Harold is bookkeeping for a large firm in Brampton.

Rev. and Mrs. Oliver E Newton, of Bay City, Mich., are visiting the former's parents, Mr. and Mrs. Wm. Newton, Wellington street.

Mr. Milton Braiden, of Caron, Sask., is visiting his parents, Mr. and Mrs. Wm. Braiden. Mr. Braiden came home by way of Chicago and spent a few days sightseeing in that city. Our former townsman has taken on weight since he left here a few years ago and is looking the picture of good health.

Miss Irene McArthur, of Caledon, is leaving on Friday for Detroit, where she will spend the winter with her sister, Mrs. W. G. McKenzie.

Mr. Ross McCartney arrived home from the West last Friday. He reports an enjoyable trip.

Mr. W. G. Jenkins, formerly with the 164th Batt., arrived home from the West last Thursday morning. Mr. Jenkins has been West since last spring.

Mrs. T. S. Hewson, Zina street, returned home on Tuesday after a few days visit with her daughter, Mrs. Sparrow, in Toronto.

—His friends will be pleased to learn that John Perdue, the well-known Caledon East cattle dealer, who has been very ill with the flu, is now improving rapidly.

MEAFORD EDITOR IS NOT GUILTY

Charge of Criminal Libel Against Mr. F. E. Secord is Dismissed.

Chief interest in the list at the Fall Assizes at Owen Sound was the action against Mr. Frank E. Secord, editor of the Meaford Express, who was charged with criminal libel, arising out of certain statements published in the Express last January relative to Capt. R. A. Spencer, a former officer of the 147th Battalion. The trial occupied all one afternoon, and resulted in a verdict of not guilty.

Capt. Spencer, who was living in Meaford when the Grey Battalion was formed, was very active in recruiting, and the statements in the Express, based on a letter from another officer, naturally aroused considerable interest in Meaford and district. Information was laid by Capt. Spencer's brother, who resides in Meaford, and Mr. Secord was committed for trial. In March he published a letter from Lieut.-Col.—then Major—McFarland, giving the facts regarding Capt. Spencer's service; and this publication was presented by the defence as evidence that there was no animus actuating the first publication.

Mr. German, K. C., of Welland, acting for the prosecution, took little time. He merely proved publication of the article and Mr. Secord's responsibility for it, and left the rest for the defence.

For Mr. Secord, Mr. W. H. Wright called witnesses to show that the matter of which the article spoke was common rumor and of general interest to the people of the district; and sought to show that its publication was in the way of fair comment. That the publication was not maliciously done was supported by the production of a subsequent article, published as soon as possible after its receipt, setting out the real state of affairs

His Lordship, Mr. Justice Masten, who presided, charged impartially; and after being out twenty minutes the jury returned a verdict of not guilty. The judge at once ordered Mr. Secord's release, and ordered the private prosecutor to pay the costs.

RICH, RED BLOOD RESISTS INFLUENZA

Its Victims are Largely Among Weak, Anaemic People.

In the epidemic of la grippe, or influenza, that has swept over Canada, in common with the rest of the world, it has been noticeable that its earliest victims were the thin-blooded anaemic people whose power of resistance is greatly weakened because of the watery condition of their blood. When a person is strong, hearty, able to enjoy a brisk cold day, chills and infections are set at defiance. But when the system is run down, when the nerves are shaky and the blood watery, the germs of influenza are quick to seize their opportunity. It is therefore good policy to keep the blood always rich, red and strong, and the nerves well nourished by the use of such a reliable tonic as Dr. Williams' Pink Pills. People who take these pills from time to time are usually able to resist colds, influenza and other ailments, and enjoy good health while many about them are weak, ailing and miserable.

To those who have been attacked by influenza, the after effects are more dangerous than the attack itself. They are left at the mercy of relapses and complications. There is a persistent weakness of the limbs, shortness of breath at the least exertion, poor digestion and a tendency to take cold easily. This condition will persist and will grow worse unless the blood is built up and the shattered nerves strengthened. For this purpose there is no tonic can equal Dr. Williams' Pink Pills. From first to last dose these pills make new, rich, red blood, which reaches every organ and every nerve in the body. Thus the lingering germs are driven out, the appetite is improved, and weak, despondent victims of influenza are transformed into cheerful, healthy, happy men and women. If you have passed through an attack of influenza you will find Dr. Williams' Pink Pills the one thing needed to restore you to full health and strength. If the trouble has passed you, you can further strengthen yourself against its insidious advance by the use of this same tonic medicine.

Medicine dealers everywhere sell Dr. Williams' Pink Pills, or you can procure them by mail at 50 cents a box or six boxes for $2.50 by writing the Dr. Williams' Medicine Company, Brockville, Ont.

BUSINESS COLLEGE NOTES.

Misses Mary Foley, of Arthur, Kathleen McArthur of Orangeville, and Mary Hammond and Alice Rice of Riverview, have recently completed courses at the Orangeville Business College and have accepted positions in Toronto.

Some very good work is being done in business writing by the students of the college. Several of the students have been granted diplomas by the Zanerian school, the leading penmanship school of America. The students granted diplomas are Leila Hamilton, Nellie Norsworthy, Ina McLachlan, Alice Graham, Mary Foley, Mamie Willis, Isabel McLaren and Emily Bennett.

Miss Bernice Brawley has resumed her studies at the college after being called home on account of illness.

Mr. R. Allan Young is taking special work at the college.

Wilma Allen and Wilma Trelford of Orangeville, Alice and Gladys Varey of Caledon, Loise Rayburn of Caledon, Cassie Cammidge of Mono Mills, Elva and Vera McQuarrie of Erin, Thomas Nelson of Laurel, and Alwood Harrison of Shelburne, are among the students who have recently entered the college.

Miss Etta Jordan, of Riverview, has resumed her studies at the college.

MONO MILLS.

The congregations of Mono Mills, Mono East and Adjala have extended a unanimous call to Rev. J. A. Matheson, of Priceville, clerk of Orangeville Presbytery. They offer a stipend of $1,350 with use of manse and glebe and four weeks' vacation. The call will come before Presbytery on the 16th inst., when it is expected Mr. Matheson will accept.

—New Presbyterian hymnal now on sale at The Banner Bookstore.

CARD OF THANKS.

I wish to tender my sincere thanks to our neighbors in Caledon for their kindness and sympathy during the illness of my wife, their generous offer to take change of the necessary funeral arrangements at our home and the attendance of many of them at great personal inconvenience at the funeral last Thursday. I also wish to extend my heartfelt thanks to our other friends for their kindly expressions of sympathy and especially to my parents for their goodness in offering me the use of their home for the funeral.

THE METHODIST CHURCH.

The National Thanksgiving services in the Methodist church on Sunday evening was well attended and was a great success every way. The church was appropriately decorated by Miss Arkell and her floral committee. The choir, under the able leadership of Mr. Falconer, rendered their anthems with spirit and efficiency and Miss Ewing's well executed organ selections were in perfect keeping with the occasion. Mr. Sloan sang a special solo with his accustomed ability and acceptance. After conducting the opening devotional exercises the pastor, Rev. E. R. Young, introduced Mr. M. N. Armstrong, who acted as chairman of the meeting. In his introductory remarks Mr. Armstrong said that it was but right that we should meet to thank God for the great things he had done for us as a people, as a nation. Ingratitude, in either individuals or nations, was one of the basest of sins. The 46th Psalm, the Scripture lesson, was read by Mr. A. E. Annis, who also gave a short but very telling and illuminating exposition of the psalm.

The first set address of the evening was given by Mr. W. R. Liddy, Public School Inspector. Mr. Liddy said that we had had our gatherings for special prayer for victory. Now that God honored our prayers it was but right that we should gather together and thank God for answering our prayers. He laid emphasis upon the law of retribution; "Whatsoever a man soweth that shall he also reap." This had both its positive and negative side, its side of rewards for those who sow the good seed but also the punitive side for those who persist in doing and sowing that which is evil. In giving victory to the Allies God had again shown his demand for righteousness and his judgment upon that which is evil.

The second speaker was Mr. McKeown, M.P.P. He said that these were perhaps the greatest days in the history of Canada, in the history of the British Empire, yes, the greatest days in the history of this old world. It was fitting and proper that we should gather in the house of prayer and thank God for the way He had led us and blessed us. After recounting the heroic deeds of our soldiers and sailors and the high place attained by the name of Canada, Mr. McKeown said that there were great responsibilities upon us for the future. We had a duty to perform to these men who have so bravely and under God who has so successfully fought for us. It was our duty to maintain the ideals for which our men fought and died.

This splendid and inspiring service was closed by singing "Praise God from whom all blessings flow," and the National Anthem. And its memory will long be cherished by those who were privileged to attend

CALEDON.

Mr. Thompson Nesbitt received a telegram on Saturday last informing him that Pte. Arthur Gilbert who was recently reported as "wounded and missing," has died of wounds while a prisoner of war in Germany.

Rev. T. R. White announced last Sunday that there would be a memorial service held in the Methodist church next Sunday in memory of Pte. Gilbert, but later arrangements have changed things and the service will be held in the Township Hall, which will be suitably decorated for the occasion. L. O. L. No. 250, of which deceased was a member, will attend in a body and invite brethren from surrounding lodges to be present. Rev. J. Burkholder will assist in the service. It is to be hoped that a large crowd will be present next Sunday to pay their last tribute of respect to one who has made the supreme sacrifice while fighting for king and country.

A FEW WORDS ABOUT WOOLLENS

To keep a fighting man in fighting condition, you must keep him warm for one thing. The pick of the woollen cloth is being utilized right now for soldiers' clothing; it is right these "upholders of our rights" should have the best. Many months ago, yes months, we made plans for these very Overcoats you'll find here; our big contracts for clothing were in before the shut off of woollens for men back home went into effect. We feel sure our patrons will appreciate our timely buying.

Don't think because we haven't mentioned Ties, Gloves, Sox, Caps, Work Shirts, Work Gloves, Overalls, Pants and Fur Coats, that we haven't them. The greatest showing in town and at the most reasonable prices awaits you here.

AMARANTH BEEF RING.

The Amaranth Beef Ring Society held its twelfth annual meeting at the home of the president, Mr. Geo Gier, on Friday evening, Nov. 15th. A large number of the shareholders were present to wind up a most successful season's business. Although during the year the price of cattle was unprecedentedly high, yet nearly every beast was of the choicest quality, leaving very little work for the judges, Messrs. W. A. Dynes and Jno. Bryan.

After the business of the past season had been completed, the Society organized for next year. The officers for the past year were re-elected by acclamation. They are: Pres., G. Gier; Sec.-Treas., Wm. Potter; Auditors, T Rennick and H. Whaley; Judges, W. A. Dynes and Jno. Bryan; Butcher, W. F. Grosskurth,

Several applications for admission to the ring were handed to the secretary, but there being no withdrawals they could not be considered.

While the meeting was in progress the ladies spent a most enjoyable evening as guests of Mrs. Gier.

Before leaving lunch was served and all enjoyed a social hour together. A vote of thanks was tendered Mr. and Mrs. Gier for their kindness in opening up their home for the meeting.

The society accepted Mr. and Mrs. H. Whaley's invitation to meet at their home next year.

A Song for Every Mood

Music gives expression to every human emotion. All that is happy and beautiful in life, has been expressed in music.

When things seem bright and cheerful because a ray of happiness has come into your life, you need an outlet to give vent to your feelings.

When sorrow or depression comes, the need of consolation is even greater.

It is at such times that you derive the greatest comfort from

The NEW EDISON

"The Phonograph with a Soul"

Then one sweet note of the voice of Anna Case, or one ripple of melody from the bow of Albert Spalding, puts your soul in harmony with the world. Music—real music—is one of life's greatest boons. Edison music is real music because the New Edison does not merely imitate, it re-creates. One never tires of the New Edison, the novelty never wears off, because there is no novelty to wear off. It is not just another "talking machine". It is decidedly different. To appreciate the difference you must hear it.

We will gladly submit the New Edison to your musical judgment either here or in your own home.

VINOL MAKES CHILDREN STRONG

And Invigorates Old People

Any doctor will tell you that the ingredients of Vinol as printed below contain the elements needed to improve the health of delicate children and restore strength to old people.

℞ Cod Liver and Beef Peptonates, Iron and Manganese Peptonates, Iron and Ammonium Citrate, Lime and Soda Glycerophosphates, Cascara.

Those who have puny, ailing or run-down children or aged parents may prove this at our expense.

Besides the good it does children and the aged there is nothing like Vinol to restore strength and vitality to weak, nervous women and overworked, run-down men.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection. Millions of people have been convinced this way.

BAVARIAN INDEPENDENCE.

State Shows Strongest Determination to Establish Absolute Independence.

Of all the states which were assembled under the tyrannical domination of Prussia to form the German empire the former kingdom of Bavaria shows the strongest determination to establish absolute independence. Of the other states some are so minute that independence would amount to obliteration, while others are seemingly content to retain the Prussian connection in the hope that the new Prussia will be as democratic as the rest of the new Germany.

Bavaria's subjugation by the Hohenzollerns and her subordination to Prussia have never received more than the passive approval of the people. The Prussian and the Bavarian have little in common, and the lesser nation has regarded the greater with feelings of dislike not far removed from actual hatred. Bavaria's soldiers in the great war were as efficient as those of the Prussian army, and from general observation they were quite as ruthless and cruel as the men from northern Germany. Bavaria's loyalty to the empire did not, however, spring from any devotion to Hohenzollernism, but was inspired by the long inculcated belief that Bavaria's future welfare depended on the victory of the German cause.

Americans can have no more sympathy for the Bavarians than for the other Germans. Yet there must be a feeling that the Bavarian aspirations for complete independence are just and commendable. If Bavaria displays ability to manage her own affairs it is possible that the peace congress will recognize Bavaria as an independent nation.

For the present, however, it is manifestly impossible for the United States to countenance the Bavarian claims. It was the united German empire that made war on civilization, and it is with Germany as a whole that the democracies now desire to deal. Germany, not Prussia, must pay the piper. Germany, still considered as a political integer, must sign the terms of peace. If there is no responsible government recognized throughout what was the German empire the task of settlement must become infinitely more difficult.

The celerity with which Bavaria has seized the first opportunity to declare her independence is but the logical expression of long suppressed public sentiment. But inasmuch as Bavaria played an important part in the great German effort to banish independence and freedom from the earth the Bavarian movement today commands no encouragement from the nations that are still technically Bavaria's enemies. Bavaria's future status, which is, after all, not vitally important from a world-wide viewpoint, must be left for future discussion. For the present, and till the peace conference is well advanced in its deliberations, Bavaria must be considered as merely a part of Germany.—Cleveland Plaindealer.

HADN'T A KEEPER.

He was a smart fellow, or at least he thought he was, and he was on a visit to a town in Lancashire, known locally as Monkey Town. On the road he met an old man, a native of the town, and thinking to have a joke at his expense, said: "Hullo! Did you see a cartload of monkeys pass along here just now?" "Na, laddie," replied the old man; "has tha fallen oot?"

"Yes," answered Barrymore.

They all gave up, when the actor, walking away, said:

"Their shape."

DISMAY AMONGST HUN FINANCIERS

That part of the armistice terms obliging Germany to return to Belgium and Russia the gold stolen from them will cause dismay to German financiers. The amounts taken in both cases are not known exactly, but in Belgium's case the State bank reserves amounted to about $200,000,000 and the Russian reserves to about $600,000,000. Of the latter about $200,000,000 is said to be held now captured from the Bolsheviki at Kazan, after it had been removed from Petrograd on the threat of a German advance. Probably Germany got $150,000,000 in gold from the Bolsheviki, as the price of aid. The total to be returned cannot be less than $300,000,000. The German Reichsbank reported gold holdings several months ago at about $600,000,000, against which paper for billions had been issued. The paper issues of German war finance are said to be well over $5,000,000,000. If gold in large quantities has to be given up by Germany, in making restoration, the monetary position of the Teutons will be plain bankruptcy. Germany not only is dependent on its triumphant enemies for food, but for raw materials for industry. Since Germany must pay indemnities amounting to billions, after restoring stolen gold, it will be doing penance economically for years. The loss of Alsace-Lorraine will deprive it of a large part of the raw materials that gave it predominance in certain industrial lines. But what Germany is suffering and will suffer fades into insignificance beside what Belgium has endured at German hands.

CO-OPERATIVE STREET RAILWAYS

The "Service at Cost" plan of street railway operation which is receiving such favorable consideration and such strong endorsement in all sections of Ontario is, in reality, a co-operative plan under which the tramways must be conducted at the maximum of efficiency and at the minimum of cost. We have co-operative banks and co-operative stores and now it is proposed to operate our street railways on the same plan. In any co-operative enterprise the main idea is to do the business without profit and to maintain the lowest possible selling price. As a co-operative bank loans money on the basis of actual cost of doing business and as the co-operative store sells its commodities at actual cost, so a co-operative street railway plan would provide for the selling of transportation at exactly what it costs to give the service.

Similar cooperative street railway operation has been in force in Cleveland for eight years and it has been of the utmost satisfaction to everyone. The same idea has been applied to the roads in Montreal, Boston, Cincinnati, Kansas City, Des Moines, Chicago, Dallas, Toledo and the entire State of Massachusetts, while a number of other cities, as well as the State of Rhode Island, are about ready to adopt the plan. The complete success of co-operative or "Service at Cost" plan wherever it has been tried encourages the growing belief that it will be just what Ontario needs because it offers a prompt improvement of service, a more complete public control over the management of the roads, the immediate extension of service where needed and all at a rate of fare just sufficient to pay the actual cost of good service.

One of the most desirable features of the "Service at Cost" plan is the fact that it invariably enlists the co-operation of the public and re-establishes confidence in the operation of the road.

ALL THE DIFFERENCE.

LANTERN UPSET BY CALF; BARN BURNED

About six o'clock on the morning of Nov. 15th, a small barn belonging to Wm. Hall, on the Eramosa Road, was consumed by fire. Mr. Hall went out with a lantern to do the morning chores, and set it down on the floor, and it was kicked over by a calf. The place was ablaze in a twinkling and Mr. Hall could not do anything to save it. Besides the destruction of the barn, Mr. Hall lost some harness and other small articles. The barn was a new one, having just been built in the spring.

THE FUTURE OF THE LIVE STOCK INDUSTRY

Some Uncertainty in Minds of Canadian Farmers as to Future of Markets.

The arrival of peace has created new conditions in the export of meat and produce and some uncertainty in the minds of Canadian farmers as to future markets. Information in the hands of the Honorable T. A. Crearar, Minister of Agriculture, convinces him that the export market will continue to absorb at firm prices, as compared with the prices for all other agricultural products, every pound of beef, bacon and other animal products that Canada can supply. In discussing the situation the Honorable Mr. Crearar said: "In view of the great scarcity of cattle and live stock of all kinds in Europe, and because of the great demand for live stock and live stock products of all kinds sure to continue for some years at least, I am going to ask the farmers and live stock men of Canada to maintain their breeding operations on a war time scale, to properly finish all feeding stock, and to conserve all good breeding females, and to still further improve their herds and flocks by using even greater care in the selection of the sire."

GAVE FATHER AWAY.

Pat was getting on with his tricks, and every trick was done correctly until the last one came. The noted conjurer called out to the audience: "Before I do this trick I want a boy. Ah! You will do, my boy." The little boy came to the platform. "Now, my boy," said Pat, "before I do this trick, did you ever see me before?" Little boy, after a few minutes "No, father."

GENERAL RULES FOR ALL COAL HEATERS

The check draft damper is as important in controlling the rate at which the fire burns as is the throttle of the engine in controlling its speed. Get acquainted with it.

Just enough draft, and that from below, checking the draft by letting more air into the smoke pipe, is one of the best general rules for heating the homes declares the Ontario Fuel Administration.

The flow of air through the fuel makes it burn. Learn to control it.

To make coal burn freely "open the draft." This means open ash-pit lift or slide damper; open pipe damper and close check draft damper.

To make coal burn slowly, a good way is to partly close pipe damper, partly open check draft damper and close ash pit damper.

To make coal stop burning "shut the draft." This means shut ash-pit damper, open check draft damper wide, and very nearly close pipe damper.

Never have ash-pit lift or slide damper and check draft damper open at the same time.

If you cannot check the fire without opening the firing door, your damper control is wrong. Study it.

It is not economy to allow the home temperature to drop away down at night. It takes too much coal to regain heat in the morning.

Remember the clean-out door and why it is there. Remove soot or ashes that collect in flue and on heating surfaces, brush or scrape thoroughly, at least once per week; oftener when using soft coal.

See that grates work freely, and that they are left in proper position (flat).

Stop air-leaks into the ash-pit or furnace.

Cover all heat pipes in cellar to prevent loss of heat.

Carry a deep fire, at least level with fire door. In mild weather carry a layer of ashes on the grate.

Don't shake live coals into the ash-pit.

Don't let ashes pile up under the grate. Save good coal from the ashes.

Don't shake down ashes until after new fuel has been added to fire.

Burn off gases before closing fire for night.

To leave fire for night, partly close pipe damper, close ash-pit damper, open check draft damper.

When burning soft coal have the slide, or life damper in firing door partly open. Soft coal requires air over the fire for proper consumption of gases.

These are general rules applying to all heaters. Study the rules regarding the particular kind of heater you have, hot air, hot water or steam.

100 YEARS

and more, people with chest and throat troubles have tried to cure them by pouring cough syrups, lung tonics and the like into their *stomachs*. All a mistake! The Pepo way is different.

Pepo are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not ailing. Try a 50c. box of Peps for your cold, your cough, bronchitis or asthma. HAD IT A LONG TIME.

Sandy had not seen his bosom pal, McCashoo, for some weeks. This was unusual, as Mac was always dropping round to borrow something. One day however, he came upon him in the street and Mac was looking pretty bad.

"Ye don't look verra weel, mon," said Sandy. "What's been the matter wi ye?"

"Ah've been laid up wi' th' influenza," replied Mac.

"Influenza? What's that?"

"Oh, it's a trouble that mak's ye fed up, and it leaves ye no able to worrk."

HAY FEVER PLANTS.

Sufferers Count Ragweed and Goldenrod as Enemies.

Victims of hay fever look upon this season with no especial favor. It is not quite yet the time of year when their sufferings become acute, but the time draws near, and the indications point to an abundant crop of goldenrod and ragweed. It seems that most persons who have hay fever charge the goldenrod with being the author of their miseries, and it is this serious accusation which perhaps has so long withheld from the goldenrod the honor of being designated as the national flower.

Another and a newer school of students and philosophers now seek to clear the goldenrod of the charges made against it and are laying the blame for hay fever on the ragweed, a plant which is much more common in the neighborhood of Washington and very likely in all other neighborhoods, than the goldenrod. The president of the Hay Fever Preventive Association has said that the chief cause of hay fever, and especially that variety of the malady known as "Fall hay fever," is the pollen of two varieties of ragweed. The pollen of the spikelike flower of this weed is yellowish in color and almost as light as smoke or fine dust. It is so abundant that during the stage of pollination one's clothing will be stained yellow by walking through a patch of it, or only brushing against a well-developed plant.

While the pollen of the ragweed is extremely light and very easily wind-borne, the pollen of the goldenrod is heavy and tenacious. It would seem to be the opinion of experts on this matter that hay fever victims are not affected by the dust of goldenrod unless they place their nostrils close to the flower.

The two guilty varieties of ragweed are well known around Washington. The more common of them is that which is called the wormwood ragweed, because of its resemblance to common wormwood. It bears tiny white flowers and its leaves are so finely and deeply cleft that from this fact it is called "ragweed." It grows anywhere and everywhere, though it prefers the sides of a dusty road and neglected fields. The other variety is called the "great ragweed," or the "giant ragweed," because it is usually much larger than the first-named variety. Its leaves are three-lobed and are not cleft, cut and slashed so deeply as are those of the commoner ragweed. Under very favorable conditions this weed will grow to a height of twelve feet. It bears insignificant flowers and prefers low, moist ground.

Canadian Trade.

Hon. C. C. Ballantyne, Minister of Marine and Fisheries, has completed his work in London in connection with shipping and trade matters. His visit has been of primary importance to the development of the Canadian shipbuilding industry. Next January, Mr. Ballantyne says, the first large Canadian Government cargo steamers will be in commission, working in conjunction with the Canadian Government railway system. The cargo boats will be fitted with cold storage facilities for the conveyance of meat, fish, and chilled rooms for fruit and dairy products. All boats will be under Canadian registry, and the rates will be controlled by the Government.

While in England the Minister secured the release of a number of coal and ore carrying vessels for the Canadian trade to keep the steel industries in operation. He expects the Canadian Government will place a mill in operation next spring. He also investigated the possibility of a development of the Canadian fish trade in Britain. Lack of cold storage facilities here is the greatest drawback to the frozen fish trade.

Sam to the Rescue.

The first sergeant was talking to his men about courtesy. "You men must have proper respect and care for all women, and if you ever see a woman in trouble go to her rescue at once. Sam," he continued, addressing a tall negro in the rear rank, "supposing you were walking down the street and saw a big brute strike a woman in the face. What would you do?" "Sergeant," replied Sam, "Ah would look dat brute in de eye and say: 'Man, it am mahty lucky for you dat you didn't strike me!'"

An Educational Problem.

The colony of Mennonites present a real educational problem in Saskatchewan. From the first they have been opposed to public schools and to English as a medium of instruction, fearing that with English there would come also the "hochmuth of the unredeemed world and the gradual disintegration of the community spirit." The tenets of the faith include refusal to participate in civic duties, to bear arms or to take oaths.

Fires in the Arctic.

Fully two months ahead of their usual time for migration, vast flocks of wild ducks are passing southward over Dawson. At times the Yukon river is black with the birds. Forest fires north toward the Arctic Circle or some strange action of nature, it is believed, is probably responsible for the early flight. Many of the ducklings are hardly able to fly.

Getting Speed Record.

The International Fisheries Commission has decided upon the tagging of salmon on the tail fin in British Columbia, with a view to ascertaining how long it takes the young fish to travel back to their native waters of the Fraser river.

TEXAS PHYSICIAN DECLARES TANLAC IS WITHOUT EQUAL

Says It's Best Reconstruction Tonic to Be Had for Building Up Influenza Patients.

The following letter from Dr. J. W. Sandlin, one of the most prominent physicians of Southern Texas, was recently received at the Tanlac office and gives indisputable evidence as to the value of Tanlac as a reconstructive tonic for persons who are recuperating from the after effects of Spanish influenza. His letter follows:

Humble, Texas, Nov. 5, 1918.

"Dear Sir:

Just a few lines in reference to Tanlac. I have found your preparation to be a wonderful reconstructive tonic, and in my opinion it has no equal in its line. I have found it to be the best tonic to be had to build up my patients who have had Spanish Influenza. I have treated within the past month about fourteen hundred cases, and have never been able to get sufficient Tanlac to supply our people.

Yours very truly,

(Signed) DR. J. W. SANDLIN."

Dr. Sandlin not only enjoys a very large practice as a physician, but he is also a man of wide influence and ranks as a leading citizen of the enterprising little city of Humble, Texas.

As a practicing physician of sixteen years' experience Dr. Sandlin was quick to recognize the superior tonic properties of Tanlac over other remedies and unhesitatingly and voluntarily gave Tanlac his unqualified indorsement."

Tanlac is sold in Orangeville by C. V. Jeffers; in Grand Valley by G. E. Morrow, and in Shelburne by J. E. A. White.

AUGUST 23, 1914—NOVEMBER 11, 1918

Mons, Where the British Began Their Part in War, Retaken by Them on Last Day of Conflict.

It was on August 23, 1914, that the heroic little British army of Sir John French began its retreat from Mons. In the military annals of Great Britain there is no more memorable chapter. Overwhelmed by an immensely superior German force, the British were compelled to execute a "fighting retreat." They fell back systematically, but they fought every yard of the way. Their task was to delay the enemy's advance till the French armies could assemble somewhere in their rear for a desperate effort to check the invasion. The British had to fight every minute of the day and night, and they had also to prevent themselves from being surrounded and captured or destroyed. The subsequent victory at the Marne was in no small measure attributable to the "fighting retreat" of the British from Mons.

In the universal rejoicing over the coming of peace the British people have a special motive for thankfulness in that the British, on the morning of Nov. 11, the last day of fighting, entered the city of Mons. Mons, where the British began their part in the war, was in British possession when the fighting ceased.

The little Belgian city will always stand for British valor. Its name will be as sacred in British tradition as are the names of Trafalgar and Waterloo. It will, indeed, have a higher luster than any other namas in England's history of battles, for the British at Mons, like the Belgians at the Yser, actually saved the world from German domination. The Yser was a Belgian victory; Mons was a British defeat; but Britain never won a victory more glorious than that defeat.—Cleveland Plaindealer.

Growing Old Together

THIS aged couple, mellowed by time and the experiences of life, are happily growing old together.

They are happy because they are healthy. Life is still full of interest to them and they are wide awake to new ideas.

These are the kind of old people that everybody likes. For, in spite of the years, they are cheerful and optimistic.

It is only natural that the blood should get thin and vitality wane as age advances, but there are ways of keeping up the quality of the blood and maintaining health and vigor.

Very many men and women have found in Dr. Chase's Nerve Food exactly what they need to restore energy and strength and keep them healthy and happy.

As an example Mr. Stephen J. Leard, of Tryon, P.E.I., writes: "At seventy-[illegible] years of age my heart gave out and was very irregular and weak in action and would palpitate. My nerves also were weak, and I could do nothing but lead a languishing condition, lacking strength and weight. In that condition I began using Dr. Chase's Nerve Food and am cured. Had I not obtained this treatment I would now be in the grave with the roof over my nose. At present I have an energy which [illegible] me and I am writing this letter so that old people like myself may prolong their health and strength by using this great medicine."

There can be no doubt that this treatment contained exactly what was required to build up Mr. Leard's system.

We are constantly receiving so many letters of this kind that we can, with the greatest confidence, recommend people of advanced years to put Dr. Chase's Nerve Food on trial, as a means of restoring and maintaining health and vigor.

Here is another interesting letter. This time from a lady:

Mrs. Joseph Lalonde, Hydro Glen, Ont., writes: "I have to thank you very much for what your medicines have done for me, especially the Nerve Food and Kidney-Liver Pills. I was so run down and nervous last summer that I was in bed most of the time, unable to do any work. I have also been troubled with my kidneys for over twenty years, and tried every doctor I knew of without any permanent results, but I can say that Dr. Chase's Nerve Food and Kidney-Liver Pills have made me feel quite different. Since taking this combined treatment I have been able to do my housework, and although I am now 76 years old, I feel better than I have for years."

"I know Mrs. Joseph Lalonde, and believe her statement regarding Dr. Chase's medicines to be true."—W. P. Flannery, Postmaster.)

RICH. A. GRAYDON.

The death of Mr. Richard A. Graydon, a well-known Toronto man, occurred at his late residence, 230 St. George street, quite suddenly on Saturday night. Before her marriage Mrs. Graydon was an Orangeville girl, Miss Sarah Hughes, a sister of Messrs. Robert, William and J. R. Hughes, of this town. William and J. R. Hughes attended the funeral, which was held to Mount Pleasant cemetery on Tuesday afternoon.

MRS. ANDREW CLARK.

The death of Mrs. Andrew Clark, Gifford street, occurred in Lord Dufferin hospital about 7.30 o'clock on Tuesday evening from shock following an operation which she had undergone earlier in the day. The operation was the third for a persistent trouble which had affected Mrs. Clark's health for some years and led Mr. Clark to give up farming a couple of years ago. The sad event was a great shock to the many friends of the family, few of whom had even learned that Mrs. Clark was ill. Mr. Clark and family had moved into town only a few weeks ago and had just got comfortably settled in their new home on Gifford street. The unfortunate occurrence is a severe blow to the bereaved husband and two little sons, George A. and Robert. Mrs. Clark was a daughter of Mr. Thos. Nodwell, of Orangeville, and formerly of East Garafraxa, where she was born and spent her girlhood. She is survived by her father, two brothers, Geo. I. Nodwell, East Garafraxa, and Thomas Nodwell, Beamsville, and three sisters, Mrs. Mac Rowan, Plenty, Sask., Mrs. Will Forgrave, Harris, Sask., and Mrs. Elgin Holmes, Mono. The funeral will be held from her late residence to Greenwood cemetery at two o'clock this (Thursday) afternoon. Service at the house at 1.30 p. m.

MRS. MUNSON JENKINS.

The funeral of the late Mrs. Munson Jenkins, whose death was reported in last week's issue of The Banner, took place from the residence of her husband's parents, Mr. and Mrs. Edward Jenkins, lot 10, Con. 1, east, Mono, on Thursday afternoon, when all that was mortal of the young wife and mother was laid at rest in the family burial plot in the Forest Lawn cemetery. Despite the wet, disagreeable day there was a large attendance of sorrowing frinds and neighbors. A fact that spoke eloquently of the high regard in which the departed woman was held was the presence, notwithstanding the distance and inclemency of the day, of a large number of her neighbors from Caledon. Rev. P. C. Howard, rector of Herald Angel church, Cardwell, was the officiating clergyman and two uncles of the deceased, Edward Ferrier and King Huston, of Belle Ewart, and four brothers of her husband, Messrs. Jas. H., W. G., Richard and Herbert Jenkins, were the pallbearers. Besides her husband and three little children, Isabel, Beatrice and Gladys, aged six, four and two years, Mrs. Jenkins is survived by her mother, Mrs. Thos. Ferrier, of Belle Ewart, two sisters, Miss Mabel Ferrier, Belle Ewart, and Mrs. Milton Reid, Tottenham, and one brother, Harry, in France. She had been ill for nine weeks, her illness commencing with a severe pain in the upper part of the head, and had been bedfast for six weks. During all that time her husband was with her almost continuously and no less than four doctors were called to attend her. She was sensible to the end and one of her last requests was that her children and parents be called to her bedside for the last, sad farewell. She was a devoted wife and mother and a woman of warm, genial nature and excellent qualities of head and heart. Profound sympathy is felt for the bereaved husband and family. Among the friends present at the funeral from a distance were the mother and sisters, the two uncles already mentioned, Mr. and Mrs. Henry Bracken, Mrs. Fred Green and Mr. Jno. Fleming, all of Toronto.

THE LATE R. HOLLAND.

In the death of Mr. Robinson Holland, on Nov. 14th, there passed away one of the oldest and most respected citizens of Sheldon. Mr. Holland was born in the County of Armagh, Ireland, March 20th, 1836, so that he was in his 82th year when death summoned him. He was one of the pioneers of Mono township, having been brought from Ireland direct to Mono, when only six weeks old, and had resided in Mono and Adjala at Sheldon, ever since. Mr. Holland was widely known and respected by all. He was possessed of a meek and pleasing disposition, a man of wonderful vitality, vigorous and active up until a few weeks before his demise. He possessed a wonderful memory, having retained all his faculties right up until the last, and took great delight, just a few days before his death, in relating to the writer many interesting tales of the earlier days, such as walking to Mono Mills, a distance of over nine miles, with a basketful of eggs for five and six cents a dozen, or teaming wheat to Lambton for 50 cents a bushel, and taking three days to make the trip with oxen. Farming was his occupation until a few years ago when he engaged in driving the mail between Rosemont and Sheldon. Mr. Holland was an active and life-long member of the Methodist church, being one of the founders and assisting in the building of the old Wesley Methodist church, on the town line between Mono and Adjala. He was one of the faithful ones in attending Divine service, and was present and took part in the last quarterly fellowship and sacramental service held in Wesley church in August last. Mr. Holland was married 46 years ago to Elizabeth Westacott, who, with four sons and two daughters, mourn his loss. The children are, William George, of Richlea, Sask.; Ogle R., of Regina; John Wesley, of Louisville, Ky.; Harry Carman, Annie Elizabeth and Ina Lavina, at home. Another son, Robert, was drowned in the West a little over two years ago, at which time Mr. Holland made a trip to the West. The funeral took place on Saturday, November 16, to Wesley cemetery, and was conducted by Rev. G. W. Lynd, assisted by Rev. J. A. Redden of the Presbyterian church. Mr. Lynd preached from the text: "Blessed are the dead which die in the Lord from henceforth; yea, saith the Spirit, that they may rest from their labors; and their works do follow them." The pallbearers, who were life-long friends and neighbors of the deceased, were, S. Caldwell, Thos. Wilson, Jas. Quinn, Geo. Mills, A. Smith and H. Penelton.

VICTIM OF PNEUMONIA.

The sympathy of the citizens of Orangeville goes out to Mr. C. A. Lamon, manager of the Bank of Hamilton, and Mrs. Lamon, in the grievous loss they have sustained through the death of their infant daughter, Alice Emmeline, aged 17 months and 26 days. The little one passed away early on Friday evening after a short but severe illness from pneumonia. The funeral, which was private, was held to the Forest Lawn cemetery on Sunday afternoon, Rev. F. Eley, rector of St. Mark's church conducting services at the house and grave. A number of beautiful floral tributes bore mute but eloquent testimony to the sorrow and sympathy of friends of Mr. and Mrs. Lamon.

DEATH OF D. R. DECATUR.

The death took place at his home, 203 Maryland street, Winnipeg, on Monday, Nov. 18th, of Daniel R. Decatur, a son of the late J. K. Decatur, of Orangeville and Mono, and formerly a member of the firm of Skelton & Decatur, general merchants, Shelburne. About sixteen years ago Mr. Decatur left Shelburne and located in Winnipeg. Deceased had been in ill-health for over three years and for the past year had been confined to his bed. He is survived by his wife, one son and two daughters. Mrs. Decatur was formerly Miss Jennie Dickenson, and previous to her marriage to Mr. Decatur was with the firm of Foy & Mason, general merchants in Shelburne. Harold Decatur, the only son, has been overseas for the past two years. The daughters are Mrs. Edgar Deacon, of Winnipeg, whose husband, Major Deacon, has been overseas for the past 2½ years, and Miss Dorothy Decatur, at home. The late Mr. Decatur was about 60 years of age. Interment took place in Elmwood cemetery, Winnipeg, on November 20th.

IRA NUNN.

Residents of Chinguacousy and Caledon were shocked this week to learn that Mr. Ira Nunn, of Toronto, formerly of the Inglewood section, had died very suddenly as the result of an accident. Mr. Nunn was foreman in the Willys-Overland, West Toronto. While attending to his duties last Saturday his sleeve became caught in a belt, and before he could be extricated his arm was torn out at the shoulder. He was taken to Grace Hospital, but died about five o'clock from shock and loss of blood. The funeral took place to Boston cemetery on Tuesday afternoon, coming by motor from Toronto, Rev. Messrs. Wilkinson and Livingston conducting the services. Mr. Nunn leaves his wife, the daughter of Mr. and Mrs. Wm. Dennison of the Centre Road, and three young children. One child was buried on October 23rd. This is the third time this fall that the dark shadow of the reaper has fallen across the threshold of Mr. Dennison's house, for a son, Sydney Dennison, made the supreme sacrifice in October, dying in Great Britain. The depeest sympathy is extended to this sorely afflicted family. —Conservator.

OPENING OF TOYLAND

SATURDAY MORNING, DECEMBER 7TH

It is now a year ago since Santa visited Orangeville. The Dear Old Man never disappoints the children and he will be here again this Christmas. He has arranged that all the children, who wish, can leave their letters for Christmas in our letter box, in Toyland—no stamp required. They will be forwarded to him.

JUST A WORD

On account of the war it has been very hard to get Christmas Toys. We bought early in the Spring in order to make sure of our supply. We have received a large part of it, and may get more. In the meantime we would advise people to buy early while the goods can be had. We will put anything aside for Christmas delivery if requested.

CHRISTMAS 1918

Should be the brightest and best we have ever had. Let young and old give thanks to the Almighty that we are spared to the Great War's end and with a glorious Victory for the Allies. Many homes will be brightened with the return of brave fathers, husbands and brothers who have spent the last four Christmases in the trenches. Let us all unite to make this Christmas one never to be forgotten.

DO YOU—FATHERS AND MOTHERS—REALIZE THAT THERE IS A FORCE IN THE DEVELOPMENT OF THE FINER AND NOBLER IMPULSES

that can be fully appreciated only when it is brought into your own home?

—THAT FORCE IS MUSIC—

Never before has the power of music in the home been so universally recognized as today. The world's great leaders and teachers all contribute their testimony to the uplifting power of music. To add the world's best music to the daily life of your child is to inspire him to nobler ideals—to awaken the best that is in him.

Give your child a chance to grow—to reach the full stature of nobility that is his rightful heritage. Give him the nobler inspiration that only the perfect re-creation of the world's greatest singers and players can give. "Come in and hear the New Edison," called by critics, "Mr. Edison's most sublime gift to man."

GASOLINE EXPLODED.

Dangerous Conflagration in Barn Belonging to J. Morris, in Guelph.

A barn belonging to J. Morris and rented by W. Morris, at the rear of 183 Perth street, Guelph, caught fire at 8 o'clock a week ago Saturday evening, when there was an explosion of gasoline. Mr. Morris, who owns the grocery store on Perth street, keeps his car in the barn, and he went out, accompanied by Ivan Felker, who resides at 118 Norwich St., and Harold Duffield, with a three gallon can of gasoline to put in the car. Young Felker carried the lantern and as soon as the cap was taken off the tank of the car the fumes from the two gallons of gasoline already in the car exploded and in a jiffy there ways a sheet of flame, setting fire to the car and also to the clothing of all three. Felker was holding the lantern and he was badly burned about the legs, arms and face, while both Mr. Morris and Duffield were also severely burned about the face and hands.

The car was burning furiously by the time the fire brigade arrived, and the barn was also on fire. Chief Smith checked the spread of flames by using the chemical hose while the two fire lines were laid, and then the flames were soon extinguished, being confined to one end of the barn. It was all over in half an hour.

Ivan Felker was so badly burned that he was unconscious for some time on Sunday, and it will be a long time before he will be able to get around again. He is a son of Freeman Felker of Guelph and a grandson of Mrs. Felker of Fergus. The damage at this fire will be about $500, the value of the car being $350, total loss. There was some insurance on the barn.

WHAT A FARMER SAW IN A NEWSPAPER OFFICE

A story going the rounds of the papers tells of a farmer who dropped into a newspaper office to pay his subscription and was courteously shown over the plant. He was much interested in the linotype, and when told that it would do the work of five men, he exclaimed: "Jerusalem, that is what my wife ought to have married."

—New stock of Public School books and school supplies now open at The Banner Book Store.

LISTOWEL MAN WINS.

Appeals Successfully Conviction of Having Pool Room Open After Closing Hour.

The appeal of E. Blakley, now proprietor of the Arlington Hotel, Listowel, against a conviction made by Magistrate Kirby on July 19, was dealt with by Judge Spotton at Division Court on Wednesday last. Mr. Blakley's appeal being sustained.

Mr. Blakley was convicted of having his pool room in the Commercial Hotel, which he was then conducting, open after 10 p.m., the hour at which playing is supposed to cease. A fine of $5 was imposed. At the hearing of the case on Wednesday it was discovered that Mr. Blakley had had no license to operate the pool room from the town, and so could not be prosecuted for a violation of the license which he did not hold. When he took the hotel over from Charles Buschlen, the license was never transferred and in fact, no clause was to be found in the town by-law covering the matter, providing for a transfer. On this technicality Mr. Blakley's appeal was sustained, no evidence being taken. There is a provision in the by-law fixing a penalty for operating a pool room without a license but this was not the charge on which the conviction had been made. A. S. Clarke, of Mount Forest, acted for Mr. Blakley and Barrister Monroe, of Palmerston, for the town.

BADGES FOR FOOD PRODUCTION SERVICE

To Commemorate Empire's Call for Increased Production During the Great War.

The Organization of Resources Committee, representing the Ontario Government and Legislature, in their plans for encouraging the production of food as a war-time service, have had prepared a Food Production Service Badge for awarding to children and others who have done good work during the past season. It offers the badge to War Production Clubs, Agricultural and Horticultural Societies, Resources Committee Branches, School Boards, Teachers, Women's Institutes, Sunday School Clubs, or any other group of responsible persons, at a fraction of its cost for distribution locally at public meetings. In the distribution of these badges the purposes are: To commemorate the splendid response made throughout Ontario to the Empire's call for increased production in the season of 1918; to stimulate community interest in local achievements; to recognize deserving effort in national service, and to encourage a continuance of the work next year and as long as the world's need of food is urgent. The badge may be awarded for other services besides gardening. Boys or girls who have helped materially in farm work during their holidays; those who have worked with their parents in a worth while home garden scheme, or those who have raised poultry or produced pork will also be entitled to the badge. The badge, a sample of which may be seen at this office, will be cherished in after years as a very interesting war-time souvenir.

A RUNAWAY LAD.

Boy Who Left Home at Masonville, Found at Farm House in the Vicinity of Markdale.

W. B. McDonald while at his supper Tuesday evening answered a knock at the door. A young lad about 13 years old was there who asked for a drink of water. He was invited in and given his supper. In answer to questions the lad stated he lived a couple of miles out in the country "near Swinton Park." Some other evasive replies aroused Mr. McDonald's suspicions that he was a runaway. Arrangements were made for him to stay at the Queen's Hotel overnight. When Mr. Maxwell was making enquiries by 'phone of Shelburne authorities the lad "skipped" and couldn't be found that night. The next morning Mr. McDonald was in the barn when he heard some movement in the loft above. Here the boy had put in the night sleeping in the hay—rather cold comfort one would think at this season. It developed that the boy's name was Geo. Parkhouse and that he is away over a week from his parents who reside at Masonville, near Shelburne. He did not give any reason for leaving home. He was taken back home on Wednesday.—Dundalk Herald.

THE PRICE.

Cost of War Will Not be Realized Until People Return to Normal State of Mind.

Who can estimate the cost of the victory over the vast German military conspiracy? The victory achieved must be of inestimable value to the human race for the price paid has been exceedingly great. The hundreds of billions of dollars expended are hardly worth mentioning. It will mean a little hardship for a few years to come, but what is that compared with the sufferings of the past four years. Ten millions of men of all nationalities have died, over one million of whom were the flower of the British Empire. The millions of maimed may also be counted, but even that is not all. How many have died of a broken heart? How many hearts are aching in the world today for a touch of the vanished hand and the sound of the voice that is still? Who can fathom the depths of the anguish of another's soul, or measure the tears that have been shed in secret? He alone, who can measure these things, can estimate the cost of the war and the price that has been paid for a great and glorious victory.

But the price is not yet paid in full. The cost will not be fully realized until the people return to a normal state of mind. That will require perhaps several years. There are troublous times ahead. There will be a shortage of food, and, perhaps, social and economic convulsions. The nations will require wise leaders as never before. The highest and best type of statesmanship will be necessary. The people require to be steady and courageous. They will need the purest variety of faith and patience. Faith in God is essential. It is good to believe firmly that He who has guided us safely through the trials of the past, will also make all things, present, past and future, work together for the good of His own people. With that confidence the future may be faced with courage and even cheerfulness. What matters it, even if further sacrifices are necessary to establish confidence in the social system that has been so sorely tried during the great conflict. It must be worth while or the price would not be demanded. Steady, sane leadership is necessary during the reconstruction and re-establishment period. The people must beware of unscrupulous social agitators and senseless demagogues. A mistake in that direction will also demand its price. The coming months, are, perhaps, almost as critical as any period during the past four years. The price of reconstruction must be reduced to the lowest possible figure. That can only be accomplished by faith, patience, courage and wise steady leaders.—Orange Sentinel.

A SOLDIER'S EXPERIENCE IN GERMAN PRISON CAMP

Pte. Albert Densmore, Son of Mr. Robt. Densmore, West Luther, Who was Captured at St. Julien, Writes Interesting Letter from England—Signed Up at Edmonton August 10, 1914 and Trained at Valcartier.

Pte. Albert Densmore, son of Mr Robt. Densmore, West Luther, enlisted at Edmonton at the outbreak of the war, went across with the First Contingent, was captured at St. Julien, and confined in a German prison for over two years. After several attempts to escape he at last succeeded in reaching Holland early this year and is now in England. Under date of October 18th he writes the following interesting account of his experiences, to the Grand Valley Star and Vidette:

The Hague, Oct. 18th, 1918.

Dear Editor and Friends,

I thought I would write a few lines as I have been asked to several times, giving a short account of how matters have gone with me since enlisting. I signed up at Edmonton on August 12, 1914, going direct to Valcartier and after doing one and a half months' strenuous drilling then went to England and did three and a half months' teaming in mud over our shoe tops often. Leaving England on Feb. 7th, 1914, we arrived in France next day and were shipped on same evening straight through to the war zone. By this time we were just beginning to see and endure some of the hardships of a soldier. I shall not forget our first night in the war area. Detraining, we began one dreary night march in heavy marching order. We moved forward, perhaps a couple of hours and were halted in front of a large barn, which was as we soon found out, to be our sleeping quarters. In a few minutes our officer came out carrying a lantern and led us to our sleeping apartments. Well, we were all very hungry but weariness got the better of us and we dug holes into the straw now that was ever a pig sty. Nothing pleasant about our situation I assure you. But anyhow we were soon fast asleep. We stayed in these billets about one week. We were then marched up to the fire zone in a bit better billets this time, in a large theatre in a town which was daily under heavy bombardment by the enemy. Next night we were marched into the firing line. This part of the line was very quiet so we had four days here just to break us in a bit. They kept us going from one part of the line to another, every change getting us into a hotter place but still no fighting. At that time of the year the trenches were nearly half full of water and the weather was cold. We were generally standing in water to the top of our rubber boots. Around the first of April the weather started to improve a bit and as the weather got better things got hotter for us. Matters kept on thus for a week or so and on the 20th of April we were marched about thirty miles right up into the Ypres sector. The day before leaving there we had a long address from our general, telling us just what sort of a place this Ypres was. However, we did not need to be told what was going on there as the artillery fire was almost deafening from that direction. Already we were billeted within range of the German artillery. We could see all about the devastation caused by the German big guns. We had it fairly quiet for a couple of days doing fatigue and bayonet practice. We got wind of a big battle that was going to come off but just when no one seemed to know. Late in the afternoon of the 22nd of April the battle commenced and we sure knew it.

We could hear nothing but the roar of the artillery. This was about four o'clock in the afternoon. The air was full of aeroplanes, both British and Germans, signalling to the artillery. A couple of hours later a kind of blue haze rose up in front which we soon found out to be gas. The wind brought it right down on us. Everybody was rubbing their eyes and coughing. We got our handkerchiefs out and put over our eyes and noses. Just then those that could saw hundreds of Belgian and French civilians fleeing in all directions. They were of all ages, from little tots up to old men and women, all carrying what they could on their back. They kept shouting at us that the Germans had broken through. About seven o'clock the same evening orders came to stand to arms and prepare to move forward at any moment and at nine o'clock we were told again to fall in and after the roll was called we all gathered around in circle in the field and had a jolly good old sing song. About ten o'clock orders came to fall in and we marched off at a good smart pace. Before that we had been issued our emergency rations as well as two hundred rounds of ammunition. After going for half an hour orders came to quit smoking and also no talking allowed. The roads were full of traffic going both ways. Ambulances coming back with wounded from the firing line, also many going forward for more wounded.

Merry, Merry, Christmas

There is music in these words that thrills our hearts with joy.

Christmas day with its cheery grace, is your day. What are you going to do with it?

Are you going to take what it offers you and be glad?

Christmas time—the day of the happy heart, the open mind with all the joy of living and loving, when men, women and little children seem one by one to open their hearts freely, for the sweet impulses of the time steals into the souls of all.

This day derives special charm from the feeling that we can do something for others. And that Christmas cheer is yours if you but seek it and make the utmost of what comes your way instead of craving that which comes to others.

The ingredients which constitute the full-orbed joy of a Merry Christmas are an unselfish desire for the welfare of others — contentment, charity, good will, love and sympathy.

May you in the fullness of your heart have an ample portion of all of these, for that is the song the Christmas chimes ring to call us to acts of kindly opportunities.

Have you developed your ability for gratitude ?

Are you prepared to receive graciously the sympathy, love and friendship offered to you ?

Will you glorify this Christmastide by sharing of your blessings with others ?

Will your thoughts reach to the supreme privilege of helping those little ones who have been deprived of even the ordinary comforts, and see to it that they at least have some of the pleasures which gave joy to your juvenile years, and provided you with a great accumulation of vibrant memories ?

May the desire to give cheer, sympathy, hope and friendship come to you as a miracle, which comes to rich and poor, young and old at this festival.

May the spirit of "good-will" grow that it may bring life, hope and cheer more abundantly to all in all classes, in all climes—to guide the plight of many who toil earnestly yet have not the wherewithal to enjoy a contented Christmas.

May you step out into the year of 1919 with a confidence and kindness warmed with the fire of Good Will which the spirit of Christmas has kindled in your heart, and realize,

"That the best is yet to be,"

and that you can say,

"You have lived and loved today."

WOUNDED AND HELPLESS; CUT OFF FROM COMRADES

Terrible Experience of a Canadian Soldier in Flanders—Lay for Several Days Alternating Between Consciousness and Unconsciousness with Bad Wounds in Head and Hip, and Eventually Taken Prisoner.

The following remarkable story of the experiences of a wounded soldier cut off from his comrades was written by a young man whose relatives are known in this district. Before the friends would consent to the publication of the letter it was agreed to delete all portions which would betray the writer's identity. This makes the story none the less interesting and as some people read the following lines they are learning of the experiences of one whom they knew quite well some years ago.

On May 31 I was in charge of the quarter-guard at I. camp on the Vlamatinghe Road. At 7.30 p.m. the guard was dismissed and fell in with our company to march to the front line. The company Sergt.-Major told me we were to have some real excitement that trip in, for we were to occupy the crater of the mine which would be blown under the Bird-Cage. By midnight we had relieved the 49th Battalion in the front line. My hunch was growing all the time—not fear or cowardice, but a sense of insecurity. It is very hard to explain to you, but for me it was easily understood for on all previous goes in the trenches a more or less devil-may-care spirit prevailed. During the night of the 31st and day of June 1st nothing happened excepting a few trench mortars which landed in our trench at different points. But that was only as usual. During the night of the 1st a wicked machine gun fire was traversed all along the parapet. The Germans used a goodly number of explosive bullets that night. We had only two casualties, thanks to good luck. By 7 o'clock on the morning of the 2nd I had had breakfast, given out the rations, and was just settling down on the fire step to enjoy my pipe and read the Saturday Evening Post.

Immediately above my head was an enfilading barrier—planks stretched across the trench with sand bags piled. I had been seated five minutes when there was a terrific crash and I was knocked down covered with bags of dirt. After struggling from under and finding my helmet which had been knocked off, buried, I founr our cousingly Hun was bombarding us all along the line with trench mortars. Their range was almost perfect, and in three hours the whole trench on a front of 3 kilometers was demolished. Only a few bays escaped, and in these the few remaining men still alive collected. I had moved along to the right as the trench filled in and joined up with four or five No. 1 company men. All told I had eight or nine men with me. Of these, one old original was killed by concussion, and a bit of casing which entered his kidneys, I think. A young No. 1 Co. chap, whose name I do not know, was killed by concussion. He was blown up against me and his blood spattered me from my knees down. His right arm was blown off at the shoulder, and a piece of casing had gone into his brain. He was instantly killed.

Another No. 1 chap, name unknown to me, broke down completely with shell shock. It's a horrible thing to witness. The poor chap was laughing, singing, crying, praying and cursing—completely insane. I tried to buck him up, both by kindness and threats, but he was past me. Others began to be affected, so I had to send the poor devil out of the trench. He obeyed and the last I saw of him was as he sat, back against the parados exposed to hundreds of mortars. Of course he was killed, a rat had not a chance to escape where he sat. It was necessary to sacrifice him to save others. When shell shock gets a man he is doomed to die for he loses his nerve, and nerve and a steady eye are necessary to judge where the mortars will fall; then it is up to all to get out of the way. We had only a space of ten yards to move in, but I lost no others. At 2.15 p. m., seven and a quarter hours of terribly heavy shelling, the Germans concentrated their fire on the small space we occupied. Before we could get out one more was blown to pieces by a shell from the rear, or buried. I was only six or seven feet from him, and was buried above the hips. I thought I was done for, and I could never have gotten out unassisted, but Jenkins and a couple of others pulled and dug with a good heart and I emerged little the worse for wear. It was too hot to remain longer. All rifles were buried, and only four or five men alive. So I ordered all to get out behind the trench and go to the left to trench 64. There we found Lieut. P. Molson and six or seven others. At 2.30 (five minutes or less after our arrival in trench 64) the Germans advanced en masse, without resistance covered by deadly machine gun fire from the right. Our small group was only ten or twelve yards from the enemy when they entered our front line. Lieut. Molson was shot through the face, and a moment later I received a bullet on the helmet which

A LETTER FROM FRANCE.

Pte. W. J. Farnell, Who Enlisted in Shelburne Company of 164th Batt., Writes to His Sister

Mrs. Frank Rowley, of King, has received the following interesting letter from her brother, Pte. W. J. Farnell. He enlisted with the Shelburne Company of the 164th Battalion.

Aberdeen, Scotland,
October 18th, 1918

Just a few lines to let you know that I am in Scotland on a two weeks' leave, and believe me, I certainly was glad to get away from France, even if it is only for two weeks. It's the first time I've been away from the noise of the guns since I went to France 13 months ago, so you can imagine how I am enjoying myself, as we have been having a very busy time of it out there since the beginning of the offensive on the 8th of August. We were at Cambrai when I left. You will have noticed by the papers over there no doubt what a hard fight we Canadians had to take Cambrai, and our casualties were very heavy. I consider myself lucky to come through it without a scratch. I have been in every scrap since we started on August 8th, and went over the top seven times, so I sure have seen my share of fighting in the last two months. During the first couple of weeks we were very lucky and only had a very light casualty list in our battery, but the last time we went over our casualties were very heavy. We had over forty of our fellows wounded or killed during the first two hours' advance, and we were unable to reach our objective on account of the loss of men. We ran into a bunch of Fritz' machine guns and they are the most deadly things to bump up against. It is a miracle how any of us escaped at all, the bullets were simply whistling and flying about like hailstones. I lost some of my best pals that morning. It was the most heart-sickening sight I ever saw to see them falling on both sides of me. I wouldn't like to try and express to you my feelings towards the Hun about that time, but believe me, we didn't show much mercy to any of them that we did get hold of. We had to seek shelter in some of his old gun pits until we got reinforcements, which didn't arrive until the next night. During that time we were busy sniping at the Huns, whom we could see in large numbers quite close. I believe he was preparing to counter attack on us, but we were playing too heavily on him with our rifles. I only had fifty rounds of ammunition for my rifle and that didn't last me very long, so I got one of his rifles and there was plenty of his ammunition lying about, so I started sniping them with their own rifle, and you know I'm a pretty fair shot, and most of them were only about three or four hundred yards away, so I'm sure I accounted for a few dozen Huns at any rate, but the rifle work got too slow for me, so I got one of his M-guns and fired over four thousand rounds at him with it. But as soon as our reinforcements came up we advanced quite easily, but as we advanced over the ground it was horrible to see the number of German dead lying on the ground. They were actually lying in heaps of from four to twenty in a place, and I just thought what a terrible shame it was that such things had to be done, but you know it was not us that started this war, though I believe it is us who are going to finish it. I can hardly sleep a wink at nights for thinking of the horrible sights we see during the day. It is enough to drive one insane and I often wonder there isn't more of us fellows go insane. I hope the war is over before my leave is up, which isn't at all likely, though, for believe me, I have seen enough of it to do me for the rest of my life. The Scotch people are so nice and friendly here. I am staying at a private house and the people can't seem to do enough for you, it is just like home—come in when we like aand go out when we like, the house is never locked, and we get good homemade bread to eat. It is the first I have had since I left Canada.

CANDIES FOR CHRISTMAS THAT CONSERVE SUGAR

Into a bowl put one cupful of mashed potatoes, add gradually one-half cupful of sugar, then stir in one teaspoonful of lemon extract, one cupful of crusher corn flakes and one cupful of chopped peanuts. Press into a greased tin, and set in a cool place for twenty-four hours. Cut into convenient sized pieces.

Boil one-half cupful of corn syrup, one-half cupful of maple syrup, one cupful of cooked and mashed beans, one cupful of sugar, and three-fourths cupful of water for five minutes, then add two and one-half tablespoonfuls of gelatine dissolved in one-half cupful of lukewarm water and cook, stirring all the time, until it threads from the spoon, or reaches 218 degrees Fahrenheit by candy thermometer. Remove from fire, add one-half teaspoonful of peppermint extract and pour into wet tins. Allow to stand in a cool place overnight, cut into neat pieces, and roll in colored sugar. A really excellent and economical candy.

Mix two and one-fourth tablespoonfuls of water. Pour one cupful of corn-syrup into a saucepan, add one-half cupful of sugar and one cupful of milk, bring to boiling point and let boil until when tried in cold water a soft ball may be formed. Remove from fire, add one-half cupful of cooked and mashed carrots, one cupful of chopped cocoanut, soaked gelatin, one-half tablespoonful of butter, and one teaspoonful of lemon extract. Beat until stiff and turn into a large, well greased pan. Keep in a cool place overnight. This sweet has a novelty of taste that is unusually good, and will prove popular with the most discriminating.

DO YOUR SHOPPING EARLY.

ON CHRISTMAS GIVING.

This is a good rule to remember at Christmas. Give people what you know they want and not what you think they ought to have. For instance, it is best not to give presents to the maid that bespeak of her labor. She likes to forget her occupation as much as possible at Christmas. Instead of a dust cap or work apron she would much prefer to have a pretty collar, a pair of gloves, a belt, or something else that she can wear. Don't give the washerwoman gingham aprons. When making a gift to the invalid do not send anything that will suggest her infirmity. Let your present be something that will make her forget her afflictions. There are exceptions, where the invalid is in need of comforts.

It is always wise to invest money in an article that is the best of its kind. Better this than an attempt to buy something more pretentious in kind but necessarily of cheap quality for the money to be expended. For example, one small choice china plate that will be a joy and pride to its possessor is better than half a dozen less exquisite but costing the same money.

There are several things that one can give to almost anybody—candy, plants, flowers, books, stationery, pictures, gloves, handkerchiefs, and so on.

CHRISTMAS EVERY DAY.

There is a picture which shows the scene of our Lord's Crucifixion in the afternoon of that terrible day. The crowd is gone, the crosses are empty, all is silent. In the background is seen an ass nibbling at a piece of withered palm branch. That was all that was left of the joy and enthusiasm of Palm Sunday.

Is it not much the same with the beautiful life of Christmas? Five days afterwards, will not the world have gone back to its old coldness, selfishness, hardness? Will not the newspapers have resumed the story of wrong, injustice, greed and crime, just as if there had been on Christmas, with its one day's peace and good will? Shall we not have again about us, within a few days, the old competition, wrangling, strife and bitterness among them? The sweet flowers of Christmas will soon be found trampled in the dust by the same feet which, this Christmas, are standing by the cradle of the Christ-child.

There ought to be some way of making Christmas last more than one day. It is too beautiful to be allowed to fade out after only one brief day's stay in the world. What can we do to extend it? We can begin by keeping the beautiful vision in our own life.

CREDIT SCHEME FOR PURCHASES FROM DOMINION

Sir Thomas White Outlines Plans Prime Minister Took With Him to Finance Trade with Canada.

Sir Thomas White declares the statement that Canada will offer to forego all claim for indemnity against Germany if a billion dollars is expended in Canada for materials to be used in the reconstruction of northern France and Belgium is without foundation.

The question of indemnity against Germany has no bearing upon the right which Canada asserts of her participation with the other Allies in business arising out of the restoration by the Allies of France, Belgium and other ruined countries. The position is that the Prime Minister took with him to England a memorandum prepared by the Minister of Finance offering an extensive credit to Canada for the purchase of materials and supplies to be used in the work of reconstruction.

Explains Credit Scheme.

In return for this credit, which would be expended entirely in Canada, the Government would accept the securities of an international commission, backed by inter-allied credit or the securities of one or more of the nations concerned. Such securities might be collaterally secured by any indemnities by which the nations in question might be entitled from Germany.

So far as the Dominion is concerned, there would, therefore, be no additional interest charges owing to the increase in national debt incurred in establishing the credit here.

The interest which the Dominion would receive upon such a credit would be equivalent to the interest which the Dominion would pay upon loans issued to the Canadian people for the purpose of raising the money.

The Minister of Finance has received a cable from Sir Robert Borden stating that the proposal has been taken up with the British authorities.

Sir George Foster, Sir George Perley, and Messrs. Jones, Robertson and Draper are acting as a committee to forward the interests of Canada in this regard.

Wm. Conboy, of Erin, who has been very ill, is improving again.

While Ben Petch was motoring near Terra Cotta his car skidded while crossing a culvert and went over the end of the culvert, breaking one of the front wheels.

WAR-SAVINGS STAMPS

The Canadian Government offers interest-bearing War-Savings Stamps

Issue of 1919—Payable Jan. 1, 1924

ORDER-IN-COUNCIL P.C. No. 2462 authorizes the issue of War-Savings Stamps for the purpose of assisting in the financing of Government expenditures.

As Sir Thomas White, Minister of Finance, points out, W.-S. S. will provide "an excellent investment for small savings; and a strong incentive to every-day economy."

$5.00 for $4.00

Until January 31st, 1919, War-Savings Stamps will be sold by all Money-Order Post Offices, Banks, and other authorized Agencies, for $4.00 each, and on January 1st, 1924, Canada will pay $5.00 each for them.

Registration Against Loss

A Certificate is provided for the purchaser of a W.-S. S. On the certificate are spaces to which 10 W. S. S. may be affixed. A certificate bearing one or more W.-S. S. may be registered at any Money-Order Post Office, fully protecting the owner against loss by fire, burglary or other cause.

The Certificate also shows the Cash Surrender Value of W.-S. S. at various dates.

British Heroism at Coronel.

Never Has the British Navy Fought More Gallantly than in that Heroic Engagement in the Southern Seas—The Spirit that Animated Drake and Nelson Finds its Finest Expression in Deeds of our Sea Warriors.

The British Navy has played a proud role in the grim drama of war. Although the days of Trafalgar have long since passed, and warfare is now conducted upon a more efficient and scientific scale, the spirit, which animated the sea heroes of Nelson's time, is the same as that which inspires the deeds of courage and devotion that are daily enacted behind the Admiralty cloak of silence. Once in a long while, however, this cloak is lifted for a brief second and then we are permitted to learn of such glorious exploits as the "cutting-out" expeditions at Ostend and Zeebrugge, which for daring and heroism rival the finest traditions of our fearless Navy.

In glancing back over the record made by the Navy during the last four years of war, it is remarkable that—although we have faced reverses on land, and, more particularly, in the Foreign Office—the Navy has lost but one engagement to Germany, and that only twice have German squadrons succeeded in evading the vigilance of the steel-grey guardians of the North Sea, and raided the English coastal towns.

Fighting Against Big Odds.

And here it may be added that such successes as the German Navy may claim were in no wise achieved through lack of British courage or seamanship; but were due alone to a policy of despatching a squadron inferior both in speed and in weight of metal, to engage an enemy fleet composed of the finest cruisers in the German Navy; and to a fickle fortune that twice prevented the German raiding squadrons from being annihilated.

To write of the only engagement which was won by Germany it is necessary to commence with the opening of November, 1914, when the centre of interest shifted from the North Sea to the Southern Pacific. A few days before the outbreak of war, Admiral von Spee, in command of the German fleet in China, by a nicely judged manoeuvre, disappeared into the ocean silences. The presence of his swift cruisers menaced seriously our ocean lines of communication, and threatened to impair the prosecution of the war. For some time his privateering squadron remained a mystery; but it was soon to be heard of. Once at sea von Spee detached the "Emden" for commerce raiding in the Indian Ocean, and the "Karlsruhe," noted for her speed, was set to the same work in the Southern Atlantic. This left von Spee with a squadron of armoured cruisers, the "Gneisenau," and the "Scharnhorst"; and three light cruisers, the "Dresden," the "Leipzig," and the "Nurnberg." This squadron set itself to prey upon our commerce routes; and as the duties of neutrals were either imperfectly understood, or slackly observed by certain South American States, von Spee was permitted the use of wireless stations, and, thereby, secured much valuable information as to the movements of Allied shipping.

A Battle of Sea Heroes

It was imperative that von Spee's activities be suppressed as quickly as possible, and the duty fell upon Rear-Admiral Sir Christopher Cradock. Early in August he had set sail with a small squadron to police the seas. Under his command were the "Canopus," a 12 year old battleship; the armoured cruisers, "Good Hope" and "Monmouth"; the light cruiser "Glasgow"; and an armed liner, the "Otranto." The "Canopus" belonged to a class that had been long obsolete, and none of his vessels was either strong in speed or armament. Thus, too slow to pursue the speedy enemy raiders, and too weak to engage the formidable German squadron in the Southern Pacific, the British squadron commenced to sweep the seas.

By the third week in October, Cradock was cruising in the Pacific on the lookout for von Spee. He and his officers knew well that the enemy were the stronger, for the "Canopus" had dropped behind for repairs, and from the first the "Otranto" was virtually a negligible quantity; she was not even a match for a small cruiser. Whilst reinforcements were hourly expected from the Mediterranean for some reason still unexplained, they did not come. Thus, as the scales of fate weighed heavily against the little British squadron, the first day of November dawned, and with it came the formidable German fleet. Just as the red-gold sun sank below the sky-line, amid the shrieking of a hurricane-like storm and the raging of the seas, the first shot was fired. The German ships, shrouded in the inshore twilight, were almost invisible; whilst the British squadron, silhouetted against the lemon afterglow of the horizon, stood out in broad relief. It afforded the finest kind of a target for the almost invisible Germans. The end soon came. Outweighted in metal and outmatched in speed, the heroic British squadron had no chance of success. By 7:50 the "Good Hope," a mass of flames, disappeared beneath the waves. The "Monmouth," after a gallant fight, struggled out of the battle-line, and later sank to her doom. That the "Glasgow" escaped was a miracle. Struck by five shells at the water line, she yet managed to evade pursuit; and hidden by a friendly flurry of rain, which covered the bright rays of the moon, she managed to rejoin the crippled "Canopus" and make her way to the Straits of Magellan.

Died in the Spirit of Grenville.

It is not for us to pass judgment upon either Cradock or the Admiralty for this naval disaster. Cradock took the heroic course, and fought a battle which from the first was a forlorn hope; and he, and his officers, and men went to their death in the spirit of Drake and Grenville. Even had he waited for the "Canopus," it is highly improbable that this cruiser would have made any material difference to the result. She was hopelessly slow; and the German guns outranged ours. Von Spee was able to cripple Cradock before he could get his vessels properly into action.

It will be interesting to Canadians to know that three Nova Scotian midshipmen were attached to the "Good Hope" at the time Admiral Cradock's flagship was sunk at the Battle of Coronel. They were Malcolm Cann, of Yarmouth; Arthur Wiltshire Silver, of Halifax, and Midshipman Palmer, whose parents now live in Kingston. Midshipman Cann was educated at Yarmouth Academy, and entered the Royal Navy College at Halifax in 1911. Two years later he joined the "Berwick" at Chatham, England, and spent several months cruising around the coasts of Ireland and Scotland. In September he sailed for Bermuda with the 4th Cruiser Squadron, and from there his ship was ordered to Mexico to protect British interests during the revolution. At the outbreak of war he left Halifax on the "Suffolk" and was transferred to the "Good Hope," the flagship of Admiral Cradock. Arthur Wiltshire Silver, was a younger son of Mr. and Mrs. H. St. Claire Silver, and was born at Bedford, a suburb of Halifax. He was 19 years of age when he joined the "Good Hope," and at the time of the Battle of Coronel was senior midshipman of the ship. Midshipman Palmer was a brilliant student and led his class through the entire course at the Royal Canadian Naval College, at Halifax. He was also a thorough athlete and won many prizes during his college years.

The news of this disaster of the Southern Seas awoke the Admiralty to the necessity of dealing firmly with the situation; and the Battle of Falkland Islands, which soon followed, forever put a period to the careers of von Spee and his commerce raiders. It also avenged the death of the 1,650 British seamen who were engulfed in the tumultuous waters at the Battle of Coronel. But in the meantime Britain was taught such a lesson of sea power as she had not learned for years. Not since that romantic sea warrior John Paul Jones had met a British squadron off Flamborough Head had Britain been so signally defeated at sea, and not since Tourville had driven Torrington's armada back into port at the Battle of Beachy Head, had a British vessel not dared to sail the seas as free as the winds that blow. For almost the first time in 200 years were British ships docked owing to an enemy squadron triumphantly sailing the seas. Although von Spee's career of triumph was short-lived, its effects were felt in every part of the world-empire. In Canada, in Australia, in India, in the West Indies, and in the far-off African ports were ships carrying precious supplies held idle at their docks until the ocean highways were permanently cleared by the Battle of Falkland Islands.

A Prelude to Piracy.

No sooner had the disaster in the Southern Seas been made known than Germany inaugurated a policy of naval raids; and two days after the Battle of Coronel a marauding German squadron visited the East Coast of England, and made a fruitless bombardment upon the wireless station at Yarmouth. For some reason they were afraid to venture close to the shore, and their shells harmlessly ploughed the beach. The venture, despite its daring, proved unlucky to the Germans; for while they were slipping away in the friendly mists, an armoured cruiser, the "Yorck," struck a mine and sank with all hands. Therefore, Germany lost a valuable, if slow, cruiser, which she could ill-afford to lose, for the satisfaction of harmlessly ploughing up the Yarmouth sand banks at the expense of costly shells.

This raid, however, was but a preliminary to a more ambitious one. Her squadrons came again a short time later, and steaming through the thick, cold mist, which lay low upon the Eastern Coast, savagely bombarded the Hartlepools, Whitby and Scarborough. This action was sheer murder, as they were open and defenceless towns, and by the widest stretch of the imagination could not be called "fortified." But, nevertheless, the shells took a large toll in dead and injured. If Germany sought to win a "moral victory" she failed miserably. But she did awaken the British people to a just resentment. Not since Tourville had ravaged the little fishing village of Teignmouth, burned its humble cottages, and sacked its church, had such a cry gone up for vengeance; not since De Ruyter's fleet had sailed up the Channel and a Dutch torch had fired the ships of war at Chatham, had the people clamored so loudly for the vigorous prosecution of a war. After the night of December 16th, 1914, not a pacifist dared voice his sentiments for weeks.

Fighting the Scum of the Sea.

But vengeance was not long to be delayed. A third German raid was planned but intercepted; and this terminated with the glorious victory of the Dogger Bank, when the "Blucher," shockingly mangled by the fire of our cruisers, was torpedoed out of existence; whilst the "Derflinger" and the "Seyllitz" were seriously damaged.

By these two raids the German navy lost its prestige as a brave enemy and a heroic fighter. At the Battle of the Falkland Islands von Spee's squadron had fought in a manner worthy of the best traditions of the sea, and had gone down with guns firing. British seamen rejoiced when they believed that they had found in the German sailors an enemy worthy of their metal. This belief was apparently borne out when the "Emden" was pounded to pieces on the shores of Keeling Island on November 10th, after fighting a gallant engagement with the "Sydney." But it proved only a few brief weeks to be of spurious origin; and the raids upon the Eastern Coast of England were a fitting prelude to the submarine campaign which was to follow. The last word is with the Mayor of Scarborough. He wrote: "Some newcomers into honorable professions learn the tricks before the traditions."

TIRED AND DISCOURAGED

Mrs. Warren Randies, Rothesay, Kings County, N. B., writes: "I have three small children and had to stay in the house all winter. So when the spring came I was all run down doing all my work and looking after the children. Felt all tired out, and looked on the gloomy side all the time. I decided to try Dr. Chase's Nerve Food and the results were most satisfactory. I feel fine now, and am recommending the Nerve Food to others."

A NEAR C. P. R. WRECK

A serious wreck was narrowly averted on the C. P. R at Palgrave a week ago Friday morning when the southbound passenger train struck a freight train which was pulling into the siding at Palgrave. There is a bad curve near the south end of the Palgrave siding and when the passenger train rounded the curve it was only a short distance from the freight train. The engineer promptly applied the brakes but the distance was so short that the engine struck before the train could be stopped. The third car of the freight train was badly smashed but a horse, a buggy and a dog, which were in the car, miraculously escaped injury. The engine of the passenger train got a few trimmings knocked off but was not much damaged and was able to proceed to its destination as soon as the track was cleared.

AFTER SICKNESS THEY GAVE HER VINOL

And She Soon Got Back Her Strength

New Castle, Ind.—"The measles left me run down, no appetite, could not rest at night, and I took a severe cold which settled on my lungs, so I was unable to keep about my housework. My doctor advised me to take Vinol, and six bottles restored my health so I do all my housework, including washing. Vinol is the best medicine I ever used."—Alice Record, 437 So. 11th St., New Castle, Ind.

We guarantee this wonderful cod liver and iron tonic, Vinol, for all weak, run-down, nervous conditions.

A GOOD EXCUSE.

Technical Student: "Say, Ed., where do you keep yourself that a fellow never sees you nowadays?"

Medical Student: "Well, when you must get up at 6 study till 5 in the afternoon, and then to 11 at night on the home work—"

Technical: "And how long do you do this?"

Medical: "I begin tomorrow."

MISTAKEN IDENTITY.

Aunt Elvira rushed into the house, hysterical.

"I've lost my hearing" she said.

"You have?" her frightened sister shouted back. "How do you know?"

"See that man out there playing that hand organ? Well, I can't hear a single note!" and Aunt Elvira wept afresh.

"That's not an organ grinder, that is a moving-picture photographer at work!" snapped her sister.

IT CAME, TOO.

Stationed in the days before the war that an Englishman in Berlin became acquainted with a young German officer. One day they were lingering over a tete-a-tete luncheon. The officer got up and said, "I will give you a toast. "Raising his glass, he said: "I drink to 'The Day!'" and there was a smile on his lips, which hinted at some hidden jest in his words.

His companion, the Englishman, looked at him quietly.

"Indeed, Herr Lieutenant!" he said. "Let me follow your toast with one of my own: 'Here's to 'The Day After'."

WHAT CHRISTMAS MEANS TO MOTHER

Practically Everything Depends Upon Her Unfailing Good Temper and Clever Manipulation.

It's a glorious time, Christmas. We are all children at heart, and though to many of us the years have not brought all that we hoped for, the gladsome and merry spirit of Yuletide tempts one to forget all the cares and worries of the grown-up, and to become at heart a child again.

What a grand reunion the great day of the year is, too! From all parts of the country, sons and daughters hurry to the home nest. However much one may mix with the outside world, and have interests, pleasures and friends therein, it is to one's "ain folk" that one turns at this great home day.

And it is meet that it should be so. For is not Christmas Day held sacred to the sanctity of motherhood and the glory of childhood—the crowning joy of every home? It is strange that in the coldest season of the year there should come a warmer feeling than ever into our hearts, and good impulses stir within us that no other celebration or period could invoke.

And don't stifle any such impulses; give them full play.

Perhaps you may feel tempted to write to some brother, sister or friend from whom you have become estranged. Don't go over the old quarrel and assure yourself again that you were in the right, but live in the spirit of the season—goodwill towards men—and heal the breach.

To the mother, Christmas, although it brings a deep joy in the knowledge that those nearest and dearest to her are happy, cannot fail to be a time of hard work, especially when she manages single-handed. Practically everything depends upon her unfailing good temper and clever manipulation.

Won't the men give a hand? I know that they are supposed to be on holiday, but what holidays do the mothers get? I've heard women say, "I wouldn't be bothered with the men helping." But, nevertheless, I'm quite surre that if the men folk cheerfully gave her a real helping hand until all was finished she would more than appreciate it.

Don't forget to toast the absent ones at Christmas. So many have dear ones in different parts of the world that they will miss at their festive gathering, and some will keenly feel the wrench for the first time. Still, a hearty message and remembrance can do much to cheer.

A young lad, under 15 years of age, was arrested at Hespeler last week by Constable Pearen, of Rockwood, and brought to Guelph, where he was charged before Magistrate Watt with having stolen a horse and rig from a livery in Rockwood. He was acquitted.

ONE ON FATHER.

Poor father had been worried by his son's knotty questions all the evening, and he had at last been able to get some peace by giving his tormentor a book to look at. Suddenly the boy put the book down with a puzzled expression on his face.

"Father, do ships ever faint?"

"What a ridiculous question! Of course not?"

"But it says here that the ship came to."

Hurried departure of the son to bed.

SAMBO ASTONISHED.

Sambo, a dusky warrior in the American army, had only recently landed, and was comparing London with New York. He paused before a shop window full of watches. His gaze became fixed on a very shiny watch on a velvet cushion, on which was pinned a card bearing the words: "This watch will go for eight days without winding."

Sambo pondered, and then walked straight into the shop. "Say, boss, will you tell how long dat darn watch will go if you do wind it up?"

PENELOPE'S TASK.

The sixth grade class in reading had followed Ulysses through several years of wandering. Then the teacher asked:

"What was Penelope doing all this time?"

Louis answered solemnly: "Well, every day she and her maids spun and wove all day, and every night Penelope raveled out all the cloth they had woven during the day. Finally, she said to these suitors, "I will not marry any of you fellows until I get this sweater done."

Socialism of the Sword

THE war has developed in Germany a "new school of socialism more militaristic than the most hidebound of Junkers. Its ideal is a revolution of the world to be brought about by the fulfilment of Germany's destiny, which is the political and economical domination of the world. The principles of this new school and its mode of reasoning are shown in a book called "Three Years of World Revolution," by Dr. Paul Lensch.

Dr. Lensch, after a university education and some years spent in foreign travel and Socialist journalism, entered the Reichstag at the last general election in 1912. He is only forty-five years old, but is exempt from military duty, although he had his military training in a Prussian Guard regiment. He is one of the ablest representatives in Germany of the new Socialist school, which regards internationalism as obsolete and sets it aside entirely in favor of a world dominated by Germany and German principles and ideals.

Whereas Socialism has hitherto been regarded as a war on capitalism, German Socialism and German capitalism are now declared by Lensch in his book to be in alliance for revolutionary and progressive aims. German Socialism is no longer the enemy of the Prussian state, but is its enthusiastic supporter and desires to accomplish Germany's full "destiny" and revolutionize the world.

According to Lensch, the present war is a natural explosion in which the organized German state is destroying "reaction" as represented by the old Russia on the one hand and British world power on the other. Protectionism as opposed to free trade is the basis of German organization. Hence, the war is a conflict between protection and free trade, the latter representing reaction.

He describes German development as follows:

"Quite obviously the point of protection—industrial protection — was directed against England. Protection kept foreign industrial products from the home market and gave our own industry predominance and then complete domination of the German market. At the same time it created the conditions that gave German industry an organized superiority over English industry. The main factor was the close cohesion of industry and finance. The early and close alliance of industry and finance led to that organization of industry in cartels and syndicates which became characteristic for the modern development of capital. Organized industry, when foreign competition was warded off by protection, was able at the same time to produce more cheaply and yet to raise prices in the home market."

Lensch describes enthusiastically the tyranny of the German cartels and the way in which they dominated the market, fixed prices and made "gigantic profits."

"These profits were now used for the conquest of the foreign market. The powerfully extended and extremely efficient German industries required more business than the home market could give them. So they began to work for the foreign market, and, in order to meet competition there, the cartel created for its members who were working in foreign countries a special fund, which was fed from the extra profits of the home market. From this fund the cartel paid the so-called export premiums. With this support behind them, the German industries were very soon able to [illegible] the foreign market and then to sell their goods more cheaply than in the German market. There was no longer any question of [illegible] the home market; it was only a question of attacking the foreign market. Protection, which had intended to break the monopoly of the superior English industries and to create free competition for German industry, was converted into the monopoly of a handful of cartel magnates, and had finally driven free competition out of the German market."

But, as Lensch says, this was by no means the end of the process. The former Berlin correspondent for the London Times, commenting on the matter says:

"For the purposes of fighting the competition which Germany had created in the foreign market the whole resources of the German state were brought to bear. The German customs duties went on rising and the higher the duties the higher were the extra profits in the home market, the higher the German export premiums, and the more powerful the position of Germany in the world market," Lensch continues:

"'This fight for the world market and the money market was conducted more and more with the resources of the organized power of the state.'

"Crisis followed crisis, and, after Europe had twice in ten years narrowly escaped war, 'the third time what was inevitable became a fact'."

The writer, concluding his analysis, says this of the work:

"The importance of Lensch's book lies in its candid, if boisterous, expression of what the ordinary German Socialists think but do not dare to say, and in its penetrating analysis of the economic foundations of militarism. Lensch regards England as the one great enemy, and he expects that England after the war will adopt protection and be 'rejuvenated' by faithful imitation of the whole Prussian state system, economic and military. What he has never attempted to face is the possibility that Germany's enemies will achieve real economic unity and destroy the German system in the only way by which it can be destroyed—by the destruction of its economic foundations."

PRIEST'S ADVICE LED TO MERCER REFORMATORY

Woman Committed Bigamy When He Told Her She Was Not Legally Married.

How, acting on the advice of a priest, a woman was landed in the Mercer Reformatory for bigamy, was told in the evidence taken before His Honor Judge Hartman at Haileybury, recently.

Eva May Bigrow was on trial. She admitted having been married to James Henry Bigrow eight years ago in Glen Church, in the County of Argenteuil, Quebec. She was a Roman Catholic, and her husband a Protestant. She says her husband promised to turn to her religion. However, they were married by the Anglican rector in his church. The couple did not get along, so after they moved to Northern Ontario papers of separation were signed and they parted. She had an opportunity to marry a Mr. Legace. Not being sure that she could do so legally, she consulted Mr. Greer, a barrister, of Cochrane. He told her she could not marry again. Then she asked him about some decree that had been passed (meaning probably the ne temere) and he told her to see the priest, who would know all about that. So she went to Fr. Brosseau, at Haileybury, and this is her sworn testimony:

"I came to Haileybury on a Friday evening, and I showed him my separation papers, which Bigrow had signed, and he asked a few questions as to my marriage, and where I got married."

"Did you tell him you had been married?"

"Yes, and he told me to come back the next day and bring the one I wanted to marry with me, and if we can marry you we will. So we went back, and Father Brosseau met me at the door, and asked a lot of questions, and asked the name of the one who married me. I told him all about it. He said: 'You go and get your marriage license. Your marriage to Bigrow is no good. You are no more married to him than you are to me.' We went to the place and got the marriage license, and he said: 'The priest is in the Cathedral, and he will marry you.' So this gentleman came to the church, and we were married. He said: 'If there is any trouble send the one who wants to make trouble to me, and we will take care of that.' We went home and lived together.'

"Who was it said: 'if there is any trouble we will take care of that?'"

"Father Brosseau."

From Father Brosseau's evidence the deduction is that he consulted the bishop and had his consent to marry the woman in defiance of the law, for when counsel questioned him about the woman being married before he said:

"I naturally would not go into that as that belongs to the bishop."

Counsel asked: "She says she gave you quite a number of answers to questions which you asked, and you said to leave the matter over and come back the next day. It would be in conformity with your practice to refer the matter to the bishop?"

"Yes."

"And you would naturally abide by the decision of the bishop."

"Yes."

Counsel: "Now it is quite natural to expect that in cases of marriages that persons of her class, uneducated, would rely nearly absolutely on the rulings of the church, the priest and the bishop?"

Answer: "Well, we always want them to."

Counsel: "Whatever rule is made by the bishop they will follow that out, and take it to be correct?"

Answer: "Yes."

Counsel: "Would it also naturally follow that supposing a Roman Catholic were married by a Protestant clergyman, and were told by a priest or bishop that the marriage was invalid, they would naturally believe that was correct?"

Father Brosseau appealed to the judge as to whether he had to answer that question, and His Honor held it was immaterial.

So this poor woman, separated from her husband, committed bigamy because she was led to believe by a Roman priest that she was not married to her legal husband, and she will spend one year in the Mercer Reformatory in consequence.

UNREASONABLE.

"Look here, waiter!" said Mr. Joyce, scowling deeply over his plate. "I ordered turtle soup. There is not even a morsel of turtle flavor in this."

"Of course not," said the waiter. "What do you expect? If you ordered cottage pudding would you expect a cottage in it?"

WANTED TO BE THERE.

Pat was very forgetful, even on his wedding day. When going to his bride's church he happened to meet an old friend, and they began to talk about conscription, etc. Suddenly Pat remembered he would be late, but, rushing off to the post office, sent the following wire to his intended: "Don't get married until I arrive—Pat."

"Whatever is the Matter, Jack; You Don't Look Well!"

"OH, I'm all right."

"But you're not. You look so worried and tired."

"Well, I haven't been sleeping very well lately."

"No, and you don't seem to have any appetite. I think you ought to take something to tone up your system."

"Oh, no, I don't need any medicine. I guess I will soon be all right."

"But you should not neglect yourself, for that is just the way I was before I had nervous prostration, and you know what a long time I was laid up."

"Well, I haven't any time to be laid up, that's a sure thing."

"I know what I am going to do. I am going to buy half a dozen boxes of Dr. Chase's Nerve Food and see that you take it regularly."

"You know, Jack, that nothing seemed to help me like Dr. Chase's Nerve Food, and I am sure it will be just as good for you."

"You will take it, won't you?"

"I'll do most anything to get feeling better, for I know I have been losing my grip on business lately."

"I get up feeling tired in the mornings, and have to drive myself to do the work that used to be a pleasure for me. I have got in the way of putting off matters that need attention, and hate to meet people when I know that some energy will be required to discuss business deals with them."

"You'll take the Nerve Food, won't you?"

"Oh, I'll let you be the doctor, and if the Nerve Food builds me up like it did you I'll soon get back my old-time vigor and be able to make things hum. I have been rather discouraged lately, but I can see now that the trouble is in the condition of my nervous system. So you get the Nerve Food and we'll see what it will do."

WOUNDED AND HELPLESS: CUT OFF FROM COMRADES

(Continued from Page One).

glanced off, but forced a splinter of the helmet down into my skull. A good deal of blood came, but there was no great amount of pain, I was more or less stunned for the moment, but that passed away quickly. On going up No. 65 trench I found a platoon of our company still carrying on. Knowing that no communication existed with headquarters and fearing our artillery would open on our front line, believing it to be occupied only by the enemy, and thus wipe out our men, I decided the only hope of saving the lads was to chance a run of 120 yards over open ground in order to report the existence of our men and their exact locality.

I was only fifteen or sixteen yards from the Germans when I started out; I made 100 yards or so before they brought me down. I don't remember falling, but I regained consciousness during the night, while a fierce bombardment was in progress. It was a considerable time before I could figure out where I was, and why, etc. My head was terribly painful, and upon trying to remove my helmet, I discovered I was very much attached to it. I couldn't get it off; then I remembered I had made that discovery before I left the trench. I couldn't decide what held it so tightly—was it the bullet, or had the steel been driven into my head? I tried gently to remove it. No go, and while still trying a bit more forcibly, and a great deal more painfully, I lost consciousness. I came to during the day in agony with the pain in my head. I could bear it no longer, so taking a firm hold of the helmet with both hands, I gave a sharp, strong lift. I suppose it came off, for my head was bare when I came to again, in the night. I had fainted as a result of my surgery. My head still pained horridly and for the first time I felt very stiff about the hips. Upon investigation I found a bullet had passed through the extreme outside of my right hip, just missing the bone; another (surely an explosive one) had blown away the entire right buttock; two had passed between my legs leaving only scratches. That night I crawled about trying to find a way out, but luck was against me, for I ran into a German listening post, who fortunately did not see me.

I started out on a different track, but before I had gone more than a few yards, I felt myself going again. Some time during Sunday I recovered consciousness and you may imagine my feeling of insecurity when on cautiously looking round, I discovered I was fully exposed on level ground with Germans not over forty yards away. I decided that about the only thing to do to avoid unpleasant attention was to keep perfectly quiet. Under ordinary conditions I might be satisfied to be still for hours, but considering I had a (slight headache), a painful hip and back, and rain was falling, to say nothing of the presence of the Huns, I found it a rather trying day. Of course I did not have the luck to enjoy rosy dreams of stretcher-bearers and comfortable beds at this time as I was very much wide awake. I would gladly have fainted to relieve the suspense. Fortunately no Fritz noticed me, and when it was dark I began to crawl about again. No go; it couldn't be done. With considerable difficulty I got into a shell hole just in time, for no sooner had I arrived than I began ballooning. I think it was only an hour or so before I was right again; then I wanted water. Good heavens! All the great lakes, rivers and rain storms I had ever seen came to my mind! It was no easy trick to find water, but finally I found a shell hole with the vilest of water in it. I drank gallons and how good it tasted! The fact that as I finished I saw a body in it did not detract from its goodness. The remaining two nights and two and a half days passed much as the others. I could not move about now, and I suffered great pain. I had but one hope of getting out and that was that the boys might counter-attack. On the afternoon of the 6th I witnessed the German attack on Hooge. What a sight! One machine gunner broke up two attacks. When the third was launched the Canadian trench was lifeless—the brave, courageous gunner was dead. He accounted for hundreds of the enemy before being brought down. Possibly no one knows who this hero was. I honor him as one of Britain's greatest heroes. I remember nothing more until I was captured. Quite unconscious of the act I found myself sitting on the side of my hole during the next afternoon. It seemed I heard some one calling "Princess Pat," I paid no attention, but was taking a half-hearted interest in our shells, which were falling round me. I well remember I hoped one would light beside me and so finish me off. True, for the first time in life I hoped for death. Still I seemed to hear a voice calling. So persistently did it call that finally my attention was claimed and I looked about. Dazed and stupid as I was, the moment I clapped eyes on the 100 or so Germans in a trench forty yards away I knew the game was up. An officer beckoned to me and shouted in good English that I was to come in. I decided at once I'd be a "damphool" to argue the point so started over. I fell several times on the way and missed stopping a bullet sent my way by an enthusiastic Fatherlander whom I'll say to the credit of the officer, received a dandy tongue lashing. The officer generously got out to help me into the trench and gave me all the coffee I wanted, a cigarette and a few small biscuits. I was taken along to a dressing station where my wounds were roughly dressed and I was inoculated against tetanus. I kneeled over for a diversion, perhaps. Into an ambulance to a field hospital some miles away, where I was undressed, my head shaved and my wounds properly attended. How filthy they were. Stinking! I was put into a ward with several other Canucks. On the 19th we left for Hanover on a Red Cross train.

DISTRICT NEWS NOTES.

TOYLAND

NOW READY FOR CHRISTMAS SHOPPERS

It is now a year ago since Santa visited Orangeville. The Dear Old Man never disappoints the children and he will be here again this Christmas. He has arranged that all the children, who wish, can leave their letters for Christmas in our letter box, in Toyland—no stamp required. They will be forwarded to him.

JUST A WORD

On account of the war it has been very hard to get Christmas Toys. We bought early in the Spring in order to make sure of our supply. We have received a large part of it, and may get more. In the meantime we would advise people to buy early while the goods can be had. We will put anything aside for Christmas delivery if requested.

CHRISTMAS 1918

Should be the brightest and best we have ever had. Let young and old give thanks to the Almighty that we are spared to the Great War's end and with a glorious Victory for the Allies. Many homes will be brightened with the return of brave fathers, husbands and brothers who have spent the last four Christmases in the trenches. Let us all unite to make this Christmas one never to be forgotten.

Essence of Exchanges and News Notes Gathered from the Surrounding Counties

On account of the shortage of fuel Shelburne library will be kept open only on Saturday afternoons and evenings.

Joseph Plant, of Brampton, died in St. Michael's hospital, Toronto, from the effects of being trampled on by a horse.

Lieut R. B. Mills, son of Watson Mills, of North Battleford, Sask., formerly of Melancthon, has won the Military Cross.

Isaac Scott, of the Pleasant Valley locality in Nottawasaga township, has sold his 300 acre farm to his brother, J. R. Scott, for $25,000.

Norton McLean, formerly of Shelburne, who enlisted in the West, is in hospital overseas receiving treatment for a gunshot wound in the thigh.

Sergeant W. S. Buschlen, of Arthur, arrived home from overseas a week ago Monday night. He was given a warm reception upon his arrival.

A Holland Landing man who had two whiskey stills in operation told the officers of the law that he was experimenting with a new kind of pig feed.

Pte. Percy J. Loudon, formerly of Shelburne, was wounded in the ankle by gunshot after only a month at the front. He enlisted in the West.

Miss Mary A. Canning, eldest daughter of Mrs. Thos. Canning, of Shelburne, passed away on Monday evening of last week, in her 43rd year.

Harriston's two Presbyterian churches have been united. Under the terms of the union Guthrie church will be practically absorbed by Knox church.

A bevy of Alliston young ladies surprised Mrs. Geo. Parker, who was married recently, by presenting her with a miscellaneous shower of useful things for her home.

It is learned that at least one, and possibly several ladies, will offer themselves as candidates for school trustees in Guelph in the forthcoming municipal elections.

Joseph Phillips has been awarded the contract of carrying the mail from the C. P. R. station to Shelburne post office. He will commence his duties on Jan. 1st next.

Mrs. McCaffery, wife of John McCaffery, of Lisle, died a week ago Saturday. Deceased was a sister of Messrs. Robt. McDowell of Whitfield and Alex. McDowell of Rosemont.

Wm. Rowan, of Shelburne, has returned home from Toronto where he was staying for three months, two of which he spent in the General hospital, receiving treatment for appendicitis. He is much improved.

Edmund Barry, of Sperling, Man., son of Alex Barry, formerly of Whitfield, died on Wednesday, Nov. 28th, from Spanish influenza. He was a strong, robust young man, about 28 years of age. Deceased was a nephew of John Best, M.P., Shelburne.

Mrs. Joseph Shortill died at the home of her daughter, Mrs. W. H. Anthony, of Esquesing, rather suddenly on Tuesday morning, Nov. 26. Deceased, whose maiden name was Margaret Kirkwood, had resided near Ballinafad for many years. Her husband died about six years ago.

A Shelburne man who is making good is Sam. Ferris, who, after 12 years' experience in the municipal affairs of Edmonton, Alta., has been promoted to the position of Assessor and Collector for the new Income Tax for that city. The position carries a salary of $2,400 per year.

Mrs. Strothers, widow of the late John Strothers, formerly of Shelburne, and sister of Mrs. J. W. Hamilton of that place, died at her home, 137 Riddell street, Woodstock, on Monday evening of last week after an illness of about six months. Deceased was about 70 years of age.

The home of Mr. and Mrs. John Smeltzer, West Garafraxa, was the scene of a very happy event on the afternoon of Wednesday, Nov. 27th, when their daughter, Teressa Violet, became the bride of Mr. Percy V. Shaw, son of Mr. and Mrs. Fred Shaw, of West Luther.

Word has been received of the death in Michigan of John Shoaff, a brother of Geo. Shoaff, of Shelburne, and Mrs. James McCauley, of Melancthon. Deceased, who was about 60 years of age, was the oldest son of the late Michael Shoaff, a hotelkeeper in Melancthon in the early days.

Mr. and Mrs. Chas. Wilson and Miss Ethel Wilson, of Primrose, leave this week for Ardath, Sask., where they will locate. Mr. Wilson sold his farm, east half lot 31, Con. 1, E. H. S., Mono, in June last to Mrs. M. J. Wilson, and is going West to be with the remainder of his family, nine of whom are located there.

Samuel McComb, grain buyer for the Canada Grain Co. at Melancthon Station, sustained a badly lacerated face and a number of bruises in a fall on the elevator floor, when he was overcome by a weak spell. He fell face downwards and a bad cut in his lower lip required four stitches, and his nose and chin also bore marks of a nasty fall.

PUBLIC NOTICE RE RETURNING SOLDIERS.

Citizens are requested to notify Mayor Henderson of the time of arrival, when known, of soldiers returning in order that a proper reception may be given them.

WINTERING OF IDLE HORSES ON THE FARM

Tests Made at Lennoxville on Special Rations Were Quite Successful.

At the present time help is scarce, high priced and oftentimes unreliable, so that larger implements and more working stock have to be employed. It is not always possible to buy a good team at a reasonable price in the spring, while it is often hard to get a decent figure for the same animals in the autumn. It would thus seem advisable, when the ground freezes, to lay aside, as it were, for the winter all horses which are not absolutely required and to feed them as cheaply as possible without impairing their future usefulness, says the Experimental Farms Branch of the Department of Agriculture.

At the Lennoxville experimental station it has been found by experience that idle horses can be wintered until practically the first of April and their weight kept up on a ration consisting of 2 pounds of hay per day and 1½ pounds of swedes, carrots or good corn silage for every 100 pounds of live weight. The amount of hay might be cut down and replaced by ½ to ¾ pounds of good, bright oat straw if wished and practically as good results obtained.

Idle horses should have plenty of exercise in order to keep up their strength and vitality for the strenuous work that they are always called upon to perform in the spring of the year. One of the best ways of giving them this exercise is to have a good yard which they can run in during the day and have fairly comfortable quarters for them at night.

Horses wintered under these conditions should be fed a light grain ration and given a limited amount of light work two or three weeks before they are required for seeding operations in the spring in order to have them in the best condition possible.

Horses wintered and handled as suggested in preparation for seeding will be found able to perform their arduous duties as well as if wintered in the stables with a limited amount of exercise on a grain ration that would cost far more.

BY-LAW NO. 761.

A by-law to provide for taking the votes of the electors on a proposed by-law, entitled a by-law permitting the Cataract Electric Company, Limited, to construct and maintain transmission lines for light, heat and power upon the highways of the Township of Caledon.

WHEREAS a proposed by-law of the Corporation of the Township of Caledon entitled "By-law for entering into a contract with the Cataract Electric Company, Limited, for the supply of heat, light and power," requires for its validity the assent of the electors and it is expedient and necessary to pass this By-law for the purpose of enabling the electors to vote on the proposed By-law:

BE IT THEREFORE ENACTED by the Municipal Council of the Corporation of the Township of Caledon as follows:

1. The votes of the electors of the Corporation of the Township of Caledon shall be taken upon the said proposed by-law at the same time and at the same places as the annual election for the Municipal Council, and the Deputy-Returning Officers appointed to hold the said election shall take the vote.

2. On the third day of January, A. D., 1919, at the hour of two o'clock in the afternoon the head of the Council of the said Corporation or some member of said Council appointed for that purpose by resolution shall attend at the Township Hall in Caledon Village in the said Municipality for the purpose of appointing and if requested to do so shall appoint by writing signed by him two persons to attend at the final summing up of the votes by the clerk and one person to attend at each polling place on behalf of the persons interested in and promoting the proposed by-law and a like number on behalf of the persons interested in and opposing the proposed by-law.

3. On the ninth day of January, A. D. 1919, at the hour of two o'clock in the afternoon at the said Township Hall in the said Municipality the clerk of the said Municipality shall attend and sum up the votes given for and against the proposed by-law.

Passed this Twelfth day of November, A. D., 1918.

REMOVES RESTRICTION ON MUNICIPAL LOANS

Amendment to Order in Council Allows Public Bodies to Borrow.

The Order in Council putting restrictions with respect to borrowing of money by provincial governments, municipalities, commissions, or local governments has been amended as follows:

The Minister of Finance having reported that, in view of the armistice, it is now no longer necessary that the restrictions with respect to borrowing money prescribed by the Order in Council of the 22nd December, 1917 (P. C. No. 3439), and the Orders in Council in amendment thereof, should apply to provincial governments, municipalities, commissions, or local governments;

Therefore, His Excellency the Governor General in Council, under and in virtue of the provisions of the War Measures Act, 1914, is pleased to make the following regulation, and the same is hereby made and enacted accordingly:

Regulation:

The provisions of the Order in Council of the 22nd of December, 1917, (P. C. No. 3439), and the Orders in Council in amendment thereof, shall not hereafter apply to provincial governments, municipalities, commissions or local governments.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

BATTLE SEEN FROM ABOVE

(By a Correspondent at the Front).

The night mists came creeping up like a smoke screen, and the battalion that marched up toward the edge of the battlefield along the road that skirted the far end of the aerodrome was a regiment of shadow forms. A band of drums and fifes was playing them out with a merry little tune, so whimsical and yet so sad also in the heart of it.

It had been decided that an important railway junction behind the German lines was to be bombed. All day long had been the continuous roar of death, and now, when night had fallen, all the sky seemed on fire with it. Voluminous clouds, all bright with a glory of infernal fire, rolled up to the sky, the most frightful and tragic thing it has ever been given to men to behold, with an infernal splendor beyond words to tell.

With a tense, restless emotion the order to set off out over the enemy lines was awaited. In the ground-fog the machine, with a load of bombs tucked away under the wings, looked a mysterious, weird thing, and shadowy forms flitted hither and thither across the aerodrome. The tramp of marching men could be heard, and the tap of drums to the rhythm of their feet, and those transport columns which shake the Flemish cottages of the little hamlets as they pass along.

At last the order was given, and up into the chill air the machine rose. Circling round a couple of times, the nose of the airplane was set in the direction of the objective, away behind the inferno of the hell-fires of No Man's Land.

Only the mighty voice of the engine could be heard, and headlights were switched off just before crossing the line. There was still a dank, heavy mist hanging over the ground, and visibility was not so good as might have been desired.

But down below one of those terrible bombardments, a beautiful and devilish thing, was in full blast. All the sky seemed on fire with it, and thousands of gun flashes were winking and blinking from hidden places and hollows. Shells rushed through the air as though flocks of colossal birds were in flight. Amid all the noise and din of those fires of hate and hell it was certain the monotonous drone of the engine would not be heard.

Then, when the Hun lines had been crossed without trouble from "Archies," glancing back, star-shells could be seen bursting and pouring down golden rain. And as far as the eye could see, northward and southward, stretched seemingly unbroken lines of Verey lights. The enemy was also sending up his flares, as he often does, to reveal any masses of men who may be moving between his shell craters and ours.

Quickly the "eggs" were dropped on the objective, and two terrific bursts of flame indicated the explosions. Evading the beams of a searchlight that sought to pick up the machine, home and the friendly darkness were sought.

The German lines were recrossed, and, glancing below, it was seen that S O S light signals, with their little cries of color to the German gunners behind, were being sent up into the skies. It was some time ago that such lights were first seen up in the sky, and they had never ceased their winking for a single night, though now they appeared blurred in the white breath which had arisen from the wet earth.

And to pass over all this is to conceive a great admiration for these gunners, who, amid all the tumult, deafening and nerve splitting, of our batteries, work with an endurance and courage to the limit of human nature.

SOME CHRISTMAS GAMES.

Many Different Forms of Amusement For the Children During the Holidays.

Santa Claus' Reins.

This game is very exciting. Three pieces of white tape, each about an inch wide, and the length of the room, are held at one end by three children. Three others are given pairs of scissors, and at a signal the players cut the tape in half lengthwise. The one who first reaches the opposite end of the tape is the winner of that heat. The different winners contest until the champion is declared. Boys and girls, you know, love racing competitions of all kinds, and this race is one that probably they never played before.

Magic Music.

Although this is a game that perhaps the mothers and fathers played when they went to kindergarten, it still causes much laughter and is always successful. One child leaves the room and the others decide upon something for him to do on his return. The musician regulates his playing, and the child must guide his actions according to the loudness or softness of the music. It is astonishing what different tasks are accomplished after a little practice, and the children's cries of "let me go out next" prove their enjoyment of "Magic Music."

A Christmas Doll.

The idea of this game is to see who can make the prettiest doll out of a long smooth potato, two pieces of pretty colored tissue paper, some small sticks for legs and arms, and some pins. Or if you would rather pass clothes pins and let the children fashion dolls out of them, that will also answer the purpose. Place all the dolls in a row when completed, and have the children vote for their favorite one. You will be surprised to see what ingenuous results the clever little fingers produce.

A Noisy Game.

Yes, it is noisy, but the children have an idea that "the more noise, the more fun," and what mother cares if "the roof comes down" at a Christmas party? After a child leaves the room a proverb is chosen. One word of it is given to each child. If there are more children than words contained in the proverb, then two or more children are given the same word. When the child outside the room returns, a leader counts "One, two, three." At the "three" all the children shout their given word. The child must guess the proverb.

Christmas Guesses.

Suspend a large bunch of mistletoe from one of the chandeliers. The children, one at a time, stand under the mistletoe and guess how many berries there are on it. After all have guessed, the berries are counted, and the one coming nearest receives a prize. After the presents have been distributed, someone while watching the tree says, "I see something on the Christmas tree, which begins with B. What is it?" Many guesses are given until some one says "bark" and it becomes that person's turn to give a guess which begins with C and D "Candy dog" is soon guessed and the game continues until all have had a chance.

SEATTLE OFFICER TELLS OF TROUBLE

Collins was Nearly Down and Out—Gains Twenty-Five Pounds by Taking Tanlac.

"A medicine that will do as much for suffering people as this Tanlac has done for me is certainly worth recommending to the public and I can't say too much for it," said John W. Collins, of 1214 Columbia street, Seattle, while in a Bartell drug store recently. Mr. Collins has been a resident of Seattle for the past thirteen years, and is a popular member of the police force.

"When I began taking Tanlac," Mr. Collins continued, "I weighed only one hundred and fifty pounds and was in such a bad condition that I could not patrol my beat. But, I now weigh one hundred and seventy-five pounds—have gained twenty-five pounds—and am feeling fine. I have had trouble with my stomach for several years. Nearly everything I would eat disagreed with me. My food would almost invariably sour and keep me filled with gas and misery most all the time. Then sometime ago I had a fall of about thirty feet which came near putting me out of commission. On top of this I had an attack of grippe and I simply got to where I was just about down and out. My whole body seemed full of neuralgia and rheumatism and I ached all over. Every joint in me ached and the pain in the left side of my back, over my kidneys was so severe at times that I could hardly stand it. Nothing did me any good and finally I just had to give up my position, stop working entirely and do nothing but try to find relief. My sleep was very poor and I kept falling off in weight until I got down to one hundred and fifty pounds.

"Then I got uneasy about my condition, went to Colorado and stayed there for a while but never did get any better until I began taking Tanlac, and then I commenced climbing right up. I have used six bottles now and have gotten rid of all that neuralgia and rheumatism entirely and never feel an ache or a pain. My appetite is great and my stomach is in such a good shape that I can eat just anything I want without the least trouble afterwards. I now sleep like a log every night and am in splendid condition in every way. I'm going back to work tomorrow, and I cheerfully recommend Tanlac to everybody."

Tanlac is sold in Orangeville by C. V. Jeffers; in Grand Valley by G. E. Morrow, and in Shelburne by J. E. A. White.

WHO GOT THE MONEY?

Stevenson Bros.' Butcher Shop in Grand Valley Broken Into and Sixty Dollars Taken.

On Wednesday night of last week between six and half-past seven o'clock someone apparently well acquainted with the local situation, broke into Stevenson Bros.' butcher shop and got away with about $60 from the till. The burglar first tried to raise the window by means of a piece of piping extending from a gasoline engine, but finding this impossible, broke one of the window lights. After that the job was easy, walk into the store, open the cash register drawer and get the plunder. Everything points to some one particularly well used to the operation of the store, that the money was left during supper hour, and that no person was likely to come around. While the haul is sufficiently heavy, had the marauder come around a night or so before he would have fared very much better, and there is a lurking suspicion the thief had the knowledge that considerably large sums were on hand at times. Of course there is strong suspicion, but unfortunately no evidence at present to warrant any action being taken.—Grand Valley Star and Vidette.

A SOLDIER'S EXPERIENCE IN GERMAN PRISON CAMP

(Continued from Page One.)

The wounded were mostly men of the Canadian Highlanders who had gone in the day before.

Things got hotter as we got farther advanced. About midnight the shells were bursting all around us and we were losing a good many men too. At short intervals an artillery limber would dash by. The roads were absolutely strewn with all kinds of debris and the sky was a continuous blaze of artillery flashes. Our own field artillery were right along theroad firing over our heads, seemingly at very low range as the shells were cutting showers of limbs off the low scrubby trees around us. We kept on until about two o'clock when we got orders to dig ourselves in, which, believe me, we did as we were right under the German artillery on fire. We remained here until daylight when the orders came to prepare to advance. Every man was ready in an instant and out of our trench, but we soon met a terrible hail of machine gun fire.

Our men were falling like nine pins. We kept on at a double until we came into a long deep gully which took us out of the Germans' view. Our company officer then took charge and got us formed up, that is, what was left of us. There was here only the left half of the battalion, C. and D. Companies. We were sent on to reconnoitre the position, the other two companies remaining in the rear in readiness. Our officer gave the order to prepare to advance in extended order.

We were extended perhaps over about half a mile in width. Everything went all right for awhile. First, the German artillery had got us in range and certainly gave us some lead. Then we had worse than that for we very soon came into the Germans' view. Again we got it from machine guns and rifle fire, mowing us down. Then came the order to advance in short, sectional rushes. Well, I tell you I shall never forget that advance across that open plain, right in full view of well-entrenched Germans. During the mile we lost pretty heavily. At last we came up to a trench that had been dug the night before and was very thinly held by one of the Canadian battalions. We got into this, all that there was room for; the others dug what head cover they needed to half protect themselves for the time. This trench was absolutely littered with dead and wounded as well as was the vicinity about, of both Germans and our own men. I'll tell you it was awful—the shouts and wailings of the wounded and screaming of the shrapnel. It was a scene never to be forgotten. We did not rest here long. The order came along to fix bayonets, and well we knew what this meant, so we took off all superfluous kit, lightening our loads as much as possible. But for some reason the charge was never carried out. Shortly after this an officer came along asking for men who were good shots to go into an old farm house just in front of the lines. I being a very good shot, volunteered to go. Shortly six of us prepared for the dash across to the house which was to be our sniping post. Four of us reached it, the other two were wounded. We started to punch holes in the brick walls through which to fire. We got the hole punched all right, but did not do much firing, for immediately we started the enemy's artillery got range on the house. The first shell took half the roof clean off. Of course we were down stairs so it did us no harm. The next shell hit right in front of the house, blowing one end of it right in, nearly blinding us with mortar and dirt, but as luck would have it, did not hurt us much. Well, we saw right away that it was suicide to stay there any longer, so we beat it back to the trench, but only myself and one of the others reached it. A shell got the other two, killing them instantly.

We hung out there until the night of the 23rd when under cover of darkness we were extended across a field when we dug ourselves a good trench. I will not forget that night. I was sent out on outpost duty between the two lines. I was lying right in amongst a bunch of dead and wounded. I was glad when the stretcher-bearers came and took the wounded away from about my post. I could stick lying amongst the dead better. I was using them for head cover. When it commenced breaking day I crawled back to my trench, finding the boys had dug a fairly good trench, giving fair protection. We were not long in finding out that the Germans knew where it was. They trained their artillery and machine guns on it, swept it from end to end; about every minute we kept pumping the lead into them, but believe me the Germans had the upper hand of us that day. Our lads were getting it right through the head. We had to raise our heads right above the parapet to fire. We still kept on firing as we could see the Germans quite plainly in front of us. We were certainly enlarging their casualty lists. We knew for all that, that they had us outnumbered and that our only hope was reserves coming up. We heard they were on their way and to hold out at all costs. The order came along for only the best shots to fire as our ammunition was running out. It was arranged to have a good shot about every ten feet of the trench. I took my part as one and carried on until I got my eyes burned by a bursting cartridge. I had my cap punctured in three places.

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-tives"

ST. MARTIN'S, N.B.

"For two years, I suffered tortures from *Severe Dyspepsia*. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.

I tried doctors, but they did not help me. But as soon as I started taking '*Fruit-a-tives*', I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

GEORGE W. M'KIBBON.

The heartfelt sympathy of their large circle of friends is extended to Mr. and Mrs. Ed. McKibbon, Elizabeth street, and family, in the very trying loss that has fallen to their lot through the death of their son and brother, George Wallace, who succumbed to influenza and pneumonia in Tugaske, Sask., on Dec. 3rd. The young man, who was the third son of the family, went West a little over three years ago, and was following farming near Tugaske. He was taken ill just eight days before his death in his boarding house in Tugaske. Despite the illness of his own wife, who died about the same time, the proprietor, Wm. Schmidt, gave the young man every possible care, calling in a doctor and a trained nurse who remained with him until the end. His death occurred on his 26th birthday. He was a cheery, jovial natured young man who looked on the bright side of life and made many warm friends wherever he went. His death is a severe blow to the parents and other members of the family, by whom he was greatly beloved. Besides his father and mother he is survived by the following brothers and sisters: Robert A., of Star City, Sask.; William E. and Russell, of Toronto; Mrs. Wm. Allen, of Orangeville, and John and Reveria at home. The remains were brought east for burial, the funeral taking place from the C. P. R. station to Greenwood cemetery on Monday forenoon. Rev. W. M. Morris, the family pastor, conducted the burial service. The pallbearers were three brothers, William, John and Russell McKibbon, Jerry McKinney, George McKibbon and William Walker.

Among the friends from a distance in attendance at the funeral were Messrs. Adam and John McKibbon, of Shelburne; George McKibbon, of Markdale; Mrs. Wm. McKinney, Mrs. James Hall, Mrs. Richard Harrison and Miss Nellie Harrison, of Toronto. Among the floral tributes were wreaths from the family and from friends at Tugaske. The bereaved parents have received touching letters of sympathy from the nurse who attended the young man during his last illness and from the proprietor of the boarding house in Tugaske who in the midst of his own grief over the loss of his wife still found time to send a message of sympathy to others who were mourning the loss of a loved one.

CALEDON.

Rev. T. R. White held a memorial service in the Township Hall on Sunday afternoon last for Pte. Arthur Gilbert, who died a prisoner of war in Germany on Oct. 13th, and Pte. George Rennison, who was killed in action on Nov. 6. The hall was beautifully decorated with flags and bunting, having been fixed up by the reception committee for this occasion, and also to receive our returning heroes.

Rev. Mr. White read two very touching letters, one from a chum of Pte. Gilbert, who paid a warm tribute to his soldier comrade, and one from Pte. Rennison's mother, which was written to Mr. Geo. Laughlin, informing him of her son's death, and thanking him for his kindness to her son while in his employ.

L. O. L. No. 250 attended in a body to pay their last respects to Pte. Gilbert, who was a valued member of this lodge. Rev. J. Burkholder assisted in the service and the singing was led by a union choir.

If ye break faith with us who died
We shall not sleep though poppies grow
In Flanders' fields.

Pte. Wm. Woodland, who has returned from the front only a short time ago, visited his sister, Mrs. H. Stuckey, last week.

Corporal Wm. McCormick arrived home on Monday evening and was given a rousing reception. Willie left home some eight years ago for the West and enlisted with a Western battalion on the outbreak of war. He saw some of the severest fighting of the last four years and was wounded about a year ago, and has been in Blighty until he left for home. Corp. McCormick speaks very highly of the treatment he received in England, both while in training and while in the hospital.

Caledon U. F. O. loaded stock on Monday last; Messrs. Bell & Potter on Tuesday, and Lemon Bros. are shipping a car load of their own stock today.

Mr. Wm. Harris has not yet completed his rounds as thresher and is repairing a disabled engine.

Mr. H. Stuckey is installing a Delco lighting system and will soon be letting his light shine.

CAMILLA.

Miss Maggie McNaughton is visiting Mrs. Alex. Bell.

We regret to report that Miss Nettie Lyon is again ill. We all wish her a speedy recovery.

The Women's Institute met at the home of Mrs. Hilliard Anderson last Wednesday. They decided to have their annual Christmas entertainment in the form of a chicken pie social. As the ban still remains on public meetings, they are arranging to have it New Year's night. The Girls' Club will give a play entitled, "The Fruit of His Folly." Watch for particulars later.

The sympathy of this community is extended to Mrs. Duke in her trying bereavement.

MR. CHAS. BAUGHMAN.

The death of Mr. Charles Baughman, a former resident of Orangeville, took place in the Western Hospital in Toronto early on Saturday morning after a short illness from pneumonia. Deceased was taken ill at his late home, 684 Crawford St., early in the week and was removed to the hospital on Thursday morning. Mr. Baughman, who was in his 69th year, was born in Erin township and had lived in Marsville and Orangeville before moving to Toronto about twelve years ago. He was a quiet, industrious man, with a strongly religious temperament. He was identified with the Methodist church and took a lively interest in church and religious topics and discussions. Mrs. Baughman died about a year ago. The surviving members of the family are a daughter, Mrs. Richard Dynes, of Amaranth, and two sons, Eric and Wesley, of Toronto. Rev. Mr. Corrigan, pastor of Centennial Methodist church, Toronto, held a funeral service at Miles' chapel on Sunday night. The remains were brought to Orangeville for burial on Monday morning, the funeral taking place from the C. P. R. station to Greenwood cemetery shortly after the arrival of the train from Toronto. Rev. E. R. Young conducted the burial service.

MRS. CAROLINE GROATE.

The death of Mrs. Caroline Groate, widow of the late James Groate, who died in Orangeville a number of years ago, occurred at the home of her son, Mr. John E. Groate, of Oshawa, early on Friday afternoon at the age of 67 years. The deceased had been in poor health since September and suffered a good deal from weakness and a general feeling of weariness. Her death was due to a breaking down of the system, consequent upon her advancing years. Mrs. Groate was born in the village of Solina, Durham county, and was a daughter of the late Mr. and Mrs. Geo. Washington. Her husband was a school teacher and taught in the Farmington school in Amaranth for a number of years. She is survived by the son already mentioned and two brothers, Dr. Nelson Washington, of Milwaukee, and Mr. Alvin Washington, of Farmington. A funeral service was held at her son's home at 382 Short Celina, South Oshawa, on Sunday, by Revs. Garbutt and Truskett. The remains were brought to Orangeville for burial, the funeral taking place from the C. P. R. station to Greenwood cemetery on Monday morning. Rev. E. R. Young officiated at the grave. The pallbearers were Messrs. J. M. Bennett, Jos. Pattullo, Wm. Hughes and John Mills.

Fire in the open air skating rink caused unusual excitement in the village on Monday afternoon. The bucket brigade was hastily organized and did valiant service fighting the flames. The volunteer fire fighters, who consisted of practically all the able bodied men and boys of the village, managed to save the dressing room and keep the flames from getting a hold in buildings adjoining the rink. Unfortunately they were not able to save the grand stand or the fine automatic organ which Mr. Evans installed about a year ago. These were both destroyed and as they were not insured the loss is serious for the proprietor, Mr. A. E. Evans. The organ, which was a very fine instrument, cost about $800. Much sympathy is felt for Mr. Evans, who has been giving the people of Alton excellent service since he took over the rink. The origin of the fire is somewhat uncertain, although it is generally attributed to defective wiring.

All borrowers and readers of the Alton Public Library will kindly return books they have out not later than Saturday, Dec. 21st. All persons keeping books out after the 21st will be fined 10 cents a week. By order of the Library Board.

Misses Helen White and Kathleen Calhoun, of Shelburne were guests of Miss Susie Clark over Sunday.

Last week Mrs. (Rev.) T. R. White attended the meeting of the Executive of the Provincial Women's Christian Association during its four days' sesion in Willard Hall, Toronto.

On Sunday, Dec. 22nd, the anniversary services of the Methodist church at Alton will be held. Rev. W. N. Carr will preach at 11 a.m. and Rev. T. R. White, the pastor of the church, at 7 p.m. On Sunday evening, December 29th, a memorial service will be held in the Methodist church for Pte. William R. Dean, son of Mr. S. A. Dean, and Pte. James Simpson, son of Mr. T. Simpson, who were killed in action in France.

ALTON.

The flu epidemic is abating and there is now every prospect that our village will now soon be entirely free of this dread and dangerous malady.

Business has continued unexpectedly good considering the amount of sickness there has been in the village and vicinity.

The churches, which have been closed down for several weeks, re-opened on Sunday. The Sunday Schools will not re-open for a few Sundays.

Wallace James Flaherty, the little son of Mr. and Mrs J.ames Flaherty, of the 15 Sideroad, passed away on Wednesday morning of last week after only 36 hours' illness from influenza and pneumonia. The child was 3 years and 7 months of age. Interment took place at Silvercreek cemetery the same day. The sympathy of the neighborhood is extended to the bereaved parents.

It is not expected that the village school, which has been closed since shortly after Thanksgiving, will open up again until after the Christmas holidays.

Mr. J. M. Dods arrived home on Saturday morning after a week's absence on a business trip to Winnipeg. We congratulate Mr. Dods on his advent to the dignity of a grandpa.

Macdonnell — In Goderich, on Thursday, Dec. 5th, 1918, to Dr. and Mrs. H. Macdonnell (nee Muriel Dods), a son.

Miss Amanda Delaney spent a few days in Toronto last and this week.

Mr. Roberts, of Inglewood, has rented the Alton hotel and moved in last Friday and Saturday. We understand that the new landlord is an experienced hotelman. We are pleased to see the hotel open again and wish Mr. Roberts the best of success in his undertaking.

Mrs. Leigh Butler is home from Dundas until after the New Year on account of the closing of the schools in that town.

Mr. A. E. Evans is busy getting the rink in shape and expects to have it ready for skating in the course of a few days. Mr. Evans made a success as manager last season and we are pleased to see him in charge again this year.

Mr. W. O. Chantler, of Stratford, has purchased and taken over the stock and general merchandise business of the late S. A. Shaw, Alton. Mrs. Chantler and family arrived on Friday night and are busy getting settled in their new home. Our new merchant is a hustling business man, and withal a hale, well met fellow. He should make a worthy successor to the late proprietor and we look to see the business flourish under his management. He has our best wishes for success.

The new town hall is now practically ready for use. With such a fine floor available for "at homes" and like social functions we expect that dancing will be a popular pastime with the people of Alton during the coming winter.

Mr. D. C. Worts, our druggist, was in Toronto for a couple of days last week buying Christmas goods.

Ted Dorrington spent last Friday in Orangeville.

The munitions plant has closed down so far as the manufacture of shells is concerned. The office is still open and a few men are employed cleaning up in the plant. We understand that the company has plans well under way for turning the building into some other line of manufacturing. We hope this will be done as most of the employees are residents in our village and would be available for factory work.

Mr. Herb Storey, who has been quite seriously ill with pneumonia, is getting along nicely now and may be considered fairly on the way toward recovery.

A service of Thanksgiving for peace was held in the Methodist church on Sunday evening and was attended by a large and devoutly thankful congregation. Rev. T. R. White, the pastor, delivered an excellent thanksgiving address, dwelling on the importance of the victory won by the Allies and the many blessings that might be expected to follow the return of peace.

Rev. T. R. White was informed a short time ago of the death of his nephew, Pte. F. R. Bell, son of Mrs. Jas. E. Bell, of Meaford. The young soldier was killed instantly by a bursting shell on the Western front on Sept 25th. He was 25 years of age and had been in France about three years. We understand that he met his death in the battle of Bourlon Wood.

Mr. Wylie Houston, our miller, is doing a rushing business these days. The farmers seem to like Wylie's methods and bring him their chopping trade from a considerable distance. He also buys large quantities of grain and has the reputation of paying just a little better prices than buyers in neighboring places.

The munitions inspectors are all away with the exception of the chief inspector, Mr. O. J. Davis, who will likely be here until after Christmas.

Mr. W. J. McIver, our tonsorial artist, has been having his share of trouble lately owing to the illness of his wife and family All are now recovering and Mr. McIver will soon be able to give his business the usual amount of attention. He expects to re-open his billiard parlor, which has been closed down for some time, almost any day now.

Mr. and Mrs. J. A. Lovell have had a couple of letters from their son, Charlie, who is in England with the Royal Air Force. He was well when he wrote, but was not sure that he would be allowed to return home. He and some of the other Canadian aviators may be kept with the Imperial air service permanently.

Mr. Art. McLachlan is home from Brampton, where he has been working in a munitions plans since last midsummer.

ELECTRICITY USED TO EXTRACT OCEAN SALT

It is stated that experiments in Norway with a view to extracting salt from sea water by means of electricity have been successful and that two salt factories will be started for this purpose in the near future, under the name of De Norske Saltverther. One is to be in western Norway and the other in northern Norway, as these districts, on account of the fisheries, are the best home markets.

Each factory is calculated to produce 50,000 tons of salt per year for a start, but they will be so constructed that the production can be doubled, if necessary. Besides the salt, certain by-products will be produced. The capital of the two factories will be 20,000,000 crowns ($5,360,000). Each of them will use about 6,500 horsepower for the normal production.

During the war it has been difficult to get salt from abroad and sometimes it has been impossible to salt down the fish. The new salt works should greatly improve the situation.—Fishing Gazette.

LEARN FROM MISFORTUNE.

Like most misfortunes, the recent epidemic of influenza has not been an unmixed evil. It has served to draw attention to unsanitary and wretched conditions, especially in the larger cities, that must be eradicated. Visiting nurses and others engaged in relief work found so-called homes where hygiene was as foreign as it is among the Eskimos. And the number of such homes was astonishingly large. Already steps have been taken in some places to right these conditions, but it is a difficult task to reach the root of such evils. Education is, undoubtedly, one of the best and surest remedies, education in the art of homemaking, in the need for community, industrial and personal cleanliness, in the causes and the prevention of disease. It may be a long process, but conditions should be such that individuals who insist on remaining in ignorance of these matters, or who disregard them should be punished, because they are a menace to the health and well-being of society.

Agencies, such as the medical profession, the St. John Ambulance Association, the Local Councils of Women, or other organizations of men or women which have at heart these problems of public health should be encouraged to renew and increase their efforts in spreading a knowledge of home hygiene and preventive medicine generally.

LAUGH FOR JOY.

AN ENGLISH ESTATE.

Wealthy Lord Has 400 Deer in His Park—Gunner Geo. G. Atkinson Writes Interesting Descriptive Letter.

Mrs. W. J. McMaster, of Snelgrove, has received the following well-written letter from Gunner Geo. G. Atkinson, a former teacher in the Mono College school:

Witley Camp, Nov. 20, 1918.

Dear Mrs. McMaster,

I have been going to write to you for almost two weeks now but something always seems to happen and I never get started. However, I will try and write a few lines tonight.

I received last week a lovely parcel from you and wish to thank you sincererly for the same. It was certainly kind of you to go to so much trouble, especially when I gave you so much trouble. Everything was in good condition even to the apples Five of them were perfect and the sixth only had a bruise about the size of a five-cent piece. It is certainly wonderful how they could keep the way they did. When I ate the first one of those apples, it was the second one I had eaten since June 18th, the last day at Streetsville.

I have been transferred to the 3rd Can. Heavy Battery, which I expect will go into Winchester on Wednesday, Nov. 7th for training. We will finish our training there before leaving for France.

Well, Mrs. McMaster, I have been in the army six months today, and as I told mother it seems like two. I have not had many hardships as yet. I guess I am one of the lucky ones because about nine fellows out of ten will tell you they have many complaints to make about the way they are treated in the army. None of the accommodations are like they were at home, but you couldn't expect that to be the case. If it were, there are many fellows who would not want the war to finish because they would be happier than they were in civil life. Of course I don't deny there are certain odious torments of this life which I can not stand, but they are only minor problems and can easily be put up with.

I have been pretty near lost this last week because my chum and I were parted. He was put on draft for France and when I tried to get with him they could not take me as they had picked out a certain number. He was only in France three days when he was hit in the knee and sent to a hospital in England. When I heard last they did not know whether they would have to amputate his leg or not. It certainly makes a fellow do some deep thinking because it was only a chance that I was not sent with him. It brings home more and more the thought "there is a Divine Hand guiding us," and with the thought comes the question, "will we be ready if we are called?"

The war situation is very favorable just now and many prominent men on this side are willing to wager it will be over by Christmas of this year. Let us hope so at any rate, because the whole world is tired of the terrible slaughter which has been going on for over four years. By tonight's paper I see Germany now stands alone against practically speaking the whole world. How she can possibly hold out much longer than this year I don't know. I don't suppose she will want to accept the Allies' terms but if she chooses war she must in the end suffer complete defeat. If the Kaiser and his family abdicate, the German people may possibly see that they can gain nothing by continuing the war.

We have been having a very easy time for the last two weeks or so. Almost every day one of our lieutenants takes us for a route march. We visit some of the beautiful places of interest in the vicinity of the camp. One day last week we visited Lord Pierre's estate, which ay readily be described as one of the stately homes of England. The estate contains about 5,000 acres of land. He has a large number of acres set aside for a deer park. He owns about 400 deer and the day we visited the estate they were feeding together on the side of the hill. When they heard us come marching along up went their heads. They stood pawing and stamping the ground for a moment and then they started to run. They cleared bushes, ditches and fences with a bound and did not stop until they were at a safe distance. He also has a pheasant park and a wild duck pond. The pond is three or four miles in circumference and has many flocks of wild ducks on it. The most interesting part of the pond, however, is the fact that there is a passage leading from the edge of the pond under the water to the centre. In other words a person can walk under the pond and come up at the centre. I expect Lord Pierre used this when he wanted to shoot some of the ducks.

Well, Mrs. McMaster, my letter is getting rather long, so I guess I will have to close. Remember me to the rest of the family. Again thanking you for your parcel, I remain,

Yours sincerely,
GEO. G. ATKINSON.

NEEDED SYMPATHY.

Sympathetic Old Lady (to convict)—"Oh, my unfortunate friend, your fate is indeed a hard one. As she thinks of you here in this dreadful place, how your wife must suffer."

Convict (very much affected)—"Yes'm, and there are two of 'em, mum. I'm here for bigamy."

DIDN'T SEEM NATURAL.

The moving picture director was having trouble in getting one of the scenes right. The girl was supposed to resist an attempt to kiss her, but the rehearsal was far from satisfactory. "Think, now," said the director, coaching her: "Haven't you ever tried to stop a young man from kissing you?"

"No," was the girl's frank reply.

JAMES LANG.

Sketch of Career of Former Erin Man Who Died in Sundridge, Ont.

James Lang, born in Erin township, County of Wellington, on the 19th of March, 1859, was the son of the late James Lang, Somersetshire, King's County, Ireland, and grandson of the late Sergeant William Wansborough, who served under the Duke of Wellington during the Napoleonic wars. Sergeant Wansborough with his Regiment, the 14th Light Dragoons, acted as bodyguard to King George III. and had the honor of carrying the colors at Lord Nelson's funeral.

On the 26th of Oct., 1890, Annie E. Falconer, daughter of Simon Falconer, Orangeville, became the wife of James Lang. The following fall the family moved from Erin to Sundridge where they have since resided.

Four children were born to them, the youngest, Edith Jane, was taken at the age of eight months, in February, 1902.

Mr. Lang was a strong, healthy man until three and one half years ago when he was stricken with a paralytic stroke. This disease did not entirely incapacitate him and for some time he was able to go about a little. During this time he took a great deal of pleasure out of his favorite pastime, fishing, and of chatting with his many friends, who never failed him.

The last four months of his illness he was confined to bed and throughout it all was uncomplaining, with always a smile and a hand clasp for his friends.

At last, early in the day of October 15th, he passed quietly away.

Deceased leaves to mourn his loss his wife, two daughters, Mrs. R. Hill and Augusta M. Lang, Sundridge, and one son, Pte. L. D. Lang, who has been in France since May, 1917; four sisters, Mrs. Robt. Houston and Mrs. H. Lemon, Alton; Mrs. R. Harkness, Hillsburg, and Mrs. Wm. Wheeler, Erin, and two brothers, John and George Lang.

Friends from a distance who attended the funeral were: Mr. and Mrs. Wm. Wheeler, Mr. Frank McAlister, Erin; Mrs. R. Harkness, of Hillsburg; Mrs. H. Cochrane, Sergt. T. Houston, Toronto. — Sundridge Echo, Oct. 31st.

HIS THIRST EXPLAINED.

Uncle Seaman—"When I come to the surgeon he says to me I'm blooming sorry, mate, I don't know what I was thinking about," he says, "but there's a sponge missin'," he says, and I believe it's inside yer."

"'What's the odds?' I says. 'Let it be.' And there it is to this day. No, I don't feel no particular pain from it, but I do get most uncommonly thirsty."

Mulmur Young Man on Trial for Perjury.

Dufferin County Court and General Sessions of the Peace opened before His Honor, Judge Fisher, at one o'clock on Tuesday afternoon.

A young farmer named William J. Sproule, son of Mr. and Mrs. Jonathan Sproule, w½ lot 11, Con. 2, east, Mulmur, was indicted before a Grand Jury on a charge of perjury. The accused was in the class of young men called up for military service under the Order in Council of April 20th, 1918. On June 7th he secured leave of absence on the strength of a sworn declaration in which he stated that he was the sole support of his parents. It is stated that the parents are the owners of a 200 acre farm valued at $11,000 or $12,000 and were able to invest $1,300 in a new automobile last summer. When the circumstances became known legal proceedings were instituted against young Sproule, charging him with perjury. The preliminary hearing took place before Magistrates Hall and Falconer, of Shelburne, about six weeks ago, when the accused was sent up for trial. On Tuesday the Grand Jury returned a true bill on both counts of the indictment. The trial commenced immediately with County Crown Attorney J. L. Island prosecuting and Mr. C. R. McKeown acting for the defence. The jury were out considering their finding when The Banner went to press.

The only civil case down for trial is that of the Dufferin Farmers' Mutual Fire Insurance Co. vs. Edward Greer, a Mulmur farmer. Plaintiffs paid the defendant $75 insurance for a cow, which he claimed had been killed by lightning. The company claims that Greer misrepresented the cause of the animal's death and has brought suit to recover the money. The case went to trial yesterday afternoon. T. R. Ferguson, K. C., and Harcourt Ferguson, of Miller, Ferguson & Hunter, Toronto, for plffs.; W. D. Henry, of Lucas, Raney & Henry, Markdale, for deft.

FLU IN ORANGEVILLE.

A number of alarmist and sadly exaggerated reports have been circulating in the country regarding the number of "flu" cases in Orangeville. Some of these make it appear that there are as many as 300 cases in town. This is a gross exaggeration of the facts. There has been considerable influenza in the town for the last two or three weeks, but it was nearly all of a mild type and there was no danger where the patients exercised reasonable care. No new cases have developed within the last few days and the doctors say that the few local cases that now exist are all clearing up nicely. The schools could be re-opened without any special danger, but it has been thought advisable to keep them closed until after Christmas to guard against all possibility of a recurrence of the malady. Meanwhile business as usual is the motto on Broadway and country people need not have the slightest hesitation about coming to town to do their shopping. There have not been more than three or four cases along Broadway since the malady made its first appearance and none at all within the last two weeks.

NOT THE SAME.

Through a similarity in names a wrong impression has been created which may cause a great deal of harm. A few days ago it was reported in many papers that the Montreal Herald had gone into liquidation. The news was true but the public should know that the paper in financial difficulties had no connection whatever with the great Weekly paper called The Family Herald and Weekly Star. The latter paper is published by The Montreal Star Publishing Co., and is known in almost every home in Canada. In justice to our confrere we make this announcement. The Family Herald and Weekly Star is one of the strongest papers on the Continent. The word "Family" should not be omitted when addressing that paper.

NOTICE RE ACCOUNTS.

As I have disposed of my general store business to Mr. George Kaake, I wish to notify my customers and others who may be indebted to me, that all accounts owing to me must be settled on before January 1st. Persons who owe accounts will do me a favor by settling them on or before that date. Accounts not settled on or before January 1st will be placed in other hands for collection, which of course means that expenses of collection will have to be added.

SIXTY YEARS WEDDED.

Mr. and Mrs. Charles Miller, of Waldemar, celebrated the sixtieth anniversary of their wedding day on Nov. 3rd last. The most of the children and grandchildren were present, but some of them were unable to come on account of the present epidemic. Those present were Mr. and Mrs. James Miller, of St. Catharines, and family; Mr. and Mrs. Elden Webber and Mr. and Mrs. and Miss Viola Mann, of Welland; Mr. and Mrs. Grey, of Laurel; Mr. and Mrs. Israel Miller and family, of Mono, and Mr. and Mrs. Wm. Lovell, of Waldemar. A very pleasant afternoon and evening was spent at the old home by the family, and a few days afterwards the old couple broke up house and have moved to the residence of their son, Mr. Israel Miller, of Mono. Mr. and Mrs. Miller look hale and hearty and we hope that they may live to enjoy many more years of wedded life.

DUFFERIN HOUSE STABLES.

Robert Cook, who is well known to the people of this locality, has taken over and will conduct the stables connected with the Dufferin House. This hotel is being refitted and has now splendid accommodation for ladies who come to town to do their shopping. Mr. Cook promises first-class stable service and assures his patrons that their instructions will receive prompt and careful attention.

ORANGEVILLE CURLERS.

The annual meeting of the Orangeville Curling Club was held in Mr. A. A. Hughson's office on Friday night. Officers were elected as follows: Honorary President, Judge McCarthy; President, W. E. Irvine; Vice-President, E. G. Bingham; Treasurer, A. A. Hughson; Secretary, W. C. Hopkins; Property Committee, Dr. Rooney, D. McLean and J. Z. Henry. It was decided to join the Ontario Curling Association and to participate in Tankard and District Cup games. New members are urged to hand their names to the secretary as soon as possible as all members must be registered with the secretary of the Ontario Curling Association.

GOING TO FORT FRANCES.

Miss Sada McIntyre, teacher of Art and Commercial work in the High School, has tendered her resignation to the Board and has accepted an engagement to teach in Fort Frances at a considerably increased salary. Miss McIntyre will leave town at the New Year. Her departure will be deeply regretted by her numerous friends and well wishers. She was active in social and church circles, being a valued and useful member of St. Andrew's church, where her influence made itself felt in S. S. and Young People's work.

BRYAN-SANDERSON.

At the home of the bride's father, Andrew street, Shelburne, on Wednesday, Nov. 27th, the marriage took place of Miss Mabel M. Sanderson, daughter of Matthew Sanderson, to J. J. Bryan, of Amaranth Station. The ceremony was performed by Rev. J. B. Backus, pastor of the Congregational church, at 3 p.m. in the presence of a few immediate relatives. The newly-married couple left that evening for their home at Amaranth Station.

TIRED AND DISCOURAGED

Mrs. Warren Randles, Rothesay, Kings County, N. B., writes: "I have three small children and had to stay in the house all winter. So when the spring came I was all run down doing all my work and looking after the children. Felt all tired out, and looked on the gloomy side all the time. I decided to try Dr. Chase's Nerve Food and the results were most satisfactory. I feel fine now, and am recommending the Nerve Food to others."

BAPTIST CHURCH.

Services on Sunday, Dec. 14th, as follows: 11 a.m., "The Church and State." "Would the Church for one moment allow the State to dictate her doctrines or direct her policies? No! Forever, no! We must obey God rather than man. Then, if the State cannot dictate to the Church, what right has the Church to dictate to the State? The Edict of Milan, 313 A.D., by Constantine, was one of the great epochs in the history of Church and State. It commenced the struggle between Church and State, and led to misunderstanding of ecclesiastical and civil relationships. 7 p.m., "God's Meeting Place." 2.30 p.m., Sunday School. Tuesday, Dec. 17th, Bible Study Thursday, Dec. 19th, Prayer meeting. You are cordially welcome.

ST. ANDREW'S CHURCH.

Rev. J. H. Turnbull, of High Park church, Toronto, will preach at the anniversary services in St. Andrew's church next Sunday. The subject for the morning sermon will be "The Carcas and the Vultures," and for the evening "The Iron Gate." Rev. Mr. Turnbull is a former Mono and Orangeville boy and his many old friends will welcome this opportunity to hear him in the pulpit.

There will be a mass meeting of Presbyterians in St. Andrew's church on Monday afternoon and evening, in the interests of the Forward Movement. Representative men and women are expected from Grand Valley, Waldemar, Laurel, Mono Mills, Camilla, Caledon and Alton. The ladies of the church are arranging for a congregational supper on Monday evening at 6 o'clock. Every family is expected to bring a basket. The visiting friends are invited to be guests and have tea with St. Andrew's people.

THE METHODIST CHURCH.

The Epworth League renewed its sessions last Monday night with a very good attendance. Mr. William Kearns was in the chair. The subject under consideration was "The Call of the Community," which was one aspect of the general subject of "A Young Christian's Obligations." The topic was taken by the pastor, Rev. E. R. Young, who gave a general survey of the conditions we find in a community today and the attitude which a young Christian should assume towards these conditions.

An interesting meeting is promised at the League next Monday evening. Do not miss it. If you do not belong to any other young people's society, join this one.

The Methodist Sunday School workers are busy on their Christmas entertainment and, all being well, it will take place on Friday evening, Jan. 3rd, 1919.

Next Sunday the Rev. W. W. Wallace, B.D., of Shelburne, will occupy the Methodist pulpit.

PERSONALS.

Mr. Wesley Baughman, of Toronto, and Mr Donald Gillis, of Maxwell, were here on Monday attending the funeral of the late Chas. Baughman.

Mr. John E. Groate, of Oshawa, was in town on Monday attending the funeral of his mother, the late Mrs. Caroline Groate. Our former townsman, who has taken on considerable avoirdupois since he left here, has a good position with the Chevrolet Motor Co.

Mr. Clifford Storey, son of Mr. and Mrs. Chas. Storey, of Caledon, arrived home recently after three months' absence in the West.

Miss Berniece Simpson left on Monday morning for an extended visit at the home of her uncle, Mr. W. J. Bell, Kemptville, Ont.

Mr. H. F. Clarridge, of the Shelburne Economist, gave The Banner a pleasant call on Tuesday. Mr. Clarridge was a juror at the County Court.

Mr. Bert McFadden, foreman of the Wiarton Canadian Echo, gave The Banner a brief call while passing through town on Tuesday on his way north. Mr. McFadden was called to his former home at Elmvale last week by the serious illness of his mother.

Mr. and Mrs. J. H. Simpson, West Broadway, left on Monday for Toronto, where they intend to spend the winter.

Mr. R. B. Coulter, of Cataract, was a caller at The Banner office while in town on Monday.

Mr. Edward Delaney, of New Lowell, was in town for a few days last week. We understand that Mr. Delaney and family are likely to move back to Orangeville next spring.

Mr. A. J. D. Collier, of Mortlach, Sask., visited his mother, Mrs. A. Collier, West Broadway, for a few days last week. We are pleased to learn that Mrs. Collier is recovering from her severe illness.

Messrs. Samuel and Mark Irwin, of Toronto, have been visiting their parents, Mr. and Mrs. J. B. Irwin, for the past week.

Mr. Newton Myers, of Maple Grove, is attending County Court here this week in the capacity of juror.

Mr. and Mrs. Walter Yokom, of Dollard, Sask., are visiting Mr. and Mrs. Jos. Matthews and other friends in the vicinity of Orangeville. We understand that Mr. Yokom, who is a well-to-do Western farmer, has disposed of part of his farming interests in the West and intends to make his home in this part of Ontario, probably in Orangeville. On their way east Mr. and Mrs. Yokom visited Mr. and Mrs. J. E. Jenkins, Mr. and Mrs. W. A. Island and Mr. and Mrs. G. A. Hillock, all former residents of this district, and report that they were all in good health and getting along well. The flu had been bad in Dollard in the early part of the autumn, but was pretty nearly stamped out when they left.

Messrs. Jos. Duke and Fred Newton, of Melancthon, were here on Saturday attending the funeral of the late George Duke, Prince of Wales Road.

The Banner had a pleasant call on Tuesday from an old-time friend in the person of Mr. M. H. Denton, of Saskatoon, who is spending a few weeks visiting friends here and in Toronto. Our former townsman is looking well despite the hardships he experienced during the two years he spent overseas. His hearing has suffered somewhat from the effects of shell firing and he has a crippled hand as a result of a shrapnel wound, but otherwise is looking and feeling well. Mr. Denton was in one of the Red Cross hospitals in England when it was bombed by a German air squadron. Several of the women nurses were killed and wounded by the bursting shells. This he describes as the most heartrending sight he witnessed either in England or France. Mrs. Denton is east with her husband, but is at present in Toronto. She will visit Orangeville a little later. Their two daughters, Helen and Mona, are well and are both holding good positions as tellers in Saskatoon banks.

CARD OF THANKS.

Mr. Malcolm McCormick wishes to convey his sincere and grateful thanks to his neighbors and friends for the kindness and sympathy so freely expressed at and since the death of the late Mrs. McCormick.

CARD OF THANKS.

Mr. and Mrs. S. A. Dean, of Alton, wish to extend their sincere thanks to their friends and neighbors for the great kindness shown them and the many messages of sympathy in connection with the death of their son, the late Pte. W. R. Dean, who was killed in action on October 20th last.

CARD OF THANKS.

Mr. and Mrs. Wm. Bradford and family wish to thank their friends and neighbors for the many kindnesses shown their daughter and sister in her long illness and also to acknowlege with sincere appreciation the many expressions of sympathy received during their recent sad bereavement.

Amaranth St., Dec. 5th, 1918.

CARD OF THANKS.

I wish to tender my hearty thanks to my customers and the people of the Mono Centre neighborhood generally for their generous patronage and the pleasant business relationships that their friendliness and good will has made possible during the years that I have been in business in Mono Centre. I also desire to bespeak for my successor, Mr. George Kanke, the kindly and considerate treatment that I have always received.

AN ENDURING MEMORIAL.

Monuments Should Be Erected to Soldiers Who Played Their Part in the Great War.

The thought underlying the following item which we reproduce from the Collingwood Bulletin is deserving of consideration in connection with the various plans now being suggested for suitable memorials to our fallen heroes:

"In many places there is talk of raising memorials to the fallen soldiers. This is a worthy motive and should not be discouraged, but while we remember the dead we must not forget the living. A beautiful monument, for example, is a fine token of respect to those who gave their lives today for our tomorrow, yet a combination might be effected whereby a memorial would be established that would serve the double purpose. One suggestion for Collingwood is to provide an endowment for the hospital, sufficient to insure returned men hospital attendance and service in years to come. This would stand as an enduring memorial, always a reminder of those who died that others might go on enjoying the liberties and freedom of free men and at the same time bearing recognition of the services rendered by those who were privileged to take part in the struggle and return."

THE EUGENIA SYSTEM.

Development One of the Most Interesting in Ontario.

The following description of the Eugenia Power system from which Orangeville receives its supply of hydro power, appeared in a recent issue of the Electrical News:

This system obtains power from a hydraulic generating station constructed at Eugenia on the Beaver River and was placed in service in November 1915. Extensions are now almost completed to provide double the output. This development is one of the most interesting in Ontario, and has the distinction of having with one exception, the highest hydraulic head of any plant in Canada, being 552 ft. gross. It is also one of the highest heads in the world using reaction wheels.

The first installation consisted of two 2250 h.p. turbines each direct connected to 1410 kv.a., three-phase, 4,000 volt., 60 cycle, 900 rev. per min., horizontal shaft generators having neutral grounded without resistance. The extensions cover enlargement of the building to accommodate two additional generating units, one of which is now being installed, and for double high-tension and low-tension busses, and for six 25,000 volt. feeders. The new unit consists of a 2 810 kv.a., three phase, 60 cycle, 720 rev. per min. horizontal maximum-rated generator direct connected to a 4,000 h.p. turbine.

The success of this development depended upon the storage of the water of the Beaver River and for this purpose two large storage dams were constructed. From the head works, a wood stave pipe 46 in. in diameter which conducts the water 3,400 ft. to the Johnson differential surge tank which is 105 ft. high. From this tank a 52 in. diameter steel pipe is carried 1,550 ft. to the power house, which is a brick building 69 ft. wide, 112 ft. long and 34 ft. high above the generator room floor. Actual tests made at this station after the first installation was completed in 1915 gave an overall full load efficiency of 80 per cent. which shows how carefully the design was worked out.

Additional power for the Eugenia system will be obtained, when required, by the construction of further water storage systems and of a second pipe line at the Eugenia Falls development and the installation of a fourth unit, also by the construction of a station on the Saugeen River near Lake Huron which, operating in parallel with the Eugenia Station, will make available a total output for the system of 15,000 h.p.

The Eugenia system comprises 245 miles of 22,000 volt. circuit 176 miles of lines, supplying sub-stations at the points shown on accompanying diagram, and 50 miles of 4,000 volt circuits. This system is connected to the Severn system by means of a single-circuit, three-phase tie line from the Eugenia generating station to Collingwood, a distance of 24 miles. By means of this tie line and the tie line from Wasdell's Falls to Big Chute mentioned above, the Eugenia, Severn and Wasdell's systems are paralleled. The generating station of the town of Orillia on the Severn River at Swift Rapids near Big Chute is also connected into the Severn system.

LEGEND OF THE CHRISTMAS TREE

Story of the Christ Child Bringing Peace and Happiness to All Good Children.

Two little children were sitting by the fire one winter's night. All at once they heard a timid knock at the door and one ran to open it.

There, outside in the cold and darkness, stood a child with no shoes upon his feet and clad in thin, ragged garments. He was shivering with cold, and he asked to come in and warm himself.

"Yes, come," cried both the children, "you shall have our place by the fire. Come in."

They drew the little stranger to their warm seat and shared their supper with him and gave him their bed while they slept on a hard bench.

In the night they were awakened by strains of sweet music and, looking out, they saw a band of children in shining garments approaching the house. They were playing on golden harps, and the air was full of melody.

Suddenly the Stranger Child stood before them no longer, cold and ragged, but clad in silvery light.

His soft voice said: "I was cold and you took me in. I was hungry, and you fed me. I was tired and you gave me your bed. I am the Christ Child wandering through the world to bring peace and happiness to all good children. As you have given to me, so may this tree every year give rich fruit to you."

So saying, He broke a branch from the fir tree that grew near the door and He planted it in the ground and disappeared. But the branch grew into a great tree and every year it bore wonderful golden fruit for the kind children.

SLESWICK.

Seldom in the minds of the inhabitants did so sad a message flash into the neighborhood as did a few days ago when the news came over the wires that Mrs. Munson Jenkins had passed into the Great Beyond. The news came like a thunderbolt; hopeful hearts were in an instant turned to hearts of sadness. Deceased had been ailing for some time at her home in Caledon, and had been taken to Lord Dufferin hospital where every hope was held out for her recovery, but the Golden Gates of Heaven had been slowly opening, the angels beckoning and in the twilight of the 26th of November were sent by the Heavenly Father with the message, "Come thou good and faithful servant, enter now into the kingdom of Heaven." Thus her spirit was taken while in what appeared to be a peaceful slumber. Plucked life a flower in the prime of life, being only 26 years and 10 months of age. She leaves a bereaved husband and three small children to mourn her loss, besides a widowed mother, one sister and one brother, Harry, who, despite his tender years, volunteered to fight for his mother and sisters, and will return a sad young hero at the loss of his sister and companion. The funeral took place from the home of Mr. Edward Jenkins, Mono, and despite the inclement weather, was attended by a large number of friends and neighbors. The casket, which bore a beautiful broken circle, was borne by four of the bereaved husband's brothers and two of the departed wife's uncles, and tenderly laid to rest in the Forest Lawn cemetery. Deceased had a most cheerful disposition and was very highly respected in this neighborhood. The broken hearted husband and little children have the sincere sympathy of the entire community and long will tender memories of the departed one cling to those who knew her best.

HISTORY MADE BOTH INTERESTING AND EASY

List of Twenty Books on History of Great Britain and Canada Which Canadians Should Read.

To the Editor of The Banner,

Dear Sir,—One result of this world war ought to be a renewal of interest on the part of our people in the history of England and Canada, to understand the growth of power and liberty and the development of the spirit that has come so triumphantly through the strain and stress of the last five years. A great many of our public and high schools throughout the land are closed because of the influenza, but this will be an opportunity to those who would do some special reading. The temptation to idleness ought to be overcome by the tempting menu that our great literary writers have placed before us. Almost the whole period of English history has been covered by literary writers of the first quality. Those who will may go and read the great histories of the English people like that of John R. Green, or if parents wish to read history to their children they will find nothing better than the history of England by Dickens, so far as that goes. But to those who would have pictures of the ages, thrilling accounts of the deeds of our fathers, character sketches, that make the men and deeds of those days live before us, permit me to draw their attention to twenty great historic novels that deal with a thousand years of English and Canadian history. For the encouragement of those who have no library handy—a thing which is a nuisance sometimes—for if a book is good enough to read, it ought to be good enough to buy and keep, these books can be procured in good cheap editions from the houses of Dent, or Nelson, or Collins:

1. Bulwer Lytton's "Harold," deals with the end of Saxon rule.
2. Charles Kingsley's "Hereward, the Wake," treats of the completion of the Norman conquest.
3. Scott'z "Ivanhoe," deals with the same period.
4. Conan Doyle's "The White Company," tells of the time of the Black Prince.
5. Lytton's "Last of the Barons," deals with the Wars of the Roses.
6. Annie Manning's "The Household of Sir Thomas Moore," Chelsea, 1522-1535.
7. Harrison Ainsworth's "Tower of London," 1537-1554.
8. Kingsley's "Westward Ho," Times of Armada, Lady Jane Grey, etc.
9. Scott's "The Fortunes of Nigel." Times of James I. of England, 1604.
10. J. H. Shorthouse's "John Inglesant," Civil War.
11. Scott's "Woodstock," Cromwell in 1652.
12. H. Ainsworth's "Old St. Paul." The plague and fires of London.
13. Scott's "Old Mortality," Claverhouse and the Covenanters, 1679.
14. Blackmore's "Lorna Doone," Monmouth's Rebellion.
15. Thackeray's "Esmond." Times of William III. and Anne.
16. Walter Besant's "Dorothy Forster." Jacobite Rebellion of 1715.
17. Scott's "Waverley." Jacobite Rebellion of 1745.
18. Gilbert Parker's "Seats of the Mighty." Taking of Quebec, 1759.
19. Dickens' "Barnaby Rudge," Gordon Riots, 1780.
20. Blackmore's "Springhaven," deals with the time of Nelson and the Battle of Trafalgar.

Trusting that the above will be a guide and an inspiration to some of our young people, I am, dear sir,

Yours truly,

E. RYERSON YOUNG.

Orangeville, Ont., Dec. 10, 1918.

THE SPIRIT THAT NEVER GIVES OUT

That of the Christmas Festival That for Generations Has Remained One of the Least Changed Things in Life.

We often hear it remarked, probably ourselves have remarked, that Christmas is only for children. And yet, if it came to the point, who would seriously agree to the abolition of the festival? Grown people, to be sure, no longer wake at daylight on Christmas morning, prevented from sleeping any longer by the eagerness to see what Santa has brought. Our presents may be much more valuable intrinsically than they used to be, but they do not stir quite the same enthusiasm; we are still not beyond experiencing a momentary thrill of surprise when the matter-of-fact St. Nicholas of the post office comes up our front steps on Christmas morning and detaches a parcel or two from his pack. But gone is the luxury of anticipation, and in its place is only a mild wonder as to what may be coming our way, with the hope that no one whom we have forgotten may be so ill-advised as to remember us. And yet, who would wish to change a festival that for generations has remained one of the least changed things in life, in a changing world. Customs have changed somewhat in detail, circumstances have changed wonderfully, but the spirit of Christmas, the universal desire to give happiness, the pervading feeling of good-will—these still brighten this one day in every land where Christmas is kept. In material things, Christmas has kept pace with the development of wealth and resources once undreamed of. The progress of science is reflected even in the toy departments. Grown people still find Christmas makes its appeal to them for the sake of the young, and for the sake of old associations.

The father, whose function of bill-payer is such a boon to the humorists; the mother, who works so hard to make Christmas happy for her family; grandparents, bachelor uncles, and equally bachelor aunts—all these, if put on the witness stand by Father Time, would have to confess that they find Christmas well worth while. For the large and ever-increasing army of young men and women, who have come to the cities from country homes and the smaller towns to make their way, the getting home for Christmas, when they can manage it, is recompense for rush and hurry and extra work beforehand. When they cannot get home, the day still awakes memories, perhaps of a hard-working father, ever interested in his boys and girls, welcoming them home for the school holidays, and finding in their pleasure over the gifts awaiting them ample reward for much self-denial; of a mother, unsparing in her work to provide a bountiful table for her brood; of brothers and sisters, not always perhaps entirely in accord, but allies if need be, against all the rest of the world. The associations evoked by Christmas, while they may not be a very good cure for homesickness at the time, nevertheless help to keep a warm spot in the heart and to counteract the hardening tendencies of business and industrial life.

An advertisement by The Bell Telephone Co. of Canada to improve PARTY-LINE SERVICE

Co-operation: Each subscriber should co-operate to better the service on his line. The practices suggested below have been found to greatly improve party-line service:

1. Before calling, find out whether the line is in use. If it is, hang up your receiver promptly.
2. Emergencies will arise. If a party-line subscriber desires to make an emergency call, the persons using it should give up the line temporarily.
3. Do not allow children or others to listen or interrupt your neighbor's conversation when the line is in use.
4. Make your calls as brief as possible. Short talks will keep the line open and make the service of most value to everyone.
5. Answer promptly *when you hear your ring.*

"ANY COMPLAINTS, MEN?"

The orderly officer had his eagle eye on the morning's rations.

"Any complaints?" he inquired of the long table of occupants.

Private Jones rose slowly.

"Just taste this sir," he said, presenting a can of liquid.

"Very excellent soup," stated the officer at length.

"Yes, sir, but the corporal calls it tea; cook gave it out as coffee and now I've found a scrubbing brush at the bottom of the dixie."

AN UNUSUAL PLIGHT.

"Selling any picture?"

"Not a one and I am afraid there is no chance of the Government taking over my output."

The Hospital for Sick Children

TORONTO

War Laid Heavy Hand on Children's Charity.

Dear Mr. Editor:—

The annual report of the Hospital for Sick Children, Toronto, marks a new record, despite the heavy handicap the war placed upon its work.

The task of ministering to the suffering youngsters of this province was no light one in view of the Hospital's splendid response to the national call 55 doctors and 43 nurses from its forces have seen service overseas.

Yet the number of patients treated 5,048, or 1,308 more than last year. of these in-patients, 759 were from places outside of Toronto

The tireless efforts of the staff made possible also a reduction in the average length of stay necessary for the little patients from 24 days in 1914 to 14 this year.

These results show that the Hospital has again paid to the children rich dividends of health upon the invested kindness of its supporters.

There has been careful stewardship of the funds entrusted to the Hospital. There has been saving—almost scrimping—in every direction except where would prevent the Hospital's soothing the suffering or shortening the sickness of one child. The daily cost of operation was held at the lowest point which would still allow the children entrusted to the Hospital to get the best medicine and the best of care.

And yet so high has risen the cost of every item in the Hospital's budget—in labor, in fuel, in food, and, above all, in medical supplies—that the minimum expense of taking care of one child for one day has risen from $2.34 back in 1914 to $3.21¾ in 1918. Of that, $1.66¾—the amount per patient per day that the official Government grants do not cover—must come from voluntary contributions

During the past four years debts were incurred to the extent of $100,000, which the Trustees felt assured would be wiped out by the public as soon as the war drew to its close, and those heavy demands cease which have been made upon the generosity of the loyal people of this province The time has now come when it is necessary to make known the Hospital's dire need of financial assistance.

If this 43rd Christmas appeal fails to rally the friends of this Charity to its support, it will be necessary to mortgage its land, buildings and plant. By the bounty of the late John Ross Robertson that property has just been cleared of debt for the first time since it began its ministry of healing mercy

Little children have lost a big-hearted friend, and the province a noble benefactor. It is for the public to decide whether his life-work shall be shadowed with a mortgage within less than a year of his passing.

What think you?

Send your answer as soon as possible to the Secretary-Treasurer, Hospital for Sick Children, College Street, Toronto. Meanwhile the Charity will "carry on," trusting in your support.

Chairman of Appeal Committee

THREE DIE IN ONE HOME.

The home of John Walker, lot 22, Con. 9, Amaranth, has suffered severely from the prevailing epidemic of Spanish influenza. The entire family was stricken and on Wednesday, Nov. 20th, Della May Walker, aged 17 years, passed away. The following day, a son, Ernest, aged 24 years, died and the double funeral took place on Thursday, Nov. 21st. On Wednesday of last week another son, Samuel, aged 22 years, succumbed to the disease and his remains were interred in Shelburne cemetery on Thursday afternoon. The father and several other members of the family are still laid up with the disease, and to them the sympathy of the community is extended in the severe trial through which they are passing.—Free Press.

HOSPITAL NOTES.

The regular monthly meeting of Lord Dufferin Chapter, I. O. D. E., will be held at the home of Mrs. J. Z. Henry, Zina street, on Friday, Dec. 13th, at 3.30 o'clock. The executive will meet at 3 o'clock.

In answer to an appeal from the Navy League, Lord Dufferin Chapter, I. O. D. E., sent six sailors' kit bags, containing the following articles: Socks, housewives, handkerchiefs, two packages tobacco, pipe, chocolate, cards, pad and pencil, valued at $3.50 each. The Chapter is very thankful to all those who contributed toward these bags.

The Chapter is very grateful to a friend for four 1917 Victory Bond coupons, which are to be used for the Hospital Fund. Thanks are also due to Mrs. Fred Marshall for a donation of $1.50 toward filling a Red Cross kit bag.

The Fifty Club dues for December are due and payable to the Treasurer, Miss E. McKay.

A PNEUMONIA VICTIM.

Geo. Duke, a Well-Known Mono Farmer, Succumbs After Short Illness.

His friends and acquaintances were inexpressibly shocked last week by the sad news of the death of Geo. Duke, a young and widely known Mono farmer. The unfortunate event took place at his home, lot 10, Prince of Wales Road, Mono, about 1 o'clock on Thursday afternoon, following an illness of nine days' duration from influenza followed by pneumonia. His doctors and a trained nurse did everything possible for their patient, but their efforts were unfortunately without avail. Strong, robust, vigorous and in the very prime of life, Mr. Duke's death was about the last thing those who knew him would have expected. His fate is a striking reminder of the verity of the familiar words that in the midst of life we are in death. A sad circumstance connected with his death is the fact that his wife and their little son were both critically ill at the time the husband and father passed away. A brother, Thomas Duke, who resides nearby, looked after the chores and gave what other assistance he could. After his brother's funeral he, too, was taken ill and is still bendfast, but improving. The late Mr. Duke, who was 34 years and 10 months of age, was a son of the late Mr. and Mrs. Thos. Duke, early settlers on the Prince of Wales Road. He was born and had always lived on the farm where his death occurred. He was a genial, good-natured man, who made friends readily. No better neighbor could be found and those amongst whom he lived bear warm testimony to his kindness of heart and readiness to do a neighborly act. He is survived by his widow, a daughter of Mr. and Mrs. Ira South, Third Avenue, and a little son, Beverley, about three years of age. The surviving brothers and sisters are Joseph Duke, Melancthon; Thomas Duke, Mrs. W. T. Leader, Mrs. Thos. Whitten and Mrs. Ernest Smith, Amaranth; Mrs. Jos. Kendrew and Mrs. W. J. Bower, Mono; Mrs. R. G. Armstrong and Mrs. W. J. Overland, Caledon. The sympathy of their many friends goes out to the young wife and the other relatives in their great sorrow. The funeral, which was held to the Forest Lawn cemetery on Saturday afternoon, was unusually large, there being upwards of one hundred rigs in the procession. The remains were laid at rest in the family plot beside those of his former wife, who was also a daughter of Mr. and Mrs. South. Rev. H. M. Lyons, of Tullamella, conducted impressive services at the house and grave. Deceased, who was a member of Prince of Wales L. O. L. No. 320, was buried with full Orange honors. Members of his lodge and other brethren were present in full regalia and W. Bro. W. L. Ewing, W. M., and Wm. Irwin, chaplain, read the beautiful burial service of the Order over the open grave. The pallbearers, all brother Orangemen, were J. E. McMaster, T. J. Harshaw, J. M. Stinson, J. J. Leighton, Watson McCluskey and Alex. Porterfield. Among the floral tributes were wreaths from the wife, brothers and sisters and L. O. L. 320 and sprays from Mr. and Mrs. Isaac Reid, the Misses South and the Bell Telephone Co. staff.

MISS ESTHER ALLEN.

Miss Esther Frances Victoria Allen, daughter of Mr. and Mrs. Henry Allen, lot 13, 4th line, east, Mono, passed away on Friday, Dec. 6th, after two weeks' illness from influenza and pneumonia. Deceased was an estimable young woman who enjoyed the respect of all her friends and her untimely removal has caused real sorrow in her home community. Profound sympathy is expressed on every side for the bereaved parents and brothers and sisters. Besides her father and mother she is survived by two brothers, William, of Collingwood, and Addy, of Mono, and four sisters, Mrs. Robert McKenna, Mrs. Harry Simpson and Mrs Herb. Ewing, of Mono, and Miss Florence, at home. There was a large attendance of friends and neighbors at the funeral, which was held to St. John's church cemetery, 7th line, Mono, on Sunday afternoon. Rev. P. C. Howard was the officiating clergyman and the two brothers, three brothers-in-law and Mr. Jesse Willerton were the pallbearers.

BLOUNT INSTITUTE.

Blount Women's Institute met at the home of Mrs. Lorne Dodds for their November meeting. An excellent representation of members was present. The president occupied the chair and the meeting was given over to a discussion of Institute work and further distribution of Red Cross material. Arrangements were made to hold the annual social evening on Friday, Dec. 13 at the home of Mrs Geo. Crozier. A special program is being prepared and all members and their families are requested to come.

MARSVILLE INSTITUTE.

Marsville Women's Institute held a very pleasant meeting at the home of Mrs. W. O. Nodwell on Wednesday afternoon, Dec. 4th. There was a fairly good attendance of the members, although some were unavoidably absent on account of illness in their homes. Mrs. Laban Boggs gave an instructive talk on Economy and Mrs. W. A. Donaldson, president of the society, read an excellent paper on "The Day that Everything Goes Wrong." The members were hospitably entertained by Mrs. Nodwell. The meeting was the closing one for this year.

MRS. ABRAHAM LYNESS.

An old and highly respected resident of the Mono Mills district passed away last week in the person of Mrs. Sarah Jane Lyness, widow of the late Abraham Lyness, whose death occurred at the home of her son, Mr. J. B. Lyness, lot 37, Con. 2, Albion township, on Tuesday, Dec. 3rd, at the ripe age of 87 years. Deceased had been ill upwards of a month and in view of her great age her demise occasioned no surprise in the community. She was a fine type of the sturdy and stout-hearted pioneers whose patience, perseverance and unremitting labors contributed so much to lay the foundations for the present greatness and prosperity of this province. She is survived by a family of four sons and two daughters. Three of the sons, John, Richard, and Jos. B. are well-known residents of Mono Mills neighborhood. The fourth son, Sam., lives in California. There are two daughters, Mrs. J. J. McMullin, of Albion, and Mrs. Robert Young, of Mono Mills. There was a large attendance of sorrowing friends at the funeral, which was held to Caledon East Union cemetery on Thursday afternoon. Rev. Mr. Laycock was the officiating minister and six grandsons, Messrs. Norman and Sam McMullin, Edgar Lyness, John, Samuel and Edward Jones, were the pallbearers.

CHILDREN MUST BE PROTECTED

The children must be safeguarded, for, if they do survive the frequent coughs and colds, it is often with the lungs so weakened that they become chronic sufferers from bronchitis or consumption, Being composed of simple ingredients of undoubted value, Dr. Chase's Syrup of Linseed and Turpentine is admirably suited as a treatment for children. It is pleasant to the taste. So much so that children delight to take it on this account, as well as because of the quick relief it affords them.

CONFIDENCE IN BUSINESS OUTLOOK

Sterling Bank of Canada Has Opened Six New Branches in the Last Two Weeks.

Despite the variance of opinions regarding the outlook for Canadian business substantial evidence is accumulating day by day that business men in general are confident that the immediate future is full of promise. This evidence takes the form of business extension and the launching of projects that have been in contemplation during the war. Typical of this tendency is the fact that within the last two weeks the Sterling Bank of Canada has opened six new branches. This well-calculated action constitutes an expression of faith on the part of the Sterling Bank executive in the solid prosperity that lies before Canada. Of these six branches four are located in Ontario—at Stayner, Fenelon Falls, Zephyr and Kinmount, while the other two are in Manitoba—at Eden and Glenella. The location of these new branches suggests that the Sterling Bank management plans to extend its sphere of service in the direction in which it has always shown an especial interest—in the farming communities.

BAPTIST CHURCH.

Services, Sunday, Dec. 22, 11 a.m. "The first advent. Jesus coming to Bethlehem on humility and weakness." 7 p.m., "The Second Advent. Jesus coming to Olivet in glory and power." Special reference will be made to Dr. Bland's non-biblical references. Dr. Bland is Professor of New Testament Exegis and Church History at Wesley College, Winnipeg. He preached last Sunday in Toronto. He said "Christianity must be liberated from apocalyptic conception." 2.30 p.m., Sunday School. Monday, Bible study. Thursday, prayer meeting. You are cordially invited.

HIGH HONORS.

Old-Time Dufferin Lacrosse Player's Splendid Work During the War Brings Recognition.

Dr. Arthur E. Snell, a former Bolton boy who played on the home end of the champion Dufferin lacrosse team in the late 90's, has had high honors conferred upon him for his services in the recent war. Dr. Snell, who is a son of the late S. J. and Mrs. Snell, of Bolton, and a brother of Mrs. (Dr.) W. H. Bowles, of Orangeville, was living at Kingston at the outbreak of the war in 1914, went overseas as Major in No. 3 Field Ambulance, and from that time until the present he has been a most indefatigable worker in the interests of the men of the Canadian army. His good work has evidently been appreciated as honors have been bestowed upon him from time to time. He is now a Colonel. Some time ago he was called to London where King George bestowed upon him the rank of C. M. G. (Companion of the Order of St. Michael and St. George), the French government decorated him with the Croix de Guerre for his services at the Battle of Amiens, he received the D. S. O., and he has now been appointed D. D. M. S. of the Canadian Corps. And he deserves all the honors he has received, and more, if one may judge by the letters of praise and commendation which have come through from the front.

BUSINESS COLLEGE.

Miss Teresa Lang, of Kenilworth, has entered the Business College.

Will Alexander has re-entered the College after spending the summer with his parents.

Warden Dean, of Alton, has re-entered College.

Some misunderstanding seems to have occurred regarding the College being closed. The College has not been closed, but will close Friday night for the Christmas holidays.

PALMER COULD NOT RAISE HAND TO HEAD

Every Muscle in Body Ached With Rheumatism—Like New Man After Taking Tanlac.

"I have lived in Portland for thirty years and there are just lots of people here who know that Tanlac has made a new man of me," said J. H. Palmer, the well known transfer and baggage man, residing at 266 Knott St., Portland, Ore., recently.

"I have been a sufferer from rheumatism twenty-five years," continued Mr. Palmer, "and reached the point where I never expected to get well, or even any better. I spent thousands of dollars trying to get relief, but gradually got worse. Every muscle in my body seemed to be drawn up, every joint stiff, and I could not move without suffering agony. When I walked, instead of lifting my feet, I would just have to drag them along and if my life had depended on it I could not have raised my hands high enough to touch the back of my head. I was laid up for more than two years at one time. After sitting down for a while I couldn't get up without holding onto something and after I did get on my feet it would take me several minutes to straighten myself up. During the past year or two my condition became very much worse. My whole system seemed to be run-down. My kidneys bothered me nearly all the time, my back hurt me, and at times I would almost scream from pain.

"I also suffered from indigestion. My stomach would bloat up after eating and my food would sour and add more to my misery. I would lay awake more than half the night rubbing my arms and legs trying to get easy so I could get a little rest. I would get awfully blue and despondent over my condition, and yet, could see no way out of my suffering.

"The testimonials of people right here in Portland, some of whom I know personally, caused me to try Tanlac. Well, I am now seventy years old and I just want to say that I have never seen anything like it. Before I finished my first bottle I was eating twice as much as before and felt no bad effects from it. I am now on my fourth bottle, and the rheumatism has just about all left me. Why, my legs are just as limber as if I had never had a touch of rheumatism. I don't suffer any more from constipation and headache and have gained back all my energy and strength and several pounds in weight, besides. Numbers of my friends, who know what Tanlac has done for me, are now taking it with fine results. Yes, sir, Tanlac has done everything for me I could wish, far more than I expected it could do, and I would be willing to go before a notary and make an affidavit as to the truth of this statement."

Tanlac is sold in Orangeville by C. V. Jeffers; in Grand Valley by G. E. Morrow, and in Shelburne by J. E. A. White.

MILITARY NOTES.

Pte. Jimmy Farnell, of Fergus, a prisoner in Germany for over two years, has been released.

"Tiney" Hewitson, of Toronto, a nephew of Wm. Buchanan, of Grand Valley, who has been a prisoner in Germany for three and a half years, is again in England, and hopes to be home in a few weeks.

Pte. Melville J. H. Silk, son of Mrs. R. C. Silk, of Shelburne, was with the party of returned soldiers who arrived in Toronto on Tuesday of last week. He was given a rousing reception upon his arrival in his home town.

The Star and Vidette describes the death of Pte. Bert Moss in France on Dec. 2nd as one of the sad tragedies of the war. After coming safely through almost two years of warfare in which he was engaged in some severe battles, he succumbed to bronchial-pneumonia shortly after the armistice brought active hostilities to a close. Deceased was one of four brothers who went overseas and after his father's health failed, assumed the responsibility of bread earner for the home. He was not a young man of many words, but his actions bespoke a kindly heart and sympathetic nature. Very deep sympathy is felt for Mrs. Moss, whose husband died less than a year ago, and who built such hopes on the speedy and safe return of her boys.

AN EAST GARRY SALE.

Mr. P. G. Coulson, 16th line, East Garafraxa, had an excellent auction sale on Tuesday afternoon of last week. The proceeds amounted to over $4,600. Auctioneer Geo. McAlister was in charge and wielded the hammer in his usual efficient manner.

THE COUNTY COURT.

Mulmur Young Man Acquitted on Charge of Making False Declaration to Evade Service

Verdict for Plaintiffs in Case of Dufferin Farmers' Mutual vs. Greer.

A jury brought in a verdict of not guilty in the case of William John Sproule, who was tried at the General Sessions of the Peace here last week on the charge of having made a false declaration for the purpose of evading the Military Service Act. The defendant, who is a young farmer in Mulmur township, was in the class of young men, who were called up by the Order-in-Council passed in April, 1918. After reporting for duty he made a declaration before Commissioner A. M. Boyd, at Niagara Falls, in which he stated that he was the sole support of his parents. On the strength of this he was subsequently granted leave of absence and allowed to return home for the summer. Proceedings were instituted by the Crown, when it became possessed of the facts, and on Tuesday last a true bill was returned by the Grand Jury before which the young man was indicted. His trial was at once proceeded with before a petit jury composed of the following men: Christopher Johnston, John T. Cowan, William Moore, Henry Lloyd, Henry Laybourne, John Ferguson, J. H. Donaghy, George Dyer, Hamilton Hunter, J. F. Connor, Newton Myers and W. J. Jeffers. County Crown Attorney J. L. Island prosecuted and Mr. C. R. McKeown acted for the defendant. Two jurors, Albert Clayton and James Black, were challenged by the Crown and one, Richard Gulley, by counsel for the accused.

For the Crown Mr. Island called Capt. A. M. Boyd, the Commissioner before whom the affidavit was made, Jonathan and Mrs. Eliza Sproule, parents of the young man, Rice Hill, John Davison and John Reburn. At the close of the Crown's case, Mr. McKeown asked to have the case withdrawn from the jury on the ground that there was not sufficient evidence to place the accused upon his defence. This the Judge declined to do and the trial proceeded. Witnesses for the defence were the defendant, James Williamson and Rev. W. F. Carpenter. The jury retired at 12.35 o'clock (noon) on Wednesday and 25 minutes later returned with a verdict of not guilty.

The Grand Jurors before whom Sproule was indicted were Thomas Holmes (foreman), Thos. Manning, Geo. Crozier, John J. Aikins, Jas. A. Arnott, George Adair, Albert Banks, James Brown, James Baker, Herbert Claridge, W. J. Creary, Wm. Donaldson and Lewis Newell.

The only civil suit to engage the attention of the Court was that of The Dufferin Farmers' Mutual Fire Insurance Company vs. Edward Greer, already referred to in last week's Banner. Plaintiffs paid the defendant, a Mulmur farmer, $75 for a Jersey heifer, which he stated in his claim had been killed by lightning on Sept. 27th, 1917. Information reached the directors after the loss was paid, which led them to believe that the heifer came to her death by getting caught under a heavy branch of a fallen tree in the pasture field. They accordingly instituted the present suit for the recovery of the money. The trial began on Wednesday afternoon and was not concluded until 7.35 on Thursday evening, when the case was given to the jury. Quite a number of witnesses were called by each side and some of the evidence was very contradictory. Each side placed two veterinary surgeons in the box to give expert evidence as to the cause of the animal's death. The evidence of these men was also strongly contradictory.

The plaintiff's witnesses were William E. Beaton, Wm. J. Jelly, Clifton M. Hand, William Ferris, Thos. Jennings, Samuel Barber, Henry Barber, Chas. L. Morgan, V.S., and Wilfrid J. R. Fowler, V.S. Evidence was given for the defence by Edward Greer, Arch. Greer, a brother, Arch. Greer, a brother-in-law, James T. Bailey, V. S., Samuel Greer, Robt. L. Hawkins, Russell Noble, Samuel Liddy, Geo. A. McNaught and David R. Caley, V. S. At 8.20 p.m. the jury returned to the court room and the foreman announced that they had found a verdict for the plaintiffs. Judgment was accordingly entered for the plantiffs for $75 and costs. A stay of 15 days was granted, which will give the defendant an opportunity to appeal should he decide to do so. T. R. Ferguson and Howard Ferguson, of Toronto, for the piffs.; W. D. Henry, of Markdale, for deft.

The jurors who sat on the case were Guy Atkinson, Geo. Cox, Richard Gulley, J. J. Kirkpatrick, James Black, Norman J. Gordon, Andrew Aitkins, Presley Donaldson, John Donkin, George Bruce, William Ewing and D. A. Lloyd

During the sittings of the Court the Grand Jury inspected the County Buildings and Gaol, afterwards making the following presentment to the Judge:

Court House, Orangeville,
December 11th, 1918.

His Honor, Judge Fisher,
Presiding at Court in Session:

We, the members of the Grand Jury, beg leave to report as follows:

That we have examined the gaol and found everything clean and comfortable. There are at present 14 inmates, 10 indigents, one of them a woman, and three prisoners, all of whom appear to be well cared for and comfortable.

That we have also examined the Court Room, which has evidently been recently redecorated and presents quite a pleasing appearance, which is considerably enhanced by the Victory Loan Honor Flag, which occupies a conspicuous position. The Judge's Chambers, Sheriff's rooms, Crown Attorney's rooms, etc., are all in good shape. We would recommend, however, that the Grand Jury room be redecorated in order that it should be more in keeping with other parts of the building.

That in regard to Lord Dufferin Hospital we considered it unwise to make a general inspection on account of there being at the present time a number of cases of the Spanish influenza being treated there. According to the reports received from authentic sources, however, we believe that everything at the hospital is in good condition.

We find the Registry Office has been redecorated recently and is in good shape.

We, along with all loyal members of the Empire, wish to express our deep joy at the wonderful victories that have been achieved by our armies in the field, and especially the glorious part taken therein by our Canadian boys.

All of which is respectfully submitted.

THOS. HOLMES, Foreman.

FOWL BANQUET.

An exquisite fowl banquet was given by Mr. Garfield Irwin at his residence, Blind Line, Mono, at seven o'clock on Friday evening. A large number of friends were present and spent a very enjoyable evening in vocal and instrumental music and dancing. At midnight the hostess, Mrs. Irwin, Sr., served a sumptuous fowl supper. After the supper the young people tripped the light fantastic toe until the wee, sma' hours of the morning. Everybody reported an excellent time.

A PERFECT SCORE.

Honeywood Soldier Did Some Great Shooting at Witley Ranges in England.

The village of Honeywood, and the County of Dufferin as well, has reason to be proud of one of its boys, who has won distinction during the war. Pte. Jos. E. Flear, whose name appeared in the casualty lists lately, he having been gassed on the last day of the war while serving as a sharp shooter at the front. He had the distinction of beating all past records made at Witley Camp, England. At the Mytchett ranges near the camp, before his departure for France, he made in a competitive test ten perfect shots in ten rounds in rapid fire shooting at a distance of 300 yards in one minute's time. All rifles were empty when the order was given to "fire," bayonets were fixed and ammunition pouches buttoned. For this skilful piece of workmanship he was awarded a special silver clasp, which with his badge and score book he recently sent home. Pte. Joseph E. Flear is a son of Mr. and Mrs. John Flear, of Honeywood, and was in such poor health at the time of his enrollment that he underwent treatment for eight months in the military hospitals.

The Township Council met in the Town Hall on Monday afternoon and transacted a great deal of business, the meeting being the last for this year. After the business for the day had been finished, Reeve Kannawin was asked to vacate the chair and the Deputy-Reeve, Mr. Jas. R. Hillyard, to occupy the chair. A motion was then made by Councillor Hawkins, seconded by Councillor Smith, that the members of this Council wish to place on record their appreciation of the Reeve, Mr. Kannawin, for the able and courteous manner in which he had presided over the deliberations of the Council during the year. The Council also expressed its thanks to the Clerk, Mr. L. H. Willis, and the Treasurer, Mr. W. J. Warnock, for their courtesy to the members of Council and the able manner in which they had discharged their official duties. In a few well chosen words Reeve Kannawin expressed his sincere appreciation of the kindness shown him by the members of the Council and the township officials. After the meeting was over the Reeve invited the members and officials to a dinner at the Sutton House. After all present had partaken liberally of the many good things with which Mine Host Sutton and his good wife had spread the festive board, Councillor Hawkins was called on to the floor and short speeches of a happy and felicitous nature were made by all present. Without exception the speakers expressed the hope that Mr Kannawin would grace the Reeve's chair for another year. Before the gathering dispersed a motion was passed thanking Mr. and Mrs. Sutton and family for their kindly hospitality to the Council and officials during the year.

The many friends and neighbors of Mr. and Mrs. Jas. Flaherty are pleased to learn that they are now fast recovering from a very severe attack of pneumonia following influenza. They had the misfortune to lose a bright little boy of six years old about two weeks ago and shortly after the funeral Mr. and Mrs. Flaherty and another boy became very ill and soon that dreaded disease pneumonia developed and for days and nights all three patients hovered between life and death, but owing to the faithful and devoted service of Nurse Brown, who hardly ever was off duty at all, and Dr. Thomas, who used his best skill and ability, they are all now reported to be out of danger and we hope to see James about and wearing his usual smile before long.

Mr. and Mrs. Wm. Sanderson returned home on Saturday evening after spending the last year and a half in British Columbia. Mr. and Mrs. Sanderson are both looking well and report a very enjoyable sojourn in the Pacific Province.

Anniversary services will be held in Caledon Methodist church next Sunday. Rev. T. R. White will preach in the morning and in the evening Rev. J. Burkholder will occupy the pulpit.

Miss Grace Sutton, who is on her second year of training in the Toronto Western Hospital as a nurse, visited the parental home last week.

A very successful bazaar was held in the basement of Knox church on Thursday evening last.

Miss Irene McArthur, who was to have gone to Detroit to visit her sister, was taken suddenly ill and is at her home yet. We hope for a speedy recovery.

Mr. and Mrs. John Harris of North Toronto have had an anxious time over their little son who has been very low with pneumonia at the home of his grandmother here, but we believe he is now on the good road to recovery, and Mr. Harris has returned to his duties as agent at North Toronto.

Messrs. John McCormack and Farquhar Baxter are representing their club at the annual meeting of the United Farmers of Ontario which is being held in Toronto this week.

The influenza epidemic has broken out in our community. We hope it will soon abate.

Messrs. Wm. Warden and Cyril Hewitt are confined to their homes with the influenza. We all hope they may have a speedy recovery.

Mr. Garfield Tolton, of Toronto, paid the town a flying visit last week. Welcome to our city, Garfield.

Mrs. Tom Kay, of Toronto, has been spending a few days with her parents, Mr. and Mrs. D. Tate.

Owing to the outbreak of the flu the concert which was to have been held on Dec. 11th, has been indefinitely postponed.

Miss Laura Grosskurth, of Toronto, has been visiting friends in and around Waldemar.

Mr. Wm. Quigley, of Hockley, is visiting his sister, Mrs. Wm. Warden.

Mrs. John McLeod spent the week-end with her son, John McLeod, of Orangeville.

Miss Kenst has returned to town after visiting friends in Orangeville.

On Saturday the Grand River presented quite a spring time appearance, when owing to the recent rains and warm sunshine, the ice broke up and quite a jam of ice passed down the river, bringing with it the temporary foot bridge from Grand Valley. The young people regretted losing the ice that had afforded them such good skating. Cheer up, there will soon be more.

Mr. Verne Cudney, of Hamilton, visited his aunt, Mrs. Wm. Lovell, over the week-end.

ANNIVERSARY SERVICES.

Large Congregations Heard Rev. J. H. Turnbull in St. Andrew's Church on Sunday.

Large congregations attended the anniversary services in St. Andrew's church on Sunday. Rev. J. H. Turnbull, pastor of High Park Presbyterian church, Toronto, occupied the pulpit at both services and impressed his hearers deeply with his earnest and logical discourses. The preacher is a one-time resident of Orangeville and Mono, a fact which added greatly to the interest which his visit created. Many old-time friends were out to hear him and were delighted with his ability as a speaker and the excellence of his sermons.

In the morning Mr. Turnbull spoke on the subject "The Carcase and the Vultures," basing his address on the familiar text, "For wheresoever the carcase is, there will the eagles be gathered together." After an explanation of the text in which he said the word "eagles" would be more aptly expressed by "vultures" Mr. Turnbull characterized the words as expressing God's judgment on nations, communities and individuals. Wherever life, whether national, community or individual, became corrupt, debased and degenerate destruction followed. The unfailing visitation of this judgment was aptly illustrated by reference to the fate of Israel when its people turned to other gods, imperial Rome, France at the time of the French revolution, Russia and Germany. In the closing sentences of his sermon, Mr. Turnbull made an earnest appeal for cleanliness and purity of life. At night the subject chosen was "The Iron Gate," based on the words, "When they were past the first and the second ward they came unto the iron gate." The speaker discussed a number of the iron gates, or difficulties, met with in the journey of life, some of them set in the way to try the faith of the Christian, and showed how imaginary many of these supposed difficulties really were when tested by Christian faith and perseverance.

At the evening service the choir was assisted by Mr. Sloane whose fine solo "The Plains of Peace," was keenly appreciated. As an anthem the choir sang "Gloria in Excelsis," in a most praiseworthy manner.

Monday afternoon and evening well attended meetings were held in the church in the interests of the Forward Movement. Representative Presbyterians were present from Grand Valley, Waldemar, Laurel, Camilla, Mono Centre, Glencross, Mono Mills, Mono East, Caledon, Alton and other outside congregations. Inspiring addresses were delivered by Rev. J. H. Turnbull, of Toronto; Miss Evelyn Mitchell, Field Secretary of the W. M. S.; Mr Robert Laird, Secretary of the Financial Board of the Presbyterian Church, and Rev. Samuel Lundie, of Grand Valley. During the evening meeting St. Andrew's choir led in the song service and contributed an anthem, "Soldiers of Christ Arise." Two solos, "Babylon," by Mrs. R. E. Jackson, and "The Holy City," by Mr. E. C. Connop were appreciated features of the program

At six o'clock a well-attended congregational supper was held in the school room of the church and furnished opportunity for a delightful social time.

SPEERS–HEASLIP.

An interesting event took place at St. Mark's church Rectory on Tuesday afternoon of last week at the hour of four o'clock, when two Mono township young people, Mr. Robert Samuel Speers, of the 6th line, east, and Miss Susannah Lillian Heaslip, of Mono Centre, were united in the bonds of wedlock. The ceremony was performed by the rector, Rev. F. Eley. The bride was attended by Miss Jennie Speers, sister of the groom, and the latter was supported by his brother, Mr. George Speers. The numerous friends of the young couple unite in wishing them every happiness.

MUSIC?—Why it is the *actual* voice of Anna Case—just as I heard the great soprano at the Metropolitan, New York.

The New Edison is going to be a wonderful help to me with my studies at the Conservatory. It brings right to my very room the voices of the great artists of to-day as they actually interprete the enduring gems of Music. This is not a flimsy shadow, not a mere approximation of Music. It is *Music "Re-Created"* in all its original beauty. There is no shade of difference between the living artists' voice and the New Edisons' "Re-Creation" of it. This—ah, *this* is *Music!*

Wouldn't you like to hear this really marvelous invention of the world's greatest inventor? With the New Edison there are no needles to change. Plays all makes of records. Easy terms if you wish.

STARTING FOR GERMANY.

Canadian Soldiers Preparing for March Into Hunland.

Mr. and Mrs. John Clarke, Purple Hill, have received the following letter from their son, Driver Albert Clarke:

Dear Mother, Father and Sister,

A few lines to say that I am back from leave and started in to work this morning. I had a very nice trip to Ireland.

No doubt you have by this time learned the joyful news that the armistice has been signed. The war is over and your humble servant has the pleasure of being able to say that he has a whole skin after three years and six months of active campaigning. By His guidance He has brought me safely through.

Well, mother, at present we are preparing for a march into Germany, which will take about six days from where we are now, a distance of 35 miles from Lille. I don't know how long we will be stationed there, but I expect the regiment will be on duty there for some time. I expect, however, that the First Contingent will get relieved first, at least I saw a piece in the paper which stated that farmers and miners would be sent back first, but our C. O. thinks that the old men of the regiment will all go together. Rumors are flying thick these days, so that a fellow does not know what to believe, but I honestly think myself that the First Contingent will go back first. At any rate I am not expecting to get home before spring, about May or June at the very earliest. But the main thing now is that the fighting is over and I am very thankful that I am alive and in good health at present and hope to continue so until we meet at Purple Hill.

Well, this is after tea. We are getting our grub cooked by a Belgian woman and she cannot do enough for us. She has been living among the Germans since the retreat from Mons in 1914. I have been working all evening cleaning up and making ready for the long march of two miles into Germany. I have my sword scabbard burnished all but the hilt. Everything has got to be bright and shining so we have some work to do for the next two weeks. It will be a fine march if the weather holds good. We will see some country, but I would like it much better if we were going the other way.

I saw the letter you sent to Mrs. Nash and she thought it was a very nice one. I was down ill with influenza for four days after I came away from their place. I thought I was going to have to stay in England for a while. One of the boys brought me in some medicine from the doctor. One night I couldn't eat anything but I got alright by the time I was to leave again. I feel fine now. I had my picture taken and will send you one as soon as I get them. It was a very dark day so the photo may not be very good. Don't be surprised at it for I am very thin. The work this summer sure brought me down.

Well, I will close this time. Best of love to all, from your loving son and brother.

A. A. CLARKE.

Dandy Potato Candy.

Here is another method. Take three tablespoonfuls of mashed potatoes, add one teaspoonful of vanilla extract, and work in sufficient powdered sugar to make a stiff dough. Roll out and cut with a small cutter. Place half of a walnut on top of each candy, or ,if liked, coat with melted chocolate and roll in chopped coconut. Chopped figs and dates may be added, if desired. Although this candy owes most of its flavor to the humble potato, it is really delicious.

NEWS NOTES

F. J. Rowley, of Albion, has retired from active farming operations and will reside in Palgrave. The farm has been taken over by his son Norman.

L. Sargent, of Fergus, shipped a car containing 900 nice spruce trees to Hamilton where they will be used by Mr. Santa Claus for decoration purposes.

Hilda F. E. Tupling, the ten months' old daughter of Mr. and Mrs. Wm. Tupling, of Honeywood, died recently after an illness of about 36 hours.

Without any stir or commotion the Wm. Kennedy & Sons, Limited, of Owen Sound, have gone about building a big addition to their already extensive plant there. The new building is almost 50x100 feet in ground area and about 33 ft. high.

Pte. F. J. Dillon, son of John R. Dillon, of Craik, Sask., left Mount Forest when a boy of twelve or thirteen. He enlisted with the 196th Western University Battalion Machine Gun Section, and was reported wounded and missing on Oct. 26th, 1917.

An old and highly respected resident of Arthur passed away on Tuesday of last week, in the person of Henry Ternan, who had attained the ripe old age of over 86 years.

In the Kent county district the exceedingly mild fall has caused the wheat to grow so fast that some farmers have turned their stock in to keep it down. Some have even put the mower on the fields to cut off the top of the wheat.

The Kitchener public school board has revised the salaries of the teachers of the public schools. A minimum of $600 and a maximum of $900 for lady teachers were fixed as compared to $550 and $825 heretofore. Ward school principals are to receive $1,400 and the principal of all schools $2,000.

Registrar and Mrs. Jackson, of Brampton, are receiving hearty congratulations this week on the strength of the splendid news that Gr. Fred A. Jackson, who went overseas with the 70th Battery, was decorated with the Military Medal on Oct. 22nd. Gr. Jackson, who is only 19 years of age now, enlisted when he was 17 years old.

J. Fred Mutrie, of Leamington, has disposed of his fine brick residence near the C. P. R. station, Elora, to Mr. French from Manitoba, a son of James French, at one time a resident of Peel township.

Two youths of Drayton appeared in the police court of that village before Magistrates Woodman and Branden, charged with having taken a joy ride in an auto belonging to the Canada Flax Mills Company. The boys, it seems, helped themselves to the machine and visited Elora. The trip cost them $42.50, the greater part of which went for repairs to the car.

Clarence White, of H. White & Co.'s staff, Shelburne, has been off duty with his right arm in a sling. He had not fully recovered his strength after an attack of the flu, and evidently fainted and fell forward on the floor of the store with his hands outstretched, as the only thing he can remember is suddenly realizing that he was picking himself up off the floor and that he had a very sore right hand. Examination showed that a bone in his wrist had been broken.

A NARROW ESCAPE.

AN AVIATOR'S THRILLING EXPERIENCE WHILE FLYING IN ENGLAND.

Aviator Charlie Lovell, an Alton Boy, Had Perilous Few Minutes When Engine Went Wrong.

Mrs. L. Barkwill, of Alton, has received the following letter from Flight-Lieut. C. A. Lovell, an Alton boy, who is with the Royal Air Force in England:

Yatesbury, Wilts, Nov. 21, 1918

Dear Mrs. Barkwill:

In a Christmas box which I received from the Mothers' Club of Alton, I found a pair of lovely socks and in one of them I found a note saying that they were knit by you. I wish to send you my many thanks and I am pleased to be wearing clothing made by people whom I know and made for such a glorious cause.

This brutal and awful war has now ended, Mrs. Barkwill, and it is the women and Red Cross Societies throughout the world that deserve and will receive all the thanks, for without the kind and useful help of the women of Britain and Canada and the rest of the Colonies, why the Allies would have never licked the Huns.

I take great pleasure in writing to you and I will endeavor to tell you a little of our surroundings here. England is a very pretty country and even yet, Nov. 21st, everything is quite green and summer-like looking, but the weather is most raw and chilly. In fact a fellow can hardly stay in the air over half an hour without becoming numb with the cold. But you know we have clothing which we wear while flying which is heated by electricity generated from the motor and it is quite good indeed as long as it is working O. K. But if ever it gets out of working order, why we feel the cold a great deal worse.

We fly here at a height of anywhere from 10,000 to 25,000 feet, and even in summer time it is most terribly cold at a height of 10,000 feet.

A short time ago we were flying in formation about 16 machines (D. H. 9's). We were flying straight north over the city of Bath, about 16,000 feet up. All eyes were on our leader for we had to follow him closely. Everything was going fine until the main water pipe in my engine burst and the water came back all over me. In half a second my clothes and goggles were covered with a sheet of ice. I tried my feet to keep my motor going, but no! it started to sputter and spin so badly that I was afraid of it breaking out into flames. Of course I didn't have very long to think what next to do, so I pointed her nose to the ground and let her dive until I was going at a speed of 300 miles an hour. As a rule when you dive a machine like that your propeller usually starts up again. "But, no." My motor was seized up tight and wouldn't start, so I began to think of things at home for directly below me was the large city of Bath and a person as a rule can't land an aeroplane on the roofs of the houses. My only chance was to reach the fields on the outskirts of the city. My machine was practically a new one and had a very shallow gliding angle, and with good luck I reached the edge of the city and landed in a field there quite safely. Our leader, who was leading the formation, followed me down, for he certainly expected to see me crash and kill myself in the heart of the city. I have been very lucky indeed and when I get back to Canada I rather think that I will quit aviation altogether, for the Good Lord has spared me so far and I will take no more chances.

We fully expect that we shall all soon be on our way home again. Really I can't get back too soon for myself, but there are a few fellows over here that are not in a rush to get back whatever.

Will close for this time. Hoping this scrawl finds you and all the rest in the best of health and happiness.

With good luck to one and all, and wishing you all a very merry Christmas, I remain,

Your sincere friend,
LIEUT. C. A. LOVELL.

Washed Out not Worn Out

Parents love to watch the children grow and do not mind discarding the little garments which have been outgrown; but no one likes to see garments spoiled by shrinkage in the wash before they are worn out. This is easily avoided by using Lux, because Lux prevents shrinkage.

The Lux flakes are whisked into the richest, creamiest lather you have ever seen—in which everything that pure water may touch is washed, pleasantly and quickly, by dipping up and down, squeezing and rinsing—but never rubbing.

Discriminating mothers use Lux for woollens—it keeps them soft and fleecy and long lasting. Always use it for sweaters, blankets, etc., as well as for dainty silks, lawns, muslins

An advertisement by The Bell Telephone Co. of Canada to improve PARTY-LINE SERVICE

Co-operation: Each subscriber should co-operate to better the service on his line. The practices suggested below have been found to greatly improve party-line service:

1. Before calling, find out whether the line is in use. If it is, hang up your receiver promptly.
2. Emergencies will arise. If a party-line subscriber desires to make an emergency call, the persons using it should give up the line temporarily.
3. Do not allow children or others to listen or interrupt your neighbor's conversation when the line is in use.
4. Make your calls as brief as possible. Short talks will keep the line open and make the service of most value to everyone.
5. Answer promptly *when you hear your ring.*

JOHN POWLEY.

Orangeville, Dec. 11th, 1918.

WILLIAM J. LINDSAY.

The home of Mr. William Lindsay, lot 29, Con. 1, east, Mono, suffered a severe loss on Friday last, when their oldest son, William John, passed away after a short illness from influenza followed by pneumonia. The deceased was 22 years of age and was one of Mono's most promising young men. His death, which is greatly mourned by the whole neighborhood, makes the first break in the family circle. There are left to mourn his loss, his father and mother, a sister, Miss Lindsay, and a brother, Robert George, at home and a married sister, Mrs. Benjamin Newton, of the 3rd line, Mulmur. The funeral took place from his late residence to Shelburne cemetery. Rev. Pritchard, of Shelburne, conducted the services. The pallbearers were Herbert Lindsay, Herbert Fines, John Wilson, Thomas Lindsay and Robert Lindsay. The sympathy of the entire community goes out to Mr. and Mrs. Lindsay and family in their sad bereavement.

MRS. WHITFIELD JESSOP.

The sympathy of his neighbors and the many friends of the family goes out to Mr. Whitfield Jessop, a young Mono farmer, whose home was visited by death on Wednesday of last week. The young wife and mother, who will be so sorely missed in the stricken home, was taken away after a short week's illness from influenza and pneumonia. Mrs. Jessop, who was only 27 years of age, was a daughter of Mr. John Haddock, of Relessey, and a sister of Mrs. Arch. Irwin, Bythia street. She is survived by the grief-stricken husband, and two little children, one of them a babe only a few weeks old. Deceased was a young woman of many fine qualities, who enjoyed the goodwill and respect of her home community. The funeral, which was largely attended, was held from her late home, lot 21, Prince of Wales Road, to Relessey cemetery on Friday afternoon, Rev E. R. Young conducted services at the house and grave.

MRS. JOHN MAY.

An old and greatly respected resident of this town was called away last week in the person of Mrs. John May, whose death took place at her late home on James street, on Thursday last after a somewhat lengthy illness from heart weakness and general breakdown. Deceased had been in very poor health since the beginning of last July, but bore her weakness and suffering with brave and uncomplaining spirit. The late Mrs. May, whose maiden name was Sarah Langtree, was a daughter of the late Thos. Langtree, one of the early settlers in Amaranth township, where she was born and lived for the greater part of her life. About fifteen years ago Mr. and Mrs. May moved to Orangeville and have made their home on James street since that time. Deceased was 65 years and 5 months of age. She is survived by her husband, four sons, Isaac, of Dean Lake, Ont.; James, William and John, of Orangeville, and one daughter, Mrs. George Prior, of Conquest, Sask., formerly of Orangeville. Thos. Langtree of this town is a brother and Mrs. Jas. Ringrose, of Amaranth, Mrs. Robert Trimble, of Amaranth, and Mrs. Leaman Carten, of West Toronto, are the surviving sisters. The funeral, which was attended by quite a large number of neighbors and relatives, was held to Greenwood cemetery on Saturday afternoon. Rev. E. R. Young, the family pastor, conducted a short service at the bereaved home and also officiated at the grave. The pallbearers were her three sons, James, William and John S. May, her brother, Thomas Langtree, and two nephews, Nelson Langtree and Robert Ringrose.

HOSPITAL NOTES.

Those wishing to contribute to the Christmas shower will kindly leave their donations with Mrs. Dahl, the treasurer, or at the Red Cross rooms. As dishes are needed badly at the hospital, it is desired that contributions be sent in early.

The Chapter wishes to tender its grateful thanks to the following ladies for their kind donations: Mrs. John Kearns, loaf bread; Mrs. R. Marshall, Camilla, chicken and two doz. fresh eggs; Mrs. Oliver Sproule, fruit and bread; Mrs. Jas. A. Arnott, baking; Mrs. Russell Morrow, baking; Mrs. Kenneth Pattullo, basket of vegetables.

The hospital staff are kept very busy as there are still a considerable number of influenza cases.

GLENCROSS.

Much sympathy is felt for Mr. and Mrs. Allen in the loss of their daughter, Frances.

There are quite a number of cases of the flu in and around the Glen just now. The Pierson and A. Still families are all down with it.

Mr. Irad Allen is ill with the flu. We are very sorry to learn that his condition is regarded as quite critical.

Messrs. Lorne Dodds, J. M. Still and T. H. Moffitt attended the joint meeting of the Farmers' Club at Camilla last Wednesday night.

Glencross Farmers' Club will meet on Monday night, Dec. 23rd. All members are urged to attend.

The people around here are all looking forward to the return of our soldier boys.

Our postmaster, Mr. Robt. Brown, reports very bad roads on his route. He wonders where Councillor Morton spent all his money.

Mr. G. L. Dodds is mentioned as a likely candidate for the Mono Council.

Messrs. Will White and Earl Bagnell are prepared to take contracts for cutting wood.

What they are saying:

C. M. is very lonesome these days.

B. W. still takes his drives south.

E. M. and E. B. were seen going north last Sunday. We wonder what the attraction is?

ORANGE OFFICERS.

Mono Mills L. O. L. No. 192 held its annual election of officers on Monday evening, Dec. 2nd. The newly elected officers are: I. P. M., Thos. H. Bullock; W. M., Cecil Welwood; D. M., W. A. Donaldson; Chap., John Halbert; Recording-Secretary, John Atkinson; Financial-Secretary, W. J. Jackson; Treasurer, Wilson G. Duke; D. of C., John Kidd; Lecturers, Jos. Varey and Jos. Parker; Committee, Reggie Jackson, Harold Dowling, Jas. Taylor, Jas. Henry, Jas. N. McCutcheon. The lodge is in excellent financial condition, has a membership of 50 and is planning to purchase a new banner at a cost of $100. At the annual meeting the sum of $11 was raised for the Picton orphanage.

Mono Mills True Blue Lodge reelected its old officers on Wednesday night, Dec. 4th. The lodge voted $50 to the True Blue Orphanage at Picton and an additional $50 to the Y. M. C. A.

Orangeville Preceptory No. 621, Royal Black Knights of Ireland, elected the following officers at its annual meeting on Friday night: Rev. T. R. White, W. P.; James Langtree, D. P.; A. Wilson, Chap.; F. J. Crisp, registrar; J. R. Hughes, treasurer; H. A. Duke and S. C. W. Hughson, lecturers; W. E. Scott and O. Banks, censors; Jas. A. Patterson and T. J. Harshaw, standard bearers.

TOWN COUNCIL.

Orangeville Town Council for 1918 held its last regular meeting in the Council Chamber on Monday night. The chief item of business consisted in dealing with corporation accounts, of which there was quite a formidable array. Near the close of the meeting Mayor Henderson was asked to vacate the chair and Reeve White was appointed chairman pro tem. A resolution was then introduced by Deputy-Reeve Jeffers and Councillor Parkinson, in which the Council gave expression to its thanks to His Worship for the efficient and courteous manner in which he had presided over the Council and discharged the other duties of his office during the year. The Mayor was also voted the customary honorarium of $100 before he was allowed to resume the chair. Mr. Henderson expressed his thanks and appreciation of the kindly treatment he had received from the Council in a few happy sentences.

The accounts passed by th Board were: D. A. Hogg, $9; McGuire & McKitrick, $6.85; The Sun, $10; A. A. Hughson, $20 and $2; Dominion Express Co., 40c; Dufferin Post, $2.50; W. J. Curry, $6.20; F. A. Falconer, $1.15; C. C. G. Hannah, $4.05; Robert Allen, $1.40; Matthews and Gilmore, $6.70; George King, $1.05; Sarah King, $15; John Matson, $2.50; Samuel Street, $1.75; W. O. Thomas, $6.87; Fuller, Allen & Holmes, $103.80; Jas. A. Matthews, 55c; Northern Electric Co., $6.48; Armstrong & Robinson, $3.90; Adamson Hardware Co., $3.54; C. P. R., $2.85; H. A Duke & Sons, 22c; Sanderson & Robertson, 75c.

Accounts from J. M. Bennett for $28 and Jos. H. Hughes for $22 in connection with the Orangeville Division Court were referred to the Finance Committee for report. An account for $12 was also handed over to the Finance Committee.

Mr. H. F. Tuck was granted free light and water for the open air skating rink.

W. H. Moore, of Brampton, was granted a rebate of $12, the fee charged for the use of the Opera House for a recent concert that failed to materialize on account of the prevalence of flu.

In compliance with the wish expressed in a letter from Mr. W. A. Littlejohn, Clerk of the City of Toronto, Council decided to memorialize the Ontario Legislature to discontinue the levy of one mill Provincial war tax.

By-laws were passed providing for the election of Mayor, Councillors, Public School Trustees and a member of the Orangeville Hydro Commission. Polling places were fixed and officials appointed as follows:

East Ward—Grand Central Hotel Sample Room, Jas. A. Patterson, D. R. O.; Harry Worts, Clerk.

West Ward—T. Hepton's shop, V. A Stania, D. R. O.; T. W. Hepton, Clerk.

North Ward—Opera House, J. J. Kelly, D. R. O.; F. H. Doherty, Clerk.

South Ward—Fire Hall, J. C. Darraugh, D. R. O.; William Hughes, Clerk.

Each Deputy will receive $4.00 and each Clerk $3.00 for his day's work.

Aaron L. O. L. No. 427, Orangeville, held its annual election of officers on Monday night. The officers elect are: A. Firth, W. M.; Rev. W. M. Morris, D. M.; A. D. Glover; Chap., T. A. Maxwell, Rec.-Sec.; E. H. Sproule, Fin.-Sec.; T. J. Robinson, Treasurer; Jas. A. Patterson, D. of C.; T. C. Peavoy and A. Wilson, Lecturers; Thomas Dawson, J. A. Bruce, Joseph Rayburn, James Montgomery and Robert I. Curry, Committee; John Bailey, Tyler.

When cloud-banks blot the sky dull grey, or whistling winds make outdoors disagreeable, how cheery and exhilarating are bright lights and sparkling fires;

And in these soul-trying days, how welcome is the cheery brightness—the soothing caress—the soul-satisfying message—of the music you love.

So this Christmas you need music more than ever—good music, that brings the spirit of Christmas to everyone, young and old. Such is the music of

—As a business proposition, there is no comparison between the value you receive from a year's subscription for The Farmers' Weekly Sun and that of any other farm paper, considering its accurate market forecasts and reports. The Sisters' page doubles the value. It is a woman's page with life in every line. No increase in price, One Dollar per year.

—**Buy your out-of-town supplies with Dominion Express Money Orders. Five Dollars costs three cents.**

—Her friends in Orangeville and Mono were very sorry to learn of the death of Mrs. James Brett at her home near Barrie on Tuesday of last week. Deceased, who is a daughter of Mrs. E. J. Reid of this town, was born and lived in Mono for many years. She and her husband resided near Elba prior to their removal to Barrie. The funeral took place on Thursday.

—Tuesday night a number of the High School girl students surprised one of their teachers, Miss Sada McIntyre, in a very pleasant manner by presenting her with an appreciative address and a beautiful pearl handled manicure set in a leather case. Misses Florence Annis and Muriel Torrie read the address and made the presentation. Miss McIntyre resigned recently to accept a position in Fort Francis after the New Year.

MUNICIPAL NOTES.

East Garry is still very quiet. Reeve Thompson, who is after the Wardenship, will ask for another term. Councillor James Brown is being urged to offer himself for Reeve, but so far he has not announced his intentions.

The situation in Mono is still doubtful. Reeve Park is in the field for another term. Councillor Bower may offer himself for Deputy-Reeve. If he does Deputy-Reeve Moffitt will run for Reeve. Otherwise he is willing to remain where he is for another year.

There may not be an election in Amaranth after all. Reeve Hepton, who was credited some weeks ago with intending to retire, has purchased another farm near Laurel and is now definitely in the field for re-election. Mr. Hepton is also out for the office of Warden, which he narrowly missed getting a year ago. It is said that with Mr. Hepton in the field, members of the council who were aspiring to fill the Reeve's chair, are disposed to remain where they are and avoid an election.

Matters seem to be shaping for an acclamation in Caledon. Reeve Kannawin and Deputy-Reeve Hillyard are both in the field for their present offices for next year and there appears to be a general feeling that both men should be returned without opposition. Coun. Limebeer, who has been in indifferent health, may not stand again. Should he retire Caledon will lose a faithful and experienced public servant. If Mr. Limebeer should not stand it is thought that a man can be found to take his place without putting the township to the trouble and expense of an election. We understand that Councillors Hawkins and Smith will both stand for another term.

FAREWELL PRESENTATION.

Primrose Family Honored by Their Neighbors Before Removal to the West.

Previous to their departure for their new home in the West, a small number of friends and neighbors met at the home of Mr. and Mrs. Chas. Wilson, of Primrose and presented Mr. and Mrs. Wilson with a cane chair each, and Miss Ethel Wilson with a cabinet of silver. It is regretted that owing to the epidemic of influenza only a small number were present on the occasion.

Mr. Wilson and Miss Wilson replied to the accompanying address and in a few words expressed their appreciation of the gifts tendered and also regretted their departure from amongst their numerous friends and kindly neighbors.—Free Press.

BORN.

BLACK—In East Garafraxa, on Monday, Dec. 8th, 1918, to Mr. and Mrs. Wm. H. Black, a daughter.

HODGSON — In Amaranth, on Monday, Dec. 16th, 1918, to Mr. and Mrs. Thos. W. Hodgson, a daughter.

PERSONALS.

Mr. and Mrs. Alex. Dalgleish and children have been visiting at Mr. R. J. Russell's in Dundalk.

Mr. Ben. Cook, Sr., of Caledon, was one of the jurors at the County Court in Brampton last week.

Mr. and Mrs. Wm. Irvine, of Grand Valley, gave The Banner a pleasant call while in town for the fair last Thursday.

Mrs. A. Lehrbass and daughter, Eleanor, of Detroit, are visiting the former's daughter, Mrs. Stanley Wild, over the Christmas holidays.

Mr. and Mrs. T. H. Hamilton, of Grand Valley, announce the engagement of their daughter, Pearl, to Mr. J. D. Sifton, of Moosejaw.

Mr. Bert Coulter will return to his home in Ottawa on Friday, the 20th inst., after a pleasant five weeks visit with friends in Caledon and other places.

Mrs. T. W. Richardson, of Vancouver, B. C., is visiting her sister, Mrs. J. A. Donaldson, of Caledon East. Mrs. Richardson and Mrs. Donaldson have been visiting Mrs. Geo. Snell, of Durham.

Mrs. John Anderson, of Tacoma, Wash., Mrs. Wm. Hare, of Toronto, and Mr. and Mrs. Wm. Lawrence, of Honeywood, were the guests of Mr. and Mrs. Wm. Hudd, First street, for a few days last and this week.

Dr. A. H. Perfect, of West Toronto, motored to town on Tuesday afternoon and paid Mr. and Mrs. John Harshaw a short visit. The doctor was making a professional visit near Melville Cross and came on through to town.

Mrs. J. A. McBride and little daughter, of Belfountain, spent Saturday with the former's father and sister, Mr. John and Miss Blanche Cameron. Her friends are pleased to see Miss Cameron around again after her recent severe illness.

Miss Irene Holmes, of the Union Bank staff, Shelburne, has been granted three months' leave of absence from the bank on account of illness at home. Miss Holmes is a daughter of Mr. and Mrs. George Holmes, of Mono.

Mr. L. H. Willis, Clerk of Caledon township, was in town for the fair last Thursday. During the day Mr. Willis was warmly congratulated by many of his friends here and in the upper end of Caledon on his recent appointment to the position of County Clerk of Peel.

Mr. and Mrs. Isaac Bowles, of Toronto, and their son, Capt. Alex. Bowles, M. C., one of the heroes of the great war, are visiting relatives in town for a few days. Captain Bowles, who was wounded in action, is recovering from the effects of his injuries and is looking quite well.

Mr. Wm. Pratt, who has been C. P. R. car inspector at Walkerton for some time past, has been transferred to Orangeville and will fill a similar position here. Mr. and Mrs. Pratt have already moved to town and are residing on Margaret street. Mr. Pratt takes a lively interest in the Boy Scouts movement and was one of the moving spirits in the Walkerton Troop. He is also a skilled violinist and gives freely of his services to deserving local enterprises and organizations. The Banner extends Mr. and Mrs. Pratt a hearty welcome to Orangeville.

CHRISTMAS MUSIC.

The Methodist church choir will provide the following Christmas music next Sunday:

Morning: Prelude — Celestial Voices, (Ant. Gilis); anthem—The Wonderful Story, (Vail); interlude—Serenata, (Hans Ailbout); anthem—Open Wide the Gates, (Kirkpatrick); postlude—Allegro Moderate in G., (E. S. Hosmer).

Evening: Prelude—Christmas Eve, (Carl Heins); anthem—What Means Those Holy Voices, (Adams); interlude—Lovelight Devotion, (Sibley G. Pease); anthem—The Herald Angels, (Volte); postlude — Anniversary March, (Frederick N. Shackley).

Miss G. Ewing, Organist; Mr. F. A. Falconer, Choirmaster.

BOWLING GREEN.

To the Editor of The Banner,

Sir,—The municipal pot has already commenced to boil in Amaranth and from present appearances there is not likely to be any dearth of aspirants for the reeve's chair. Mr. Hepton has already held the reeveship for the allotted time, and I believe, intends to retire. There are a number of old councillors who have their eye on the Reeveship—Messrs. Pratt, Hamilton and Reid—all of whom have had considerable experience at the council board, and from whom the ratepayers should have no trouble in selecting a suitable man for the position. In looking over the list of reeves for many years, it will be seen at a glance, that the west part of the township has not had its fair share of representation in the higher office and consequently it is time to ask the ratepayers to give the west a chance now. Mr. Reid has served the township faithfully and honestly, and I may add ably for the last three years and deserves the promotion which I understand he is asking. Besides the many warm supporters he has in his own division, he has the confidence and good-will of all who have had the pleasure of knowing him personally, as a man noted for his honesty and good judgment in all cases.

Yours truly,
A RATEPAYER.

Bowling Green, Dec. 14th, 1918.

TOYLAND

NOW READY FOR CHRISTMAS SHOPPERS

It is now a year ago since Santa visited Orangeville. The Dear Old Man never disappoints the children and he will be here again this Christmas. He has arranged that all the children, who wish, can leave their letters for Christmas in our letter box, in Toyland—no stamp required. They will be forwarded to him.

JUST A WORD

On account of the war it has been very hard to get Christmas Toys. We bought early in the Spring in order to make sure of our supply. We have received a large part of it, and may get more. In the meantime we would advise people to buy early while the goods can be had. We will put anything aside for Christmas delivery if requested.

CHRISTMAS 1918

Should be the brightest and best we have ever had. Let young and old give thanks to the Almighty that we are spared to the Great War's end and with a glorious Victory for the Allies. Many homes will be brightened with the return of brave fathers, husbands and brothers who have spent the last four Christmases in the trenches. Let us all unite to make this Christmas one never to be forgotten.

DO YOU—FATHERS AND MOTHERS—REALIZE THAT THERE IS A FORCE IN THE DEVELOPMENT OF THE FINER AND NOBLER IMPULSES

that can be fully appreciated only when it is brought into your own home?

—THAT FORCE IS MUSIC—

Never before has the power of music in the home been so universally recognized as today. The world's great leaders and teachers all contribute their testimony to the uplifting power of music. To add the world's best music to the daily life of your child is to inspire him to nobler ideals—to awaken the best that is in him.

Give your child a chance to grow—to reach the full stature of nobility that is his rightful heritage. Give him the nobler inspiration that only the perfect re-creation of the world's greatest singers and players can give. "Come in and hear the New Edison," called by critics, "Mr. Edison's most sublime gift to man."

MRS. JOHN SIMPSON.

Death of Pioneer Resident of East Garafraxa; Born in Scotland About 88 Years Ago.

One of the few surviving members of pioneer life in Garafraxa passed away on Thursday last in Toronto, in the person of Ann Gear, relict of the late John Simpson. Born in Caithnesshire, Scotland, about 88 years ago, she came to Canada with her parents, when about 11 years of age, spending two years near Norval when the family moved to Garafraxa, settling at Reading Corners. When eighteen years of age she married John Simpson. The young couple braved every experience of pioneer life, knowing what privation and want meant, endured the loneliness, but their faith never failed and success came at last. Mr. Simpson died nearly 40 years ago, leaving a heavy responsibility on his wife, who proved loyal and true to her charge. Her family received a good training for the future, all of whom have proved successful in the various vocations, and became comfortably situated. For some years Mrs. Simpson's condition has been quite indifferent and she spent her later years in the city where she received what care and attention a grateful family could provide. The following family survive: James and Robert, in Garafraxa; John A., in Amaranth; George in Waldemar; Thomas and Albert, in Sault Ste. Marie, and Mrs. Geo. Nodwell, in Grand Valley. The funeral took place on Saturday to Price's cemetery and was very largely attended.—Star and Vidette.

J. GORDON HILL.

The funeral of the late J. Gordon Hill took place on Monday afternoon from the residence of his mother, "Hillcrest," to Markdale public cemetery. The body arrived in Markdale, accompanied by his wife, on Friday evening, Nov. 29, having left Humboldt on the 26th.

It is a becoming tribute to the Hill family, that the C. P. R. held the Owen Sound train at Toronto for 35 minutes in order that the body might be transferred from the western train, and the act of courtesy is fully appreciated.

In conversation with the widow, Mrs. Gordon Hill, we gathered some of the particulars regarding the closing days of her husband's life. The unselfish and self-forgetful disposition of Gordon was exemplified in an incident at the hotel in Tisdale, to which he was taken after being overcome by the flu. There were seven helpless victims of the flu in the same house and their cries of distress were too much for Gordon, who left his bed on more than one occasion to minister to them, when he might have cared for himself. Gordon was the only man to succumb—the others live to mourn the loss of a devoted friend.

Deceased's wife conveyed the solid comfort to his mother regarding his future, which was all that a mother could wish to cherish about her boy, and that in the future they would meet together in the presence of their Father, to whom we are all hastening.

The funeral was largely attended. The floral tributes consisted of two beautiful wreaths from the family and the widow.

The pallbearers were: Dr. J. A. McArthur, George Alton, Harvey Lucas, C. Mercer, T. Tuck and W. Noble.

Owing to the heavy strain on both Mrs. Hill, Sr., and Mrs. Gordon Hill, which threatened their collapse, it was deemed wise to have the service private instead of a public character. We are glad to report they are much improved.—Markdale Standard.

MONO COUNCIL.

Mono Council held its eleventh meeting of the year in the Council Chamber at Mono Centre, on Nov. 29th.

Council met per adjournment of the former meeting. Members all present and the reeve presiding. Minutes of last meeting were read and confirmed.

The following accounts were dealt with and passed by the Board:

Wire Fence—Fred McBrien, 56 rods, lot 6, Con. 6, $16.80; Jas. Foster, 40 rods, lot 30, Con. 3, west, $12; Pedlar People, 18 ft. 14 inch culvert, $48.60; Geo. Still, refund error in assessment, $101.59; Norman Parks, draining tile, $2.00; Wm. Holmes, refund of error in assessing dog, $2.00.

Sheep Account—Ernest Curtis, one sheep killed by dogs, $15; Ben Anderson, one sheep killed by dogs, $21.45; Lytle Thompson, one sheep killed by dogs, $24; Peter McMullen, valuator for 1918, $21.00.

Resolution — All outstanding accounts against the township must be handed in on or before the 16th day of December.

Council adjourned to meet again on Monday, the 16th day of December at 10 o'clock a.m.

T. J. PARKS, Reeve.

A Stitch in Time

THERE is a homely old proverb which tells us that "a stitch in time saves nine."

If the man who said it first had been thinking of health, he would probably have said that a stitch in time saves nine hundred and ninety-nine, so important is it to repair those first tissues that become impaired by ill-health.

This is no new doctrine. It is as old as man. Unfortunately (to paraphrase another proverb), we too frequently put off until to-morrow what we ought to do to-day.

Failing to repair the first tissues that need repair, allowing the malady to continue unchecked, other tissues become impaired, for all parts of the body are sympathetic.

The trouble spreads. And—then comes the rent. Nervous disorders may show themselves in various ways, such as sleeplessness, headaches, neuralgic pains, nervous prostration and exhaustion, while later developments take the form of paralysis, locomotor ataxia, or some form of helplessness.

Strangely enough—all these symptoms are preventable, if that stitch had been taken in time. It is here that Dr. Chase's Nerve Food becomes important. We do not say that it is the only means of preventing the rent, but we do say that many years of experience have proved its value as a repairer of wasted nerve tissues that have become weakened by overwork, anxiety, or other causes.

When we say that the value of Dr. Chase's Nerve Food has been proved we are speaking by the book. We might, at considerable length, tell you why Dr. Chase's Nerve Food will make that stitch if taken in time and prevent the rent, but we have always proceeded upon the idea that people are more interested in knowing what has been done in cases similar to their own.

Mrs. W. T. Abbott, 536 Paterson street, Peterboro', Ont., writes: "My system was in a run-down condition, and I was troubled with nervousness and sleeplessness. For some time also I had been bothered with neuralgia, and although I tried many remedies, it was without success. Upon the advice of a friend I commenced using Dr. Chase's Nerve Food, and soon found that my neuralgia was cured, and I have not been troubled in this way since. I also find that now I can eat and sleep well, and I give full credit for this great benefit to Dr. Chase's Nerve Food. I might also mention that I had lost considerable in weight, but after using the Nerve Food I gained back the flesh I had lost."

You can obtain Dr. Chase's Nerve Food from any dealer at 50 cents a box, six for $2.75, or from Edmanson, Bates & Co., Ltd., Toronto.

LATE JOHN MORRIS.

Death of Former Erin Man in St. Joseph's Hospital, Guelph; Born Near Ballinafad.

The funeral of the late John Morris, whose death occurred at St. Joseph's Hospital on Friday, the 29th of November, took place from his late residence, 133 Perth street, yesterday at 10 o'clock, and was largely attended. Interment took place at Mimosa Methodist church cemetery, where deceased formerly lived, many friends and old neighbors meeting there, to pay their last respects to deceased. The services at the house were conducted by Rev. H. B. Christie and at the grave by Rev. R. Smith, of Orton Methodist church, assisted by Rev. Mr. McDonald, of the Presbyterian church, Belwood. The pallbearers were his four sons-in-law, Thos. Entwistle, James Reed, J. Awrey and James Duffield, and two nephews, John H. Reed and Jonathan Gibson.

Mr. Morris was twice married, his first wife predeceased him 23 years ago. The family consists of five girls and two boys, Mrs. Thos. Entwistle, Mrs. Jas. Reed, Mrs. W. J. Awrey and W. H. Morris, all of this city; Mrs. Martha Entwistle and Mrs. John Gibson, of Vancouver, and J. A. Morris, of Welland. He is also survived by his second wife, Mrs. Morris, and step daughter, Mrs. James Duffield, of the town line, Erin and Eramosa.

Deceased was born near Ballinafad, Erin township, on January 2, 1836, his father being killed by a falling tree before he was born. When quite young he took up the farm, lot 30, first concession, Erin township, near Mimosa, which was then all bush, and which he cleared and occupied for 54 years. He sold his farm and retired to this city nine years ago. He was a life long member of the Methodist church, and in politics a Liberal. He was of a jovial disposition, and will be greatly missed by his many friends and old neighbors.—Guelph Herald.

Miss Susie Looby, of 30 Sideroad, Amaranth who has been in Dr. Campbell's hospital in Grand Valley for several weeks, has returned home. Miss Looby, who had been in poor health for some time, had two operations, one for the removal of a diseased appendix, the other for the fixation of a floating kidney.

Peter Stewart, an employe of the Knechtel furniture factory at Southampton, was taken to the Owen Sound General and Marine Hospital with very painful and serious injuries to his right hand. The hand was in some way caught by the sanding machine and the skin, flesh and tendons of all four fingers were ground off and the bone injured.

ELECTRIC TIME SAVER WASHER

Does your Washing in half the time

The Time Saver Electric Washer does your washing in half the time it takes to wash by hand. It washes the clothes while you are doing other work, washes them while you are getting breakfast and doing the up-stair work. It not only washes the clothes but wrings them too, and wrings them quicker and better than can be done by hand. It does the work so quickly and well, it saves three whole hours on wash day.

ELECTRIC BT TIME SAVER WASHER

It runs on 2c. an hour. Runs as quietly as a sewing machine. It is far more simple in construction than a sewing machine and far easier to operate. We have a washer in the store to show you. Let us demonstrate it in your home. Phone or call.

ORANGEVILLE, DEC. 26, 1918.

MUNICIPAL NOTES.

Reeve Brett, of Shelburne, is likely to get a second term without opposition. Councillors Mowat, Gilpin and Murray will seek re-election. Councillor Calhoun is as yet undecided.

Those who profess to understand the situation in Melancthon township state that there will be a contest for all offices. Jas. R. Clarke, who has been Reeve for two years, is said to have decided to seek re-election and will likely be opposed by Mr. Geo. T. Prentice, the present Deputy-Reeve. The three councillors, Messrs. Robt. Oldfield, James Fairbairn and Jos. Duke, are in the field for Deputy-Reeve, so that a keen and uncertain contest is assured. Messrs. C. Rutledge and John Russell have definitely stated that they are in the field for council honors and other candidates are expected to loom up as nomination day approaches.

In Mulmur township, the Free Press states that Reeve D. Kiernan is likely to be opposed by James Barber of Honeywood, who was a candidate for the position in a three-cornered fight two years ago, but was defeated. For the Deputy-Reeveship, Councillor Rice Hill is spoken of as likely to oppose Robt. McCutcheon. At present writing there are a large number of candidates for the Council Board. R. H. Galbraith and James McKee will seek re-election. Messrs. Wm. Johnston, Earnscliffe; Thomas Mitchell, Stanton; Jas. Henderson, Ruskview, and Robt. McMaster, of Perm, are also said to be seeking a seat at the Council Board.

Councillor Watson is in the field for the Reeveship of Grand Valley. In school matters, a successor is needed to fill the vacancy caused by the departure overseas of Capt. Lane. The retiring trustees are Messrs. McIntyre, MacDonald and Tate.

Matters are said to be shaping for an acclamation in East Luther, as the ratepayers believe that the honor of having an East Luther man fill the office of Warden is long overdue their municipality and are disposed to give Reeve Hilborn another chance for the chief municipal office in the gift of the people of Dufferin. In the event of an election Councillor Alex. Ward and ex-Reeve P. J. Cunningham are mentioned as probable candidates for the Reeve's chair.

There is every indication that municipal matters will be quiet in Caledon this year. Mr. Sam. Kannawin, who has only had the Reeveship one year, has decided to ask for the usual second term. He has filled the position with general acceptance to the ratepayers and with credit to himself and it is only right and fitting that he should have a second term, and especially as this has been the rule in this township. Deputy-Reeve Hillyard, who has only had the honor of a seat in Peel's County Council for one year, we believe, has made good in filling the second highest place in the township and will get a second term without opposition. Messrs. Smith and Hawkins are tried veterans as councillors and we believe will seek re-election for their old jobs, while Councillor W. J. Limebeer feels that his health will not permit him to remain in public life any longer and is likely to retire, thus causing a vacancy for his place. Mr. Geo. Giles, an ex-Councillor, is mentioned as a candidate for the position.

Coun. Thos. Smith, of Caledon, was in town the other day and took The Banner to task in kindly but not uncertain fashion for its statement that everything pointed to an acclamation in Caledon this year. Mr. Smith intimated that he had intended to run for the Reeveship a year ago, but had consented to forego his claims in favor of Mr. Kannawin. He saw no reason why he should do likewise this year and told the Editor that he would very likely be in the field either for Reeve or Deputy-Reeve.

Our Bowling Green correspondent seems to be very much off regarding the situation in Amaranth. He is apparently unaware of the fact that Reeve Hepton Hepton is seeking re-election. It is doubtful if his statement anent reeves from the east and west of the municipality will stand examination.

GOING STRONG.

The Family Herald and Weekly Star of Montreal is having the best year in its history. Their subscriptions for the month of November exceeded by almost 200 per cent. the same month of any previous year. December will also be a record-breaker. The Family Herald Publishers are perfecting plans for elaborate improvements. The public should not confuse that great weekly with a small daily paper of somewhat similar name now in liquidation. There is no fear of such a thing happening with the Family Herald. The word "Family" should not be omitted in the address of that paper. We are informed that their offer of a War Album free to all who subscribe still remains good, but the demand is so great that it may have to be withdrawn soon. The Family Herald is big value and the Album is most attractive, so it is no wonder they are securing thousands of new subscribers.

SOLDIERS RETURN.

HEROES OF THE GREAT WAR GIVEN A ROUSING RECEPTION.

Escorted from C. P. R. Depot to Their Homes by Reception Committee, Citizens' Band and Hundreds of Citizens.

There was a great gathering at the C. P. R. depot on Thursday night to welcome home four of the local heroes of the Great War. The men who arrived were Gunner J. M. Aiken, son of Mr. and Mrs. J. W. Aiken, West Broadway; Signaller Harry T. Mossop, son of Mr. and Mrs. S. C. Mossop, John street; Corp. H. F. Ainsworth, a son-in-law of Mr. and Mrs. E. French, East Broadway, and Pte. Isaac Thomas, a Mono boy. The Citizens' Band and the local Reception Committee were present to lend a hand in the welcome. When the soldiers detrained they were greeted with round after round of cheers and a spirited selection by the band which was drawn up in a commanding position on the station platform. The first greetings with loved ones and friends over, the boys were shown to waiting autos, a procession was formed, headed by the band under the leadership of Bandmaster Hill and they were escorted to their respective homes, where another warm and more intimate welcome awaited each of them. Pte. Thomas went to the American hotel for the night and after seeing the other boys to their homes the band lined up in front of the hotel and played a few rousing airs.

Similar scenes were enacted on Friday night when the band and a large concourse of citizens again gathered at the station to welcome home Gunner Reggie King, son of Mrs. T. T. King, West Broadway; Pte. Geo. Price, a married man living on Mill street; Pte. Arthur Winterton, son of Mrs. E. French, East Broadway, and Pte. Wm. Chapman, a former Amaranth boy. The French family was doubly happy for it had been gladdened the night previous by the arrival of Corp. Ainsworth. The homes of the returning soldiers were brightly lighted, decorated with flags and bunting and every preparation had been made to give the veterans a welcome that would in some measure express the joy and love that filled the hearts of the loved ones who had waited so long and so anxiously for the day of this joyous homecoming.

Pte. George Price.

Pte. Geo. Price, one of the returned men, enlisted with the 153rd Wellington Battalion on Dec. 28th, 1915, trained at Guelph, St. Thomas and London, went overseas in April, 1917 and crossed to France with a draft for the 18th Batt., in December of the same year. He was shell-shocked and partially buried by an exploding shell in March 1918, spent several months in the hospitals in France and England and was obliged to undergo an operation at Epsom, England. He looks comparatively well and has many interesting incidents to relate. He has a wife and two daughters. Mrs. Price contracted influenza last October and is still in very poor health.

Pte. Isaac J. Thomas.

Pte. Isaac J. Thomas enlisted in the Orangeville company of the 164th Battalion, on December 7th, 1916, when only 16 years of age. He went overseas in April 1917 and crossed to France in September 1917 with a draft for the 21st Batt. He was at the front until Sept. 16th, 1918, and took part in the heavy fighting up to that time. He was sent to England in September suffering from shell-shock. The shell-shock has affected his speech, leaving him unable to utter a word at times. He is now recovering from this impairment and is sanguine that it will leave him entirely in time. Pte. Thomas lived with Mr. Ben Anderson, of Relessey, for three years before he enlisted.

Signaller Harry T. Mossop.

Signaller Harry T. Mossop was a C. P. R. trainman before he enlisted with the R. C. H. A. in Toronto in May 1916. He went overseas in February 1917 and to France in August of the same year with a draft for the 45th Batt. He was at the front until January 1918, when he was returned to England on account of illness. Discharged from the hospital in June he was placed in a composite brigade at Witley Camp, where he remained until December. He served on the Vimy Ridge front and was through the battles at Passchendaele and Hill 70. "Harry," as his friends call him, is looking and feeling fine and fit. One of his brothers, Gunner Gordon Mossop, is still in England.

Pte. William Chapman.

Pte. Wm. Chapman enlisted with the Shelburne Company of the 164th and went to England with his battalion. We understand that he was in France only a short time, when he was sent back to England as too young for service at the front. He is an English boy and lived with David Rintoul, an Amaranth farmer, before enlisting. Pte. Chapman was escorted to the home of Mrs. Banks, East Broadway. The Banks family were close neighbors in Amaranth a few years ago. At present he is visiting friends in Alton.

Corp. H. F. Ainsworth.

Corp. H. F. Ainsworth, a married man, enlisted with the 147th Grey Battalion in Meaford in March 1916, went overseas in September of the same year and to France in February 1917 with a draft for the 4th C. M. R. He was slightly wounded on the Lens front on May 28th, 1917, and was gassed and wounded at Mericourt on Sept. 5th, 1917. After several months in the hospitals he reported back to a reserve battalion on April 1st, 1918, but had the misfortune to have one of his legs broken while playing base ball on April 18. The accident kept him in a hospital until the day after the armistice was signed. Corp. Ainsworth is thin from the effects of his long confinement, but otherwise looks well. He will report back to Toronto on Jan. 3rd.

Pte. A. J. Winterton.

Pte. A. J. Winterton joined the 164th in Orangeville on Dec. 8th, 1915, accompanied his battalion to England and went to France in March 1918 with a draft for the 116th Batt. He was through the fighting at Arras and Roye last summer, was wounded slightly on April 18th and again sustained shrapnel wounds on August 8th and August 18th. His injuries caused blood poisoning and he was returned to England, where he spent six weeks in a hospital at Wallesley, Cheshire. Pte. Winterton came home on the Melita, while his brother-in-law, Corporal Ainsworth, crossed on the Olympic, which sailed a few days earlier. Pte. Winterton's brother, Pte. I. Winterton, was killed at Passchendaele on Oct. 31st, 1917.

Gunner Jack M. Aiken.

Gunner Jack M. Aiken, who arrived home on Thursday night, has been overseas three years and seven months. He signed up with the 14th Battery in Toronto in April, 1915, and sailed for England on May 19th of the same year. He arrived in the Old Country on June 1st and was in camp for advanced training near Folkestone until September 15th, when he was ordered to France. After serving for six months as a gunner, he was transferred to a signalling unit and acted as a signaller for 19 months. He was taken ill with sciatica, the result of exposure, and spent five months in one of the English military hospitals. Gunner Aiken was in the battles of St. Eloi and Sanctuary Wood, served with the Canadians during the bitter Somme fighting in 1916, spent three weeks at Passchendaele and was also on the famous Vimy Ridge front. He has witnessed and taken part in a lot of strenuous fighting and says he was more than lucky to come through unscathed. "Jack," who is 22 years of age, is looking fine, but like the rest of the boys who are home, is glad that the big scrap is over. When he arrived Thursday night he found his home gaily decked with flags, the rooms brightly lighted and a warm reception awaiting him from his overjoyed parents and friends. Many of the latter called as soon as possible to shake hands and exchange a word of greeting with the young soldier.

Lieut. R. H. King.

Lieut. R. H. King was an undergraduate of McMaster University, when he enlisted in the Canadian Officers Training Corps in September, 1916. He went overseas in December of the same year and spent five months training at the R. H. A. Barracks at St. John's Wood, London. He went to France on August 1st with C. Battery, 52nd Army Brigade, R. F. A., with which he served at the front for three months. Lieut. King was through five of the battles of the ridges in the famous Ypres salient. In the fifth battle he was acting as forward observer, when a shell burst almost at his feet killing all his signallers and several other men. Lieut. King had the good fortune to escape death, but was rendered unconscious and wounded in several parts of the body by fragments of the bursting shell. When he reached the dressing station it was found that he had sustained no less than fifteen wounds. He was taken to the 24th General hospital in Etaples, France, where he remained four months. He was then removed to Scotland, where he spent four months in No. 2 Scottish General Hospital in Edinburgh, going from there to Bournemouth Convalescent Hospital, where he remained for almost six months, when he was allowed to return to Canada on six months sick leave. Lieut. King crossed the Atlantic on the Melita and reports a very pleasant voyage. He is looking quite well considering the serious nature of his wounds, but is still far from having regained his former strength and vigor. Lieut. King was taking a special course in Classics and History at McMaster and was granted his degree after he had gone overseas. He is now planning to take up postgraduate work as soon as he has been given his discharge. He is one of four cousins, all Kings, who went overseas in response to their country's call.

Pte. Clinton Pierson.

Pte. Clinton Pierson, a Mono boy, who enlisted in and went overseas with the 164th, arrived in Orangeville Saturday morning. As the local Committee had not received any notice of his arrival there was no reception arranged for him when he reached Orangeville. However his friends are all glad to see him back again and there may be an opportunity of giving him a fitting welcome sometime in the near future.

—Municipal nominations will take place next Monday.

WOMEN VOTERS.

We wonder whether the women of the town and townships realize their municipal privilege and potential power. Have they begun to inform themselves on the issues and problers of the time? Can their votes be counted on to improve the personnel and administration of our municipal councils? Or, will they like so many of the men content themselves with grouching? That is easy, but it does not get anywhere, or anything worth while. They will have to get together and compare views and discuss matters that are not to their mind and canvass the men and work up a public opinion that will demand what they favor. They will find that they are out of it unless they push in. They may have votes but they will have little or no influence and will be no further on toward what is sometimes called their "emancipation" than their mothers and grandmothers were.

It will be interesting to note the part women have played in the British elections just over, as 6,000,000 of them had not only the right to vote but exactly the same right to stand for election and to sit in Parliament if elected as the men. Canada was wont to think she was in the lead of the Motherland in social and electoral reform, but in such matters as good housing, moral standards, temperance reform and equal political rights the women of Britain have left Canadian women hopelessly behind.

In Ontario they seem to be even farther behind than elsewhere. At the last session of our Provincial Legislature the government gave the six months' hoist to a bill that proposed to give women the same political rights as men. Some of them have begun to ask: who gave the men the right to a monopoly of political power and privilege? That is rather a hard question for the men to answer, especially to the satisfaction of the women. They are asking why the women of Manitoba, Saskatchewan, Alberta and British Columbia have full political rights as in Britain, and the women in Ontario and all East of Ontario have not? And, no one can tell them.

But, if they care enough for their rights to insist on them and to convert the members of the Legislature and of the Commons to their views they will secure them. And when they do they should make sure that they are not cheated out of them by any political fluke. They should organize for discussion and electioneering but should determine to keep themselves absolutely free from party allegiance so that their vote will count for those who hold their views and who will help secure the legislation they demand. If they become as partizan as the men the political situation will be little changed and none bettered.—Owen Sound Sun-Times.

CHRISTMAS.

Christmas, 1918! And such a Christmas as we have not known for years—a Christmas of Peace on Earth—of Victory and thanksgiving for victory; a Christmas of home-comings and all its rejoicings; to some it is a Christmas of sadness and mourning, but to all a Christmas.

Now that the war is over, the path of peace and all it involves is beginning to be trod—by the Germans with the surrender of ships and guns and lands and by ourselves with a request that we shall surrender many of our war-time habits. The greatest danger after sickness is the possibility of relapse and the relapse becomes worse than the sickness itself. We must guard against any possibility of a relapse at this time when we are recovering from a world-wide malady—war. During the period of hostilities all our lives have been moulded to do our bit--both at home and in the army everyone has worked to ensure the existence of our national life and to make the world safe from the iron heel of militarism and all its destestable enormities. Everyone has suffered privations and hardships; sorrow and suffering and anxiety have been the lot of all. When the stress of war is passing away we are apt to forget and return to the old ways of pre-war times. Without a doubt the world has been greatly changed by the war—it is a change for the better. In these days of reconstruction it is just as necessary that we should keep our backs to the wall and to carry on the work we did during the war, as it ever was. The discipline we have learned, the self-sacrifice, the industry, the economy, the comradeship, which is fostered more by suffering than by anything else, must not be allowed to pass into the realm of forgetfulness. The new order of things born during the World War has made the world a better world, has shown us the value of money and of work. In the army and out of the army we have found out the benefit of work. Persons have forgotten their differences and their troubles, their sorrows and sufferings have been minimized. They have been too busy to think of these things.

In the army the experience of the boys who have come home is wonderful beyond words. They have broadened their views and coming home to take up their former businesses and professions they will be better citizens of an improved community. The high ideals which have made the Canadian Corps a shining sword of righteousness should be carried back to civil life.

This thought is a Christmas message. Through suffering we have conquered and reached the pinnacle of success in the material world. "Let him that thinketh he standeth take heed lest he fall." This is the watchword for days of reconstruction—no backslidings, no carelessness, no extravagance but whole-hearted, whole-souled lives, consecrated to God and a better country, as the outcome of a season of gloom.

RELESSEY.

Sir,—The Mono Council met on Monday to get out their financial statement for the year 1918 and it is currently reported that the members felt so satisfied with themselves that each member decided to hold his present position for 1919. Can anything be more cheeky? This council of the only wise men of Mono do not think it necessary to consult the already overtaxed ratepayers of this township as to whether the municipal affairs have been conducted in an economical businesslike manner, or in the usual slipshod manner which characterizes this body who have already held the reins far too long. The reeve has an immense cheek to think that the people are going to permit him to fill the place at the council board he has unfortunately been permitted to fill for the last two years. Could anything be more damning than the stand he took on the military question? No wonder a lady at Laurel told him that he should call for cheers for Laurier instead of the King, from the stand he had taken.

Is a man of his kidney a fit and proper person to sit at the head of Mono Council table? I should say no! And I am fully convinced that a majority of the ratepayers of Mono will show him, if the opportunity offers, that they have no use for a man that was not willing to do all he could to send help to the boys who were laying down their lives in Flanders for the Empire.

Let us honor the flag and keep wobblers at home. Yours truly,

A VOTER.

PUBLIC NOTICE RE RETURNING SOLDIERS.

Citizens are requested to notify Mayor Henderson of the time of arrival, when known, of soldiers returning in order that a proper reception may be given them.

By Order,

A. A. HUGHSON, Clerk.

Town Clerk's Office, Dec. 3rd, 1918.

WELCOME HOME FOR SOLDIERS

A meeting of about seventy-five of Inglewood's representative men met in the public hall on Tuesday evening of last week, J. M. Scott occupying the chair. The purpose of the meeting was to arrange for a reception for each soldier as he returns from overseas. The plans submitted received unanimous approval, and a committee to be known as the program committee will be drafted to ensure a special welcome for each boy. It was also decided to raise an initial fund of $600 for this purpose. When all the boys have returned they will be tendered a banquet.

MONO MILLS.

The residents on Caledon East R. R. No. 2 have presented their mail courier, Mr. Geo. Atkinson, with a complete set of furs, including coat, cap and mitts and the following address:

We the residents on Rural Route No. 2 have long felt that your services as mail carrier during the last four years merited some expression of appreciation.

Since the inception of the rural mail delivery with its consequent benefit to the people, a great many men of widely different dispositions have entered into these contracts with the post office department and we feel that we are indeed fortunate in having the services of a man of your sterling good qualities placed at our disposal.

The distribution and collecting of mail matter means the handling and care of letters and parcels of importance and often of high value. Your carefulness and honesty of character has inspired us with the confidence that the duties devolving upon you would be discharged in the best possible manner, and that you fully realize the importance of your work.

In all conditions of weather and roads you have been faithful and prompt in making your daily journey and in all matters you have been both obliging and agreeable.

We note with sincere regret your recent illness and join in the hope that you may soon be fully recovered, and ask you to accept this fur coat, cap and gauntlets, trusting that they may add something to your comfort during the cold winter months.

We are pleased to know that you have again secured the contract for our route for the next four years and look forward to a continuation of the pleasant relations that have always existed.

Signed on behalf of the residents on your route: A. M. Speers, R. J. Donaldson, Leslie McKinnon, Jno. A. Vance.

In connection with this presentation the committee desire to take this opportunity to thank all those who have contributed so willingly and so generously and also to express the general regret that Mr. Atkinson's illness made it impossible to spend a pleasant evening together.

The people of the three churches in the village held a union Christmas tree and entertainment in the church of England hall on Christmas eve.

We are pleased to know that all who have been so ill recently in the village and community are recovering under the medical treatment of Dr. M. Dunning.

Mr. A. R. Mills' sale, held on the 18th inst, was very successful. A large crowd was in attendance and mostly everything brought its full value under the skilful handling of Mr. Jas. A. Patterson. The total returns of the sale will be about $4200.

The members and subscribers of Mono Mills Telephone System may have a copy of the new telephone directory now on application at Stork Bros.' store.

WHAT W. S. S. ARE.

What are Thrift Stamps? They are a means by which persons who cannot pay $4 down for a War Savings Stamp may save to buy one. A person pays 25 cents for a Thrift Stamp, with which goes also a Thrift Card, containing sixteen spaces to which Thrift Stamps are to be affixed as purchased. When the card is filled it should be exchanged for a War Savings Stamp. The holder should then buy another Thrift Stamp, and thus begin saving again for a second War Savings Stamp.

A TYPOGRAPHICAL ERROR.

At a dedication festival service at a country church the following announcement was made by the clergyman:

"The collections today will be devoted to the arch fund, and not as erroneously printed in the local paper to the arch fiend."

HOCKLEY.

A very happy event took place at Mr. Jos. Beatty's on Thursday night, Dec. 12th, when a fowl supper and party was held in honor of Pte. McCabe, a former Hockley boy, who was invalided home some time ago on account of the wounds he had suffered in action. A number of the representative men of the village and vicinity were present and during the evening testified to their regard and good-will by presenting the returned hero with a beautiful club bag and the following address:

Dear Friend, — Your old-time Hockley friends wish to take this opportunity to welcome you home and to tell you how proud they are of the part you have taken in the great war now so happily ended.

It was with pleasure and pride that the people of your old home neighborhood learned early in the war that you had volunteered for overseas service, thereby proclaiming your readiness to give and sacrifice your all in the great cause of freedom—a cause that lies near and is very precious to the heart of every true Britisher. Now that you have come home again our pride in your achievements is mingled with gratitude that you have been spared to pass through the awful ordeal of war and to return to those whose thoughts and prayers have followed you so closely in the long and anxious years since you first went overseas. We sympathize with you in your wounds—honorable marks of the trials and sufferings you have borne as a good soldier of the King. Canada's gallant soldiers have done glorious deeds and won undying fame on the battlefields of France and Flanders. You have undoubtedly had your share in these great achievements and, while we welcome you home as a friend and a Hockley old boy, we are sensible at the same time that in you we have a worthy representative of the Canadian pluck and heroism that made St. Julien, Langemarck, Ypres, Vimy Ridge, the Somme, and Cambrai names of imperishable glory, in the history of Canada's part in the great war.

As a further token of our joy over your return and as a slight memento of our affection and esteem we wish you to permit us to present you with this club bag.

Again bidding you a hearty welcome home, we are, your friends.

Mr. Wm. Quigley acted as chairman and Mr. John B. Beatty read the address. After a feeling reply by Pte. McCabe, short addresses of a felicitous nature were made by Thos. Goodeve, Wilson Irwin, James Colwell, Neil McQuarrie, F. W. McCarthy and others.

BRIDGE COLLAPSED.

New Cement Structure in Normanby Township Failed to Stand the Test.

The new cement arch bridge on Cons. 18 and 19, Normanby, which was constructed last summer by Contractors Clark and Cole, of Owen Sound, collapsed on Saturday, Dec. 7th, about one o'clock p.m. The arched span was 70 feet and was built according to plans and specifications prepared by Robert McDowell, Owen Sound, an outstanding land surveyor and civil engineer. The foundation, which was of a bottomless nature was thought unfit for a base of concrete alone, so piling 32 feet long was secured and 18 of these were driven for each abutment. Those poles had still touched nothing that felt like bottom, but Engineer McDowell thought they would hold the bridge. Shortly after the completion of the formation of the arch a crack appeared at each of the four corners but so long as the false bents were underneath it did not get any worse. On Wednesday, Dec. 4, however, Messrs. Clark and Cole began to remove the false work and then it began to become apparent that it was all false work. Large cracks began to appear at different places and it didn't look good to drive over. Slowly but surely something was giving way; the crown was out of her now; she was bowing her head in the centre, and on Saturday at noon she took the final dive. It is too bad. It was a nice compact little structure, but apparently not the style of bridge suited to such a foundation, as the end pressure was so great that, having no banks, the abutments spread with the above results.—Ayton Advance.

CALEDON.

Fourteen boys and girls in Caledon township, Peel County, made a beginning in sheep raising when they received two purebred Oxford ewes each through the Caledon Sheep Club which was organized by the Agricultural Representative. The distribution took place at Caledon on Saturday, December 21st and was the first event of this kind in Ontario, and one that will not be soon forgotten by the young members as they proudly drove off with their much prized sheep. Both shearling and two shear ewes were in the lot and were paired off and numbered, each boy and girl drawing a number from a hat. They were allowed to pay cash if they wished or they could give a note for ten months endorsed by parent and bearing interest at six per cent. per annum. Fifty dollars each was the price paid, six members giving their note and eight paying cash. Although it was announced in the rules of the Club that the ewes would be insured against death for one half the original cost by means of an assessment, the members by unanimous vote decided to each bear his own risk of loss.

An agreement as shown below was signed by member and parent. It is intended to make the club as educational as possible and each member's name is being put on the mailing lists of the Dominion and Ontario Departments of Agriculture. In addition the boys and girls will be visited from time to time and assistance will be given if necessary in feeding and management and in marketing the wool and lambs. The ewes are at present in lamb to either imported or first class Canadian bred registered Oxford rams and next fall it is hoped to secure the service of an outstanding sire and have all the ewes brought to a central point to be bred. This will not only assure good stock but wil ltend to uniformity of type.

An arrangement was made whereby the financing was done by the Sterling Bank at Orangeville and the manager was present when the sheep were given out to take care of the payments. The Bank took a keen interest in the Club and assisted with the advertising, etc. We have found all the banks eager to help with this work and there is no reason why Farmers' Clubs and other agricultural organizations should not make fuller use of bank loans for purchasing better stock and farm supplies of various kinds.

WANTED HER CHANGED.

The weary and pallid little man entered the drug store.

"Do you keep 'Rixie's Reviver'?" he asked.

"Yes," said the druggist.

"Gimme six bottles for my wife!"

"Tried all other remedies without success, eh?" said the druggist, conversationally.

"No; she ain't ill at all. But I saw in the advertisement where a woman wrote, after taking six bottles, 'I'm a different woman'!"

MONO MILLS.

The local Branch of the Red Cross will meet in their rooms here to pack a bale of supplies on Wednesday, Jan. 8th, at 2 p.m. Those who have work out will kindly make an effort to have it completed before that time. This notice may come as a surprise to some who are of the opinion that this work is no longer necessary, but the supplies are still being called for and are being used no doubt in the convalescent hospitals, and in bringing home crippled and disabled soldiers. The thought of war and war work seems a discordant element in this, the Great Peace Christmas, and we look forward to the time in the very near future, when the Red Cross officials and workers, who have done their part so faithfully and so well, will be at liberty to give their time to other things, feeling that they had a real part in the winning of the Great War.

There will be a meeting held in the Orange Hall, Mono Mills, on Friday evening, Jan. 3rd, for the purpose of discussing the organization of a branch of the United Farmers of Ontario.

A DESERVED TRIBUTE.

Orangeville Presbytery Expresses Its Appreciation of Services of Rev. J. R. Bell, of Laurel.

At a recent meeting of the Orangeville Presbytery a resolution was passed unanimously placing on record the Presbytery's appreciation of the splendid services of Rev. J. R. Bell, who has been pastor at Laurel and Black's Corners for the last twenty-six years and whose retirement recently became necessary on account of ill-health. The resolution was worded as follows:

"It is with feelings of the deepest regret that Presbytery accepts the resignation of Rev. J. R. Bell, which is necessitated on account of continued ill-health. At the same time we express our hope that after a period of rest Mr. Bell will be enabled to take up his beloved work as heretofore.

"We desire to place on record our appreciation of the great services he has rendered to the Master's cause as pastor of Laurel and Black's Corners for over 26 years, and as a faithful, beloved and honored member of Presbytery, in which his wise counsel and his willing help were so often desired.

"We likewise place on record our appreciation of the splendid work of Mrs. Bell, in the congregation and in the Women's Missionary Society."

LAUREL.

Our community was thrown into gloom by the death on December 12th after a short illness from influenza followed by pneumonia of John Andrew Smith, a respected young farmer of this neighborhood. Deceased, who was only 28 years of age, was a young man of excellent character, a kind, loving brother and a true friend. He was also a successful farmer and was in quite prosperous circumstances when overtaken by death. He was an active worker in the Presbyterian church at Black's Corners and also took a keen interest in the Young People's Guild and Sunday School. As a neighbor he was always ready to lend a helping hand to anyone in need. He will be much missed in the church, in the community and in the home. His end, while untimely, was peaceful and happy. Rev. J. R. Bell, the family pastor, officiated at the funeral, which was held at Laurel cemetery on Saturday afternoon Dec. 14th.

ALTON.

Christmas anniversary services were held in the Methodist church on Sunday. Rev. W. N. Carr, of the Presbyterian church, preached in the morning and Rev. T. R. White, the pastor, in the evening. Good congregations were at each service. The ladies had tastefully decorated the church for the occasion. The offerings for the day amounted to about two hundred dollars.

On Sunday, Dec. 29th, a memorial service will be held in the Methodist church at 7 o'clock to two young men of the congregation killed in action in France, William R. Dean and Jas. Simpson.

A watch night service will be held in the Methodist church on New Year's Eve from 11 to 12 o'clock. All are invited to attend.

Mrs. (Rev.) T. R. White, of Alton, has been elected Secretary for the Young Women's Christian Temperance Union of the Province of Ontario.

The funeral of Mrs. Henry Scott, of Melville, took place on Sunday afternoon last from her late residence. The service was conducted by Rev. T. R. White, of the Methodist church.

MONO COLLEGE.

The social evening meeting of the Mono College Women's Institute, which was to have taken place on Thursday, Jan. 2nd, has been postponed. The date of the meeting will be announced later.

A FEW WORDS ABOUT WOOLLENS
To keep a fighting man in fighting condition, you must keep him warm for one thing. The pick of the woollen cloth is being utilized right now for soldiers' clothing; it is right these "upholders of our rights" should have the best. Many months ago, yes months, we made plans for these very Overcoats you'll find here; our big contracts for clothing were in before the shut off of woollens for men back home went into effect. We feel sure our patrons will appreciate our timely buying.

Don't think because we haven't mentioned Ties, Gloves, Sox, Caps, Work Shirts, Work Gloves, Overalls, Pants and Fur Coats, that we haven't them. The greatest showing in town and at the most reasonable prices awaits you here.

CAPTURE OF MONS.

STIFF FIGHTING BEFORE HUNS WERE DRIVEN FROM THE CITY.

Bright Descriptive Letter from Pte. W. Wilfrid McGuire, M. M., of 21st Battalion.

Mr. Ross V. McGuire, linotype operator with The Banner, has received the following bright and interesting letter from his brother, Pte. W. Wilfrid McGuire, who has been in France two years

Perhaps you will be thinking it high time that I wrote you, and so do I. But if you only stop a minute and consider all the moves we have made during the past few weeks you will quickly agree with me when I say that letter-writing must, of necessity, be a secondary matter. You can't route march, do duty afterwards and write. And then there is the sleep proposition, of which we runners have not had an overdose in all this time. On the go, night and day, till nearly midnight every night, and on the go early next morning.

As the censorship is not quite so exacting as before, I can, perhaps, say a little more, provided they are not State secrets.

Doubtless you have read that the Canadians took that famous city, Mons, just before the armistice commenced. My division was not backward at all in that victory. The brigade front line made a grand final dash at the Hun, who had been fighting quite tenaciously for high ground which he held, but eventually was driven off. A curious factor of the last scrap is the fact that the war ended at practically the same spot as it started for the British in 1914, viz., just a short distance on the right of Mons. It was here that the British first met the Hun in 1914, and commenced that famous retreat from Mons. Now we are going the other way—but with no opposition, after over four years of the most violent fighting the world has ever known.

The fight for the city of Mons itself was quite stiff. The day after it fell, it was my good fortune to visit the city in all parts, so had a splendid view of it first-hand. There were many evidences of severe street fighting in places, such as destroyed machine gun emplacements commanding wide approaches, and narrow streets. Windows were broken, houses smashed, but fortunately not so badly as in most towns in which there had been fighting. To cover his retreat and hinder our advance, the Boche mined several bridges across the canal, although the main bridge was not totally destroyed, so the advance was practically not stopped at all.

The reception the Canadians received by the civilians is impossible to describe. They rushed from their cellars as soon as the fighting was finished, many even before, and threw themselves on the soldiers, offering to carry pack or rifle, or even wishing to be allowed to advance with the troops to get a shot or so at their late captors. Almost on the heels of the retreating Germans, or before, it seemed, the Belgian flag was flying from every store or house. Little ribbons were on everyone and the people were just wild. Put yourself in their places, under bondage for over four years, and suddenly released, and I'll warrant you will go wild with joy, too. One (man) threw his arms about me, almost crying with joy. Little girls came running out with great armfuls of flowers, with one or more for each soldier. In truth it is always like a march triumphant, like the early Romans, returning to Rome after a victorious campaign.

Every town we have liberated since this last advance commenced has been one rousing welcome, and the best is none too good for the Canadians.. They are glad to see us, I guess, if one can judge by their actions.

Since the armistice we have been at Mesnin, near Mons, so I have had plenty of opportunity to visit the city, and was there when Gen. Horne finally handed it over to the citizens. For the occasion big processions were held, speeches from big guns at the Place or Square, etc., etc. The crowd was so dense at the square that I found it impossible to get anywhere near, so visited about, seeing what I could. One old church I "toured," and it certainly was a beauty, was over one hundred years under construction. The sculpture in it was too grand to describe and the scene of "The Last Supper" in solid marble was so natural that I'll remember it for many a day. The expression on the faces of Christ and all the Apostles was even more natural than a photograph, and it seemed as if you could see their lips moving. Wonderful it was. In the church were several famous works of art which the Hun had not destroyed, all being works of famous artists.

It was my intention to buy a little souvenir from Mons, but I didn't have any money, so was unable to get a single thing, and I do not borrow from my comrades as they require what money they get, the same as I do mine.

This morning we commenced our long march to the Rhine to fulfil our part in the armistice terms. The first day's march was not a hard one, and I am glad, but there are bound to be some longer ones ahead of us. For a day or two we are at Thieu, a small village east of Mons, just a few miles, and are quite comfortable in billets. Just after our arrival, a number of us who had not been inoculated for over a year, got the needle, so tonight I'm feeling somewhat stiff about the arms and chest. Will tell more of this march later on.

We are all more than anxious to get home now that the war is won, but I'm afraid it will be several months yet.

There sure were lots of foreign substances flying about here before the war stopped and they were not a bit particular whom they hit, either. Indeed everyone who got through unscathed can consider himself lucky, and I hope there are no accidents from now on, seeing that I have been so fortunate. Lucky, when you consider one coming through such fights as Vimy, Hill 70, Passchendaele, Arras, Cambrai and a lot more minor engagements, finishing up with Mons. Missed Amiens while on leave.

When you see Col. Preston and Capt. Firth thank them for their remembering me and tell them I often think of the visits with them while in training at Sandling and Seaford.

When we get settled for the winter in Germany will try to write you some interesting stories.

—WILFRID.

DENTAL CLINIC IN PEEL.

No rural community so far as known has had the advantage of a dental clinic such as was held recently in Streetsville. The Department of Agriculture arranged for Dr. Bothwell, Director of the Toronto Dental Clinic, Chief Dental Inspector of Schools, to take charge of the work. The local Women's Institute secured the co-operation of the Council, School Board, parents and teachers. Mrs. D. H. McCaugherty and Mrs. Drinkwalter looked after all dental work and were in constant attendance at the town hall where the clinic was held. One hundred and twenty-two pupils were examined. Eighty-nine received treatment, either extractions, filling or cleaning. Charges were fixed that only bare expense be met. An evening meeting was held with an attendance of 125. Moving pictures of medical school inspection in Peel County were shown, addresses dealing with health and school improvement were given by the chairman, Warden D. H. McCaugherty, Mrs. Drinkwalter, Mr. Stark, Miss McIntosh, Rev. Mr. Hawkley, Dr. Chambers and Mr. Couse.

ACCIDENTS TO AIRMEN.

Reassuring Figures Supplied by the Royal Air Force.

There have been so many rumors from time to time regarding the loss of life in the Canadian aviation schools that the authorities recently went into the matter and prepared a statement on the subject. The figures secured by them are very reassuring. The records showed that over a period dating back from June 30 and covering 36,253 flights, there had been 35 total losses of machines, five cases of two or more longerons being broken, twenty-one cases of one longeron being broken, and 69 cases of undercarriage of plane being broken, injuries repairable by the squadron in a very short time. These accidents were responsible for 36 admissions to hospital, including seven fatalities, equal to one fatality per 19.38 hours, or 5,179 flights, and one admission to hospital per 377 hours, or 1,007 flights.

On the records of the R.A.F. for the period mentioned those accidents have been categorized as follows, no attention being paid to the class "D" crashes, which were only minor ones, resulting in no admission to hospital:

	With injury to pilot or passenger.	Without injury to pilot or passenger.	Total.
1. Aeroplane defect—			
(a) Breakage	..	..	..
(b) Engine failure	6	..	6
(c) Faulty rigging	..	1	1
2. Error of judgment—			
(a) Poor flying not due to instruction	14	16	30
(b) Poor flying, probably due to instruction.	2	..	2
3. Loss of head	6	4	10
4. Brain fatigue	..	..	..
5. Fear	..	..	..
6. Physical illness	..	..	..
7. Unavoidable	4	2	6
8. Disobeying orders.	4	..	4
	35	23	59

In the instances of forced landings, said a Flying Corps officer, error of judgment was frequently a strong contributory cause, and the majority of accidents occurred in that period of a cadet's training when he became over-confident. Other accidents were due to sudden weakness or mental inertia suddenly overtaking the pilots in the air. He further stated that, in the matter of accidents the training system in Canada would compare favorably with that in England.

Water-Saving Baths.

A recently invented bathing machine not only washes the body, but also gives a massage and dries the skin without the use of a towel in less time than is required by the usual process. The machine takes up so little space and requires so little water that it may be used in a sleeping car or in any other place where space or water is limited.

The body is thoroughly cleansed by a series of brushes driven at will at either high or low speed. Each brush is eight inches in diameter with three-inch bristles. The brushes are hinged at the top on ball joints so as to open out wide for a fat man or close in for a thin one. The foot or arm can be easily thrust between any two of the brushes and thoroughly washed. An adjustable pedestal at the bottom is easily moved up or down to accommodate a tall or short person.

All the moving parts are electrically operated. The insulation and connections are so designed that the bather takes no chance of getting a shock.—Tit-Bits.

Married Again.

"I don't like to send out wedding cards," said Flubdub. "You know, I married the day after I got my divorce."

"I understand. Suppose you announce 'Under new management,' and let it go at that."

One Question.

"You must isolate the patient."

"All right, doctor; where shall we put the ice?"

NEW NAME, OLD DISEASE.

Two girls were quarelling.

"Oh," said one, "I'm sick of you! I believe you can't help it, though. You've got a chauffeur's tongue!"

"What?" cried the other girl, scared. "Is it catching? How does one get it?"

"Oh," said the toher pointedly, "through constantly running people down."

WAR SAVINGS STAMPS FOR SMALL INVESTORS

On Sale at Any Bank, Money Order, Post Office and Other Agencies; No Limit for Number Purchased; Thrift Stamps.

The Canadian Government is offering for sale to the people of Canada an issue of War Saving Stamps authorized by Order in Council (P. C. No. 2462). The amount authorized to be issued is $50,000,000, which, it is hoped, may be taken up within the coming year. No limit is placed on the number of War Savings that may be purchased by any person. While primarily for the small investor, it is hoped that all classes may become purchasers of these stamps.

With a War Savings Stamp goes a War Savings Certificate. The stamps, which are a promise on the part of the Government to pay $5 on January 1, 1924, are about 1¾ by 2 inches in size. They were placed on sale on Dec. 2, and may be had at any bank, post office, or other agency appointed by the Minister of Finance.

The price of the stamps is printed on their face and increased by one cent a month after January, 1919. This is because they bear interest from the date of issue, December, 1918. The prices are as follow: December, 1918, $4; January, 1919, $4; February, $4..01; March, $4.02; April, $4.03; May, $4.04; June, $4.05; July, $4.06; August, $4.07; September, $4.08; October, $4.09; November, $4.10; December, $4.11. The rate of interest is a little over 4½ per cent. compounded half-yearly.

When a War Savings Stamp is purchased a War Savings Certificate goes with it, and should be asked for. It should also be registered, which may be done at any money order post office. The certificate, which folds into a 4 by 9 inches size, is a convenient form for the keeping of War Stamps. It contains ten spaces for stamps, also spaces for the name and address of the owner, as well as a space for registration particulars. A stamp should be affixed to the certificate as soon as purchased. On the face of each stamp should be written the name of the purchaser and the serial number of the certificate.

On the back of the certificate is to be found the terms and conditions, as well as a schedule of surrender values. It cannot be transferred, and is of value to the owner only, except in case of death or disability. Should the certificate be lost, or destroyed, this should be reported to the postmaster at the office where it was registered.

At either the Finance Department, Ottawa, or at any money order post office, after ten days' notice, the government will, in January, 1924, pay $5 for every War Savings Stamp attached to a War Savings Certificate. Should the holder of a War Savings Certificate desire before January, 1924, to secure cash for the stamp attached thereto then, if it is not registered, he should take it to a money order post office, where it will be redeemed after ten days' notice. If the certificate has been registered, it should be taken to the post office where registered. The amount that will be paid for the certificate is shown on the back in the table of "surrender values."

Thrift Stamps are issued for the convenience of those who, not having the $4 necessary to purchase a War Savings Stamp, desire to follow a systematic method of saving that will enable them to get stamps. Thrift Stamps cost 25 cents each, and may be purchased at a post office, bank, or other authorized agency. Sixteen of them represent a value of $4. They bear no interest, and the purchase of them should be considered only as a step in the direction of obtaining a War Savings Stamp.

With a Thrift Stamp goes a Thrift Card, which should be asked for when the former is purchased. It costs nothing. A card contains sixteen spaces for Thrift Stamps, and on one of these a stamp should be affixed as soon as purchased. When all the spaces are filled the card should be taken to a post office, bank, or any other authorized agency and there surrendered, the owner at the same time paying the small difference between the $4 worth of Thrift Stamps and the value of the War Savings Stamp for the month in which the surrender is made. With the War Savings Stamp goes also a War Savings Certificate.

A person who has purchased a War Savings Stamp through the use of a Thrift Card, after having exchanged the latter for the former should get another Thrift Card and start on the purchase of another War Savings Stamp. That is, he should now possess both a Thrift Card and a War Savings Certificate.

BE OWN FURNACE MAN.

Urging the importance of personal attention to their furnace by householders this winter, the Fuel Administration for Ontario, declares that 25 per cent. of the coal used in the average home can be saved by proper damper control. "Your firing line this winter is the furnace door."

Some suggestions are:

Don't trust your furnace to an itinerant odd-job man. Be your own fireman. "Every time you save 60 pounds of coal you have saved enough to make another 3-inch shell for the front."

It is assumed that most heaters are installed large enough for the work, provided they are properly fired. With the average heater the trouble is local.

The first essential is cleanliness. One one-hundredth inch of soot has the same power to resist heat as ten inches of iron. Give the heater a thorough cleaning, and stop all air leaks in furnace and fire pot. See that chimney and furnace pipes are in good repair, that ash pit and clean-out doors are tight, that smoke-pipe is not inserted too far into the chimney and is not obstructed by soot or other material.

Cover all heat pipes in cellar with asbestos. Hot water and steam boilers should have a covering of asbestos or mineral wool.

BROKE HUSBAND'S WILL.

"I hear that Bilkin's widow broke his will."

"That's nothing. She's been doing it ever since she married him."

UNCERTAIN RELATIONSHIP.

As Softhead walked down the street one morning he met an Irish friend who told him that he had just received a letter saying that his sister had been blessed with an addition to the family.

"Boy or girl?" asked Softhead.

"That's just pwhat is bothering me," was the reply. "Bedad, they don't say in the letter, and now I don't know whether I'm an uncle or an aunt."

The "19" Superstition.

The "19" superstition has arisen and gained some vogue. The sum of the digits in 1918 makes 19. A lieutenant in the French army found time while his regiment was resting behind the lines to work out this:

"Here are the dates in history on which the fate of Alsace-Lorraine has depended and in which the issue has turned out favorably for France:

"1. In 1648, the treaty of Westphalia which gave Alsace to France. The sum of 1, 6, 4 and 8 is 19.

"2. In 1675, the campaign in Alsace by Turenne which confirmed the French conquest. The sum again is 19.

"3. In 1738, the peace of Vienna, which gave France Lorraine; 19 again.

"4. In 1792, the victory of Valmy, which reestablished the French frontiers in the east. Once more the sum is 19.

"And that isn't all. Why are the Americans here to help us win Alsace-Lorraine? It is because we assisted them to win their independence, and in what year? In 1783."

But he pushed it a bit too far, for he foresaw peace on the 1459 day of the war, which would be July 30, 1918. But why not on the 1477th day, or the 1486th or 1495th? They all fall in 1918. Wait and see.

Imitations of Mahogany.

The name "mahogany" is applied commercially to more than fifty different woods. Perhaps half the lumber now sold under that name is not true mahogany, for the demand greatly exceeds the supply.

The tree is native to only the limited area between Southern Florida and Northern South America. Nowhere else does it really flourish. But the public will have mahogany. Women want it for furniture, business men prefer it for office fixtures, and teak and mahogany are rivals in the affections of shipbuilders. Therefore, substitutes flourish.

It is not surprising that the real wood is so expensive, when it is learned that it takes from 100 to 150 years for a mahogany tree to reach merchantable size.

Most of the substitutes bear little more than a general resemblance to the genuine wood, but skilful finishing makes them very much alike. Experts can usually distinguish between them by the aid of an ordinary pocket lens. The efforts of the superficial, however, to judge the wood by its appearance, weight, grain and color often lead them astray.

Barnum and Jenny Lind.

According to the original contract which Barnum made with Jenny Lind, she contracted to sing at 150 concerts in the United States and Havana for $1,000 a concert, the contract providing, however, that if Barnum made a clear profit of £15,000 sterling from the first seventy-five concerts, Miss Lind should for the remaining seventy-five concerts, receive, in addition to $1,000 a concert, one-fifth of the profits; but that, on the other hand, if the first fifty concerts fell short of Barnum's expectations, she should have half of the gross receipts from the remaining 100 concerts. Before the concerts began, however, that contract was, at Barnum's instance, rescinded and a new contract made which resulted in Miss Lind receiving in profits from the concerts which she gave under it almost twice as much as she would have received under the original contract.

MUSIC?—Why it is the *actual* voice of Anna Case—just as I heard the great soprano at the Metropolitan, New York.

The New Edison is going to be a wonderful help to me with my studies at the Conservatory. It brings right to my very room the voices of the great artists of to-day as they actually interprete the enduring gems of Music. This is not a flimsy shadow, not a mere approximation of Music. It is *Music* "Re-Created" in all its original beauty. There is no shade of difference between the living artists' voice and the New Edisons' "Re-Creation" of it. This—ah, *this* is *Music!*

Wouldn't you like to hear this really marvelous invention of the world's greatest inventor? With the New Edison there are no needles to change. Plays all makes of records. Easy terms if you wish.

SCHOOL TERM LONGER.

Recoup Time Lost from Influenza—Midsummer Examinations are Later.

Hon. Dr. Cody, Minister of Education, announced last week that he had received from a number of school boards and teachers throughout the province, enquiries as to how the schools could make up the loss of time occasioned by the influenza epidemic.

Hon. Dr. Cody said: "I have decided to issue to school boards, inspectors and teachers, a short circular to the effect that we shall not hold any of the departmental examinations in the month of June, 1919, so that the second term of the school year will be longer than it has been for several years. A list of the dates for holding the various examinations appears in the circular. I believe that with this provision and with the provisions made in the regulations for the conduct of these examinations, the ill effects upon the school work of the interruptions that have occurred may be reasonably well overcome. Furthermore, as Easter next year will be nearly three weeks later than it was this year, it will be unnecessary to amend the farm regulations excepting to provide that the teachers' examinations may be held in the week following the Easter holidays. I do not feel that we should encroach upon the holidays of the pupils if it can be avoided."

In view of the unavoidable interruptions to school work which have taken place during the current half year, the holding of the mid-summer examinations will be deferred in each case for a fortnight, the initial dates in 1919 for each examination being as follows:

Junior high school entrance, July 2nd; junior public school graduation, June 30th; lower school, July 2nd; middle school, July 11th; pass matriculation, July 2nd; upper school and honor matriculation, June 30th.

With the foregoing provisions and those made in the regulations for the conduct of these examinations, the ill effects upon the school work of the aforesaid interruptions may be reasonably well overcome. And further, as Easter next year will be nearly three weeks later than in 1919 it is unnecessary to amend the farm regulations which were issued last September, except to provide that, in addition, the teachers' examination may be deferred until the wek following the Easter holidays.

Mr. D. McTavish is busy these days, as he has been for some time, getting the machinery for the new hydro extension down to the power house. The contract called for the transportation of 65 tons of material. With what has already been transported and that waiting at the station there are 104 tons. In this are three pieces weighing 5½, 8½ and 11 tons respectively. The lighter piece has already been delivered in the valley, but the two heavier pieces are still to be taken down. The transportation of these heavy pieces required some engineering, and the speed limit over the road has not yet been overtaken. The pieces are twice as heavy as anything taken down for the first plant. When the new extension is completed the Hydro expects to have a production of double power now produced, or around 75,000 horse power.—Flesherton Advance.

WAR SAVING STAMPS.

The Victory Loan scheme in its most democratic form is put before Canadians with the issue of War Saving Stamps. The bringing out of these stamps after the war is over, should help to educate the public as to the vital importance of finance during the reconstruction period.

War Saving Stamps can be bought by purchasing thrift stamps, costing 25 cents. They are on sale at post offices, banks and other authorized agencies.

Four dollars buys a War Saving Stamp and secures a War Saving certificate. Then War Saving Stamps, kept until January 1, 1924, are worth $5.00.

Canada is late in starting the War Saving Stamp plan, but it is well worth while. Even children can understand it.

CALEDON COUNCIL.

Council Chamber, Dec. 11, 1918.—A special meeting of Council called by the Reeve for the purpose of endeavoring to arrange terms as to agreement with the Cataract Electric Co., Limited, in reference to building power line in township.

A letter from W. S. Morphy, township solicitor, advising that the agreement submitted by Mr. Deagle be not accepted, was read.

After considerable discussion and as it was impossible to have the necessary advertising done in time to have a vote taken at the municipal election, the meeting adjourned.

L. H. WILLIS, Clerk. S. KANNAWIN, Reeve.

Council Chamber, Dec. 16, 1918.—Council met. Reeve presiding. Members all present. Minutes of previous meeting read and adopted.

A deputation consisting of N. Harrison, E. E. Wilson and John Warnock waited on Council and asked that the municipality pay for decorations for Township Hall in order that the returned soldiers may be given a proper reception.

Moved by Mr. Limebeer, seconded by Mr. Hillyard, that the following persons be refunded dog tax: J. C. Taylor, H. Speers, G. Hannah, N. McLachlan, Rev. J. Burkholder, R. Lawson, C. B. Barton, H. Fudge, W. Harkies, T. Boys, W. Hunter, G. Temple, A. Sinclair, A. Lemon, W. Harris, T. Bennett, W. Kee, W. E. Glassford, A. D. Speers, W. Dawson.—Carried.

Pursuant to notice Mr. Limebeer moved, seconded by Mr. Smith, for leave to introduce a bill fixing the time and place for holding the annual meeting for the nomination of candidates for the offices of Reeve, Deputy-Reeve and Councillors, and naming the Deputy-Returning Officers and Poll Clerks for holding the election. Leave granted. The bill was introduced, read a first and second time and referred to a committee to fill in the blanks. Committee rose and reported the bill with the blanks filled, when it was read a third time and passed.

A By-law to repeal By-law No. 761, providing for taking the votes of the electors upon a proposed By-law for entering into a contract with the Cataract Electric Company, Limited, for the supply of light, heat and power in the township, was introduced and passed.

Moved by Mr. Hillyard, seconded by Mr. Limebeer, that whereas Messrs. Harrison, Wilson and Warnock have appeared before this Council and requested that they be reimbursed for the decorations placed in the Township Hall, to have the said hall in good shape for the reception of our returned soldiers, therefore be it resolved that they be granted the sum of $75.00.—Carried.

Council went into committee with Mr. Hillyard in the chair and passed the following accounts, viz.:

An order was drawn on the Treasurer for the payment of the salaries of the different officials, as follows: S. Kannawin, Reeve, $125; J. R. Hillyard, Deputy-Reeve, $105; W. J. Limebeer, Councillor, $60; W. Hawkins, Councillor, $96; T. Smith, Councillor, $120; W. J. Warnock, Treasurer, $200; L. H. Willis, Clerk, balance, $75; W. S. Walwin, Collector, West, $110; S. Kearns, Collector, East, $90.00.

Mr. Kannawin, the Reeve, was requested to vacate the chair and Mr. Hillyard to occupy the same, when it was moved by Mr. Limebeer, seconded by Mr. Smith, that the members of this Council desire to express their appreciation of the courteous and able manner in which the Reeve, Mr. S. Kannawin, has presided over the deliberations of this Council during the past year, also to the Clerk and Treasurer for the courteous manner in which they have treated the different members of the Council.

After short speeches the Council adjourned sine die.

GLAD WAR IS OVER.

Soldiers at Front Pleased but Took News Quietly—Pte. Wesley Connop Writes Letter Home.

Mr. and Mrs. E. C. Connop have just received the following interesting letter from their son, Pte. Wesley Connop, who went overseas early in the war. Pte. Connop was wounded on July 9th, 1917 and spent some weeks in the hospitals in France and England before he returned to the firing line. The letter, which follows, was written the day after the armistice was signed:

Dear Mother and Father:

Am writing a few lines to let you kn w I'm alive and well and that's [illegible]at deal to be thankful for at a gr[illegible]ge of the game.

The French people are glad the war is over, but they can't feel happy like our people in Canada. A lot of their troubles are just starting. Their homes in ruin, nothing you might say to go back to. It's impossible for you to imagine what it is like. Only those who have seen it can understand what it is like.

I certainly thank God I'm alive and well today after all I've seen and come through. I wouldn't have missed it for anything. I hope to be back soon and getting the good things of life again.

I've just started one of the cigars and they sure are good. We've just finished supper so I also tried the cake and enjoyed it very much.

Well, I think I have given you all the news for this time. Hope this finds you all well. Love to all,

Your loving son,
—WESLEY.

Co-operation: Each subscriber should co-operate to better the service on his line. The practices suggested below have been found to greatly improve party-line service:

1. Before calling, find out whether the line is in use. If it is, hang up your receiver promptly.
2. Emergencies will arise. If a party-line subscriber desires to make an emergency call, the persons using it should give up the line temporarily.
3. Do not allow children or others to listen or interrupt your neighbor's conversation when the line is in use.
4. Make your calls as brief as possible. Short talks will keep the line open and make the service of most value to everyone.
5. Answer promptly *when you hear your ring.*

BAPTIST CHURCH.

On Monday evening, December 23, a reception was given in the basement of the Baptist church to Lt. R. H. King, R. F. A., B. A., and Private Stanley Thomas, both of whom are members of our church. On this occasion fitting reference was made to Lt. King by Mr. Nightingale and Mr. Alfred Wise, also the pastor spoke a few words. Mr. Percy Harding sang a beautiful piece with much acceptance. Addresses of welcome and appreciation were presented to Lieut. King and to Mr. Thomas, in the absence of his son, Pte. S. Thomas. A very social and profitable time was spent together. The ladies of the church provided edibles which were much enjoyed.

Services on Sunday, Dec. 29: 11 a.m., "A Retrospective View"; 7 p.m., "Restored Harmony." On Sunday evening we show forth the death of our Lord Jesus in the breaking of bread and drinking of wine till He come. All members are kindly requested to be present.

MRS. J. W. WILLIAMS GAINS 25 POUNDS

Health So Bad Before Taking Tanlac, Don't See Now How She Lived.

"A little less than two months ago I began taking Tanlac and since that time I have actually gained twenty-five pounds," was the remarkable statement made by Mrs. J. W. Williams, of 659 Orcas St., Seattle, Wash., recently.

"My health has been very poor for many years," she continued, "but my condition has been so bad during the past two or three years that I really don't see how I lived. I suffered most all the time with fearful headaches and awful pains in my back and, in fact, I was racked with pain all over. I lost my appetite, and my nerves became so shattered that I hardly knew what sleep was. When my husband lost his sight my duties, of course, became doubly hard, and my health being bad already, I kept going down under the strain. I did everything I could to keep out of bed but finally got to where I was just up and down—would sit up one day and be in bed the next—and I even had to give up my housework because I was so weak. Every day was just another day of suffering and misery for me."

"I went down from one hundred and forty pounds to less than a hundred, and was just a frame with scarcely strength to move around. I finally made up my mind from what I read about Tanlac to try it and I have certainly found it wonderful. I now weigh one hundred and twenty-five pounds and if anyone could feel like a new person, I do. My appetite is splendid and I am just building up every day. My nerves are in good condition. I have gotten rid of all my pain and now I sleep like a child every night. I have gained so much strength already that I can do all my housework without any trouble and I have been benefited so much that I am glad to recommend Tanlac to everybody."

Tanlac is sold in Orangeville by C. V. Jeffers; in Grand Valley by G. E. Morrow, and in Shelburne by J. E. A. White.

THE METHODIST CHURCH.

Christmas Services Held in Church on Sunday; Special Music by the Choir.

Two beautiful and well-attended services took place last Sunday in the Methodist church. In the morning the choir rendered with splendid spirit, the anthems, "The Wonderful Story" and "Open Wide the Gates." In the evening they sang "What Mean Those Holy Voices" and "The Herald Angels." At the evening service Mr. Sloan sang "Come and Adore Him."

At the morning service the pastor, Rev. E. R. Young, said that this ought to be the gladdest Christmas since Christ was born. The dark cloud of war that has overhung the last four Christmases has passed away and without any hesitancy we may now sing of peace and good-will. Men have a better idea of why Christ came to earth and more men are enjoying his blessings than ever before. There is a greater realization in our hearts and homes and in the nations, the ideals that Christ has brought to us—ideals that mean personal and national salvation. Still, warned the preacher, we must see that Christ is not robbed of the homage and service that are His due in the celebration of Christmas. There is grave danger that we may have the feasting and drive away Him who should be the Lord of the Feast. The merchants had got hold of Christmas as the milliners had got hold of Easter, for their own commercial purposes. But there is no more relation between Christmas shopping and the spirit of Christ than there is between Easter and the Easter bonnet. The things are as wide apart as skyrockets and the Act of Confederation. Christmas is a religious anniversary. It is the celebration of the birthday of Christ. And instead of the sweetness and simplicity, the sincerity and love, that He brought and which surrounded His birth, we are in danger of making the season an artificial burden and a time of self-indulgence and self-seeking.

We need to go again to Christ with the wise men. With them Christmas was for Christ, their thoughts were of Christ and their gifts were to Christ. So it should be with us. But we have almost reversed these ideas. We have thought of God so loving the world that He gave his only-begotten Son for us. We have magnified the "us" and forgotten the Son. God wishes us to accept His "unspeakable gift;" but we must remember that "where much is given much is required." He has given light that we may lighten the Gentiles. He has given us His peace and goodness that we may bring peace and good-will to all men. He is to us a Saviour from sin only as we are cleansed of selfishness and bring His saving power to bear upon all men. If, instead of pouring out their gifts upon each other, men would bring their money and pour it at Christ's feet to press on the grand propaganda of His truth and saving power, it would not be long before the world would be filled with the knowledge of Christ. Then there would be real peace and good-will amongst men and the ideals of a "League of Nations" and "Reconstruction" would soon be brought into reality.

Next Sunday being the last Sunday of the old year, there will be a general memorial service in the morning.

The Sunday School entertainment, which was to have taken place on Friday evening, Jan. 3rd, will, D. V., take place on Wednesday evening, Jan. 1st, (New Year's night). There will be beautiful songs and cantatas and other good things. It will be a real treat. Remember the changed date.

CUSTOMS OFFICER DEAD.

John J. Manning Passes Away Suddenly—Treasurer of Brampton Nearly Thirty Years.

The end came suddenly for one of the best known of Brampton's citizens on Thursday last, Dec. 19th, when John J. Manning passed away. Mr. Manning had been in failing health for some time, but continued to fulfil his duties as customs officer, a position he had held for more than a quarter of a century. He was born in Peel county about 65 years ago, and had been a resident of Brampton almost all his life. For many years he practised law with the late J. W. Beynon prior to his appointment as customs officer, and was treasurer of the town for nearly thirty years.

Mr. Manning was always prominently identified with public affairs, having been a member of the School Board for many years, taking a keen interest in all matters that were for the benefit of the community. He was also prominently connected with the Masonic Order, was a life'ong Conservative, and a Methodist. He is survived by his wife, four sons, and two daughters, his eldest daughter having died last spring.

JOHN COLEMAN.

Another old Dufferinite has passed to the Great Beyond in the person of John Coleman, who died at Froude, Sask., on Oct. 25th, in his 86th year. Deceased was born in Mono township, on Aug. 23rd, 1833. On April 9th, 1860, he was married to Martha Patterson, of Camilla, and they moved to Amaranth township, just south of Shelburne, where they resided until March, 1891, when they moved to Methven, Man. In February, 1902, they moved to Froude.

THE LATE ANDREW SMITH.

Andrew Smith, younger son of the late Mr. and Mrs. John Smith, passed away at his home, lot 17, 7th line, Amaranth, on Thursday evening, December 12th, after a short illness from Spanish influenza and pneumonia. Deceased was about 27 years of age and was a strongly built and healthy young man. His death came as a great surprise and shock to the many friends of the family. He had been looking after the chores for his married brother, Ernest, while he was laid up with the flu and was himself taken ill just after his brother's recovery. He is survived by his brother and four sisters, Mrs. J. Peterson, Mrs. J. Ferguson and Misses Isabella and Maggie Smith, all of Amaranth. Messrs. Walter Smith, The Maples, and W. J. Smith, Alton, are uncles. The funeral was held to Laurel cemetery on Saturday following his death. Rev. J. R. Bell, of Laurel, was the officiating clergyman.

WALTER WISDOM.

We regret to record the death of Walter Wisdom, second son of the late William and Isabella Wisdom, of Hockley. His demise occurred at the home of Mr. Thos. Rutledge, Tecumseth, on Saturday, Dec. 21st. The deceased was stricken with influenza about a week ago. His illness developed into pneumonia, which proved fatal. He was 29 years of age and is survived by six brothers and one sister, namely, Pte. J. Wisdom, Pte. E. L. Wisdim and Pte. W. R. Wisdom, all in France, Harry Wisdom, invalided home from France two years ago, and now living in Acme, Alta., Norman Wisdom of Relessey, and Miss Mary Wisdom, of Mulmur. The deceased, although crippled, was a bright, industrious young man, who won the esteem of all who knew him. In a recent letter to an aunt he said he was so thankful that the war was over and that his brothers, though some of them had been severely wounded, would all soon be back home again. One of them, we might state in passing, is now spending his fourth Christmas overseas. Deceased was a nephew of Messrs. Arch. and James Irwin of this town. The remains were brought to Relessey on Sunday afternoon and laid beside those of his father and mother. Rev. Lynn, of Rosemont, conducted the funeral service.

MRS. MARGARET SCOTT.

We regret to have to report the death of Mrs. Scott, wife of Mr. Henry Scott, of Melville Cross, which occurred in the Western Hospital in Toronto on Thursday last following an operation. The departed, who was 71 years of age, had been in very poor health for a considerable time. Mrs. Scott, who was a lifelong resident of Caledon, was a daughter of the late George Nelson, one of the early settlers in the township. She was born and spent her girlhood on the 1st line, west, about a mile south of Melville. She had been married nearly forty years and is survived by her husband, one daughter, Mrs. J. A. McGregor, of West Toronto, and three sons, G. M. of Port Elgin, Harry M. Scott, of Rumsey, Alta., and Raspin Scott, of Melville Cross. Deceased was a kind hearted woman, whose sympathies were easily enlisted in behalf of any worthy cause. She was quick to go to the aid of those in need or trouble, and the memory of her life and deeds will be warmly cherished by those amongst whom she had lived for so many years. A devoted wife and mother, her loss is a severe blow to her husband and children, who have the sympathy of the whole community in their bereavement. She is also survived by one brother, Mr. Samuel Nelson, of Caledon, and two sisters, Mrs. J. H. Ablett and Mrs. Arch. McDougall, of Toronto. The funeral was held to the Forest Lawn cemetery on Sunday afternoon and was largely attended. Rev. T. R. White, of Alton, conducted the services at the house and grave. The pallbearers were Messrs. H. and N. Nelson, A. N. Adams, Alan Maxwell, Jr., Albert Sawden and R. Jones.

MRS. GEO. R. RUTHERFORD

Shelburne Loses One of Its Well-Known Residents; Ill Only One Week.

Emily Ellen Ferguson, beloved wife of George Rutherford, of Main street, Shelburne, died early on Thursday morning of last week, Dec. 12th, from the effects of a paralytic stroke with which she was stricken on the Monday previous. Deceased had been in failing health for the past four years, during which time she had been unable to perform her usual duties about the home. She had suffered several paralytic seizures, two of which rendered her entirely helpless. Deceased was a daughter of the late Wm. Ferguson, formerly Inspector of Schools for North Grey, and in May, 1897, was married to her now sorrowing husband. During the intervening period she has resided continuously in Shelburne. Her death is an irreparable loss to the home circle which has been made desolate by her departure. She was in her 66th year. She is survived by her husband, four step-daughters, Mrs. Wm. Craft, New York City; Eletha E. Rutherford, Detroit; Margaret Rutherford, at home, and Alice Rutherford, of the Post Office Dept., Ottawa; and two step-sons, J. Elmer Rutherford, Toronto, and Garfield Rutherford, of Spokane, Wash. She is also survived by two sisters, Mrs. R. J. Watson, of Toronto, and Mrs. Wm. Parker, of Lion's Head, and two brothers, Thos. Ferguson, Priceville, and Herbert Ferguson, druggist, of Port Arthur. Her remains were laid to rest in the Shelburne cemetery on Saturday afternoon last, services being conducted at the house and grave by Rev. W. W. Wallace, pastor of the Methodist church.

The following lines partly transposed, and partly composed by her husband express the feeling and sentiment of himself and family and friends:

We will greet her at home, we will greet her
Though now she is hid from our sight,
We think of the time we will meet her,
And it oft fills our hearts with delight.
We have laid her away in deep sadness
Yet not without hope in our breast
For again we will join her in gladness
And enter the heavenly rest.
We will greet her at home, we will greet her
When the trials of life will be o'er,
Our loved one we hope soon to meet her
On Eden's fair beautiful shore.
Away from all sorrow and sadness,
Away from all trouble and care,
We will greet her again with much fondness
In that beautiful land over there.
We will greet her at home, we will greet her
Where nothing can ever divide,
Where sickness nor death cannot harm her
Nor tear her again from our side.
We will range beside life's cooling river,
'Neath the Tree of Life's shade we shall roam,
With the glory of God shining ever
We will greet her, we will greet her at home.

W. T. BAILEY DEAD.

The death of Mr. W. T. Bailey, formerly Mayor of Orangeville, and for many years a prominent figure in Dufferin municipal and general politics, occurred at Mundare, Alta., on Friday last after an illness of about two weeks. Mr. Bailey, who was about 70 years of age, had been living in the West for a number of years. The Orangeville waterworks system, which was commenced and pushed through to completion while he was Mayor, is an enduring monument to his zeal and executive ability as a public servant. The remains are being brought here for burial. The funeral will take place from the C. P. R. station to the Forest Lawn cemetery this (Thursday) morning immediately after the arrival of the 10.20 train from Toronto. An extended notice will appear in next week's Banner

FRANCES VICTORIA ALLEN.

The sympathy of the community goes out to Mr. and Mrs. Henry Allen, lot 13, 4th line, east, Mono, in the loss they sustained recently through the death of their daughter, Frances, on Dec. 6th, after two weeks illness from influenza followed by pneumonia. The deceased was 26 years and six months of age, and was one of Mono's estimable young women. She was loved by all who knew her, and her death has caused a widespread gloom in the community in which she lived. She is survived by four sisters and two brothers. The sisters are Mrs. Robt. McKenna, Mrs. Harry Simpson, Mrs. Herb. Ewing and Miss Florence, at home. The brothers are, Willie Allen, of Collingwood, and Add, at home. The funeral was held from her home to St. John's cemetery, 7th line, east, Mono, on Sunday, Dec. 8th. Service was conducted by Rev. P. C. Howard, of Herald Angel church. The floral tributes were: A wreath, "Gates Ajar," from George Aikens; wreath, from the sisters; a wreath, from the family; a sheaf from Mr. and Mrs. Herb Patterson, and a spray from Mr. and Mrs. Joe Wood. The pallbearers were the two brothers, Willie and Add Allen, and Messrs. Robt. McKenna, Harry Simpson, Herb Ewing and Jack Willerton.

Her smiling face is missed by all,
Who knew her and loved her here;
The music of her pleasant voice
No longer greets our ear.
The tender hearts of those who watched
O'er her with loving care,
Are often saddened by the sight
Of Frances' vacant chair.

THE LATE WM. LINDSAY.

The death of Mr. William Lindsay, a former resident of Caledon township and more recently of Orangeville, occurred at the home of his daughter, Mrs. W. J. Ward, of Weston, on Friday morning. Deceased was in his 73rd year and had been in declining health for several months. Interment took place in the Union cemetery at Caledon East on Monday morning.

JOHN CLARKE.

Orangeville lost an old and highly respected resident this week in the person of Mr. John Clarke, whose death occurred quite suddenly early on Tuesday morning following a short illness from pneumonia. The late Mr. Clarke, who was 69 years of age, was a son of the late Thomas Clarke of Purple Hill. He spent nearly the whole of his life on the Clarke homestead on Purple Hill just at the eastern boundary of the town. He was married to Miss Margaret Arnold, of Barrie, who survives, with two sons, Adolphus Clarke, of Edmonton, and Gunner Albert Clarke, one of the first Canadians to go overseas and now with the Canadian army in Germany, and two daughters, Mrs. Norman Graham, of Toronto, and Miss Hazel, at home. A brother, James Clarke, lives in Edmonton, and a brother and sister, Thomas and Miss Clarke, in Winnipeg. The late Mr. Clarke was a cousin of Mr. W. A. Clarke, M. P., of Palmerston. He was a staunch Conservative and an enthusiastic member of the Orange Order, being one of the oldest members of L. O. L. No. 635. He was a quiet, industrious man, who was held in high esteem by his friends and neighbors. Profound sympathy is extended to the bereaved widow and family in their great sorrow. The funeral will be held from his late residence to the Forest Lawn cemetery at 2.30 o'clock this (Thursday) afternoon. There will be service at the house at 2 o'clock.

MR. JAMES HENRY.

Mr. James Henry, formerly a well-known resident of the Mono Mills neighborhood, passed away at his home on Third street, early on Monday morning after a lengthy illness. Deceased had been in very poor health since he removed to Orangeville in September 1917 and had been seriously ill for six weeks prior to his demise. During his sickness he was given every care and attention that love could suggest by his wife and daughter, Mrs. E. R. Goodeve, who was with him daily during his last illness. Deceased, who was in his 78th year, was born and spent his boyhood on the 5th line, Caledon. After marriage he settled on the 8th line, Mono, where he lived for many years. He also resided in Mono Mills for twelve years or thereabouts before coming to Orangeville. He was appointed clerk of the famous 4th Division Court of Mono upon the death of the late Squire McManus and filled the position acceptably for many years. His widow, one daughter, Mrs. Goodeve, and a son, Mr. W. A. Henry, of Manasses, Va., survive. Another son, Robert Henry, V. S., died about nine years ago. Mr. R. R. Henry, of Orangeville, is the only surviving brother. The funeral was held from the home of his daughter, Mrs. E. R. Goodeve, First street, to the Union cemetery in Caledon East on Tuesday afternoon. Rev. W. M. Morris, pastor of St. Andrew's church, was the officiating clergyman. The pallbearers, all old neighbors from Mono Mills, were Messrs. Stuart Mason, James Taylor, Wm. McKinley, Robert Harvey, Enoch Snell and George Patterson.

HER LITTLE PLAN.

"I see you a good deal with young Flubdub."

"Yes, auntie."

"I hope you are not going to marry a spendthrift."

"Oh, no. I don't think I'll marry him. But it's nice going around with one."

Issuer of Marriage Licenses.

—On Friday night the Busy Bee girls met at the home of their President, Miss Sada McIntyre, and presented her with a beautiful gold pendant set with aquamarines. The presentation was followed by a delightful social evening.

Mr. and Mrs. W. T. Ferguson, of Amaranth, announce the engagement of their daughter, Beatrice Maud, to John E. Shaw, of Toronto. The marriage will take place quietly in Toronto this week.

—The Young People of St. Andrew's church met on Monday night and presented Miss Sada McIntyre, who has been an active and useful member of the Society for a number of years, with an address and a sterling silver suitcase umbrella. Mr. Gordon Adamson read the address and Miss Mary Hughes made the presentation.

DOING THEIR BIT.

The five pupils of Rich Hill school have sent two Christmas boxes to soldiers in France. These boxes were purchased with the money received by the pupils from the sale of the vegetables grown in the home garden plots.

A SOLDIERS' RECORD.

The Daughters of the Empire, Orangeville, are endeavoring to secure particulars as to the soldiers belonging to the County of Dufferin, no matter from what quarter they enlisted.

The particular questions required to be answered will appear in the county papers shortly.

Watch for this and do what you can to assist in making the record a complete one.

Cut the slip from the paper, make your answers full, use a separate sheet of paper if necessary and write plainly.

A TORONTO TRAGEDY.

Former Alton Family Wiped Out by Coal Gas Poisoning Last Friday.

Mr. and Mrs. Robert Gooderham, of West Toronto, their four year old daughter Lily and their two year old boy, Bert, were suffocated by coal gas while asleep in their beds on Friday night.

As far as is known the family retired to rest at their usual hour on Friday night. They slept in the front room of the house, the mother and little girl occupying one bed, and the father and baby the other.

When tradesmen called at the house during Saturday morning they found the place locked up, and thinking the family was away from home left their goods outside the house. Here they remained until about one o'clock, when Mrs. Daniels, a neighbor, living at 16 Alleen avenue, became alarmed. She tried the door but found it locked, and then, peeping between the drawn blind and the window frame, she got a view of the room. She saw Mrs. Gooderham lying on the floor struggling, while her husband and the two children were on the beds. Mrs. Daniels called her husband, and on an entrance being forced, the place was found to be full of coal gas, all the windows having been nailed up for the winter. Mrs. Gooderham was still alive but unconscious. The others were dead, the baby lying in his father's arms as though asleep, and the other child, Lily, who showed signs of having struggled to get her breath, was lying on the other bed.

Dr. N. Mooney, of Davenport road, was called and arriving a few minutes later, pronounced the father and two children beyond all human aid.

He had Mrs. Gooderham rushed to the Western hospital in Speers' ambulance where, however, in spite of every effort to save her life, she passed away late on Saturday night.

Upon being apprised of the sad occurrence, Fireman C. J. Bird, of the Keele street hall, the dead man's brother-in-law, hastened to the scene of the calamity. In the back room he found a big fire burning in the kitchen range, showing that it had been loaded up with coal on the previous night. The damper in the smoke pipe was closed and it is believed that by reason of the defective condition of the key, the latter had fallen during the night, closing the damper, and thus forcing the gas through the top door, which had been left open.

Gooderham, who is 28 years of age, moved to Toronto from Alton some years ago. He was employed with the Harris Abattoir Co. The funeral of the four victims took place from the home of the unfortunate man's mother, Mrs. Mary A. Gooderham, 689 Crawford street, to Prospect cemetery on Tuesday afternoon.

EXHIBITORS DO WELL.

John Black & Sons, of Amaranth Station, did exceedingly well with their exhibit of purebred Hereford cattle at the Guelph Winter Fair a couple of weeks ago. They sent down nine animals and won eight prizes, including the championship with their fine herd bull "Supreme Fairfax," two 1sts, one 2nd, one 3rd, two 4ths and one 5th. Supreme Fairfax, the champion bull, is a peerless animal and has a great prize winning record. Some of his outstanding wins are, First and Championship at New York State Fair at Syracuse and First and Grand Championship at Detroit State Fair. Black & Son sold six calves at the Fair, all under one year old, the lot bringing them the handsome sum of $2,015. Teddy Fairfax, calved March 21, 1918, went to the O. A. C. for $550 and Wilson Fairfax, calved Feb. 27th, 1918, to Robt. J. Leith, of Watford, Ont., for $410.

MILITARY NOTES.

Bandsman Delbert G. Russell, son of Mr. and Mrs. James Russell, of Dundalk, arrived home from overseas last week. At the time of his enlistment with the 134th Highlanders Battalion, Bandsman Russell was on the staff of the Union Bank, Shelburne.

Mr. J. J. McKeown, of Sandhill received a cablegram from his son, Flight-Lieut. Chas. McKeown, a former Orangeville High School student, on Dec. 16th, stating that he has arrived in England. Lieut. McKeown was a prisoner of war in Germany for the last nine months, most of which has been spent in Holzminden camp.

Lt. H. P. Charters, son of Mr. S. Charters, M. P. for Peel, was among the passengers on the Olympic, which arrived at Halifax a week ago Saturday. He arrived in Brampton the following Monday night, and looks hale and hearty. Lt. Charters went overseas in the autumn of 1916, served in France with the 4th Battalion, Canadian Mounted Rifles, for six months, was invalided to England with trench fever, and since has been employed at the Canadian Record Office in London.

TOWN BELL WILL RING.

The committee appointed to arrange that returning soldiers shall receive suitable welcome home wish to advise citizens generally that the town bell will ring about 3 o'clock in the afternoon when soldiers are expected to arrive in Orangeville on the evening train. The signal agreed on is two rings, a pause, and then a single ring. Citizens will thereby know that one or more soldiers are expected on the night trains and will have time to make arrangements to lend a hand in the welcome.

BOUGHT CALEDON FARM.

Mr. Philip G. Coulson, of East Garafraxa, has purchased Mr. Thos. Delaney's 100 acre farm, east half lot 23, Con. 1, west, Caledon. Mr. Coulson also bought Mr. Delaney's entire farm stock and implements. The consideration was in the neighborhood of $10,000 and the purchaser will get possession on January 5th. The deal was put through by Mr. Geo. Wilkins, real estate agent. The Delaney farm is considered an A 1 property and Mr. Coulson has shown good judgment in his selection.

Black as Dirt About the Eyes

Liver Was All Upset and There Was Pain Under the Shoulder-blade — Two Interesting Letters.

So many people suffer from derangements of the liver that we feel sure these two reports, just recently received, will prove interesting reading and valuable information to many readers of this paper.

Mrs. F. L. Harris, Keatley P.O., Sask., writes: "I was suffering from liver trouble—had a heavy pain under one shoulder blade all the time, and was nearly as black as dirt around the eyes, so I concluded to try some of Dr. Chase's Kidney-Liver Pills. I did so, and before I had taken one 25c box the pain had left me and I commenced to gain in flesh, and by the time I had taken two boxes I was completely cured and felt like a new person. My trouble was caused by heavy work out-of-doors, and, of course, heavy eating and constipation. I would advise anyone suffering from kidney or liver trouble to give Dr. Chase's Pills a trial."

Mrs. Charles Terry, Tweed, Ont., writes: "Before I was married I was troubled with enlargement of the liver. My liver became so enlarged that you could detect the swellings on either side, and it was only with difficulty that I could get my clothes on. A friend advised me to get Dr. Chase's Kidney-Liver Pills and take them. I commenced this treatment, and used nine boxes, which cured me at that time. Then, about two or three years afterward I was troubled again with the swelling, but only on my right side. I secured some more Kidney-Liver Pills, and took them, which finally cured me. I have not been troubled in this way since. I can cheerfully recommend Dr. Chase's Kidney-Liver Pills to anyone having kidney or liver trouble.

"We have also found Dr. Chase's Linseed and Turpentine excellent for coughs and colds. In fact, any of Dr. Chase's medicines which we have used have been good."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, 5 for $1.00, at all dealers, or Edmanson Bates & Co., Limited, Toronto.

HALTON COUNTY WINS WARSHIP

Steamer to be Named in Honor of County as a Result of Victory Loan Success.

The Free Press has received the following interesting information from Victory Loan headquarters, Toronto:

In view of the fact that the county of Halton raised the highest percentage of special subscriptions in the Province of Ontario, and was fourth highest, both on the team members and combined, the Victory Loan Executive, of Toronto, made special application to the Imperial Munitions Board to have one of the large ocean steamers now under construction named after the county, and reply has been received to the effect that the application had been recommended and forwarded to England for confirmation. The application will undoubtedly be confirmed, and the steamer will be christened Warship Halton. It will remain for years to come emblematic of the wonderful patriotic work done by the county.

Credit is indeed due to Donald Robertson, County Chairman, and to Judge Elliott, Vice-Chairman, and to all the local executives and canvassers for the untiring work that they devoted to the campaign.—Acton Free Press.

A NEW ISSUE OF POSTAGE STAMPS

There has been a new issue of three cent stamps by the Dominion government. The former issue bore the letters I. T. C., which signified one cent war tax. This has now been eliminated as well as the two cents printed below. The stamp is brown, has the picture of King George, and is in other respects the same as the old stamp. The new three cent stamp is now letter postage without any extra war tax to be added.

LIQUOR SEIZURE.

Inspector John Harvey went to Campbellville last Friday on his rounds over the county and at the C. P. R. freight shed found a couple of shipments of a suspicious character. There was a box and a barrel addressed to B. Watson, and a box to G. Burk. While he was there a train came in bringing two additional boxes bearing the address of H. Herron. None of the persons named were known at Campbellville. The shipments all came from Montreal. The inspector seized them after examination and sent them to the License Department at Toronto. The three shipments contained over thirty gallons of alcohol in one-gallon cans. A trial will be held at Campbellville tomorrow. It is not likely, however, the parties named will appear. This alcohol when diluted and bottled would bring about $7000 at the "boot leggers'" prices.—Acton Free Press.

A SILK HOSE CROOK.

A crook representing himself as Henry Anderson, traveller for a firm which he calls the "Golden Gate Silk Mills," San Francisco, Cal." carries a line of very fine silk hose, and is putting over on the unsuspecting retail dealers a story to the effect that his firm has a shipment of hosiery on hand at Kenora (or perhaps some other point) C. O. D. $360, which has been refused by the original consignee. This shipment he endeavors to sell on the understanding that he will have the shipment reforwarded to the new purchaser C. O. D. for the amount, but before leaving he usually prevails upon the purchaser to advance him $20 or more—giving as his reason that his expense money is running low—on the understanding that the amount advanced is to be deducted from the purchase price of the goods. But there are no goods, and the dealer is out his money. The Dominion Express Company states positively that this fraud has been perpetrated on four different people during the past few weeks.

WHAT HE GOT.

A farmer and his son were driving two carts of hay to the stable of an inn. After they had arrived and emptied the carts, the farmer took his son inside to have a drink. "What will ye hae?" asked the father. "A'll hae a meothfu' of beer!" replied the lad. "Ye'll tak' naethin' o' the kind," said the farmer. "Yell get a pint an' nae mair."

The Hospital for Sick Children

TORONTO

War Laid Heavy Hand on Children's Charity.

Dear Mr. Editor:—

The annual report of the Hospital for Sick Children, Toronto, marks a new record, despite the heavy handicap the war placed upon its work.

The task of ministering to the suffering youngsters of this province was no light one in view of the Hospital's splendid response to the national call 25 doctors and 43 nurses from its forces have seen service overseas.

Yet the number of patients treated is 5,048, or 1,308 more than last year. Of these in-patients, 759 were from 266 places outside of Toronto.

The tireless efforts of the staff made possible also a reduction in the average length of stay necessary for the little patients from 24 days in 1914 to 14 this year.

These results show that the Hospital has again paid to the children rich dividends of health upon the invested kindness of its supporters.

There has been careful stewardship of the funds entrusted to the Hospital. There has been saving—almost scrimping—in every direction except where it would prevent the Hospital's soothing the suffering or shortening the sickness of one child. The daily cost of operation was held at the lowest point which would still allow the children entrusted to the Hospital to get the best medicine and the best of care.

And yet so high has risen the cost of every item in the Hospital's budget—in labor, in fuel, in food, and, above all in medical supplies—that the minimum expense of taking care of one child for one day has risen from $2.24 each in 1914 to $3.21¾ in 1918. Of that, $1.66⅔—the amount per patient per day that the official Government grants do not cover—must come from voluntary contributions.

During the past four years debts were incurred to the extent of $100,000, which the Trustees felt assured would be wiped out by the public as soon as the war drew to its close, and those heavy demands cease which have been made upon the generosity of the loyal people of this province. The time has now come when it is necessary to make known the Hospital's dire need of financial assistance.

If this 43rd Christmas appeal fails to rally the friends of this Charity to its support, it will be necessary to mortgage its land, buildings and plant. By the bounty of the late John Ross Robertson that property has just been cleared of debt for the first time since it began its ministry of healing mercy.

Little children have lost a big-hearted friend, and the province a noble benefactor. It is for the public to decide whether his life-work shall be shadowed with a mortgage within less than a year of his passing.

What think you?

Send your answer as soon as possible to the Secretary-Treasurer, Hospital for Sick Children, College Street, Toronto. Meanwhile the Charity will "Carry on," trusting in your support.

IRVING E. ROBERTSON,
Chairman of Appeal Committee

COMFORT SOAP

DIAMOND WEDDING.

Mr. and Mrs. Robt. Watts, of North Amaranth, Were Married Sixty Years Ago.

On Tuesday of last week Mr. and Mrs. Robert Watts entertained a few of their many friends at the home of their son-in-law, Mr. Jas. H. Bell, lot 25, Con. 6, Amaranth, the occasion being the celebration of their diamond wedding. On Nov. 17, 1858, Rev. Geo. Ploughman tied the silken knot that made them life partners. That date falling on Sunday this year, festivities were postponed until Dec. 3rd, Mrs. Watt's birthday, who was born in Beverley, Wentworth county, Ont., being the only daughter of the late William Moore. Mr. Watts, who is a native of East Dereham, Norfolk, England, came to Canada 64 years ago, at which time it took seven weeks to cross the water. He has many interesting tales to tell of pioneer life in the then new country, when, being devoid of travelling conveniences, people would walk fifty or sixty miles in a day.

One nephew, John H. Moore, of Cass City, Mich., attended the reception. G. M. Watts, Sr., of Shelburne, was the only guest present who was at the original wedding sixty years ago. Mrs. J. H. Bell, North Amaranth, and M. M. Watts, Jessopville, are the only surviving members of a family of six, three of whom were called home in infancy. William M. Watts, who died two years ago, was also a son.

Although some sad thoughts of bygone days would creep in, the afternoon was pleasantly spent in social intercourse. Rev. J. B. Backus made a few appropriate remarks. Rev. J. R. Bell, having another engagement, was unavoidably compelled to leave early.

Mr. and Mrs. Watts moved to lot 25, Con. 3, Amaranth, 41 years ago.—Economist.

GILMORE–BLACK.

A quiet but pretty wedding took place on Wednesday evening, the 27th ult., at Thompson's church, in Rosemont, when Lucy Mae, third daughter of Mr. John K. Black, was married to Wallace L. Gilmore, both of Rosemont. Promptly at 8 o'clock the bride, daintily gowned in white pussy willow taffetta, trimmed with seed pearls and georgette and wearing grey plush hat, entered the church to the strains of the wedding music played by Miss Irene Noble of Mansfield. Rev. A. E. Black, Bradford, brother of the bride, officiated. The groom presented the bride with a handsome set of mink furs and the organist with a pearl crescent. After the ceremony the happy couple motored to their home, carrying with them the good wishes of all present. The gifts, numerous and costly, testified to the popularity in which the young couple were held.

It is understood that Port Elgin will be linked up with the Eugenia power line next spring.

"THE DAY"

(BY HENRY CHAPPELL.)

The London Daily Express, which printed this poem, said of it: "The author is Mr. Henry Chappell, a railway porter of Bath. Mr. Chappell is known to his comrades as the 'Bath Railway Poet.' A poem such as this lifts him to the rank of a national poet. 'Der Tag,' or the Day, has been for many years past a German military toast. It is significant that the poem was written shortly after the commencement of the war.

You boasted the Day, and you toasted the Day,
And now the Day has come,
Blasphemer, braggart and coward all,
Little you reck of the numbing ball,
The blasting shell, or the "white arm's" fall,
As they speed poor humans home.

You spied for the Day, and you lied for the Day,
And woke the Day's red spleen.
Monster, who asked God's aid divine,
Then strewed His seas with the ghastly mine;
Not all the waters of the Rhine
Can wash thy foul hands clean.

You dreamed for the Day, and you schemed for the Day,
Watch how the Day will go,
Slayer of age and youth and prime
(Defenceless slain for never a crime)
Thou art steeped in blood as a hog in slime,
False friend and cowardly foe.

You have sown for the Day, you have grown for the Day:
Yours is the harvest red.
Can you hear the groans and the awful cries"
Can you see the heap of slain that lies.
And sightless turns to the flame-split skies
The glassy eyes of the dead.

You have wronged for the Day, you have longed for the Day
That lit the awful flame,
'Tis nothing to you that hill and plain
Yield sheaves of dead men amid the grain;
That widows mourn for their loved ones slain,
And mothers curse thy name.

But after the Day there's a price to pay
For the sleepers under the sod,
And He you have mocked for many a day—
Listen, and hear what He has to say:
"Vengeance is mine, I will repay,"
What can you say to God?

ELECTRIC WASHER

Does your Washing in half the time

The Time Saver Electric Washer does your washing in half the time it takes to wash by hand. It washes the clothes while you are doing other work, washes them while you are getting breakfast and doing the up-stair work. It not only washes the clothes but wrings them too, and wrings them quicker and better than can be done by hand. It does the work so quickly and well, it saves three whole hours on wash day.

ELECTRIC BT TIME SAVER WASHER

It runs on 2c. an hour. Runs as quietly as a sewing machine. It is far more simple in construction than a sewing machine and far easier to operate. We have a washer in the store to show you. Let us demonstrate it in your home. Phone or call.

ORANGEVILLE, JANUARY 2, 1919

WAR MEMORIAL.

To the Editor of The Banner:

Dear Sir,—Kindly find space for the following in your paper.

The famous lines of Rudyard Kipling's "Recessional," "The tumult and the shouting dies—the captains and the kings depart," have surely a fitting application in these days.

The tumult and the shouting of international warfare has ceased, but the prophetic utterances of one of our statesmen is finding fulfilment in the fact that the after-war problems are exceeding by far anything we had to deal with in the days of warfare.

There are problems, political, commercial, industrial and national, it it may also be said there are sacred problems, one of which is engaging the attention of many cities and towns, namely the erecting of a suitable memorial for those who have fallen on the bloodstained fields of Europe.

Already divers opinions have been expressed as to a suitable war memorial for the county town of Dufferin in memory of the boys who paid the supreme price. It was customary in days gone by, and still is with some parts of the globe, to express their gratitude in the old concrete form of stone or marble statues, but the mothers of this new western world have no desire to keep the memory of their beloved green by such ancient and antiquated customs.

Cold stone monuments may be erected on our prominent streets to commemorate the departed, but they do not perpetuate the spirit of those who volunteered, served, sacrificed and died for home and country.

What are the enduring monuments of Him, the greatest of all martyrs, who gave His life, a ransom for all?

Do they not take the form of Church, Y. M. C. A., Y. W. C. A., Orphanage, Hospital, etc., each and all keeping the memory of Christ green by rendering enduring service to needy humanity. "Inasmuch as ye have done it unto the least of these, my brthren, ye have done it unto me," and if our lads who have gone before could send their message and express their wish we are confident they would say it was for civilization, home, country and the creation of a new environment that we gave our lives. Whatever other towns may do, let it be said of the Orangeville citizens that they kept faith with those who died by erecting some fitting memorial which will be for the moulding of character and the saving of precious human lives.

A LOVER OF BRITISH EMPIRE.

WEEK OF UNIVERSAL AND UNITED PRAYER

In accordance with the World's Evangelical Alliance and the custom that has pertained in this town for some years, the following arrangements have been made for the Week of Universal and United Prayer. All Christians of the town and neighborhood are cordially invited to any or to all of these services. They will begin promptly at 8 p. m. The service in each place of worship will be under the local pastor. The names mentioned have been appointed to deliver the special address upon the occasion:

Monday, January 6th, Methodist Church: Rev. W. M. Morris, general subject, Thanksgiving, Humiliation and Consecration, National and Personal.

Tuesday, Jan. 7th, Baptist Church: Lieut. Fergus Watkin, The Church Universal, the "One Body" of which Christ is the head.

Wednesday, Jan. 8th, Salvation Army Hall: Rev. John Dodds, "Families, Schools, Colleges, etc., Religion at the home base."

Thursday, Jan. 9th, Presbyterian Church: Rev. E. R. Young, "Missions, the World Task of United Christendom."

GIVEN ROUSING RECEPTION

Pte. Fred J. Patterson, who arrived home Saturday night, enlisted with the 201st Battalion in Toronto in March 1916, was transferred to the 170th Battalion, also of Toronto, and went overseas in October of the same year. After only a couple of months spent at Bramshott in England, he was drafted to the 75th Battalion and sent to France in December. He received a wound in the shoulder at Vimy Ridge on April 9th, 1917, just as he had reached a Hun parapet, being shot with a revolver in the hands of a German who was only about 10 feet distant from him. Pte. Patterson was taken to Blighty where he spent about six months in the different hospitals and was sent back to France in the fall of 1917. It was at the battle of Amiens on August 22nd, 1918, that he received the wounds which necessitated the amputation of his left leg above the knee. He was hit by shrapnel or whizz bang and was taken to the Asylum Hospital at Amiens. From there he was removed to Rouen, thence to England, where his wounds healed very quickly, in fact his recovery was so quick that he arrived home inside of four months after receiving his injuries. Before enlisting Pte. Patterson was employed with the Dominion Express Company at West Toronto. The returned soldier is 28 years of age. In speaking of the treatment he received in the various hospitals, Pte. Patterson says that he received the very best of attention and although suffering from the loss of his limb says that he was glad to be able to do his bit and was not sorry that he had been of some help to the great cause. After a few days at his home here he expects to report to Davisville Military Hospital on January 6th for further treatment. Pte. Patterson, who is a son of Mr. and Mrs. Jas. A. Patterson, was given a rousing reception, the Citizens' Band and a large number of citizens being at the depot to welcome him.

FIGHT FOR DEPUTY-REEVE.

ALL OTHER OFFICES FILLED BY ACCLAMATION.

Quiet Time at Orangeville Nomination Meeting Monday Night.

MAYOR—Geo. D. Lewis, (accl.)
REEVE—C. V. Jeffers, (accl.)
DEPUTY-REEVE—R. B. Henry, T. S. Parkinson, J. E. Thompson.
COUNCILLORS — W. J. Gillespie, W. C. McMillan, John Patterson, Geo. Wilkins, (two more men needed).
HYDRO COMMISSION —Thos. Henderson.
P. S. TRUSTEES—West, Albert Walker; North, D. Young; East, Geo. H. McLean; South, R. J. McConnell.

The Orangeville nomination meeting on Monday night was one of the quietest on record. A fair-sized crowd was present for the public meeting which followed the nominations and gave the speakers an attentive hearing. Reeve White, who was regarded as a sure candidate for the Mayoralty or Reeveship, sprang a genuine surprise by announcing that he would not run for either office. He gave as a reason for his retirement Western property interests, which now that the war was over made it necessary for him to spend a good deal of the present year in Western Canada. As he would be away a great deal during the year it would be impossible to give the office of Mayor the time and attention that it should receive. As a result of Mr. White's withdrawal Mr. Geo. D. Lewis and Mr. C. V. Jeffers were elected Mayor and Reeve respectively without opposition. For the Deputy-Reeveship T. S. Parkinson and "Eddie" Thompson, of the 1917 council, and R. B. Henry, a veteran in municipal affairs, are in the field. They are all working hard and will make a whirlwind contest. Parkinson and Thompson both felt that their council record gave them a claim on the position, but the latter was willing to withdraw in favor of his council colleague until Henry qualified, thereby making a contest necessary, when he decided to mix in and make it a three-cornered go. Out of some fifteen nominees for Councillors, only four men qualified, so that a new election will have to be held to fill the two vacant places. The four Public School trustees were returned by acclamation. Messrs. Walker and Young were members of the 1918 Board. Geo. H. McLean served some years ago and R. J. McConnell, the fourth member, is an entirely new man. D. B. Brown retires from the Hydro Commission and is succeeded by ex-Mayor Henderson, who was a member of last year's Board by virtue of his office.

Mr. A. A. Hughson, Town Clerk, received the nominations in the Opera House and acted as chairman during the meeting which followed.

Mayor Henderson discussed the town's financial condition, which he declared was much better than a year ago owing to the reduction of $24,900 in the debenture debt. He referred to the necessity of extensions to the waterworks system on account of the insufficiency of the water reserve during dry spells such as occurred last summer. His Worship explained the steps taken to meet the fuel shortage and stated that the town expected to lay down wood from its bush lot at $3.50, $4 and $5.50 per cord, in 12, 14 and 20 inch lengths. Mr. Henderson referred to the need for industries, told his audience that it was in the interest of every ratepayer to patronize the hydro and closed by thanking the citizens for their kindness and courtesy during his term as chief magistrate.

Reeve White discussed the work of the Town Property Committee, of which he was chairman. The committee had endeavored to spend as little money as possible. This would probably not be good business under ordinary conditions, but was necessary in war times. One of the biggest things the county council had done in many years was the adoption of the County Good Roads System. It was greatly to the credit of the county council that, if it had not been for the taxes levied for war and patriotic purposes, the county rate would have been lower in 1918 than in any former year. Now that the war was over the town council should go after factories, which were necessary to Orangeville's prosperity.

Geo. D. Lewis combatted the idea that it was cheeky for a man, only two years in the council, to offer himself for Mayor. Before consenting to stand for the office he had consulted every member of the council and had received encouragement from all except one man. He regarded the Mayoralty of Orangeville as a very exalted and responsible position and if elected would try to do his full duty to the electorate. There was not a town or an inconsiderable town in Ontario that he had not visited and Orangeville's position, surroundings and capabilities if properly exploited should bring continuous and increasing prosperity to the town. Orangeville must be made a factory town if possible. Mr. Lewis made a strong appeal to his hearers to be boosters and not knockers and resumed his seat amidst hearty applause.

J. B. Irwin was not a candidate for any office and did not wish to take up the time of the meeting.

C. V. Jeffers stated that the expenditure of his committee, the Fire and Water, had been less than in the previous year despite the severe winter and several bad breaks in the system owing to the excessive frost. The waterworks system had been put into good shape last spring, but some increase of the water reserve had become necessary owing to the increase in water consumption. There were occasions last summer when there was not enough water in the reservoir to fight an ordinary fire for more than an hour. Mr. Jeffers cautioned his audience against leaving water taps open, pointing out that a half inch pipe would waste 58,000 gallons and an inch pipe 252,000 gallons if left running continuously for 24 hours. The speaker discussed the negotiations for bringing a new industry to town and stated that the company was now getting material ready for shipment to Orangeville.

T. S. Parkinson discussed the town finances in a comprehensive and lucid manner. The expenditure for the year was about $700 in excess of the receipts. The net receipts were $45,500 and the expenditure $46,265. There had been an increase of over $3,000 in the expenditure for school purposes. Debentures which called for annual payments amounting to $3,429 would mature in 1919. Payments amounting to $2,525 for Red Cross and patriotic purposes would not likely have to be met beyond 1919 at the latest. The probable cancellation of the Provincial war tax would mean another saving of $700, so that altogether there should be a reduction of about $7600 in expenditure in 1920. Needless to say this would make it much easier to finance the town's business, and would permit the council to either reduce the tax rate or embark upon important civic improvements. Mr. Parkinson called for a concerted effort to make Orangeville a better and busier town, advocated good roads and securing of factories as a means to this end and favored the fostering and encouragement of such local industries as exist in the town. He closed an excellent address by announcing himself a candidate for deputy-reeve.

R. B. Henry deprecated lengthy speeches and quoted Rockefeller's saying, "The longer the spokes the bigger the tire." He hoped the council of 1919 would be a good one and gave credit to the county council for keeping down the county rate and also keeping the county out of debt. He thought corporation laborers should get the same remuneration and consideration as private employers give their hands. Mr. Henry referred to his lengthy municipal record, pointing out that he had been a member of the building committees which supervised the erection of the House of Refuge and registry office in Peel county. He was in the field for deputy-reeve and intended to qualify tomorrow morning.

THE MUNICIPAL LINE-UP.

Acclamations in Adjala, Grand Valley, East Luther and Shelburne.

Contest for Reeve in Amaranth; Big Fights on in Albion, Caledon, Mono, Mulmur, Melancthon.

Results of the nominations in the surrounding municipalities follow:

ADJALA.

Reeve—Jas. Sheehan (accl.)
Councillors—John Lawlor, John Nicholl, Jermyn Holt, Geo. Patterson (accl.)

ALBION.

Reeve—Anson McCabe, John Anderson.
Deputy-Reeve—T. R. Evans, Thos. Roe.
Councillors—Garnet Wilson, Wm. Westlake, Richard Doherty, George Wilson, Isaac Steele.

ALTON.

P. S. Trustees—Owen Finnegan, Wm. White, Louis Lemon (accl.)

AMARANTH.

There was a large crowd out to the nomination meeting at Laurel on Monday. The proceedings were very quiet and the best of good feeling was manifested by the candidates. W. J. Hamilton, of the 1918 council, is opposing G. W. Hepton, last year's reeve, for the reeveship. We understand that the two candidates have agreed not to do any canvassing. They are boyhood friends, near neighbors and straightforward men in business and private life. Amaranth will have a good Reeve, whoever wins. The council was elected by acclamation, Robert Curry and Thos. Whaley taking the places of John Pratt, who has retired, and W. J. Hamilton, who is standing for reeve. The slate therefore stands:

Reeve—G. W. Hepton, W. J. Hamilton.
Council—T. F. Reid, T. F. Simpson, Robt. Curry and Thos. Whaley.

CALEDON EAST.

P. S. Trustees—S. White, William Borland, J. Cannon, Jos. Proctor, Sheard Glassford, Alex McElwain, (three to be elected.)

CALEDON.

Mr. S. Kannawin, last year's reeve, gets a second term without opposition. For Deputy-Reeve, James R. Hillyard, deputy-reeve in last year's township council, is being opposed by Thos. Smith, also a member of the 1918 Board. Both men live in the Caledon ward right in the heart of the township. Hillyard is a young man, an excellent speaker, and has good executive ability and an excellent municipal record. His opponent has years and experience on his side and has also been a useful man in the council. Caledon men who profess to understand the situation call Hillyard to win, but it should be a fight worth while. W. J. Limebeer, of last year's council, has retired, but Thos. Quinn, another municipal veteran, is trying to come back. John Kidd, W. J. Sutton and Wm. J. Wilson are the new men in the field for councillors. They are all good men and any of them should serve the municipality worthily. Wm. Hawkins, of the 1918 council, is the fifth man. Considering his experience and faithful service Mr. Hawkins should just about head the poll. The slate reads:

Reeve—S. Kannawin (accl.)
Deputy-Reeve—Jas. R. Hillyard, Thos. Smith.
Councillors—Wm. Hawkins, John Kidd, Thomas Quinn, Wm. J. Sutton, Wm. J. Wilson.

EAST GARAFRAXA.

Jos. Thompson, last year's Reeve, has retired and James Brown succeeds him without opposition. There is a run for the council.

Reeve—James Brown (accl.).
Councillors—John C. Brown, Silas Cook, Wm. Haws, W. H. Hunter and Geo. I. Nodwell.

EAST LUTHER.

Reeve—H. H. Hilborn (accl.)
Councillors—Oscar Crewson, Alex. McFarlane, Albert Reilly, Alex. Ward (accl.)

ERIN TOWNSHIP

Reeve—A. McKinnon, Jas. Milloy.
Deputy-Reeve—Wesley Jessop, R. W. Tarzwell.
Councillors—G. Bryan, W. H. Burrows, R. McEnery, Joseph Benham and Arch. Reid.

GRAND VALLEY.

Reeve—Thos. Watson (accl.)
Councillors—J. G. Reith, Harry Donaghy, W. J. Baker, Wm. McClelland (accl.)
P. S. Trustees—D. P. McDonald, Wm. Buchanan, W. A. Wansbrough, for two years; Henry Dixon to fill balance of term of Rev. D. J. Lane.

MELANCTHON.

Jas. R. Clarke, last year's Reeve, has retired and Deputy-Reeve Geo. T. Prentice and Mr. Jas. Higgins are fighting it out for the Reeveship. Jos. Duke and R. B. Oldfield, of the old council, are in the field for Deputy-Reeve. The names that will appear on the ballot next Monday are:

Reeve—Jas. Higgins, George T. Prentice.
Deputy-Reeve—Jos. Duke, R. B. Oldfield
Councillors—W. G. Noble, John A. Russell, Geo. H. Stewart, Archibald Vance.

MONO.

T. J. Parks and T. H. Moffatt, last year's reeve and deputy-reeve, are in the field for the reeveship. W. J. Bowers, of the old council, gets the deputy-reeve's chair by acclamation. There are four men in the field for councillors, three of whom will be elected.

Reeve—T. H. Moffatt, T. J. Parks.
Deputy-Reeve—W. J. Bowers, (accl.)
Councillors—S. Barber, W. N. Fines, Jas. A. Morton, J. McNaughton.

MULMUR.

Jas. Barber, of Honeywood, who was defeated for the Reeveship a year ago, is again opposing Reeve Kiernan. Deputy-Reeve McCutcheon also has an apponent in the person of Rice Hill. There are four men in the field for council. The slate reads:

Reeve—Jas. Barber, D. Kiernan.
Deputy-Reeve—Rice Hill, R. H. McCutcheon.
Councillors—R. H. Galbraith, Jas. Henderson, Jesse C. Jones, Jas. McKee.

SHELBURNE.

Shelburne will not have an election next Monday. All the offices were filled by acclamation as follows:

Reeve—R. W. Brett
Councillors—W. J. Davey, James Gilpin, John Mowat, Wm. B. Murray.
School Trustees—J. W. Hamilton, J. A. Mills, John A. Yeo.

AN INSURANCE CASE.

The executors of the estate of the late Lieut. George E. Robinson have issued a writ against the Globe Indemnity Company, of Canada, for $3,500, being the amount of an accident insurance policy carried by deceased in that company. The defence is that the policy was not in force at the time of death, while the plaintiffs claim their right to renew had not expired at the time of the accident, and that the renewal premium reached the company in time. The case hinges on the interpretation of the statutes and the outcome will be watched with interest.

ELECTORS OF ORANGEVILLE

Ladies and Gentlemen:

I am a candidate for Deputy-Reeve for 1919. I have served as Chairman of the Finance Committee for years 1916, 1917 and 1918. As it will be impossible for me to see each elector personally, I take this opportunity of soliciting your vote and influence. Wishing you the compliments of the season, I remain,

Yours respectfully,
—T. S. PARKINSON.

ELECTORS OF ORANGEVILLE

I respectfully solicit your votes and influence in my behalf for the office of Deputy-Reeve. I have had two years experience in the council and have always supported any measure calculated to further the interests of the town. I believe our returned soldiers should be given all possible assistance and consideration and I am heartily in favor of the erection of a memorial that will be of some public service and at the same time stand as a lasting reminder of their great deeds and sacrifices. I appeal for your hearty support in the campaign and at the polls next Monday.

Yours sincerely,
—J. E. THOMPSON.

ELECTORS OF AMARANTH.

I respectfully solicit your hearty support for the position of Reeve. I have been Collector one year, Assessor four years, and have served you as Councillor for five years. I therefore feel that I can claim to have a good working knowledge of the affairs of the township. If you can see your way to vote for me, I will greatly appreciate the favor.

Yours sincerely,
—W. J. HAMILTON.

ELECTORS OF AMARANTH.

After five years service at the Council Board, two as Councillor and three as Reeve, I am again asking you to give me your hearty support as a candidate for Reeve of Amaranth and Warden of Dufferin. If I am elected I promise you faithful service and will do whatever I can to have your business transacted in a businesslike and economical manner. I again appeal respectfully for your hearty support.

Yours faithfully,
—GEO. W. HEPTON.

ELECTORS OF CALEDON.

I am again asking your support for the office of Councillor. With so many new aspirants for the council, it is important that you retain the services and experience of some of the old ones. If elected I shall, as in the past, serve you to the best of my ability. I wish all a very happy and prosperous New Year.

Yours respectfully,
—WM. HAWKINS.

ELECTORS OF CALEDON.

After serving you for several years as Councillor and last year as Deputy-Reeve, I am now asking you to again honor me with your confidence by re-electing me to the office of Deputy-Reeve. My experience in township and county affairs should enable me to give you as good if not better service than in the past. If elected my time will be at your disposal and your interests will be one of my first concerns.

Yours sincerely,
—JAS. R. HILLYARD.

ELECTORS OF CALEDON.

As it will be impossible to see all personally before election day, I take this means of informing you that I am a candidate for Councillor and of soliciting your votes and influence in my support. If I am successful at the polls, I will give my time and best attention to the task of serving your interests in and out of the Council. I respectfully ask you for your hearty support.

Yours sincerely,
—JOHN KIDD.

ELECTORS OF CALEDON.

At the solicitation of a large number of ratepayers I am in the field for the office of Councillor. Being a new man I have no municipal sins to answer for and if you elect me I trust that my future sins will be few and my good works sufficiently numerous to deserve your continued support. Mark your ballots for Wilson and give a new man a chance to show what's in him.

Yours respectfully,
—W. J. WILSON.

ELECTORS OF EAST GARAFRAXA

I am again asking you to give me your hearty support for the office of Councillor. I have endeavored to serve your interests to the best of my ability and trust you will feel that my record entitles me to your support.

Yours sincerely,
—W. H. HUNTER.

ELECTORS OF MONO.

I respectfully invite your hearty support for the office of Councillor. I have had a great deal of experience in township affairs and if elected will look after your business diligently and to the best of my ability.

—S. BARBER.

ELECTORS OF MONO.

I am in the field for the office of Councillor and respectfully ask you to give me your hearty support. Although I am a comparatively young man, I have taken a good deal of interest in municipal matters for a number of years. If I am elected I promise faithful and diligent service and shall endeavor to deal fairly and honestly with all matters that come before the Council. Wishing you the compliments of the season, I am,

Yours sincerely,
—NORRIS FINES.

ELECTORS OF MONO.

In compliance with the expressed wishes of a number of the ratepayers I am a candidate for Councillor. If elected I will try to do my duty fairly and fearlessly and give justice to all. My municipal motto is equal rights for all and special privileges to none, whether in school taxation or other business. I respectfully solicit your hearty support.

Yours faithfully,
—JOHN McNAUGHTON.

ELECTORS OF MONO.

Having served you for a number of years as Councillor and Deputy-Reeve, I am now asking you to support me for the office of Reeve. I feel that the time has come when I should step up and make room for other men, whose service in the council gives them the right to aspire to the Deputy-Reeveship. If I am successful at the polls, I can only promise the same diligent service that I have always tried to give you in the past. Wishing all a happy and prosperous New Year, I am,

Your sincerely,
—T. H. MOFFATT.

ELECTORS OF MONO.

Having served you for five years as Councillor, faithfully, honestly and truthfully, according to the best of my ability, I now ask for a renewal of your confidence for the same position for the year 1919.

Yours Sincerely,
—JAS. A. MORTON.

ANNIVERSARY SERVICES.

INFLUENZA STILL CLAIMING VICTIMS BY THE THOUSANDS

Epidemic Breaking Out Anew From One End of Country to the Other.

Warning to the country that the Influenza epidemic is by no means ended, and that all possible precautions against the disease should be taken has just been issued by the public health authorities at Washington.

Late reports show that the disease is breaking out anew in its very worst form from practically one end of the country to the other. Already there have been over 300,000 deaths from the disease and one prominent health official predicts that there will possibly be 750,000 deaths in this country this year from Influenza and the ailments which follow it. The disease has been very baffling to the medical profession and health authorities frankly admit that ordinary preventive measures such as wearing of masks and closing public places seem of little avail.

Persons who are weak and rundown, and who have not the strength to throw off the Influenza germ, are the earliest victims. Those who catch colds easily or who are suffering from catarrhal troubles are also early victims, as the inflamed mucous membrane linings of the nose and throat are an open door to the germ. If you are suffering from any of these symptoms, nothing will build you up and fortify your system against attack like Tanlac, which contains the most powerful tonic properties known to science. This statement is easily proven by the fact that this celebrated medicine is now having the greatest sale of any system tonic in the history of medicine. It has been accomplishing remarkable results during the present epidemic and hundreds of thousands who have used it are enjoying the best of health. One prominent physician in Texas frankly stated that he had found Tanlac to be the finest tonic to be had for building up his patients who had had Influenza.

Actual experience has shown that the best way to keep from taking Influenza is to keep the system in good shape as it is a well known fact that the powers of resistance of the human system can be so perfected that it can throw off almost any infection, not even excepting Spanish Influenza, which is one of the most contagious diseases known.

Tanlac increases your strength and weight and creates a good, healthy appetite for nourishing food. It keeps you physically fit and makes you strong, vigorous and well, and in this way fortifies you against deadly disease germs. In connection with the Tanlac treatment, be sure to keep the bowels open by taking Tanlac Laxative Tablets.

Tanlac is sold in Orangeville by C. V. Jeffers; in Grand Valley by G. E. Morrow, and in Shelburne by J. E. A. White.

MILITARY NOTES.

On Monday evening of last week a reception was held in Shelburne for Pte. Robert Hughson, son of Mrs. I. G. Hughson, of that town, upon his return home after serving overseas for nearly three years. Pte. Hughson was escorted to the town hall, which was soon filled to the doors, and short addresses were delivered by Reeve Brett and Rev. J. Morris. The returned hero, in a jovial mood, told of his experiences in France, and thanked one and all for the splendid reception accorded him. Pte. Hughson enlisted in the 164th Battalion at the end of 1915 and went overseas with that battalion in April, 1917. He is looking well and bears only a slight scar which he received in combat with the Hun.

How British Navy Fought Chief Hun Weapon.

New methods of trapping the U-boat are constantly coming to light in spite of the secrecy maintained in British naval circles regarding means to defeat the submarine. The following vivid account is quoted by the Scientific American from the Liverpool Journal of Commerce:

"A seaplane had 'spotted' a submarine lying on the seabed. Instantly the observer's finger commenced to tap a key, and ten miles away a long, lean destroyer and four squatty trawlers detached themselves from a pack of hounds working a covert and hastened to the kill. Meanwhile the seaplane circled around, but when the surface ship arrived her instructions, delivered by wireless, were curt and precise. Acting upon them, the trawlers stationed themselves at the four corners of a wet quadrangle, while the destroyer kept her guns ready to talk to the enemy should he appear above the surface.

"The trawlers at the corners of the quadrangle got out their sweeps—long wire hawsers of an incredible stoutness, with a heavy 'fluke' in the centre to keep their bights down on the sea bed—and commenced to steam toward each other. As the pairs of vessels met, their wires simultaneously engaged themselves under the U-boat's bow and stern and commenced to work their sinuous way between her hull and the sea bottom.

"Then the strange thing happened. Two round, black objects seemed to detach themselves from her hull and float surfaceward, to hover a second and then to commence bobbing down the tide—bobbing down a lane much frequently by those ships that brought food, munitions of war and hundreds of other things to Great Britain's shore.

"'Mine layer, eh?' called the seaplane's observer.

"'That's it, lad,' came the telephoned answer, 'but her eggs can wait for a minute.'

"The trawlers now crossed their dependent cables and thus held the U-boat in a kind of cat's cradle. She seemed suddenly to wake up to her danger, for with a bound she tried to disengage herself from the meshes which held her. But it was no use; the trawlers had been too long at the game to leave any loopholes and the submarine was doomed.

"'Got him,' signalled the seaplane.

"'Thanks,' replied the destroyer.

"'We'll give him five minutes to come up and breathe, but no longer.' That time passed but still the submarine made no further move.

"At a flagged signal from the destroyer the port foremost trawler and the starboard after one clipped a small red tin of high explosive to the wire and allowed it to slide down till it touched the U-boat's hull. It was the seaplane's turn to wave a flag, and immediately there followed the crashing of two fists upon two firing keys; the uprising of two grey mounds of water and a rumbling, muffled explosion.

"The seaplane circled twice above the patch of rising oil, ascertained that the German had been destroyed, and notified the destroyer of the fact. Then, with her observer slipping a drum of cartridges into his machine gun, she sped on after those objects bobbing down the tide. A burst of rapid firing, and the first of the devil's eggs, its buoyancy chamber punctured, sank with a gurgle; the second gave a better show, for it exploded grandly and harmlessly as the bullets reached it."

ABDICATIONS OF HISTORY.

Number Has Increased Greatly In Recent Years.

There have been more abdications than is generally supposed. More than forty since the beginning of the Christian era are chronicled by the historians, three of them being of popes. They were not all strictly abdications, but in all there was a yielding of power, either voluntarily or under pressure—mostly the latter. Two English kings—Richard II and James II—are in the list. In France abdication has been quite the fashion. The great Napoleon abdicated twice, and he was followed by Charles X and Louis Philippe. Napoleon III was forced from power. Four monarchs of Spain have abdicated—Philip V, Charles IV, Isabella I, and Amadeus I. Most of the other abdications were monarchs of kingdoms that have long since ceased to exist, such as Brandenburg, Poland, Scotland, the Eastern Empire, Sardinia, Naples, and Tuscany. Two American emperors have abdicated, both of Brazil. Portugal lost a Miguel in this way in 1834, and another one as a result of revolution a few years ago. The most noted abdication next to that of Napoleon was that of Charles V, the emperor, which was wholly voluntary. The most noted abdications in Roman history are those of Sulla the Dictator and the Emperor Diocletian.

Thrones have fallen in the great war as never before. The Czar of Russia, two Czars of Bulgaria, the King of Greece, and the German Kaiser have disappeared, and the Emperor of Austria-Hungary hastened to follow them. Roumania and Serbia have lost their kings, but only temporarily. In this remarkable record must be included King Ludwig of Bavaria. In one of Browning's poems is this:

There's meaning in the fact
That whoso conquers, triumphs, enters Rome,
Climbing the Capitolian, soaring thus
To glory's height—Publius, do you mark—
Ever the same attendant who, behind,
Above the conqueror's head support the crown
All too demonstrative for human wear,
—One hand's employment all the while reserves
Its fellow, backward flung, to point how, close
Appended from the car, beneath the foot
Of the up-borne, exulting conqueror,
Frown — half descried — the instruments of shame,
The malefactor's due. Crown now—Cross, when?
Who stands secure? Are even gods so safe?

Certainly no man is safe who could even dream of using such words as these, which are from a proclamation of the Kaiser in 1914, addressed to his army of the east: "The spirit of the Lord has descended upon me because I am the Emperor of the Germans. I am the instrument of the Almighty. I am His sword, His agent. Woe and death to all those who oppose my will! Woe and death to those who do not believe in my mission! Woe and death to the cowards! Let them perish, all the enemies of the German people! God demands their destruction, God who, by my mouth, bids you to do His will!"

Now this man is skulking in Holland, finding his mission — which plainly is not the mission of God—quite other than he supposed.

Splendid Program of Japan.

Bishop McKim, of Tokio, in a recent address at Honolulu, described the advance in high ethical standards throughout Japan and the universal respect shown for the Christian religion. "The question has been asked, can a nation be born in a day, and Japan answers yes," said Bishop McKim. "The transmigration of the soul of old Japan into its new environment was attended by its pangs of new birth and consequent exhaustion. It had to endure the diseases incident to childhood and the growing pains of youth before it attained its full stature as a nation. For a long time it was looked upon as a youthful phenomenon, a precocious child, was flattered and petted. But when the youth claimed treatment as an adult, its former admirers stood aghast and called it impudent, presumptious and said it needed a good licking."

Japan has been an apt pupil, the bishop added, in the art of diplomacy.

After-war Problems.

There has recently been issued the second edition of a book entitled "Das Mittleeuropaishe Wirtschaftsproblem," by Gustav Stolper, coeditor of the Osterreichoscher Volkswirt. The author is a well-known writer on the economic problems of the Central Powers.

Stolper says that the war will leave behind it a debt that will cause taxation to be trebled. Raw materials have been consumed in the central countries to the point where supplies are entirely exhausted and new supplies of raw materials must be found. Austria will inevitably have to contract heavy debts in other countries in order to obtain these stocks of raw materials. The increased taxation will lead to higher prices and these in turn will tend to exclude Austria from the world markets where raw materials may be purchased only by paying in the form of manufactured articles.

The Explanation.

"I understand," said the reporter, "that somewhere in this neighborhood a child was born yesterday weighing 27 pounds. Do you know anything about it?"

"Know all about it," replied the corner grocer. "It's father is Bob Chunks, the iceman, and he weighed it on his ice scales."

Remembers His Sunday School.

"You know, Ed," observed the Tommy preparing to sew on a button, "I was just thinkin' what a helluva time a comet'd have gettin' through the eye of this needle."

MUSIC?—Why it is the *actual* voice of Anna Case—just as I heard the great soprano at the Metropolitan, New York.

The New Edison is going to be a wonderful help to me with my studies at the Conservatory. It brings right to my very room the voices of the great artists of to-day as they actually interprete the enduring gems of Music. This is not a flimsy shadow, not a mere approximation of Music. It is *Music* "Re-Created" in all its original beauty. There is no shade of difference between the living artists' voice and the New Edisons' "Re-Creation" of it. This—ah, *this* is *Music!*

Wouldn't you like to hear this really marvelous invention of the world's greatest inventor? With the New Edison there are no needles to change. Plays all makes of records. Easy terms if you wish.

SIFTON-HAMILTON.

On December 20th the home of Mr. and Mrs. T. H. Hamilton was the scene of a very pretty wedding when Pearl, their eldest daughter, became the bride of Mr. J. D. Sifton of Moose Jaw, Sask. At 2 o'clock, the bride, gowned in white satin and ninon and wearing the customary veil, entered the prettily decorated sitting room on the arm of her father to the strains of Mendelssohn's wedding march played by Miss Mildred Hamilton, when Rev. A. N. Cooper tied the nuptial knot. After the reception the happy couple left to spend the winter in the Southern States. The bride looked charming in a black velour hat, a travelling suit of midnight blue broad cloth and white fox furs. The groom's gift to the bride was a beautiful set of white fox furs and to the pianist a pearl ring set in onyx. When Mr. and Mrs. Sifton return they will reside in Moose Jaw.—Grand Valley Star and Vidette.

UNMASKED AT LAST.

"Don't talk to me about Methuselah," exclaimed the army man.

"I never heard anything against him."

"Well, I have my suspicions that he reported his age as high as possible to make sure of being beyond the draft limit."

QUITE A JOB.

"Uncle Joe" Cannon is telling a good war yarn. He was speaking to the small son of a constituent and asked:

"Where's your uncle, Tommy?"

"In France."

"What is he doing?"

"I think he has charge of the war."

Ambitious Wills.

A lieutenant, who was lately killed in France, and had been a lawyer in civil life, left £300 to the King, "humbly requesting his Majesty to apply the same to the reduction of the National Debt."

Seeing that the debt he sought to reduce is going up by leaps and bounds, and that our annual expenditure is well over two thousand millions at present, the patriotic lieutenant's gift is like a drop in the ocean.

But it is not unique. A one-time Master of the Rolls bequeathed his fortune after his wife's death to pay off the National Debt! A great jurist remarked: "He was a good man and a good lawyer, but he might as well have tried to stop the middle arch of London Bridge with his full-bottomed wig." And to-day the debt is fifty times as big!

An Irishman who left over a hundred thousand pounds to pay off the town's debt had better luck, but as he expressed absolute conviction of the incapacity and idiocy of the present town council he made it operative in twenty-one years!

Queen Victoria had some large legacies left to her for her private use, but the funniest was a "pet parrot" by an old lady with 100 guineas per annum for its keep! She made the amusing condition that "Her Majesty publicly exhibit it before the court twice a year, to prove that the person entrusted with its care has not wrung its neck."

The Elastic Globe.

To the layman nothing may seem more rigid than the crust of the earth, but men of science say that it bends and buckles appreciably under the pull of the heavenly bodies.

Observation has shown that the shores on opposite sides of a tidal basin approach each other at high tide. The weight of water in the Irish Sea, for instance, is so much greater at that time that the bed sinks a trifle and in consequence pulls the Irish and English coasts nearer together.

Thus the buildings of Liverpool and Dublin may be fancied as bowing to one another across the Channel, the deflection from the perpendicular being about one inch to every sixteen miles. Ordinary valleys, too, widen under the heat of the sun and contract again at night.—Tit-Bits.

Forgotten His Native Tongue.

A negro in the American army asked one of the Senegalese for a pinch of tobacco. The latter responded in excellent French. Our soldier from Georgia was puzzled. "Can't you all talk plain niggah talk?" said he. "Has you-all done beep over heah so long you's don forgotten youah owd mother tongue?"

Historic Castle Sold.

By public auction in the Town Hall, Midleton, Eng., the fee simple interest of Viscount Midleton in his historic demesne lands of Cahirmone, containing 181 acres with the ruined Anglo-Norman castle, was sold for $40,600. James Leahy, a farmer of Bartlemy, Fermoy, was the purchaser.

Cahirmone Castle was attacked and captured by Sir Wilter Raleigh from Youghal in the 16th century.

A Clergyman Speaks.

Capt. (Rev.) J. B. Paulin, of Toronto, urges that before peace comes the Allied armies should march to Berlin, allow the population to remove personal effects, send all art treasures to Belgium and France, and utterly destroy the Prussian capital, its desolated site remaining for all time as an abject lesson.

NO TIME FOR PIKERS.

"John," exclaimed the nervous woman, "I believe there is a burglar in the house."

"I haven't time to fool with small fry," was the sleepy response. "I've spent the entire day fighting regular profiteers."

CALEDON EAST.

Mr. A. Boyce had the best and finest display of fowl of all kinds, and beef, seen in this village for a long time. The beef was from prize stock and was of exceptional quality.

Mrs. Wm. Beamish, of Toronto, is the guest of her son-in-law and daughter, Mr. and Mrs. T. R. Evans.

A very sudden death took place last Saturday morning when one of our village business men was called to join the majority. We refer to the late Mr. Samuel Wright. Deceased came to the village about 41 years ago to serve his apprenticeship with Mr. John T. Scott, harness maker, and continued to work with Mr. Scott, as journeyman, until the latter retired some years ago, when he took over the business, and has carried it on ever since. He was never married and lived alone in a small room at the end of his shop. Deceased would be somewhere about 56 years of age. He was a man of means, having considerable money, besides owning some village property. He leaves a sister in Collingwood who came on Saturday night, and returned on Monday morning with the remains, which were interred at Collingwood.

Rev. J. J. Monds of Carlton Place was a visitor in town on Monday.

Mr. John T. Scott, of Toronto, well known former resident and business man of this village, was in town on Monday paying his last respects to his former employe and successor in business, the late Mr. S. Wright.

Miss Dane, teacher of The Knights of Honor class of the Methodist Sunday School, was the recipient of a most useful present in the form of a beautiful Morocco bound hymn book of India paper with music. This token of remembrance showed the esteem in which Miss Dane is held by the members of her class.

On Friday, Dec. 18th inst., Mr. Geo. Atkinson, of Caledon East, mail courier for R. R. No. 2, was the recipient of a beautiful fur cap and gauntlets, presented by the residents of his route for faithful and efficient services rendered during the past. Owing to illness in Mr. Atkinson's family and to the influence of the flu epidemic, it was deemed advisable to have no formal presentation but to have the parcel with address enclosed delivered. The following is the address:

Mono Mills, Dec. 13, 1918.

To Mr. Geo. Atkinson,

We the residents on Rural Route No. 2 have long felt that your services as mail carrier during the last four years merited some expression of appreciation.

Since the inception of the rural mail delivery with its consequent benefit to the people, a great many men of widely different dispositions have entered into these contracts with the post office department and we feel that we are indeed fortunate in having the services of a man of your sterling good qualities placed at our disposal.

The distribution and collecting of mail matter means the handling and care of letters and parcels of importance and often of high value. Your carefulness and honesty of character has inspired us with the confidence that the duties devolving upon you would be discharged in the best possible manner, and that you fully realize the importance of your work.

In all conditions of weather and roads you have been faithful and prompt in making your daily journey and in all matters you have been both obliging and agreeable.

We note with sincere regret your recent illness and join in the hope that you may soon be fully recovered, and ask you to accept this fur coat, cap and gauntlets, trusting that they may add something to your comfort during the cold winter months.

We are pleased to know that you have again secured the contract for our route for the next four years and look forward to a continuation of the pleasant relations that have always existed.

Signed on behalf of the residents on your route: A. M. Speers, R. J. Donaldson, Leslie McKinnon, Jno. A. Vance.

In connection with this presentation the committee desire to take this opportunity to thank all those who have contributed so willingly and so generously and also to express the general regret that Mr. Atkinson's illness made it impossible to spend a pleasant evening together.

Mr. Atkinson's reply is as follows:

Caledon East, Dec. 20, 1918.

To the Residents of R. R. No. 2.,

Dear Friends,—To say that the receipt of your very generous gift was a surprise to me is indeed putting it very mildly. If during the past in the discharge of my duty, I have won your approbation and good will, that is reward and consolation in itself. As I pen these few lines words fail me to express to you adequately my feelings of thankfulness and gratitude for your words of approval, your very liberal and useful gift and the many acts of kindness received at your hands in the past. It is my desire to serve as faithfully in the future and my wish that we shall continue in the same friendly relationship. Wishing you all a merry Christmas and a happy and prosperous New Year.

Thanking you one and all, I am, your humble servant,

GEO. ATKINSON.

HONEYMOON WAS BRIEF.

A week ago Aaron Baumbach and Miss Ida Wettlaufer were married at Kitchener and left for a honeymoon in Toronto. However, the honeymoon was brief, for on the train a pickpocket frisked the bridegroom of his roll of $100 and left them penniless. The futher-in-law came to the rescue and wired hotel expenses and a ticket.

Rev. H. H. Bingham, B. A., of Talbot street, London, has resigned his pastorate in order to accept the invitation to First Baptist church in Calgary.

Press Advertising Sold Victory Bonds

Before the war, bond buyers were "marked men." In number they were 40,000 in March, 1917—this is shown by the number of purchasers of the Government War Loan of that date. But in the autumn of the same year, their number increased twenty times—to 82,000! This was the number purchasing the Victory Loan, 1917. Last month—November, 1918—over 1,000,000 persons purchased the Victory Loan, 1918!

These wonderful results were accomplished by Press Advertising.

Before the stupendous amount of $676,000,000 worth of bonds could be sold to our Canadian people in three weeks a most thorough and exhaustive campaign of education was necessary, and this campaign was carried through by advertising in the public press. The power of the printed word never had a more convincing demonstration.

By means of the printed word, through the medium of advertisements in the press of the country, the Canadian people were made to know what bonds are, the nature of their security, their attractiveness as an investment, and why the Government had to sell bonds.

Every point and feature of Victory Bonds was illustrated and described before and during the campaign—in advertisements. No argument was overlooked. No selling point was neglected.

The result is that Canadians today are a nation of bondholders.

They know what a convenient, safe and profitable form of investment bonds are. Instead of one man in two hundred owning bonds, now one Canadian in eight—men, women and children—owns a Government Security.

This complete transformation in the national mind and habits was brought about by advertising in the press of the nation. Press advertising has justified itself as the surest and speediest method by which a man's reason can be influenced and directed.

The Minister of Finance acknowledges this. His own words are:

"The wonderful success of the Loan was due in large measure to their (the press of Canada) splendid and untiring efforts during the whole of the Campaign."

Mr. E. R. Wood, Chairman of the Dominion Executive Committee having oversight of the campaign to raise Victory Loan, 1918, said " . . . The Press publicity campaign . . . will rank as one of the most remarkable and efficient publicity campaigns ever undertaken in any country," and Mr. J. H. Gundy, Vice-Chairman of the same committee, said: "I have been selling bonds for a long time, but I never found it so easy to sell them as at this time. The reason is the splendid work the press has done. I take off my hat to the press of Canada."

The success of Victory Loan, 1918, and the knowledge which Canadians now possess of bonds are a straight challenge to the man who doubts the power of the printed word, in the form of advertisements, to sell goods—and this applies not to bonds alone, but to the goods YOU are interested in selling.

MUSICAL MYSTICISM.

"What is that tune you were playing on the piano?"

"That isn't a tune. That's a sonata."

"What's the difference?"

"Well, with a sonata it's hard for the average listener to detect mistakes. With a tune you've got to know pretty well what you are about."

Had Piles For Ten Years

And Tried Nearly Everything Except a Surgical Operation Without Obtaining Relief — Tells How Complete Cure Was Effected.

There are reported here three cures of chronic cases of piles. In all three cases many treatments were tried before it was discovered that Dr. Chase's Ointment is about the only real cure for this distressing ailment.

Mrs. A. Oates, 32 Gilkinson street, Brantford, Ont., writes: "I have used Dr. Chase's Ointment as a household remedy for ever so long, and am particularly indebted to it for a cure from Piles. I had suffered from this annoying trouble for ten years, and tried nearly everything I heard of. After using Dr. Chase's Ointment a short while I was completely cured."

Mrs. Wm. Shanta, 155 Albert street, Kitchener, Ont., writes: "For several years I was troubled with bleeding piles. I tried different remedies for relief without success. I read in Dr. Chase's Almanac of the benefits other people were receiving from Dr. Chase's Ointment, so I sent to your office for a sample box. I found it gave me such relief that I went to a drug store and purchased a full-sized box. I have used several boxes since, and have derived more benefit from its use than any remedy I have ever used."

Mrs. F. Cussons, Victoria street, Ingersoll, Ont., writes: "About two years and a half ago I was suffering from Piles. I had tried many different remedies for this distressing trouble, but nothing helped me. Finally I got a box of Dr. Chase's Ointment, and after using it found that I was completely cured and have not been bothered in this way since. I can cheerfully recommend Dr. Chase's Ointment to anyone suffering as I did."

Dr. Chase's Ointment, 60 cents a box, at all dealers or Edmanson, Bates & Co., Limited, Toronto. There are no rivals to Dr. Chase's Ointment as a treatment for Piles.

GROCERIES AT OUR PRICES.

We expect to convert the entire stock into cash the first 48 selling hours.

There comes a time in every business when cash is more desirable than profits—when, regardless of the selling value of merchandise, it must be converted into cash as rapidly as possible to satisfy the demands of the proprietors. Just now no possible profit that we might make on our brand new, up-to-the-minute stock looks as good to us as an immediate supply of cash. We would rather have cash at a loss than hold this merchandise. To you as a buyer, this means that now is one of the golden opportunities in years, for in

7 WHIRLWIND BARGAIN DAYS, ENDING JANUARY 11TH,

We will clean out every item of this entire stock. Not a piece, not a single item is to be excepted—all are to be converted into cash as quickly as possible—for we have determined upon a sale in which profits will be forgotten; in which wholesale costs will be unconsidered, and in which no price slashing that will lead to an immediate conversion of merchandise into cash will be thought too severe.

This is the chance to provide for yourself and family for months to come. This is the time when you can buy for three-fourths, two-thirds or even one-half and less of real value. This is the bargain time thrifty folks who would reduce the high cost of living have been eagerly awaiting.

E X T R A

To stimulate interest in this Great Event we will give away

FREE---10 Pounds of Red Rose Tea

With each and every purchase of $5.00 or over during this sale You will be presented with a numbered Coupon. A drawing will take place at 9 p. m., Saturday night, January 11th, and the person holding the lucky number drawn will be given 10 pounds of Red Rose Tea, valued at $8.00, absolutely free.

DON'T MISS THE PLACE–HURRY–MARK THE DATE.

The most complete selection of General Merchandise ever offered the people of this county. This is a Sale practically of compulsion—it would not be our choice if there were any other way out of it, but prudent business judgment has not yet devised a better way for a speedy clearance and you are at liberty to select with a free hand. Your choice is ours. Don't be surprised to see many a man and wife, including the whole family, walk out of here with a bundle under both arms. It is an investment—a clean pick-up—a good buy—a sale that gives the high cost of living a bugaboo—a resounding whack, a rude jolt and a knock-out blow—it is a sale no individual can let pass without doing harm to his purse. Because in the face f a rising market values of this kind won't last any longer than ice cream at at kid's picnic.

NOW IT'S UP TO YOU GOOD PEOPLE.

DIED.

SUTTON—At his home, lot 15, Con. 3, Erin township, on Saturday, Dec. 21, 1918, Mark Sutton, in his 65th year.

SMITH—In Galt, on Tuesday, Dec. 31st, 1918, Annie Victoria Dods, beloved wife of Mr. J. W. Smith, aged 49 years.

Funeral from the residence of her father, Mr. W. J. Dods, to Alton cemetery on Thursday, January 2nd, at 2.30 p.m.

MISS LILY YOUNG.

The sympathy of their many friends and neighbors goes out to Mr. and Mrs. James Young, 10th line, Erin, in the great sorrow that has come to their home through the death of their oldest daughter, Lily, who passed away on Tuesday, Dec. 24th, after one short week's illness from influenza and pneumonia. Deceased, who was 22 years of age, was a bright, lovable girl, who was held in kindly affection by the people of her home community. She is survived by her parents, four brothers and two sisters. The funeral was held to Huxley cemetery, Hillsburg, on Christmas Day, Rev. John Lindsay, of Erin, conducting the services at the house and grave. The pallbearers were Mungo and Willie Nodwell, Walter and Willie Young, Clyde Brinkman and Wm. Hilliard.

FUNERAL OF W. T. BAILEY.

Owing to the train from the West being delayed, the funeral of the late W. T. Bailey, ex-Mayor of Orangeville, did not take place until Saturday morning, when the remains were laid at rest in the Forest Lawn cemetery. Rev. E. R. Young and Rev. W. M. Morris conducted a short service in Hulse's undertaking parlors, Mr. Young also officiating at the grave. The pallbearers were ex-Mayors W. M. Green, J. L. Island, Sheriff Endacott and A. D. McKitrick, and Messrs. R. H. Robinson and Thos. Wright. Two of the deceased's sons, Rev. C. J. Bailey, from Alberta, and W. T. Bailey, of Shelburne, were here for the funeral. The Banner had intended to give a sketch of the late Mr. Bailey's municipal and other public activities, but owing to lack of space this has had to be deferred until a later issue.

MRS. D. J. HUNTER.

While on a visit to friends in Toronto Mrs. Hunter, wife of Mr. D. J. Hunter, Registrar of Dufferin County, took sick and after a few days' illness died in the Private Pavilion of Toronto General Hospital, on Saturday last. Deceased was a daughter of the late Joseph Foster, of Orangeville, and had been a resident of this town and vicinity all her life. Two daughters, Mrs. Norman Robertson and Mrs. Lyle Campbell, of Toronto, survive their mother, besides the husband. Three brothers are also left to mourn her demise, namely, Mr. Parker Foster, of Kincardine and Messrs. Fred and Joseph Foster, of Detroit. The remains were brought to Orangeville on Monday, the funeral, which was private, taking place from the C. P. R. station to Greenwood cemetery.

Misses Lillie and Beck Harding were home for Christmas.

Misses Margaret, Elizabeth and Abbie Lackey, of Toronto, Mr. and Mrs. Thos. Lackey and two sons, Sam and Jim, of Shelburne, spent Christmas with their father, Mr. Samuel Lackey.

HOSPITAL NOTES.

The next regular meeting of the I. O. D. E. will be held on Friday, Jan. 10th at 3.30 p.m. at the home of Mrs. J. A. Arnott, Mill street. The executive will meet at 3 p.m. sharp.

Christmas greetings were received from Mrs. J. M. Dods, of Alton, in the form of a $100 cheque, also one from Mr. Ed. Thompson, for $10, which are greatly appreciated by the Daughters.

Miss Barclay, superintendent of the Hospital, nad the nurses wish to thank their many friends for the kind remembrances sent them at Christmas.

MASONIC INSTALLATION.

The installation of the newly elected officers of Harris Lodge, A. F. & A. M., took place on Friday evening and was followed by a banquet in the lodge's refreshment hall. ALTON.

On Sunday night a memorial service to the late Private Wm. Dean and Pte. James Simpson was held in the Methodist church. A large audience was in attendance and the service was conducted by the pastor, Rev. T. R. White. The choir and Mrs. Leigh Butler supplied appropriate music. The local court of the I. O. O. F. attended the service as a tribute to one of their number who had fallen on the field of honor. The address of Mr. White was appropriate to the occasion.

Corporal Edward Marsh, who has been overseas 28 months is also returned and his friends are glad to welcome him. He also has seen much service.

On Monday night the Alton Epworth League held a social gathering in the Methodist church to which all men who had been in military service at home and overseas were specially invited. There was a large attendance and among those contributing to the program of the evening which was conducted by the pastor of the church, Rev. T. R. White, were Miss Dorothy Dods of Branksome Hall, Toronto; Miss Evelyn McConnell, Miss Bertha Lowe and Miss Cummings, of Alton, and Mrs. Leigh Butler, of Dundas. The pastor and Mr. James Barber on behalf of the Epworth League and Church gave addresses of appreciation and welcome to the men. Pte. S. Willoughby on behalf of the men expressed appreciation of the welcome extended. Pte. Willoughby was overseas two years and eight months and has seen much hard fighting. He has suffered from gunshot wounds, shrapnel and fractured ribs. His many friends were glad to see him.

Corp. Douglas Simpson, of Kingston, is spending a few days with his parents, Mr. and Mrs. Jas. Simpson.

Lieut. William Wright, of the Americal Radio-Aerial Force, of Pittsburgh, Pa., is spending a few days with his grandparents, Mr. and Mrs. McLachlan.

Mr. Harvey Griffin, principal of Alton Public School is home after the Christmas holidays.

CALEDON.

Nominations passed off without very great excitement on Monday last. Mr. S. Kannawin, last year's reeve, Messrs. J. M. Deagle, Thomas Quinn and Thos. Smith were nominated for reeve, but all but Mr. Kannawin withdrew and he was declared elected by acclamation. Jas. R. Hillyard, Thos. Smith and George Giles were nominated for Deputy-Reeve. Mr. Giles withdrew. Messrs. Hawkins, Quinn, Sutton, Wilson and Kidd are candidates for council. After the old council had given an account of their doings for the past year Mr. J. M. Deagle was called upon. He stated that he was not a candidate, but wanted to explain his side of the electric light and power question which he claimed had been turned down by the council, but Mr. Willis, Caledon's able clerk, who had charge of the correspondence, took the platform and showed that Mr. Deagle had submitted an agreement which was just made to suit himself and read the letter from the township solicitor in which he pointed out several clauses in which the township was not amply protected and finished by strongly advising the council not to accept the agreement as it stood. The council were all in favor to a man of Mr. Deagle being given the franchise, but in face of their solicitor's advice they decided to take no action at present, but expect to be able to come to some reasonable terms whereby the light and power will be available for the people of Caledon. The new candidates made a good impression on the crowd and there will likely be some changes in the personnel of the 1919 council.

JEFFERS-HARRISON.

The marriage of Mr. Frederick T. Jeffers, of Toronto, and Mrs. Ruby Harrison of this town took place very quietly at the bride's home on West Broadway at three o'clock Tuesday afternoon. Only the immediate friends were present. Rev. W. M. Morris was the officiating clergyman. After a dainty luncheon the happy couple left by the evening train on a short honeymoon. The bride traveled in a dark grey suit with becoming hat to match and black fox furs.

RINTOUL-COOPER.

A very quiet wedding took place at the home of Mr. and Mrs. Robert Cooper on Thursday afternoon, Dec. 26th, at two o'clock, when their daughter, Florence E., was united in marriage to Mr. Morton Rintoul, of North Amaranth. The ceremony was performed by Rev. E. R. Young. The bride, who was unattended, wore a pretty gown of white embroidered silk and the customary bridal veil and carried a bouquet of bridal roses and maiden hair fern. The groom's gift to the bride was a sunburst of pearls and to the organist a cameo bar pin. The young couple left in the evening for their home near Shelburne with the best wishes of the community.

TORTURED BY RHEUMATISM

"FRUIT-A-TIVES" Brought Quick and Permanent Relief

MR. P. H. McHUGH

108 Church Street, Montreal.

December 10th, 1917.

"I was a great sufferer from *Rheumatism for over 16 years*. I consulted specialists, took medicines, used lotions; but nothing did me good.

Then, I began to use "Fruit-a-tives"; and in 15 days, the pain was easier and the Rheumatism was better. Gradually, "*Fruit-a-tives*" *overcame my Rheumatism;* and now, for five years, I have had no return of the trouble. Also, I had severe *Eczema and Constipation*, and "Fruit-a-tives" relieved me of these complaints; and gave me a good appetite; and in every way restored me to health". P. H. McHUGH.

CATTLE THIEVES.

Erin Village Men Charged With Receiving Stolen Goods; Prominent Men Mentioned.

Some weeks ago Mr. H. P. Lawson, near Georgetown, had 11 head of cattle stolen from a field near the town, where they were pasturing. After advertising and searching for them he got word that parties had seen them being driven along the road towards Erin. He put the information into the hands of the Attorney-General's Office, in Toronto, with the result that Detective Miller was put in charge of the case and found that the cattle had really been driven here where they were sold and shipped to Toronto, and he arrested Samuel Harding, E. Waller, James Harding and Geo. Hicks, of Georgetown, for this and other thieving, and they were locked up.

Then he came on here and arrested Messrs. A. J. Horton, hotel keeper and Archie Sanders, drover, charging them with receiving stolen goods. All appeared before the police magistrate at Georgetown and were committed for trial at Milton, the case to come up on Dec. 22nd.

In justice to Messrs. Horton and Sanders, we would say, that until they are proved guilty, they are innocent, having purchased the cattle in good faith, the Hardings telling them that their brother had shipped the cattle from the West on account of the scarcity of feed. Messrs. Horton and Sanders are out on bail, while the others are in jail. It has caused no end of talk and all sorts of stories are in circulation; but we hope that for the sake of their homes and families, it will be shown that they are not guilty.—Erin Advocate.

TORTURING, ITCHING ECZEMA.

Mrs. J. B. Horth, Paspedias, Bonaventure Co., Que. writes: —"Thanks to Dr. Chase's Ointment I have been completely cured of that horrid disease, eczema. I was held as if in prison from going among other people, for I was ashamed of the raw, flaming sores. Doctors could do nothing for me, and I was almost desperate with suffering when I began to use Dr. Chase's Ointment. In one month I was completely cured and think that this was little short of a miracle.

LOST OF PRINCESS SOPHIA.

George Howey, a brother of Capt. (Dr.) Richard Howey and of Mrs. W. J. Christie, of Owen Sound, was one of the passengers on the ill-fated steamer Princess Sophia, which was lost, with such terrible loss of life, off the west coast of Alaska, a few weeks ago. He with everyone of the 268 passengers, lost his life in the accident. Mr. Howey had been a resident of Dawson City for the past 18 years and was a well known figure in the Yukon.

SHELBURNE FINANCES.

The detailed statement of the receipts and expenditure of the village of Shelburne from Dec. 15, 1917, to Dec. 14, 1918, shows total receipts, general account, of $29,813.94, and total expenditure, general account, of $27,231.67, leaving a balance, general account, of $2,582.27; also total receipts, cemetery account, of $543.75, and total expenditure, cemetery account, of $472.98, leaving a balance, cemetery account, of $75.77. This made the total balance, Dec. 14th, $2,658.04. The current assets are placed at $5,939.13, and current liabilities $2,205.85; excess of assets over liabilities, $3,733.28.

GIVEN ROUSING WELCOME.

Residents of Leith and Annan, to the number of about 20, formed a reception committee that met Privates Jack Riley and Bert Davis in Owen Sound and escorted them to their homes in a manner that they will remember. A large hay rack, to which two teams of horses, decorated with flags, were hitched, was the vehicle used to transport them and on this the score or more neighbors and friends gave every attestation of their pleasure at the return of the soldiers.

PURCHASE TIMBER LIMITS.

The John Harrison and Sons Co., Limited, of Owen Sound, have purchased the timber on Fitz William Island (Horse Island) southeast of the Manitoulin Island and have already one camp located there and if the weather holds good another may be opened this winter. It is estimated that there is about a million railway ties on the island besides a considerable amount of oak and pine. Two hundred thousand ties will be taken out each year and at that rate it will be at least five years before the available timber has been taken. The timber was purchased from an American firm, owners of the property, at a figure said to be in excess of $100,000. Fitz William Island is one of the larger islands of the Georgian Bay and at one time had a large fishing station there. There is a fairly good harbor and the distance from Owen Sound is less than 100 miles.

PROPOSED Y. M. C. A. WORK IN PEEL COUNTY

Over twenty years ago, in a little town in Peel county, a bunch of boys formed themselves into a "gang" or club of their own; they called themselves by some flashy name that involved literary efforts and debating.

One leader of that gang is now well known through all of Canada and in much of the United States as Mr. Taylor Statten, National Boys' Work Secretary of Canadian Young Men's Christian Association. Mr. Statten began his Boys' Work in the Central Y. M. C. A., of Toronto, later became Secretary for Ontario and Quebec and in 1912 was appointed to his present position. At present he is overseas, on leave of absence for four months, engaged in the big task of recruiting and training at least five hundred men among the Canadian troops, who on their return to Canada will join in Boys' Work, either as paid secretaries or as volunteers.

Under Mr. Statten's leadership there has been promoted in Canada a program of Boys' Work known as the Canadian Standard Efficiency Training. The Y. M. C. A.'s of Canada are back of this program and pushing it hard. The Sunday School Boards of Canada, (Anglican, Baptist, Congregational, Evangelical, Methodist and Presbyterian), are back of it and are promoting it in their Sunday Schools. The Sunday School Associations of all the provinces are pushing this program wherever they touch teen age boys and the Town and Country Work Department of the Y. M. C. A. is now engaged in placing a secretary in every county in Canada to push this program for developing Canadian boys. A secretary has already been appointed for Peel County and will begin work on January 15th.

What is this program, the C. S. E. T., as it is known throughout the country? It is a program of Religious Education for Canadian Boys. It is a course of training in Christian Citizenship. It has been adopted by all the National Denominational Sunday School Boards, Provincial Sunday School Associations and Federations and the National Council of the Young Men's Christian Associations. It is a program, not an organization. It may be used as the program for any organization of boys. The leaders of the Sunday School work of the Protestant churches in Canada believe that every Sunday School class of teenage boys should meet, not only on Sunday, but also on one evening during the mid week. This mid-week session need not occupy time of an entire evening. The most successful meetings are held around a supper table and are finished before 8 o'clock. The program of Canadian Standard Efficiency Training provides an adequate program for this mid-week session. It provides for the needs of younger boys (12 to 14 years of age) through the Trail Rangers program and for the needs of older boys (15 years of age and over) through the Tuxis Boys' Program.

COMFORT SOAP

THE FIRST TO AID— THE LAST TO APPEAL

The Salvation Army is about to launch a campaign to raise One Million Dollars for war and demobilization purposes.

The money-getting campaign will be from January 19 to 25.

The Duke of Devonshire, Governor-General of Canada; Sir Robert Borden, Sir William Hearst, Sir Wilfrid Laurier, and many other prominent citizens have endorsed the scheme, and strong committees have been formed for the purpose of boosting the objective.

The Salvation Army intends to use the money for three purposes:

(1) To establish hostels for returned soldiers who are discharged and in need until they are absorbed into industrial life.

(2) To provide emergency receiving and maternity homes for soldiers' wives, widows and dependent children in need.

(3) To continue during demobilization in England and France the equipments and comforts already provided by the Salvation Army for the Canadian soldiers overseas.

The Salvation Army was the first of the strictly social organizations to follow the British Army to Belgium. On the 18th of August, 1914, its officers and soldiers appeared at Brussels ready to help the boys.

We all know how the Army has kept up with the fighting boys. Right to the front line with the coffee and the sandwiches, and farther back huts for recreation and social purposes were established. They have 197 huts. Over 300,000 soldiers daily have received comfort and help and guidance from the lasses and the matrons who fight under the Blood-and-Fire Banner.

Till now the Salvation Army has not asked for money, except in small contributions on the street corners. Other agencies have appealed for help to carry on their good work with the soldiers. The Salvation Army is now asking for a million dollars to continue the good work which was begun on the battlefields. The request is reasonable. But it should not be left for a few to subscribe. This is a chance for everybody. Will you help?

McGUIRE & McKITRICK.

HOW THIRTEEN S. O. S. BOYS EARNED $2,000 IN ONLY FOUR MONTHS

Last June thirteen boys from Victoria Industrial School, Mimico, answered the S. O. S. call, and under supervision left for Chatham, Ont., where they commenced to hoe sugar beets for the farmers residing in that vicinity. The camp outfit consisted of tents, bedding, dishes, etc., and a first-class outfit of sporting goods, such as baseballs, gloves, bats and footballs, which was furnished by the Y. M. C. A. The camp was known as S. O. S. Camp No. 1,

The sugar beet producers paid the boys $12.50 an acre for hoeing and thinning the beets, in other words for making a clean job. After having worked in the vicinity of Chatham for six weeks, they moved to Goderich, where they remained for several weeks, thence proceeding to Clinton. At Clinton they undertook "to clean up" twenty-four acres of sugar beets that were, in the estimation of the man who owned them, so badly contaminated with weeds that they could not be saved. The boys, however, worked at this twenty-four acres from 6 a.m. to 6 p.m. during the hottest days in July, and finally completed their task. So well pleased was the owner of the beets that he gave the boys $20.00 per acre for their work, the highest price paid to any group of S. O. S.

The middle of July having arrived, and sugar beets being finished, the boys then moved bag and baggage to Ripley, where they started to pull flax. After having completed flax pulling they spent several weeks in "spreading" the flax, and, much to the joy of the boys, finished their task on September 23rd. On September 24th they arrived at the Industrial School, where a reception was held in honor of the excellent work they had accomplished. Short speeches were made by Premier Hearst, Dr. Riddell, Superintendent of Trades and Labor Branch for Ontario, and Mrs. J. J. Kelso.

Dr. Riddell stated that of the 10,000 S. O. S. the Industrial School boys had undoubtedly done the best work. The boys worked for four months and earned $2,000.

After the reception the boys were given their honorable discharge by the school and were paroled to their homes. They certainly were a happy bunch. It was an inspiration to see them at 6 a.m. with a hoe over their shoulder wending their way from the camp to the sugar beet fields, singing as they went:

"O come and join, come and join,
Come and join Squire Braden's army;
With great big boots and blisters on your feet,
$1.10 a day for hoeing sugar beets"
etc., etc.

These fellows have long court records, having from five to thirteen convictions registered against them in different juvenile courts in Ontario, yet when the call came for S. O. S. they saw it was an opportunity to assist their country in food production, and immediately answered the call. Surely the excellent work they performed clearly proves to us that the delinquent boy is worthy of our time and attention, and will make good if given a proper chance.

The boys were in charge of W. R. Braden, formerly of The Banner staff.

SERIOUSLY INJURED.

Norman Searrow, a farmer of Sullivan, was very seriously injured a week ago Sunday when he was kicked by a horse, resulting in a depressed fracture of the skull—just above the right ear. He is progressing favorably and if there are no complications, his recovery is almost certain.

Chas. Fullerton has started a livery stable in Dundalk.

The death of Mrs. George Watson, of Priceville, occurred a week ago Friday as a result of influenza.

D. Gallagher, of West Luther, during the recent mild spell made two boilings of maple syrup.

J. Homer has sold his farm in Erin township to E. Overland, and has purchased R. Medley's farm, 15 side road.

The late John Atcheson died at his farm home near Mimosa on December 24th, at the age of 57 years.

Thomas Henry has purchased from his brother, Wm. Henry, the 50-acre farm on the 7th concession of West Luther.

Tate Fennell, late of the Orillia branch of the Royal Bank, has been transferred to the Inspector's Department, Toronto.

S. J. Arnott, of Wareham, recently sold in Dundalk twelve pairs of Christmas chickens to Ritchie Bros, for $56, averaging $2.33 each.

Flight-Lieut. Kendall Mitchell has returned to Chicago to resume his law practice after spending a few weeks with his parents in Flesherton.

Frank Maltby, son of Mr. and Mrs. G. Maltby, of Hillsburg, died in Toronto from the effects of the flu. Interment took place to Huxley's cemetery.

The death took place in the General Hospital, Toronto, to which she had gone for treatment, of Margaret Ann Wilson, wife of James Heriot, of Egerton.

J. A. Simpson, the manager of the Owen Sound branch of the Merchants' Bank, was presented with a fine gold headed cane by the members of his staff.

Dundalk elected the following council by acclamation: Reeve, W. J. Russell; Council, W. J. Armstrong, A. C. McDonnell, S. J. Simmons and A. Montgomery.

Mrs. Thos. G. Marshall, a respected resident of the back line, Proton, passed away a week ago Monday night after an illness of a few weeks duration.

Mrs. G. W. Rounding, of Grand Valley, slipped on the cellar stairs the other night, while carrying a dish and in the resulting tumble a jagged piece of the dish gave her a nasty cut in the neck.

Another old landmark of Flesherton has disappeared, the old Flesher residence on Durham street, beside the mill pond. W. J. Fadden, of Orange Valley, has purchased and demolished the old house.

There is no abatement in the influenza epidemic in Milton and neighborhood. There have been four deaths within five days, all from pneumonia, and the condition of several patients is critical.

Ernest Madill, the 17 year old son of Mr. and Mrs. W. S. Madill, of the Fourth Line, Melancthon, was taken to Toronto General Hospital for the removal of gunshot from his right foot. The lad was out hunting rabbits with his brother, Will, and it is thought the latter mistook the white rubber which the injured boy was wearing for a rabbit, and fired, several charges of shot lodging in his foot.

Rev. Mr. Craw, of Fergus, was letting his driver and colt into the barn, the driver coming into the box stall all right, and Mr. Craw stood near to stop the colt from entering also. Without any warning the driver kicked, apparently in play at the colt, but the blow fell upon Mr. Craw with terrific force, breaking his leg at the knee and tearing the flesh.

Instructions have been issued by headquarters that all men who were granted harvest leave last summer must turn in their uniform and equipment to their commanding officer, on receiving notification to that effect. Failure to comply with this order will render delinquents liable to a fine not exceeding $20.

Three Italians, who bought a farm near Appleby recently, were convicted in Burlington the other day of running a still, and are now in jail at Milton awaiting sentence. A 40-gallon keg was found on the premises, which, when diluted in the usual way, would make up about 500 bottles of whiskey. This would retail at about $5 per bottle, or more. The men came from Hamilton.

As the sequel of a threshing party at which someone violated the amenities by hurling an antique egg, the recipient responding with a shovel to the head, a case was heard in Flesherton police court, which involved all the district society folk. The egg thrower paid a fine of $3 and the shovel-wielder $10.

Dr. Morell Oldham, of Tara, died recently, a victim of influenza, similarly to Dr. Little, of Flesherton. Like him Dr. Oldham was overworked and unable to throw off the disease. He was a son of Dr. Oldham, of Chatsworth, and leaves a young wife.

DON'T BE DYSPEPTIC.

The dyspeptic has thought only of the stomach when the real source of trouble is in the Liver, Kidneys and Bowels. Dr. Chase's Kidney-Liver Pills thoroughly cleanse and purify the digestive and excretory system and in this way put the organs of digestion into splendid working condition. A little patient urging on of these organs when sluggish will restore the habit of healthful digestion.

The first of the Saugeen Indian boys to arrive home was Lance-Corporal Dan Signock. Dan was anxious to see the old place so "stole a march" on the people. He served seven months in France, when he got a dose of Fritz' mustard gas and was in the hospital for some time, being in the hospital in England at the time the armistice was signed, where he helped to nurse the soldiers down with the flu.

Pte. N. R. Burns, son of Dean Burns, West Garafraxa, arrived home recently, having come over on the Regina. Pte. Burns enlisted three years ago on Monday of last week with the 153rd Battalion, and after getting to England was drafted to the 75th Battalion.

Holiday week had rather a sore experience for John Mellon, one of the machinists at the Acton Tanning Co. He was adjusting a belt when he slipped on the floor and fell with his left hand on the knives of a buzz planer. A painful laceration was made in the palm at the ball of the thumb.

The still recently found in Amabel township is not the only one that was located there, as on January 14, 1888, W. J. Graham, Inland Revenue collector there until last year, seized a still belonging to Thos. Martin, and arrested him. Martin was fined $100 and sentenced to a month in jail. It was said that Martin had some hotel property in Waterloo county and was getting his whiskey for the hotel at first cost and free of excise.

The death occurred on Christmas of J. Trathan, at the home of his father, near Rockside, due to pneumonia. Medical aid was called, but nothing could be done to save his life. He leaves to mourn his loss besides his aged father, two brothers, W. J., in Caledon, and Robert, in Northern Ontario. Interment took place at Greenlaw cemetery.

Harold Bawdon was convicted in Owen Sound police court of the theft of furs from the premises of R. A. McDougall. He stole a fox fur on Dec. 21st and other furs on Dec. 26 to the value of $80. He was found guilty on both charges and sent to the prison farm for a year on each, the sentences to run concurrently.

Since the organization of the county of Grey there have been fifty-five different wardens. The late Wm. K. Flesher, of Artemesia, for seven years held this exalted position, while George Jackson was warden on five occasions and the late Judge Lane was warden for three years. All other wardens held the position for one year only.

Mr. Matthew Beckett and P. C. Thomas Bone called at Nelson Hooey's residence in Owen Sound, on December 21 and there found an 8-gallon beer keg about half full of a fermenting concoction, the liquid from which had a 12.88 per cent. alcoholic kick to it when analyzed by the provincial analyst. A charge was made under an order-in-council accusing him of manufacture of a prohibited liquid and the young man was given the alternative of settling with $200 and costs, amounting in all to $218.50, or serving three months in the county stronghold. He chose the former.

ELECTRIC TIME SAVER WASHER

Does your Washing in half the time

The Time Saver Electric Washer does your washing in half the time it takes to wash by hand. It washes the clothes while you are doing other work, washes them while you are getting breakfast and doing the up-stair work. It not only washes the clothes but wrings them too, and wrings them quicker and better than can be done by hand. It does the work so quickly and well, it saves three whole hours on wash day.

ELECTRIC BT TIME SAVER WASHER

It runs on 2c. an hour. Runs as quietly as a sewing machine. It is far more simple in construction than a sewing machine and far easier to operate. We have a washer in the store to show you. Let us demonstrate it in your home. Phone or call.

MOFFATT CARRIED MONO.

Had Majority of Forty-Nine Over Parks in Contest for the Reeveship.

McNaughton Headed Poll for Councillors; Barber and Morton the Other Successful Men.

The two Toms had an eventful run for Reeve in Mono on Monday, "Tom" Moffatt, last year's deputy-reeve, had rather the better of the argument, worsting his opponent "Tom" Parks, the old reeve, by 49 votes. When the returns came out there were surprises aplenty. Moffatt beat Parks at Mono College, the latter's home division. On the other hand Parks was only 8 votes behind at Perry's School, which was expected to go strongly Moffatt. Parks did well at Camilla, but fared badly at Primrose, which gave his opponent a small majority. A change in the method of making school assessments was the great issue and accounts for the unexpected vote in some of the wards. McNaughton, a new man, justified the expectations of his supporters by heading the poll. His popularity at home is shown by his vote in the Camilla division, where he polled 93 votes, while only 96 votes were cast for the two reeves. S. Barber and Jas. A. Morton, of the old council, won the other two places, only six votes separating them. Fines, the fourth candidate, polled a good vote, despite the fact that he was known to comparatively few electors outside his home division. The results follow:

CALEDON A SURPRISE.

Smith Had 151 Majority Over Hillyard in Contest for Deputy-Reeve.

Kidd, Sutton and Wilson, Three New Men, Elected to the Council.

Caledon electors sprang a big surprise on Monday by electing Thomas Smith deputy-reeve over Jas. R. Hillyard, last year's deputy, by the sweeping majority of 151. When Smith entered the lists it was conceded even by his opponents that he would make a strong candidate, but it was thought that Hillyard, who has a good municipal record and was in line for a second term as deputy, would pull out ahead with a small majority. The result shows that the undercurrent of Caledon opinion has been running strongly in favor of Smith. Various explanations are offered to account for the result. It is said the attitude of the candidates on the Caturact Co.'s application for a light and power franchise was the influencing factor with many voters and this is probably the truth. Smith was in favor of granting the franchise under an agreement prepared for Mr. Deagle by Mr. A. A. Hughson, while the other members of the council held out for the agreement prepared by the township solicitor. Mr. W. S. Morphy, of Brampton. Hillyard made a good run in the Alton division and was also slightly ahead at Melville, but the other six wards went strongly for Smith. John Kidd, an Inglewood man, headed the poll for the council with a comfortable lead over W. J. Sutton, the second man. W. J. Wilson finished two votes behind Sutton and 102 ahead of Quinn, one of Caledon's municipal veterans. Hawkins, of last year's council, the fifth man in the race, polled a splendid vote in his home division, but ran poorly elsewhere. The figures follow:

OLD MEN BEATEN.

Kiernan and McCutcheon Both Defeated in Mulmur on Monday.

Henderson, Jones and McKee Winners in Race for Council Honors.

Jas. H. Barber, a former Deputy-Reeve, worsted David Kiernan, last years' Reeve, in the race for the Mulmur Reeveship on Monday. Kiernan polled substantial majorities in the Mansfield and Earnscliffe divisions, but these were more than wiped out by the Barber majorities in the other four divisions. Barber was 52 ahead in his home ward, Honeywood, and had a majority of 38 in the township. The race for Deputy-Reeve was even closer, Rice Hill defeating R. H. McCutcheon, Deputy for the last two years, by the narrow majority of 15 votes. Jesse A. Jones, a new comer in Mulmur municipal politics, headed the poll for the council. Jas. Henderson was only one vote behind Jones and Jas. H. McKee, who has been prominent in Farmers' Institute work for several years, captured the third place. The results follow:

EAST GARRY.

W. H. Hunter Headed the Poll for Councillors; Brown Succeeds Brown in Vacant Position.

W. H. Hunter, son of the late W. H. Hunter, for many years Reeve of the municipality, headed the poll in the race for council honors in East Garafraxa on Monday. The successful candidate, who is only a few years out of his 'teens, is evidently a "chip off the old block," and his friends aver that he has the qualifications that go to make a first-class municipal man. John C. Brown, a new man, ran second and George I. Nodwell, who was in the council four years ago, captured third place. The fourth position on the Board fell to Silas Cook, a member of the old council. There was no contest for Reeve, James Brown, of the 1918 council, succeeding Jos. Thompson in the Reeve's chair without an election. The poll for councillors follows:

	Brown	Cook	Haws	Hunter	Nodwell
Hereward	37	16	15	18	13

ALBION RESULTS.

McCabe and Evans Win in Reeveship Contests; Doherty, Steele and Taylor the Successful Councillors.

Anson McCabe defeated John Anderson for Reeve in Albion township. Thos. R. Evans was elected Deputy-Reeve by a comfortable majority. The three councillors are Richard Doherty, Isaac Steele and J. Taylor. The figures are:

THOMPSON IS DEPUTY.

Downed Parkinson by Twenty Votes; Henry Finished in Third Place.

Eddie Thompson won out in the three-cornered race for the Deputy-Reeveship of Orangeville on Monday. The real fight was between Thompson and Parkinson, the former winning by 20 votes. Both men worked hard, but Thompson had the advantage of being much better known than his opponent, who is a comparatively new man in town. Parkinson, who has an excellent record as councillor, appears to have polled the bulk of the business vote, judging from the North and West Ward figures. He did not do nearly so well in the South and East, particularly in the South where he was low man. Thompson made a strenuous canvass and this with his personal popularity won him many votes. Henry's vote was light except in the South Ward, where he ran second and was only 11 votes behind Thompson. The figures by Wards are:

	Henry	Parkinson	Thompson
North	33	64	57
East	33	44	62
South	54	36	65
West	31	55	35
	151	199	219

Considering the fact that there was an election for only one office, the vote polled was surprisingly heavy. The figures show that 569 voters went to the polls. This is well up to the total vote polled in any recent municipal contest. The candidates and their friends worked hard throughout the day, but the contest was free from ill-feeling or any unpleasant incidents. The complete returns were known about half an hour after the polls closed.

At night the Citizens' Band followed the time-honored custom of serenading Mayor Lewis and the other members of the new council. As a result the band treasury was enriched by a number of generous contributions.

303 MAJORITY.

Prentice Had Walkover in Fight for Reeveship of Melancthon; Duke Downed Oldfield for Deputy-Reeve by Margin of 26.

Geo. T. Prentice, last year's Deputy-Reeve, was an easy winner in Monday's race with James Higgins, for the Reeveship of Melancthon township. He had a majority of 303 on a total vote of 655. Higgins was Deputy-Reeve of the township some years ago, but the vote on Monday demonstrated very conclusively that he did not select an opportune time for a come back. The fight for deputy-reeve was a different affair. Jos. Duke, who was raised on the Prince of Wales Road in Mono, won the seat after a hard fight with R. B. Oldfield. The winner's majority was only 26. Archy Vance, a new man, headed the poll for the council and was closely followed by W. G. Noble. John A. Russell finished third, defeating Geo. H. Stewart, the fourth man in the race, by 65 votes. The figures follow:

HEPTON WINS.

Light Vote Polled in the Amaranth Township Reeveship Contest on Monday.

Mr. G. W. Hepton was re-elected Reeve of Amaranth on Monday, defeating W. J. Hamilton, of the old council, by 46 votes. As the council had been elected by acclamation interest was not as keen as usual and a comparatively light vote was polled. The candidates ran close together in the Farmington, Waldemar, Whittington and Coleridge divisions. Hepton had a lead of 20 in his home ward and also secured majorities at Maple Grove and Bates' School. The vote by divisions follows:

	Hepton	Hamilton
Farmington	19	17
Laurel	55	35
Waldemar	20	21
Coleridge	21	28
Maple Grove	28	14
Bates' School	27	11

DIED OF WOUNDS.

Pte. W. J. Jackson, who died of wounds on Oct. 8th, enlisted with the 69th Bat., in Grand Valley and went overseas in 1917, serving in France some thirteen months. He was wounded at the capture of Bourlon Wood on Sept. 28th and died of his injuries on Oct. 8th following. He met death without a murmur, for he was prepared to meet his Maker. The gallant soldier was a member of the Christian Church at Mimosa. Somewhere in France he lies and where he lie the poppies blow
Peaceful be his silent slumber,
Peaceful in the grave so low,
Thou no more will join our number,
Thou no more our tears shall know.

THE METHODIST CHURCH.

On Wednesday, Jan. 15th, Capt. (Rev.) W. K. Lambert, who has seen service with the soldiers, when under fire in France and Flanders, is to tell his story in the Methodist church. The chair will be taken at 8 p. m. An offering will be taken for the Canadian Chaplain Service Fund. The public are cordially invited to hear Captain Lambert tell his wonderful story.

BAPTIST CHURCH.

Sunday services, Jan. 12: 11 a.m., "The Christian's Joy"; 7 p.m., "The Witness to Christ." The evening sermon will be short. The larger part of time will be given over to testimony. Sunday School, 2.30 p.m., "Moses, the leader of Israel," lesson, Exodus 3:1-4:17. Golden text, Heb. 3:5. Tuesday, 3 p.m., evening, 8 p. m. Pastor A. W. Roffe, of Toronto, who is well known in Orangeville, being an Orangeville boy, will conduct an afternoon service for missionary intercession, commencing at 3 p. m., and will give an address on that evening at 8 p.m. Pastor Roffe is a man of God; through implicit confidence in God he has built up a Rest Home for all returned missionaries at a cost of $18,000. You are afforded one of the opportunities of your life to receive a great spiritual blessing. All are invited. Thursday, prayer meeting at 8 p.m.

W. T. HUBBARD'S DEATH.

W. T. Hubbard, an old resident of the town, died at his home on West Broadway Sunday night. While shovelling snow from the roof of his house one day last week the old gentleman either slipped and fell or had a paralytic seizure and was found lying unconscious on the ground. His injuries undoubtedly contributed to hasten his end. He leaves a widow, to whom the sympathy of their friends is tendered in her bereavement. The funeral was held to Greenwood cemetery Tuesday afternoon, Rev. W. M. Morris conducting the services.

MRS. T. J. PARKS.

Just before going to press we learn of the death of Mrs. Parks, wife of ex-Reeve T. J. Parks, of Mono. The unfortunate event took place at her home, lot 8, Prince of Wales Road, Mono, yesterday forenoon following a long period of ill-health. Deceased was a very fine woman and her demise has occasioned general sorrow in the community and profound sympathy for the stricken husband and family. We understand that arrangements are being made to hold the funeral Friday afternoon.

WM. H. SPROULE.

The death of Wm. H. Sproule, a well-known Amaranth farmer, which was briefly noted in last week's Banner, occurred at his late residence, lot 23, 4th line in that township on Thursday, Dec. 26th, after a trying illness. Deceased had been in failing health for several months and his death was by no means unexpected. He is survived by a widow and three young daughters, Misses Gwendoline, Irene and Elizabeth, all living at home. Before marriage Mrs. Sproule was Miss Ella Laing, a daughter of Mr. John Laing, of Campania. The deceased is survived by five brothers, namely, J. J. Sproule, Black's Corners; E. H. Sproule, Orangeville; Prof. G. A. Sproule, of the Manitoba Agricultural College, Winnipeg; David Sproule, Killarney, Man., and Norman Sproule, of Taber, Alta. Mrs. W. R. White, of Killarney, Man., is the only surviving sister. Deceased was a member and official of Knox Presbyterian church, Shelburne, and was for some years a valued member of the church choir. He was an excellent neighbor and a quiet, industrious man, who had many friends and few enemeis. The funeral, which was a very large one, was held to Shelburne cemetery on Saturday following his death. Rev. A. E. Thornley, pastor of Knox church, Shelburne, conducted the services.

THE LATE WM. WILCOX.

After an illness of several months duration, William Wilcox passed peacefully away at his late residence, Third avenue, on Monday morning, Jan. 6th, aged 74 years and eleven months. He was born on the old homestead just north of the town in 1844 and spent most of his life farming in this county. In 1872 he married Mary J. Armstrong, of Toronto township. In his school days he was one of those who named and flew the flag on the school called Mono College, which still bears that name. While a young man he was apprenticed to the printing trade and helped to print and deliver the first issue of the Orangeville Sun under the management of the late John Foley. Deceased is survived by his widow, three daughters and one son, Mrs. (Rev.) McCay, of Emmetsburg, Ia.; Mrs. W. H. Shier, Bracebridge; Miss Carlotta, at home, and F. A. Wilcox, of Toronto. The brothers and sisters are, Rev. I. Wilcox, Detroit; E. D. Wilcox, Uxbridge; Mrs. W. Harkness, Detroit, and Mrs. F. H. Arkell, Orangeville. Deceased was a son of a pioneer of this place, the late Abiather Wilcox. The funeral took place Wednesday at 2 o'clock to Greenwood cemetery.

THOS. J. DAVIS.

The death of Thos. J. Davis, a well-known Dufferin County farmer, took place at his late residence, lot 25, Con. 7, Amaranth, on Friday, Dec. 27th, after an illness of nine weeks from heart trouble. Deceased, who was in his 54th year, was born near Toronto, but had resided in Amaranth for 50 years or over, the last 28 years of which he spent on the farm on which he died. He is survived by his wife and a family of three sons and seven daughters. The latter are: Thos. J. R., Wilbert R. and Herbert M., all of Amaranth; Mrs. Wm. Ferguson, Mrs. Hugh Belcher and Miss Mabel, of Toronto; Annie Gertrude, a school teacher, and Misses Bertha, Margaret and Jean at home. One brother and three sisters also survive, namely: George L. Davis and Mrs. Thos. Burnside, Amaranth; Mrs. Wm. Ewing, Shelburne, and Mrs. Malcolm Davie, Earlton. The funeral, which was largely attended, was held to Shelburne cemetery on Sunday afternoon, Dec. 29. The pallbearers were Messrs. Chas. Cooke, John Scott, Thos. Ferguson, James Bell, S. Hughson and H. Cudney.

THE LATE JOHN LINDSAY.

Mono lost one of its oldest residents the other day through the death of Mr. John Lindsay, which occurred at his home, lot 31, Con. 1, near Primrose, on Friday, Dec. 27th, following a comparatively short illness. Deceased, who was 84 years of age, had been in declining health for a number of years, but was only taken seriously ill on the Monday before Christmas. From that time he sank rapidly until the end came. He is survived by his aged wife and a family of five sons and two daughters. These are: Thos. Lindsay, at home; George, of Mono Centre; John and Will, Mossbank, Sask.; Milton, Moose Jaw, Sask.; Mrs. Wm. Creery, Shelburne, and Miss Fern Lindsay, at home. The funeral was held to Shelburne cemetery on Sunday afternoon following his death, Rev. John Morris, rector of St. James' church, officiating at the house and grave. The sympathy of the community is extended to the family and other relatives in their sad bereavement.

KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. The days are so changeable—one bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds and by their use the baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

SUNDAY SCHOOL CONCERT.

One of the most interesting and successful Sunday School entertainments ever held in Orangeville was held on New Year's night in the Methodist church. Dr. Price, the superintendent, and his teachers and helpers have every reason to congratulate themselves and to be proud of the children and young people under their care. The program was long and varied and it would be almost invidious to begin to specify names. The little tots did their part well, the "Jolly Tradesmen" won an encore, and the boys deserved it; the impromptu band took the audience by storm; the "three old maids" won deserved attention for once; Miss Ruth Coulter proved herself a charming reader, and those who "followed a star" with the solo parts splendidly taken by Graham Kearns, Will Porter and Clarence McConnell, gave a beautiful interpretation of the wise men seeking Jesus. The piece, par excellence, was a cantata entitled "Britannia." Miss Ewing made a splendid Britannia and around her, paying her due tribute and presenting her with choicest gifts, were the various overseas dominions and colonies represented by appropriately costumed young men and young women. Master Boris Parkinson did duty as a page in his neat velvet suit. A hearty vote of thanks to Dr. Price and his teachers, and to all others who helped bring about such a successful entertainment, was moved by Mr. Liddy, seconded by Mr. Parkinson, and most enthusiastically endorsed by the large audience.

INFLUENZA STILL CLAIMING VICTIMS BY THE THOUSANDS

Epidemic Breaking Out Anew from One End of Country to the Other.

Warning to the country that the Influenza epidemic is by no means ended, and that all possible precautions against the disease should be taken has just been issued by the public health authorities at Washington.

Late reports show that the disease is breaking out anew in its very worst form from practically one end of the country to the other. Already there have been over 300,000 deaths from the disease and one prominent health official predicts that there will possibly be 750,000 deaths in this country this year from Influenza and the ailments which follow it. The disease has been very baffling to the medical profession and health authorities frankly admit that ordinary preventive measures such as wearing of masks and closing public places seem to be of little avail.

Persons who are weak and run-down, and who have not the strength to throw off the Influenza germ, are the earliest victims. Those who catch colds easily or who are suffering from catarrhal troubles are also early victims, as the inflamed mucous membrane linings of the nose and throat are an open door to the germs. If you are suffering from any of these symptoms, nothing will build you up and fortify your system against attack like Tanlac, which contains the most powerful tonic properties known to science. This statement is easily proven by the fact that this celebrated medicine is now having the greatest sale of any system tonic in the history of medicine. It has been accomplishing remarkable results during the present epidemic and hundreds of thousands who have used it are enjoying the best of health. One prominent physician in Texas frankly stated that he had found Tanlac to be the finest tonic to be had for building up his patients who had had Influenza.

Actual experience has shown that the best way to keep from taking Influenza is to keep the system in good shape as it is a well known fact that the powers of resistance of the human system can be so perfected that it can throw off almost any infection, not even excepting Spanish Influenza, which is one of the most contagious diseases known.

Tanlac increases your strength and weight and creates a good, healthy appetite for nourishing food. It keeps you physically fit and makes you strong, vigorous and well, and in this way fortifies you against deadly disease germs. In connection with the Tanlac treatment, be sure to keep the bowels open by taking Tanlac Laxative Tablets.

Tanlac is sold in Orangeville by C. V. Jeffers; in Grand Valley by G. E. Morrow, and in Shelburne by J. E. A. White.

ELECTORS OF E. GARAFRAXA.

Ladies and Gentlemen,

I surely feel under a deep obligation to you for the good wishes, support and vote you gave me in the election for the council on Monday and I take this means of thanking you. I hope I will be able to perform the duties of the office to your satisfaction and advantage.

Yours sincerely,
—GEO. I. NODWELL.

ELECTORS OF ORANGEVILLE.

Ladies and Gentlemen,

I deeply appreciate the splendid support you gave me in my campaign for Deputy-Reeve and I wish to tender you my hearty and grateful thanks for the handsome vote you gave me at the polls on Monday. I shall do my best to deserve the confidence you have reposed in me and hope my record as your representative will command your approval and support.

Yours sincerely,
—J. E. THOMPSON.

ELECTORS OF MONO.

Ladies and Gentlemen,

Permit me to thank you very heartily for the manner in which you supported me at the polls on Monday. Although defeated, I feel I have good reason to feel gratified over the vote I received against men much older in years and municipal experience and much better known to the electorate of the municipality. Again thanking you, I am,

Yours faithfully,
—NORRIS FINES.

ELECTORS OF AMARANTH.

Ladies and Gentlemen,

I wish to use the columns of the press to express my sincere thanks for your support in Monday's election. While I was not elected, I am not disheartened over the result, and may ask for your further support on a future occasion. Meantime, I wish to convey my sincere thanks to all who supported me and to wish the ratepayers generally, opponents as well as supporters, a happy and prosperous year.

Yours sincerely,
—W. J. HAMILTON.

ELECTORS OF MONO.

I wish to tender you my sincere thanks for the excellent vote you gave me on Monday. I sincerely appreciate the honor of being elected at the head of the poll and shall do my best to deserve the confidence you have reposed in me.

Yours faithfully,
—J. F. McNAUGHTON.

ELECTORS OF E. GARAFRAXA.

Ladies and Gentlemen:

Kindly accept my warmest thanks for the excellent support given me in the recent elections. I trust my actions at the council board will meet with your favor. I promise you diligent and faithful service during the year.

Very gratefully yours,
—JOHN G. BROWN.

A FEW WORDS ABOUT WOOLLENS

To keep a fighting man in fighting condition, you must keep him warm for one thing. The pick of the woollen cloth is being utilized right now for soldiers' clothing; it is right these "upholders of our rights" should have the best. Many months ago, yes months, we made plans for these very Overcoats you'll find here; our big contracts for clothing were in before the shut off of woollens for men back home went into effect. We feel sure our patrons will appreciate our timely buying.

Don't think because we haven't mentioned Ties, Gloves, Sox, Caps, Work Shirts, Work Gloves, Overalls, Pants and Fur Coats, that we haven't them. The greatest showing in town and at the most reasonable prices awaits you here.

ERIN'S CONTEST.

Jas. Milloy Downed Alex McKinnon by 58 Votes; Jessop Had Four Over Tarzwell for Deputy

Erin township had an oldtime contest on Monday. For Reeve, James Milloy, a former East Garry boy, defeated the hitherto invincible veteran, Alex. McKinnon, by 58 votes. Milloy had decidedly the better of the argument in the Hillsburg division, the home ward of the two candidates. Outside of this division the winner had a lead of six votes. Wesley Jessop defeated R. W. Tarzwell, father of Mrs. Howard Cox, of this town, for deputy-reeve by the narrow margin of four votes. R. McEnery headed the poll for council, George Bryan, a former Amaranth man, running in second place. Joseph Benham, who captured the third position, was only 6 votes ahead of Arch. Reid, also a former resident of East Garafraxa. The figures follow:

A SOLDIERS' RECORD.

The Daughters of the Empire, Orangeville, are endeavoring to secure particulars as to the soldiers belonging to the County of Dufferin, no matter from what quarter they enlisted.

The particular questions required to be answered will appear in the county papers the week after next.

Watch for this and do what you can to assist in making the record a complete one.

Cut the slip from the paper, make your answers full, use a separate sheet of paper if necessary and write plainly.

CAMILLA.

Corp. Norman Rayfield, who has been overseas for over two years, was welcomed home on Saturday last by his parents and friends. He still wears a happy smile.

Mr. Fred Rayfield, of Upper Canada College, spent the New Year at his home.

We regret to hear of Miss Mabel Rayfield's illness, but are glad to report that she is making progress toward recovery.

The usual church services at Camilla, Mono Centre and the Glen, have been re-opened after the long closure due to the flu.

The treasurer of St. Andrew's church, Camilla, would esteem it a favor if the subscribers would kindly pay in their contributions at once in order that the books might be closed for the past year.

WHY SAVING IS NECESSARY

Canadians must save, if they are to pass safely through the financial and industrial conditions following the war. They must save just as carefully as they did when the Germans were hammering at the gates of Amiens. The Government has made this profitable through its War Savings Plan, which gives good returns.

The Great War has changed very much our conceptions of national finance. Before its outbreak the impression that prevailed was that through borrowing abroad capital could be raised for development purposes. Consequently the need of saving was ignored.

But even borrowing implies that some one saves, so that in the pre-war days Canadians, instead of supplying their own needed capital, were really drawing on the savings of people abroad. This they can do no longer.

The War Savings Plan is a convenient and easy method for gathering up the surplus money of Canadians and placing it at the disposal of the Government for five years. A person pays $4.00 for a War Savings Stamp—he can buy as many as he likes—and for this the Government pays $5.00 in January, 1924.

IRISH REPARTEE.

One night an Irishman and an Englishman met in a lodging house, so they had a chat together before they went to bed. When the Englishman awoke in the morning he said to himself he would have a joke with Pat.

"God morning, Pat," said he. "I dreamed last night you were turned into a dog."

"I see," said Pat. "Well, then, I was dreaming last night you were after turning into a sausage. I was just getting the pan greased to fry you."

LOST IN "FRAMPS."

Old Ben was one of those good-hearted old darkies who always wore a smile, so when I met him yesterday and watched his bent form and anxious face I feared the worst for his soldier son.

"Morning, Uncle Ben! What news from your boy?"

"Oh, turrible bad, suh! Jus' had a lettah from him; I'se lost him. He don' know where he is, and I don' know where he is; he's sush lost. Heah's his lettah; he says 'I'm somewhar in Framps'!"

BRIEF STORY OF YEAR

GREATEST EVENTS IN HISTORY OF MODERN WORLD.

Thankful Mankind Will Always Remember 1918 as "Peace Year," When Democracy Triumphed Over Autocracy In the Struggle to Establish Liberty and Justice as the Ruling Principles That Are to Control the Civilized Nations.

DOWN through the ages, 1918 will remain one of the great epoch years of history. Just as the year 1066 changed the entire future of the British Isles, and 1492 altered the progress of civilization, so will the armistice year be connected in the minds of men with a mighty turn in the direction of the affairs of the world. With generations yet unborn Nov. 11th will be a date as glibly stated as it is with us who took part in the celebration of the event. It was the day when the war between two great systems of human government came to an end with the triumph of democracy over autocracy, so 1918 is to remain in the minds of men the dividing line between the epoch when the few ruled the nations and exploited the many and the epoch in which the many ruled "for the greatest good of the greatest number." The democratic idea has not yet been perfected, and mistakes are sure to be made in the future and excesses committed, but at least the trend of the world towards liberty and progress is now assured.

The story of 1918 reads like a romance. Looking back over the outline of the year in a chronological table, one finds not only the greatest day in the experience of living men but also the darkest period of the war. It seems odd now to think that the situation of the Allies was desperate during the terrible days from March 21st onward until Generalissimo Foch launched his great offensive in July. We did not know a year ago that the German morale was nearing its breaking point or perhaps we might have faced the developments of 1918 with a greater feeling of certainty as to the outcome of the struggle. But the German General Staff realized that it had to secure a decision quickly, and von Ludendorff prepared for the great effort that was to smash the co-operation between the British and the French, break through to the Channel ports, capture Paris and end the war with a victory for the warlords. The Allies were not prepared for the magnitude of the German effort. The Huns gathered together the forces released by the Russian collapse and launched their first attack in March against the British. The spot was well selected. Gen. Gough, one of the least efficient of the British commanders, had to meet the offensive with the Fifth British army, which gave way gradually, and the Germans secured one of their greatest successes in the war. The disaster taught the Allies an important lesson. They learned the value of a unified command, and at the end of March, Foch, the greatest military genius discovered in the war, took charge of the entire strategy of the Entente armies in co-operation with the American forces. Five times the Germans struck in the months that followed, but in each offensive the results achieved by them were smaller. Foch was waiting for the psychological moment. Every week added to the size of the American armies and every week increased the exhaustion of the German fighting forces and decreased the morale of the German people at home. During the first week of July things did look very critical for the Allies. The Germans had reached the Marne and counted on the next offensive breaking through to Paris. Then Foch with that peculiar genius which makes a great soldier, selected the hour to strike, not a moment too soon and not a moment too late.

On July 18th, the French delivered the first blow that was to be followed by a series of crashing offensives. Never again were the Germans able to snatch the initiative even for a moment. First the British would strike, then the French, then the British, then the Americans. And at last the famed Hindenburg line crumbled and the end was in sight. Before the end of August, even the most optimistic person knew that victory was a certainty, though nobody guessed how near it was. When the end came on Nov. 11th, the terms accepted by the Germans staggered the world. They indicated that the pride of the warlords was completely crushed. It was the most ignominious and humiliating surrender in modern history. After the last great effort in the spring, the Central Powers had been too exhausted to postpone the end even until the conclusion of another winter campaign. When Bulgaria, Turkey and Austria collapsed in quick succession, the German people would stand no more. Amid a crashing of thrones that marked the passing of autocracy, the armistice was signed.

It is too early as yet to get any idea of the political effects of the war. The worst menace that has developed during the year is that of Bolshevism. It is a very extreme expression of the right of the masses to rule. In Russia, the Bolsheviki have grown oppressive during the past year. They hate not only the upper classes and the capitalists, but also the more moderate middle classes. In order to defeat their opponents, they have adopted the policy of terrorism, and their excesses have caused a reaction from the theories of the Bolshevik government. It is generally recognized that a great deal of industrial unrest will follow the demobilization of the armies. It is during such periods that the Bolsheviki in all countries can hope to produce a harvest of anarchy. That is why the other Western nations are watching the social and political situation in Russia with such keen interest.

The other significant series of events during the past political year was the abdication of the Kaiser, Emperor Charles of Austria, King Ferdinand of Bulgaria and about a dozen petty German monarchs. These thrones were absolute only yesterday, and now they are gone. There is a text for some student of history to examine and preach upon. It is evidently a first step, but whither?

The year 1918 will be remembered in Canada on account of the coming of the Spanish influenza. Science has not been able to explain the meaning of this terrible epidemic, and doctors will not endeavor to say whether it has come to stay as a permanent scourge. It is undoubtedly partly due to the mal-nutrition that has resulted from the food shortage, together with four years of nervous tension and other unnatural war conditions. The terrible disease came across from battle-scarred Europe. The figures indicate that it has become almost a world-wide plague. An English authority estimated recently that six million persons had died of the "flu" in the past twelve months. The figures are appalling, greater than the number killed in battle in the war, and indicates why 1918, the year of the coming of the "flu" to Canada will not soon be forgotten.

GOLDEN WEDDING.

On Wednesday, Dec. 18th, at their home in Owen Sound street, Shelburne, Mr. and Mrs. Robert Gallaugher celebrated the 50th anniversary of their wedding day. The menu for both dinner and supper gave abundant evidence that the ban of the Food Controller had been lifted. The impromptu program of speeches and music was reminiscent of past, hopeful for the future and full of good cheer. The response of the venerable bridegroom in behalf of himself and bride was indicative of Irish soul and wit. The gifts of gold were appropriate and beautiful. The guests were each presented with a photograph of the happy bride and groom. The guests were Mr. and Mrs. Paul Gallaugher, Mr. and Mrs. Archie Greer, Mr. and Mrs. H. W. Gallaugher, Mr. and Mrs. Thos. Gallaugher, Mr. and Mrs. R. J. Ormsby and Miss Phoebe Gallaugher, all of Perm; Mr. and Mrs. Chas. Mitchell of Stanton; Mrs. Jos. Gallaugher and Hilton Gallaugher, of Alliston; Hugh Gallaugher, of Collingwood, and Mrs. Hicks and Mr. and Mrs. A. E. Thornley, of Shelburne.—Free Press.

HENDERSON–MAGEE.

On Wednesday afternoon, December 25th, a very pretty wedding was solemnized at the home of Mrs. W. J. Magee, Brampton, when her only daughter, Hazel Arietta, was united in marriage with James Robson, son of Mr. and Mrs. A. B. Henderson, of Cheltenham. The bride, who was unattended, looked charming in a beautiful gown of white crepe meteor, and was given away by her uncle, Mr. C. J. Campbell. The ceremony was performed by Dr. Sparling in the presence of the most intimate friends of the couple. The wedding march was played by Miss Marjorie McCollum and Miss F. Joyce Fry sang beautifully during the signing of the register. After a sumptuous wedding dinner Mr. and Mrs. Henderson left amidst showers of confetti and hearty wishes for their home at Cheltenham. The bride went away in a suit of navy blue serge and a dainty hat of amethyst velvet and silk. Among the numerous handsome gifts were included several cheques.

SHELDON.

Hello Mr. Editor:

We are enjoying better weather at time of writing, but Lyttle Thompson says we will soon have a change.

Our genial miller, A. Smith, is doing a brisk chopping business these days.

We are glad to report that Mrs. Wm. J. Bower who has been confined to her bed with the flu, is making a speedy recovery.

Mr. and Mrs. O. Holland, of Moose Jaw, Sask., are home to spend the winter with their mother and brother, Harry, of Sheldon.

Miss Mary Firth, of Toronto, spent the Christmas holiday under the parental roof.

We are glad to state that Mr. Angus McKelvey, of Alliston, who has been down with the flu, is feeling himself again.

We wonder if James McKelvey is still taking music lessons over at Moon Rocks.

Wilfrid Nelson says opposition is the trade of life.

Some of the neighbors would like to know if Joseph Thompson is still acting as inspector of culverts.

Sam Quinn declares that he would like to take a drive over to the 6th line for Wm. Laverty has a field of fine fall wheat.

5 REASONS why you should use Zam-Buk instead of ordinary ointment.

1st. Because Zam-Buk has superior soothing and healing power. This is due to its unique composition. Zam-Buk is composed exclusively of herbal extracts and vegetable oils and is 100% medicine.

2nd. Because Zam-Buk cures are permanent. This is owing to the fact that the oils and extracts of which Zam-Buk is composed are so blended and refined that its power of penetration is extraordinary. While ordinary ointment remains on the surface of the skin, Zam-Buk literally soaks through to the underlying tissues, and destroys skin diseases at their very roots. In this way, only, can a permanent cure be effected.

3rd. Because Zam-Buk is antiseptic. In other words, germs cannot live where Zam-Buk is applied. This prevents any possibility of festering or blood-poisoning.

4th. Because Zam-Buk is pure. Its purity is due to its herbal composition, and this particularly commends Zam-Buk to mothers.

5th. Because Zam-Buk is economical. Owing to its freedom from animal fat, Zam-Buk does not become rancid. It is, therefore, just as good to the last application.

The reliability of this herbal remedy has established it as a household balm wherever it has been used for eczema, ringworm, abscesses, ulcers, running sores, bad legs, blood-poisoning, piles, boils, pimples, burns, scalds, cuts, chapped hands or chilblains. All dealers, 50c. box.

MOTHER GAVE THIS DELICATE CHILD VINOL

"And He Got Well and Strong, That's True

Monaca, Pa.—"My little boy, who is the youngest of three, was very nervous and tired all the time, so thin most unfit at school, and nothing seemed to help him. I learned of Vinol and gave it to him. It restored his health and strength and he has gained in weight."—Frederick Sommers, Monaca, Pa.

THE METHODIST CHURCH

An impressive memorial service was held in the Methodist church last Sunday night. During the year the Church has been heavily through death and many outside the town had been brought back to be laid away in the family cemetery. The names of those who were remembered in this service are as follows: Elias Connor, Hugh H. Samuel Kee, David Sanderson, Eliza Roebottom, Mrs. (Dr.) Bailey, Matilda Bailey, William G. Reburn, Martha G. Mary Mossop, Mary May, Carrie G. William F. Leflar, William Lindsay. Soldiers killed in action, Lieut. Cliff Henderson and Clifford Hill. Three Sunday School scholars: Ethel May Sanderson, Lettie and Wesley Huskinson. Other not mentioned are: Mary Hughston, Sarah Levey, Mary Christian, Stuart N. Montgomery, Lawrence Delaney, Charles Baughman, Mrs. Ida Jessop, W. T. Bailey, Matilda Henderson Smith and Mr. Cowan.

Because death had been so busy last few years, Mr. Young said that people were thinking about death and future life than ever before. This was evidenced in the increased amount of literature published on the subject and the space which newspapers and popular magazines devoted to the subject. At other time we lost our neighbors by the ones and twos, this closed so quickly, "like the passing of an arrow through the air," that we felt them and the great power that removes them and we became again fully absorbed in life. But now when death has been taking people by the thousands, young men by the million, whole armies of the very heart of men, men who were to be the hope and pride of the world, when almost every home has its loss, men have been broken-hearted and been compelled to think. When one is touched it did not matter so much. Worldly philosophers had laughed at the idea of souls. But the average man and woman know that they have souls. Our anguish is our proof, even if we had no other. Science can convince us that we have a soul when we feel it suffer so," says the author of "The New Death." The testimony of thousands of soldiers at the front, in the words of their letters, their sworn statements they are going over the top, have been considered and the concensus of opinion, the unanimity of their declaration of faith has been a surprise. It is all that they believe again. They do not believe the pieces of bullets that they see are their souls no more than the torn clothes are the man. The spirit of their comrades was the main thing and these they believe true when the body falls. "All would be lost if this were not so," declares one. "I would go mad if we did not believe in a future life" says another. The triumphant faith of Donald Hankey was that of many of his comrades: "If wounded there's Bliss, if killed, there's the Resurrection!"

THE METHODIST CHURCH.

An impressive memorial service was held in the Methodist church last Sunday morning. During the year the Church has lost heavily through death and many outside of the town had been brought back to be laid away in the family cemetery. The names of those who were remembered in this service are as follows: Eliza Connor, Hugh Haley, Samuel Kee, David Sanderson, Elizabeth Rochottom, Mrs. (Dr.) Bailey, Matilda A. Ridley, William G. Reburn, Martha G. Reid, Mary Mossop, Mary May, Carrie Groate, William F. Leflar, William Lindsay. Two soldiers killed in action, Lieut. Clifford Henderson and Clifford Hill. Three Sunday School scholars, Ethel May Sanderson and Lettie and Wesley Huskinson. Other names mentioned are: Mary Hughston, Sarah Davey, Mary Christian, Stuart N. Montgomery, Lawrence Delaney, Charles Baughman, Hattie Ida Jesson, W. T. Bailey, Matilda Sanderson Smith and Mr. Cowan.

Because death had been so busy these last few years, Mr. Young said that more people were thinking about death and the future life than ever before. This was also evidenced in the increased amount of literature published on the subject and the way it was taken up in newspapers and popular magazines [illegible] the subject. At other times we lost our neighbors by the ones and the gap would close so quickly, "like the passing of a bird through the air," that we forgot [illegible] the great power that removed them. We became again fully absorbed in life. But now when death has been taking by the thousands, young men by the [illegible] whole armies of the very best of young men who were to be the hope and power of the world, when almost every home has felt the loss, men have been broken-hearted and have been compelled to think. When others have argued it did not matter so much, the pseudo philosophers had laughed us to scorn. But the average man and woman believed that they have souls. Our anguish is the proof, even if we had no other. "No man can convince us that we have not a soul when we feel it suffer so," says the author of "The New Death." The testimonies of thousands of soldiers at the front, the words of their letters, their swords as they go over the top, have been gathered and the concensus of opinion, the unanimous of their declaration of faith, has been decisive. It is all that they will listen to. They do not believe the torn [illegible] bodies that they see are their comrades more than the torn clothes are the man. The spirit of their comrades was the living thing and these they believe triumph when the body fails. "All would be cowards if this were not so," declares one. "We would be afraid if we did not believe in a future life," says another. The triumphant faith of Donald Hankey was that of many of the soldiers: "If wounded there's Blighty, if killed there's the Resurrection!"

Death was becoming a more normal thought to men. We are meeting it more frequently. We are also becoming impatient with funeral trappings and the wearing of black. If death means that our loved ones are called to a higher and better and larger sphere of service, why mourn for them? The passing soldiers said "I'm all right. I'm sorry for those left behind." Should we then mourn for ourselves? Our business is to "Carry on" and finish the work the departed began and loved and would bid us finish. This was what Christ bid us do honor to him. The proper spirit is that of the mother who refused to mourn the loss of her son. "I must be brave to help other women be brave." Instead of black people who would remember their dead are wearing white or purple. Instead of a black mark a gold star marks the name of the soldier who has passed on. With the same courage and faith that we wish to meet death we should give credit to those who have passed and the way in which we wish to be remembered we should remember our dead. They have not passed out of existence. They have but preceded us and we shall follow them. 1918 will be written on their tombs. Earth will mark some year upon ours. To think and prepare for the future life is as practical a thought as to prepare for our earthly life the coming year.

The Epworth League last Monday night was in charge of Miss Ruth Coulter. She gave a splendid paper on the passing of the old year and the coming of the new. In referring to our New Year resolutions and the growing reluctance to make them as the years come, Miss Coulter said: "Failure is not defeat. The resolve to which we have adhered for a fortnight and then weakly forgotten or ignored, is, for all that stronger and more easily kept than it was on the day it was made. Even the failure itself may be of value to us as a guide-post or danger-mark. "That man who has not learned how to profit by his mistakes," wrote Henry Ward Beecher, "has turned the best schoolmaster out of his life."

Miss Margaret Rowan gave an excellent exposition of the Ninetieth Psalm. A fine duet was rendered by Miss Dorothy Wright and Miss Rowan. Next week, being the week of union prayer services, the Leaguers are asked to attend those services.

Next Sunday being the first Sunday of the New Year, appropriate music will be rendered by the choir. The subjects of Rev. E. R. Young's sermons are: In the morning, "The Luxury of Beginning Again"; and in the evening, "Master of the Science of Right Living, or Build up to a Standard not Constructed down to a Prize."

WHITTINGTON.

(Intended for last week's Banner.)

It is a long time since we heard from the little village of Whittington.

Cheer up, boys and girls, it looks like good skating.

We are all glad to know that Lieut. Geo. Philips, son of Mr. and Mrs. Wm. Philips, arrived home from France Saturday night. A large crowd gathered at his home station, Laurel, to welcome him back and we are all delighted that he has returned safely.

Our school has been closed here for some time on account of the flu, but we expect our former teacher, Miss R. Smith, will commence duty after the Christmas holidays.

Mr. James White spent a day in the city last week.

Miss G. Beatty returned to her home in Owen Sound on Friday.

Miss Mabel and Joseph Jackson of Cardwell spent Sunday as the guests of Miss Lorna and Harold Cruikshank.

Mr. John White was called to Toronto on Saturday to report.

Rev. Mr. Roach delivered a very interesting sermon here Sunday.

Miss Gertrude Jackson spent the week-end with her cousin, Miss Edith Jackson.

We would like to know if J. J. has become a member of the Camilla church, since he stopped driving the rubber tired rig.

Mr. Will Spence is spending a few days under the parental roof.

We understand the young people of Whittington are giving a play. We will likely learn particulars later.

LAUREL.

A pleasant family reunion took place at the home of Mrs. Wm. Hamilton, 4th line, Amaranth, on Christmas night. All of the surviving members of her family were present with the exception of Elijah, of Buffalo, who was unavoidably absent. The members of the family, with their children, and grandchildren, made a gathering of thirty, who sat down to a bountiful Christmas dinner. Before dinner was served Mrs. Hamilton's eldest son, Mr. A. Hamilton, of Minnedosa, Man., and wife and child walked in to complete the joy of the evening. After everyone was satisfied with the good things provided for the festive board, the rest of the evening was spent in pleasant conversation, singing, games, etc. The humorous portion of the program was ably filled by George H. and Ward Trimble, while James Hamilton supplied the instrumental music. From the time Mrs. Hamilton sent out her invitations each one had his or her thoughts turned homeward, bent upon spending Christmas with mother, and throughout the coming years, pleasant memories will help to smooth the rough places in life, which all must at times encounter.

Mrs. Hamilton purposes returning to Toronto to spend the winter, or part of it, with friends residing there. All wish her many returns of the festive season and that she may have a real enjoyable visit.

SHELBURNE HYDRO.

COMMITTED BIGAMY.

Mrs. Hannah Waites, a Brampton Resident, Gets Three Months in Jail.

On Monday, Dec. 16th, Hannah, wife of W. J. Waites, of Georgetown, and Henry Hill, of Brampton, were tried by Judge Elliott, at Milton, on the charge of bigamy. Crown Attorney Dick prosecuted and Mr. Braden defended the pair. The Champion reports the trial as below:

Waites swore that he and the woman were married at Georgetown by Rev. Mr. Cline in 1907, and had separated four years later at Acton. Since then the witness had lived at Acton, Georgetown, Erin and Oakville, but he had not seen his wife except when he had passed her on the streets occasionally in the six months succeeding their separation.

Rev. Mr. Cline swore he had married the couple. The bride's maiden name was Burnett.

Rev. Mr. Brown, of Brampton, swore he had married the woman and Hill in November last, at Brampton.

Geo. Harding, of Georgetown, the woman's brother-in-law, swore she had been at his home for some time after her separation from her husband. He had advised her to go back but she said she would not.

Mrs. Sproule, of Brampton, swore she kept a boarding house. Hill had been a boarder for two years and was a very respectable man. Mrs. Waites had worked at the house from last June till October. She was known by her maiden name. The witness said she had heard that the woman was married and had asked her if it was true. Mrs. Waites said it was not. The witness also told Hill of the rumor when it appeared that he was about to marry the woman. Later Hill said he had asked Mrs. Waites if she was married, she denied it and he believed her. Witness questioned and cautioned Mrs. Waites just before the marriage and was met with another denial.

Mrs. Waites was sworn for the defence. She admitted both marriages, but said she had not heard from her husband for seven years after separation from him and believed she was free to marry. Her explanation of her denial of the marriage to Mrs. Sproule was that Geo. Harding had told her that she had the right to drop her husband's name after not hearing of him for seven years. When Harding had advised her to go back to her husband she had refused because Waites had used her badly. She told where she had lived since her separation, never very far from Georgetown. She admitted having had an illegitimate child a few years ago. It had been adopted a month after birth.

In his address to the Court Mr. Braden asked for acquittal of Hill, as he had believed Mrs. Waites single, and for that of the woman on the ground that she had not heard of her husband for seven years.

Mr. Dick followed. He said Hill appeared to be innocent, but acted foolishly in not investigating the story of the marriage. As for the woman, Mr. Dick said it was plain that she had known that her husband was alive within less than seven years of her bigamous marriage. Her own account of what she had said to Harding proved this. Had she lived a clean life after her separation she might be considered more or less excusable. She had not and there was no excuse for her.

His Honor acquitted Hill on the ground that he had been ignorant of Mrs. Waites' marriage, but convicted the woman. The seven year provision did not apply to her, as it was plain she had known her husband was alive within less than seven years of the date of her marriage to Hill.

On Tuesday morning the woman was sentenced to three months in jail.

BROTHER PROTESTS WILL.

One Dollar Was Bequest of the Late Hugh Falconer to His Brother, George Faulkner.

On the evidence of Miss Hazel Marshall, action has been brought before Mr. Justice Middleton by George Faulkner, against his brother, Archie Faulkner, of Caledon, to set aside the will of their brother, Hugh, on the grounds that the testator was not of testamentary capacity when the will was made. The testimony of Miss Marshall, a nurse at the Parkdale Hospital, at which institution the late Hugh Faulkner was treated for erysipelas, is to the effect that she heard the will read over to the dying man who in reply to the question as to whether it was satisfactory repeated, "Yes, yes," but made no effort to sign it as he was not fully conscious.

The will does not bear the signature of the testator, merely his mark. The estate involved is valued at $23,011, which, with the exception of $1, has been bequeathed to Archie Faulkner.

Following is the manner in which the legacy is made: "I bequeath one dollar to my brother, George Faulkner, as I feel that he has obtained from me, and deprived me of money, which he should not have deprived me of."

The Telegram's report of the trial says:

"From the time Hugh Faulkner was taken to the hospital, until he signed his will four days later, he said nothing to me except in answer to some questions I asked him," said Dr. James Forrest, the first witness called on Friday.

The witness said that on the day he went to the hospital the deceased walked downstairs, and each time he saw him at the hospital he was able to answer inquiries as to his condition, and to complain that he could not see. The erysipelas from which he suffered gradually spread over his face and head, but there was no change in pulse or temperature. The doctor had examined the deceased before the will was signed, and concluded that he was in a fit condition to do it. At the time Faulkner could not see. The clause by which Archibald Faulkner, the defendant, was named as residuary legatee was read over several times and each time the deceased was asked if that was what he wanted.

"What were some of the things you asked in your examination?" asked W. A. Tilley, K. C.

"I asked him if he wanted anything to eat, or if he would like a little whiskey, but he said 'no.'"

"And you thought that a bad sign."

Mr. Anderson, the witness said, guided Faulkner's hand while he made his mark.

MIGHT BE IMPROVED.

"What do you think of the army as far as you have gone?" inquired a seargeant of a newly arrived recruit at camp.

"I may like it after a while, but just now I think there is too much drilling and fussing around between meals," was the reply.

MUSIC?—Why it is the *actual* voice of Anna Case—just as I heard the great soprano at the Metropolitan, New York.

The New Edison is going to be a wonderful help to me with my studies at the Conservatory. It brings right to my very room the voices of the great artists of to-day as they actually interprete the enduring gems of Music. This is not a flimsy shadow, not a mere approximation of Music. It is *Music* "Re-Created" in all its original beauty. There is no shade of difference between the living artists' voice and the New Edisons' "Re-Creation" of it. This—ah, *this is Music!*

Wouldn't you like to hear this really marvelous invention of the world's greatest inventor? With the New Edison there are no needles to change. Plays all makes of records. Easy terms if you wish.

OUR PRICES TALK.

We realize that prices alone will prove the key to the situation.

WE REALIZE IT IS HUMAN NATURE TO BE SKEPTICAL

We are a race of unbelievers. Our forefathers would scarcely have believed that today express trains would cross the plains of our country where they travelled in prairie schooners; that electric lights would supersede candles, or automobiles, oxen, that people would fly like birds—but we of 1919 have seen and must believe. Now, when we tell you that this sale is the biggest and greatest of the kind, we back that with our reputation.

COME AND SEE WITH YOUR OWN TWO EYES. THEN YOU CAN'T DOUBT THE TRUTH OF IT.

THE FINAL CRASH

Never was such a Fine Stock placed at the mercy of the buying public by such a ruthless slaughter.

ONE MORE LAST DESPERATE CUT

In prices and all is over. Counters and bins have been refilled and are at final reductions. The last days will see a terrific rush of buyers. It will be a landslide of stupendous values. Come, join the crowds.

MINISTERIAL ASSOCIATION

The Ministerial Association of Orangeville and district held their usual monthly meeting in the Methodist church on Monday, Rev. E. R. Young presiding. This being the first meeting of the year the usual election of officers took place. The following were elected: President, Rev. Jenkins Burkholder; Vice-President, Rev. T. R. White; Sec.-Treas., Rev. P. C. Howard; Executive, Revs. Lyon, Carr, Young and Morris.

Rev. Capt. Magwood, who was to address the meeting, was unable to be present. Dr. McKenzie, of Tokio Japan, who had been preaching in Alton on Sunday, very kindly substituted. The ministerial brethren were presented with a splendid report of conditions in Japan, past and present.

The history of missionary enterprise dates back, so far as Japan is concerned, to 1859. In those days Christianity was not desired, because it was regarded as an evil, or devil, doctrine. The prophetic words of Christ are being fulfilled in the land of the Orient, "If I be lifted up I will draw all men unto me."

SERIOUS ILLNESS AVOIDED

Many a serious illness has been avoided by the prompt use of Dr. Williams' Pink Pills. These pills actually enrich and purify the blood, and in this way build up the system, tone and strengthen the nerves and invigorate the vital organs.

Serious diseases generally come from some simple disorder that has been neglected. Therefore any thinning of the blood should be looked upon as a warning sign, and more serious illness should be avoided by the use of Dr. Williams' Pink Pills. In the case of young girls and women the blood is peculiarly liable to get out of order—to become thin and watery—and to lead to a general breakdown in health. This can be avoided by the occasional use of Dr. Williams' Pink Pills, which are suitable for the most delicate constitution. These pills will give you a new appetite, improve your digestion, tone and strengthen weakened nerves, banish depression and lack of energy, clear the complexion of pimples and blotches, cure pain in the back and general weakness, cause the disappearance of headaches, dizziness and heart fluttering. Give these pills a fair trial and you will soon note a wonderful change in your condition. Your spirits will brighten, good health and strength will return, and you will feel like a new person. You can confirm these statements by enquiring among your friends almost anywhere, as thousands and thousands of hopeless sufferers have been restored to new health and energy by using Dr. Williams' Pink Pills.

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A NEW INDUSTRY.

Our citizens will be pleased to learn that the negotiations under way for some weeks looking to the securing of another manufacturing concern have been brought to a satisfactory conclusion. On Saturday the J. W. Hewetson Co., Ltd., of Brampton, took a lease of the large flat over Keatner's music store, which they purpose equipping to cut and fit uppers for their Brampton factory. The company has a factory at Rochester, N. Y., which it is closing and moving the machinery to Orangeville, where it can operate the branch concern to much better advantage owing to its nearness to Brampton. If everything goes as planned the machinery will be in place and the plant ready to start in a few weeks. The company expects to commence work with between 20 and 30 hands. The J. W. Hewetson Co. has been running in Brampton for several years, where it employs from 90 to 100 hands and has a yearly payroll of about $70,000. The company specializes in children's shoes and has just secured a large export order from England.

WITH THE CANADIANS.

Alton Boy in the Allies' Triumphal March Into Germany.

Mr. and Mrs. Richard Tribble, of Alton, have received the following letter from their oldest son, Ed., who is by this time likely in Germany with the victorious Canadian army:

Quaregnon, Belgium,
November 16, 1918.

Dear Father and Mother,

I suppose that the heading of this letter will look out of place to you. The reason is that we can tell where we are, or anything, now. We just got the word this morning. I suppose you will want to know where all I have been. Well, I will tell you as much as I know.

After landing in France at Boulogne on the 11th of October, we went from there to Etaples, which is the Canadian base in France, from there to Agnes Dens Ane., which is the first Canadian divisional wing. We had two days riding in box cars to here, then we started on our trip from there. The first day we went 23 kilometres—a kilometre is 5-8 of a mile. That brought us to Wanacourt. This village was all smashed to pieces. We had to hunt for some old cellar, or something, to sleep in for the night. The next day we only had to go about 12 kilos. That brought us to where our battalion was stationed. This is where I was attached to the rest of the battalion. We stayed there for two days. We then started for the front line. We arrived in support in about 3 days. It was about 50 kilos. I had almost lost track of the time, for part of the time we were going at night. We went up to within 500 yards of the front, then on the 26th morning we ran against Fritz. It was that morning that I got the crack in the helmet. You ought to have seen us fellows run then. I had a sore heel and besides 310 rounds of ammunition, with all my other equipment.

I never told you before that I was in a machine gun section. That is why I had the extra rounds of cartridges. I had taken a course to use it. We lay in a trench all that night beside a road, watching it, with rain falling all night, too. I was soaked right through. I did 'not have a chance to change anything for two or three days and I never even got a cold. On the next Tuesday we left the line and marched 16 kilos., that was to Somain, where we had three weeks rest. We left there on the 13th of November. We are now 52 kilos. from there.

We came through Valenciennes, which you may see on the map. We are now within four miles of Mons. We are on the march with a bunch of picked troops of the Imperials, to march 30 miles inside the German border. That is some march.

You never told me whether there was anything stamped out in my letters. I never left anything out only the names of places.

Well, this is all the time that I have for the present. Hoping you are all well. From your loving son

SUFFERED TERRIBLE AGONY

"Fruit-a-tives" Alone Gave Him Quick Relief

Buckingham, Que., May 3rd, 1915.

"For seven years, I suffered terribly from Severe *Headaches and Indigestion*. I had belching gas from the stomach, and I had chronic Constipation. I tried many remedies but nothing did me good. *Finally, a friend advised* "Fruit-a-tives". I took this grand fruit medicine and it made me well. A HAPPY NEW YEAR.

The best way to have a Happy New Year is to begin right and keep right on through the year doing right. Righteousness has a reward that nothing else can equal, for it has in it the blessing of the life that now is and the promise of life to come. When we think of the clouds that surrounded us at the beginning of 1918 and the disasters of the Spring and consider the glory, the victory, the promise of great new things that surround us this New Year's time, we ought to turn with hearts swelling with gratitude to God. When we realize the depths out of which He has brought us we should hasten to renew our trust in Him, and promise by His help ever to be true to Him. Let us ask you to find your way to your accustomed place of worship on the first Sunday of the New Year and find your full place in the service of God during the whole year. Then we may promise you a truly Happy and Blessed New Year.—W. M. Morris, John Dodds, Fergus Watkin, E. R. Young.

SOME THINGS ABOUT 1919.

There will be three eclipses during 1919, two of the sun and one lunar. Good Friday comes on April 18. Dominion Day falls on a Tuesday, and next Christmas on a Thursday. There will be five Sundays in March, June, August and November. Spring is billed to arrive March 21 at 11 a.m.; summer comes on June 22; autumn canters around on September 23 at 10 p.m., and King Winter's reign opens at 4 p.m., December 22.

LETTER FROM HOLY CITY.

"Lawks, this war do open one's eyes, don't it? Fancy your son writing from Jerooslem—I always had an idea that Jerooslem was in Heaven."

THIS IS THE POINT.

Brantford city has only one newspaper, the Courier having recently gone out of publication. The practice, so many prevalent, of conducting a newspaper as a philanthropic enterprise, is not appearing in these days of high wages and excessive prices. Woodstock, which thirty years ago had two dailies and three weeklies, now has one paper; Galt has one; Oshawa has one. There are four of the most prosperous of the smaller cities of Ontario. If one paper serves the public in each of these places, and is not making fabulously rich, what justification can there be for three papers in Orangeville, or three in Cobourg? It is no reflection upon the men who have worked earnestly for little return to say that none of them have earned journeymen's wages for an eight hour day during the past ten years. These are the days of a union of forces. The newspapers in the smaller cities are seeing the unwisdom of senseless competition, with its incessant slavery and inadequate returns. The editors in the smaller towns should follow their example.—Brampton Conservator.

DEPARTING FRIENDS GIVEN PRESENTATIONS

In the departure of G. W. Jenkins and family for Toronto, Grand Valley loses people who have done much for the entertainment of the village. In the many dramatic productions put on in the village, Mr. and Mrs. Jenkins took an active part. The Dramatic Club, of which he was a moving spirit, raised enough money to practically pay for the stage and equipment in Carnegie Hall. Mrs. Jenkins also took a deep interest in patriotic work. As a member of the Women's Institute, her services being recognized by her co-workers the other evening in presenting her with a silver and cut glass butter dish. On Friday evening the girl friends of Knox church presented Miss Edith Jenkins with a pretty pendant in recognition of her services as a member of the choir and other organizations.—Star and Vidette.

FERGUS OFFICER RETURNS.

Last Friday morning the family and friends of Lieut. A. Lawson Steele were overjoyed to greet him on his return from overseas, where he has been for nearly four years. He is the eldest son of Councillor A. C. Steele, a graduate of Fergus High School and the School of Practical Science, Toronto. He was engaged in mining engineering in the Cobalt district when the war broke out and enlisted with the second contingent, in the Divisional Engineers branch. After spending nearly two years in France as a sapper he returned to England to qualify for his commission, and received a lieutenancy in the 78th battalion, Canadian Infantry. He was severely wounded last March, during the time of the German advance, in both leg and head, the latter causing defects in one ear for a considerable time. When the armistice was signed he was in the Reserve waiting to be drafted back to France. Two brothers are still overseas, Harry, who went away as a signaller with the 153rd and is now with the 8th battalion, France, and Capt. Arthur C., with the C. A. D. C., in England.—News-Record.

HALLIDAY–WILLIAMS.

A quiet but pretty wedding was solemnized at the Methodist parsonage at Corbetton on Dednesday, Dec. 25th, 1918, when the Rev. F. G. Stotesbury united in marriage Kezia L. Williams, eldest daughter of Mr. and Mrs. Titus Williams, to William B. Halliday, eldest son of John Halliday, both of Riverview. The bride looked charming in her travelling suit of navy blue serge with hat to match. The young couple left on the evening train amid showers of confetti for a short trip to Mono Road and Caledon. They have the best wishes of a large circle of friends. The young couple were the recipients of many useful gifts which testify to the high esteem in which they are held. On their return home they will reside on the groom's farm northwest of Riverview.—Dundalk Herald.

WOUNDED AND ALONE.

Pte. John Dobson, a Paisley Soldier, Severed Shattered Leg With a Jack Knife.

A rousing reception was tendered Pte. John Dobson in the town hall at Paisley on his return home. He was the first Paisley soldier to return since hostilities ceased. Ex-Reeve Ballachey presided and called for brief addresses from Revs. S. W. Diehl, G. C. Little, M. Neilson and Messrs. A. Pearce, D. McKenzie, I. Shoemaker and H. McKerracher. A musical program was rendered. Pte. Dobson was modest in his remarks, but to be in khaki, minus a leg, speaks volumes.

Pte. Dobson is one of the four sons of Mrs. Thomas Dobson of Paisley who enlisted in the 160th Battalion and went to France in a draft last Spring. He took part in a number of engagements, and at the battle of Arras in August was struck by a shell, almost severing his right leg. As no one came to his assistance for some time he was brave enough to act as his own surgeon, cutting off the limb with hi jack knife. His three brothers, Ptes. Frank, Robert and Edmund, are now on their way to Germany, fortunate in not being wounded.

Soldiers Home THE SALVATION ARMY **Coming Campaign**

War Work and After-War Work of the SALVATION ARMY

"FIRST TO SERVE—LAST TO APPEAL"

The Salvation Army has for 53 years been organized on a military basis—inured to hardship, sacrifice and service. It is always in action, day and night.

It has maintained Military Huts, Hostels and Rest Rooms, providing food and rest for tens of thousands of soldiers each day. 1,200 uniformed workers and 45 ambulances have been in service at the front—in addition to taking care of the needs of soldiers' families here at home, assisting the widows and orphans, and relieving distress arising from the absence of the soldier head of the family.

Notwithstanding all the Government is planning to do, notwithstanding the pensions and the relief work of other organizations, hundreds of cases of urgent human need are constantly demanding the practical help the Salvation Army is trained and equipped to render.

The Salvation Army Million Dollar Fund

January 19th to 25th

While it could do so, the Salvation Army has carried on without any general appeal. Now the crisis is arising with the return of the 300,000 soldiers. The budget for essential work during the coming year has been prepared. A million dollars must be raised to continue the after-the-war activities, which include:

Hostels for Soldiers

Salvation Army Hostels are vitally necessary for the protection and comfort of the soldier at the many stopping places between France and his home here in Canada. These Hostels—or military hotels—provide good food, clean beds, wholesome entertainment at a price the soldier can afford to pay. If the boys did not have a Hostel to go to, WHERE would they go?

Care of the Wives, Widows, Dependents and Orphans of Soldiers

Scores and hundreds of cases could be cited where soldiers overseas have been comforted by the assurance that the Salvation Army has stepped in to relieve their families from dire need. As an instance, a mother with six children is located—no fuel, weather freezing, food and funds exhausted by sickness and other troubles. They are taken to Salvation Army Emergency Receiving Home. Winter and 300,000 soldiers returning increase the demands on the Salvation Army, whose personal help alone is of avail. Consider, too, the vast and complex problems arising out of the case of soldiers' widows and orphans.

Keeping the Family Unit Intact

The women of the Salvation Army on their visiting rounds accomplish the apparently impossible. Is the discharged soldier out of a job? They find him one. Is the wife sick, the home-work piling up, the children neglected? They nurse the wife, mother the children, wash and scrub. Is there urgent need for food, fuel, clothes or medicine? They are supplied. It takes money, of course, but more important is the loving spirit of service in which the work is done.

When the Soldier Needs a Friend

The Salvation Army Lassie provides the boys with hot coffee, the pies, chocolate, magazines, writing materials, and the spiritual comfort which the boys in Khaki need. Until the last homeward-bound soldier is re-established in civilian life, will you not help the Salvation Army to combat the discomforts and evils that beset his path?

The service of the Salvation Army, founded on sacrifice, demonstrates the true spirit of the Master. It is directed to the extension of the Kingdom of Christ. For two generations the Salvation Army has stood out and out for God.

It approaches practical problems in a practical way and achieves RESULTS. It co-operates with all—overlaps none. It recognizes neither color, race nor creed. It is always in action, day and night. No organization does greater work at less cost. To carry on its great work it must have financial help, and on its behalf members of the Dominion Government, business men and returned soldiers endorse this appeal for funds.

SPECIFIC FOR BRONCHITIS

The turpentine used in Dr. Chase's Syrup of Linseed and Turpentine is not the ordinary commercial article, which is little used because of the unpleasantness of taste, but is specially extracted from tamarac and spruce gum and so combined with other valuable ingredients as to be at the same time pleasant to use and wonderfully effective in the cure of affections of the throat, bronchial tubes and lungs.

Mr. Monk, a resident of Hanover, Ont., died last night on the G. T. R. train No. 189, which was in charge of Engineer T. Arkell and Conductor A. Ireland and northbound from Toronto to Palmerston.

Sangster Hemphill has patented an idea for sewing machines which gives one-third more power, or better, enabling a sewer to get through one-third more work in a given time than the ordinary saw.

Corp. Peachey, a member of the Grand Valley platoon of the 164th, has arrived home from overseas. A year ago last November he was severely wounded in the right hip by a fragment of a German shell.

Lieut. Jos. Le Gard, formerly foreman of the Flesherton Advance, has returned from overseas. On Sept. 28th while leading his men on the outskirts of Cambrai he was shot in the left abdomen by a machine gun bullet. His wound made it necessary to send him back to England. He crossed the Atlantic on the S. S. Carmania.

The death took place in Toronto of Walter Hunter, youngest son of the late J. M. Hunter, M. A., principal of Barrie Collegiate Institute, and of Mrs. Hunter, and nephew of Mr. and Mrs. A. W. Wright, Mount Forest. Deceased was taken ill of pneumonia. He had been bank manager at Oil Springs, when he enlisted and served at office work in London.

Pte. P. J. Burge, of Honeywood, who went overseas with the 164th Battalion, and was afterwards transferred to a machine gun corps, returned to Canada by the Carmania and arrived home quite unexpectedly. Pte. Burge was on the troop train from the Carmania that was wrecked, but luckily the car in which he was in, which was nearest the engine, only went partly over, and he received no injuries.

ELECTRIC TIME SAVER WASHER

Does your Washing in half the time

The Time Saver Electric Washer does your washing in half the time it takes to wash by hand. It washes the clothes while you are doing other work, washes them while you are getting breakfast and doing the up-stair work. It not only washes the clothes but wrings them too, and wrings them quicker and better than can be done by hand. It does the work so quickly and well, it saves three whole hours on wash day.

ELECTRIC BT TIME SAVER WASHER

It runs on 2c. an hour. Runs as quietly as a sewing machine. It is far more simple in construction than a sewing machine and far easier to operate. We have a washer in the store to show you. Let us demonstrate it in your home. Phone or call.

BEATEN BY FALSEHOODS.

Letter from James R. Hillyard, re Deputy-Reeveship Contest in Caledon.

Caledon, Jan. 7, 1919.

Dear Mr. Editor,

Will you please allow me space in your valuable journal to point out some of the injustice that was done me during the last municipal elections. After being six years in public life in this township, I expected that the electors would judge me on my municipal record, but I am sorry to say that this seems to have received very little consideration at all, but a campaign of slander and falsehood was substituted instead and to this I attribute my defeat on Jan. 6th.

A few days before polling a seditious and wilful lie was hatched out and circulated broadcast against me by my oponents to the effect that I have been employed by the military authorities to do the work of a spy and acting in that capacity I furnished them with a list of names of young men from this community who should be conscripted for overseas service.

Now, Mr. Editor, I want to make a most emphatic denial of this vile charge which was used against me and say that it is nothing but a fabrication from beginning to end and gotten up expressly to injure me at this time, and it certainly did no end of harm to my candidacy, as nothing could harm me more with the electors, especially the young men, whom I depended upon for their usual support.

Now, if anyone doubts the truth of this denial I will place one thousand dollars in the Bank of Commerce, Orangeville, to be claimed by anyone who can prove me guilty of the above charge. Some people will say I am "sore" after being defeated; but being out of municipal life in Caledon just now is the least of my worries; but to think of being defeated by such low tactics is rather hard medicine to swallow. However, I was always a good winner, was never overelated by success, and I want to prove that I can be a good loser too and am not downcast over a defeat that was secured by means which I would a thousand times rather be the victim of than be elected by.

I thank those who so nobly stood by me in the contest and refused to believe anything of the false report. As for those who withdrew their support I can only say they have been deceived. I am still proud of my municipal record and am sorry that in this case the camouflage worked.

Thanking you, Mr. Editor, I remain

Yours truly,
JAS. R. HILLYARD.

Dufferin County Enlistments

Lord Dufferin Chapter, Daughters of the Empire, has undertaken the preparation of a Record of all those, both male and female, who have left the County of Dufferin for service overseas.

As it is desired that this record may be complete and that no one from Dufferin shall be overlooked, you are requested to fill in the answers to the following questions in connection with any Soldier known to you, whether he or she enlisted in Dufferin or not and whether related or not, and return the clipping to Mrs. C. R. McKeown, or Mrs. (Dr.) J. A. Macleod, Orangeville.

If you can also furnish a snapshot of the Soldier or Nursing Sister this will be appreciated and will be added to the Record.

DO NOT PASS THIS REQUEST ASIDE in the belief that someone else will answer for the one known to you, as it would be much better that many reports as to the same person should be received rather than that any one should be overlooked.

The National Chapter, I. D. O. E., has this work in hand for all Canada, and the Record of Dufferin's contribution should be well looked after. This Record will be deposited in one or more of the Public Libraries of our County and will be valuable as an historic document in future years.

$25.00 FOR A LETTER

CAN YOU WRITE ONE?

Thirteen Prizes to be Awarded in a Letter Writing Competition.

Some years ago the Dr. Williams' Medicine Co., of Brockville, Ont., offered a series of prizes to residents of Ontario for the best letters describing cures wrought by the use of Dr. Williams' Pink Pills for Pale People. Hundreds of letters were submitted in this competition, and yet there must have been thousands of other users of the pills who did not avail themselves of the opportunity to win a prize. To all these another letter writing competition is offered. Thousands of cures through the use of Dr. Williams' Pink Pills have never been reported. These will furnish the material for the letter to be written in this contest. There is no demand upon the imagination; every letter must deal with facts and facts only.

THE PRIZES:

The Dr. Williams' Medicine Co., of Brockville, Ont., will award a prize of $25.00 for the best letter received on or before the 20th day of February, 1919, from residents of Ontario, on the subject: "Why I Recommend Dr. Williams' Pink Pills." A prize of $10.00 will be awarded for the second best letter received; a prize of $5.00 for the third best letter, and ten prizes of $2.00 each for the next best ten letters.

THE CONDITIONS.

The cure or benefits from the use of Dr. Williams' Pink Pills described in the letter may be in the writer's own case, or one that has come under his or her personal observation.

More than one cure may be described in the letter, but every statement must be literally and absolutely true.

Every letter must be signed by the full name and correct address of the person sending it. If it describes the cure of some person other than the writer of the letter, it must also be signed by the person whose cure is described as a guarantee of the truth of the statement made.

The writer of each letter must state the name and date of the paper in which he or she saw this announcement.

Fine writing will not win the prize unless you have a good case to describe. The strength of the recommendation and not the style of the letter will be the basis of the award.

It is understood that The Dr. Williams' Medicine Co. shall have the right to publish any letter entered in this contest if they desire to do so whether it wins a prize or not.

The contest will close on February 20th, 1919, and the prizes will be awarded as soon as possible thereafter. Do not delay. If you know of a cure write your letter NOW. Observe the above conditions carefully or your letter may be thrown out.

Address all letters as follows:
The Dr. Williams' Medicine Co.,
Brockville, Ont.
Letter Contest Department.

DUFFERIN WARDENSHIP.

Another interesting race is in prospect for the Dufferin County Wardenship this year. The aspirants are Reeve Hepton of Amaranth, Reeve Hilborn of East Luther and Reeve Brett of Shelburne. Whether Reeve Brett can command sufficient votes to make him a real factor in the race is problematical. He is handicapped by the fact that his predecessor in office, Reeve Falconer, was Warden of the county a couple of years ago. Reeve Hepton bases his claim to the position on the facts that he is one of the senior members of the council in point of service and narrowly missed landing the coveted honor a year ago when he was nosed out by Reeve Menary of Grand Valley. Mr. Hepton would likely have won out in the race only for the absence of Reeve Brett, of Shelburne, who was unable to attend the opening session of the council. Reeve Hilborn, the third aspirant, has been runner-up in more than one Wardenship fight and his friends think it is surely his time to win this year. A strong argument in his favor arises from the fact that East Luther has not had a Warden since the present system of electing the county council came into effect. The last time the Warden was an East Luther man was in 1906. Since then every other municipality in the county has had the honor of a Warden and no less than four municipalities have had two Wardens each. On top of all this, Mr. Hilborn is now serving his sixth term as county councillor and therefore has an advantage over his opponents in point of service. The council is said to be pretty evenly divided and it will be a close race whoever wins.

WELWOOD-STINSON.

A very pretty wedding took place at "Melrose Farm," Hargrave, Man., on Tuesday, Dec. 31st, when Bertha Lillian, eldest daughter of Mr. and Mrs. Geo. S. Stinson, was united in marriage to Mr. Cecil E. Welwood, of Orangeville, Ont., by the Rev. D. B. Kennedy, of Elkhorn. The bride, daintily gowned in white satin with trimmings of silk georgette crepe and beads and carrying a bouquet of pink carnations, entered the parlor on the arm of her father to the strains of the wedding march played by her sister, Miss Vera Stinson. After the ceremony the guests partook of a sumptuous repast. The bride and groom left on their honeymoon the following day for the East where they will reside on the groom's farm, 4th line, east, Caledon, the bride travelling in a costume of nigger brown and wearing the groom's gift, a beautiful set of black wolf furs. The gift to the pianist was a gold pendant set with pearls.

CALEDON.

Late every another home in this vicinity the family of Mrs. Duncan McArthur, of the second line, east, Caledon, has been sorely stricken by the prevailing epidemic. All the family were in the throes of it, both Charles and Duncan dying of pneumonia following influenza within a couple of days of each other. They were both laid to rest in St. Andrew's cemetery on the former on Thursday, Jan. 9th, and his brother on Saturday, Jan. 11th. We are glad to say that the disease did not take so serious a turn in the cases of Mrs. McArthur and her daughter, Irene. Both are convalescent.

Charles J. McArthur was the eldest son of the late Duncan McArthur. After spending his early life on the parental farm he, like many another young man, went West and located on a farm north of Calgary, near Crossfield, Alta., where he carried on successfully for eleven years. Compelled on account of ill-health to return to his old home, he had regained his health only to be stricken by the disease which caused his death. He was a young man of buoyant spirits, dutiful in the home and highly respected in the community.

Donald John, the youngest of the family, had always remained at home. He had not enjoyed good health for several years. Quiet and retiring in his ways he occupied a high place in the esteem of all who knew him.

The surviving members of the family are the mother and Miss Irene at home, Duncan on a farm nearby, Mrs. Thos. Bell of Cataract, and Mrs. W. G. McKenzie of Detroit.

The sudden passing away of these brothers of so highly respected a family has cast a gloom upon the whole community. The heartfelt sympathy of all is extended to them in this great affliction. It is intended to hold a memorial service in Knox church, Caledon, with which the deceased were connected, at a date to be announced later.

TEXAS PHYSICIAN TREATS 1400 FLU CASES IN MONTH

Dr. J. W. Sandlin Has Found Tanlac To Be Great Remedy for His Patients.

The following letter from Dr. J. W. Sandlin, one of the most prominent physicians of Southern Texas, has been received at the Tanlac office and gives indisputable evidence as to the value of Tanlac as a reconstructive tonic for persons who are recuperating from the after effects of Spanish Influenza. His letter follows:

Humble, Texas, Nov. 5, 1918,

"Dear Sir:

Just a few lines in reference to Tanlac. I have found your preparation to be a wonderful reconstructive tonic, and in my opinion it has no equal in its value. I have found it to be the best tonic to be had to build up my patients who have had Spanish Influenza. I have treated within the past month about 1,400 cases, and have never been able to get sufficient Tanlac to supply our people.

Yours very truly,
(Signed) Dr. J. W. Sandlin."

Dr. Sandlin not only enjoys a very large practice as a physician, but he is also a man of wide influence and ranks as a leading citizen of the enterprising little city of Humble, Texas.

As a practicing physician of sixteen years' experience Dr. Sandlin was quick to recognize the superior tonic properties of Tanlac over other remedies and unhesitatingly and voluntarily gave Tanlac his unqualified endorsement.

Although the Influenza epidemic greatly subsided for a short time, it is today breaking out anew in its very worst form from practically one end of the country to the other and continues to claim its victims by the thousands.

According to late reports, over 350,000 people have already died from the disease.

Persons who have had Influenza are oftentimes left in a very weakened, run-down condition and unless the greatest care is taken, both as to habits and diet, serious complications are apt to follow. If you are in this condition nothing on earth will build you up and strengthen you like Tanlac, as is clearly proven by the experience of Dr. Sandlin and other well-known physicians who are using it so successfully in their daily practice.

As a reconstructive tonic and body builder, Tanlac is without an equal and contains the very elements needed by the system to restore you to your normal strength and weight and to fortify your system against attack.

In connection with the Tanlac treatment it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac.

Tanlac is sold in Orangeville by C. V. Jeffers; in Grand Valley by G. E. Morrow, and in Shelburne by J. E. A. White.

MEMORIAL SERVICE.

MEMORY OF LATE PTE. WALKER JENKINS HONORED IN HERALD ANGEL CHURCH.

A memorial service was held in Herald Angel church, Cardwell, at 2.30 o'clock on Sunday afternoon, Jan. 12th, in honor of the late Pte. Walker Jenkins, oldest son of Mr. and Mrs. John E. Jenkins, of Carievale, Sask., formerly of Mono. A special service was arranged for the occasion and was opened by an organ selection by Miss Lorna Bracken, who presided at the organ during the service. The hymns sung were the favorites of Pte. Jenkins and were as follows: "Safe in the Arms of Jesus," "When Mothers of Salem," "Beneath the Cross of Jesus" and "Souls of Men Why Will Ye Scatter?"

The sermon was preached by the rector, Rev. P. C. Howard, from the text, "But we all with unveiled face beholding as in a mirror the glory of the Lord are transformed into the same spirit from Glory unto Glory, even as from the Lord the Spirit," II. Cor. 3:18. In the course of his sermon the rector made a touching reference to the noble life of the late soldier, showing how his life had reflected on the lives of others for good. During the offertory a very appropriate solo was sung by Mrs. P. C. Howard, entitled "Take Thou My Soul to Keep." The church was well filled by relatives and friends of the young soldier and was beautifully decorated with flags and bunting for the occasion.

Pte. Jenkins, who was only 21 years and 4 months of age, enlisted in Regina, Sask., on June 12th, 1918, and went overseas on July 24th, about six weeks later. While training in England with the 15th Canadian Reserve Battalion he contracted Spanish influenza. He was taken to Bramshott Military Hospital, where he died on Oct. 9th, 1918. Deceased was a fine looking, manly young chap, who had the happy faculty of making and holding friends. He accepted the hardships and vicissitudes of soldiering with a brave and philosophical spirit and his letters home were always bright and cheery and replete with accounts of scenes and incidents that had come under his observation. Shortly after his untimely death his parents received the following sympathetic letter from the chaplain of his battalion:

15th Canadian Reserve Batt.,
Bramshott, Eng., Oct. 22nd, 1918

Dear Sir,—You will have heard before you get this of the death of your son, Pte. W. A. Jenkins, on the 7th of this month. I only write to express my deep sympathy with you in your great loss.

Pte. Jenkins caught the prevalent influenza and was taken to Bramshott Hospital, where everything possible was done to save his life. Like a good many other brave boys he was not able to rally from it and passed peacefully away in the hospital.

He was buried a few days ago in the beautiful churchyard here with military honors. I took the service over his grave. I enclose a picture of the Canadian graves. His is more to the left out of the picture. It will be always carefully kept and taken care of.

I pray God may soon give us peace and the victory of the great cause of righteousness, for which so many brave men have died. With much sympathy,

Yours faithfully,
W. A. FERGUSON, Chaplain.

A FEW WORDS ABOUT WOOLLENS

To keep a fighting man in fighting condition, you must keep him warm for one thing. The pick of the woollen cloth is being utilized right now for soldiers' clothing; it is right these "upholders of our rights" should have the best. Many months ago, yes months, we made plans for these very Overcoats you'll find here; our big contracts for clothing were in before the shut off of woollens for men back home went into effect. We feel sure our patrons will appreciate our timely buying.

Don't think because we haven't mentioned Ties, Gloves, Sox, Caps, Work Shirts, Work Gloves, Overalls, Pants and Fur Coats, that we haven't them. The greatest showing in town and at the most reasonable prices awaits you here.

DOCTOR SAYS VINOL IS THE BEST TONIC

Honest Opinion Doctor Gave His Patient

Bedford, Ohio.—"I was in a pitiful condition, weak, nervous and run down so I could not do my housework. I had doctored for years and tried everything under the sun. A friend told me about Vinol. I asked my doctor about it, and he replied, 'It certainly is the best medicine that can be had today. I couldn't give you any better.' I took it, and today I am as well and strong as any woman could wish to be, and it was Vinol that saved me."—Mrs. Frank A. Horkey, Ash St., Bedford, Ohio.

We guarantee this famous cod liver and iron tonic for all such conditions.

CANADIAN FINANCE.

The Great War has taught Canadians that they all must save and fortunately, through War Savings Stamps, this can be done profitably, for they yield more than 4½ per cent. compounded half yearly.

Saving made the Victory Loan possible. For years back a number of our people had been spending a little less than they made and when the Government called for money they came forward with their savings. There was no trick in what they did; it was simplicity itself.

Now this saving must go on. Canada will need many millions for new enterprises, and since she cannot borrow money abroad, as she could in days before the war, this means that her own people must provide it.

In order to make saving both easy and attractive the Dominion Government has launched the War Savings Plan. By this method a person who now invests $4.00 in War Savings Stamps will get back $5.00 in January, 1924. This means a rate of interest a little over 4½ per cent. payable half-yearly. There is no limit on the number of Stamps a person may buy. Could anything be easier?

Mel. R. Russell, of Dundalk, has gone to Mawbewnwa, New Ontario, to take charge of the public school.

PILES Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c. a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto. DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that *Auto-intoxication*, due to non-action of the bowels, is *directly responsible* for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rashes, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs.

Miss B. M. Nelson, of Toronto, is spending her holidays with her parents.

Rev. and Mrs. G. W. Moore, of Sprucedale, spent New Year's with the latter's parents, Mr. and Mrs. G. Nelson.

Misses Maude Grosskurth, Edith Lang and Fanny Hamilton, who are attending Normal School in Toronto, spent their vacation at their homes here.

Mr. F. Rayfield, Professor in the Upper Canada College, Toronto, gave "Jean Val Jean" on Monday evening in connection with the League. There was a large crowd and the story was very interesting.

Mrs. S. Banks, of Toronto, spent Christmas with Mr. and Mrs. R. A. Banks.

Mr. and Mrs. W. I. Carroll, of Grand Valley, spent Sunday with Mrs. T. J. Hamilton.

MARSVILLE.

The Marsville Women's Institute was very hospitably entertained at the home of Mrs. Alex. Oliver, on Jan. 2nd. As the meeting was the first in the new year there was an unusually large crowd. The report of the last Red Cross meeting was read. At this meeting a large box of soldiers' comforts was packed, consisting of surgical gowns, pyjamas, property bags, towels, etc. As the Institute still has on hand a large supply of uncut material, the ladies have decided to make it up for the needy Belgians.

The roll was then called, each member present responding with an amusing anecdote. Miss M. Platt gave a very interesting and instructive paper on "Friendship." Music was rendered very effectively by Mrs. L. H. Woods and Miss H. Oliver, also singing by the young girls, which was enjoyed by all. The meeting closed by singing God Save the King. The next meeting will be held the first Wednesday in February at the home of the president, Mrs. Wm. Donaldson.

We are glad to be able to say that Rev. R. S. Scott, who has been confined to his bed for the past three or four weeks with the Influenza, is now progressing favorably.

We would like to know if our correspondent has the flu. We have failed to hear from him for some time.

Wedding bells will soon be pealing forth their merry chimes in our burg.

NO ALIEN WANTED.

For once Judge Richardson was shocked out of his dignity. The case had to do with a young man whose sanity was questioned.

"You should have an alienist examine this boy," remarked his honor.

"Nothing doing," shouted the father, to the astonishment of the court. Then he added, "A Canadian doctor's good enough for me!"

ARMY SPENT TWO MILLIONS IN MANY WAR ACTIVITIES

But Has Never Made an Appeal for Help; Operated 197 Huts and 96 Hostels, While Many War Widows and Orphans Are Being Cared for.

Among the organizations operating among the troops, both at home and abroad, to improve their social condition and ameliorate the hardships of war, the Salvation Army was the first in the field, and it is the last to make an appeal for public donations.

This organization, which operates in sixty-three countries and speaks forty languages, is launching a campaign to raise throughout the Dominion one million dollars to carry on the work among the troops in the field, and it is the last to make an appeal for public donations.

The Canadian public, which is to be asked to give a million dollars for the Salvation Army's war and reconstruction work, is entitled to know what claim the Salvation Army has for monetary assistance. In the first place the Army has spent $2,000,000 in war activities. Here is a summary of the operations of the Army directly connected with the war:

Forty rest rooms, equipped with papers, magazines, writing materials, etc. These are for the use of soldiers.

Forty-five motor ambulances in France, manned by Salvationists.

Ninety-six hostels for use of soldiers and sailors. These are located in France, England and Canada. The Army plans a wide extension of its string of hostels in Canada.

One hundred and ninety-seven huts at soldiers' camps. These are used for religious and social gatherings, and at these huts the fighting men are able to buy what extras they require in the nature of "eats" at the very lowest rates.

Two hundred and ninety-eight war orphans cared for.

Seven hundred and sixty-one Salvation Army Officers and members devote their whole time to work at the front.

Twenty-one hundred war widows in the care of the Army.

Five thousand, three hundred and seventeen beds in hostels close to railway stations and port landings for the soldiers and sailors going to and returning to the front.

Fifty thousand Salvation Army Officers and members fighting with Allied armies.

One hundred thousand parcels of food and clothing distributed among soldiers and sailors.

One hundred thousand wounded soldiers taken from battlefields in Salvation Army ambulances.

Three hundred thousand soldiers and sailors daily attend Salvation Army huts.

These are but a few of the things that are seen and recorded. There are many other activities which count for the Salvation Army, but which cannot be put down in statistical form. For instance, many soldiers can tell us some favor, some blessing, some advice that they have received at the hands of the soldiers enlisted under the Blood-and-Fire Banner of the Army. It is a wonderful story of sacrifice and heroism. The boys have told us about it in their letters home. The deeds of the Salvation Army are well known and appreciated.

In getting the boys back to civil life the Salvation Army has much work to do. It will help many a discouraged man onward and upward in the struggle for existence, but to do the work that will be open to do, a vast amount of money will be required. One million dollars will not be too much.

How to Remove Pains Caused by Kidney Trouble

It may be news to you, but it is history to thousands of persons, who have suffered from Backache, Painful Urination, Swollen Joints, Constant Headaches, etc., that Gin Pills remedy Kidney and Bladder troubles by first removing the cause.

The cause of all Kidney diseases such as Rheumatism, Lumbago, Sciatica, etc., is congested Kidneys. Kidneys that fail to perform their function of filtering the poisons and impurities from the blood. These poisons remaining in the system are the direct cause of a chain of dreaded diseases.

If you've never heard of Gin Pills before ask any of your friends about them. Gin Pills have been on the market for years; they are the old reliable remedy for Backache, etc. If you suffer from any Kidney or Bladder afflictions try Gin Pills.

Should you not care to buy them as an experiment, a sample box will be sent to you on request.

Gin Pills contain the beneficial ingredient of Gin without the slightest trace of alcohol. For many years bottled Gin was considered the ready remedy for Kidney or Bladder troubles. Scientific research proved, however, that the reason for this was due purely to the extract of Juniper it contained and nothing else. From hundreds of letters received by us we are convinced that all any sufferer of Kidney or Bladder trouble needs to do is try Gin Pills—and they will find relief at once.

KILLED IN CAMBRAI FIGHT.

Mrs. Arthur Cockerill, of Elba, Mono township, on Saturday last received the following letter from Corporal L. C. Anderson, from Belgium, in which he forwarded the first particulars regarding the death of her brother, Pte. J. J. Morrison, news of whose death in action was received by his father, Arthur Morrison, in November last:

Bonquieres, Belgium,
November 22, 1918.

Dear Mrs. Cockerill,

It is with deep regret in the sad occurrence which makes it necessary for me to acknowledge the receipt of your parcel to your brother, John Morrison. You will in all probability have been notified before now of your brother being killed in the Cambrai attack on Oct. 1st. At the time I was gun commander of the crew he was with. He was wounded during the morning of the attack through the side and also the lung. He made the attempt to get back alone and that was the last we saw of him. His body was found by a burial party several days later after our advance had progressed. As is usual under such circumstances the parcel was opened and distributed amongst the crew to which he belonged. The cigarettes were very welcome to the men as they came at a time when it was practically impossible to buy them and I am sure under happier circumstances your brother would have done likewise with them. The men wish me to convey their heartfelt sympathy to you in your loss. Yours in all sympathy,

L. C. ANDERSON, Corp.
No. 649467, K. Battery, 1st Battalion, C. M. G. C., France.

S. H. Rutledge, of Shelburne, had the big toe of his foot burst open as the result of a stick of wood falling on it.

Pte. Austin Duffy, a Grand Valley member of the 164th, arrived home from overseas one night recently and was given a rousing welcome. Duffy was in the fighting on the Western front and received a gunshot wound in the knee, which kept him in the hospital for a time.

LOOKED THE PART.

The lady visitors were going through the penitentiary under the escort of the superintendent when they came to a room in which three women were sewing. "Dear me," one of the visitors said in a rather loud whisper, as she stared at them through her lorgnette, "what vicious-looking creatures! Pray, what are they here for?"

"Because they have no other home," responded the superintendent blandly; "this is our sitting room, and they are my wife and two daughters."

WARNING!

The death of a munition worker was recently reported as a result of blood-poisoning from a slight cut.

Now we are all more or less liable to accidents, both at home and at work, but we can protect ourselves against serious consequences by applying Zam-Buk immediately an injury to the skin is sustained.

Zam-Buk contains very unusual qualities. It is a strong antiseptic, and at the same time is very soothing and healing. It is, therefore, capable of ending the pain and destroying the poison in a wound before healing. Zam-Buk not only destroys all germs in a wound, but by protecting it from the germ-laden air keeps other diseases out. At the same time the healing essences of Zam-Buk grow new skin, which gradually covers the sore place and a complete cure is the result.

There is nothing else known to science which will perform the healing miracles done by Zam-Buk. This is because of the secret herbal composition of this balm. Be prepared for any emergency by keeping a box of Zam-Buk on hand. 50c box, 3 for $1.25. All dealers or Zam-Buk Co., Toronto. Send 1c stamp (for postage) and FREE trial box will be sent you.

POINTERS ON THE PREVENTION OF FIRE

The following suggestions are made to householders so that they may prevent fires:

In case a fire does occur it is well to know where the nearest fire alarm box is located; and learn how to turn in an alarm.

Keep attics and cellars, yards and outbuildings clear of rubbish and inflammable material.

Do not start a bonfire near the house, fence or outbuildings, and never when the wind is blowing.

Do not heap up the grate and then go away and leave the fire. All open fires should be screened.

Never place paper near or over a flue opening.

Be sure the chimney is safe and clean, and that all flue holes not in use are covered with light metal caps.

Replace all broken mica that may be in the stove.

Protect all woodwork around the stove with metal plates, especially the floor.

Watch the drafts so that the stove does not become overheated.

If you smell gas, open the windows and call a plumber. Don't go looking for the leak with an open light.

If you smell smoke, investigate until you find the cause.

If you are using an electric iron and are called away, turn off the current, as otherwise it may become overheated and start a fire.

Do away with swinging gas brackets and rubber tubes from the house.

Never fill a lamp except in daylight. See that the burner is clean and that the wick fits properly.

Use nothing but safety matches and keep them in a metal box out of the reach of children. Caution children against playing with fire or lighted matches.

Keep matches out of the pockets of clothes hung in closets. They may cause a fire by spontaneous combustion.

Use metal cans for ashes. Never put ashes in wooden receptacles nor pile them up against wood.

Get rid of rats and mice. They are disease carriers and their nests are fire traps.

Never use gasoline to clean gloves in the house. Gasoline vapor will carry thirty feet, or more, and explode. One gallon of gasoline has substantially the power equal to eighty-eight (88) pounds of dynamite. So be careful.

Lamps should be set on a heavy base so as to prevent them being easily toppled over.

Use an electric flashlight rather than an open flame in looking for articles, especially in clothes closets.

See that all stove pipes are clean, free from rust holes, and protected from wood by asbestos and metal.

Never light a fire with coal oil or throw coal oil on a fire to quicken it. It may cost you your life.

Never hang clothes to dry near the stove or grate.

Paper shades on electric light globes are a means of starting a fire.

Oily waste or rags used in polishing furniture or cleaning machinery, if left around the house, are liable to cause a fire from spontaneous combustion.

Provide a metal receptacle for cigar and pipe ashes, cigarette butts and matches. Make it a rule that they must not be thrown around the house, but placed in the receptacle provided for them. Never throw a match, cigarette butt or cigar ashes in a waste paper basket.

These are simple precautionary measures, and their observance would do much to change our careless habits. It would tend largely to reduce that terrible record of having two out of every three fires that occur originate in our homes.

What Everywoman Knows

Every year, dress fabrics are becoming sheerer and sheerer—the colors more dainty. The ordeal of trusting the delicate garments to "soap and water", however, is done away with by the use of Lux.

You may feel quite free to buy the daintiest blouse or underwear your purse can afford—without a bit of worry about the washing of them. You keep them fresh and new the Lux way—simply dipping them up and down in the creamy, copious Lux suds with never a bit of rubbing to injure them.

Lux won't hurt anything that pure water itself may touch.

MONO MILLS.

(Intended for Last Week.)

Mono Mills Branch of the Women's Auxiliary held a very enjoyable meeting at the home of Mrs. Oswald Potter on Thursday afternoon, Dec. 26th. About thirty-two ladies were present. During the course of the meeting the ladies sprang a delightful surprise on Mrs. Albert Mills, one of the society's valued members, by presenting her with a beautiful mantle clock and the following appreciative address:

To Mrs. Albert Mills:

Upon the eve of your departure from our community and the severing of your connection with the Mono Mills Branch of the Women's Auxiliary, we wish to convey to you the sense of appreciation which we feel because of your services.

You have been a member of this Branch from its earliest days if not from its inception. You have helped forward our noble cause to the limit of your ability. We feel we owe you a debt of gratitude. Your place, indeed, will be difficult to fill. Our consolation in losing your membership is that the work of the W. A. is universal and that when you ally yourself with another Branch, as we are sure you will, the work of the Master will still go forward, though the laborer move to another part of His vineyard. What is our loss will be the gai nof another Branch, and we shall still work together in spirit if not in actual presence.

Allow us as fellow-members of St. John's branch of the Women's Auxiliary to present you with this mantle clock as a remembrance of many pleasant hours spent together. May it serve as your timepiece for many years of happiness and usefulness.

Signed on behalf of St. John's Auxiliary: Mrs. T. J. Henry.

Mono Mills, Dec. 26th, 1918.

Mrs. R. Speers read the address and Mrs. Geo. Patterson presented Mrs. Mills with the clock. Mrs. Mills made a happy and feeling reply. A delightful social time was followed by the serving of a dainty luncheon by the hostess. Mrs. Mills, who is moving to Orangeville, will be much missed in the W. A. and other ladies' organizations.

A number of the friends and neighbors called on Mr. and Mrs. A. R. Mills on Monday evening of last week to spend a pleasant evening with them previous to their departure to reside in Orangeville. During the evening Rev. A. C. McCallum, rector of St. John's parish, was requested to take the chair and called on Mrs. Wilson Duke to read the following address:

Mr. and Mrs. Albert Mills:

It is with extreme regret that we have heard of your intention to leave our midst and take up your residence in town.

You have lived among us all your lives. We feel that we know you very intimately indeed. This fact renders the separation all the more painful. We are losing our best friends. We shall have to "carry on" without you, but it will be at a very serious disadvantage. Your life has been so intertwined with that of the community that it would seem that the loss was irreparable.

The part that you have played in every good work that made for the uplift of society will not soon be forgotten. You, Mr. Mills, were tireless in efforts to advance the interest of St. John's church. You sought the spiritual uplift of the community. For many years you unselfishly fulfilled the office of warden. Your right to hold such an office was vindicated by your consistent Christian character, your integrity as a business man as well as by your many acts of kindness for all of which we tender you our sincere thanks.

And you, Mrs. Mills, will be missed inasmuch as you have endeared yourself to the whole community. You have helped us by bringing up your family in an admirable manner. Your labor of love will not soon be forgotten. You were foremost to help in every good work even beyond the limit of your strength. Your character of generosity, your kindliness of disposition, your spirit of cheerfulness and optimism, even amid weakness, we shall not forget.

We are glad that you are not going so far away but that we can frequently renew acquaintances. We thank you for the blessing of having come in contact with you and for the part you played in helping to win the Great War. Our prayer is that God's richest blessings, both spiritual and temporal, may bestrew your pathway and that He may render the future career of your daughters and son both happy and useful.

Allow us, your fellow church members and others, your friends and neighbors, to express to you in some tangible form our gratefulness, and present you, Mrs. Mills, with this china set, and you, Mr. Mills, with this rocking chair. They are both insignificant, but may you both live long to enjoy them.

Signed: Peter Rawn, Wilson Duke.

Mono Mills, Dec. 23rd, 1918.

Mrs. Oswald Potter presented Mrs. Mills with a beautiful china set and Mr. Roy Rawn presented Mr. Mills with a morris chair.

Mr. Mills acknowledgment of the gifts was followed by a number of short speeches testifying to the true worth of Mr. and Mrs. Mills and family in the community and expressing the general regret at their loss. The remainder of the evening was spent very pleasantly in games, music and doing justice to the lunch served by the ladies.

A happy family reunion took place at the home of Mr. and Mrs. Ed. Patterson, 3rd line, Albion, on Christmas day. About thirty guests were present, including friends from Toronto, Priceville and Elmvale. Needless to say a thoroughly enjoyable day was spent.

An event of more than usual interest occurred in the village on Friday evening, Dec. 27th, when the people gathered in the hall in connection with the Church of England to welcome home Pte. Ernest Jackson, the first of our boys to return from active service at the front. When it became known that he was on his way home and would arrive on the evening train from Toronto arrangements were hurriedly made to receive him and on his apperance in the hall he was hoisted high on the shoulders of some of his enthusiastic friends and borne to the platform amid rousing cheers, where the large gathering was given an opportunity to welcome him. Pte. Jackson was then presented with a short address and a purse of $65. Short addresses and a number of patriotic songs accounted for a pleasant hour, after which lunch was served. During the evening a committee to be known as a "Memorial Committee," was appointed to take up the matter of arranging for some suitable memorial for the boys who have fallen during the war. It may be remembered that Pte. Jackson was reported in the casualty lists some time ago as being seriously injured during the big advance on the Somme.

A memorial service will be held in Mitchell's Methodist church on Sunday evening, Jan. 12th, to commemorate the death of Pte. Harry Barrett, who has died of wounds in an English hospital since the armistice was signed. Pte. Barrett was well-known here and enlisted with the 164th Battalion.

At the meeting held in the village on Friday evening, Jan. 3rd, for the purpose of organizing a branch of the United Farmers of Ontario, Mr. Wesley Duke, of Mono, was appointed president and Mr. Charles Crombie, also of Mono, was appointed secretary.

And Waken Me—Unable to Rest or Sleep, I Walked the Floor in Nervous State — When Specialists Failed I Found a Cure.

This is the kind of cure that has set Windsor people thinking and talking about Dr. Chase's Nerve Food. The action of this food cure is so radically different to the usual treatments for the nerves that everybody wants to try it. Gradually and certainly it nourishes the starved nerves back to health and vigor and the benefits obtained are both thorough and lasting.

Mrs. M. Smithson, 27 Arthur street, Windsor, Ont., writes: "I was suffering from nervous breakdown, which was caused by a shock when fire broke out in the adjoining house. My nerves were in such a state that, after going to bed I could not get my nerves quieted down sufficiently to go to sleep. I used to get up and walk around the room, or go downstairs. Even when I would be dropping off to sleep my limbs would twitch and waken me. I used to have cold, nervous, night sweats, sometimes would become unconscious and lie that way for quite a little while. I was always cold and it seemed impossible for me to get warm or keep warm. When on the street I would see two or three objects at once, and did not want any person to speak to me or bother me. Any little noise irritated and annoyed me very much. I had consulted specialists and tried many remedies during this time, but could not gain relief. At last I tried Dr. Chase's Nerve Food, and before long could see that this treatment was proving of benefit. I am now feeling so much better that I can go out on the street without any difficulty, can go across the river and go about the same as usual. I sleep well at night, and am feeling more like myself every day. I am pleased to be able to write you to tell you how much good the Nerve Food has done me. It has strengthened and built up my whole system. I am recommending it to everybody I find suffering from nervousness of any kind."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for 12.75, at all dealers, or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

DEATH OF EDWARD HILL.

Edward Hill, an old and respected resident of Mulmur, died at the home of J. J. Kirkpatrick, lot 8, Con. 4, Mulmur, on Tuesday morning of this week. Deceased had been in failing health for over two years, but was stricken more seriously ill about a week ago. He, with his brother, Benjamin Hill, who died in August last, had resided for some time alone on lot, 5 Con. 4, since the death of their sister, Mrs. Robinson, who died about three years and a half ago. The Earnscliffe post office, of which the late Mrs. Robinson was postmistress, was kept at their residence on the homestead until the rural mail delivery went into force, when the office was closed. The brothers, after the death of their sister, continued to reside on the homestead, later residing in Alliston. Deceased was a bachelor and is survived by one brother, W. T. Hill, of Amherst Island. Interment will take place in Mansfield Presbyterian cemetery.—Free Press.

MUSIC?—Why it is the *actual* voice of Anna Case—just as I heard the great soprano at the Metropolitan, New York.

The New Edison is going to be a wonderful help to me with my studies at the Conservatory. It brings right to my very room the voices of the great artists of to-day as they actually interprete the enduring gems of Music. This is not a flimsy shadow, not a mere approximation of Music. It is *Music* "Re-Created" in all its original beauty. There is no shade of difference between the living artists' voice and the New Edisons' "Re-Creation" of it. This—ah, *this* is *Music!*

Wouldn't you like to hear this really marvelous invention of the world's greatest inventor? With the New Edison there are no needles to change. Plays all makes of records. Easy terms if you wish.

The NEW EDISON

"The Phonograph with a Soul"

This wonderful instrument brings the world of music into your home; re-created by the world's greatest artists. No matter where you live, your children can have the same musical advantages as though living in the great cities during the height of the musical season.

The New Edison does not merely imitate. It re-creates. No human ear can distinguish artist from phonograph. The famous Edison tone tests have proved this, not once, but more than 1500 times.

Start the Children's musical education to-day, by bringing them here, and letting us play a program of charming music that will be as enjoyable for you as it will be delightful for the little ones. 169

MONO MILLS.

The community was shocked on Tuesday morning of last week when it became known that Mrs. A. R. Mills has passed away at the home of her mother, Mrs. W. J. Mills, in the village here. Deceased had not been very well for some time and had been suffering from occasional attacks of bronchial trouble but no serious results were expected until a few hours before her death. Mr. and Mrs. Mills had recently sold their farm on the 6th line, Caledon, and were busily engaged moving to Orangeville, where they intended living retired. Mrs. Mills was the eldest daughter of the late John Allen, for many years a prominent business man in Mono Mills. She was possessed of a remarkably cheerful and kindly disposition and held the esteem and affection of the whole community. On leaving the farm she was presented with addresses and tokens of remembrance from both the Women's Auxiliary of St. John's church in which she was a prominent worker and also from the friends and neighbors. Together with her other many good qualities she was intensely patriotic and loyal to her country, having given her sister, Ethel, a professional nurse, to the service of the Allied cause in the late war, and also the service of her only son, Clarence, who was training with the Royal Air Forces when the war ended. Deceased leaves to mourn her loss many who were near and dear to her, including her mother, Mrs. W. J. Mills, her husband, one sister, Miss Ethel, with a hospital unit in the American Expeditionary Forces overseas, one son, Clarence, and one daughter, Miss Irene. Her remains were laid in their last resting place in the Forest Lawn cemetery, Orangeville, on Thursday last. Service was held in the Anglican church here, which was draped for the occasion, conducted by Rev. A. C. McCallum, assisted by Rev. A. Laycock. Many floral tributes were offered in fond remembrance, including a broken column by her husband and family, a pillow by her mother, a wreath by Mr. W. J. Mills, a wreath from the Women's Auxiliary of St. John's church, a wreath by the local branch of the Red Cross in which deceased was a leading worker, spray from her cousins, Mrs. J. A. Armour of Owen Sound and Mrs. Raymond of Toronto, spray from Mr. and Mrs. John A. Vance, spray from Mr. and Mrs. Geo. Campbell and family of Toronto, and a spray from Mr. and Mrs. Charles Young of Toronto. The pallbearers were Messrs. W. A. Henry, Clerk of Mono; Councillor J. Kidd, of Caledon; John H. Kidd, of Adjala; James Kidd, of Albion, Samuel Patterson and Peter Rawn.

Rev. J. A. Matheson, formerly of Priceville, Ont., has taken charge of the Presbyterian church here. The induction service was held yesterday.

A largely attended memorial service was held on Sunday evening last in Mitchell's church, Mono, for Pte. Harry Barrett, who has died of wounds received while fighting at Cambrai on October 18th.

Trooper Maurice Lee, of the Royal Canadian Dragoons, Toronto, spent Sunday at the home of his parents, Mr. and Mrs. Geo. Lee, of Adjala.

ORANGVILLE PRESBYTERY.

The Presbytery of Orangeville met on Tuesday in St. Andrew's. One feature of the docket was the fine spirit manifested throughout the Presbytery in carrying out the program of the Forward Movement. Meetings are being held in Dundalk, Shelburne, Alton and Grand Valley, and more are being prepared for. Principal Dyde, of Queen's College, Kingston, is speaking at some of these meetings. North Erin and Alton congregations are to be congratulated in having Principal Dyde with them this week. Other charges are looking forward to co-operation with the Methodists in the Forward Movement.

CALEDON.

Caledon Council for 1919 held its first meeting in the Township Hall on Monday afternoon. This year's council consists of two old and three entirely new men. Considering the unfamiliarity of the latter with municipal procedure, good headway was made in transacting the business that came before the Board. Reeve Kannawin presided and at the opening session in the forenoon made a neat speech in which he pleaded for harmony and goodwill in the council and every effort on the part of the members to serve the interests of the ratepayers and the municipality at large. The other members of the council spoke briefly in a like strain.

About the first business taken up in the afternoon was the appointment of township officers. The men appointed were: Auditors, Simon Kearns and Cecil Dodds, salary $12.50 each; Assessor, west, E. H. Delaney, $110; east, M. C. Hillock, $95; Collectors, west, Spence McDonald, $150; east, Simon Kearns, $100; Treasurer, W. J. Warnock, $225; Clerk, L. H. Willis, $300, and percentage for levying school rates; Board of Health, Reeve Kannawin, Dr. J. T. Thomas and Mr. Thompson Nesbitt. A rather prolonged deadlock occurred when Mr. McDonald, the collector for the west, declined to accept the position at the salary offered. Mr. McDonald said the job was worth $160 and declined to take it at anything less. The matter was finally allowed to stand over until next meeting. The Erin and Alton managers of the Union and Sterling banks addressed the council respecting the township account. By a vote of 3 to 2 the council decided to give the account to the Union Bank, which has just opened a branch in Caledon under the personal supervision of Mr. F. E. Walker, manager of the Erin branch.

Mr. J. M. Deagle, manager of the Cataract Electric Company, who has been taking a rather active interest in Caledon municipal affairs of late, appeared before the council in a new role on Monday. Late in the afternoon Mr. Deagle, who had been hanging around the hall the greater part of the day, asked for permission to address the council. When this was granted he asked to be allowed to withdraw the agreement which his company had submitted to last years' council and which the council had refused to accept. His request was followed by a rambling speech, which finally developed into an attack on Township Clerk Willis. Mr. Deagle told the council that he thought Mr. Willis had held the office of Clerk for a good while and should retire, particularly as he was now county clerk. He thought the council and citizens should do everything possible for the returned soldiers and expressed his opinion that the clerkship should be given to a returned soldier. Having unburdened himself to this effect the President of the Cataract Company proceeded to take the council into his confidence by telling them that he knew a man—a friend of his own—who would make a good man for the position. A friend in Mr. Willis' place would have suited Mr. Deagle fine when he was trying to railroad through the council a few weeks ago the one-sided agreement that his private solicitor prepared for him in Orangeville. Deagle is sore on Willis because the Clerk proved able and ready to look after the township's interests during the negotiations last December. Caledon is fortunate to have a Clerk of the calibre of Mr. Willis and the people of Caledon will not be slow to understand what Mr. Deagle is driving at when he talks about changing the clerk.

Rev. Mr. McCallum and Mr. J. A. Vance, of Mono Mills, appeared before the council on Monday in support of an application for a grant of $250 toward the cost of a suitable soldiers' memorial, which it is proposed to erect in Mono Mills. We understand that a memorial hall is contemplated. Mono Mills is situated on the corners of four

IF you had a sore place, and had to choose between two remedies, one of which went to the sore spot direct, and the other by a round-about way, which would you prefer? Undoubtedly, the one that gets there direct!

That is just the reason for people's preference for Peps for ailments of the throat, bronchial tubes and lungs. Peps get there direct, because they are breathable, while remedies which are swallowed only go to the stomach

Dissolve Peps in the mouth, and the vapor which is liberated is carried by the breath direct to the breathing passages and minute air cells of the lungs, destroying all germs, and soothing, healing, and strengthening the delicate membranes.

Once you try Peps you will never use any other remedy for coughs, colds, sore throat, bronchitis, tightness across the chest, night cough, laryngitis or asthma. All dealers 50c. box.

THE METHODIST CHURCH.

"The nations that will be great in the future are the nations that look wisely after the health and training of their children today," said Rev. E. R. Young, in the course of his sermon last Sunday morning, "for it is the children of today who will rule the future."

A chorus by Miss Kearns' class of little girls was a pretty and attractive feature of the League meeting Monday night. The meeting was in charge of Miss Arkell. An excellent paper on "The Wise Men in the Gate," was given by Mrs. Still. Next Monday evening there will be a sociable and a most interesting time is anticipated.

The subjects for the sermons of Rev. E. R. Young next Sunday, Jan. 19th are: In the morning, "The Marks of a Christian," and in the evening, "Making Peace."

A LAST CHANCE.

We learn that the Family Herald and Weekly Star of Montreal are shortly to withdraw their offer of the War Album which has been given to all who this season subscribed to that great paper. The Album is certainly a useful little book to have, containing a vast amount of useful information. The coloring of the flags of all the Allies is beautiful. The new Edition now issued has a complete record of the war. It is said an Edition of 25,000 copies were snapped up by the citizens of Montreal in one day. $1.25 pays for a year's subscription to The Family Herald with the Album thrown in free. It is a bargain.

PRESENTED WITH ROCKER.

Shortly after their return home, Mr. and Mrs. Cecil Welwood, of Mono Mills, whose marriage is reported elsewhere in this issue, were given a very pleasant surprise, when about sixty of their friends gathered at their home and presented them with a beautiful rocking chair and the following address:

Mr. and Mrs. Cecil Welwood,

As friends and neighbors we have met to ask you to accept this rocking chair as a token of our esteem and good wishes on the occasion of your marriage, and also as an expression of our love and friendship.

Mrs. Welwood, we welcome you back to our midst because we realize that you will be a valuable help to our community in the future.

You have both taken a very important part in all our social and church activities and we congratulate ourselves in having you both as residents among us. We wish you both a very happy and prosperous life and hope and pray that our associations with you will always be most pleasant and mutually beneficial. Praying God's richest blessings upon you.

Signed on behalf of the neighbors and friends of Mono Mills and district: Rev. Mr. Laycock, Adolphus Holmes, Harold Dowling.

Mr. Welwood made a fitting acknowledgment, after which the evening was delightfully spent in music and games.

—W. S. S. pay 4 per cent. compounded half-yearly.

The Salvation Army Million Dollar Fund

MAIL YOUR CONTRIBUTION TO ONE OF THE TREASURERS BELOW, OR TO COMMISSIONER RICHARDS, 20 ALBERT ST., TORONTO

We MUST provide for the need of the Soldier and his family!

It is absolutely necessary to ensure certain safeguards and comforts to our boys over there and over here, so that they may be re-established in Canada, strong in body and soul, contented that we at home have stood by them to the finish. What sacrifice can we make for the boys who were prepared to sacrifice everything for us?

What the Salvation Army Has Done

It has provided comforts for fighting men since the twelfth day of the War.
Hundreds of thousands of parcels of food and clothing for the boys.
Tens of thousands of beds in Hostels in daily use in France, England and Canada.
197 Huts for Soldiers.
1,200 uniformed workers.
45 ambulances.
Thousands of War widows cared for.
Looked after soldiers' families.
Labored for the Master.
Helped to preserve the home ties.
Given the MOTHER touch to lonely men.

What Remains to be Done

Keep the Hostels open and open more, so that every returning soldier can get a clean bed and wholesome meals at a price he can afford to pay.

Provide comforts and safeguards for our boys, advancing into Germany, as well as those coming home and needing a place to eat and sleep, in Halifax, St. John, Quebec, Montreal, Kingston, Toronto, London, Chatham, Winnipeg or Vancouver.

Guide and assist soldiers' families, especially the widows and orphans.

Soldiers Home January — THE SALVATION ARMY — Coming Campaign 19th to 25th

The Salvation Army is equipped and organized to take care of the soldiers' URGENT AND PERSONAL needs—needs that are imperative. It has never made a general appeal for funds to carry on this work until now. Give and give liberally. If you are not certain that your contribution will be taken up by a canvasser, send it direct to the Hon. Treasurer, Sir Edmund Walker, Toronto—subscriptions will be acknowledged.

A SOLDIERS' RECORD.

The Daughters of the Empire, Orangeville, are endeavoring to secure particulars as to the soldiers belonging to the County of Dufferin, no matter from what quarter they enlisted.

The particular questions required to be answered will appear in the county papers next week.

Watch for this and do what you can to assist in making the record a complete one.

Cut the slip from the paper, make your answers full, use a separate sheet of paper if necessary and write plainly.

MIDSUMMER EXAMS.

In view of the unavoidable interruptions to school work which have taken place during the current half year, the holding of the Midsummer examinations will be deferred in each case for a fortnight in accordance with the following scheme:

Junior High School Entrance, July 2; Junior Public School Graduation, June 30; Lower School, July 2; Middle School, July 11; Pass Matriculation, July 2; Upper School and Honor Matriculation June 30.

With the foregoing provisions and those made in the regulations for the conduct of these examinations, the ill effects upon the school work of the aforesaid interruptions may be reasonably well overcome. And, further, as Easter next year will be nearly three weeks later than in 1918, it is unnecessary to amend the farm regulations which were issued last September, except to provide that the teachers' examination may be deferred until the week following the Easter holidays.

Grand Valley skatign rink opened for the season last week.

The Health Bath

For the future welfare of Canada the children must be kept healthy now. Protect them from the germs and microbes of disease by using Lifebuoy Soap.

For the bath—nothing equals the healing, cleansing free-lathering vegetable oils in

LIFEBUOY HEALTH SOAP

and the antiseptic agents disinfect the bruises, scratches, etc. that might otherwise be a source of danger. A Lifebuoy soap bath sends the children to bed glowing with health and happy cleanliness.

The carbolic odour in Lifebuoy is a sign of its protective qualities—quickly vanishing after use.

SNIPED 75 HUNS.

The following letter has just been received by The Banner from Mr. Isaac E. Hunter, of Manyberries, Alberta, formerly of Orangeville.

"Enclosed please find $1.00 for one year's subscription to your valuable paper. I assure you it is just like getting a long newsy letter from home to receive The Banner each week. I surely appreciate it and wish you the compliments of the season and every success in your business. I also trust that we shall have peace on earth and good will among men for many years to come. I have just received a letter today from my son, James, who no doubt will be remembered by many of the Orangeville boys. He is on a draft homeward bound for Canada and intends to drop off and pay the old home town a visit if possible. He enlisted with the 175th Battalion two years and nine months ago and was in the battle at Vimy Ridge, where he received a shrapnel wound and was gassed. While there he sent me many souvenirs which he as a sniper took from the Huns. Among these souvenirs was a field compass and a chain taken from the first German that he potted on May 9th, 1916. He claims that he can account for at least seventy-five Germans. I hope that you will have the pleasure of meeting him on his return."

RESOLUTION FOR 1919.

I Hereby Resolve:

That during 1919 I will save money;

That I will save an amount which will compel me to forego something I can really do without;

That I will buy War Savings Stamps;

That I will also get a Thrift card, which will enable me to take care of the "quarters";

That I will keep on doing this throughout the year;

That I will recommend this plan to others;

That I will do all I can to popularize it for the good of my neighborhood and Canada generally.

ORANGE OFFICERS.

At the last meeting of Purple Valley L. O. L. No. 84 the following officers were elected for the ensuing year, P. M. Bro. Geo. McDonald presiding: W. M., David Still, Jr.; D. M. Thos. Moffatt; Chaplain, David Still, Sr.; Rec.-Sec., A. A. Still; Fin.-Sec., Jno. Hewitt; Treas., Thomas H. White; D. of C., Roy Moffatt; Committee, Jno. Pierson, Wm. Price, Jos. Pierson, E. Moffatt, Robt. Brown. After short addresses from the newly elected officers a resolution of thanks was tendered to Bros. Robt. Jeffers, Wm. Bell and Clinton Pierson for the way they upheld the honor of the lodge and empire in the great European war and also expressing a wish for the safe return home of the three brethren, Bros. Lewis Moffatt, Douglas Pierson and Wilfrid Bagnell, who are still overseas.

MISS SCOTT.

The funeral took place on Saturday afternoon last of Miss Lizzie Scott, sister of the late Judge Scott, who was a resident of Brampton over sixty years ago, and a member of the first English church of the town. The remains were taken from the 1.38 train to Christ church, where the service was read by Canon Walsh, an old friend and neighbor of the deceased and her family, the Canon afterwards reading the committal service at the grave. Miss Scott was well-known during her residence in the town for her very kindly charity, which took a most practical form. In the years gone by she conducted a large class in music and painting, many mementos of her tuition surviving in the town. One brother, Mr. Justice D. L. Scott, of Edmonton, Alta., survives.—Brampton Conservator.

LATE JOHN COWEN.

John Cowen, for about 60 years a resident of Garafraxa and Grand Valley, passed away in Orangeville hospital Friday evening from complications incident to old age. He had gone down to his daughter, Mrs. Kearns, about a month ago, and in a week or so was taken to the hospital. Mr. Cowen was born in County Armagh, Ireland, 85 years ago, and when about 10 years of age came to Canada with his parents, who settled in Tecumseth, near Tottenham. Here he remained till reaching early manhood, doing his part in pioneer work, when he followed the exodus to the then new lands, Garafraxa, settling on the 10th concession. About 60 years ago he married Elizabeth Atkinson, also of Tecumseth, who proved herself a true and faithful helpmate, up to the time of her death a few years ago. Mr. Cowen was a hard working man, particularly as to details of his business, and soon acquired a competence as well as ability to give his boys a good start in life. A life-long member of the Methodist church, he liberally supported its claims, and of late years has been a more than generous contributor to its various funds. A few years ago the choir expressed a desire for gowns, and it was Mr. Cowen's generosity that made this complement to the church's needs possible. The funeral took place from the Methodist church here, on Sunday afternoon, to the Union cemetery. The following family survive: Mrs. (Dr.) Nesbitt, of Detroit; Dr. Robert Cowen, of Hamilton; John T., on the homestead; Dr. Wm. Cowen, of Detroit, and Mrs. W. Kearns, of Orangeville.—Star and Vidette.

MRS. LILY ANN PAUL.

After a brief illness, Lily Ann, eldest daughter of the late Joseph and Mary J. Gordon, and widow of the late Rev. Richard Paul, passed away at her home, Victoria Cottage, Princess street, Brussels, last Friday morning, in her 84th year. She was born in the County of Armagh, Ireland, and came to Canada with her parents when eight years of age, the family making their home in Amaranth township, County of Dufferin. Forty years ago deceased was married to Rev. Mr. Paul and by her zeal, diligence, piety and good sense greatly aided her husband in the extension of the Master's kingdom, on the various charges assigned. After spending a successful term at Ethel, Rev. Mr. Paul superannuated and moved to Brussels 30 years ago, where they built a cosy home, known as Victoria Cottage, on Princess street. Mr. Paul passed away 14 years ago. The subject of this notice well merited the pledge, "Be thou faithful until death and I will give thee a crown of life." Her seat in church was rarely vacant, the prayer meeting, Women's Missionary Society (of which she was an honorary president), W. C. T. U., and every other cause for the general weal had her sanction and hearty assistance, both personal and monetary and only increasing years and bodily infirmities barred her even to the end. While a hearty, rugged woman her death was hastened by a fall she had a few weeks ago and the end came peaceful and trustful. She was well cared for by her sister, Miss H. Gordon, who has lived with her for years. The funeral, which was private, took place Sunday afternoon, when a very appropriate service was conducted by her pastor, Rev. Mr. Stafford. Pallbearers were, Joseph Pugh, P. Stewart, Geo. Lowry, R. Oliver, Teasdale Whitfield and W. H. Kerr. Interment was made in Brussels cemetery. Mrs. Paul is survived by three brothers, W. J. and Joseph Gordon, Orangeville, and John Wesley Gordon, Amaranth; and two sisters, Mrs. M. Varcoe, of Orangeville, and Miss Gordon, of Brussels. Mrs. Varcoe, Mrs. J. W. Gordon and W. J. Gordon and Joseph and Mrs. Pugh, of Wingham were at the funeral. The latter is a daughter of Rev. Mr. Paul by the first marriage. Miss Gordon will be remaining in Brussels until spring if not longer, we are glad to state. The names of Rev. and Mrs. Paul will be long and gratefully remembered by a great host who hope to see them bye and bye where parting is unknown.—Brussels Post.

Postmaster C. McRae, of Stayner, has received word that his son, C. E. McRae, has been promoted to the rank of Captain. Captain McRae enlisted in the 157th Battalion, Simcoe, and transferred to the 20th Batt. He is with the Canadians in Germany, having crossed the German frontier on December 6th.

FOR BABY'S TENDER SKIN.

A child's skin is tender as well as beautiful and eczema may be caused by chafing of clothing, the use of poor soap, exposure to cold or sudden change of temperature. Probably no treatment for eczema has ever proved so successful as Dr. Chase's Ointment. This ointment is delightfully soothing, stops the itching and consequently prevents scratching. Gradually the sores are healed up and the skin is left soft and velvety.

Listowel carried a by-law to authorize the paving of streets in that town by a vote of 313 for to 68 against, a majority of 245. As Listowel already has two or three miles of paved streets, the decisive majority for the by-law is good evidence that the scheme has worked out satisfactorily.

A death which aroused unusual sympathy was that of John Donnelly, only son of Mr. and Mrs. Chris. Donnelly of Adjala. Deceased was a promising young man, 19 years of age. He had gone through the lower school of his section and had attended the High school at Alliston. His illness was short, pneumonia following an attack of influenza.

A quiet but pretty wedding took place at the home of the bride's cousin, Mrs. J. A. Reid, 43 Fern Ave., Toronto, on Wednesday, January 8th, by the Rev. Mr. Cochrane, when Miss Florence Annie, youngest daughter of Mr. Samuel Stubbs, King, was united in marriage to Mr. Edwin Palmer Davidson, of Hughton, Sask., formerly of Elora, Ont.

H. S. Wilson, an Acton drover, had rather trying experience recently. He was driving a cow and her calf in a sleigh on Main street. A little chap jumped on the sleigh and this scared the cow which jumped over Mr. Wilson and out of the front of the sleigh. The horses then ran away They got detached from the sleigh at Queen street and headed for Milton, their former home. The damage was slight, but the mixup looked serious for awhile.

Percy Armstrong, a rugged young man of Rosemont neighborhood, succumbed to influenza and pneumonia, after having been ill only about a week. Deceased was the sole support of his mother and sister, with whom he lived on a farm. He was 30 years of age and was a young man of sterling qualities, highly esteemed by his friends and neighbors. He is survived by his mother, one brother and two sisters. They are Robert G. Armstrong and Mrs. Arthur Kidd, both in the West, and Miss Maggie Armstrong at home.

EDITORIAL NOTES.

If one may judge from the resolutions adopted at a joint meeting of the Executive Committee of the General Board of Evangelism and Social Service and the Army and Navy Board of the Church, held on December 10th, the Methodist Church is prepared to take advanced ground regarding the great national problems now pressing for solution in Canada. One of the principles affirmed is that all war profits should be taken by the Government and applied to the payment of our war debt. The resolutions also declare for the nationalization of public utilities and natural resources, woman suffrage on the same terms as men, recognition of the economic value of motherhood by the preparation and adoption of a complete programme for mothers' pensions, town planning and home building upon healthful and scientific lines and the settlement of returned soldiers upon lands that are at present unoccupied and non-productive. On the question of Canadian citizenship the committee expresses its convictions in the following clear-cut terms: "Believing that Canadian citizenship cannot achieve her ideals in any community where racial or other groups are permitted to establish communal settlements, in which their former customs, language and ideals are perpetuated, these communities tending to become insoluble lumps in our Canadian commonwealth, we declare ourselves in favor of legislation which will prevent the segregation of any racial groups or of any peculiar sect in any community, and will assure the organization of Canadian schools, the adoption of Canadian methods, and the understanding of Canadian social and business ideals."

"THE NEW MINISTER."

The production of the musical comedy, "The New Minister," which is to be staged in the Opera House on Tuesday and Wednesday evenings, February 4th and 5th, under the auspices of Lord Dufferin Chapter Daughters of the Empire, for the benefit of the Hospital Building Fund, promises to afford a treat that those who are privileged to enjoy will not soon forget. The play depicts the momentous occasion when an old-fashioned congregation is choosing a new minister to fill their pulpit. On this occasion the said congregation are not at all backward in speaking their minds and doing so in a very outspoken and forceful manner. But the opinions of the members have no effect on the self-styled wise music committee, who have the final say in the selection of the pastor. When he finally arrives the new minister has a great deal of trouble trying to please everybody and to offend none. We can imagine the difficulty of his position when he is told by some to play baseball and by others not to play baseball, to preach temperance and not to preach temperance. His burdens are heavy and to the audience humorous, but the manner in which he gets around them has to be seen and heard in order to be appreciated. About sixty of Orangeville's young people, representing the best musical and dramatic talent of the town, have been engaged to unfold the plot and the manner in which they do so will secure the appreciative attention of their audience from start to finish of the production. Judging from the flattering reception that other towns have given the production of this comedy play the performance here will be a great success. The performance will be staged under the direction of Mr. A. H. Francis, of London, whose experience will add much to the character of the production. Prices have been fixed at 50 and 75 cents and the reserve plan will go on sale at The Banner Office on Saturday, Feb. 1st, at 9 a.m.

WAR MEMORIAL.

To the Editor of The Banner,
My Dear Sir,—

An article entitled "A Great Difference," appeared in one of our local newspapers a couple of weeks ago evidently intended as a rebuke and knock to the letter which appeared in your periodical of the previous week. The article by no means portrays the spirit or purport of my article on a war memorial.

The writer either used the article as a basis for the expression of his own opinion or is guilty of perverting and twisting my point of view. I would ask the correspondent to peruse once again the letter addressed to you and seek if he can find therein any argument or statement for the erection of skating rink, church or hospital. I believe the illustration was used of churches, Y. M. C. A., hospitals, etc., as signifying the memorials which perpetuate the spirit and teaching of Him the greatest of all martyrs, but only as an illustration. I am thoroughly in accord with the writer in his three-fold plea, when he says skating rinks are only for amusement, that there are already enough churches, and further that a wing to the hospital ought to be erected independent of a war memorial. But when he insinuates that too many people have not given a drop of blood, cent, or shed a tear to aid in winning the struggle, such does not apply to the present writer, some of whose relatives sleep in Flanders fields where poppies blow. My article in the first place was suggestive, rather than specific, but I used the words, and I trust advisedly, that the citizens of Orangeville should erect some fitting memorial which would be for the moulding of character and the saving of precious human lives. Surely this can be fulfilled by the erection of a community building, many of which are to be found in various parts of the world.

What is there in Orangeville today for our young men or for that matter of fact, our young women? Any object that is for the good of our rising generation is either crushed or finds little or no support from the general public. In saying this I am voicing the intelligent plea of the best of our citizens.

I still maintain that it was for the creation of better conditions and the defence of our cherished rights won on fields of conquest that our sons died.

A monument may act as a reminder of their sacrifice but does not contribute to the saving of precious human lives.

It is no argument or precedent to act upon that because monuments were erected to Nelson, Wellington, Brock, Washington and Napoleon, other than because my grandfather used a candle I ought to do likewise and deny myself of the superior illumination of modern electricity.

If space were allowed I could state fact after fact to reveal that scores of communities are following my suggestion, which is the desire of a large number of Orangeville citizens.

It is because I desire to avoid a blunder I penned my letter in the first place, and again reply to this article.

I trust Orangeville will be wise, and manifest her judgment by spending her money for the advantage and good of her young citizens. What better monument can anyone wish for than the creation of noble sons and godly daughters?

—A Lover of British Empire.

KILLED IN ACTION.

Pte. Dennis Joseph Irwin, son of Mrs. Margaret Irwin, John street, has been officially reported killed in action. Deceased, who was first reported missing on Sept. 21st, enlisted with the Shelburne company of the 164th Batt., when only 18 years old. He had resided with his aunt and uncle, Mrs. J. W. and the late J. W. Dudgeon, of Amaranth, since early childhood. A brother, James, is at present with the army of occupation in Germany.

INDUCTION SERVICE.

Rev. J. A. Matheson Becomes Pastor of Mono Mills, Mono East and Adjala Churches.

The village of Mono Mills was the scene of an interesting gathering on Wednesday, January 15th, when the congregations of Mono Mills, Mono East and Adjala Presbyterian churches met by appointment of Orangeville Presbytery to induct the new pastor, Rev. J. A. Matheson, B. A., B. D., of Priceville.

There was a splendid representative audience of the three congregations. Rev. W. M. Morris, interim moderator of the vacancy, presided. Rev. H. M Lyon, of Camilla, conducted the service and preached a sermon on "The Reconstruction," Rev. 21:5. The sermon was a timely, instructive, stirring and up-to-date address on present day problems. In the course of his address Mr. Lyon said that signs were not wanting to show that our very feverishness in planning a new world betrays not only uncertainty, but a haunting misgiving lest humanity be unequal to the task. The challenge of the hour was to build a new world wherein would dwell righteousness and goodwill. The great radical in these days and in all days is God, who is adequate to every human emergency. It is beginning to be clear that true statesmanship and sagacious prophecy lies in knowing the way God is going and getting out of his path. Now is the judgment of the world. Touching upon the more immediate needs of Canada the speaker emphasized the necessity of Christ as the great Reconstructor, closing with the lines:

"Yes, through life, through death, through sorrow and through sighing,
Christ will suffice for he hath sufficed—Christ is the end,
Christ the beginning—Christ the beginning for the end is Christ."

Rev. J. A. Ross, of Waldemar, who addressed the minister, in a reminiscent speech told of passing through Mono Mills 45 years ago. He used some apt illustrations to describe the duty of a pastor to his people.

Rev. Jenkins Burkholder, of Caledon, addressed the people, and in his usual strong and vigorous manner outlined the relationship of the people to the minister. Mr. Burkholder is a past master on this subject and we venture to make the remark that if the congregations would only take to heart the splendid counsel so ably and aptly given the progress and prosperity of our church life would be assured. He made a plea for congregations to treat the pastor as a human being and to make allowance for his individual qualities. The carping, critical spirit he described as destructive to the best interests of the church. It was a strong oration and if taken to heart will bear much fruit.

Rev. Mr. Matheson, the pastor-elect, was called to answer the usual questions, as prescribed in the Rules and Regulations of the Presbyterian Church in Canada. Having assented to the same he was given the right hand of fellowship by his brethren in the Presbytery. At the conclusion of the proceedings the new pastor and his wife were presented to the congregation by one of the old elders of Mono East, Mr. W. J. Dodds.

Red-letter days of this kind are never complete without the tea kettle and cake basket. The good friends of the community had made ample preparation for the occasion, and there was enough and to spare. The entire proceedings were characterized by a fine spirit that augurs well for the future.

The Rev. Mr. Matheson comes to his new field with a splendid record behind him. He has almost completed 21 years as pastor of Priceville Presbyterian church, and his congregation in that place made a very strong appeal to Presbytery to be allowed to retain his services. Those who were privileged to hear the fine tribute paid to him by his office bearers at Priceville in the Presbytery meeting on the day when he decided to go to Mono Mills, will without hesitation unreservedly congratulate the congregations of Mono Mills, Mono East and Adjala on their choice of a pastor.

ROTARIANS HELP DRIVE.

Rotary Clubs in many cities are getting behind the Red Shield Drive. That means success. Rotarians are hand-picked business and professional men noted for their enthusiasm and their ability to "pen-up" a movement.

In Windsor (Ont.) the Rotary Club has assumed responsibility for putting the Red Shield Drive over, and the same is true of Charlottetown, P. E. I. Listen to the following letter from the President:

"I am very pleased to be able to state to you that the Executive of the Rotary Club, realizing the tremendous need of funds for your Organization to assist in carrying on the highly-important work the Salvation Army has done throughout the war, and which they purpose doing all through the Reconstruction period, have unanimously agreed to become responsible for putting the Campaign on for Charlottetown City, Queen's County, as forming one of the best opportunities for real service, which is the keynote to Rotary."

ONE MORE ADDED TO THE GREAT ARMY

WHO ARE SHOUTING PRAISES OF DODD'S KIDNEY PILLS.

Saskatchewan Man's Kidney Trouble Developed Into Diabetes—Story of His Complete Cure.

Strong Pine, Sask., Jan. 20.—(Special.)—Sore back, which developed into diabetes, had made life a burden to Maxim F. Capusten, a farmer of this place. Dodd's Kidney Pills cured him, and he is added to that great army of Canadians who glory in telling their neighbors that Dodd's Kidney Pills are the one sure remedy for all kidney ills.

"For nearly five years I suffered from sore back and headache," Mr. Capusten says, in giving his experience. I had a bad taste in my mouth in the mornings, and I was always tired. My muscles would cramp, and I was nervous, and the least exertion would make me perspire freely. At last diabetes developed.

"I finally came to the conclusion that my kidneys were the cause of my trouble, and decided to try Dodd's Kidney Pills. I got half a dozen boxes, and before I had finished taking them I was completely cured.

"I advise anyone suffering as I did to use Dodd's Kidney Pills."

All Mr. Capusten's troubles came from diseased kidneys. They speedily ceased when he commenced to use the one sure help for diseased kidneys—Dodd's Kidney Pills.

A PROSPEROUS YEAR.

Dufferin Agricultural Society Has Comfortable Balance in Bank.

The Dufferin Agricultural Society held its annual meeting in the Council Chamber on Friday afternoon. There was a fair attendance of the members. Mr. J. C. Jackson, last year's president, occupied the chair and opened the proceedings with a concise review of the work done during the year. The reports submitted to the meeting were of a most gratifying character and showed that the society has just closed one of the best years in its history. Receipts from all sources amounted to $3,046.11. $1,052.62 was disbursed in prizes, $175 for the field crop competition and $300 on speeding events. The society commenced the year with a credit balance of $1,482.75 and has now a balance of $1,134.52 on hand after paying for $1,000 of Victory Bonds.

Officers were elected as follows: Hon.-Pres., Jos. Gillespie; Pres., J. C. Jackson; 1st Vice-President, Nelson Black; 2nd Vice-Pres., O. Woodland; Secretary, D. B. Brown; Treasurer, R. B. Henry; Directors: Mono, J. W. Ledlow, W. A. Donaldson; Caledon, James Johnston, S. Kannawin; East Garafraxa, W. H. Hunter, M. McCormick; Amaranth, J. B. Armstrong, Geo. W. Hepton; Orangeville, J. M. McNaughton, J. E. Thompson S,. C. W. Hughson, Geo. Nicholson and J. J. White.

Lady Directors: Mrs. G. B. Hayes, Mrs. E. G. Bingham, Misses B. Cameron, J. Kearns and E. Williams.

Auditors: J. E. Smith and W. Watt.

President Jackson, who was unanimously re-elected for a second term, was also voted an honorarium of $50 as a recognition of his valuable services to the society

This year's fair will be held on Tuesday and Wednesday, Sept. 16 and 17. Departmental judges will be secured for heavy horses, light horses, cattle, sheep and swine, ladies' work and fine arts. The president and secretary were appointed delegates to the Fairs' Association meeting in Toronto on Feb. 13th and 14th. This year the society will hold a Standing Field Crop Competition in wheat and oats.

A vote of thanks was tendered Dr. W. H. Riddell, H. A. Dorrance and J. Kannawin for their services in connection with the race track. Plans were discussed for adding to and increasing the attractiveness of the prize list. These will be considered more fully by the directors later in the year.

At a meeting of the directors immediately after the general meeting the salaries of the secretary and the treasurer were fixed at $135 and $100 respectively.

PEEL S. S. CONVENTION.

The Peel County Sunday School Convention on Wednesday, Jan. 29th is to be held in the Methodist church, Alton.

Rev. J. C. Robertson, D. D., of Toronto, General Secretary of the Department of Religious Education of the Presbyterian Church; Rev. T. H. Halpenny, Toronto, General Secretary of the Ontario Sunday School Association, and Rev. W. B. Caswell, Toronto, will be present and give addresses. Frank A. Beckwith, the new Y. M. C. A. Secretary for Peel county, will give a demonstration of C. S. E. T. work. All Sunday School superintendents are requested to see that delegates are selected to represent their schools.

MILITARY NOTES.

Referring to the return to Owen Sound of Pte. Marlborough Tansley, son of Benj. Tansley, of West Toronto, formerly of Orangeville, the Owen Sound Sun-Times of Jan. 3rd says: Pte. M. Tansley returned last night after an absence of 20 months overseas, during which he saw service in France and was gassed about the 1st of September last during the heavy fighting in front of Cambrai. He enlisted with the 248th Battalion and was one of the best known young men about town. His wife resides on 13th St. W. He appears to be in excellent health and will have the best wishes of all for a complete recovery.

CAMILLA.

The Women's Institute of this place manifested a commendable spirit of benevolence on Wednesday evening, Jan. 15th, by holding a chicken pot-pie social, the proceeds being in aid of Lord Dufferin Hospital. If only other communities will endeavor to do their bit in the same whole hearted way, it would not be long until the much required extension to the present building equipment would be erected. The amount realized was $95. Rev. H. M. Lyon presided and solicited a generous contribution to the funds of the hospital. Camilla ladies are noted for their excellent cooking qualities. They must also have a reputation and aptitude for killing fowl. Judging from the abundant supply of chicken, there must have been a great slaughter of Plymouth Rocks, Leghorns and Rhode Island Reds.

A splendid programme had been prepared, which included numbers by Mr. J. H. Sloane, who sang with his usual acceptance. Mrs. (Rev.) P. C. Howard was also present to lend her vocal gifts to this worthy object. Recitations by Masters McKim and Douglas Buchanan were a source of much merriment. Five Camilla girls gave a dialogue entitled "There's not a Man in the House," which was well staged and equally well received. Corporal Norman Rayfield related some of his military experiences. The Rev. P. C. Howard, who is becoming one of our own at Camilla, gave a splendid address.

Tickets had been sold for a quilt and the lucky number was held by Alexander Buchanan, who in a generous manner returned the prize to be given to the hospital. Mr. Buchanan is to be complimented on his splendid spirit. A number of articles left unsold were auctioned off and the proceeds voted to the deserving cause. Councillor John McNaughton made a good auctioneer. The Buchanan family, who are blessed with good musical ability, were happily received in their various selections. The singing of "God Save the King" terminated the gathering in a fitting manner.

Mr. and Mrs. Sam Heatherington, of Mulmur, received a telegram from Mentia, Man., a few days ago, bringing them the sad news that their son, Roy, and his wife had both fallen victims of the influenza epidemic. The husband and wife died within six hours of each other. They leave two little children, two and six years old. Much sympathy is felt for the parents of the deceased couple.

A host of friends will be glad to learn that Mrs. James McDonald is able to be around again.

Miss Birdie Curry and Mr. Joseph McMaster were the guests of Mr. and Mrs. McDade on Sunday.

Mr. and Mrs. Alex. Mann gave a very brilliant dance in honor of Corp. Norman Rayfield last Friday evening. A dainty lunch was served, after which dancing was resumed and continued until 2.30 a. m. Everyone went home pronouncing the affair a splendid success.

CALEDON.

The Board of Directors of the Caledon Agricultural Society held their meeting in the Town Hall on January 20th for the purpose of appointing a secretary and treasurer and of attending to various other matters pertaining to the society. At the urgent request of some of the directors of 1918 Mr. W. T. Harris consented to accept the position of secretary for the remaining six months of the year, the position having become vacant owing to Mr. W. J. Atkinson being called away to attend to military duties. At the annual meeting on January 15th Mr Harris tendered his resignation and on the 20th Mr. Atkinson was reinstated in his former position with the additional duties of the treasurership, a position which he is qualified to fill with exceptional ability. No comment is needed on the long and faithful services of Mr. Quinn, the retiring treasurer, in connection with the Agricultural Society. The Township of Caledon has already on many different occasions acknowledged his efficiency and shown its confidence in his ability by electing him as Councillor, Deputy-Reeve and Reeve. Mr. Harris in the short time he was with the Board proved efficient in the complicated duties of Secretary of an Agricultural Society and deserves to be congratulated on the very complete and satisfactory report he presented at the annual meeting.

A special service will be held in Knox church, Caledon, next Sunday evening, Jan. 26th, in memory of the late Charles and John McArthur, of the 2nd line, east, Caledon.

$25.00 FOR A LETTER

CAN YOU WRITE ONE?

Thirteen Prizes to be Awarded in a Letter Writing Competition.

Some years ago the Dr. Williams' Medicine Co., of Brockville, Ont., offered a series of prizes to residents of Ontario for the best letters describing cures wrought by the use of Dr. Williams' Pink Pills for Pale People. Hundreds of letters were submitted in this competition, and yet there must have been thousands of other users of the pills who did not avail themselves of the opportunity to win a prize. To all these another letter writing competition is offered. Thousands of cures through the use of Dr. Williams' Pink Pills have never been reported. These will furnish the material for the letter to be written in this contest. There is no demand upon the imagination; every letter must deal with facts and facts only.

THE PRIZES:

The Dr. Williams' Medicine Co., of Brockville, Ont., will award a prize of $25.00 for the best letter received on or before the 20th day of February, 1919, from residents of Ontario, on the subject: "Why I Recommend Dr. Williams' Pink Pills." A prize of $10.00 will be awarded for the second best letter received; a prize of $5.00 for the third best letter, and ten prizes of $2.00 each for the next best ten letters.

THE CONDITIONS.

The cure or benefits from the use of Dr. Williams' Pink Pills described in the letter may be in the writer's own case, or one that has come under his or her personal observation.

More than one cure may be described in the letter, but every statement must be literally and absolutely true.

Every letter must be signed by the full name and correct address of the person sending it. If it describes the cure of some person other than the writer of the letter, it must also be signed by the person whose cure is described as a guarantee of the truth of the statement made.

The writer of each letter must state the name and date of the paper in which he or she saw this announcement.

Fine writing will not win the prize unless you have a good case to describe. The strength of the recommendation and not the style of the letter will be the basis of the award.

It is understood that The Dr. Williams' Medicine Co. shall have the right to publish any letter entered in this contest if they desire to do so whether it wins a prize or not.

The contest will close on February 20th, 1919, and the prizes will be awarded as soon as possible thereafter. Do not delay. If you know of a cure write your letter NOW. Observe the above conditions carefully or your letter may be thrown out.

Address all letters as follows:

The Dr. Williams' Medicine Co., Brockville, Ont.
Letter Contest Department.

MONO MILLS.

About seventy-five of the friends and neighbors of Miss Margaret Welwood gathered together at the home of her parents, Mr. and Mrs. John Welwood, 4th line, Caledon, on Tuesday evening, January 7th, and presented her with the following address and a splendid leather club bag, previous to her departure from the community to take a course in the Lord Dufferin Hospital, Orangeville:

Mono Mills, Jan. 7, 1919.

Dear Miss Welwood,

We learn with deep regret that you contemplate leaving our midst. We therefore take this opportunity to ask you to accept this club bag as a small token of our love and goodwill, and as an expression of our appreciation of their sacrifice, but does not cover the valuable services you have rendered to our community.

You have always taken an active part in all our organizations, both religious and secular, but we would especially remember you for your faithfulness as a member of the choir of the Methodist church in Mono Mills and also for your untiring efforts in behalf of our Red Cross Patriotic Society. We assure you that you have our earnest prayers and sincere wishes for your future prosperity in your new field of labor.

Signed on behalf of the neighbors and friends: Mrs Hammond, Miss Olive Holmes, Miss Mary Dowling.

MONO SCARLET CHAPTER.

Mono Scarlet Chapter held its annual election of officers in L. O. L. No. 1083 hall at Relessey on January 14th. The officers are: W. C. C., R. J. McCutcheon; Ex. C. C., W. E. McFadden;; Com. Chap., W. H. Patterson; Com. Scribe, Joseph Anderson; Com. Treas., Wm. Haddock; Sir Herald at Arms, W. N. Fines; Com., 1st Lecturer, L. Barber; Com. 2nd., Lecturer, Truman Thompson; Com., 1st Conductor, Ellis Stinson; Com. 2nd Conductor, Jno. A. Fines; Com. Inward Herald, Geo. Aikins; Com. Outward Herald, Jos. Thompson. The officers-elect were installed by W. Bro. J. A. McFadden, Past Master.

MELANCTHON STATION.

Our neighbor, Mr. James Hammond, says this is the mildest winter we have had since he came to Melancthon nearly three decades ago, and from the abundance of small game, rabbits, foxes, muskrats, etc., in the neighboring swamp and along the banks of the township drain he thinks we will not have much cold weather during the rest of the winter.

Mr. and Mrs. L. J. Hammond gave their immediate friends a pleasant party last week when an enjoyable evening was spent.

Mrs. Claude Carson, of Toronto, visited at the home of her parents, Mr. and Mrs. James Hammond, last week.

School Section No. 7, known as the Back Line School, has been closed on account of the flu.

Mr. Elgin Duke, of Toronto, visited at his home here.

Mr. R. H. Halbert has sold his farm just northeast of the village, containing 150 acres, to Mr. Joseph Gallaugher, for $7,700. We understand that Mr. Halbert will retire from farming and expects to have an extensive auction sale of farm stock and implements on Jan. 28th.

Mr. George Henry, of the Back Line, is preparing to hold an auction sale on Jan. 27th, and will also retire from farming.

If one takes a walk down the Gravel Road from what was known as Shoaff's Corners, to the 5th Line corner, where the late George Young opened a log blacksmith shop on the right bank of German creek, away back in the early days, and counts the inhabitants now living on either side of the Gravel Road, he finds that in the "good old days" there were about 300 people, whereas today there are less than 50. Why this falling off in population? True, the country is cleared up and, what at that time was vast acres of woods, full of wild animals, is now turned into grain fields, but many of the houses in the district are vacant.

A FEW WORDS ABOUT WOOLLENS

To keep a fighting man in fighting condition, you must keep him warm for one thing. The pick of the woollen cloth is being utilized right now for soldiers' clothing; it is right these "upholders of our rights" should have the best. Many months ago, yes months, we made plans for these very Overcoats you'll find here; our big contracts for clothing were in before the shut off of woollens for men back home went into effect. We feel sure our patrons will appreciate our timely buying.

Don't think because we haven't mentioned Ties, Gloves, Sox, Caps, Work Shirts, Work Gloves, Overalls, Pants and Fur Coats, that we haven't them. The greatest showing in town and at the most reasonable prices awaits you here.

GERMANS STILL CRUEL

MORE TALES OF BRUTALITY IN PRISON CAMPS.

Germans Who Have Been Prisoners In Allied Countries Are Now Placed In Charge of Internment Camps and Are Allowed a Free Hand In the Ill-usage of the Men at Their Mercy.

THE German prison camp authorities have been trying another method of treatment of prisoners of war. They have installed at certain of the camps German officers and men who have been exchanged from England, and who act as officers of justice and corporals of justice to the camps. These officials are allowed a free hand in the treatment of prisoners of war, and, to judge by their behavior in some cases, the excellent conditions in British prison camps have made little impression upon them.

According to the sworn statement of a recently repatriated Englishman, the officer of justice at one particular camp has been dealing out punishment with a very free hand. A favorite practice of his was to order a parade of the camp at 9.30 p.m., and then at one or two o'clock in the morning give the fire alarm, following this with a kit inspection at 3 a.m. His sole object seems to have been to make the prisoners uncomfortable.

In the same camp a German corporal, who had escaped from France, was put in charge of the French, and he carried out a program similar to that adopted by the officer. When prisoners complained to the camp commandant—whom they describe as a good man ready to consider their complaints — the officer of justice simply showed his papers and intimated that he was paramount in the camp. This practice of giving German former prisoners of war a free hand in ill-treating British prisoners is typically German, and one which would hardly appeal to the subjects of any other country who had themselves been in captivity and regained their freedom.

Another former prisoner, a Royal Naval Division private, in a sworn statement describes his experiences at the camp at Frankfort-on-the-Oder from January, 1917, to March, 1918. There the commandant in charge said that he would like "to shoot every English swine who put his foot into the lager." Although there were 20,000 men in the camp only 50 or 60 were British. Some will never come back. "They went," says the deponent, "before civilian doctors, who ordered them to work, notwithstanding their condition. They were told to work, and, if unable were liable to be shot by the sentry or killed with the bayonet. A notice to this effect was posted up in the lager, and prisoners have been killed in this way."

A Royal Naval Division man has stated on oath that while working in the firing line on the German-Russian front near Kelzien in February and March, 1917, 40 prisoners perished. "The guards," he says, "had orders that if they were seen treating a prisoner leniently they would be sent into the firing line for a fortnight. The tent we lived in was shelled constantly. When we were out at work we have seen shells bursting in and around the tent, and it looked like a pepper pot afterward. There was an old barn near the tent, and the Germans had a machine gun in it, and during one night they played it over the tent just to show what they could do to us. The top of the tent was just riddled."

Another member of the Royal Naval Division who was captured on board the steamship Prins Hendrik while going on leave from an internment camp in Holland to England, describes the flogging of prisoners resorted to at Cassel between May and August, 1917. After detailing his own particular case, he goes on: "I heard a man howling one night when I was in my cell, and I am sure it was another case of flogging, as I heard the blows. Afterward I heard it was a Frenchman who was flogged. It seemed to be almost habitual to knock a man about on his entry to prison. There was a bad case of flogging at Cassel which occurred after mine, the victim being a bombardier in the R.G.A., a fine powerful man who had been a Metropolitan police constable. I forget his name. He told me that they struck him across the back, and he retaliated, and laid out the searcher. Nothing was done to him at the time, but a number of German soldiers came into his cell at night, and gave him a severe thrashing and laid him out."

Another repatriated prisoner, a naval A.B., was one of a party of 18 Britishers who while in Heisenhagen Camp were set upon by 11 sentries, with the result that he and two others were badly injured. He goes on: "In this condition we were each ordered to get on with our work, which we were quite unable to do, and about an hour later we were taken to our shed. At four o'clock the next morning we were still helpless, but were ordered to work, but none of us was able to start. At nine o'clock that morning we were taken back to the shed and told to lie down. We remained for 12 days, but received no treatment or attention of any kind to our injuries. The name of the civilian commandant for whom the prisoners were working was Julius Berger, who was very cruel in every way."

Some Satisfaction.

One of our returned soldiers who got wounded early in the first scrimmage was asked how many Huns he had killed. He smiled rather ruefully—then brightening he replied: "I can say this, anyway, I killed as many of them as they did of me."

YOU NEXT?

A factory worker was heard to remark, "We often have accidents, but I've escaped so far." He little thought he would be next. Yet he was! His injury was only a slight one and he neglected it. It began to fester. Then blood-poisoning set in and developed so quickly that he had to have his arm amputated.

How about you? You may be next! You can safeguard yourself against the result of accidents, as many other people have done, by keeping Zam-Buk always handy.

Miss S. A. Wernicke of Hilton, B.C., accidentally ran a needle so far into her finger that it pierced the bone. She writes: "My hand became so stiff and swollen that I could not use it. I naturally tried every remedy I knew of, but it only got worse. Blood-poisoning developed and extended right up my arm. The pain was intense, and I certainly thought I would lose my arm, which was in a terribly inflamed and swollen state, and literally covered with lumps. A friend advised me to use Zam-Buk, which I did, and it was not long before the pain grew less. With perseverance the inflammation was all drawn out, the swelling and lumps disappeared, and my arm was soon quite well again."

Zam-Buk is also best for eczema and all skin troubles, ulcers, running sores and piles. All stores, 50c.

Always Had Headaches

Liver Was Torpid and Bilious Spells Brought Sick Headaches —Lost Much Time, But is Now Completely Cured.

Here is convincing evidence that however much you may suffer from liver trouble and consequent biliousness there is cure in the use of Dr. Chase's Kidney-Liver Pills.

Overeating is the most common cause of sluggish liver action. You lose your appetite, have distressing bilious spells, usually accompanied by headache and vomiting, the bowels become irregular, constipation and looseness alternating, digestion is upset and you get irritable and downhearted.

No treatment so quickly awakens the action of the liver and bowels as Dr. Chase's Kidney-Liver Pills. For this reason this medicine is wonderfully popular and has enormous sales.

Mr. Charles R. Tait, Newtown, N.B., writes: "I was nearly always troubled with headaches, and would often have to stop work for a day or two. I had many a night's sleep every month with bilious sick headaches, and although I tried doctors' medicines, and also many other patent medicines, it was without success. When I had these headaches I would vomit, and could keep nothing on my stomach.

"I purchased a box of Dr. Chase's Kidney-Liver Pills from G. M. Fisherweather, druggist, of Sussex, N.B., and after taking one box I was so much relieved that I continued to take them until I am now completely cured. My advice to anyone suffering from sick headaches is to try Dr. Chase's Kidney-Liver Pills and be completely cured."

Mr. A. S. Mace, J.P., endorses the above statement, and says:—"This is to certify that I am personally acquainted with Charles R. Tait, and believe his statement in every way to be true and correct."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers or Edmanson, Bates & Co., Limited, Toronto. Substitutes will only disappoint. Insist on getting what you ask for.

King Albert of Belgium Is Progressive Monarch Beloved by His People

NO mighty conqueror or sovereign in all history ever marched into his capital with such world-wide acclaim and hearty good wishes as Albert, King of the Belgians, when he re-entered his capital in triumph at the head of his noble little army, after a banishment of more than four years.

No king ever had a people of which he had a right to be prouder—no nation ever had a ruler more worthy of honor and devotion. Menaced by the most terrible of fates, Belgium refused to sell its soul or its honor, held back the Hun avalanche for a precious week, and through all its crucifixion its spirit has never been cowed nor its faith and courage lost. What a splendid triumph of honor, faith and courage the re-entry of Brussels by Albert typifies!

The Belgian King, who has shared the hardships of his little army for four years, has aged much since he was last seen in his capital. The lines of care and suffering were seen in his face, but with his honor untarnished and his courage and faith higher than ever.

Albert Leopold Clement Marie Menard, to give him his full name, was born in Brunswick in 1875, his father, the Count of Flanders, being

KING ALBERT.

King Leopold's younger brother. He went through the Belgian military school and entered the Grenadiers as sub-lieutenant, quickly working his way up to the rank of colonel. Realizing the danger of being one-sided, he managed to combine the fulfillment of his military duties with a thorough education along other lines. He wandered through the tortuous paths of diplomacy, studied sociology and made a hobby of engineering. When he was 23 he spent a year in America. He traveled extensively from north to south and east to west in order to observe at first hand the American method of dealing with educational, scientific and industrial problems. He was particularly interested in American railroads and was fortunate in having the able services of James J. Hill, a Canadian, as his "railroad guide."

A few years later he visited the Belgian Congo in order to investigate conditions there. On his return he urged strongly the imperative necessity for reform in the treatment of natives.

His desire to keep abreast of the happenings, diplomatic and otherwise, in foreign countries is shown by the fact that he is a reader of the London Times, the Paris Temps, the Berlin Kreuz Zeitung and the Vienna Neue Freie Presse.

In 1900 he married Elizabeth, Duchess of Bavaria. She is an unusually accomplished woman, being a regular M.D., besides having a sound knowledge and great love of art, literature and music. She has done much hospital work during the war. While her husband worked for the betterment of his country along scientific and industrial lines, she did much to encourage and develop their latent artistic ability.

Salt Water.

An instrument has been recently devised which gives a continuous record of the salinity of sea water by the measurement of its electrical conductivity. A pair of electrolytic cells have been designed which, when used with a suitable alternating-current galvanometer, will give satisfactory operation in connection with a recorder. The temperature compensation is obtained by placing both cells, which are in the two arms of a Wheatstone bridge, in a uniform temperature bath.

Gaza.

Gaza has played a rather more important part than Beersheba in the history of Palestine. With it are prominently associated the life-works of many of the prophets, while Samson's connection with it is well known. Destroyed in 634 by the Arabs, it was restored by the Crusaders and passed into the hands of Saladin in 1470. It has come into the hands of the Allies during the last year.

LIVED TWO YEARS ON RAW EGG DIET

John H. Packer Gains 44 Pounds and Now Eats Anything—Suffered Twenty Years.

"When a man has to live for two years on nothing much except raw eggs, on account of stomach trouble and then finds a medicine that fixes him up in less than two months so he can eat sour kraut, meats of all kinds and anything else he wants, I think it is time for him to talk for the benefit of others. FAREWELL PRESENTATION.

On Friday, Jan. 3rd, a large number of the members and adherents of St. Columba church, Priceville, met in the basement of the church to express their kindly feelings toward their pastor and his family before their departure for Mono Mills. Mr. Donald McMillan presided and short addresses were delivered by several of those present, all expressing their high appreciation of Mr. and Mrs. Matheson and their work in the congregation, regretting their departure and expressing hopes for great success in their new field of labor. Mr. Matheson was then presented with a purse of $193.00, Miss Ursula with $10.00 and Kenneth with $5.00. Mrs. Matheson was also presented by the W. M. S. with a Life Certificate, a mahogany tea tray and $10 in cash.

The following is the address:

To Rev. J. A. Matheson, B.A., B.D., and Mrs. Matheson and Family:

Priceville, Ontario.

Dear Mr. and Mrs. Matheson,

Your many friends in and around Priceville take this opportunity of spending a social hour with you, on the eve of your departure from our midst.

Dear Pastor, it was with feelings of the deepest regret, we heard of your intention to sever the relations existing between us as minister and people.

We realize the great loss we are about to sustain by your removal to another field of labor. But it follows that our loss will be another's gain.

It is nearly twenty-one years since you came among us. That is a long time to look forward, but it does not seem nearly so long to look back. Many are the changes that have taken place during that time. The little children then, are men and women today. Many that were strong and vigorous then, have been called to other scenes.

During those years, you have gone in and out amongst us. You have shared in our joys and sorrows. During that time you stood by many an open grave paying the last tribute of respect to the departed, and speaking words of comfort to the bereaved. We fully recognize and appreciate your faithfulness as a preacher of the Gospel, during your ministry here.

We are also much pleased to put on record, the utmost harmony, that always existed between you and the various ministers of other denominations who have been here during your incumbency.

Your field of labor was extensive, making the task for you most arduous. But we are happy to say that, notwithstanding the difficulties in the way, every line of church work prospered each year, showing an improvement on the former.

We are pleased to know that you are not going far away, and we hope that you will cherish pleasant memories of dear old Priceville, and vicinity, and that it will be our privilege to see and hear you again in St. Columba church.

Our sincerest wish is that you will much enjoy the work in the new charge, and that your labors in the Master's vineyard will prosper more and more.

Dear Mrs. Matheson, it is with great pleasure we would place on record the active part you have taken in every line of church work, and your earnest co-operation in helping every work which had for its object the good of humanity.

As a slight token of our appreciation we ask you to accept this purse of money, not so much for what it contains, but rather in the spirit in which it is given. In conclusion, our earnest prayer is that you and your family may be long spared in health and strength to carry on the Master's work. When life's short day is over, and its trials and troubles ended, may we all meet in yon fair city in the Home of many mansions where parting is unknown. Wishing you a very happy and prosperous New Year, we bid you an affectionate farewell.

Signed on behalf of the congregation: Mrs. Malcolm McInnis, Mrs. Colin McLean (S. L.), Mrs. Don Stewart, Mrs. Robt. Parslow, Don. McMillan, Peter Muir, Don. Campbell, Donald McDonald.

HOW CANADA'S RAILWAY TROOPS KEPT UP WITH FINAL ADVANCE

Summary of Work Done by Dominion's Units in Following Up the Military Successes Before the Armistice.

Operations of the Canadian Railway Troops in the field were of the utmost importance in connection with the advance, and a summary of the work received by the Department of Militia deals with this feature up to the signing of the armistice.

During the month of November the Canadian Railway Troops laid 308 miles of track, all of which was in the area evacuated by the enemy and necessary to aid in the advance for the forwarding of food and other supplies. It was necessary in that time to repair 300 miles of grade.

To perform this work there was a force of 6,783 men of the C. R. T., aided by 9,980 men attached from other units, a daily working force of 16,763 being employed on railway work under Canadian direction.

In addition to this force there were employed for maintenance duties 1,309.

The care of narrow-gauge lines required 1,231 men for construction and 1,358 for maintenance. In all a force of 20,661 men were required to further the activities of the Canadian Railway Troops.

The report on the work for November comments that at the beginning of November while the enemy was retiring very rapidly and was being hard pressed by our advancing troops he yet managed to carry out a very systematic destruction of railway lines and bridges. In order to cope with this all the battalions of the C. R. T., with the exception of a few small detachments, were concentrated on standard gauge reconstruction work, for the most part in the area between Le Cateau and Turcoing.

Dealing with the action of the enemy, the report continues: "The enemy, in his retirement, used three methods in the demolition of railways: firstly, by the use of a track-destroyer, which tore up the rails and bunched the ties together in such a manner that to relay the track it was necessary to remove the rails from the ties, lift the ties, take out the ballast, and then relay ties and steel and reballast.

"The second method employed was to blow out every other joint on each track. In this way one end of each rail was damaged, and before it could be used again it was necessary to cut and redrill the damaged end.

"The third method was to place mines in the grade at a distance of about 100 yards apart. These mines which sometimes took the form of heavy trench mortar or aeroplane bombs, caused large craters in the grade, and all track and ties surrounding the crater were absolutely demolished.

"In some instances the enemy used all three methods, while in others apparently there was only time to use one method. Continual difficulty was experienced with delay-action mines. These had been placed in important places, such as road crossings, bridge abutments, culverts, etc., and the repairing of the track, clearing away the debris and rebuilding the bridges, entailed very heavy work. A considerable amount of time and expense was saved by salving material from damaged steel bridges and using it for reconstruction. Broken girders were taken out by the use of oxi-acetylene welders. Temporary abutments were placed, and trestle piers made to receive the shortened girders, the remaining part of the spans being made up of timber."

The report mentioned that all the gaps in the required standard gauge lines have been completed up to undestroyed lines in the territory recently occupied by the Germans.

Owen Sound Board of Trade will hold its annual banquet on January 30th.

WILL EMERGE FROM THE WAR WITH COLORS FLYING

One religious organization at least is going to emerge from the war with flying colors. The work of the Salvation Army at the front is going to be remembered by the soldiers as long as they live. A little story, published some time ago, of a Salvation Army doughnut wagon blown up by a German shell, and the prompt and decisive revenge accomplished by the American soldiers, who, fighting mad, laid down a curtain barrage and smashed the enemy trenches by a well-organized and effective raid, is merely illustrative of the fact that the Salvationists are working in posts of danger and in doing it appealing to the men to whom they are ministering.

The Salvation Army folk have a somewhat different conception of duty from other organizations. They are not over there for the sole purpose of ministering to the souls of the soldiers or solely to their bodily comfort. They are over there to be useful as opportunity presents itself, and their work has won them high regard. When opportunity offers they hold evangelical service. When the boys want "sinkers" and coffee, the Army men and lassies supply them if they can beg, buy or steal them. They are working efficiently and gaining the love and admiration of the troops by their work. None of the soldiers, when they come back, will sneer at the other "Army."—Saskatoon Star.

A WORD FROM HAWKINS.

Editor of The Banner,

Dear Sir,—

In last week's issue of The Banner you commented on the election in Caledon stating that there must have been some underground current that caused the downfall of Mr. Hillyard and myself.

At a special meeting of the 1918 council held after the regular December meeting Mr. Deagle sent his son down to ask the council to sign an agreement giving him permission to erect poles and build lines through the Township of Caledon for electric light, telephone and telegraph purposes. This agreement, which was drawn up by Mr. Deagle's private solicitor in Orangeville was so one-sided that the council refused to accept it. After considerable discussion with Mr. Deagle, the council adjourned without signing the agreement. It was then arranged that the Township Clerk should consult the Township Solicitor and get him to draw up an agreement protecting the township's rights. This he did and another special meeting of the council was then called at which Mr. Deagle himself attended personally. When the agreement prepared by the township solicitor was placed before Mr. Deagle he absolutely refused to accept it. This agreement did no more than protect the rights and interests of the ratepayers of the township of Caledon. The council was willing to compromise in the matter, but Mr. Deagle got very wrathful and refused and afterwards stated in public at the nomination meeting that he would put up one hundred dollars to defeat that council. I did my duty in trying to protect the interests of the township and I am willing to abide by the consequences.

In closing I wish to thank the electors of Sub-division No. 6, Alton, for the splendid vote they gave me on election day. I am, dear sir,

Yours respectfully,

WM. HAWKINS, J. P.

PRIMROSE.

(Intended for last week).

It is some time since any Primrose news has appeared in your paper, so I thought I would send you a few items.

Our schools and churches have reopened again since the influenza ban has been lifted. It seems a pleasure to get out to church again.

Mr. D. A. Scott, our general storekeeper, is quite busy.

Mr. and Mrs. R. J. Bailey and children, of Eyebrow, Sask., are spending the winter with friends here.

Miss Alma Halbert is speedily recovering without the operation which it was thought she would be obliged to undergo.

Mr. Patterson, of Fraxa Junction, spent Sunday in our midst.

The Freemantle Bros. have moved to their new home which they purchased from Mr. Geo. Mackenzie, the property formerly owned by Mr. Jas. Thompson.

Mr. Geo. Little, who is confined to his bed at the present time, still takes a live interest in public affairs.

The United Farmers are at present busy unloading a carload of salt at Shelburne.

Owing to the ban on public gatherings, L. O. L. No. 1277 was unable to hold its annual meeting and election of officers until last Monday night, when the following officers were elected, Samuel Hicks acting as chairman: W. M., Edward Small; D. M., Adrian McDonald; Chaplain, Leonard Halbert; Rec.-Sec., Thomas Lindsay; Fin.-Sec., D. A. Scott; Treasurer, Robt. Lindsay; D. of C., Robt. J. Little; Lecturer, Lorne Halbert; Committee, W. J. Henry, Albert Little, Robt. Phoenix, Perry Lindsay, Samuel Hicks. The Lodge intends erecting a new Hall in the near future.

HOCKLEY.

As one who ministers in things spiritual to the people of the village of Hockley, and as one who feels keenly interested in the life of its citizens, I wish on their behalf, as well as my own, to express to Mr. and Mrs. Geo. Proctor of that village our most profound appreciation of their contribution toward the winning of this war in the person of their son, the late Corp. John Proctor. It will be remembered that Corp. John Proctor, after seeing 18 months in the trenches, contracted pneumonia and died in a French hospital shortly after the signing of the armistice.

I was not personally acquainted with this brave soldier but I have heard a great deal about him and I hold his family to be among the most esteemed in my parish. Undoubtedly, we have lost, in the person of the deceased, one of the most promising young men of the whole countryside. He was a splendid type of fellow, of manly character and good morals. He was of that kind which we can ill afford to lose—a constant attendant at the church and Sunday School, one who took an interest in all that made for the uplift of the community, one whose life was an example, one whose frank honesty and cheerful disposition were ever an inspiration to the village life. He is gone. We so looked forward to his homecoming. Now, when others are coming back crowned with glory, our hearts are so lonely. We looked to have received him royally, who had fought so gallantly for us. The tragedy which made his end doubtly pathetic was that he died after having, by his efforts, given us the gift of peace; the war was over. We know not how to express to his parents our heartfelt appreciation and sympathy. Our hearts go out to them in their age and bereavement. May God reward them for the gift of their boy. May He give to the hero the rest and peace he so richly deserves in a better land where virtue and sacrifice are crowned. Requiescat in Pace.

(Signed) A. C. McCOLLUM,
Incumbent of St. James' Church,
Hockley, Ont.

Memorial service for the late Corp. John Proctor will be held in the church at Hockley on Sunday, Jan. 19th, at 2.30 p. m.

To Mr. and Mrs. George Proctor and Family,

Dear Friends:

As acting in the capacity of Recorder in the regular meeting of the Loyal Orange Lodge No. 465, Hockley, I was authorized by a vote of the brethren to write you a letter of condolence in view of your great loss in the death of your son and brother, John, in France. John was one of the brothers in the Lodge and his place will be greatly missed. As a Lodge, our heartfelt sympathy goes out to you in this great bereavement. He is one more of those brave boys of whom it is said: "Their name liveth forever." Please accept our most sincere sympathy as Orange brethren.

On behalf of L. O. L. No. 465,
A. C. McCollum, Recorder.

Throat Sore?

Take Peps at Once!

Peps will safeguard you against more serious ailments of which "sore throat" is usually just the beginning. By keeping a box of Peps on hand, therefore, you can avoid much unnecessary suffering and needless expense.

Peps Pastilles, dissolved on the tongue, throw off a medicinal Pine vapor, which is such a powerful disinfectant that it destroys all germs and prevents the soreness spreading. At the same time the healing quality of the vapor soothes the inflamed membranes and soon brings relief.

Peps are equally beneficial for laryngitis, asthma, bronchitis, coughs and colds. All dealers or Peps Co., Toronto. 50c. box, 3 for $1.25.

GLENCROSS.

(Intended for last week).

Everything has been very quiet in our burg on account of the influenza epidemic. Most of our young people have been ill, but we are glad to state that they are recovering.

We are very thankful to welcome home a number of our soldiers, and hope we will have the pleasure of seeing the rest in the very near future.

The U. F. O. held a joint meeting in the Orange Hall on Saturday, Jan. 11th.

A number of young people gathered at Mr. Brown's on Friday evening, where they were hospitably entertained and report a very enjoyable time.

The church has reopened after being closed for a considerable time on account of the influenza.

We wonder:

How E. M. gets through the snowdrifts?

Why E. B. is so afraid of the cold?

How W. W. is enjoying his postponed holidays?

If G. S. has started south again?

W. F. Parkin, of Lindsay, in three years, in spare hours, and especially in the evenings, made by hand, 175,000 shell box handles, double spliced each way, out of half-inch tarred manilla.

Wm. Craig, of Walkerton, who was severely injured by the breaking of a beam in Lagg Bros. barn, Brant, while threshing there last fall and who entered a claim through the law firm of Robertson & McNab for damages, received an amicable settlement of the case.

Dufferin County Enlistments

Lord Dufferin Chapter, Daughters of the Empire, has undertaken the preparation of a Record of all those, both male and female, who have left the County of Dufferin for service overseas.

As it is desired that this record may be complete and that no one from Dufferin shall be overlooked, you are requested to fill in the answers to the following questions in connection with any Soldier known to you, whether he or she enlisted in Dufferin or not and whether related or not, and return the clipping to Mrs. C. R. McKeown, or Mrs. (Dr.) J. A. Macleod, Orangeville.

If you can also furnish a snapshot of the Soldier or Nursing Sister this will be appreciated and will be added to the Record.

DO NOT PASS THIS REQUEST ASIDE in the belief that someone else will answer for the one known to you, as it would be much better that many reports as to the same person should be received rather than that any one should be overlooked.

The National Chapter, I. D. O. E., has this work in hand for all Canada, and the Record of Dufferin's contribution should be well looked after. This Record will be deposited in one or more of the Public Libraries of our County and will be valuable as an historic document in future years.

THE LATE GEO. ROBINSON.

Erin Loses an Old and Greatly Respected Resident; Born in England in 1836.

We regret to announce the death of the late Geo. Robinson, which occurred on the 7th inst. at his residence, Erin, in his 83rd year. The deceased was one of our oldest and most respected citizens. He was born in Lancashire, England, on April 4, 1836, and came to Canada when a young man of 21 years and has always resided here. Starting on nothing, Mr. Robinson by hard work made a success of his life and what he accumulated, he earned himself. His widow, who survives him, was Miss E. Lundy, who was born in Erin and has lived here all her life. For a number of years they farmed on what is known as the Armstrong farm just below the village, but retired about thirteen years ago and came to reside in the village, where they erected a comfortable home for themselves. Besides the widow, he is survived by six daughters and two sons, one daughter, Mrs. F. Near, dying three years ago. There are also 24 grandchildren and one great grandchild. The sons are John, of Stavely, Alta., and George, of Nanton, Alta., and the daughters are Elizabeth, Mrs. C. Leitch, of Erin; Agnes, Mrs. W. Grahama; Margaret, Mrs. A. McDonald, of Caledon; Florence, at home; Ada, Mrs. (Dr.) Short of Erin; Bertha, Mrs. W. Marshall, Terra Cotta.

Mr. Robinson was a man who had no enemies, was always a good neighbor and a kind friend to all. For a time he took a great interest in Municipal matters and served on the Township Council Board as Councillor and Deputy Reeve; he was also interested in the Agricultural Society, of which he was one of the officials for years. In religion he was a Presbyterian, being a lifelong member of Burns' Presbyterian church where he will be missed. His illness was of short duration, as he was about as usual until about three weeks before his death. The funeral took place to Erin cemetery on Friday last, after a service held in the church, and although one of the worst days of the winter, a large number turned out to pay their last respects to one whom they had known so long. The sympathy of all goes out to the bereaved widow and family in their sorrow. Among the floral tributes was a beautiful wreath from the Agricultural Society and another from the widow and family.—Erin Advocate.

THE LATE PETER CAMERON.

A little over a week after the death of his son, James Cameron, who died suddenly from pneumonia while on a hunting trip, Peter Cameron, of Saskatoon, succumbed to an attack of the same disease, in the City Hospital there, on Dec. 23rd. He was an old Caledon boy and 58 years of age. Before going West he resided in Toronto for a time. He was well known at Saskatoon, where he had a large number of friends and acquaintances. His farm being quite close to the city he was often in town, while friends from the city often enjoyed his hospitality. He was a most successful farmer and had resided there about 14 years. He was a prominent member of the Grain Growers' Association and was often chosen as delegate to both District and Provincial Conventions, and for many years was employed by the Government as Judge at the Provincial plowing matches. He leaves a widow, one son, Roy, and two daughters. Mr. Geo. A. Cameron, of Caledon, and Mr. John Cameron, of Orangeville, are brothers. Mrs. J. S. Dods, Alton; Mrs. Beatty, Toronto, and Mrs. (Dr.) Bell, of California, are sisters.

MRS. GEO. SHARP.

After a long and painful period of ill-health extending over eight years, Mary Kirkwood, widow of the late George Sharp, of "Tweedhill," Caledon, passed to her rest on Jan. 6th. Mrs. Sharp was the third daughter of the late John Kirkwood, Sr., and so belonged to one of the pioneer families of this vicinity, having been born at "Rockfort" farm, the Kirkwood homestead, on February 12th, 1844. The surviving members of this family are: Mrs. Charles Overland, Erin, and James Kirkwood, fourth line, Caledon. Left a widow at an early age, Mrs. Sharp abounded in unselfish ministrations to a large circle of relatives, and her nephews and nieces in city and country render her memory grateful homage and affection. Her son, J. G. Sharp, his wife and daughter and her brother-in-law James Sharp remain to mourn her loss in the home of which she has long been the centre. The funeral took place on Wednesday at the old White Church, Caledon, of which deceased had been a life long member.—Erin Advocate.

ALFRED E. EWING.

Early Thursday morning, January 2nd, 1919, death came as a happy release to the prolonged suffering of Mr. Alfred E. Ewing at the home of his brother-in-law, Mr. A. W. East, Lethbridge, Alta. The late Mr. Ewing was the eldest son of Mr. and Mrs. Wm. Ewing of Shelburne and a former resident of Grand Valley and later of Toronto. He had been in failing health for some time and had come West in May 1918, hoping his health would improve. For a time hopes were entertained for his complete recovery but he contracted influenza, which, in his enfeebled condition, developed meningitis, proving fatal in a few days. He bore his long suffering with Christian patience, was a kind and loving husband, and the beautiful floral tributes show the esteem in which he was held by his many friends. After a brief service the remains were brought by motor hearse to Taber where interment took place, the service being conducted in the Methodist church by the Rev. Mr. Phelps. He leaves to mourn his loss a loving wife and a dear little daughter five months old, also father and mother, two brothers, John and Cecil of Amaranth, and one sister, Mrs. Albert W. East, of Lethbridge, to whom much sympathy is extended. The pallbearers were Mr. Ed. McArthur, Mr. A. W. Bowes, Mr. H. Conlin, Mr. Geo. Bennett, Mr. Wm. Bennett and Mr. John Burns, all former Ontario men. He was in his 32nd year.—Star and Vidette.

Deceased was a nephew of Mrs. A. Fuller, of Orangeville.

MRS. JAMES CARBERRY.

After a residence of 88 years in the County of Peel, Isabella Lindsey, widow of the late James Carberry, passed away at the home of her son, Mr. A. E. Carberry, Joseph street, Brampton, on Monday morning. Mrs. Carberry had been ill for about six weeks prior to her death and the end was not unexpected. Born in the county of Sligo in 1829, she came as a child of two years to Canada with her parents, the late Mr. and Mrs. John Lindsey, the family settling on lot 5 of the 1st Con., Albion. Here she lived until her marriage, when she made her home in Tullamore, Chinguacousy, then to Britannia, and fifteen years ago coming to Brampton, where she has resided since. Mrs. Carberry could remember the great events of Canadian history, sometimes speaking of the experience of watching her father in the uniform of the Canadian Militia, in which he held the rank of major, prepare for the front during the Mackenzie Rebellion. She was very active and kept up her interest in the affairs of her country until the last. She is survived by one brother, Johnston Lindsey, and one sister, Mrs. Edward Clarke, both advanced in years, residing in Orangeville. Her surviving children are Mrs. Carbert of Meadowvale, and A. E. Carberry, Brampton. One daughter, Mrs. Fawcett, passed away 17 years ago. The funeral took place yesterday afternoon from the residence of her son to Mt. Olivet cemetery, the services being conducted by her pastor, Rev. Dr. Sparling. Warm sympathy is felt for this family, for the loss of a mother who has lived so faithfully after the rules laid down by the apostle for a true soldier of the Cross.—Conservator.

The Newmarket Hotel Co., Ltd., continues to prove that there is money in a hotel without the licensed bar. After paying $500 on its mortgage, $1,756 on repairs and improvements the company paid its regular dividend of six per cent. as it has done for years.

MISS M. F. M'KINNON.

The life of one of Caledon's most useful and promising young people went out on Wednesday morning, the 15th inst., when pneumonia, following an attack of influenza, claimed for a victim, Miss Mamie Florence, daughter of Mr. and Mrs. James F. McKinnon. Deceased was one of a family of six who were stricken with the terrible epidemic a few days previous to her death. Pneumonia quickly developed and it soon became evident that there was no hope of her recovery. She was very highly esteemed among a wide circle of friends who had learned to know and to value her many good qualities. In St. Andrew's church her services as a teacher in the Sunday School and as a member of the church choir will be a serious loss. In her own home her loss will be irreparable, where she leaves to mourn, her parents, two sisters, Miss Mabel and Miss Jean, and two brothers, Leslie and Norman. Another sister, Lillian, was married to Mr. Alexander R. Speers in June of last year. Her body was laid in its last resting place in St. Andrew's cemetery on Wednesday afternoon, the burial service being conducted by Rev. Dr. Spence, of Claude.

MRS. W. G. HARKIES.

A very sad event took place at the home of Mr. William Harkies, 5th line, west, Caledon, on Tuesday, Jan. 7th, when his wife, Annie M. Hilliard, passed away after an illness of ten days from influenza followed by pneumonia. Deceased, who was only 25 years and 7 months of age, was a bright, cheery young woman, who always had a pleasant smile for all her acquaintances. She was a devoted wife and mother and the stricken home has suffered an irreparable loss through her removal. She is survived by her father, husband, one son, Milton, and four sisters and three brothers. The latter are: Mrs. Wm. May, Orangeville; Mrs. Alex. Moote, The Maples; Mrs. Clifford Harkies, Beeton, and Miss Lulu, William, Norman and James, at home. The funeral took place from her late home on the afternoon of the day of her death, Rev. W. N. Carr, of Alton, the family pastor, holding a short service at the house and grave. The pallbearers were three brothers-in-law, Wm. May, Clifford and Wilson Harkies, Clyde Brinkman, Art Smith and Wm. Hilliard. Much sympathy is expressed for the bereaved husband and family.

WILLIAM J. HOWARD.

Mr. William J. Howard, an old and respected resident of Mono township, passed away at the home of his daughter, Mrs. Frank Crowe, Zina street, early on Sunday morning after a short illness. The old gentleman, who had reached the advanced age of 78 years, had been in indifferent health for the last year or longer, but only became bedfast on Thursday preceding his demise. Born in Tyrone, Ireland, the late Mr. Howard came to Canada with his father, the late James Howard, when only seven years of age. The family settled on the 3rd line, east, Mono, where the subject of our sketch spent his boyhood. After his marriage to Miss Janie Neil, a sister of Dr. John Neil, of Toronto, he settled on lot 22, 2nd line, west, Mono, where he farmed until about 14 years ago, when he moved to Caron, Sask., where he and Mrs. Howard resided until about a year ago, when they returned east. Deceased was a member of the Presbyterian church, and is spoken of by his neighbors as a very honorable, straightforward man and an excellent neighbor. He is survived by Mrs. Howard, one daughter, Mrs. Crowe, and a son, John Howard, in France. The funeral was held from the home of Mr. and Mrs. Crowe to the Forest Lawn cemetery on Monday afternoon. Rev. W. M. Morris conducted the services at the house and grave. The pallbearers were Messrs. Dr. R. N. Kyles, James Kyles, Thos. Kyles, A. T. Howard, Jas. Montgomery and Geo. Fleming, all nephews of the deceased.

Erin village officials for 1919 are: Clerk, W. Conboy; Assessor and Collector, J. McLaren; Treasurer, F. E. Walker; Officer of Health, Dr. Reynolds; Auditors, T. C. Foster and J. M. Abbott; Caretaker of Hall, Constable, etc., Wm. Wilson.

THE METHODIST CHURCH.

On Wednesday, Jan. 29th, Dr. D. R. McKenzie, of Japan, will give an illustrated lecture under the auspices of the Epworth League. Dr. McKenzie will soon return to Japan and this will be the last chance of hearing this distinguished medical missionary. A cordial invitation is extended to all who can come, to attend. Remember the date: Wednesday next.

The Epworth League meeting last Monday evening partook of a social nature and was thoroughly enjoyed by all who were present. Musical games and contests were held and a good sing-song followed. Mr. W. H. Kearns did the duties of chairman.

"The wicked had their day and for a season the wicked prospered; and the weak and the innocent were trampled into the dust and sunk in the sea. But the day of reckoning has come. Germany tore up the world's peace and we are going to make her pay for it. In pomp and power, practically all the nations of the earth are now represented in Paris. They have sent their cleverest, shrewdest and most aggressive men to vindicate their cause and to bring Germany to punishment."

All this, said the Rev. E. R. Young in his sermon in the Methodist church last Sunday evening, is but a living, dramatic parable. Who will heed its tremendous spiritual meaning? We call sinners to account, accuse them of their guilt and place upon them terms of judgment. Then we believe in justice. Who is the Fount of Justice? We do not have to go to Europe to find broken laws. We have simply to look into our own hearts. Why have we condemning consciences? There is no peace there. There is no peace in our homes or life. Who broke the peace of our souls? Sin, havoc and iniquity abound. Something is griveously wrong with our life. Whatever we have to say about it, the men of the Bible knew what was the matter. God had made a beautiful world and called it "good," "very good," and He meant to be at peace with all his creatures, especially with his child, man. But God's peace has been broken. Man has torn things to pieces. God has been denied his place of love and worship and evil things have been called good. Men's lusts and passions have so overleaped all bounds of right and goodness, that things that were meant to be beautiful, sweet and pure, have been dragged into the mire of iniquity. Instead of being a brother to his fellow, man has been a wolf to man. Instead of honoring woman and guarding sacredly her God-given powers of motherhood, man has made her a minister to his lust. Any and every code of laws that God has placed before men, men have glorified in breaking them. And for all this shall not God call men into judgment?

The subject of Mr. Young's sermon next Sunday evening is: "The Godlike Extra."

MARSVILLE.

At the last regular meeting of Court Marsville, C. O. F., the following officers were installed for the ensuing year: P. C. R., D. Jestin; C. R., Jas. Johnston; V. C. R., Wm. McGowan; Rec.-Sec., V. Armstrong; Chap., H. Hanna; Fin.-Sec., Jas. Boggs; Treas., A. Nodwell; S. W., James Edwards; J. W., Jas. Byers; S. B., B. Boggs; J. B., W. Howlett.

Mr. Jas. Roxburgh's sale on Monday was well attended and everything offered for sale brought a good price.

Mr. Archie Wilson, who has been working the home place at Price's Corners, has bought a farm of 100 acres near Orton from his brother, Fred, and will move to it in a few weeks.

Rev. Major A. L. Burch, of Toronto, occupied the pulpit in the Presbyterian church on Sunday afternoon and delivered an excellent sermon, which was appreciated by a large congregation.

The council held its inaugural meeting on Monday, Jan. 13th, with the following members present: Jas. Brown, Reeve; Councillors S. Cook, Geo. I. Nodwell, W. H. Hunter, John G. Brown. Mr. Brown is the new member from the west of the township and gives promise of being a worthy representative. The following officers were appointed: Clerk, L. Boggs; Treas., Jas. Simpson; Assessor, J. McGowan; Collector, John Platt; member of Board of Health, R. Simpson; Medical Officer of Health, Dr. Gibson; Sanitary Inspector, S. Depew; Truant Officer, S. Depew. A few complaints were made to the Board concerning rail fences which were causing an accumulation of snow. It is the intention of the council to enforce the snow by-law so as to make travel more comfortable during the stormy months.

Mr. Robt. Keith, who spent the summer in the West, has purchased land in Manitoba, south of Winnipeg, and is in this vicinity now buying stock and implements to take out in the spring.

Mrs. V. Armstrong and Mrs. Lomas spent the week-end with friends in Markdale.

HOSPITAL NOTES.

The Red Cross workers wish to thank Mrs. McGarvin for the use of her sewing machine, which has been of such great service to the ladies at the Red Cross rooms for the past year.

The Daughters of the Empire sent a box valued at $142.40 to the Red Cross. It contained 16 pyjama suits, 24 sheets, 78 pillow cases, 12 towels, 18 pair of socks and 10 kit bags.

The musical comedy entitled "The New Minister," will be given in the Opera House on Tuesday and Wednesday evenings, February 4th and 5th, under the direction of Mr. A. H. Francis, of London. Plan for both nights will open at The Banner office Saturday morning, Feb. 1st, at nine o'clock sharp. Admission, 75 and 50 cents.

Recent donations greatly appreciated and gratefully acknowledged by the Daughters include: Turkey, Mr. Ed. Thompson; butter, cake and biscuits, Mrs. Frank Island; jelly, Miss G. Irvine; china, Mrs. (Dr.) Bowles, and $75 from the Camilla Women's Institute.

—Lost, on West Broadway, near the post office, on Christmas morning, a lady's muff. Finder will be suitably rewarded upon leaving at The Banner Office.

—Miss Creta Corbett, of Melville Cross, and Mr. Howard Duckworth, of Alton, won first prizes for points at the progressive euchre party given by the young people of Alton on Friday night. The proceeds were in aid of the new Town Hall fund.

MONO CENTRE SALE.

The big sale of the McFadden general stock at Mono Centre was brought to a successful close on Saturday night. We understand that the sale was fully up to expectations. The business, which was purchased from Mr. McFadden by Mr. George Kaake, who has a large store on Queen street, east, Toronto, will be continued under the management of Mr. W. Donaldson, who has purchased an interest in the stock. Mr. Donaldson is a Mono boy and should make a worthy successor to Mr. McFadden.

$50,000 FIRE.

An Iowa Farmer Met With a Very Serious Loss on Christmas Eve.

Fire of unknown origin wiped out a year's harvest at Riverledge, the John Rutledge farm three miles north of the city Tuesday afternoon and evening. The loss is estimated at $50,000, and is partially covered by insurance.

The Rutledges own and operate one of the biggest stock raising farms in the county. In their eight buildings and two silos which were literally razed to the ground, seventy tons of hay, 3,000 bushels of oats, 300 bushels of barley, eleven calves, harness, machinery and tools were lost.

Fire started in the cow barn and had a good start when discovered. A strong wind from the north fanned the flames and carried them to adjoining buildings. In less than two hours the destruction was complete. All the buildings are located south and a little west from the home. This fact saved the house which was untouched by the flames.

Neighbors gathered from all around and did what they could to save the stock and carry machinery to a place of safety. Efforts to curb the flames were soon given up as useless as there was no way in which to use the water supply from the windmill. The dry hay in the cow barn where the fire started proved fine fuel. After sixteen hours the grain was still burning. Some of the ensilage from the silos was saved.

In the barn in which the fire started there were fifty cows, and these were all taken out in safety. Fifteen horses, ninety hogs and five calves were saved from the burning barns which connect. Many horses, cows and sheep were in pastures when the fire started. Neighbors offered the use of their barns and temporary shelter has been secured. Only one shed is remaining of all the buildings on the place.

Mr. Rutledge and son Rayburn and other members of the family were in Fort Dodge when the fire started. The flames were making big headway by the time they arrived and neighbors had come to the rescue.

The flames of the fire illuminated the whole northern sky Tuesday evening and reports in Fort Dodge that Humboldt was burning were current.

In spite of this heavy loss, Mr. and Mrs. Rutledge find much to be grateful for in that their home is unimpaired and no one was injured. Plans for the big family reunion which always mark their holidays were not interfered with by this disaster. With commendable philosophy, the family went right ahead with their preparations for their Christmas dinner.

Mr. and Mrs. Schrapp of Minneapolis, Mr. and Mrs. W. A. Reaser and daughter of New York, Miss Mabel Mears of Marshalltown are out of town guests at the home. Miss Helen Rutledge who is teaching at Terril, Iowa, Miss Cora Rutledge, a student at Grinnell College and Miss Leone Rutledge who is attending Milwaukee Downer College had just a few days previous arrived home for the holidays. Mr. and Mrs. Hal Platt, Mrs. Leone Richards and son Platt are also guests at the Rutledge home, famed for its hospitality.

Rayburn Rutledge, who until his enlistment in the navy, has been associated with his father in the management of the farm, arrived home Monday from the Great Lakes Naval Training Station. He has just recently recovered from a very serious attack of influenza and pneumonia.

Aside from the heavy financial loss the difficulty in getting labor and the increased cost will complicate matters in rebuilding. While no definite plans have been made as yet Mr. Rutledge said he thought they would have to sell out their stock this winter.—Fort Dodge (Iowa), Messenger.

Mr. Rutledge, the loser by the fire, is a brother of Mr. Crozier Rutledge and the late Wm. Rutledge, of Caledon.

REID-HOARE.

A very pretty wedding took place at the home of Mr. and Mrs. J. W. Hoare, The Maples, at 3 o'clock on Wednesday afternoon, January 15th, when their elder daughter, Emma Marguerite, became the bride of Mr. William Henry Reid, son of Mr. and Mrs. Isaac O. Reid, of East Garafraxa. The interesting event was solemnized in the presence of a gathering of forty guests, most of whom were immediate friends of the young couple. The officiating clergyman was Rev. F. Eley, rector of St. Mark's church, Orangeville. The ceremony took place in the drawing room, the bridal couple taking their places under an arch of evergreens and carnations. The bride, who was given away by her father, looked charming in a gown of ivory satin with georgette overdrape, embroidered with pearls and crystal. She wore a veil of embroidered silk Brussels and orange blossoms and carried a bouquet of carnations. Little Miss Madeline Farewell, of Hamilton, a niece of the groom, made a dainty flower girl. The Lohengrin wedding march was played by the bride's younger sister, Miss Clara. After receiving the congratulations of the assembled friends, the newly wedded couple led the way to the dining room, where a dainty wedding breakfast was served. Pink and white carnations were the dominant feature in the house decorations. The young couple, who are both popular and widely known, received a large number of beautiful wedding gifts. The groom's gift to the bride was a handsome piano, to the flower girl a gold pendant and to the pianiste a necklace of pearls. The happy couple left by the evening train on a short wedding trip amid showers of confetti and good wishes. The bride's travelling costume was a becoming suit of navy blue cloth, taupe hat and black furs. On their return Mr. and Mrs. Reid will take up their residence on the former's farm, the old Reid homestead in East Garafraxa, the property on which Mr. Reid's grandfather settled over seventy years ago. The Banner extends its hearty congratulations and unites with the many friends of the young couple in wishing them every happiness throughout life's journey.

JANUARY ROD AND GUN

An interview with Bonnycastle Dale, the well-known writer on outdoor subjects, occupies the opening pages of the January issue of Rod and Gun while the frontispiece in this issue shows a reproduction of a photograph of Mr. Dale. H. C. Hadden contributes another installment of "A Year with the Deer"; Fred Copeland a story entitled "Mr. Brewster Discovers a Wildcat"; Vincent Perry a sequel to "By Bob," entitled "Bob's Baby"; Robert Page Lincoln a finely illustrated article on the making of snowshoes; etc., etc. The regular departments are up to standard and include some valuable, interesting and informative articles. A report of the Canadian Field Trials at Ojibway occurs in this issue. Rod and Gun is published at Woodstock, Ontario, by W. J. Taylor, Limited.

COULD NOT SLEEP.

Miss Gertrude Pratt, Wolsley St., Barrie, Ont., writes: "I was very much run down and could not sleep either day or night and my arms and legs ached so that life was very miserable. After using six boxes of Dr. Chase's Nerve Food I feel well and strong again."

—A mare belonging to Mr. W. J. Smith, a farmer below Caledon Lake, broke through the ice in the Credit River when she went down to her accustomed watering place last Thursday night. She got caught in the ice and was unable to free herself. Mr. Smith had quite a task getting her to dry land and is afraid he may lose her from the effects of the chilling.

—Two full nights of fun. "The New Minister," in the Opera House, Orangeville, on Feb. 4th and 5th.

—Writing from Swift Current, Sask., on Jan. 13th, to renew his subscription to The Banner, Mr. J. H. Hosick, ex-Reeve of Amaranth, says that the West is experiencing a California winter. So far there had only been four cold days, stock was still feeding out and the wheeling was excellent. Mr. Hosick expresses his sorrow that so many Dufferin boys have lost their lives in the great struggle for world freedom now so successfully concluded.

—McPherson & Johnston's big fire sale will continue until Saturday night.

—Dufferin County Council will meet in the Court House here next Tuesday.

—Genuine bargains in footwear await all at McPherson & Johnston's fire sale.

—There are still attractive bargains to be had at McPherson & Johnston's fire sale.

—Mr. Hilliard Anderson, of Camilla, will hold one of the big auction sales of the year on Friday afternoon, Feb. 7th.

—Buy Thrift Stamps.

—Mr. D. H. Morrison, a onetime Orangeville printer, has disposed of the Bancroft Times, which he conducted for twenty-one years and will remove to Vancouver, B. C.

—Mr. R. L. Mortimer, editor of the Shelburne Free Press, had recovered sufficiently to be able to return home last week. His friends hope the improvement will continue.

—Save—help yourself and Canada.

—Mr. Thos. Duke has purchased the Duke homestead, lot 10, Prince of Wales Road, Mono, the property of his brother, the late Geo. Duke, from Mrs. Duke. We understand that the price paid was in the neighborhood of $9,000.

—Orangeville has a first-class hog market this winter. Farmers delivered loads here yesterday from near Whitfield in Mulmur township. One north country man told The Banner that he made $25 by bringing his load to Orangeville.

—Farmers should keep Friday, Feb. 7th open for Hilliard Anderson's big auction sale.

—Well-attended evangelistic services are being held in Alton Methodist church this week. Rev. J. R. Wilkinson, of Inglewood, spoke Monday night and Rev. E. R. Young Tuesday and last night. The services will be continued Thursday and Friday nights.

—Organized agriculture has received the unstinted and loyal support of the Weekly Sun, Toronto, during the twenty-eight years of its existence. It is today giving generous and hearty support to every movement calculated to further the interests of those engaged in agriculture. Those farmers who wish to keep in touch with the great co-operative movement among agriculturists in Ontario, should read it every week. The women of the farm will be particularly interested in the Woman's page, specially written for The Sun by a woman living on a farm.

OUR HOLIDAY WEEK.

Next week The Banner will take its annual mid-winter holiday, and consequently there will not be another issue of the paper until Thursday, February 6th. The office will be open for general business and orders for job work will receive the usual prompt attention.

COMMENCED OPERATIONS.

The J. W. Hewetson Company lost no time getting its Orangeville business under way. Part of the machinery is already in place in the flat over the Kentner store and the company commenced operations this week with about a dozen hands. More hands will be taken on as soon as they can be secured and the management expects to have about thirty employees working steadily in the course of a couple of weeks. The industry has the earmarks of a good one and its coming here may mean a good deal to Orangeville.

CARD OF THANKS.

Mr. Ernest Smith and sisters, of Laurel, wish to tender their grateful thanks to their neighbors for their great kindness to them during the illness and since the death of their brother, the late Andrew Smith. Especially do they wish to express their gratitude to Mrs. Farnell and Mr. John Hammond, who came into the stricken home and helped care for those who were ill with the dread influenza.

CARD OF THANKS.

We wish to express our deep gratitude to our neighbors and friends at Mono Mills and in the vicinity of that village for the great kindness shown us during the illness and since the death of Mrs. Mills. Their goodness, their desire to help and the sorrow and sympathy so unreservedly expressed by word and act have done much to lighten our sorrow and help us through the ordeal of our loss.

A. R. Mills and Family.

CARD OF THANKS.

On behalf of the family of the late W. T. Bailey I desire to express through the columns of The Banner our sincere appreciation of the kind words expressed by the citizens of the Town of Orangeville at a public meeting held in the town on December 30th last, at which meeting reference was made to the passing of our father and appreciation expressed for his services to the town. The family sincerely appreciate this mark of respect and now acknowledge the same through your paper.

Yours truly,
CHAS. J. BAILEY.

Lake fishing in January is an uncommon occurrence. Meaford fishermen, on account of freedom from ice, were able to set their nets the other day and they hauled in nearly 800 lbs. of trout and whitefish, which were sold to the local butcher.

PERSONALS.

Miss Bessie Harshaw is visiting friends in Toronto.

Sheriff Henderson, of Brampton, was in town on Tuesday.

Mrs. G. A. Campbell is visiting relatives in Toronto and Ottawa.

Mrs. Mitchell, of Elora, is visiting her sister, Mrs. J. D. Thompson, Parson street.

Mrs. Wm. Clowes and family spent the week-end visiting Mrs. John Moffatt, Mono.

Mr. Walter Riddell, of Toronto, has been visiting his brother, ex-Mayor W. H. Riddell.

Mr. Wm. Savage, of London, spent a few days last week renewing acquaintanceships in town.

Mrs. W. L. Jelly, of Bowling Green, spent the week-end with the Misses Lambe, Margaret street.

Mr. Duncan Moody, of Weston, was the guest of his parents, Mr. and Mrs. John Moody, over Sunday.

Mr. John B. Moody, of Glenwilliams, spent the week-end as the guest of Miss Lily Cole, The Maples.

Mr. Jas. Montgomery, of Toronto, was in town on Monday attending the funeral of the late William J. Howard.

Mr. and Mrs. D. Cunnington, of Caledon East, were the guests of Mr. and Mrs. S. Mossop, John street, over Sunday.

Rev. Hugh Crozier, of Guelph, spent a couple of days with Orangeville and Mono relatives the middle of last week.

Mr. and Mrs. E. J. Hassard and son, Master Harvey, were visiting at the former's old home near Mono Mills last week.

Mr. Alex. Johnston, who has been visiting his brother in Napanee since shortly before the New Year, returned to town last week.

Mr. Thomas Bennett, of Bowling Green, was in town on Monday on his way to spend a couple of days with his brothers in Mono.

Rev. Dr. Neil, pastor of Westminster Presbyterian church, Toronto, was in town on Monday attending the funeral of his brother-in-law, the late Wm. J. Howard.

Mr. H. A. Dorrance, District Representative, has gone to Palgrave to take charge of the Short Course in Agriculture for Mr. J. W. Stark, the Peel county representative, who is laid up with an attack of pneumonia.

The Banner had a pleasant call last Friday from Mr. William Ewing, of Shelburne, formerly of Amaranth, one of this journal's oldtime friends.

Mr. Hamilton Ferns, of Kitchener, made a number of his Orangeville friends a flying visit on Friday.

John Best, M. P. for Dufferin, was in town on Monday. Mr. Best is hopeful that the addition and alterations to the Orangeville Post Office will be proceeded with this summer now that the war is over. Through the instrumentality of the member for Dufferin $9,000 was placed in the estimates for this purpose shortly before the war commenced.

The wife of Pte. Geo. W. King (nee S. E. Barrington), arrived in town from England last Saturday and is paying a visit to Town Engineer Chas. King and other friends here, previous to making her home in Canada. Mrs. King expresses herself as very much surprised at the mild weather on this side. She came over on the C. P. R. liner Metagama, and had a decidedly unpleasant voyage, the weather being very rough. Her husband is somewhere in France according to last reports. Before enlisting he was chief engineer at the Muskoka Cottage Hospital, Gravenhurst. He enlisted with the 122nd Battalion, known as the Muskoka Wild Cats, and has been overseas upwards of two years.

HAVE YOU STARTED?

Have you started to use War Savings and Thrift Stamps? If not you should do so at once. All should save something, it matters not what their earning power may be. To anyone this point is hardly necessary.

If Canadians do not save from now on it will not be through lack of a system that makes saving easy. Nothing could be better than the War Savings Stamp plan. Four dollars buys a War Savings Stamp, for which the Government will pay $5.00 in 1924. Twenty-five cents buys a Thrift Stamp, 16 of which may be exchanged for a War Savings Stamp. Could anything be easier? This form of saving is also profitable, paying 4½ per cent. compounded half-yearly.

Our citizens wish him success in his undertaking. Mr. Crowe is a married man with a family.

WINTER WEATHER HARD ON LITTLE ONES

Our Canadian winters are extremely hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms; takes colds and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They regulate the stomach and bowels and prevent or cure colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

MELANCTHON FARM DEALS

Mr. Frank Halbert has sold the east half of lot 4, Con. 3, O. C., Melancthon, 100 acres, to Mr. Austin McQuarrie, of Honeywood, for $9,800. Mr. McQuarrie has sold his farm at Honeywood to Mr. Jos. Allen. Mr. R. H. Halbert has sold the west half of lot 10, Con. 4, O. S., Melancthon, 100 acres, and lot 291 and part of lot 292, Con. 2, N. E. T. & S. R., Melancthon, 50 acres, to Mr. Jos. H. Gallaugher, for $7,700. Mr. Gallaugher has sold the west half of lot 11, Con. 4, O. S., Melancthon, to Mr. Wm. Oliver.—Economist.

THE FORWARD MOVEMENT.

Orangeville Presbytery is forging ahead in the matter of the Forward Movement. Last week Dundalk and North Erin congregations were privileged to hear some wonderful addresses from Dr. Dyde, Principal of Queen's University, Kingston. Principal Dyde also spoke at Alton on Sunday. Thursday and Friday a representative from the W. M. S. will speak. The earlier part of the week was filled by local speakers, including Revs. Lyon, Lundy and Burkholder. Beginning on Sunday, the 19th, Primrose and Horning's Mills launched their campaign, in which they are to be assisted by Rev. Dr. McTavish, pastor of Grosvenor street church, Toronto, and Revs. Thornley, of Shelburne, and Lyon, of Camilla, during the course of the week. The Movement has had a splendid beginning and the hope is entertained that the results will gratify the church at large.

WILL SOME ONE EXPLAIN?

Caledon East, Jan. 20, 1919.

Dear Mr. Editor:

We are informed in our section that at the first meeting of Caledon council a good, reliable young man applied for the position of tax collector at a salary of $80. But it appears his application received no consideration whatever as the old collector was reappointed and given $100 to do the job.

Now, of course, this $20 is not a serious matter to Caledon Township, but is this the principle our new council is going to adopt in other things, too? We hope not.

TAXPAYER.

ORANGEVILLE COUNCIL.

Nominations were held on Monday to fill the two vacant positions in the Orangeville council. Ex-Reeve Walter Fairbairn and Mr. T. S. Parkinson, of the 1918 council, were returned without opposition. Their experience in municipal matters will greatly strengthen the council.

ALBERT TILCOX.

The death of Albert Tilcox, a young Englishman residing in Inglewood, took place on Friday, Jan. 3rd, after a long illness. The funeral took place to Boston cemetery on the Sunday following, Rev. Wilkinson conducting the service. The young man leaves a widowed mother and several sisters, all residing in Inglewood.

JOSEPH BRADLEY.

Campbell's Cross has lost another well known and highly respected citizen in the person of Mr. Joseph Bradley, who passed away on Monday night at the age of 72 years. Mr. Bradley was born at Campbell's Cross and had always been identified with the life of the locality, especially in connection with the Anglican church there. His first wife was Miss Gray of Sandhill, and his second wife, who survives, was Miss Armstrong, of Campbell's Cross. Mr. Bradley's father and mother removed to Brampton on retiring from the active work of the farm, surviving only a short time. The funeral took place yesterday afternoon to Dixon's cemetery, the services being conducted by Rev. Mr. Battersby, of Caledon East.—Conservator.

WILL SET ASIDE.

Mr. Justice Middleton Holds That Late Hugh Faulkner Lacked Testamentary Capacity.

At Osgoode Hall on Tuesday, Jan. 7th, Mr. Justice Middleton set aside the will of the late Hugh Faulkner on the ground that the testator was not of sound testamentary capacity at the time his will was executed in the Western Hospital the day before he died. The validity of the will was contested by George Faulkner, of Esquesing township, a brother to whom was bequeathed $1, $23,000 going to Archibald Faulkner, of Caledon, another brother who asked that the will be upheld. In giving his judgment, Mr. Justice Middleton declared that the question for decision was not whether the testator knew he was giving all to Archie and excluding all other relatives, but whether he was at the time capable of recollecting who those relatives were of understanding their respective claims upon him and deliberately forming an intelligent purpose to exclude them from any share in his property.

His Lordship had satisfied himself that testator did not think of anyone at all other than George and Archie, his brothers, and Archie's children. The latter were intended to be objects of his bounty and were excluded not by any common act of testator himself, but because the question put to him by his lawyer as to how division was to be made between Archie and his children was one calling for greater effort than testator was able to accomplish at the time. His Lordship suggested to the brothers that it would be greatly to their credit if they settled the litigation by Archie handing over his share to his children and by George giving his share among needy relatives, whom their brother would in all probability have remembered.

Referring to the condition of the testator on his death bed, his Lordship expressed the opinion that the stupor resulting from the poisons absorbed and from the nephritis then present had destroyed all mentality and for this reason the will must be set aside for lack of testamentary capacity.

CORBETT-M'GARRIGLE.

A quiet wedding took place at Nanaimo, B. C., on Tuesday, December 31st, when Rev. J. K. Unsworth united in marriage Ida May, eldest daughter of Mr. and Mrs. George Corbett, of East Wellington, B. C., and formerly of Orangeville, Ont., to Mr. J. W. McGarrigle, of Wellington. The bridegroom was supported by his brother, Mr. George McGarrigle, and the bride attended by Miss Nancy Haughan. After the ceremony Mr. and Mrs. McGarrigle took the morning boat for Vancouver and on their return will take up residence on their farm at Wellington.

OLSON-CROMBIE.

On Wednesday afternoon, December 18th, a very pretty wedding took place at the home of Mr. and Mrs. T. S. Crombie, of Munson, Alta., when their eldest daughter, Laura, was united in marriage to Mr. O. J. Olsen, of Munson. The bride, who was unattended, looked charming in a gown of white silk crepe de chene, and carried a bouquet of white carnations and maiden hair fern. The ceremony was performed by Rev. Armstrong, of Munson, in the presence of a number of intimate friends. The Dufferin friends of the bride, who formerly lived at Whittington, extend their congratulations and good wishes.

IN MEMORIAM.

Lines written in loving memory of Myrtle Irene Ladd, who departed this life on Jan. 1st, 1919:

Gone is the one we loved so dear,
Silent the voice we loved to hear,
Too far away for sight or speech,
But not too far for our thoughts to reach.

Short was the life of our dear babe,
But peaceful be her rest,
Mother misses her most of all,
Because she loved her best.

Peaceful be her silent slumber,
Peaceful in her grave so low,
Thou no more will join our number,
Thou no more our tears shall know.

—EDNA.

JESSOPVILLE.

A quiet but pretty wedding took place at the home of Mr. and Mrs. John Davison, on Thursday, January 9th, when their second daughter, Mary Myrtle, was united in marriage to Mr. Thomas Basil Malone, only son of Mr. J. P. and Mrs. Malone, of Melville, Sask., Rev. John Macartney, of Keldon, officiating. The bride, who was given away by her father, was prettily gowned in ivory duchess satin with bridal veil and orange blossoms and carried a shower bouquet of white roses. The wedding march was played by Miss Edith Davison, sister of the bride, while little Jean Davison, of Caledon, cousin of the bride, made a dainty flower girl in a dress of pale blue silk. After spending a few weeks with friends in Ontario the happy couple will reside in Melville, Sask.

ORANGE OFFICERS.

Caledon District L. O. L. elected the following officers on Tuesday: D. W. M., Rev. T. R. White, Alton; D. D. M., T. H. Bullock, Mono Mills; Chap., W. Thomas, Alton; Rec.-Sec., C. A. Patterson, Mono Mills; Fin.-Sec., J. K. Parker, Mono Mills; Treasurer, R. Speers, Mono Mills; Lecturer, Jos. Varey, Mono Mills; D. of C., Jas. N. McCutcheon, Mono Mills.

WASTE IN MINING.

The proportion of coal wasted as slack produced during mining and handling of the coal varies from 12 to 35 per cent. in Canadian mines, according to the Commission of Conservation's ninth annual report.

A ROUNDABOUT METHOD.

"Pa, why do you always insist on my singing when Mr. Bimley comes here?"

"Well, I don't like to come right out and tell him to go."

WOOD HEAT VALUES.

In a discussion by the Forest Products Laboratories, Montreal, of the heat values of dry wood, it is stated that 1.00 cord of birch, 1.15 cords of tamarack, 1.20 cords of Douglas fir, 1.50 cords of jackpine, 1.55 cords of poplar, 1.60 cords of hemlock, and 2.10 cords of cedar have equal heating value to one ton of anthracite coal, according to data given in a pamphlet on the subject of "Fuels of Western Canada," by James White, assistant to the chairman and deputy head of the Commission of Conservation.

Mrs. Henry Tucker, who lived at Ceylon for several years, died at the home of her daughter, Mrs. I. Cruikshank, Paisley, where she had lived for the past seven years.

Keep Them Smiling

Soldiers Home Coming Campaign

The "Welcome" sign still hangs high on the doors of the Salvation Army Hostels. Help them to keep it there! While our soldiers have need of the comforts—spiritual as well as bodily—DON'T shut the doors in the boys' faces—Keep them smiling!

The Salvation Army appeals for a Million Dollars for the boys who won the victory. This is the first time the Salvation Army has made a general appeal for its work. We urge you now, for the sake of the soldiers, and as a VITAL factor in the solution of Canada's Reconstruction problems, with the Homecoming of her boys, to give and to give liberally!

Our men in Khaki may not all be home for another year. While there is a company of Canadians in uniform over there or over HERE, there is work for the Salvation Army Lassie.

The weary waiting and the relaxed discipline spell dangers that MUST be guarded against. A happy smile and a comfortable body help to keep trouble at a distance. Do not let the Hostels shut for lack of funds!

The Salvation Army Million Dollar Fund

January 19th to 25th

"First to Serve—Last to Appeal"

A WORD ABOUT THE HOSTELS!—Have you ever been inside a Salvation Army Hostel? If not, ask a returned man about the Hostels in Paris, London, Toronto, Hamilton, or any others that he has stayed in over HERE.

Let HIM tell you about the REAL beds, the home cooking, the fried eggs, and hot coffee—and hot baths. If he knows you very well, he may give you a hint about the spiritual comfort the Salvation Army Lassies give these men far from home and all it means!

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces.

ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE.

Gravel or Stone in the Bladder Can Be Remedied

Among the most agonizing of diseases arising from Kidney derangements is Stone in the Bladder or Gravel.

Persons who suffer from these dreaded affections generally become chronic invalids. . . . Heed this message! Gin Pills have brought relief to thousands of persons whose cases seemed almost hopeless. Testimonials by the hundred recommend Gin Pills as the great remedy for Gravel or Stone in the Bladder. Try them! Surely what they have done for others, they will do for you.

Here is the substance of a testimonial received from a gentleman, whose name will be given on request:—

For a long time this man suffered excruciating pain, and at times positive torture from stone in the bladder. He tried many remedies without finding relief, and an X-ray photograph failed to locate the cause of his trouble. Finally, almost in despair, he tried Gin Pills, with the result that before long he passed the stone and obtained a reprieve from his previous agonies.

This man is a mechanic of about 35 years of age, with a wife and little girl to look after. Think what it has meant to him to become strong and well again!

In order to convince you of the merits of Gin Pills a sample box will be sent to you free, if you write us for it. Address:

"THE NEW MINISTER."

Performance by Local Amateurs Given in a Most Creditable Manner; Will be Repeated Friday Evening.

The production of "The New Minister" by 60 Orangeville people on Tuesday and Wednesday evening of this week in the Opera House was surely a performance that will go down in Orangeville's "musical comedy" annals as a standard to set the pace. The chorusses and other musical numbers were a revelation in the matter of local talent, and the costumes—some quaint, some gorgeous, and many of them fearfully and wonderfully constructed in the light of present-day fashions—had among them several prized heirlooms, the whole forming a brilliant array that simply had to be seen to be appreciated.

The play depicts the old-time momentous occasion of an old-fashioned congregation choosing a new minister for their pulpit, wherein the said congregation are not at all backward in speaking their thoughts, and doing so in a very forceful manner, but have no effect on the self-styled "wise" musical committee, who have the final say in the selection.

We refrain from eulogizing individual characters, as we would have to mention the entire production, because each in their respective parts carried us to the point of forgetting that they were amateurs and not professionals. For the success of this we unhesitatingly give the credit to Mr. A. H. Francis, of London, who coached and directed the production. He displayed exceptional ability in choosing characters and placing them where they are best fitted, and a knack of developing talent that we never realised belonged to those who were on the stage last evening.

The performance was given under the auspices of Lord Dufferin Chapter, I. O. D. E., Orangeville, and the proceeds will go towards the hospital building fund. The plans for the performances opened at The Banner office last Saturday morning and before noon the same day practically all the seats were taken for both nights. Owing to a large number of local and district people who could not secure seats for either of the two performances, the play will again be staged on Friday night of this week and judging from present indications there will be a packed house at Friday night's performance.

FARMERS' MUTUAL.

John Best, M. P., occupied the chair at the annual meeting of the Dufferin Farmers' Mutual Fire Insurance Co. in Shelburne on Saturday owing to the absence of the President, Mr. W. J. Jelly, who is laid up at home with an attack of flu. The proceedings were very harmonious and the reports showed that the company has had another prosperous year. The amount of insurance in force on Dec. 31, 1918, amounted to $5,525,145, an increase of $320,000 for the year 1918. The total receipts for the year amounted to $22,857.41. The expenditure, including losses of $12,076.29, was $14,165.59. The total assets of the company are as follows: Cash in banks and head office, $8,491.52; Victory Loan Bond, $3000; premium notes in force after deducting all payments on same, $160,281.53, making the total assets $171,973.45, with no liabilities. The total losses paid to date since the organization of the company amount to $118,678.39.

The old officers were re-elected as follows: President, W. J. Jelly, Shelburne; vice-Pres., Samuel Barber, Rosemont; Adjuster, John Johnston, Laurel; Auditors, W. E. Reid, Shelburne, and Samuel Patterson, Shelburne; Secretary and Manager, Thos. Whalley, of Shelburne.

Directors—East Garafraxa: Wm. Park, W. W. Warnock; East Luther: George Lyon, Thomas Sime; Melancthon: W. J. Jelly, Wm. McGhee; Mulmur: Thos. Jennings, George Best; Mono: Samuel Barber, J. A. Marshall; Amaranth: John Johnston, J. J. Braiden.

The Dufferin Mutual is now one of the strongest Farmers' Mutual Fire Insurance Companies in Ontario, and farmers in the County of Dufferin are fortunate in having a company of such good financial standing, in which they may carry their insurance risks.

SOLDIERS RETURN.

FOUR ORANGEVILLE MEN ARRIVED HOME LAST WEEK.

Four Orangeville soldiers reached home on Thursday night. The Citizens' Band, the local reception committee and a large concourse of citizens met the men at the depot and gave them a rousing welcome, afterwards escorting them to their respective homes. The men were:

Sergt. A. S. McGowan.

Who enlisted with the 164th Dufferin-Halton Batt., transferring to the 2nd Batt. after reaching England. Sergt. McGowan reverted to the rank of private to get to the front and reached France on April 1, 1918. He took part in seven battles, coming through unscathed, but was finally wounded in the right leg and left arm by a German prisoner who was being brought back of the Allied lines near Cambrai on Sept. 27th last. He spent ten weeks in No. 4 Canadian General Hospital in England before leaving for Canada on the Aquitania. Sergt. McGowan is a married man and received a warm welcome from his wife and child and Mrs. McGowan's parents, Mr. and Mrs. Thos. S. Hewson, at their home on Zina street. The front of the house was gaily decorated with flags and bunting in honor of the homecoming.

Gunner Alan Cameron,

Only son of Mrs. James Cameron, West Broadway, who returned to Canada on the Aquitania, considers he was one of the lucky Canadians. He was at the front with the Field Artillery eighteen months and was wounded no less than three times, the last before Arras in September 1918. Fortunately his wounds were not severe, although the last, shrapnel in the left arm and left leg, was serious enough to send him back to a military hospital in England. He was in a convalescent hospital at Arras when the armistice was signed. Gunner Cameron has just completed his second year in science and engineering at Queen's University when he enlisted in the R. C. H. A. in 1916. He went overseas in November 1916 and to France in March 1917. Gunner Cameron expects his discharge shortly and is planning to resume his University studies next autumn.

Sapper J. M. Murray.

Sapper J. M. Murray, who went overseas with a C. P. R. Construction Corps in 1915, was among the returned men, who reached Orangeville on Thursday. Mrs. Murray, who moved from here to Owen Sound about a year after her husband went overseas, was on hand to join in the welcome to the returned soldier. Murray got over to France in February 1916 and was gassed and wounded at Courcelles on March 23rd, 1918. After passing through the casualty and clearing hospitals in France, he reached England about the end of the month and was placed in the 2nd Southern General Hospital in Birmingham. In June he was transferred to Wood Park Convalescent Hospital at Epsom and later to the Seaford Command Depot, 3rd C. C. D. His final move was to the base at Purfleet about six weeks before the signing of the armistice. Murray was in charge of a construction party and was usually engaged in railway and bridge construction and demolition work but was in action on several occasions. He is a six-footer and was a heavy, rugged man weighing about 245 pounds when he enlisted. He was badly gassed and is now down to 175 pounds, but is hopeful that a few months rest will get him fairly on the way toward his old-time form. Mr. and Mrs. Murray left for Owen Sound Saturday night, but "Joe" as his friends call him, is coming back shortly for a longer visit in the old town. Murray spent 28 months on active service in France and Belgium.

A BUSINESS CHANGE.

Mr. Harvey Curry, until recently a mechanic with the Royal Air Force, has entered into partnership with Mr. F. A. Falconer, hardware merchant. The partnership will do business under the firm name of the Falconer Hardware Co. Mr. Curry was with the Adamson Hardware Co. for seven years and understands the hardware business from the ground up. He was born and reared in Orangeville and therefore needs no introduction to Banner readers.

AN EXCELLENT SALE.

The auction sale, which Mr. R. B. Coulter, of Cataract, held a couple of weeks ago was a hummer, the amount realized being in the neighborhood of $5,000. Cows sold as high as $167.50 and a 3-year-old colt brought $177.50. W. Hull, Erin's veteran auctioneer, handled the sale in good style

DUFFERIN COUNTY COUNCIL

Reeve Hilborn, of East Luther, Elected Warden on First Ballot.

At the first meeting of Dufferin County Council for 1919 on Tuesday, Jan. 28th, Mr. H. H. Hilborn, Reeve of East Luther, was elected Warden. Mr. Hilborn's selection took place on the first ballot, the vote being 7 in his favor to 6 for Reeve Hopton of Amaranth.

The new Warden is a native of East Luther, having been born in that municipality on October 22, 1881. He was councillor for two years and has been Reeve for six years. Most of the present concrete bridges in which East Luther takes a just pride were built since Mr. Hilborn entered municipal life. Warden Hilborn has been in the automobile business in Grand Valley for six years. Alert, progressive and a thorough-going business man, Mr. Hilborn should fill the Warden's chair with dignity and acceptance. He was married to Miss Adeline Sime in 1905 and has a family of one son and two daughters. The new Warden is a Presbyterian, a Sunday School superintendent and takes an active interest in church and educational matters. In the County Council he has served as Chairman of the Road and Bridge, Legislation and Education Committees and is well versed in county council business and procedure. The Warden had the misfortune to lose his right hand in an accident in 1902, but writes well despite this serious handicap. Courtesy and good nature are marked characteristics of the man and these qualities will serve him well in the performance of his duties as presiding officer of the county council. The Banner compliments Mr. Hilborn upon his election, particularly over an opponent of the standing and popularity of Reeve Hepton.

Warden Hilborn's address to the council follows:

County Councillors of the County of Dufferin, I thank you for the honor you have conferred upon me, and the municipality I represent, East Luther, by electing me Warden for 1919, and with your assistance I shall endeavor to fulfil all duties pertaining to this office required of me to the best of my ability. It is with much pleasure I welcome you all to this One Hundred and Fifteenth Session of the County Council of the County of Dufferin. I congratulate you on your election as Reeves and Deputy-Reeves of your respective municipalities, which is a mark of the esteem in which you are held by your ratepayers. In looking over the new County Council Board we see that there are seven new members who have taken their places at this County Council Board this year, but I feel assured that you all possess the necessary ability and experience to administer the affairs of the County in a manner creditable to yourselves and satisfactory to the electors of the County.

I have to congratulate you on the continued prosperous state of the financial affairs of the County; the County being entirely free from debt and there being at present a surplus on hand of $29,322.65 in the County Treasury which will be sufficient to meet all ordinary expenditure until June next when our annual levy will be made.

Included in the above surplus is the amount which we raised last year to build the county bridge at Grand Valley, schedule No. 26, and as we had made provision to pay our monthly grants to the Patriotic Fund as long as the war lasted, part of the surplus which was intended for this purpose is also included.

On account of the high price for material and labor the Road and Bridge Committee of 1918 were unable to let a satisfactory contract of the Gravel River bridge. Therefore it will be necessary for this Council to give authority to the Road and Bridge Committee to have this bridge built as early as possible in the spring, and have all county bridges inspected, have all necessary repairs made, and if any bridges require to be built this year, to report at June session of the County Council so that all work can be completed before cold and wet weather sets in in the fall.

If you contemplate purchasing machinery and doing any construction work on the County Good Roads I would suggest that all necessary arrangements be made at this session of County Council.

Victory crowned the efforts of the Great Allied Armies in 1918 and we are looking forward in 1919 to the time when the greatest peace treaty that has ever been drafted will be signed and the year 1919 will go down into history and be called Peace Year.

We are much pleased that the Great Peace Conference that meets at Paris has decided to form a League of Nations to settle all disputes that may arise between the different nations of the world, which we believe is the right and proper way to settle these disputes instead of the organized savagery called war.

We are pleased to see so many of the gallant men who went from the County of Dufferin to fight our battles, returning home, and we welcome them as heroes. But the saddest of all is that there is a good number who will not return; they have made the supreme sacrifice. To their friends and loved ones we extend our sympathy. The Council appointed a committee to look into the different propositions that have been spoken of in regard to erecting a suitable memorial to these brave heroes who have fallen and the report will no doubt be laid before you at this session of the Council.

I would advise the different committees to be careful and economical as possible during the year, and I know that all matters coming before you will be dealt with in your usual businesslike manner.

In conclusion I again thank you, Gentlemen, for the honor conferred upon me. I solicit your assistance in performing the duties pertaining to the office of Warden.

Yours truly,
H. H. HILBORN, Warden.

The standing committees for the year are as follows:

Road and Bridges—Brett, Barber, Watson, Brown, Jeffers, Moffatt, Prentice.

GOOD DIGESTION A GREAT BLESSING

An Acute Sufferer Tells How She Found New Health.

Very few people appreciate what good digestion means until they lose it. To be able to eat what you want and to properly digest it is a priceless blessing. But if you find that your digestion is in any way impaired you cannot afford to risk experiments by trying uncertain remedies. Strong medicines are hard on the stomach; pre-digested foods only aggravate the trouble. What is needed is a tonic that will so strengthen the stomach as to enable it to do its own work. There is no tonic for the stomach that is not at the same time a tonic for every other part of the body. As the blood circulates through all the body an improvement in its condition quickly results in strengthening any weak organ. Rich red blood is absolutely necessary to good digestion. If your stomach is weak, if you are troubled with sour risings in your throat, a feeling of nausea after eating, pains or fluttering about the heart, try at once the true tonic treatment of Dr. Williams' Pink Pills. So many people have been helped by this treatment that every sufferer from indigestion should promptly try Dr. Williams' Pink Pills. Among the many who rejoice in a renewed digestion through the use of this medicine is Mrs. William Dale, Midland, Ont., who says: "I suffered for a long time from a severe form of indigestion, and had doctored so much without benefit that I had all but given up hope of getting better. Everything I ate caused me intense pain, and some days I did not touch a thing but a cup of cold water, and even that distressed me. As a result I was very much run down, and slept so poorly that I dreaded night coming on. I was continually taking medicine, but was actually growing worse instead of better. Having often read the cures made by Dr. Williams' Pink Pills, I finally decided to give them a trial. I have had great cause to bless this decision for by the time I had used a couple of boxes there was no doubt the pills were helping me, and in less time than I had anticipated the pills had cured me, and I was again enjoying not only good digestion but better health in every way than before."

You can get Dr. Williams' Pink Pills through any medicine dealer, or by mail at 50 cents a box, or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

STANLEY MARTIN HOME.

Cadet J. S. Martin, of the Royal Air Force, a son of Mr. and Mrs. W. S. Martin, of Caledon, arrived home quite unexpectedly last Wednesday morning. His parents had been notified of his arrival at Halifax on the Aquitania, but he managed to surprise them by travelling to Toronto on the regular passenger train instead of waiting to come by troop train. Under the circumstances there was no person at the depot to meet him and the young soldier completed the surprise by walking out home, arriving unheralded and unannounced. Martin, who looks the picture of good health, enlisted in the 95th Batt. in December 1915, spent the winter at Exhibition Camp and went overseas in May 1916. He went to France with the 4th Batt. in September of the same year and was wounded in the famous Regina trench near Courcelette in October. After his recovery he was placed on reserve and engaged as instructor in musketry in England. This position he filled until last September, when he decided to learn flying and signed up with the Royal Air Force.

CALEDON.

The thirty-sixth annual meeting of the Caledon Public Library was held in the Library building on Tuesday evening, Jan. 28th. A full attendance of members gave evidence of their appreciation of the efforts of the Board of 1918. The Caledon Library is certainly a credit to the rural community in which it exists. Many new books are being added to the Library, which now contains over 3,000 volume. The following were elected to the Board: Hon.-Chairman, Capt. W. F. R. Stubbs, in France; Chairman, Mr. Homer Hillyard; Sec.-Treas., Dr. Thomas; Members, Rev. J. Burkholder, Miss Lessie Pilcher, Miss Kathleen Sutton, Miss Cardwell Stubbs, Messrs. Elgin Stubbs, W. J. Atkinson and C. R. Rutledge; Miss Birdie Dodds, librarian. The Library building is open on Wednesday and Saturday evenings.

PILES Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c. a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto. FARM POWER COURSE.

The first Farm Power Course to be held in this locality was held in the Public Library on Monday and Tuesday of this week, and was a decided success. The Course was arranged by the local Department of Agriculture, in co-operation with the Institutes' Branch, Toronto. The work was in charge of Messrs. Halliday of Toronto and Irving of London, consisted of lectures on the various principles conforming with the construction of the gas engine, carburization, various kinds of ignition, etc.

Numerous simple experiments were carried on to demonstrate the principles underlying the workings of various parts of engines. Magnetos of different types, carburetors and engine parts were discussed from the samples and demonstration material in the hands of the instructors.

Special attention was given to the care and management of gas engines and a special lecture was devoted to ordinary gas engine troubles and how to locate them.

The Course was generally well attended and the work taken up should prove of particular value to those in attendance.

The C. P. R. agent here has been notified that the C. P. R. freight sheds will open hereafter at 8 a.m. and close at 5 p.m. every week-day except Saturdays. On Saturdays they will close at one o'clock.

HOSPITAL NOTES.

The Red Cross ladies have received a number of patterns from the refugees for women's and children's clothing and would like if the ladies of the town would come to the Red Cross rooms on Wednesday afternoon and help cut out some of the clothing or take same home. The patterns are so scarce and so much in demand that they are asked to have them returned within one week.

The ladies wish to thank the Mono College Institute for a donation of six pairs of socks for the Red Cross rooms.

The 50 Club fees are due for February. Kindly pay to treasurer, Miss E. McKay.

The regular monthly meeting of the I. O. D. E. will be held Friday, Feb. 14th at 3.30 o'clock sharp, at the home of Mrs. J. L. Island, 1st Ave.

The I. O. D. E. wish to thank Mrs. (Dr.) Bowles for the use of piano which has been used for the rehearsals at the Court House, also the Reeve of the town for use of the Court House, and Mr. Leighton, who has been so kind and pleasant to them throughout the two weeks practice.

The Daughters are very grateful to Mr. D. A. Hogg for the generous supply of coal donated for the purpose of heating the Opera House for the past week for the rehearsals and nights of the musical comedy. They also wish to thank Mr. Kentner for the use of piano used in Opera House.

Greatly appreciated donations for the hospital are: Mrs. J. M. Dods, dishes; Mr. Thos. Arnott, $10.00.

Mid-Winter Clearing Sale

Starting Saturday, February 8th, and Ending February 22nd.

Owing to the extraordinarily mild weather all through the early winter months, we find we are too heavily stocked at this time of the year with Men's Fur Coats and Fur Caps, and Men's and Boys' Suits.

Now that the Spring Clothing is coming in we require both the money and the room. We have just finished stock taking and have decided to clear out all odd lines of Men's and Boys' Clothing, amounting to at least One Hundred Suits. These Suits will be priced in plain figures and hung on racks where it will be no trouble to see them. Sizes for men, 34 to 44, breast measure; for boys, 26 to 35.

ALL LINES OF CLOTHING WILL BE FROM 10 TO 25 PER CENT LESS THAN THE REGULAR SELLING PRICE

And as the Suits were bought some time ago the prices are at least 50 per cent. lower than today's prices. As there are absolutely no lower prices in sight for at least another year, we are giving our customers an opportunity to secure the biggest bargains that have been offered for years in CLOTHING and FUR COATS.

THE BIG AND GROWING DEMAND WE HAVE FOR OUR GUARANTEED SERGES TO ORDER,

(of which we still have a large stock), we think is the reason we have too many Ready-to-Wear Suits on hand and as we need the space for Spring Goods we are going to sacrifice these lines mentioned regardless of price.

We also have some odd sizes in Men's Trousers and Men's Flannel Shirts that will be sold at less than the regular price.

STARTING FEB. 8 ENDING FEB. 22

70,000 PEOPLE

die every year from bronchitis! A large proportion of these could be saved by direct treatment, but in order to heal the bronchial tubes a remedy must be taken which will get there direct. Peps can. Peps is a breatheable remedy which goes right to the seat of the trouble—hence its wonderful success in cases of bronchitis.

Dissolve a Pep in your mouth. The medicine contained is turned into vapor and carried by the breath to the bronchial tubes and the minute air passages. The inflamed lining is healed, the pain ended and the cough stopped.

Miss Mary Weston, a graduate nurse living at 457 Victor Ave., Winnipeg, says she owes her health to Peps. She writes: "When I finished my hospital training I was suffering with chronic bronchial trouble, and I was told I would not be able to continue nursing. I used Peps so severingly, however, that I was totally entirely cured. I am quite sure that I would not be following my profession to-day if it had not been for Peps."

For asthma, laryngitis, sore throat, coughs, colds and hoarseness Peps are equally invaluable. All dealers, 50c. box.

PEPS

DOUBLY OWNED STEER.

Causes Dispute Between Two Farmers and a Court Case.

A division court case which attracted a great deal of interest was tried here on Tuesday morning by Judge Wismer. Mr. Thomas Cain sought to recover from Mr. Ben Goodwin the price of a steer which Mr. Goodwin obtained by lawful means. Mr. Cain turned his cattle out on the road about the first of July, 1917, and the first night one steer was missing when the cattle came home. After a lengthy search the steer was found in Mr. Goodwin's field. It was identified by a mark which Mr. Cain had put on the animal. But Mr. Goodwin would not let the steer out of his possession because he had purchased it from McGill & Moore, drovers. This was corroborated by Mr. W. E. Campsall, who helped Mr. Goodwin drive home four cattle which he had purchased and among them was the steer in dispute. Mr. Goodwin refusing to give up the animal the matter ran along for some time against Mr. Goodwin. The parties from whom Mr. Goodwin bought the steer were not examined, but another case will probably follow involving them Judgment was reserved. Bell & Brown for plaintiff and R. G. Agnew for defendant.

Another case tried was that of H. Robbins of Everett vs. Neeleys Limited, a Toronto firm of bond dealers. Mr. Robbins purchased a $1,000 Victory Bond and returned it, but did not get his deposit of $100. Judgment was given Mr. Robbins for $100 and costs.—Alliston Herald.

Ringworm on Child's Head

Caused Great Distress and Spread to Neck and Ears—Cure Was Speedily Effected When Eight Treatment Was Recommended.

There is no disease of the skin more obstinate than ringworm, and the mother who writes this letter does so fully realizing what it will mean to other anxious mothers to know about Dr. Chase's Ointment.

This remarkable cure was brought about two years ago, and as there has been no return of the distressing disease there can be no doubt that the cure is permanent.

Mrs. D. Stebbins, Grand Bend, Ont., writes: "I am going to tell you of my experience with Dr. Chase's Ointment. My little girl had sores come out on her head which looked like ringworms. They were spreading fast, and I tried home treatment, but nothing helped her. I took her to the doctor, and he opened some of the sores, which were as big as the yoke of an egg. The salve he gave me to put on was very severe, and the poor child would cry for an hour or more after an application. For six weeks it continued to spread all over her head, and came down to her neck and ears. She suffered terribly. At last some kind ladies told me about Dr. Chase's Ointment, so I got a box, and the first time I put it on she was relieved of pain, and the second time the swelling was all gone. Before we had finished the first box the sores were nearly all gone. I have told all the people around here about your Ointment, and I cannot praise it too much. It is now two years since my little girl was troubled in this way, and it never came back, so you can see she is completely cured. You are at liberty to use this statement for the benefit of others who may be suffering in a similar manner."

Joseph Brenner, J.P., endorses this statement as follows: "This is to certify that I am personally acquainted with Mrs. D. Stebbins of Grand Bend, Ont., and believe her statement with reference to Dr. Chase's Ointment to be true and correct."

CONSOLIDATED SCHOOLS.

Are Necessary in Ontario if Children of the Farms are to Have Best System of Education.

Inspector Liddy Makes Important Suggestions in His Annual Report to Dufferin County Council.

In his annual report to the Dufferin County Council last week, Mr. W. R. Liddy, Public School Inspector, discussed Consolidated Schools, technical education and other educational questions in a very thorough and comprehensive manner. The report was an able presentment of the educational situation, particularly as it affects rural communities and we understand that the County Council has shown that it appreciates the importance of the report and the matters it discusses by taking steps to give it general publicity through the medium of the county press. The Banner is publishing the report in full and commends it to the attention of the many readers of this journal. The report follows:

GENTLEMEN DUFFERIN COUNTY COUNCIL:

Not for many years has school attendance been so poor as it has been during the past six months. Influenza has been so prevalent and so persistent that schools have been closed for many weeks at a time and some are closed yet.

During the war help was scarce, pupils were kept at home and as a consequence lost the usual elementary education they should have received.

I rejoice with you that that day is past and that we will now be able to turn our thoughts to educational problems that are pressing for solution and that we may yet assist the boys and the girls who left school to help to win the war.

In educational matters as in other matters pertaining to our social and national life there must be reconstruction. We have been taught many lessons during the war but none so impressive as the value of an educated child. We have had strategic generals, spirited soldiers, noble leaders, vast stores of munitions and a great navy, but over and above all it was the intellectual power of the educated men and women of the Allied nations that finally won the victory.

SOME OF THE EDUCATIONAL LESSONS WE HAVE LEARNED ARE AS FOLLOWS:

FIRST LESSON—

That in the final analysis the greatest asset of a nation is her educational system.

The war proved to Great Britain that her educational system must be changed and improved and made to meet the present requirements of the people and while her big guns were sending forth shot and shell her school programme was reconstructed and made modern. It is very significant that she could not afford to wait till the war was concluded.

Let me quote a paragraph or two from a report by the Commissioner of Education, Washington, U. S. A. He says: "Recently at Berne Exposition an Educational Exhibit was an important feature of the Exposition and showed in a striking manner the chief elements of national greatness in the Confederation.

"Switzerland, deprived of great natural resources, has succeeded by determination and ingenuity in creating national industries which have secured for her an important place in the world's trade. These industries have been fostered and developed by the aid of industrial and technical schools. In few countries of the world is public education so highly developed."

Denmark is another country that owes her excellent position among the nations of the world to her educational system.

Fifty years ago she was the poorest nation in the world but through her devotion to scientific agriculture in her elementary and, what I may call township high schools, she is now reputed to be the richest per capita.

It is interesting to note that each of her male teachers who is a principal of an elementary rural school receives about $920 per year. He receives a free house, free fuel and a free garden. In Canadian money this would be equal to a salary of $1500 to $1800.

SECOND LESSON—

That in union there is the greatest potentiality and the greatest efficiency.

We have learned from the conduct of the war that two or more efficient men or corporations working together with one object in view will accomplish more and be more efficient than the sum of either men or corporations working alone. Here is a new argument in favor of Consolidated Schools.

The consolidation of school sections has grown at a rapid rate in the United States and in our own Canadian West.

In the report of the Commissioner of the Bureau of Education, Washington, 1916, he states that more consolidated schools were erected during the past year than in any of the two preceding years. During that year there were erected in New York State 100, Texas 200, Louisiana 43, Indiana 48, Missouri 110.

Thousands of sections with one teacher have disappeared and new modern schools costing from $20,000 to $30,000 have taken their places.

The number of consolidated schools given in the 1915 report for the following States was: Nebraska 300, Missouri 175, North Dakota 333, Indiana 665.

Indiana has had 25 years' experience and reports that the cost per pupil in the consolidated school was not much higher than in the rural one-room school. The figures were $25.64 and $22.71 respectively.

In our Canadian West consolidation is progressing rapidly. The area of these new sections is 36 to 50 square miles.

In these schools the ordinary elementary subjects are taught and in addition Agriculture, Household Science, Manual Training, Music and Play.

When pupils have passed the Entrance Examination they receive training in high school subjects. The number of teachers employed will depend upon the attendance and subjects taught. There are some consolidated schools where high school subjects are not on the programme.

THIRD LESSON—

If we are to compete successfully with older nations that have become skilled through their schools in scientific production, we too, must adopt in our schools similar, and, if possible, better methods of training our children.

We are blessed with a great agricultural heritage and untold natural resources but we are not working our lands and other resources on scientific principles. We have not yet learned what the Danish farmer has learned, namely, to make a good living for a family off 7½ acres, and there are 100,000 farmers in that country doing this. The Danes have special schools to teach small holders how this can be done.

Most of us know that our agricultural products have been beaten in the British markets, but do we know why we have been beaten? Ask the Danish farmer who is a trained agriculturist from his township high school. He will tell you. He will answer you in a word—Education! There are no truants in that country. The peple will not tolerate them. They do not want an uneducated person in the community. He would be a mill stone about their neck. Their motto is education and more education. This is why they have become one of the foremost agricultural nations of the world. Think of 260,000 farmers on a territory not much larger than five or six of our Ontario counties and living in a climate where they have to keep their cattle indoors nine months in the year.

Canadians are only waking up to foreign conditions and methods. We are already late. The morning hours have passed away. Our neighbors in the United States are already in the field. Their school system is receiving more and more attention by local and state councils. State grants are large, amounting in some cases to $2,000 per year to Consolidated Boards for conveyance of pupils. In New Brunswick and in Nova Scotia the governments pay half the cost of conveyance and in addition give other special grants.

SINCE WE ARE AT LAST AWAKE, WHAT IS OUR SUPREME AND IMMEDIATE DUTY FOR THE IMPROVEMENT OF OUR EDUCATIONAL STATUS?

FIRST—

The public must be informed through the press, local organizations and public meetings of our actual needs. We should then ask our Legislature and House of Parliament to enact laws that will give effect to and carry out the wishes of the people. There is no use in blaming the government. They can only lead when the people will follow. They are willing to enact laws if the people are ready to carry them into action.

SECOND—

The state demands that every child should have a good elementary education. This is not enough. We must see that the farmers' sons receive a scientific agricultural education and also their daughters a similar education in Household Science to fit them for the greatest of all schools—the home. The standard of education that we demand for the rural boy or girl is equally important for the urban pupil. While the town boy may not need so much training in agriculture he will need more in commercial and technical subjects.

Not every rural boy wishes to be a farmer, hence there are other branches of education which demand our attention, namely Commercial, Manual and Technical Departments.

The school system of this country should fit and is trying to fit boys and girls to enter mercantile life if they so desire. Hence subjects having this aim in view should be taught by competent and properly inspected teachers.

The advent of complicated farm machinery such as tractors, electric motors, gas engines, cars, etc., makes it imperative that both country and town boys should be trained to understand their mechanism and to make for them, when necessary, easy, ordinary repairs, and to keep them in a safe and in an efficient condition.

THIRD—

To provide the best system of education for our pupils it will be necessary for us to begin consolidating schools.

In two rural communities in this county consolidation should begin without delay, namely Corbetton and Laurel. These are communities where in general the present schools are poor and must in the near future be replaced. At each of these places six sections might be united to form a Rural Agricultural High School.

Consolidation might be effected at Orangeville, Shelburne and Grand Valley. Five sections might be added to each of these places. Grand Valley should be made a Rural Agricultural High School. We would then have in the county two Urban High Schools and three Rural Agricultural High Schools.

The course of study for the Rural High Schools would consist of the present elementary course for Public Schools, including Nature Study, Agriculture, Domestic Science, Music, Manual Training and Directed Play, and in addition an advanced course for those who pass the Entrance Examination; this advanced course to consist of two years training in Agriculture and Household Science, with other High School subjects. The present age limit of 14 should be raised to at least 16 and special regulations formed for admission to the Agricultural Classes.

For Orangeville schools, in addition to the present courses, I would recommend the erection of a building where suitable rooms could be set apart for the study of Agriculture, Domestic Science, Manual Training, Commercial and Technical Departments.

For Shelburne, in addition to the present courses, rooms should be erected for teaching Agriculture, Domestic Science, Manual Training and Commercial subjects.

The buildings should be erected by the sections and municipalities concerned and liberally aided by a county grant.

These schools should be maintained by local taxes, Dominion government grants, Provincial grants and County grants.

Our Provincial grants should be as large, at least, as those in the United States and in New Brunswick and in Nova Scotia.

At present the Dominion Department of Agriculture gives a grant for a two year course in Agriculture and if we add to this the Provincial grant in Household Science, any of the above schools would get, on a First-Class grading, a little over $2200. This is an excellent grant and there is no reason why both governments, if properly approached, might not increase these grants in other ways. At present we are not getting any of these grants.

The Provincial grants for Manual Training and Technical Training are equally good. In towns two-thirds of the salaries are paid up to $5,000, and in addition other fixed grants are given.

The Equipment Grants for Agriculture, Domestic Science, Manual Training and Technical Training are intended to pay in four years the full amount of the cost of the equipment necessary for the teaching of these subjects.

The expense incurred over and above grants for the teaching of these branches should be strongly supported if not entirely paid by the county.

THE OBJECTIONS TO CONSOLIDATION ARE:

1. Roads are too bad in winter and pupils could not attend school.
2. They are too expensive.
3. Pupils could never reach the school in time.

THE ANSWER TO EACH OF THESE IS:

1. Good roads, wire fences, better methods of conveyance and a slight change in the holiday season eliminate this argument.
2. At one time such schools might have been locally very expensive. With present grants and grants that might be secured this objection has lost most of its force. But even if such schools were a little more costly we would get much greater educational returns on our investment. Worsted goods is worth more than shoddy.
3. The hour for beginning and closing school may be changed to suit conditions.

THE FOLLOWING ARE SOME OF THE BENEFITS WE MIGHT EXPECT FROM CONSOLIDATION:

1. It would attract better teachers, especially men, into the profession. Such men would make teaching a life occupation and might remain in the same position for years. Now the average in the profession is about four years.
2. Each place would be made a greater centre of interest and influence. As in other countries lecturers could be secured on subjects of importance for the education of old and young. A system of extension lectures could be established.
3. More children of the county would receive a higher education than at present.
4. The association with larger numbers of pupils would be an incentive to greater effort.
5. Organized play which has been recognized for many years as a strong incentive for mental development could be carried out.
6. The following departments of education, namely, Agriculture, Household Science, Manual Training, Music, Commercial and Technical Training, which are now for the most part neglected in this county, could be successfully carried on in the above schools.
7. The children of these schools could receive proper medical and dental inspection.
8. Better buildings, better ventilation, better light and heat would add to the comfort and health and educational advancement of the community.
9. Statistics show that school attendance increases. At Kingston, N. B., the attendance was over 150 per cent. higher. Most places show an increase of 50 per cent.
10. Because pupils would be under the influence of teachers with strong character, the child's character would be favorably influenced accordingly.
11. It would tend to solve the rural problem and keep boys and girls on the farm.
12. The courses of study would be cultural and likewise practical and would teach pupils to be intelligent, thrifty, economical and scientific in their work.
13. Because our children would be receiving a better education they would be more intelligent and hence better citizens. They would be more prosperous and add to the wealth of the county. They would be taught production in such a scientific manner that they could successfully compete in foreign markets.
14. Agricultural experiments could be carried out in these large schools that would be of incalculable benefit to the whole country.

GENTLEMEN—

I have outlined a system of education for your county that will, in my opinion, educate the Head, the Hand, the Heart, and will add Health and Prosperity to the pupils of the county in this and in future generations.

To bring this system to a successful fruition we must have the willing support and co-operation of the County Council and rural and urban leaders who have a vision of what united effort in an educational system that gives culture, and at the same time trains the pupil for his every day occupation, really means for the welfare of the community.

I have the honor to be, your humble servant.

PUT ON NO LUGS.

Those who are returning from the front tell us that the Salvation Army is popular with the boys.

It isn't so long ago that almost everybody was either amused or looked with contempt upon this organization, because it was so primitive, but the very simplicity of its work and workers is what made it "win out" in France.

It put on no "lugs." Its workers were right on the job at the front of battle, bringing coffee and doughnuts to the boys in the trenches, and there was always the simple, hearty "Hallelujah!" and never even the suggestion that the workers represented a great, perfectly-respectable organization.—By Rev. Chas. Stelzle in the Vancouver Sun.

How The Toronto Daily Star Gets You the News of the Greatest Event in History

Not since the Christian Era has any event so changed the course of the world's history as will the Decisions of the Peace Conferences. The keenest journalists in the world have gathered at Versailles. All their ingenuity and resources will be exercised to get vital news first.

But among them all there will be not finer group than the twenty-four men representing The Toronto Daily Star. Some of these men also represent the Chicago Daily News. So you may judge of their calibre.

How The Toronto Daily Star Illustrates Peace Conference News

Hourly while the Conference is sitting our men will cable us. As these cables reflect each possible change in the map of Europe, so will they be recorded by despatch and illustration in The Daily Star. Six o'clock at night, Versailles time, is 12 noon Toronto time. In our office at 12.30, a map showing changes will be drawn. At 1.50 it will be engraved. At 2.25 it will be on the press. At 3.30 the paper will be on the way to subscribers. By six or seven in the evening most Toronto Daily Star subscribers will know what happened at Versailles up to and including 6 o'clock the same evening.

The Toronto Daily Star Has the Fastest News Service in the World

There isn't a newspaper on this continent that has a faster, more accurate and more comprehensive news service at the Peace Conference than has The Toronto Daily Star.

17 Wires Run Into Our Office

In addition, The Toronto Daily Star is alive to the entire news of the world; and it presents this news to its readers in so graphic a form that the mere reading of the paper each day keeps them well informed upon all those things that every man or woman of the world should be conversant with.

You cannot read The Toronto Daily Star for a short while without feeling that it is "the paper you need." The truth of this is shown by the thousands of people, who, sending in a trial subscription for three months, renew their subscriptions for a year before even the three months expire.

Send your subscription in now. We will mail The Toronto Daily Star to you each day at the following rates: For 1 month, 25c. For 3 months, 75c. For 6 months, $1.50. For 12 months, $3.00.

NEWS NOTES

The militia authorities are trying to arrange with the overseas authorities to place soldiers on the transports grouped according to military districts, so as to expedite their travel by train in Canada, and not waste rolling stock.

The death occurred at Coldwater a week ago Sunday, after only one week's illness, of Mabel Bailey, beloved wife of James Gill, of that place. The cause of death was Spanish influenza. Deceased, who was 33 years of age, was the eldest daughter of Mr. and Mrs. Jas. Bailey, of Primrose and besides her husband and parents she is survived by three small children and one brother and three

Seventeen hundred and twenty ammunition boxes have been handed over by the Imperial Munitions Board to the Mayor and Fuel Commissioner Pratt, of Owen Sound, and are at present stored in the town hall waiting for disposal. The boxes were given only on the condition that they be given away to the poor and needy of the town for fuel.

Neil McDonald, son of Daniel McDonald of the 19th Con. of Proton, a young man 23 years of age, committed suicide one morning recently by cutting his throat with a razor. He got up about 4 a.m. and went out to the bush where the rash deed was committed. No cause has been assigned.

Arthur Cameron, merchant and postmaster at Leith, met with a nasty accident while in Toronto, where he was attending a Baptist Convention. Mr. Cameron was alighting from a street car, when the car started before he had got off. He was thrown violently to the pavement. He was shaken up and his face was badly bruised and cut.

The burning of the steamer Islay, says the Orillia Times, marked the passing of the last of the large pleasure boats that for years sailed the waters of Lakes Couchiching and Simcoe. The fire, there is little doubt, was of incendiary origin.

Yes, Madam, your favorite sugar, as much as you want.

One of the most satisfactory material pleasures of Peace is that we may again have plenty of

Lantic Sugar

"The Seal of Purity"

UNDER war conditions we were unable to supply anywhere near the demand for Canada's favorite sugar. Few ships were available for bringing raw sugar from the tropics and a large part of the product of our refinery was needed for our soldiers overseas.

Happily, Peace has changed the whole sugar situation. Unless unforeseen circumstances should arise the Lantic Red Ball will again brighten the shelves of stores throughout the country and housewives may have as much as they need of the famous Lantic "FINE" granulated, the perfect sugar for baking and the table; also there will be plenty of the Lantic delicious Old-fashioned Brown Sugars for the many dishes in which flavor is indispensable to success.

You may again buy Lantic Sugar in the larger original packages, the 10, 20 and 100-lb. sacks, as well as in the 2 and 5-lb. cartons. The accurate weight and perfect protection of the contents of Lantic packages make them the most economical way of buying sugar.

Ask your grocer for Lantic Sugar, the sugar with the Red Ball on every Carton or Bag.

ST. MARK'S CHURCH.

Very good services were held in St. Mark's church on Sunday last. At the evening service Mr. W. A. Francis, of London, sang two solos which were appreciated very much by the congregation. The rector preached from the text, St. Luke 10:29, "And who is my neighbor." "In this parable our Lord Jesus Christ draws a picture of four men so vividly that the world will never forget it. Christ teaches us that any man or woman who is in need of our love and our help—whether temporal or spiritual—is our neighbor."

The annual meeting of St. Mark's W. A. will be held on February 19th; Holy Communion at 2.30 p.m., followed by business meeting.

REAL VALUE

is based, not on the price paid for a commodity, but on the benefit derived. That is why Zam-Buk is the cheapest skin healer on the market—because the benefit derived is 95% greater than can be got from ordinary ointments. This is due to the fact that Zam-Buk is *all medicine*—100%. Ordinary ointments are 5% medicine and the balance animal fat.

The superiority of Zam-Buk is proved by the many cases of chronic skin trouble and old sores which yield to the power of Zam-Buk after all other treatments have failed.

The unusual power of penetration which Zam-Buk possesses enables it to reach the underlying tissues, where skin troubles have their "root." Then the germicidal properties in Zam-Buk destroy all germs. Until this is done healing can never be thorough. The reason why sores that have been treated with ordinary ointments break out again is because the remedy has never got to the seat of the trouble, but has only healed over the outer skin. Zam-Buk, on the contrary, uproots skin disease, and the cure is complete and permanent.

Zam-Buk should always be used for eczema, ringworm, scalp sores, pimples, abscesses, ulcers, blood-poisoning, bad leg, piles, cuts, burns and scalds. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

MRS. MARY STILL.

Mrs. Mary Still, widow of the late George Still, of Mono, died at the home of her nephew, Mr. J. F. McNaughton, west half lot 16, Con. 2, west, Mono, on Wednesday, Jan. 22nd, at the grand old age of 90 years. The funeral took place to Shelburne cemetery on Friday afternoon, Jan. 24th.

MRS. JOHN WHITE.

Orangeville lost another of its old residents last week in the person of Mrs. John White, mother of ex-Reeve J. J. White, whose death occurred at her home on Second street on Friday following an illness of several weeks' duration. The late Mrs. White, who was 76 years and 6 months of age, was a daughter of the late John Cobean, of Adjala, in which township she was born on July 10th, 1842. On Feb. 19th, 1868 she was married to John White, a young Albion farmer. The young couple lived near Palgrave for six years and then moved to lot 10, 7th line, Mono, where they resided for ten years. Mr. White then bought a 200-acre farm, lot 21, 3rd line, east, Mono, a short distance from Mono Centre. This continued to be their home until they retired from the farm and came to live in Orangeville in 1904. The husband died here ten years ago last December. The surviving sons and daughters are: Messrs. J. J., Sam, George and Thos. A. White, of Orangeville; Mrs. A. Ward, Toronto; Miss Sarah White, at home, and Mrs. J. E. Cobean, Jamestown, N. D. Another daughter, Mrs. Arthur White, died in Toronto about a year ago. Mrs. White was one of a family of nine brothers and sisters, of whom James Cobean, of Toronto, and Mrs. Richard Lyness, of Mono Mills, are the only members now living. Deceased was a genial, kindly woman, who was held in sincere regard by a large circle of neighbors and friends. She was a member of many years standing in the Presbyterian church and worshipped regularly in St. Andrew's church so long as her health permitted. The funeral, which was quite largely attended, took place to the Forest Lawn cemetery on Sunday afternoon, Rev. W. M. Morris conducting the services. Messrs. Wm. Cobean, Miller Hamilton, Geo. White (Adjala), Jas. A. Patterson, Robert Holmes and D. B. Brown were the pallbearers.

MRS. CLIFFORD CONLEY.

The heartfelt sympathy of the community goes out to Mr. Clifford Conley, of Toronto, son of Mr. Alex. Conley, West Broadway, in the severe bereavement he has suffered through the death of his wife, who passed away on Thursday, Jan. 23rd, at the early age of 32 years, after an illness of only five days from influenza followed by pneumonia. Deceased, who was of a cheerful, kind and loving disposition, was held in genuine esteem by a large circle of friends and neighbors. She was a member of Bonar Presbyterian church, Toronto, where she was a regular attendant and a willing, faithful worker. The funeral, which was largely attended, was held from her late home to Mount Pleasant cemetery on Saturday afternoon, Jan. 25th. Rev. Dr. McGillivray conducted the service and preached an eloquent sermon. Deceased leaves to mourn her loss her husband, a little son, a sister at home, Mrs. Preston, and two sisters and two brothers overseas. The floral tributes were many and beautiful and included an anchor from the husband, gates ajar, father, wreath, sisters, spray, Mr. and Mrs. Clive Conley, anchor neighbors and friends, wreaths Mrs. Corbett and family, Chosen Friends and Bonar Church, spray the Bible Class, spray Daughters of England, spray Ladies' Aid, wreath Daughters of the Empire, wreath Mr. and Mrs. Annis, sprays, Mr. and Mrs. Alex. Conley and Mr. and Mrs. Percy Conley, Orangeville, wreaths from Mrs. Matson and others. Among those from a distance who attended the funeral were Mrs. Cram, and Mrs. Thomas, Cleveland, Ohio; Mrs. Jaffary, Port Hope; Mr. and Mrs. Alex. Conley and Mr. and Mrs. Percy Conley, Orangeville. Much sympathy is expressed for the husband and friends in the loss sustained by the death of one who was beloved by all who knew her.

DOCTOR SAYS VINOL IS THE BEST TONIC

Honest Opinion Doctor Gave His Patient

Bedford, Ohio.—"I was in a pitiful condition, weak, nervous and run down so I could not do my housework. I had doctored for years and tried everything under the sun. A friend told me about Vinol. I asked my doctor about it, and he replied, 'It certainly is the best medicine that can be had today. I couldn't give you any better.' I took it, and today I am as well and strong as any woman could wish to be, and it was Vinol that saved me."—Mrs. Frank A. Herkey, Ash St., Bedford, Ohio.

DUFFERIN L. O. L.

Excellent Attendance at Annual Meeting on Tuesday.

Between 100 and 150 Orangemen attended the annual meeting of Dufferin County L. O. L. in L. O. L. No. 635 hall on Tuesday. County Master Wilson G. Duke, who presided, read a timely and comprehensive address, of which the full text follows:

To the Officers and Members of Dufferin County L. O. L.,

Brethren,—

I extend to you a very hearty welcome to this our annual county meeting.

It is an occasion which recurring annually is a source of inspiration for the leaders of the primary and district lodges to which must be credited the progress of the association. Nothing is more desirable than that every delegate should feel himself free to take part in the debates and proceedings of this meeting. You are here to represent the brethren of your own lodges, and to make a contribution for them, as well as yourselves, to the success of our gathering.

When we assembled one year ago almost the whole world was engaged in the most desperate war that the world had ever known. The very principles that we as Orangemen hold so dear were hanging in the balance, but, brethren, we have great cause for rejoicing. Right has triumphed over might, and peace reigns supreme once more. And we, as Orangemen, have every reason to be proud of the part our Association has played in bringing the war to such a successful conclusion. Eighty thousand of our noble brothers responded to the call of king and country. A goodly number have paid the supreme sacrifice.

To the brethren of this county who have been bereft, I extend to you my heartfelt sympathy. May the Giver of all good things comfort you in your hours of loneliness.

No words of mine can give adequate expression of your feelings toward the heroic men who went out of our lodges. To get some idea of their heroism, we must recall how readily they surrendered all the comforts of home, the delights of the family circle, the companionship of those whom they loved, to face hardships, toil and death. Knowing all that was involved in enlistment, they turned their backs upon the pleasures of society in this favored land and went bravely to meet the sanguinary Hun that human freedom and civilization might endure. These men have proved themselves to be the peers of the greatest and most efficient soldiers the world has ever produced. Even while our hearts are bleeding at the loss of our best and bravest, we glory in their wonderful achievements, and pledge ourselves to keep their memories green for all time.

It was my pleasure to attend the Grand Lodge meetings last March held in the beautiful and prosperous city of Chatham. It was twenty-four years since the Grand Lodge met in Chatham and during that time 60,457 have been initiated and 345 new lodges have been organized, and I would request those who are ever ready to speak disparagingly of our association to take note of this, and mention any other society that has made such marked progress.

Chatham is the centre of a district full of historic memories. Among these is the loyalty and heroism of that great redman, Tecumseh. He gave his life to preserve Canada to the British Crown. It was a service that appeals in a special way to the members of our Order, who have on so many occasions staked their lives in contending for the maintenance of our British connection.

During the long interval between the sacrifice made by Tecumseh and the same sacrifice made by thousands of our brethren in Europe, the members of the local Orange Association have been true to their principles under any and every condition, when they were put to the test. Therefore, brethren, we should enter upon our work with a greater determination than ever to uphold till our life's end the principles for which so many great and good men have fought and died.

I would remind the brethren of the splendid work the True Blue and Orange Orphanage Home in Picton is doing and also that this institution has no other means of support except that given by the True Blue and Orange Associations, and I would suggest that this County Lodge at their session today would make a contribution towards this good work.

In conclusion, brethren, I wish to thank the officers and members of this County Lodge for the support given to me during the past year, and I wish the Association of Dufferin County every prosperity in the grand work we are engaged in.

Yours fraternally,
WILSON G. DUKE,
County Master.

The Lodge voted $10 to Lord Dufferin Hospital, $25 to the Picton Orphanage and presented Past County Master Thos. Holmes with a beautiful Past Master's jewel.

Officers were elected as follows: W. C. M., Geo. H. Hunt, Grand Valley; D. C. M., J. A. Hughes, Laurel; Chaplains, Revs. T. R. White, Alton, and W. M. Morris, Orangeville; Secretary, V. A. Statia, Orangeville; Fin-Sec., J. R. Hughes, Orangeville; Treas., J. J. White, Orangeville; Lecturers, H. A. Duke, Orangeville, J. E. Berry, Grand Valley and Trueman Hills, Monticello; Director, Jas. A. Patterson, Orangeville.

The brethren decided to hold this year's celebration in Grand Valley.

JAMES E. LANGFORD.

The death of Jas. E. Langford, a resident of this town for the last six years, occurred at his home on William street early on Saturday morning, Jan. 25th, after a protracted and very trying illness. Deceased had been bedfast and practically helpless for twenty months or longer. During all this time he was waited on and cared for by his daughter, Berniece, a girl of only 19 years, and her brother, Jewert, still younger, with a filial solicitude and devotion that was beautiful. Deceased, who was 58 years of age, was formerly mail courier on R. R. No. 2, Orangeville. Before coming to Orangeville he had lived at Camilla, where he followed the double occupation of thresher and miller for many years. His wife died about three years ago and he is survived by two daughters, Berniece and Elizabeth, and two sons, Jewert and Adrin. T. R. Langford, M. A., of Simcoe; Chas. Langford, Moose Jaw, Saskatchewan; R. W. Langford, Camilla; S. H. Langford and Mrs. S. H. Nodwell, Port Elgin, and Mrs. J. Y. Brown, Owen Sound, are the surviving brothers and sisters. The funeral, which was attended by many old neighbors and friends, was held to the Forest Lawn cemetery on Monday afternoon following his death. Rev. W. M. Morris conducted the services at the house and grave and was assisted by Rev. E. R. Young. The pallbearers were Messrs. Nelson Black, J. Doherty, G. H. Harshaw, Fred Manning, Jas. Ewing and Henry Christian.

KILLED AT CAMBRAI.

Mr. John A. Halbert, of Mono Mills, has received a letter from Capt. Leary detailing the circumstances under which his brother, Joseph, a former 164th man, met his death. The letter reads as follows:

Germany, January 1, 1919.

John A. Halbert, Esq.,
Mono Mills, Ont.,

Dear Mr. Halbert,—

The evident loss of my last letter acquainting you with the circumstances under which your brother nobly paid the supreme sacrifice, is a matter of considerable pain to me and I trust, both it and his personal effects have reached you before now.

While the battery was heavily engaged in the struggle for Cambrai and the enemy, while practically smashed, had thrown forward all his reserves to hold on if possible, we were ordered to take up defensive position in a sunken road about two hundred yards northwest of the small town of Hayecourt. The shelling and bombing was very bad and many of the boys with your brother nobly gave their lives for the cause.

Joe was buried in the Canadian cemetery in Hayecourt, and all his personal effects were sent to you through the official channel. Please let me know if you have received them.

I am, very sincerely yours,
CAPT. W. LEARY.

THE METHODIST CHURCH.

Evangelistic services are to be held in the Methodist church, beginning on Sunday, February 16th. Evangelist Thomas B. Coombs has been secured. He is one of the foremost evangelists of the world today and has conducted successful evangelistic campaigns in nearly every English-speaking country in the world. Mr. Coombs is a fine spirited man and is a good singer. Orangeville is fortunate in securing the help of such a man. A cordial invitation has been given to all the pastors of the town and their people to co-operate in these services and to receive such spiritual inspiration as may be obtained. The invitation is as broad as the Gospel: "Whosoever will, whosoever will, whosoever will, may come."

The sacramental service on Sunday morning was one of deep spiritual interest and blessing. The pastor gave an exposition of the much-loved hymn, "Rock of Ages." Several persons were received into membership.

There was a very large audience present at the evening service. Mr. H. A. Sloan sang with power and beauty, "I Have Redeemed Thee." Rev. E. R. Young took for his leading thought the saving of a soldier in France.

There was a large and enthusiastic audience to hear Dr. McKenzie's lecture on Japan last Wednesday evening. The pictures were very fine and the explanations instructive. Canada has a great and an ambitious neighbor on the west. Miss Ewing sang a beautiful solo and Misses Rowan and Bell sang a duet. The contributions, cash and subscriptions, amounted to over $400. This is a good start towards the League's objective, $600.

The Epworth League has called for a special prayer meeting on Sunday morning at 10 o'clock. Will the Leaguers kindly bear this in mind and attend. Any other Christians who wish to join them will be welcomed.

MILITARY NOTES.

Sergt. Elgin A. Wansbrough, son of Mr. and Mrs. W. A. Wansbrough, of Grand Valley, was given a royal welcome on his arrival home from overseas one evening recently. The young soldier was escorted from the depot to Carnegie Hall, where a formal reception was held at which speeches were made by Mr. W. L. Craig and Rev. A. N. Cooper. Sergt. Wansbrough made a modest and becoming reply, in which he thanked the Women's Institute for their never failing kindness in forwarding parcels.

Lorne C. Reburn, son of Mr. and Mrs. Chas. Reburn, of Shelburne; R. J. Galbraith, son of Mr. and Mrs. R. H. Galbraith, of Mulmur, and George Merkley, son of Mrs. Merkley, of Melancthon, returned to Canada on the Olympic and arrived in Shelburne a few days ago. They were tendered a rousing reception upon their arrival in their home town.

Pte. Stanley B. Lomas, son of Mr. and Mrs. Wm. Lomas, of Amaranth, who returned to Canada on the Olympic, reached Shelburne a week ago Thursday night. He was met at the station by the Citizens' Band and escorted to the town hall where addresses of welcome were given by Mr. Hugh Falconer and Rev. Mr. Backus. Pte. Lomas went overseas with the 164th Halton-Dufferin Batt. He is minus a little finger as the result of the digit coming in contact with a German bullet.

WALDEMAR.

Mrs. Curry and little son, of Taber, Saskatchewan, are visiting at the home of Mr. David Tate.

Miss Zilla MacLeod has returned home from the Grand Valley hospital after undergoing an operation for appendicitis.

Waldemar was the scene of great excitement last Wednesday morning when the citizens of the village and vicinity congregated at the depot to welcome home Pte. Robt. Carter, the first returned hero of our village. Vehicles of all kinds were decorated with flags and bunting. The Donaldson Brothers provided appropriate music and a pleasure sleigh, suitably decorated, bore the young hero to the Methodist church where a reception was held. The young ladies of the village sang patriotic songs. Short addresses were given by the resident ministers and several men of the vicinity, in which they expressed the appreciation of the community for his services on their behalf. Pte. Carter made a very able response to the addresses of welcome, mentioning particularly the noble work of the Women's Institute in supplying comforts for the soldiers. That evening a very pleasant time was spent at his home when his friends gathered and spent the evening in various amusements.

Mrs. Ross and daughter, Phoebe, have returned from a visit in Hamilton.

The Presbyterian Sunday School concert which was to have been held last Thursday was postponed on account of the weather conditions.

Mr. Cedric and Miss Greta Grosskurth, of Toronto, spent the week-end here.

Mrs. Edwood Lomas, we are glad to report, is making favorable progress after an operation for appendicitis.

Miss Luella Hetherington is renewing old acquaintances here.

Mr. James Tate returned this week after a short visit in Toronto.

Mr. and Mrs. Corbett and family have returned to their home here.

Mr. Leo Kendall spent the week-end in town.

Wedding bells will be ringing here soon.

The flu is abating around our burg.

Miss Zilla McLeod was successfully operated on for appendicitis at Dr. Campbell's hospital in Grand Valley.

Mr. and Mrs. H. Carter spent the week-end in the Queen City.

We are glad to state that Mrs. Edwood Lomas is improving after a rather serious operation performed by Dr. Gibson.

Robt. Rodgers, of Toronto, is renewing old acquaintances around our village.

Will Warden is wearing a smile these days. It's a girl.

Talbot Bros., Waldemar's carriage works, are doing a prosperous business.

Mrs. H. Carter, Mrs. Ross Lomas, Mrs. T. W. Reid and Mrs. T. Hewitt attended the district meeting of the Women's Institute held in Shelburne last Friday.

Wm. McConachie has purchased his father's 200 acre farm, the price being $13,500.

Mr. and Mrs. Geo. Lomas spent a few days at the home of Mr. Jas. Gamble.

We are pleased to see Mr. and Mrs. Ross Lomas out again after a severe attack of the flu.

Pte. Robt. Carter of the 164th Battalion was given a rousing welcome last Wednesday on his return from France. Rob signed up three years ago, and has, no doubt, given a good account of himself. Welcome home, Robert.

FAREWELL TO MRS. JOSEPH HOLMES

A meeting of St. Matthew's branch of the Women's Auxiliary was held at the home of Mrs. Joseph Holmes, on the 4th line, lot 21, on Jan. 15. The special feature of this meeting was the bidding farewell to Mrs. Holmes and her family before their departure to a new home at Bond Head, Ontario. Mrs. Holmes was presented with a silver meat fork accompanied by the following address:

To Mrs. Joseph Holmes,
Mono, Ontario.

Dear Mrs. Holmes:

On the eve of your departure from our midst, we, the members of St. Matthew's branch of the Women's Auxiliary in the Township of Mono, heartily desire to express our deep sense of gratitude to you for your kindly co-operation in the work of our branch of the W. A. as well as your unfailing interest in the work of the church generally. Your fellow-workers wish you and yours God speed and real success with the consequent true happiness in your new sphere of work. We are confident that your genial nature and kindly spirit will soon acquire for you new friends around your new home. Our loss will be their gain.

From our own point of view we regret very much that our comradeship with you must now be severed, but our love and friendship cannot be severed though distance may part us. Our prayers shall follow you and sustain you in coming years.

As a token of our respect and good will toward you, we ask you to accept the accompanying gift, not so much for the sake of its intrinsic value, but for the sentiments it represents. Again wishing you and yours all true happiness in your new home. We therefore remain, yours sincerely, on behalf of the members of St. Matthew's branch of the Women's Auxiliary.

P. C. Howard, Rector; Mrs. Rich. Holmes, President; Miss M. Conn, Secretary.

MELANCTHON STATION.

A large and representative gathering assembled at the township hall on Monday evening, Jan. 27th, to do honor to R. H. Halbert, who is about to take his departure from the community. Tangible tokens, which took the form of a handsome solid mahogany roll-top writing desk, a rocking chair and a purse of money, accompanied by an address, were presented to Mr. Halbert by the members of the U. F. O. of Riverview, Shrigley, Primrose and Melancthon. The presentation was made by representatives from various clubs of the above society, after which addresses were delivered, all of them paying tribute to Mr. Halbert for his useful services tendered to the affairs of the township and to farmers generally. Mr. Halbert replied briefly and suitably and also gave an outline of his work in connection with the U. F. O. during the past few years.

BLOUNT.

Blount Women's Institute held its regular monthly meeting at the home of Mrs. W. J. Dodds, six members and two visitors being present. The meeting opened with the singing of the Maple Leaf, after which the Red Cross goods were packed. These consisted of 12 suits of pyjamas, 12 pairs of socks and one quilt. The programme opened with an instrumental solo by Ruby Reid, vocal solos by Mrs. A. McEwan, Misses M. Dodds, S. Rayburn, M. Williams and R. Reid. Booklets on Potatoes and How to Cook Them were given out. A very dainty lunch was served, after which the meeting closed with "God Save the King." The next meeting will be held at the home of Mrs. J. White on Feb 12th. All members are requested to be present as a report of the Institute convention in Toronto will be given.

WALKER-LACKEY.

Holy Trinity church, Toronto, was the scene of a quiet wedding January 29th when Margaret Selina, second daughter of Mr. Samuel Lackey of this town became the bride of Mr. Thomas W. Walker, son of Mr. and Mrs. Jas. Walker, Markdale. Rev. Ralph L. Sherman officiated. Only the immediate relatives of the contracting parties were present owing to the recent bereavement in the bridegroom's family. The bride, who was unattended, was given away by her father, and wore a tailored suit of blue gabardine, silk lace waist, georgette hat to match and mink furs. The bride was the recipient of many handsome presents, among them being a substantial cheque from her father. After the ceremony a reception was held at 52 Hendrick avenue. Mr. and Mrs. Walker will make their home in Toronto.

COULDN'T RAISE ARM TO HIS HEAD

Hasn't Had a Sign of Rheumatic Trouble Since He Took Tanlac—Has Gained Thirty-One Pounds.

"I have actually gained thirty-one pounds on three bottles of Tanlac and I now feel like a new man in every way," said J. T. Hawkins, residing at 335 Johnson Place, Memphis, Tennessee, some time ago.

"I was just racked with pain from rheumatism for a whole year until I couldn't hit a lick of work and was just up and down, mostly down, all the time. My joints would swell and cramp so I couldn't raise my arm to my head—couldn't comb my hair—and when I stooped over to tie my shoes, the pain would almost make me cry out loud. I got in such a shape that I couldn't eat anything without suffering afterward and nothing I tried in the way of medicine helped me at all.

"I only weighed one hundred and eight pounds when I started taking Tanlac and now I weigh one hundred and thirty-nine. My joints don't hurt any more and I can bend over and use my arms at work with as much ease as I ever could. I can eat anything I want and as much as I wish and feel like a new person all the time."

Tanlac is sold in Orangeville by C. V. Jeffers; in Grand Valley by G. E. Morrow, and in Shelburne by J. E. A. White

The meetings are open to the public.

—The Banner is in receipt of a copy of the official programme of the National Soil-Products Exhibition and Manitoba Farmers' Congress to be held in Winnipeg on February 17-21.

CHILDHOOD CONSTIPATION

Constipation is one of the most common ailments of babyhood and childhood and unless it is promptly cured will undoubtedly lead to disastrous results. To cure this trouble nothing can equal Baby's Own Tablets. They are a mild laxative which instantly regulate the bowels and sweeten the stomach, thus banishing constipation, colic, colds, etc. Concerning them Mrs. Eugene Vaillancourt, St. Mathieu, Quebec, writes: "When my baby was constipated I gave her Baby's Own Tablets and am well satisfied with the result. I would strongly recommend them to all mothers for this trouble." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Company, Brockville, Ont.

PERSONALS.

Mr. W. H. Maltby, of Colville, Sask., is spending the winter at his former home at Laurel.

Mr. W. J. Lackey has returned to his home in Owen Sound after a month's visit with his son, Mr. Samuel Lackey.

Miss Hazel Burnett, of Toronto, spent Sunday with her mother and other friends in Alton.

GAVE BIRTH TO TRIPLETS.

Mr. Dougal Large, of Camilla, has a cow which surprised her owner the other day by giving birth to three calves, two males and one female. The calves, which were born on Thursday last, are all healthy, well-developed and are doing well. We understand that an enterprising director of the Dufferin Agricultural Society has already reserved a stall for them at Orangeville fall fair next fall. The triplets were sired by McNaughton Bros.' prize Durham bull.

MOTORING IN FEBRUARY.

Mr. T. J. Pattullo and wife, with Mr. Ed. Knechtel and wife from Toronto, and Miss Knechtel, of New York, motored up to Orangeville Sunday morning and had dinner with Mr. and Mrs. Kenneth Pattullo, leaving for Toronto again in the afternoon. They reported the roads good, except in a few places where the snow had drifted to some depth.

SPRINGSTEIN-WILSON.

The marriage of Miss Ella Wilson to Mr. A. P. Springstein was quietly solemnized in Toronto on Tuesday, Jan. 28, owing to the recent bereavement in the family of the bride. Dr. Turnbull officiated in the presence of only immediate friends of the contracting parties. The bride looked very charming in a grey suit, grey hat and wore the groom's gift, mink furs. After a wedding supper at the home of Mr. and Mrs. J. A. Montgomery, friends of the bride, in Grenadier Road, Mr. and Mrs. Springstein left for a trip east.

BATEMAN-AVISON.

In Zion Methodist church, Moosejaw, Sask., on Thursday, December 19th, 1918, Miss Gertrude B. Avison, youngest daughter of Mrs Wm. Avison, of Orangeville, was united in marriage to Mr. Ralph Bateman, of Moosejaw. The ceremony was performed by Rev. Dr. Crummy in the presence of numerous friends of the bride and groom. Mrs. Bateman's home was formerly at Granger, Mono township, where she was a great favorite with all her acquaintances. Mr. and Mrs. Bateman will spend the winter in Penticton, B. C.

WALKER-LACKEY.

Holy Trinity church, Toronto, was the scene of a quiet wedding January 29th when Margaret Selina, second daughter of Mr. Samuel Lackey of this town became the bride of Mr. Thomas W. FIRE IN AMARANTH.

On Friday evening last about 7 o'clock the barn on the Turner farm, 9th line Amaranth, now owned by Reuben West, was discovered on fire and in a few hours nothing remained but smouldering embers. No cause can be given for the blaze, as the place was not used for feeding cattle, and no light or lantern had been in the place for a long time. There had been, however, a quantity of hay in the barn, a good deal of which had been pressed and taken away this week, and that day several loads went down to George Gamble's, the men quitting about 5 o'clock. Mr. John A. Simpson, who owned the property up to a year ago, was at the barn that day, saw no signs of fire and cannot account for the outbreak. The barn was built by Jos. Turner 23 years ago, was 50x61 and in good condition. Mr. Simpson had $400 insurance on the contents, some hay and implements, and Mr. West had $2,000 on the building—Star & Vidette.

"WHILE stooping near the stove I caught the handle of a pan of boiling water and upset it," writes Mrs. Albert Smart, of 279 Harbison Ave., Winnipeg. "The entire contents of the pan poured partly down my arm, but mostly over my foot, and as I was wearing slippers at the time my foot was very badly scalded! A huge blister covered the whole top of my foot and the pain I suffered was intense. We had heard how good Zam-Buk is for such injuries, so my husband got some and applied it. The first application soon gave me wonderful relief from the burning pain, and continued applications completely cured the scald. After this demonstration of the value of Zam-Buk we are now never without a box in the house. We have proved it invaluable for the many little accidents which are of such frequent occurrence in every home.

Zam-Buk is just as effective for skin diseases, such as eczema, salt rheum and ulcers, and is without equal for piles. In many cases where the disease or sore is of long standing and other remedies have been useless, Zam-Buk has worked a complete and permanent cure. Its absolute purity makes it suitable for the most tender skin (even the skin of a young baby) and mothers should always keep a box on hand for emergencies. Zam-Buk does not deteriorate with keeping. All dealers, 50c. a box.

WOMEN IN ALL PARTS OF CANADA

TELL OF THE HEALTH DODD'S KIDNEY PILLS BRING.

They Made a New Woman of Mrs. John Mortimer, Who was a Victim of Kidney Disease.

Glenavon, Sask., Feb. 3.—(Special.)—"Three boxes of Dodd's Kidney Pills made a new woman of me." Those are the words of Mrs. John Mortimer, of this place. They are words that have been used again and again by women in all parts of Canada who have suffered, and who have found relief and cure in Dodd's Kidney Pills.

"I feel it is my duty to let you know what Dodd's Kidney Pills have done for me," Mrs. Mortimer continues. "I had a pain in my back, and I could not get out of bed without awful pain. I tried everything, but could get no relief. I was advised to try Dodd's Kidney Pills, and I sent to Toronto for them. The day I received them I took three before going to bed, and I felt a lot better next morning.

"I took them according to directions, and in one week I was as well as ever. I am fifty-five, and am doing all my housework. If I overwork and my back feels weak I take a Dodd's Kidney Pill, and feel better in a few hours. I have recommended them to my friends, and they also have been helped."

If you haven't used Dodd's Kidney Pills ask your neighbors about them.

JAMES MORROW.

After an affliction of a year and a half from cancer, James Morrow, a highly respected resident of Osprey township, passed away on Jan. 16th at the home of his daughter, Mrs. R. Wellar, Maxwell. The deceased, who was in his 63rd year, was born in Caledon township, has been a resident of this locality for about 45 years and has been known as a man of sterling qualities. His wife predeceased him about four years ago. He is survived by one daughter, Mrs. Wellar, mentioned above, also three brothers and a sister, namely, William R. Morrow, Dundalk; Samuel in Detroit; Henry, at Priceville, and Mrs. D. McDougall, Priceville. The deceased was a member of the Anglican church at Maxwell and also a member of the Orange Order in Lodge No. 244 from the time he was 17 years old. The funeral was held on Saturday afternoon, Rev. W. G. Blackwell officiating. Service was held in St. Mary's church, Maxwell, and interment was made at Inistioge cemetery. The Orangemen attended and took part in the burial ceremony. The pallbearers were: Albert Arnott, Wm. Sharp, R. Best, James Best, J. Little and Sam Sherson.—Dundalk Herald.

MRS. WM. HOARE.

Another esteemed and respected resident of this community has been called to her reward. Sarah Mullin, widow of the late William Hoare, passed away at her home in Glenwilliams on Thursday, Jan. 9th. Deceased was a daughter of the late Robert Mullin, and was born on lot 21, town line Chinguacousy, 81 years ago. She was married about sixty years ago to the late Mr. Hoare, and after residing for 25 years on lot 25, 10th line, Esquesing, they came to Union where Mr. Hoare died 6 years ago last month. Three years ago deceased moved to Glenwilliams where she resided until her death, with her daughter-in-law, Mrs. Walter Hoare. The late Mrs. Hoare was a life-long Presbyterian, a kind mother, good neighbor, and was beloved by a host of friends. Two children remain, Robert, of Guelph, and Joseph, on the homestead; also one sister, Miss Mullin, of Saskatoon. Rev. Mr. Ferguson conducted the funeral service when the remains were interred in Union church cemetery. The pallbearers were: A. McDonald, T. Anderson, J. C. Cook, T. L. Leslie, R. F. Leslie and John Cunningham.—Georgetown Herald.

FATHER AND SON WEEK.

Mr. Frank Beckwith, Y. M. C. A. Secretary for Peel, is this week forming local committees in that county to arrange for the observance of Father and Son Week, February 11-17.

Mr. Beckwith hopes that every church in the county of Peel will plan to honor the fathers and sons in a special way the week beginning February 11th. Detailed suggestions will gladly be supplied by Mr. Beckwith from his office at Brampton.

The County Committee, of which Mr. C. S. McDonald of Brampton is chairman, look forward to having Peel county make this week a part of the special home-coming celebration of our returning soldiers. Fathers and sons reunited will be a big feature in every community.

A SILVER SHOWER.

After the announcement of the engagement of Her Royal Highness, Princess Patricia of Connaught, the wives of the Lieutenant Governors of the various provinces of the Dominion were asked to hold a silver shower of five cents and upwards in order that the people of Canada might have the opportunity, should they desire to contribute, of sending a national gift to show their appreciation and regard for one who became endeared to so many during Her Royal Highness' stay in Canada.

The collection will be purely voluntary and the nature of the gift will be decided upon as soon as it is known what amount has been collected. Lady Hendrie is therefore asking the people throughout the Province of Ontario, through the Press, to co-operate with her in this voluntary collection towards the wedding gift for the Princess, either individually or through any organized Society or Association to which they may belong.

Sir Edmund Walker has kindly consented to be the Hon. Treasurer of the fund, and all monies should be sent to him on or before February 20th, 1919, to the Canadian Bank of Commerce, 23 King St., West, Toronto.

Rev. John R. Cummings of the Roman Catholic church at Walkerton died in St. Joseph's hospital at Hamilton from injuries received in a wreck on the Grand Trunk near Harrisburg on Jan. 11th. He was fifty-one years old and is survived by two brothers, Maurice and Michael of Hamilton. An inquest will be held.

SURPRISED THEIR PASTOR.

Rev. R. S. Scott, pastor of Hillsburg and Price's Corners churches received a touching tribute of his worth from the members of the latter charge. Mr. Scott has been laid aside with illness for about two months, and for a time his condition was serious enough to require the services of a trained nurse. His people at Price's Corners, sympathizing with him in his troubles, and wishing to express their appreciation of his past services, gathered $217 which W. W. Warnock and J. Johnston presented to Mr. Scott. He was completely overcome with emotion at this unexpected and splendid tribute, and could but return feeble thanks for the kindly spirit manifested.

"PASS THE WORD ALONG."

One of the methods of communicating from one officer to another in the trenches is to give the message to one of the privates and tell him to "pass the word along" the line until it reaches its destination, viz., the officer at the other end. The following story will show how a serious message can be distorted on its journey from mouth to mouth:

Lieut. A., in charge of one end of the British line, told the private in front to "pass the word along" to Lieut. B.: "We are going to advance. Can you send us reinforcements?"

When Lieut. B. received the message it was like this: "We are going to a dance. Can you send us three and fourpence?"

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces.

ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE.

WARDEN HILBORN.

Mr. H. H. Hilborn, Warden of Dufferin, was born and has spent his lifetime in the County of Dufferin. His parents were pioneer settlers in East Luther township. Dufferin's chief magistrate saw the light of day for the first time on Oct. 22nd, 1881, and was therefore 37 years of age at the time of his selection for the chief position in the gift of the people of his native county. In 1905 he was married to Miss Adeline Sime. The union has proved singularly happy and has been further bleased by a family of one son and two daughters. Mr. Hilborn served the ratepayers of East Luther as councillor for two years. He was then made Reeve, a position which he is now filling for the sixth time. Warden Hilborn is a member of Tarbert Presbyterian church, Superintendent of the Sabbath School and takes an active interest in religious and educational work in his home community. Until six years ago he was a successful farmer in East Luther, but since that has been engaged in the automobile business in Grand Valley. He is a member of the Orange Order. Throughout his municipal life Mr. Hilborn has been a staunch supporter of the policy of building good roads and new bridges. Most of the fine concrete bridges in East Luther have been constructed since he entered the council of his home municipality.

Thorold has decided to observe Friday of each week as welcoming day for the soldiers returning during the previous seven days.

James Brown, who has been C. P. R. agent at Elora for the past 22 years, is shortly to be transferred to Dundalk, and will be succeeded at Elora by W. F. Thomas, of Kentbridge, Ont.

In Guelph the city whistles blow to advise the citizens whenever an incoming train is bearing returned soldiers there. There is consequently always a group of citizens present to welcome them.

On January 29th last, Mr. and Mrs. James Crawford, of Grand Valley, celebrated their ruby wedding, having been married forty years ago at Belwood, then known as Douglas, by the late Rev. Mr. Milligan.

Alex. Stewart, a Guelph druggist, has received word from the American Pharmaceutical Association to the effect that he has been appointed to the membership committee of British America by this association.

Rev. Lawrence Hunter of Alma and Cumnock has received and accepted a call to Riverdale Presbyterian church, Toronto. The new pastor, who is an old West Luther boy, will receive a salary of $2,000.

Mrs. Tomlinson, wife of Daniel Tomlinson, of lot 29, Con. 5, Mono township, formerly of Whitfield, died on Jan. 30th after only a short illness, at the age of 49 years. The cause of death was gangrene.

Arthur Johnston, whose farm is near Coleraine, had his leg broken in three places near the ankle, a week ago Thursday. He was chopping trees and was limbing one when it rolled on him, crushing his leg.

Wellington county council made a number of salary increases at its recent sitting. An increase in salary to County Treasurer George M. Fox, of $300 per year, was provided for, bringing his salary up to $1,800, and for an increase of $400 per year to County Clerk J. Beattie, making his yearly stipend $1,500; David Lennox, the engineer and caretaker of the court house also received an increase of $300, bringing his salary up to $1,700. The council took no action with regard to a grant to the Navy League, but passed a grant of $1,000 to the Salvation Army Red Shield campaign.

Feeble Old People Vinol is What You Need

because it contains the very elements needed to replace weakness with strength, viz: Beef and Cod Liver Peptones, Iron and Manganese Peptonates, and Glycerophosphates, with a mild tonic wine. This is a splendid combination to restore strength, vitality and vigor. It has given ninety percent satisfaction for sixteen years. HERE IS PROOF:

Malone, N.Y.

"I am 84 years of age and got into a feeble, weak and nervous condition so I could not sleep. Vinol has not only built up my strength but it has given me a good appetite and I sleep all right now. Without doubt Vinol is the greatest strengthener for old people obtainable."—Mrs. S. B. Wells.

Winchester, Va.

"I am a farmer's wife, 75 years of age, and pneumonia left me in a weak, run-down condition, so I could hardly keep about and do my work. A neighbor brought me Vinol and it has built up my strength so fast that I think it is the best medicine I have ever taken."—Mrs. Jennie Chapman.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

ORANGEVILLE, FEB. 13, 1919.

DUFFERIN COUNTY COUNCIL

Owing to lack of space The Banner was unable to give a full report of the County Council proceedings in last week's issue. The important business of the session is briefly set forth in the following paragraphs:

The request of the Navy League for a grant was not successful. The towns have already contributed over $2,300 to this cause.

A deputation from the High School Boards asked that the County grant per pupil be increased from $5 to $15. The grant was raised to $10 per pupil.

Public School Inspector Liddy made his annual report, which contained some very important suggestions. Council made arrangements to have the report published in full in all the county newspapers.

The Good Roads Committee was empowered to secure prices for machinery and take whatever steps they deem necessary towards the purchase of the same.

A resolution was passed asking the Ontario Government to cease collecting the mill on the dollar war tax.

A resolution was passed asking the Dominion Government to repeal the Daylight Saving Bill.

C. R. McKeown, M. P. P., A. E. Annis and Col. J. A. V. Preston were delegated to look into the question of securing three captured Germ[illegible] cannon for the county, to be placed one each in Orangeville, Grand Valley and Shelburne. The only cost to the county would be in the way of transportation and putting in place.

The matter of a permanent record of the county soldiers in the Great War was considered to be sufficiently well covered by the historical record now being prepared by the I. O. D. E.

The Warden and Reeves Brown and Watson were appointed a committee to make the necessary arrangements for the erection of a new permanent bridge on Amaranth St., in Grand Valley.

The County Property Committee was instructed to have the two jury rooms in the court house redecorated.

In its report to Council the Special Committee appointed to consider the Warden's address expressed the hope that the Council would take steps to erect "some suitable memorial to the brave boys who have paid the supreme sacrifice in the great cause of liberty and justice."

The following accounts were passed for Dufferin County pupils in attendance at High Schools outside the county: Alliston High School, $233.-43; Owen Sound Collegiate Institute, $32.56; Dundalk High School, $321.-57.

Council undertook to bear the expenses of six delegates to the annual meeting of the Trustees' Section of the Ontario Educational Association in Toronto on April 22, 23 and 24. The gentlemen selected to form the delegation are: Rev. W. M. Morris, Orangeville; R. A. Riky, Shelburne; Wm. Buchanan, Grand Valley; Robt. Fife, Laurel; R. J. Woods, Corbetton, and Inspector Liddy.

The Special Committee appointed to consider the question of a soldiers' memorial reported as follows:

"That the Committee is heartily in accord with the movement that some suitable recognition be made of the men who so worthily fought the battles of the Empire, many laying down their lives in the late struggle.

"We recommend that the matter be deferred until the June session of Council to enable the Daughters of the Empire to get all the information possible and report to this Council.

"We further recommend that the Committee appointed last November be instructed to take the necessary steps to secure the three cannon spoken of in their report."

Council made the following grants: Rural School Fairs, $100; Dufferin County Poultry Association, $25; Sick Children's Hospital, $25; National Sanitarium Assoc., $10; Orangeville, Shelburne and Grand Valley Agricultural Societies, $250 each; Dufferin Children's Aid Society, $250.

Council showed its appreciation of the splendid war work of the Salvation Army by making the organization a grant of $2,500.

A grant of $700 was voted to Lord Dufferin Hospital. Last year's grant was $350.

Reeve Prentice, of Meinaethon, and John Kelpatrick of Mulmur, were appointed to the Board of Criminal Audit.

Dr. T. H. Henry was appointed gaol surgeon at the usual salary of $100. The position was formerly held by Dr. T. A. Carson.

Dr. T. H. Henry was appointed trustee for the Orangeville High School. James Chalmers was given the appointment for Shelburne High School.

County Treasurer Wheelock reported a surplus of $29,390.81 from 1918. This was made up as follows: Surplus on ordinary expenditure, $7,015.81; Grand Valley bridge, provided for but not constructed in 1918, $10,000; War purposes, $12,375. A further $5,000 may be required to meet the cost of the Grand Valley bridge, which will be built this year. $10,250, of the $12,375 surplus on war account, would have been required to keep up the monthly payments to the Canadian Patriotic Fund had the war continued. As the County is likely to be relieved from further payments on this account this money will be available for other purposes. Payments to the Canadian Red Cross are also likely to cease, which means that the county will likely be free to appropriate the entire $12,375 for other purposes. In his report the treasurer suggested that, "if $5,000 of this should be appropriated for the Grand Valley bridge there would still remain $7,375, which might be used to advantage in buying road machinery or for construction work on the County Roads System. If used in this way the Government subsidy of 40 per cent. would be added, thus making $10,325 available for expenditure."

During 1918 the county paid $24,600 to the Canadian Patriotic Fund and $5,100 to the Red Cross. The total paid for all war purposes during the year was $49,466.95, not including a grant of $7,414.44 to the Young Men's Christian Association paid since the end of the year.

The total amount received last year for expenditure on county roads was $15,777.16 and the total expended, $18,490.61.

During the year the total receipts from all sources were $163,206.63 and the total expenditure $133,883.-98.

WOULD GO FROM HOUSE TO HOUSE

Mrs. Harrington Feels Like Going Out and Telling Everybody About Tanlac.

"I would just like to go from house to house and tell the people about Tanlac," said Mrs. Mollie Harrington of 111 Third street, Peoria, in a recent statement which she requested published for the benefit of others.

"My health gave way years ago," Mrs. Harrington continued, "and I had long since despaired of ever getting any better. I was very weak and pale—hardly had the color of blood in my face—suffered terribly from stomach trouble and was extremely nervous. I was really in a broken-down condition and being past fifty-eight years of age, which I thought was against me, I had no hope of getting well and nothing to look forward to but the end, which I often felt was drawing near.

"Then I got to reading about Tanlac and yet I could not make up my mind at first to try it, as I had little idea it could help a person of my age, especially one in such a low state of health. But somehow I was influenced to buy a bottle and that was about the luckiest day of my life, for when I finished taking it there was a wonderful improvement in my condition.

"Then I had something to look forward to—hope of a complete recovery—so I bought a few more bottles of Tanlac and now I don't have to tell my friends I am well again for they can see that from my looks and often speak of it. I am more thankful to Tanlac than I can express, for now I am enjoying life and good health, which I never expected to enjoy any more, and I want this testimonial published in all the papers in Illinois that everybody may know what Tanlac will do, for I feel that I ought to tell all suffering people about this wonderful medicine."

Tanlac is sold in Orangeville by C. V. Jeffers; in Grand Valley by G. E. Morrow, and in Shelburne by J. E. A. White

ANDERSON BY ONE VOTE.

John Anderson, Jr., won out by a single vote in the bye-election held in Albion township a few days ago to fill the vacancy for the office of deputy-reeve. There were four candidates in the field. The vote follows:

"JAKE" M'ILROY DEAD.

Josias McIlroy, familiarly known as "Jake," an old resident of this town, passed out in the hospital ward of the county gaol about two o'clock last Thursday morning. Since the death of his wife a few years ago the old man had travelled a hard and lonely road. Failing health made it difficult for him to earn a livelihood and he ended his days in straightened circumstances. He was an ardent Orangeman and through the good offices of the members of his Lodge, L. O. L. No. 427, the remains were given decent burial, the body being laid at rest beside that of his wife in Greenwood cemetery. The funeral was held from Fulse's undertaking parlors Friday afternoon. Rev. W. M. Morris conducted the burial service and members of L. O. L. No. 427 acted as pallbearers.

MILITARY NOTES.

Sergt. Richard Robinson, who enlisted and went overseas with the 164th, arrived home on Monday morning and was given a hearty welcome by his wife and family, the local Reception Committee and a number of town friends. "Dick," who was with the local Bell Telephone Co. staff, before enlisting, was put at office work in England and did not go to France. He is looking well and is very happy at being able to rejoin his family after a separation of nearly two years.

Through an unfortunate oversight last week's Banner omitted to note the arrival home of Pte. Howard Ramsay, another of the gallant 164th lads. Howard, who is the only son of the late James Ramsay of this town, had his full share of fighting and narrow escapes, and had the good fortune to win through without sustaining any serious injury. He is looking well and has a store of entertaining anecdotes wherewith to regale his friends. Pte. Ramsay has been spending a week or so visiting his sister Mrs. Griffith Simpson in East Garafraxa.

THE MAYOR'S INAUGURAL

Many Important Matters Discussed by His Worship in Address to Town Council.

The matters discussed by Mayor Geo. D. Lewis in his inaugural address to Orangeville town council are sufficiently important to warrant the reproduction of the address, which was worded as follows:

Gentlemen of the Town Council of Orangeville for the year 1919:

Permit me, as Mayor, to congratulate you and myself for the confidence reposed in us by our fellow-citizens in entrusting to us the charge of the business of the town for the current year. It is a large trust, and I feel that each of us looks upon his coming duties with becoming seriousness, and has mentally resolved to give to the town the best that is in him.

In my opinion we have a good council. This opinion, I trust this year's performance will justify. I shall not attempt to classify the several committees according to their importance. All are important. Each is most important; each has important work before it, and it is the duty of the council as a whole to assist any committee that initiates anything for the good of the town.

Much is expected from the Industrial committee, and it is satisfactory to be assumed that the chairman and members are alert for new industries and that they will neglect no opportunity to obtain them. We have a legacy from the council last year, of one very promising factory—that of the Hewetson Company, which has already in place part of its machinery. Any doubt as to the possibility of securing help seems to have been removed. The manner in which Chairman McMillan and his committee have handled this addition to the town's industries gives assurance of continued successful effort in this direction.

Perhaps the Court of Revision has been the least popular of our committees—not altogether the fault of the members. Fair and correct valuation of properties is a hard problem. I submit to the council for their early consideration the proposition that instead of, as we have previously done, appointing an assessor, we appoint an assessment commissioner, whose duties and powers are set forth in Section 231, Subsections (1) and (4) of the Municipal Act, 1914. This proposition is especially commended to the consideration of Chairman Fairbairn, who is well equipped for the performance of his new duties.

The chairmanship of this Court is usually foisted upon a new member of the council—for obvious reasons. While the pathway may not be strewn with roses, the chairman will find his fellow-committeemen loyally willing to do their utmost to smooth the rough places in that pathway.

There is a saying "that the strength of a chain is the strength of its weakest link." Similarly the roadways of a town or township are not judged by their general excellence, but by the occasional mud puddles and sink holes that disgrace their system.

Of our Road and Bridge Committee little more can be expected than that they should do efficient repairing of our existing roads.

The building of permanent roadways will have to remain in abeyance until after the establishment of the sewerage and drainage system, which in the very near future will be a work of necessity—and I may add, compulsion.

The members of the very important Committee of Finance have, in addition to their usual scrutiny of expenditure, the task of getting the town finances into shape for the abnormal outlay impending.

The Great War has taught the Government of Canada, that the people of Canada have money to lend—that it is not necessary to go to the money marts of Europe to borrow money.

The people of Canada have shown keen business acumen as well as high patriotism in absorbing the tremendous loans issued.

Impression of this lesson learned will be made by the periodical distribution of this interest among our own people in contrast to sending it by shipload across the Atlantic. When it comes to financing our own local expenditures, our committee by being able to give assurance of the town's absolute solvency, and by live propaganda, will no doubt succeed in opening the money bags that abound in our rich County of Dufferin.

I trust that our financiers may show reserve in encouraging methods, temporarily popular and probably necessary, during the war, of collecting monies for what might be called outside purposes, as Red Cross, Patriotic Funds, etc. Now that the war is over these should be financed by the Dominion.

We have our own local institutions, most deserving, which could usefully dispose of much more generous contributions than they have been accustomed to receive.

It is scarcely fair to the people of the town, or to the present council, to pass without reference to the position of affairs respecting the wood lot purchased by last year's council. It cannot be claimed that the present state of affairs is altogether satisfactory. The contractors, who engaged to cut the wood into certified lengths have fulfilled their agreement as to the quantity required to date. There are 500 cords cut, piled and ready for delivery. Former Chairman Thompson reports that the work has been well done and that the wood is of good quality. Unfortunately conditions have been such that delivery in town has been almost impossible.

Chairman Wilkins of the new fuel commission has perhaps the most trying problem of any of our committee chairmen. His fellow councillors have confidence in his ability to overcome satisfactorily, as is humanly possible, the difficulties before him.

In conclusion, gentlemen, let us do our utmost to loyally serve the town; let us do our utmost to enlist the aid, encouragement and advice of the citizens. And may we all, citizens, councillors and officials for 1919, make our motto,

"Make Orangeville Move."

GEORGE D. LEWIS, Mayor.

ST. ANDREW'S CHURCH.

As the Dominion government has fixed Sunday, Feb. 16th as a national day of intercession that the deliberations of the Peace conference may result in the establishment of a world-wide peace on a just and permanent foundation, the services in St. Andrew's, morning and evening, will be devoted to that purpose. The future peace and well-being of the world depends upon the wisdom and Christian spirit of the men who are now forming a new basis for international relations. There never was a time when divine guidance was needed more than now. The subject for the morning service will be "The Work of the Holy Spirit," John 16:8, and for the evening service, "A short bed and a narrow blanket," Isaiah 28:20.

There will be special music by the choir. They will sing: "How long wilt thou forget me," in the morning by request. In addition to the anthem there will be a solo by Mrs. Edgar Jackson in the evening.

LEONARD M'CABE RETURNS

Pte. Leonard McCabe, son of Mr. and Mrs. Arch. McCabe, of Laurel, was given a rousing reception upon his arrival home from overseas Monday night. His parents met the young soldier at Orangeville and accompanied him by train to Laurel station, where he was given a stirring welcome by some hundreds of the citizens of Laurel and neighborhood. From the depot Pte. McCabe and members of his family were driven to the Methodist church, where a more formal welcome was extended to the returned hero. Reeve Hepton occupied the chair and speeches of welcome were made by John Johnston, R. J. Wallace, Walter Gray, Mrs. Geo. Nelson, W. R. Grosskurth, Councillor Thos. Whaley, Rev. W. F. Roach and other speakers. Pte. McCabe replied in a speech that was full of interest and gave much information about overseas conditions and experiences. The programme was happily interspersed by a number of musical selections. Later on a happy gathering of relatives and intimate friends was held at the home of Mr. and Mrs. McCabe, the entertainment taking the form of a supper, followed by an exceedingly pleasant social hour. Pte. McCabe enlisted in the Shelburne company of the 164th. He held the rank of sergeant, but reverted to private after going to England in order to get to the front. He was greatly disappointed when he was not allowed to accompany his battalion to England in the spring of 1917. Owing to his aptitude for the work, the military authorities kept him in Canada as an instructor and he spent the summer of 1917 as drill instructor at Camp Borden. He was allowed to go to England in the autumn and was sent to the front about a year ago. Pte. McCabe was wounded in action, but we have not learned the name of the battle. We understand, however, that his collar bone was broken and that he received thirteen shrapnel wounds in the head, neck and back. He is pretty well over the effects of his injuries, but has not fully regained his oldtime strength.

HOSPITAL NOTES.

The regular monthly meeting of the I. O. D. E. will be held at the home of Mrs. J. L. Island, 1st Ave., on Friday afternoon at 3 o'clock.

The Daughters of the Empire have about 100 lbs. of yarn and would like if ladies would call at the Red Cross rooms any Wednesday afternoon, procure yarn and help do knitting for the refugees and also for our own soldiers, who are overseas yet and who need socks. The Daughters will also sell some of the yarn or exchange for socks.

The Chapter wishes to gratefully thank all those who took part, and also all who assisted in the preparations for the musical comedy, "The New Minister," which was given with such great success last week. The three performances realized the handsome sum of $417 for the Hospital Building Fund. The thanks of the Daughters are also gratefully tendered to those who assisted with the luncheon.

PRESENTATION.

St. Andrew's congregation, Hillsburg, surprised their pastor, Rev. R. S. Scott, who is just recovering from a bad attack of the "flu" by showing their appreciation and sympathy in a tangible way in the form of an envelope containing $245.00, coupled with the following address, expressive of their well-wishes to himself and family:

Hillsburg, Jan. 25, 1919.

Rev. R. S. Scott,

Dear Pastor,—We the Board of Managers of St. Andrew's church, in behalf of the congregation, wish to express our sympathy to yourself and Mrs. Scott in the trying weeks through which you have been called upon to pass. We trust that under the providence and blessing of God you may speedily regain your health, strength and vigor of mind and be enabled again to take up the threads of your community and congregational life in our midst.

Also on behalf of the congregation we take pleasure in asking you to accept this gift as a token of our love and sympathy and support to you in your ministry.

Signed on behalf of the managers and congregation: Thos. F. Barbour, A. E. Dyer, A. G. Parry, Dan. Gray, John Carmichael, Sr., Geo. D. Fletcher, W. R. Robertson, Robt. Barbour, Samuel Gray.

HOCKLEY.

Hockley seems to be coming into its own this winter. Our village has been badly in need of a blacksmith for some time, but this want has been filled by Mr. John Reid, who has opened a shop in Mr. R. J. Moffatt's stand. Mr. Reid is an expert on autos as well as horses and will do all kinds of auto repairing on short notice and to the satisfaction of car owners.

We are especially pleased to welcome to our town Dr. and Mrs. Jos. A. Hackett, of Deloraine, Man., who have just moved to their new home here. Dr. Hackett is an old Hockley boy, who is credited with having made a goodly pile out of farming and his profession in the West and is now coming back to old Ontario to enjoy the fruits of his toil. Hockley has been badly in need of a good veterinary ever since the death of the late J. B. Lindsay, and if Dr. Hackett can only be induced to take up his practice he will soon find himself with plenty to do.

MONO MILLS.

The young people of the League are working hard getting their musical cantata in shape for Friday evening of this week, Feb. 14. This cantata, as announced in last week's issue of The Banner, is entitled "The Pink Rose," and is a sketch in every day life from the shaded sections of life in a large city. The central figure of the sketch, "Delia," was a young girl who had indulged in every known sin, but who came under the influence of a faithful Christian worker of the district largely through the gift of a "pink rose," and became herself an influence for good and the uplift of her former associates. Music has a prominent part in the sketch and is furnished by the choir of the church together with a number of others who are very kindly giving their assistance for the occasion. Mr. Bert Lindsay, of Caledon East, the well known soloist, has also kindly consented to contribute some vocal selections during the program. The programe will commence at 8 o'clock. Proceeds in aid of the League Missions.

Considerable interest is being taken in Mr. Thos. J. Henry's big sale of farm stock on Monday, Feb. 17. The bills are now posted up and the list offered for sale includes some of the best registered stock to be found anywhere, most of it being purchased from the most prominent breeders and importers in Canada. The list also includes many good grade animals as well as a large equipment of farm implements. See bills for description and terms.

CALEDON.

Many of our farmers are taking advantage of the fine weather to get a good supply of wood cut and it does not look as if there will be any heatless days this year.

The Women's Institute are arranging to hold a necktie social in the town hall on Friday evening, (St. Valentine's Day), and are sparing no effort to make it a success. An excellent entertainment will be provided. An autograph quilt will be sold by auction during the evening. The proceeds are in aid of the Blind Soldiers' Fund. Let everybody help this worthy cause.

The young ladies of Caledon are looking forward with a good deal of pleasure to their "At Home" on the 21st inst. The proceeds are in aid of Caledon Library, which is serving this community with the best books at a most reasonable cost.

Dr. J. T. Thomas is having extensive alterations made in his residence here and when completed will have one of the finest and best equipped office, waiting room and dispensary in this part of the country. Mr. A. N. Adams did the work.

Mrs. J. Atkinson is spending a few days with her daughter in Toronto.

WELLS-BARNES.

On Tuesday evening, December 24, 1918, a quiet wedding was solemnized by Rev. T. W. Murphy, in All Saints' church, Toronto, of Miss Emma Clarris Barnes, of Toronto, to Mr. William Edward Wells, of Orangeville, late of Markdale and Grand Valley. Witnesses were friends of the bride, Miss B. C. Starr and Mrs. E. Evans, both of Toronto.

WICKSON-ELLIS.

The marriage of Mr. Frank J. Wickson, of Brantford, Staff Sergeant of the 36th Reserve Batt., and Miss Jeannette Ellis, only daughter of Mr. and Mrs. John A. Ellis, of Toronto, formerly of Orangeville, took place in St. Jude's Anglican church, Brantford, on Saturday, Feb. 8th, Rev. Mr. Jenkins, a returned Chaplain, officiating. The bride is a niece of Mr. Jesse Robertson. The Banner joins the many local friends of the bride in extending hearty congratulations.

DAHL-BALFOUR.

Ross N. Dahl, elder son of the late William C. Dahl and Mrs. Dahl, West Broadway, was married quietly to Miss Lena T. Balfour, second daughter of Mr. and Mrs. George Balfour, of Wolseley, Sask., at Westminster manse in Winnipeg, on Thursday afternoon, January 23rd. The ceremony was performed by Rev. Dr. Christie. After spending a week at the Royal Alexandra hotel, Mr. and Mrs. Dahl returned to Wolseley, where they will reside. The Banner joins the many Orangeville friends of the groom in extending its hearty congratulations.

BAPTIST CHURCH.

Monday, 8 p.m.: Young People's meeting.

Thursday, 8 p.m.: Bible Study. You are welcome.

LINGERING WEAKNESS FOLLOWING DISEASE

Banished by the Wonderful Tonic Powers of Dr. Williams' Pink Pills.

In almost every case the victims of la grippe, influenza, fevers or contagious trouble, are left weak, ailing and despondent after the disease itself has disappeared. They do not pick up strength as they ought, and remain tired, listless and discouraged. The one and only reason for this is that the blood has been impoverished by the ravage of the disease through which the victim has passed. Strength and full activity will not return until the blood has been restored to its normal condition. The blood can be enriched and purified by no other medicine as quickly and as surely as by Dr. Williams' Pink Pills. To enrich the blood and strengthen the nerves is the whole mission of these pills, and thousands have found them beneficial in bringing strength and energy after disease had left them weak and run down. Miss Beatrice Cassidy, of Vroomanton, Ont., says: "From my own experience I can speak in the highest terms of praise of Dr. Williams' Pink Pills. I passed through a severe attack of scarlet fever, from which I did not regain my strength after the fever itself had passed. I was left very weak, pale and frail looking, and although I was continuing to take medicine, I did not improve. At this time a friend advised me to take Dr. Williams' Pink Pills, and following the advice, I soon felt the pills were helping me, and after taking them for about a month I found myself fully restored to my old time health and strength. I therefore strongly advise anyone who feels weak or run down to give Dr. Williams' Pink Pills a trial and I feel sure they will not regret it."

Rich, red blood is the whole secret of good health, and from the first to the last dose Dr. Williams' Pink Pills enrich and purify the blood. You can get these pills through any medicine dealer or by mail at 50c a box, or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

ALTON.

(Intended for last week).

The Beavers are busy. They have organized and their officers are as follows: Mentor, Mr. Harvey Griffin; Chief, Milford Lovell; Tally, James B. Dods; Sub-Chief, John Simpson; Cache, Elgin Delaney. They met last Monday night at 7 o'clock in the Sunday School room of the Methodist church and decided to invite other boys to join them. In addition to a talk on a scripture hero, and a practical talk, they will have games and physical drill at their meeting next Monday night at 7 o'clock. They are starting to get equipment for their work. This is the work taken up by the Sunday School class, under the Canadian Standard Efficiency tests for boys.

The lantern lecture given by Dr. McKenzie, of Tokio, Japan, in the Methodist church on Thursday night was very instructive and interesting. His views shown to the Mission Band in the early evening were much enjoyed by the young people. The Band is flourishing and has three new life members this year.

Rev. T. R. White, of the Methodist church, was assisted in a seven days' evangelistic campaign by Rev. E. R. Young, B. A., of Orangeville; Rev. J. R. Wilkinson, of Inglewood, and Mr. Frank Beckwith, of Brampton, Y. M. C. A. secretary for the county of Peel. Mr. White announced on Sunday night the names of 14 persons who had recently united with the church, in addition to several who united in October, making 77 persons who had united with Alton Methodist church during his pastorate. Mr. White announced his subjects for the "Father and Son" movement to be for the 9th, "How God Speaks to a Man," and for the 16th, "How God Speaks to a Boy." Arrangements are being made for a "Father and Son" banquet in the school room of the Methodist church on the evening of Feb. 13th.

The Sixty-First annual Convention of the County of Peel was held in the Methodist church, Alton, on Jan. 29, Mr. A. T. Haines presiding during morning and afternoon sessions, and Mr. T. H. Graham in the evening. Joint choirs rendered special music at the evening session, and Mr. Mason of Alton rendered a couple of splendid cornet solos. Rev. J. C. Robertson, D. D., general secretary for Sunday Schools for the Presbyterian church, ably outlined the importance of and method of carrying on teacher training work. In the afternoon he spoke on the Sunday School as a missionary force. Rev. T. A. Halpenny, general secretary of the Ontario Sunday School Association, brought before the convention in the afternoon the new standards in Sunday School work, and at night delivered a very fine address on the problem of religious education. Mr. F. A. Beckwith, Y. M. C. A. secretary for the county of Peel, introduced the Canadian Standard of Efficiency Tests for boys and with the aid of Mr. Harvey Griffin, principal of the Public school, gave a demonstration of our organzied class of boys at work on Sunday and during a week-night meeting. The games and physical drill in which Mr. Beckwith demonstrated their activities created a great deal of interest.

PRIVATE SALE.

OF HOUSEHOLD EFFECTS

Mrs. Jas. Williams, Mill St., will hold a private sale of household effects, including an electric heater, buffet, dining room table and six chairs, dresser and stand, lawn mower and other articles, at her residence, from Feb. 17th to Feb. 22nd, inclusive. Terms, cash.

Interested parties invited to call at any hour.

J. D. TORRIE'S

Mid-Winter Clearing Sale

Starting Saturday, February 8th, and Ending February 22nd.

Owing to the extraordinarily mild weather all through the early winter months, we find we are too heavily stocked at this time of the year with Men's Fur Coats and Fur Caps, and Men's and Boys' Suits.

Now that the Spring Clothing is coming in we require both the money and the room. We have just finished stock taking and have decided to clear out all odd lines of Men's and Boys' Clothing, amounting to at least One Hundred Suits. These Suits will be priced in plain figures and hung on racks where it will be no trouble to see them. Sizes for men, 34 to 44, breast measure; for boys, 26 to 35.

ALL LINES OF CLOTHING WILL BE FROM 10 TO 25 PER CENT LESS THAN THE REGULAR SELLING PRICE

And as the Suits were bought some time ago the prices are at least 50 per cent. lower than today's prices. As there are absolutely no lower prices in sight for at least another year, we are giving our customers an opportunity to secure the biggest bargains that have been offered for years in CLOTHING and FUR COATS.

THE BIG AND GROWING DEMAND WE HAVE FOR OUR GUARANTEED SERGES TO ORDER,

(of which we still have a large stock), we think is the reason we have too many Ready-to-Wear Suits on hand and as we need the space for Spring Goods we are going to sacrifice these lines mentioned regardless of price.

We also have some odd sizes in Men's Trousers and Men's Flannel Shirts that will be sold at less than the regular price.

STARTING FEB. 8 ENDING FEB. 22

REMEMBER THE DATES

THIS IS AN OVERSTOCK SALE OF GENUINE CLOTHING AND FURS.

THREE DEATHS IN FAMILY.

The family of Mr. and Mrs. John Atkinson, lot 299, Con. 2, S. W. T. & S. R., Melancthon, has indeed been sorely stricken by the influenza epidemic, two sons and one daughter having succumbed to pneumonia following influenza. The first victim was Wilbert H. Atkinson, aged 24, who died Tuesday of last week, Jan. 28th, the funeral taking place to Shelburne cemetery Wednesday afternoon. On Saturday, February 1, Robert Roy Atkinson, in his 18th year, gave up the struggle. The funeral took place Monday afternoon. On Monday, Feb. 3rd, before the funeral of her second brother had taken place, Mary Ethel Atkinson, aged 23 years, passed away. The funeral took place Tuesday afternoon. Thus within the space of one week three members of the family were called to the Great Beyond. The parents and one brother, John, of Redickville, and three sisters, Winnie, Lena and Annie, survive. The surviving members of the family have the sympathy of the whole district in the triple bereavement that has befallen them.—Economist.

MRS. JOHN MOFFATT.

Another pioneer of Albion has gone to her reward in the person of Mrs. John Moffatt who died on Jan. 22 after a short illness. Mrs. Moffatt had always been an active woman until four years ago when she sustained injuries from which she never recovered. Deceased, whose maiden name was Dorothy Hutchinson, was born in Mono 77 years ago and as a bride of twenty moved to lot 25, Con. 1, Albion, where she resided until her death. Her husband died 21 years ago. She is survived by eight children, namely, R. T., of Toronto; Alexander, of Buffalo; J. H., of Albion; Mrs. Stone, of Toronto; G. H., of Albion; M. C., of Bolton; Mrs. Williams, of Tottenham, and Mrs. Clarke of Tecumseth. She also leaves 38 grandchildren. The funeral took place on the 24th to St. James' cemetery, service being conducted by Rev. Mr. Battersby.

AMARANTH STATION.

Things are booming in this burg this winter. Our coal merchant unloaded more surplus ammunition last week. Our postmaster is hale and hearty and Mary is as lively as a kitten.

It is currently reported that one of our well-known young men will lead one of Eve's fair daughters to the altar shortly. Go ahead, Billy.

J. Woulfe is building a lean-to to his barn.

C. Gray is building a new barn.

Mr. Dynes is planning to build a new barn this year. Wm. Stewart, contractor, has the work in hand.

HAD HIS DOUBTS.

Teacher: "Do you know that George Washington never told a lie?"
Boy: "No, sir; I only heard it."

CAMILLA.

The Eureka Players presented the oldtime drama "Ten Nights in a Barroom" before a large and appreciative audience in Mann's hall on Thursday night. The performance was very creditable to the amateurs, who deported themselves with the skill of professionals. Township Clerk W. A. Henry gave a pleasing portrayal of Romaine. Fred Buchanan and Herman Forsythe did some clever work in the roles of Switchel and Joe Morgan. Harold Marshall and Andrew Henry were good in the parts of Harvey Green and Willie Hammond and Boyd McLaine gave a skilful representation of Simon Slade. Clifford Marshall was apt in the part of Frank Slade. Norma Henry and Florence McFadden sustained the roles of Mrs. Morgan and Mary Morgan in a worthy manner and Miss Lillian McMillai acquitted herself most creditably as Mehitabel Cartwright. The programme for the evening also included some bright instrumental music by the Buchanan family; solos by Mr. J. H. Sloane and the tableaux, "Rock of Ages," and "Where is My Wandering Boy Tonight." The proceeds amounted to $26.00.

GLENCROSS.

At time of writing we have no snow, but excellent wheeling.

We regret to learn of the serious illness of Mr. G. L. Dodds, but hope for his speedy recovery.

A number of our young people attended the concert in the Town Hall in Orangeville on Friday night and report an enjoyable time.

Miss Annie Lennox has returned home after her visit at Mono Centre.

Miss Brett, of Whittington, is taking charge of the school here during the illness of Miss Colledge.

Mr. Ernest Moffatt has purchased a new farm at Camilla and will move in the near future. We are sorry to lose our neighbors, but what is our loss will be others gain.

Mr. A. A. Still intends to start on his rounds as assessor shortly.

We wonder if E. B. and A. H. still go Reiding on Sunday nights?

We hear that G. S. and L. S. are starting back to school.

We think that H. W. is still partial to May flowers.

A. S. looks lonely coming home on Sunday nights.

The Causes of Backache Can Be Remedied

Many people are apt to disregard backache as being of slight importance. This is wrong. A backache should be accepted as a very grave warning that the kidneys are not performing their proper function, and need immediate attention and assistance.

One ingredient of gin is a most beneficial agent in the toning up of the kidneys and restoring these vital organs to their normal duty of eliminating the poisons from the blood.

Gin Pills contain this ingredient, together with other tested diuretics and antiseptics, without a suggestion of alcohol.

Gin Pills are made from a formula produced from the results of scientific research, and contain only ingredients of tested and proven value.

When you feel backache coming on, be warned and take Gin Pills at once. It may save you a great deal of suffering. Should you neglect the backache or pains in the side, you stand in danger of more serious ailments, such as Sciatica, Lumbago, and Swollen Ankles and Joints, with their excruciating pains and prolonged dreaded suffering.

Gin Pills can be obtained from almost any dealer, and the price is only 50 cents a box. You buy them on a guarantee of satisfaction or your money refunded.

The makers of Gin Pills will be pleased to send you a free sample if you address your request to the National Drug & Chemical Co. of Canada, Limited, Toronto. U.S. residents should address Na-Dru-Co., Inc., 202 Main St., Buffalo, N.Y. 12

IN MEMORIAM.

Lines written in memory of Mrs. Whitfield Jessop, who departed this life December 11th, 1918:

Peaceful be thy rest, dear Ettie,
'Tis sweet to breathe thy name;
In life we loved you very dear,
In death we do the same.

Short and sudden was the call
To one so dearly loved by all;
The blow was great, the shock severe,
We little thought her death so near.

A kind husband she left behind,
Who the sting of sorrow felt,
And the love for her who was so dear
From his heart shall never melt.

Oh, sad are the loving parents
Bowed down with grief and pain,
For alas, they have lost a dear one,
Yet they hope to meet her again.

Her brothers, sisters and children dear
Are filled with deepest grief,
But do not mourn as without hope
Wherein they find a great relief.

No more on earth will we see her face,
Or hear her loving voice,
Not till we meet in Heaven above,
And with our dear ones again rejoice.
—SISTERS.

REAL SILVER MINE.

An Owen Sound Merchant the Discoverer of Unsuspected Wealth.

A real silver mine was found a few days ago by Messrs. W. A. McClean and Co., one that paid better than some Cobalt mines and produced coined silver rather than the raw leaf. For some time past the big cash register has been kept from closing completely and it was felt that some part had been broken. The drawer was taken out a few days ago and the cause of the refusal of the drawer to fulfil all its functions was found to be a collection of silver coins, quarters and half dollars amounting in all to $431.25, quite a respectable nest-egg, as one of the men suggested. An examination of the drawer showed a couple of small cracks in the rear partition through which quarters and half dollars made their escape into the narrow compartment at the rear. This had evidently been going on for years as a paid out ticket found amongst the money was dated away back in 1913. For years the register has been frequently "out" a quarter, and in the rush of business little was thought of the matter, feeling that errors had been made. But a sight of Alderman Duncan's face when those shekels were pulled out from behind would have been well worth $431.25 in good coin of the realm. It was an undreamed of windfall and will go a long way towards paying for a year's supply of gasoline or full pages of advertising. During all the time that the cash register was collecting this hoard for a rainy day there was no suspicion that any of the staff were responsible for the slight errors that occurred from time to time. The "fortune" almost filled a 12 pound paper bag and was a heavy load for the popular alderman as he wended his way to the bank. But he did not mind that load for with it he could buy a half interest in a Ford, or two good and faithful horses or a few town lots in Port McNicoll, or some thousand shares of Promitoria stock, or almost anything short of a Knighthood. $431.25 was some sum to have handed to one under those circumstances and it was just like a long lost brother, the flowers in spring were no more welcome and the whole staff in its entirety are rejoicing. It is likened to the return of the prodigal son of scriptural fame and coming so soon after the Christmas spending contest, it was thrice welcome. The little slits in the drawer have been mended and no more will the elusive currency hold convention in the little room at the back. But other merchants hearing of the luck of the McCleans are now busy tearing out the drawers of their cash registers and are fine-combing the recesses at the rear in hopes that their register will lay an egg like the McClean's. It is up to Mr. R. Patterson to nominate a committee to help spend this sum and to include the press as representatives on the committee. $431.25! We did not know that there was that much money in town!—Owen Sound Sun-Times.

FORWARD MOVEMENT.

Union Forward Movement meetings will be held next week by the members of the Methodist and Presbyterian churches. On Wednesday, Feb. 12, at 8 p.m., the conference will be addressed by Rev. Dr. MacKay and Rev. W. E. Millson. On Thursday, Feb. 13, there will be two sessions, at 3 p.m. and 8 p.m. These will be addressed by Rev. W. E. Millson and Rev. Dr. McTavish, of Toronto. The meetings are open to the public.

Too Nervous To Sleep

Nerves Wrecked by Accident — Was Afraid to Go in a Crowd or to Stay Alone—Tells Of His Cure.

Much sympathy was felt in this city for Mr. Dorsey, who met with a distressing accident when his foot was smashed in an elevator.

The shock to the nervous system was so great that Mr. Dorsey was in a pitiable condition for a long time. He was like a child in that he required his mother's care nearly all the time. He feared a crowd, could not stay alone and could not sleep because of the weakened and excited condition of his nerves.

Detroit doctors did what they could for him, but he could not get back his strength and vigor until he fortunately heard of Dr. Chase's Nerve Food.

It is no mere accident that Dr. Chase's Nerve Food proves to be exactly what is needed in so many cases of exhausted nerves. It is composed of the ingredients which nature requires to form new blood and create new nerve force. For this reason it cannot fail and for this reason it succeeds when ordinary medicines fail.

Mr. Laurence E. Dorsey, 39 Stanley street, London, Ont., writes: "About three years ago I got my foot smashed in an elevator in Detroit, which completely wrecked my nerves. I doctored with the doctors there, but they did not seem to be able to help me. My nerves were in such a state that I could not go down town alone or go any place where there was a crowd. Sometimes my mother would have to sit and watch over me at night, and sometimes I could not get any sleep at all. But one day last winter I commenced using Dr. Chase's Nerve Food, and before I had completely used the first box I could see a difference in my condition. I continued using these pills for some time. The result was splendid. I feel so much better, can sleep well at night, can go out on the street and attend gatherings like the rest of people. I am so pleased to be able to tell you what Dr. Chase's Nerve Food has done for me, and to recommend it to other people."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for $2.75, at all dealers or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

EVIDENCE CROPS UP EVERY DAY

THAT DODD'S KIDNEY PILLS ALWAYS HELP KIDNEY DISEASE.

Quebec Man Who Suffered from a Rundown System and Kidney Disease Finds Quick Relief.

Miguasha Point, Que., Feb. 10.—(Special.)—More evidence crops up in this vicinity every day to prove that for rundown people there is no remedy to equal Dodd's Kidney Pills. Among the many who have come forward with statements is Mr. Paul Landry, a well-known resident, whose testimony can easily be corroborated.

"It is with great pleasure that I write to tell you your Dodd's Kidney Pills are the best medicine that I have ever taken," Mr. Landry states. "When I commenced to take them there was not much hope for me. After taking four boxes I felt like myself again. I advise all persons who suffer from kidney disease to take Dodd's Kidney Pills."

Dodd's Kidney Pills are popular all over this country, because they not only cure the pains and aches of the different diseases springing from disordered kidneys, but also give new life and energy all over the body. They do this naturally. They cure the kidneys. Cured kidneys strain all the impurities out of the blood, and the pure blood carries nutriment instead of poison to all the nerves and muscles. You have never heard of a person Dodd's Kidney Pills harmed. You hear of thousands who have benfited by them.

ON UNIONIZING THE SCHOOL TEACHERS

Canadian public school teachers are writing me for suggestions as to how they may improve their financial status. The answer is plain. Unionize. Divorce yourselves from the profession of pedagogy and enter the trade of teaching. Put it on a union basis. Make your own scale of pay. Do not leave it to a lot of tight-wads in the form of boards of trustees. Teachers without previous experience so much per year, with one year's experience so much and so on. Do not allow any board of trustees to cut this scale. Stick to the union wage as established by your own committee, stick to it down to the last five-cent piece.

In Ontario there already exists a Federation of Women Teachers, and it is said to be ten thousand strong. Here is the skeleton about which the union fabric may be constructed. Call a general convention, appoint a committee to name the scale of pay, establish the minimum and maximum wage, and, if necessary, employ an experienced general organizer to whip this union into shape. The next step would be to establish federations in other provinces where they do not now exist, with the idea of amalgamating these various federations into one concrete government body. What unionism has done for other workers it can do for the teacher.

In the average fair-sized Ontario country town, women teachers, in 1914, were paid on the average of $500 per annum. Between that year and 1918 a general increase of around $35 per annum was granted, or seven per cent., whereas living expenses between these two periods increased many times seven per cent. Another noteworthy point is that previous experience appears to count for little so far as regards teaching in the country districts and smaller centres. In Stratford, Ont., for instance, the scale of pay for experienced teachers is only $50 more per annum than that offered for teachers without experience. And still another absurdity is the small margin between minimum and maximum pay, which rarely exceeds $100 per annum. In commercial life, experience is what a firm or corporation pays for. In dollars and cents an employee may easily double his or her cash value to the employer in a comparatively short time. Apparently those who employ teachers do not appreciate that experience counts.

There is obviously just one thing for teachers to do. Put your pride in your pocket. Join the workers. Forget that you once belonged to a profession — unionize. — Toronto Saturday Night.

MANITOBA PEAT BOGS.

The Mines Branch, Department of Mines, has investigated eighteen peat bogs in Manitoba, and in a report on the supply of this fuel available in that province states that there are bogs in the Winnipeg River district containing 1,860,000 tons of peat fuel, 25 per cent moisture.

JOHN W. STARK.

A Promising Life Brought to an Untimely End; District Representative for Peel County.

One of the most promising lives of the generation came to an untimely end on Saturday night last, when John W. Stark, district representative of the Department of Agriculture, succumbed to an illness contracted while conducting a short course in Agriculture at Palgrave. Within two days after admitting that he was not feeling well, Mr. Stark had to go to bed, and never rose again. He had enfeebled his frame with a devotion to duty, and the attainment of his ideals in connection with the work of his department that is rarely witnessed in a man who has not yet attained his thirtieth year. Consequently he was in no condition to fight the disease and passed away after an illness of less than three weeks. Mr. Stark was an example of what ambition combined with continuous and energetic endeavor will accomplish. After taking charge of the department in Peel county about three years ago, he bent his attention to the school fairs, with wonderful results in interest on the part of all concerned. His short courses were always well attended, and he infused a great deal of the social element into them that made them very popular with the young people of the rural districts. Last summer, after working up a wide and deep interest in the "Greater Production" campaign, and enlisting the aid of the school children, he had the Ministers of Agriculture and Education come to Brampton and inspect the school gardens. During the same week, he put on a "Baby Clinic," at the Presbyterian church, with the various women's organizations of the town assisting. A dental clinic and a medical clinic at Streetsville were also among the things accomplished for the county. It was through Mr. Stark's efforts that Miss McIntosh was appointed as woman demonstrator for the county. Besides the many and varied duties of his department, Mr. Stark undertook the secretaryship of the Peel County Milk Producers' Association and was very deeply interested in the work that was in progress of execution by the newly appointed secretary of the Y. M. C. A. The remains were taken to Chatham on Monday morning, a service being held at the home of Mrs. Sheppard, Chapel street, on Sunday evening, conducted by Rev. Malcolm McArthur, and the funeral took place Wednesday. The deepest sympathy is felt for the parents of Mr. Stark, and for his sisters, the whole county being deeply affected by the loss of one whose only interests were those of the men and the women whom he represented.—Conservator.

CALEDON COUNCIL.

Council Chamber, January 13, 1919.

The following members-elect having made and subscribed to the statutory declaration of qualification and office took their seats as Council for the year 1919, viz.: S. Kannawin, Reeve; T. Smith, Deputy-Reeve; John Kidd, W. J. Sutton and W. J. Wilson, Councillors.

The Reeve addressed the Council and requested their co-operation in the economical management of the finances of the township.

Minutes of last regular meeting read and adopted.

A communication from the Canadian Reconstruction Association appealing to all municipalities to provide employment by the resumption of public works was received and read.

Rev. A. C. McCallum and Mr. J. Vance appeared before Council and asked that a grant of $250 be made for the purpose of erecting a memorial in Mono Mills to commemorate the boys who laid down their lives on behalf of their country.

Mr. Wilson moved, seconded by Mr. Sutton, for leave to introduce a bill appointing auditors, also bills appointing assessors and collectors, Board of Health and fixing salaries of township officers for the year 1919. Leave granted, the several bills were introduced and read a first and second time and referred to a Committee of the Whole to fill in blanks, Mr. Smith in the chair. Committee rose and reported the bills with the blanks filled, when they were read a third time and passed: Auditors, S. Kearns, Jr., and C. Dodds; Assessors, E. H. Delaney and M. C. Hillock; Collectors, J. S. McDonald and S. Kearns, Sr.; Board of Health, S. Kannawin, Dr. J. T. Thomas and T. Nesbitt.

Moved by Mr. Kannawin, seconded by Mr. Sutton, that the time for returning the Collectors' Rolls be extended until Saturday, January 25th, 1919.—Carried.

Moved by Mr. Wilson, seconded by Mr. Kidd, that the sum of $10.00 be granted the Sick Children's Hospital.—Carried.

Moved by Mr. Sutton, seconded by Mr. Kannawin, that the following named members of Council be commissioners in their respective divisions: North, T. Smith; West, W. J. Wilson; South, J. Kidd; East, W. J. Sutton; Town Lines, S. Kannawin.—Carried.

Moved by Mr. Smith, seconded by Mr. Sutton, that the business of the Township for the year 1919 be done with the Union Bank, Caledon.—Carried.

Moved by Mr. Wilson, seconded by Mr. Kannawin, that R. H. Rayburn be appointed Sanitary Inspector for the year 1919.—Carried.

Moved by Mr. Kannawin, seconded by Mr. Smith, that the Clerk be authorized to subscribe for seven copies of the Municipal World for the members of Council, Clerk and Treasurer.—Carried.

Moved by Mr. Sutton, seconded by Mr. Kidd, that the following persons be appointed Sheep Valuators for the year 1919: North Division, A. C. Speers; West, R. Thomas; South, J. A. McBride; East, Jas. Warnock.—Carried.

Moved by Mr. Kannawin, seconded by Mr. Kidd that the Clerk be instructed to notify the Matron of Lord Dufferin Hospital that the Council will not be responsible for the maintenance of Mr. Speers, of Alton, who is a patient in the Hospital.—Carried.

Moved by Mr. Wilson, seconded by Mr. Sutton, that the contract for printing for the year 1919 be awarded to The Orangeville Banner for the sum of $140.00.—Carried.

Moved by Mr. Kannawin, seconded by Mr. Wilson, that F. Wrigglesworth be refunded the sum of $4.00 wrongfully assessed for bitch.—Carried.

Moved by Mr. Wilson, seconded by Mr. Sutton, that James Clark be appointed caretaker of the Township Hall for the year 1919 at a salary of $25.00.—Carried.

Council went into Committee with Mr. Smith in the chair and passed the following accounts, viz.:

T. McCandless, 1 sheep killed by dogs	$ 20.00
Lord Dufferin Hospital, maintenance of Miss L. Yokum	122.50

On motion Council adjourned.

L. H. WILLIS, Clerk. S. KANNAWIN, Reeve.

Dream Pictures

Suddenly, in the glow of the evening lamp, a presence appears—a great artist, with violin in hand; who at our bidding, draws from the strings a thrill of joy, a sob of grief, a sigh of love.

And under the enchanting witchery of music, we are transported back to the old-time rest and comfort of happier days.

Gradually the dream picture dissolves, the presence fades, and we behold the most marvelous of all musical instruments—

FROM SIBERIA.

Corporal E. Young Writes Interesting Letters to his Parents, Mr. and Mrs. Mungo Young.

Mr. and Mrs. Mungo Young, Owen Sound street, Shelburne, are in receipt of three letters from their son, Corporal E. Young, Canadian Army Service Corps, Canadian Siberian Expeditionary Force, extracts from which follow:

Japan Strait, Dec. 3.

I am going to get a few lines ready to start back home. We are about three hundred miles from the end. We just have to cross the Japan Sea. We have had not too bad a trip. I have stood it well. Only had a headache the first three days. Pretty nearly all the rest of the lads were sick, some for over a week. We had it pretty rough for four or five days. Once the water was coming right up on the top deck. We have had four horses die so far. I think the rest are going to go through all right. I don't know whether we will stop very long at the place we land or not. It is getting pretty cold up on deck now, so we must be going to have winter. A few of the lads have trench pets on them already, so I guess we are going to have company.

Siberia, Dec. 8.

A few lines to let you know I am well. This is Sunday, a bright sunny day and pretty cold. There is very little snow here yet—not enough for sleighing—but I guess there soon will be. There are more American troops here than Canadian. There is a Y. M. C. A., where we can get some apples and oranges and canned fruit if we want them, but it is pretty dear buying. The Siberian people, or most of them, can't tell anything we say, and we can't understand what they say, so you see we don't have much to do with them. Their money is a lot different to ours. You can have a whole roll of bills in your hand and still be worth just about a dollar. All our mail is censored now before it leaves.

Siberia, Dec. 17.

How is everyone back home? I am well and have had a pretty fair time so far. We have been issued with our whole outfit and it is sure a warm one. I have all kinds of warm clothes. The only thing that could be better is our mits. They are not very warm. But it has not been so very cold here yet—not much colder than you will be having back there—and next thing to no snow yet. We are expecting another boat from Canada some time soon, which will have some mail and things for us. We have had none yet, so we will be glad to get it when it gets here. I guess you will be getting ready for Christmas. I would like if I could be there for it, but may next year. Anyhow we are getting lots to eat where we are, so it could be lots worse. I have a little pup here about six or seven weeks old. I have a big time with him. If he is any good and I can manage to take him along I will take him to Canada when I go back.

What Everywoman Knows

Every year, dress fabrics are becoming sheerer and sheerer—the colors more dainty. The ordeal of trusting the delicate garments to "soap and water", however, is done away with by the use of Lux.

You may feel quite free to buy the daintiest blouse or underwear your purse can afford—without a bit of worry about the washing of them. You keep them fresh and new the Lux way—simply dipping them up and down in the creamy, copious Lux suds with never a bit of rubbing to injure them.

Lux won't hurt anything that pure water itself may touch.

MIGHT HAVE BEEN A BIG CONFLAGRATION

A couple of lads of about twelve years amused themselves on Sunday afternoon by setting fire to bits of paper on the street, using a piece of heavy convex glass and the bright rays of the sun. Tiring of this they directed the rays through a side window of Cooper's tailoring shop. They succeeded in setting paper on fire on the work bench and a piece of tweed which was cut out for a suit. This accomplished they left the fire burning. Fortunately persons passing noticed the smoke and flame and hurried to inform Mr. Cooper. When he reached the shop the place was full of smoke. The fire was quenched without difficulty. A few minutes more without detection and serious results would have followed the thoughtless pranks of the boys. Justice H. P. Moore gave them some fatherly counsel on Tuesday afternoon. —Acton Free Press.

ACUTE NERVOUS EXHAUSTION

All Treatments Proved Useless Until He Tried "FRUIT-A-TIVES".

MR. JAS. S. DELGATY.

R.R. No. 4. Gilbert Plains, Man.

"In the year 1910, I had *Nervous Prostration* in its worst form; was reduced in weight from 270 pounds to 115 pounds.

The doctors had no hope of my recovery, and every medicine I tried proved useless until *a friend induced me to take "Fruit-a-tives"*.

I began to mend almost at once; and after using this fruit medicine for 3 or 4 months, I was back to my normal state of health.

I never had such good health for twenty years as I have enjoyed the past six years. We are never without a box of 'Fruit-a-tives' in the house".

JAS. S. DELGATY.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

RELESSEY.

Mr. Lester Stinson and his sister, Effie, entertained a number of their friends and neighbors to a party at the former's fine dwelling one night recently.

The hostess met them at the door
And used them all so fine.
She counted the number forty-four
And said they could start any time
At Lester Stinson's party.

The floor was waxed for the fun
By Jimmie Jones and Laverty's son.
Now pick your partners and come along,
At Lester Stinson's party.

The dancing was done up neat,
For all the girls had nice, small feet,
And the music sounded clear and sweet,
At Lester Stinson's party.

Clinton McCutcheon was there in good time,
He came that night from the 2nd line,
His calling off was like a chime
At Lester Stinson's party.

Earl Lewis kept at good top speed
With his partner, Florence Holmes, on the lead,
A friend in need is a friend indeed,
At Lester Stinson's party.

Trueman Thompson was there just let loose,
By his side was sweet Miss Lewis;
They looked as if they were out for news
At Lester Stinson's party.

Next in line was Holly Donnell,
Who went to the barn and danced to a bell
And nobody knew till he started to yell
At Lester Stinson's party.

Lyttle Thompson was calling some that night,
In every figure it was hug her up tight.
Carman McKelvey took advantage with all his might
At Lester Stinson's party.

Clare McCutcheon got slightly mixed,
It was in the set of right and left six,
He said he would do better in the next
At Lester Stinson's party.

Lawrence Barber's calling was superfine,
His tongue to the music did keep time,
He rushed Miss Parker from the 7th line,
At Lester Stinson's party.

When Alvin arrived it was getting late,
He hunted the crowd to find a mate;
He found one at last and hurried to make a date,
At Lester Stinson's party.

Stanley Parker was at the shine,
He sported a partner from the sixth line,
And seated her for supper on right good time
At Lester Stinson's party.

We must not forget our jolly friend Joe,
Whose motto is to hoe your own row;
He with the teacher did run a show,
At Lester Stinson's party.

Ellis Stinson went to the kitchen
And sat on the couch to meditate,
A girl came along and he made a date,
At Lester Stinson's party.

This all took place on a Friday night,
The moon provided the best of light,
And at four o'clock all took their flight
From Lester Stinson's party.

EDWARD HARRIS.

We regret to announce the death of the late Edward Harris, which occurred at his residence, Belfountain, on Thursday, Jan. 23, in his 77th year. The deceased was born at Shropshire, England, on Dec. 21, 1842, and came to this country, settling in Chinguacousy 37 years ago. Three years later he came to Caledon, settling on the old Walker homestead where he resided 19 years. Seven years ago he retired from farming and moved to Belfountain, where he resided until his death. His bereaved widow, who survives him, was Miss Louisa Ellis, of the same place, where they were married on May 9th, 1871. Besides the widow there are five sons and two daughters, twelve grandchildren and one great grandchild. The sons are: George, of Welland; Thomas, of Lethbridge, Alta.; Edward, on the old homestead; William, of Caledon; Fred, of Toronto. The daughters are: Edith (Mrs. Thos. H. Smith), Hillsburg; Sarah Jane (Mrs. John A. Maude), of Everton. Deceased was ill for about six months before his death. The funeral took place on Saturday, Jan. 25th, to Melville church cemetery, after a short service in the church, conducted by Rev. Jas. Cross and Rev. (Capt.) D. Foster. In religion he was an adherent of the Baptist church, and in politics a Reformer. Among the floral offerings was a beautiful wreath from his nephew, Mr. Sidney Pickup, of Toronto. The sympathy of all goes out to the bereaved family in their sorrow.—Advocate.

PEEL MUTUAL.

Mr. Thos. McCartney, of Albion, is President for 1919; Treasurer David Kirkwood Resigns.

Peel Mutual Insurance Co. had a very good meeting of its policy holders at the Concert Hall, on Saturday afternoon, with Pres. H. A. Dolson in the chair.

The report of the directors was a very satisfactory one.

On the vote of the policy holders a claim of $3,200 will be paid Hugh Logan for the burning of his house. The policy had lapsed two weeks or so and the directors refused to pay unless the policy holders directed them to do so.

Thos. Bryans was elected a director from Toronto township, taking the place of Frank Jackson, resigned. James Laidlaw was elected from Chinguacousy to succeed President H. A. Dolson.

Messrs. Watson and Sinclair were re-appointed auditors.

The officers of the company for 1919 are: Pres., Thos. McCartney; Vice.-Pres., Moses Johnston; Directors: (Albion), Thos. McCartney; (Caledon), R. McGregor; (Chinguacousy), Alex. Armstrong and James Laidlaw; (Toronto Township), Moses Johnston and Thos. Bryans; (Toronto Gore), N. Harrison; (Halton), John Cunningham.

The following is the report of the directors:

To the Members of the Peel Mutual Fire Insurance Co.:

Gentlemen: For the first time since January, 1914, we meet without the sinister shadow of the great war upon us. Difficult as is the outlook before many of the warring nations and as perplexing as are the problems for which a solution has to be sought before a satisfactory peace can be concluded, hostilities have ceased and cannot be renewed on the same collossal scale.

We rejoice that the sacrifice of life has come to an end.

Therefore under these pleasing circumstances, it affords your directors great pleasure in submitting for your approval this the forty-second annual report of the company, giving in condensed form the business transacted by the board during the year 1918.

We have a favorable year to report in that the business of the Company has increased by $120,329.00, making a total insurance of $11,937,169.00. We have sixty-three more policies issued in this year than in 1917. We have now 4,421 policies in force. Notwithstanding the increase of everything since the great war commenced, we can report, too, that your directors have been able to keep the old rate in force, and in the face of abnormal fire losses have finished up this year's business with a small profit.

We have to report exceptionally heavy losses to outbuildings and in one case to a house through cause, reported as "causes unknown." In every such case we have asked the Fire Marshal's Department to investigate. Reports on such losses are filed in our secretary's office.

For a financial statement we would refer you to the Auditor's Report, or the statement which has been sent to you by the secretary.

Having received the resignation of Mr. David Kirkwood as treasurer of the Company, who has served you faithfully and well for nearly forty years, your Board have seen fit to unite the two offices and have appointed J. J. Stewart to the dual position.

In conclusion we would say that your Directors have endeavored during the past year to be equal to the responsibility placed upon them in the discharge of their duties to the policy holders and we feel that the great body of the members recognize the fact for which the Board is thankful.

We also tender the thanks of the Directorate to the Secretary and Treasurer and Agents for their untiring efforts and careful attention to business, believing that the one great essential to the success of a mutual company is that the Directors, Officials and Members work harmoniously to advance the best interests of their company.

All of which is respectfully submitted.

F. J. Jackson, John Gardhouse, H. A. Dolson.—Peel Banner.

THRIFT IS PATRIOTIC COMMON SENSE SAYS HON. T. W. M'GARRY

Hon. T. W. McGarry, Provincial Treasurer for the Province of Ontario, is a firm believer in the gospel of thrift and a strong supporter of the War Savings Stamp Campaign. In a recent statement he says:

"Years of progress and prosperity have tended—quite naturally—to make Canadians forgetful of the fine, homely virtue of Thrift which was so admirable a trait in the character of our Canadian pioneers. As a people we do not know what Thrift means, as it is understood in Great Britain and Europe—the small daily personal economies which enable a man not only to live within his income, whatever it may be; but to save something every year, and which in the aggregate makes a nation rich. France (prior to the war) is a striking example of a nation made rich by individual thrift.

"Today Canada is facing a big war debt incurred in defending our country from a ruthless foe. We have got to foot the bill in one way or another, and what easier or more profitable way than by saving our money and lending it at good interest to the Government in the form of War Savings Stamps? Thrift is patriotic common sense. Small investments in Government securities have been the foundation of many a fortune, and the War Savings Stamps system ought to garner an enormous harvest of small change from Canadians, old and young, rich and poor alike."

IMMIGRANTS REJECTED.

Of the total immigration to Canada for the fiscal year 1917, 75,374, only 174 were rejected. Nearly half of those rejected were Greeks and Italians, according to the annual report of the Department of the Interior on immigration.

HOMESTEADING FIGURES.

The number of homestead entries made yearly in Canada increased from 1,376 in 1874 to 44,479 in 1911, and decreased in the years following, on account of the war, to 11,299 in 1917, as shown by the latest report of the Department of Immigration.

Farms Wanted *for* Soldier Settlers

Powers are proposed to be granted at the approaching session of Parliament to The Soldier Settlement Board of Canada to purchase lands to be resold to qualified returned soldiers settling on land. In the case of undeveloped lands the Board will be granted powers of forced purchase at prices judicially determined.

To enable soldiers to locate in any district in Ontario that they wish, the Advisory Board for the Province of Ontario desire to have filed with them a full description and lowest cash prices on a small number of select farms in each district of the Province, available for purchase.

The public are hereby informed that this land is for returned soldiers, and no tenders to sell are requested except for land of good quality and location, and reasonable value, making possible the success of the soldier as a farmer. The purchase price in all cases will be fixed by the Board after the land has been inspected and valued.

The information received will be treated as confidential. No commission will be charged or paid. No offer to sell will be binding on the person offering unless a sale is effected, and no obligation will be on the Board to accept any offer.

If application from a returned soldier be received for a farm listed with the Board, a valuation for such farm may be at once made by the Board and, if approved, negotiations may be entered into for the purchase and sale thereof. An approved list is desired for each district of Ontario.

WHEN BABY IS CROSS.

Mothers, when your baby is cross—when he cries a great deal and no amount of attention or petting cheers him up—something is the matter. It is not the nature of the little ones to be cross and peevish—the well child is a happy child. Give him a dose of Baby's Own Tablets and he will soon be well again. They are a mild but thorough laxative; regulate the bowels and stomach; break up colds and simple fevers; in fact they cure all the minor ailments of the little ones. Concerning them Mrs. Alphonse Lachance, St. Appolline, Que., writes: "My baby cried continually but Baby's Own Tablets soon set her right and now she is fat and happy." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BROADWAY ORANGEVILLE

THE METHODIST CHURCH.

Taking for his subject Nehemiah rebuilding the walls of Jerusalem, with his loyal helpers, sword on thigh and trowel in hand, defying their enemies on one hand and refusing to be discouraged with the task they have in hand, Rev. E. R. Young said that he did not know of a more encouraging picture for Christian workers today. Knowing that God willed it and that they had the commands of their king, the brave men of old "strengthened their hands" and went at their work and did it. Today we know as well as any of our fathers that God wills the making of the souls of men beautiful and pure, brave and strong, ready to do the deeds of righteousness on earth and fit to have fellowship with God, children worthy of their heavenly Father.

There are only three ways of strengthening our hands, said Mr. Young, that I know of—Prayer, study of God's word and "everlasting teamwork," as Kipling calls it. In his essay on "Milton," Hazlitt has this illuminative passage:. "Milton seized the pen with a hand just warm from the touch of the ark." That was what fired Milton's imagination, elevated his genius and sanctified him.

The choir still continues to grow. Besides two splendid anthems last Sunday Mr. Falconer sang a solo in the morning and Mr. Sloan sang "The Plains of Peace" in the evening.

Evangelist Thomas B. Coombs will begin his work, D. V., next Sunday, and he will hold meetings in the church every night during the week except Saturday. A song service Sunday evening will begin at 6.40 p.m., week nights at 7.45 p.m. Mr. Coombs will conduct a series of home circle prayer meetings which are open to the public. Kindly secure a programme and attend as many as you possibly can. When Christ is enthroned in the home, He finds a place of power and blessing in the Church and in the community. "Come thou, and all thy house, into the ark."

Be sure to attend the Union Conferences on Wednesday and Thursday nights.

Sergt. J. B. Hayes, of Oshawa, gave an interesting talk on his experiences as a soldier at the front, at the Epworth League Monday night.

The "Win-One Bible Class" held a very successful "At home" at the home of Mrs. K. Pattullo last Friday evening.

DEATH OF JOHN CLARK.

Mr. John Clark, a former well-known resident of Alton and Caledon, passed away at the home of his son-in-law, Mr. J. B. Graham, 156 Wentworth street, south, Hamilton, about midnight on Tuesday night. Deceased was a brother of Mr. Edward Clark of this town. The funeral will be held from the home of his nephew, Mr. Robert Clark, of Alton, to Alton cemetery. The date had not been fixed at time of going to press, but it will probably be Friday.

HELLO, NEIGHBOR!

WHERE DO YOU BUY YOUR BREAD & BUNS?

Buy my Bread and Buns, did you say? Why, always at WISE'S, and now the Food Board allows the making of Doughnuts and Pastry, too, we get them at WISE'S. They just fairly melt in your mouth. And be sure and go there for your Christmas Fruits and Nuts and whatever you do, try their Home-made Taffy. It is simply delicious.

FOR CHOCOLATES IN BULK

And in lovely Fancy Boxes for Christmas Gifts, you will get no better anywhere. Metcalfe's Chocolates, you know, are really superfine; for variety and quality their make, "CANADA'S BEST," cannot be excelled. Indeed they could have no better name.

HAVE YOU A HUSBAND

child or friend, who is suffering from eczema, or other skin disease, or an obstinate sore that has defied medical treatment? If so, that is a case for Zam-Buk.

Mrs. B. Ellis, of Castleton, Ont. writes: "My husband suffered intensely with a running sore on his foot. The sore penetrated to the bone, and the inflammation was so bad that he could not sleep at nights. After spending a lot of money and trying every remedy we heard of, with no result, I read of a cure which Zam-Buk had effected in a similar case, and got a box. Within two hours after the first application the pain was eased; and with perseverance the inflammation was drawn out, the swelling reduced, and before long the sore was entirely healed."

Zam-Buk also cures ulcers, abscesses, eczema, poisoned wounds, pimples, cold sores, chapped hands and chilblains.

Wellington county council at its recent sitting decided to expend $25,000 on County Road No. 13, which commences at the boundary line of Puslinch township and Wentworth county, and runs through Guelph, Fergus, Mt. Forest and north, which is assumed as a County Provincial Highway. $5,000 is for construction and the balance for repairs.

Perfectly Clean!

That's the feeling you have about everything washed with Lifebuoy, especially stockings, underwear, nightgowns, sheets, blankets, and everything that touches the skin. The rich velvety lather of Lifebuoy has wonderful cleansing power, but more important, the antiseptic qualities in

LIFEBUOY HEALTH SOAP

prevents germs, disease-microbes, (and they are present everywhere), and perfect cleanliness results.

The carbolic odour in Lifebuoy is a sign of its protective qualities—vanishing quickly after use.

SHOOTING DEER IN EX-KAISER'S PARK

Another Interesting Letter from Pte. Wilfrid McGuire, M. M., Who is With the Canadians in Germany.

The following letter was received this week by Ross V. McGuire, of The Banner, from his brother, Pte. Wilfrid McGuire, and tells of the march to the Rhine:

Neuakirchen, Germany,
December 1, 1918.

Dear Brother,—

Am trying to finish the old year right by writing a few letters, but do not look for a big letter this time. Since writing you from Mons there have been many changes in our billets. We have marched from Mons, across the Rhine, quite a long hike. From the day we commenced the offensive on August 15th, until the day we reached our destination, the Rhine, we marched, fought or walked a distance of more than 200 miles, as the crow flies. The hardest portion of it all, except for the fighting, was after leaving Namur, for from there on there was nothing but hills and more hills, seemingly all up grade, until the highest point in Belgium was reached. Then day by day it gradually got less steep and longer stretches of level country, like the foothills straightening out into the plains. The scenery was beautiful but we couldn't half appreciate it, marching under heavy marching order, that is, all our belongings on our back.

On December 6 we crossed the Belgian frontier into Germany, where the inhabitants received us with a sort of stilen quiescence, for they doubtless felt humiliated in their armies being defeated. Day by day we advanced into the Valley of the Rhine, indeed a beautiful country, and here the people were really friendly, or tried to be, for they were so glad the war is finished. For my part, though, I cannot accept the proffered friendship. Besides I can not trust the German people in the least, for I seem to see, beneath that smiling, friendly exterior, the deceitful, spying Hun, a people ne'er to be trusted. We, or most of us, accept this surface friendship just at its face value.

On December 13 we "crossed the Rhine," in a heavy downpour of rain, but this didn't prevent the commander of the Canadians from inspecting the units as they crossed the big bridge at Bonn. Since then we have been stationed at Seigburg, a town of about 50,000 inhabitants. We were quartered in a large munition plant, steam heated, hot water, etc. We were there for Christmas—and such a Christmas I never hope to put in again. When everything should have been tip-top, owing to rations being the only things sent up, the A. S. C. fell down on their job, with the result that the battalion sat down to tea and music for dinner. (That is a fact, nothing more.) Other battalions had a decent dinner, for when they learned there would be no turkey or big feed, their officers went out and purchased pork or fowl for the whole unit; our officers bought pork for themselves only. The men are sure sore and will never forget Christmas 1918. It was the most dissatisfying day I ever experienced. At night though, things were a little better, for the headquarter batmen had a spread, mostly from boxes they had received, combined with their rations. The officers even tried to stop them having this good time, but nevertheless they allowed it at last. The feed was a good one and after it we had a sing song, until the wee sma' hours of the morning.

Two days ago we moved from Siegburg to the above mentioned village, twelve kilometres distant. This is the farthest town inland for troops, and from here the outposts are posted to prevent a possible bit of trouble on the part of the enemy. Their outposts are about six kilometres from ours, the intervening territory being "no man's land" where deer abound in fairly good numbers. Each day quite a number go out with their rifles, with the result that venison is being dished up in the battalion. A few fairly good sized ones have been brought in.

Of course we have nothing definite about when we go home, but expect it will be early in the spring, perhaps by March. Think the authorities will arrange for a quick return as the men do not relish the idea of staying here much longer. Part of the first division expects to move back in a few days towards the coast and we (2nd Div.) move soon after. On arrival at the base we expect two weeks leave to England, back to the unit, and then home, but the date for all this is uncertain. It can't come too soon to suit me.

At the annual meeting of St. Andrew's church, Fergus, the financial statement showed that last year $5,400 had been contributed for all purposes, and that there was a surplus of $52 left after all indebtedness was paid off. The minister, Rev. J. A. Brown, had his salary increased from $1200 to $1400. Wm. J. Foote resigned the position of treasurer, and will be presented with a tea service of silver in recognition of his services, and hereafter the treasurer will receive $60 per annum.

MRS. JOHN MATTHEWS.

Old Resident of Acton Passed Away in Toronto; An Aunt of J. A. Matthews, of Orangeville.

In the passing away of Jane Brown, widow of the late John Matthews, at her home, 66 Fermanagh Ave., Toronto, one of the first-born residents of this vicinity was called home. Mrs. Matthews was the daughter of the late Alexander Brown, J. P., and her birthplace was the homestead of that prominent pioneer, the property now owned and occupied by Mr. Ninan Lindsay on the Acton crossroad. She was born nearly 85 years ago and lived there until her marriage with her late husband sixty-two years ago. Her father was not only a pioneer, and a leader in the community but was one of the founders of the Methodist church in Acton. Of sturdy United Empire Loyalist stock he took a keen interest in the welfare of this young community. He was a power in the church and for 18 years was superintendent of the Sunday School.

Mrs. Matthews often spoke of the experiences of the early years; of the visits of the early preachers, of the building of the new church, bringing the wood and candles and heating and lighting of the church for the services. Of the early camp meetings in the beautiful grove opposite the residence of the late Alex. Mann, when such noted preachers as Dr. Egerton Ryerson, Dr. Alexander Sutherland, Rolland Hyland, and others of the early divines preached eloquent and impassioned sermons at these services in the leafy temple. Reared as she was in a godly home where Christian influence and fellowship prevailed, it is no wonder that Mrs. Matthews was one of the first fruits of the church here. Seventy years ago she became a member. Her life was beautiful in its simplicity, sincerity, gentleness, goodness and her intense love for the church of Christ.

Her pastor, Rev. G. C. Balfour, Toronto, paid her a high tribute in his address at the memorial service in the Methodist church here on Friday afternoon. He said: "She loved her Saviour; she loved her church, oh how she loved it; she loved her church paper. The love of Christ lived in her life; she had a real experience."

Her husband, who was also a pioneer of Acton, having come here with his parents from Wellington county in 1845, predeceased her about eight years. Four children survive, all residing in Toronto; Alexander, Mrs. Wm. Brown, Mrs. J. M. Fernley and Miss Maggie at home. Their affection for each other caused them to settle near together. Miss Maggie devoted her life to the constant loving care of her parents and they both appreciated this most fully. For many years they resided in Acton, but about twelve years ago removed to Toronto.

At the funeral on Friday a numbers of their friends gathered to pay their respects to the memory of one whom they esteemed most highly. The funeral service was conducted by Rev. G. C. Balfour, Toronto, and Rev. I. M. Moyer, pastor of the church.

It was a coincidence that the death of Mrs. Matthews occurred on the eighty-first birthday of her sister, Mrs. Nancy Somerville, who resides here, but owing to the infirmities of age was unable to attend the memorial service.—Acton Free Press.

Deceased was an aunt of Mr. Jas. A. Matthews, of Orangeville, who attended the funeral in Acton.

DISTRICT NEWS NOTES.

East Luther Telephone Co. expects to clear off its floating debt this year. Receipts last year were $3,444.50, of which $1,986.01 came from service and $1,543.33 from tolls.

The cost to the county of Wellington of maintaining each person in the house of industry and refuge at Fergus during the year, including the superintendent's family and hired help, was $1.61 7-10 per week, or $84.08 per annum, and with four per cent. interest on capital account added, the weekly cost was $2.15 9-10.

Robert Campbell, while handling some staging in the hold of the steamer G. A. Richardson at Midland fell about twelve feet. He was unconscious for some time from the shock, two ribs on his right side being broken. Drs. McGill and Tanner were called and took him to St. Andrew's hospital, where he is progressing favorably.

Although Flight-Lieut. Jno. Woods, son of Mr. and Mrs. R. J. Woods, of Corbetton, has not yet been released from service he has received permission from the R. A. F. authorities to take civilian work, awaiting his expected discharge. He has secured a position in the office of the Banwell Wire Fence Co., Sarnia, and went to that place recently.

Everett Cross, whose auto ran down and killed J. S. Colborne on the square in Goderich on December 23, was before Magistrate Reed a week ago Wednesday. No evidence was taken but by consent of all parties concerned, Cross was sent up for trial on a charge of manslaughter. The case will come up at the assizes on February 18. Bail was accepted at $4,000.

"The wise old groundhog, so quick and wary, came out on the second of February; he looked around him all ready to run, for high in the heavens he saw the bright sun; then rung off his telephone under the larch, saying: "Don't call me up till the middle of March."

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces.

It will be a few weeks before Mr. Cook will be around again.

An old landmark was removed when the verandah in front of W. B. Gardner & Son's store in Bolton was taken down. This store building is perhaps the oldest in Bolton. It was erected a great many years ago, nearly seventy, by two brothers named John and Thos. Callahan. Their money running out they went to the States to earn more, and it was 12 years before they were able to return and finish the building by putting on the roof. When finished the door sill of the store was two or three steps higher than the level of the street, but it is now about the same height.

IT SPEAKS FOR ITSELF.

Bolton, Ont., July 1, 1918.

Mr. A. M. McGill,
114 Adelaide Street, W., Toronto.

Dear Sir,—I take pleasure in recommending your Autopower to any farmer, as I have proven it to be a good, reliable, economical, handy power. I have filled my silo, 301 1-2x12, in seven hours, running a Gilson blower. I may say that I purchased a new 12 h.p. gasoline engine from a prominent manufacturer, but it is not in it with the Autopower. I also run my own wood saw, pump and fanning mill.

Yours truly,
WM. F. CALDWELL, R. R. No. 3

P. S.—May say we have some 8 or 10 of these powers working here.

THE BANNER

ORANGEVILLE, FEB. 20, 1919.

LT. M'PHERSON HOME.

Mr. and Mrs. D. Macpherson went to Toronto on Saturday to meet their son Lieut. Donald S. Macpherson, who reached the city on a hospital train late Saturday night. The party reached Orangeville on Monday morning, when the returned hero was given a stirring welcome by the High School students, who had marched to the depot in a body, and a large gathering of citizens. Lieut. Macpherson is looking well and has almost recovered from the effects of the severe wounds he received while serving with the 23rd Battery at Amiens on August 8th, 1918. A shell burst near him causing numerous wounds on his face and body. He still has a slight limp from an injury to the thigh and the sight of the left eye has been twisted and injured, perhaps permanently. Lieut. Macpherson wears the Military Medal, having won that coveted distinction by bravery on the field. Four brothers of the Macpherson family enlisted early in the war. Capt. John Ross Macpherson, D. S. O., the eldest, sacrificed his life in the great cause. Lieut. Douglas Macpherson, M. C., and Lieut. Donald Macpherson, M. M., were both wounded in action. The other and youngest brother of the four, Lieut. Ewart Macpherson, was held in England to act as an instructor in the Air Force. The record of the Macpherson family is surely one that citizens of Orangeville should pride in.

ALTON.

On Thursday night about two hundred men and boys sat down to the "Father and Son" banquet held in the town hall under the auspices of the Methodist and Presbyterian churches of Alton. The ladies of the village kindly assisted at the banquet. The hall had been tastefully decorated and the tables were beautifully arranged. The toast to the king was proposed by Rev. T. R. White. Mr. E. D. Barbour proposed the toast to "Our Fathers," to which Rev. T. R. White replied. Mr. J. M. Dods proposed the toast to "Our Sons" and Mr J. B. Smith and Rev. W. N. Carr responded. Mr. V. N. McCollum proposed the toast to "Our Soldiers" and replies were made by Pte. Samuel Willoughby and Mr. Jas. Barber. "To Our Country" was proposed by Mr. Wm. Dorrington and responded to by Mr. Wm. Ward. "The Village Interests" were toasted by Mr. Amos Mason and response made by Mr. Harry Armburst, and the latter proposed the toast to "The Ladies." Master George Mason contributed an interesting impersonation sketch of Charlie Chaplin, and Mr. Amos Mason two delightful cornet solos, accompanied by Miss Blackwell.

The "Beavers" under the leadership of Mr. Harvey Griffin, principal of the Public school, their mentor and Sunday School teacher, gave several interesting choruses and exhibitions of physical drill.

Rev. T. R. White, accompanied by Mr. Hugh A. Duke, of Orangeville, and Mr. Thomas Bullock, of Mono Mills, organized a Royal Black Preceptory on Wednesday night at Mansfield, with twenty members, all of whom took the Red Cross Degree.

THIS IS AN AGE OF WEAK NERVES

Men and Women Alike Suffer from This Serious Ailment.

"No heart for anything" is the cry of thousands of men and women who might be made well and strong by the new, rich red blood Dr. Williams' Pink Pills actually make.

Misery day and night is the lot of hosts of men and women who are today the victims of weak nerves. Thin, pale, drawn faces and dejected attitude tell a sad tale, for nervous weakness means being tortured by morbid thoughts and unaccountable fits of depression. These sufferers are painfully sensitive and easily agitated by some chance remark. Sleeplessness robs them of energy and strength; their eyes are sunken and their limbs tremble; appetite is poor and memory often fails. This nervous exhaustion is one of the most serious evils affecting men and women of today. The only way to bring back sound, vigorous health is to feed the starved nerves, which are clamoring for new, rich blood. This new blood can be had through the use of Dr. Williams' Pink Pills which fact accounts for the thousands of cures of nervous diseases brought about by this powerful blobd builder and nerve restorer. Through a fair use of this medicine thousands of despondent people have been made bright, active and strong. Among these is Miss Bibiane Chiasson, South Beach, Que., who says: "I am a teacher by profession, and probably due to the close confinement and arduous nature of my duties I became much run down and suffered from extreme nervousness. The least noise would startle me, and my heart would beat violently. Indeed my condition was an unhappy one. I had often heard of Dr. Williams' Pink Pills as a cure for nervous troubles and decided to give them a fair trial. I am happy to say that this medicine completely restored my health, and I can confidently recommend it to all suffering from nervous troubles."

Dr. Williams' Pink Pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

PTE. POWER RETURNS.

Pte. Geo. Power and Mrs. Power arrived in town Saturday evening and are spending a few days with the former's mother, Mrs. Robert Crisp, Sr. Pte. Power, who only reached Canada from overseas about two weeks ago, is a former Orangeville boy, but has lived in Vancouver for the last 13 years. He enlisted in the 47th Batt. early in 1915, went overseas in November of the same year and to France in March 1916. He was gassed in battle on July 26th, 1917, but returned to the front, where he remained until Oct. 2nd, 1918, when he was invalided to England suffering from neurasthenia. Pte. Powers was proof against German gas and shrapnel, but succumbed to the charms of an English girl and has brought home a young bride who is now enjoying her first experiences of Canada. Her husband laughingly describes his winsome wife as "one of the Motherland's gifts to Canada." Pte. and Mrs. Power expect to leave for their Western home next week.

UNITED CONFERENCES.

Excellent Meetings in the Methodist Church in Interest of Forward Movement.

The first series of United Conferences to be held in this town between the members of the Methodist and Presbyterian churches took place in the Methodist church last Wednesday and Thursday and they were a great success.

On the first evening Rev. E. R. Young, pastor of the Methodist church, presided. Mr. Cumage sang both at this service and the one on the following evening and his solos were greatly appreciated.

The first speaker of the evening was Rev. Dr. Mackay, the senior secretary of Foreign Missions of the Presbyterian church. He spoke on "Personal Responsibility." Most eloquently and earnestly he pled with the people to remember their duty in these days of testing. The very presence of such a man as Dr. Mackay is a benediction and he ought always to be greeted with full houses when he speaks.

The second address was by Rev. W. E. Millson, the newly appointed field secretary of the Department of Evangelism and Social Service, in the Methodist Church. He spoke on the "Kingdom in the Midst," and told his hearers how they might establish Christ's kingdom in the midst of home and social and political life. It was a very practical address. Mr. Millson has known the ways of the working man, for he has toiled long at his side and even since he has been a minister he has spent many of his holidays as a worker in factories and shops.

A fair audience greeted the speakers on Thursday afternoon when Rev. Dr. McTavish, the eloquent and scholarly pastor of the Grosvenor street Presbyterian church, Toronto, spoke on "The yielded life," and Mr. Millson followed with a practical exhortation urging the people to the consecration so eloquently set forth by Dr. McTavish.

On Thursday evening there was another large audience present. The Rev. Mr. Millson spoke on "The Sin of Waste." He gave many instances where we in Canada were today regretting the wasteful methods of our fathers. But, said the speaker, the greatest waste today is in the lives of men. By sin, ignorance and indifference we are wilfully wasting our precious time, our powers of service for God and man. When our forest sare destroyed and our land is impoverished we wake up, for starvation stares us in the face. Let us take heed that we do not wake up and find ourselves brought to task before God for wasted lives.

Dr. McTavish gave another eloquent and scholarly address. His subject on Thursday evening was "A Typical Revival." He pictured the apostles going throughout Judea and Samaria preaching and the earnest awakening that was evident everywhere. Dr. McTavish said that if people were not alive to sinfulness and the spiritual needs of soul and life today after the revelations of the war he did not know what would waken men out of their spiritual torpor and indifference. The tremendous sweep of the plague that has touched almost every home in the land and dealt fatally with thousands, ought to make men think and realise that this life was but a short and uncertain existence. It was too short to be lived flippantly. We should think and think deeply and turn to the one great helper of the souls of men—the Saviour, preached about by the apostles and accepted so readily by the awakened hearers of their day.

On Thursday evening Rev. W. M. Morris, pastor of the Presbyterian church, presided and gave an earnest address, pleading with the people present to remember the earnest words of the eloquent visitors who had come so kindly and freely to speak to us and to profit by their words. He believed the excellent spirit manifested at all of the services augured well for future blessing.

MRS. S. A. PERRY.

The death of Mrs. S. A. Perry, an old and highly respected resident of Orangeville and vicinity, occurred in Lord Dufferin hospital on Saturday last at the ripe age of 76 years. Mrs. Perry had been in failing health for the last year and her demise was not unexpected. She is survived by two sisters, Mrs. Shannon, of Vancouver and Mrs. G. R. Monkman, of Los Angeles, Cal. Mr. R. B. Henry, of this town, is the only brother. An only son, Mr. R. H. Perry, is in British Columbia and was of course unable to get home for the funeral. Deceased was a daughter of the late Robert Henry, of Caledon, and was born in that township. The funeral was held from her brother's residence to the Forest Lawn cemetery on Monday afternoon. Deceased was a staunch member of the Presbyterian church and Rev. W. M. Morris, the family pastor, conducted the funeral service.

MRS. T. W. RODUCK.

Most unexpected was the death of Mrs. Roduck, wife of Mr Thos. W. Roduck, a well-known West Caledon farmer. The sad event took place in Fergus on Friday at the home of a friend, Mrs. Brown. The family had just finished tea in the evening and Mrs. Roduck was sitting in an arm chair when she expired suddenly and almost without any warning to the other inmates of the room. Deceased, who was 53 years of age, was an industrious woman and an excellent wife and neighbor. The sad news of her sudden taking off created a feeling of the deepest gloom in her home neighborhood. She is survived by her husband, one son, Smith, and an adopted daughter, who have the sympathy of the community in their sudden bereavement. The funeral was held to Orton cemetery on Tuesday afternoon.

THE LATE JOHN CLARK.

As noted in last week's Banner the death of Mr. John Clark, formerly a well-known resident of this district, occurred at the home of his son-in-law, Mr. J. B. Graham, 156 Wentworth street, south, Hamilton, late on Tuesday night, February 11th. Deceased, who was in his 90th year, was a son of the late Mr. and Mrs. Wm. Clark, pioneer settlers in Caledon, and was born on lot 16, Centre Road, in that township. The subject of our sketch ran a farm and sawmill on the 4th line, west, Caledon, near the village of Alton, for a number of years when a young man. He afterwards moved to Powassan, where he followed lumbering and farming for twenty years. About twenty years ago he disposed of his Powassan interests and moved back to Alton, where he lived retired until about three years ago. He was twice married and his second wife died in Kingston, Mich., about two years ago. Since her death Mr. Clark has made his home with his daughter in Hamilton. Deceased was a fine type of citizen and an excellent neighbor. He was a staunch member of the Presbyterian church and had filled the office of elder for many years. He is survived by three sons and three daughters, namely, Wm. J. Clark, Powassan; Rev. J. Knox Clark, Arden, Man.; Luther Clark, C. N. R. agent at North Battleford; Mrs. Graham, of Hamilton; Mrs. (Dr.) Ray, of Saranac, Mich., and Mrs. Neil Campbell, of Toronto. Mr. Edward Clark, Orangeville, is a brother and Mrs. Johnston Unger, South River, is the only surviving sister. The remains were brought to Alton for burial, the funeral taking place from the home of his nephew, Mr. Robert Clark, to Alton cemetery on Friday afternoon. Rev. W. N. Carr conducted the services and was assisted by Rev. T. R. White. The pallbearers were Messrs. E. C. Clark, J. M. Dods, Bert McClellan, Wm. McClellan, Geo. Kennedy (Detroit) and Jas. B. Hartsell, Kingston, Mich.

ANNUAL POULTRY SHOW.

Dufferin County Poultry and Pet Stock Association Hold Most Successful Exhibition.

The Fifth Annual Poultry Show under the auspices of the Dufferin County Poultry and Pet Stock Association was held in the Town Hall on Wednesday and Thursday of last week. The show was, possibly, the most successful yet held, the average quality of the birds on exhibition being much superior to that shown at previous exhibitions. Some 400 birds, representing the most popular varieties of utility and fancy poultry, were on exhibition. The utility classes, especially the Barred Rocks, were of exceptional excellence and very large classes in all sections faced the judge.

A special feature of the exhibition is that it affords farmers and others an opportunity to purchase new birds for their flocks. Exhibitors report excellent demand and many birds changed ownership.

The principal exhibitors from outside points were: Messrs. Bartlett & Thompson, Brampton; Jos. Foster and C. R. Fendley, Brampton; A. Bremner, Bolton; J. C. Evans, Guelph; A. G. H. Luxton, Mt. Forest. Mr. Luxton was the most extensive exhibitor, having a strong exhibit in nearly all sections of the list, making a special exhibit in rabbits and pet stock.

Among the local exhibitors were: Messrs. Campbell, Annis, Cook, Lewis, Young, Hughes and Armstrong. The exhibit of Barred Rocks, both exhibition and bred-to-lay, by J. R. Hughes, was particularly creditable.

J. W. Clark, of Cainsville, was judge of the show and gave general satisfaction.

The show was carried on under the direction of H. A. Dorrance, Secretary-Treasurer, with J. R. Hughes as Superintendent. The officers and directors are to be congratulated on the success of the show and they are deeply grateful to all who have assisted in making the Association what it is and they fell that, with the continued assistance, Orangeville will be known as one of the leading poultry shows. A very marked good is being done by the society in the improvement of poultry stock throughout the surrounding district.

The following is a list of the awards:

BROADWAY, ORANGEVILLE.

KEARNS-PERRY.

On Wednesday, Feb. 12th, a very pretty wedding was celebrated at the home of Mr. and Mrs. John Perry, 4th line, Chinguacousy, when their daughter, Mary Jane, was united in wedlock to Simon Kearns, second son of Mr. and Mrs. Simon Kearns, of Caledon. The nuptial knot was tied by Rev. G. Burry, of Caledon East, in the presence of the immediate relatives of the bride and bridegroom. To the strains of the wedding march, the bride was escorted to the parlor by her father, and beneath an arch of evergreens and flowers the solemn ceremony was performed. The bride was attired in a dress of pearl grey and Mrs. T. Henderson, of Orangeville, acted as matron of honor. After the ceremony all sat down to a sumptuous repast which was provided by the host and hostess. Mr. and Mrs. Kearns left on the evening train for Toronto amid showers of rice and confetti and all good wishes for their future happiness from their numerous friends. The bride travelled in a suit of dark grey tweed with satin hat to match and wearing a set of furs, the gift of the bridegroom. On their return from their honeymoon they were honored by a surprise visit from the members of Caesar's church, who presented them with a miscellaneous shower.

VINOL REMOVES THE CAUSE OF CHRONIC COUGHS

A Constitutional Remedy That We Guarantee

Lagrange, N. C.—"For years I suffered with a chronic cough, so I could not sleep nights and continued to lose flesh. My druggist asked me to try Vinol. It cured my cough, I can sleep nights and have gained twelve pounds. Vinol is the best tonic and tissue builder I have ever taken."—W. D. Ren, Lagrange, N. C.

We guarantee Vinol for chronic coughs, colds and bronchitis. Not a patent medicine. Formula on every bottle. Your money back if it fails.

C. V. Jeffers, Druggist.

The weather of the past month or two has not been the best for making ice, although splendid for almost everything else. However there is now 16 inches on Green Lake which makes very convenient handling.

We are very sorry to have to chronicle the death of Mr. Seth Pattullo, which occurred at his home, lot 20, 1st line, west, on Friday last. Mr. Pattullo was a man of sterling qualities, honest in business, upright in all his dealings and a splendid neighbor. He leaves one daughter, Jean, and two sons, Graham and Douglas, who have the sympathy of the entire community in their sad bereavement. Mrs. Pattullo predeceased her husband by ten years. The funeral to Orangeville on Sunday was largely attended.

CALEDON.

Pte. R. S. Wellwood and Pte. Ross Elliott, two of Caledon's soldier heroes, arrived home on Tuesday, one in the morning and the other at night. A large crowd and fife and drum band met them at the depot, whence they were escorted to the Town Hall where they were given a more formal welcome home. Rev. J. Burkholder, chairman of the local reception committee, presented each of the men with a handsome 14k gold medal suitably inscribed. The soldier lads made modest responses. Pte. Wellwood, who is accompanied by his wife and child, will spend a few days with his parents on the 5th line, Caledon, before proceeding to his home near Edmonton. Pte. Elliott, who made his home with Mr. and Mrs. W. J. Warnock for a number of years, will return to his old position with Swifts, Toronto.

The ice harvest is in full swing here now.

WEST MONO PARISH.

A memorial service in honor of the late Frances Allen will be held in St. Luke's church next Sunday, the 23rd inst., at 3 p. m. A service will also be held in Herald Angel church at 7 p.m.

Schoolmaster: "Now, Lindsay Velasquez Brown, you will take your exercise book and write 5,000 times, 'We must not waste paper.'"

DAUGHTERS OF THE EMPIRE

REPORTS COVERING ACTIVITIES OF LORD DUFFERIN CHAPTER DURING PAST YEAR.

Officers of Lord Dufferin Chapter of the I. O. D. E. for 1919 are as follows: Honorary Regent, Mrs. C. R. McKeown; Regent, Mrs. W. E. Irvine; 1st Vice-Regent, Mrs. J. E. Smith; 2nd Vice-Regent, Miss A. Clark; Rec.-Sec., Mrs. (Dr.) Macleod; Cor.-Sec., Mrs. H. Watt; Standard Bearer, Miss D. Hulse; Echo Sec., Mrs. D. A. Hogg; Red Cross Treas., Mrs. (Judge) Fisher; Red Cross Envelope Sec., Mrs. A. Connell; Council, Mrs. J. H. Hulse, Mrs. W. C. McMillan, Mrs. Kearns, Sr., Mrs. W. G. Kearns, Mrs. J. Z. Henry, Mrs. J. L. Island, Mrs. A. S. Walker, Mrs. (Rev.) Morris, Miss A. Norris, Miss G. Irvine, Mrs. J. M. Deagle.

Secretary's Report.

Secretary's report of Lord Dufferin Chapter for 1918:

Number of regular meetings, 10; number of executive meetings, 14; number of official executive meetings, 2. One entertainment was held during the year, proceeds in aid of the Prisoners of War. The average attendance during the year at regular meetings was 20. The number of members on the roll is 52. Two members died during the year.

E. M. Deagle, Rec.-Sec.

Financial Yearly Statement

Financial yearly statement of Lord Dufferin Hospital:

Cash taken in from patients, nursing, grants and donations, $6852.59; paid out for salaries and supplies, $6838.30; building fund cash put into Victory Bonds, $1500.

Just to mention a few of the necessaries bought during the past year will give some idea of the asset the institution is to our town: Milk, $282.02; meat, $320.36; laundry, $508; drugs, $400.60; general groceries, $880.20; room rent, $154; flour and meal, $100; coal, $368; butter and eggs, $564.56; ice, $17; electric light, $65; bedding and linens, $506; general repairs, $223.60; printing and advertising, $60; insurance, $43.25; brooms and brushes, $75; tea, $52.75; telephone, $25.70. The ladies in charge feel that the hospital deserves every support in a financial way and they appreciate the better feeling and increase of confidence shown by the large grants that have been made. Their aim for the very near future is a much larger hospital with better facilities for the comfort of both patients and nurses. Each and all of those who received treatment during the influenza epidemic can vouch for the need of extension and already more than one of them included a donation towards the enlargement when paying their bills. Appreciation from patients in that way encourages us to keep the doors open as long as possible. Donations received at any time with thanks.

Florence Hopkins, Sec.

Report of Red Cross Work and Field Comforts, 1918.

To the Regent, Lord Dufferin Chapter, Daughters of the Empire,

In making this, the third annual report of the Red Cross work and field comforts of our society in the town of Orangeville, I wish to congratulate the society in that during the years of war there was no lagging, no shirking in the work that was from month to month imposed upon the ladies and no war weariness that might reasonably be expected as the result of a struggle so long drawn out.

Since the last report made March 1, 1918, various schemes have been adopted for the purpose of raising money and as the work progressed we have always been able to find the necessary finances. Our work was somewhat interfered with by the fact that our rooms were occupied for about two months for Victory Loan purposes and this having to a certain extent disorganized our society, it was with difficulty that we again got into running order. As the war has now been brought to a victorious conclusion and peace negotiations are being considered, our work in the future will require us to contribute greatly to the Belgian and French relief, and in this connection no small work is yet to be done.

We have during the past eleven months done a great deal of useful work, of which the following is a synopsis:

A number of boxes have been shipped containing the following articles: 800 pairs of socks; 144 handkerchiefs; 125 candles; 24 kit bags; 6 many-tailed bandages; 99 sheets; 116 pillow slips; 85 towels; 2 odd pyjama coats; 24 personal property bags; 18 pair bed socks; 20 wash cloths 1 pair odd trousers; 20 stretcher caps; 58 hospital shirts; 12 trench shirts; 3 quilts; 5 hot water bottle covers; 1 autograph quilt (sent to the I. O. D. E. hospital, London, England); a total of 1099 articles, valued at $1,246.80.

In addition to the above, the following donations have been gratefully received and forwarded to the different causes requiring Red Cross assistance: 14 pairs pyjamas (from Women's Institute, Camilla), and 1 odd coat; 2 personal property bags; 1 quilt and lining for Belgians, from Mrs. Annis; 10 pairs socks from Women's Institute, Mono Centre; 1 pair socks from Mrs. Williams; 2 eye bandages, Miss Mary Marshall. A number of ladies voluntarily contributed to fitting bags and small sums of money have also been received, which will be accounted for in the treasurer's report.

Our thanks are certainly due to Mr. Lamon, the Manager of the Bank of Hamilton, for his many acts of kindness towards the society, more especially in placing at our disposal the rooms regularly occupied by us. We had also the use of a number of sewing machines, for which we are greatly indebted to the ladies who so willingly loaned them.

Convenor Red Cross Work & Field Comforts.

J. D. TORRIE'S
Mid-Winter Clearing Sale

Starting Saturday, February 8th, and Ending February 22nd.

Owing to the extraordinarily mild weather all through the early winter months, we find we are too heavily stocked at this time of the year with Men's Fur Coats and Fur Caps, and Men's and Boys' Suits.

Now that the Spring Clothing is coming in we require both the money and the room. We have just finished stock taking and have decided to clear out all odd lines of Men's and Boys' Clothing, amounting to at least One Hundred Suits. These Suits will be priced in plain figures and hung on racks where it will be no trouble to see them. Sizes for men, 34 to 44, breast measure; for boys, 26 to 35.

ALL LINES OF CLOTHING WILL BE FROM 10 TO 25 PER CENT LESS THAN THE REGULAR SELLING PRICE

And as the Suits were bought some time ago the prices are at least 50 per cent. lower than today's prices. As there are absolutely no lower prices in sight for at least another year, we are giving our customers an opportunity to secure the biggest bargains that have been offered for years in CLOTHING and FUR COATS.

THE BIG AND GROWING DEMAND WE HAVE FOR OUR GUARANTEED SERGES TO ORDER,

(of which we still have a large stock), we think is the reason we have too many Ready-to-Wear Suits on hand and as we need the space for Spring Goods we are going to sacrifice these lines mentioned regardless of price.

We also have some odd sizes in Men's Trousers and Men's Flannel Shirts that will be sold at less than the regular price.

STARTING FEB. 8 ENDING FEB. 22

REMEMBER THE DATES

THIS IS AN OVERSTOCK SALE OF GENUINE CLOTHING AND FURS.

Make The Returning Soldier Welcome

THIS is an important hour for Canada. The nation is entering on a new era. It is passing from war to peace. Let us start this new era right. There are thousands of soldiers returning from overseas. The Government is doing all in its power to get these men back to civil life.

It is giving a *War Service Gratuity*—more than any other nation—to keep the soldier going till he gets a job.

It gives him a pension—where his usefulness is impaired by his service.

It *teaches a man a new trade* when his service unfits him for his former trade.

It *gives him free medical treatment* when illness recurs, and supplies free artificial limbs and surgical appliances.

It is bringing back to Canada at the public expense the *soldiers' dependents* now overseas.

But the Government, however willing, cannot provide the personal touch needed in this work of repatriation. That must be given by the people themselves.

The men who went from these parts to fight in Flanders deserve a real welcome home—the best we can give.

In most towns committees of citizens have already been organized to meet the soldiers and their dependents at the station, to provide hot meals, supply automobiles, afford temporary accommodation when necessary.

In addition, many other towns are organizing social gatherings to give public welcome to returned men after they have been home a few days.

After he has rested, the soldier must be provided with an opportunity for employment. In towns of 10,000 population, Public Employment Offices have been established to help soldiers, as well as war-workers, secure good jobs quickly. Where these exist, citizens should co-operate. Where they do not exist, the citizens themselves should help put the soldier in touch with employment.

* * *

The fighting job is done. It has cost many a heart-burning. But it has been well done. The least we can do is to show our appreciation in no uncertain manner.

Don't let the welcome die away with the cheers.

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-tives"

ST. MARTIN'S, N.B.

"For two years, I suffered tortures from *Severe Dyspepsia*. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.

I tried doctors, but they did not help me. But as soon as I started taking '*Fruit-a-tives*', I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

Rheumatism Entirely Gone

After Twenty-seven Years of Suffering—Swelling and Puffiness Has Disappeared — Not a Pain or an Ache Left.

A most astonishing cure of rheumatism and eczema has been reported here, and Mrs. Ray is enthusiastic in telling her many friends how cure was effected.

Rheumatism and eczema frequently go together, and in this case caused the most keen distress imaginable. All the swelling and puffiness resulting from many years of rheumatism have disappeared, and there is not a pain or an ache left.

Mr. G. H. Ray, R.R. No. 1, Kincardine, Ont., writes: "Mrs. Ray has been using your Kidney-Liver Pills. She was very bad with rheumatism and eczema, and had had that fearful itch for twenty-seven years. It was simply terrible what she suffered. I persuaded her to try $1.00 worth of Dr. Chase's Kidney-Liver Pills. She is now on the last box, and let me tell you she scarcely knows herself, she is so free from both these diseases. All the swelling and puffiness caused by the rheumatism has gone away, and she has gone down in weight 18½ pounds. She never has an ache nor pain, biliousness nor sick headache all these months. She often says herself 'How glad I am that I know what to do instead of paying doctors so much to make me worse.'"

There is only one way that the poisons in the blood can be cleaned away and the cause of pains and aches removed, and that is by the healthful action of the kidneys, liver and bowels. Because Dr. Chase's Kidney-Liver Pills act directly and specifically on these organs and insure their activity they remove the cause of rheumatism and other dreadfully painful and fatal diseases. One pill a dose, 25 cents a box, all dealers or Edmanson, Bates & Co., Limited, Toronto.

Look for the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the box you buy.

EXPORTS TO GIBRALTAR.

That Gibraltar is of some trade importance to Canada is shown by the fact that the exports from this country to the "Rock" during the fiscal year 1917 were valued at $2,808,554; in 1916, $1,437,634; and in 1915, $1,436,314. The figures are from the trade report of the Department of Customs.

NOT WORTH NOTICING.

"John," exclaimed the nervous woman, "I believe there is a burglar in the house."

"I haven't time to fool with small fry," was the sleepy response. "I've spent the entire day fighting regular profiteers."

PEEL S. S. ASSOCIATION.

Report of Recent Convention in Alton; Officers Elected for the Ensuing Year.

The 61st annual convention of Peel County Sunday School Association was held in the Methodist church, Alton, on Wednesday, Jan. 29th last. The weather was delightful but the roads were not good enough to make travelling pleasant, so while the attendance was good, taking into consideration the conditions, many were unable to be present who would otherwise have been there.

Mr. A. T. Haines, the president, presided. Rev. T. A. Halpenny, General Secretary of the Ontario Sunday School Association was present and helped answer the many questions presented by the delegates. Rev. J. C. Robertson, D. D., General Secretary of the Presbyterian Department of Religious Education gave two masterly addresses, giving all present new visions of the possibilities of the work in which they are engaged.

Frank A. Beckwith, Peel County Y. M. C. A. Secretary, led a class of Alton young men in a demonstration of C. S. E. T. work that was an indication of the great advantage possessed by Peel County in having a man of Mr. Beckwith's ability to give his time to leadership of Boy Work in our midst.

Since the convention the Secretary has had an explanation from Mr. Caswell telling why he was not with us and promising to come to Alton in the near future and give a whole evening to make up for the disappointment caused by his non-appearance

All who went to Alton were given a cordial welcome and royally entertained by the people of that enterprising village.

The statistical report showed the county to have "Banner Standing" with a percentage of 87, this being 13 marks below "Front line standing."

The following officers were elected for the ensuing year: President, Robert Smith, Bolton; 1st Vice-Pres., J. C. McArthur, Terra Cotta; 2nd Vice-Pres., Mr. Ingram, Brampton; Sec.-Treas., T. H. Graham, Inglewood; Supt. Children's Dept., Miss Bella Frank, Terra Cotta; Supt. Intermediate, Boys' Dept., Harvey Griffin; Supt. Intermediate, Girls' Dept., Mrs. Chas. Packham, Brampton; Supt. Adult Dept., C. D. Gordon, Brampton; Supt. Home Dept., Miss Frances Nattress, Bolton; Supt. Teacher Training Dept., Rev. J. H. Wilkinson, Inglewood; Supt. Missionary Dept., Miss Eva Peacock, Woodbridge; Supt. Temperance Dept., Lorne Davidson, Meadowvale.

NEWS NOTES

Word has been received that Pte. Dennis Confrey, of Hanover, formerly of the old 147th Greys, but later of a Machine Gun section, has been awarded the Military Medal for holding his gun and beating back the foe when only he and one other man, both wounded, were left during the advance at Amiens.

J. A. Donaldson of Caledon East has bought the shop in which John T. Scott carried on a harness business for many years and latterly by his successor, the late Sam Wright. Mr. Donaldson intends to move it up to his business place and convert it into a garage.

On Wednesday, Feb. 5th, at 6 p. m., the marriage took place at the Presbyterian manse, Laws street, Toronto, by the Rev. D. T. L. McKeroll, of Miss Sarah E., eldest daughter of Mr. and Mrs. Wm. Hastings, to Chas. Albert (Bert.) Calbeck, youngest son of Mr. and Mrs. Wm. Calbeck, formerly of Shelburne.

RECEPTION AND PRESENTATION TO REV. F. ELEY

The A. Y. P. A. of St. Thomas' church at a special meeting at the home of Mr. and Mrs. Johnston Clench, Welland Ave., on Thursday evening, held a reception in honor of Rev. Fred Eley, rector of St. Mark's church, Orangeville, through whose efforts the local association was organized when Mr. Eley was curate. The reception was in the nature of a birthday party in honor of Mr. Eley's passage of another mile stone in life's journey. On behalf of the association Miss V. Channells presented Mr. Eley with a leather covered hymn book with tunes, and Mr. Will Griffiths made a suitable address. Mr. Eley was made almost speechless by the surprise gift but made a suitable reply to the presentation. Dainty refreshments were also served including a birthday cake with the appropriate number of candles. The social broke up at a seasonable hour, everyone voting the event one of the most enjoyable in the history of the society.

On Wednesday evening last Mr. Eley gave a lecture in the school room of St. Thomas' church on Missions. The speaker is well fitted for this subject, having spent nearly five years in the mission field and having a wide idea of Canadian missions.—St. Catharines Standard.

CALEDON.

A very pleasant event took place on Thursday evening of last week when the Ladies' Aid of Knox church, Caledon, met at the manse and presented Mrs. Burkholder with the following address along with a beautiful semi-porcelain dinner set with gold traced edges and handles:

Caledon, Feb. 6, 1919.

Dear Mrs. Burkholder:

We, the members of the Ladies' Aid of Knox church, Caledon, have assembled here this evening to express to you our deep appreciation of your faithful and efficient services, in all the church organizations, and especially in connection with this society.

To the many claims of the society, you have given cheerfully and willingly much of your valuable time, and your home has ever been open to receive us and to entertain those connected with the church.

Under your stimulating influence the Mission work of the church has been much extended.

The Sabbath School has profited much by your presence among the children.

The church services have been greatly assisted by you, in both music and song.

As mere words fail to express the debt of gratitude we owe, we ask you to accept this material token of our esteem and love for you.

We hope that this set of dishes will be a pleasant reminder of the time that has been spent with us, and that these years are but a tiny link in the golden chain of friendship, which the future years shall forge, and that your able leadership shall be our guiding light for many years to come.

Signed on behalf of the Society:
Mrs. Dodds, Sec.; Mrs. N. McLachlan, Pres.

Mrs. Burkholder, who had been taken by surprise, expressed her gratitude in a few hearty words, after which all present sat down to a sumptuous repast which the ladies had prepared. The evening was spent in social enjoyment.

IN MEMORIAM.

In memory of James Jackson, who departed this life Feb. 13, 1917:

You're not forgotten, husband,
Nor will you ever be,
While life and memory lasts
We will all remember thee.
—WIFE.

IN MEMORIAM.

In sad memory of a dear brother, George W. McKibbon, who departed this life on Dec. 3rd, 1918:

"Oh, for the touch of a vanished hand,
And the sound of a voice that is still."

It was hard to lose you, brother,
But God, who knoweth best
Held out his loving arms and said
Come unto me and rest.

We, who loved you sadly miss you
In these months so dark and drear,
In our lonely hours when thinking
Thoughts of you are always near.

Home to Jesus, home to glory!
Every wave of trouble o'er,
Thou art now with other loved ones
On that happy, peaceful shore.
—MRS. W. ALLEN, Sister.

IN MEMORIAM.

Lines in memory of W. J. Lindsay, who departed this life on Dec. 13th, 1918:

We stood beside his bed of death
Bowed down were we with sorrow;
We knew he would be lost to us
Upon the coming morrow.

Too fair he was, too frail to live,
From earth he now reposes,
His sweet, fair form has faded now,
His cheeks have lost their roses.

His form from out our home has gone
The voice we loved is stilled,
A place is vacant in our hearts
Which never can be filled.

'Twas hard for us to bid farewell
To one for whom such love we bore
Just in the morning of manhood
He crossed to the Golden Shore.

Why should we weep and mourn for him,
He is now at the Saviour's side.
He only dropped this robe of flesh
To dress in a garment of white.
—M. G. C., a Friend.

WHY THEY WEPT.

"I saw two men today who were telling me how much they made on war contracts, and they actually wept with joy."

"I see; they were profit-tears."

How Star Men Cover World News Events

When the Titanic was sunk, The Toronto Daily Star rushed seven members of the staff to New York to "cover" the story. When Ulster threatened rebellion, three Star men travelled 4,000 miles to get the facts. When the Halifax explosion occurred, a small army of photographers and writers went to get the story.

The Star policy is to **cover big events in a big way.**

To cover the war meant not only to tell what was happening every hour, but to explain the significance of each event. The occasion demanded skilled men; correspondents who could get news and interpret it, and others—war experts—who could piece together the happenings on the battlefields and in the capitals and weigh them all for the benefit of the reader.

The Toronto Daily Star Has the Latest News Service in Ontario

Of such experts, **Hillaire Belloc,** was the most noted in Great Britain, and Frank H. Simonds in America. So because The Toronto Daily Star "covers big events in a big way," it retained these two foremost reviewers to interpret the strategy and politics of war.

The Daily Star's Peace Conference despatches are exceptionally complete. The service of the Canadian Press and the Canadian Associated Press—alone considered sufficient by many Canadian newspapers—are supplemented in The Star by cables from the following and other exclusive correspondents:

In the Capitals of Europe

E. Percy Noel	Lowell Mellett	William Philip Simms
Webb Miller	Paul Ayres Rockwell	Frank J. Taylor
Paul Scott Mowrer	Junius B. Wood	Fred S. Ferguson
Edgar Ansel Mowrer	A. R. Decker (In London)	F. A. McKenzie

Henry T. Wood	W. J. L. Kiehl	Rene Feibelman
William H. Brayden	Ernest W. Clement	William R. Giles
Lacey Amy	Rosamond Boultbee	Thomas Geggie

and the full service of the United Press and of the "Chicago News." The Toronto Daily Star readers are assured not only first news of what is happening in the world, but clear and authoritative explanations as to what the happenings mean.

You cannot read The Toronto Daily Star for a short while without feeling that it is "the paper you need." The truth of this shown by the many people who, sending in a trial subscription for three months, renew their subscription for a year before even the three months' period expires.

ERIN.

On Friday evening last a number of friends and neighbors assembled at the home of Mr. Miles E. Bacon to express their appreciation of the good qualities of Mr. Bacon and family as neighbors and citizens. After the gathering had been called to order, Mr. E. T. Barbour was selected to act as chairman, a position which he filled very acceptably. The following address was read by Wallace Young and the presentation was made by Miss Margaret Barbour:

To Mrs. Bacon, Sr., Mr. and Mrs. Miles Bacon, and Family:

Dear Friends,

As you are about to leave this neighborhood we, a few of your friends, have gathered here to express the esteem in which you have been and are held in this community. You will be missed from our neighborhood, as during your residence here you have proved yourselves kind and obliging neighbors. We wish to show our appreciation of the high regard in which you are held and would therefore ask you to accept these tokens as a reminder of your residence here. We hope that you will be favored with health and prosperity, and also a long and happy life in your new home.

Signed on behalf of your many friends: Young Bros.

After the address and presentation Mr. Bacon made a feeling reply. Short speeches were also given by Mr. G. D. Fletcher, Mr. A. Reid, Mr. A. McKinnon, Mr. W. L. Young, Mr. W. Steen, Mr. W. W. Young and others. Upon the conclusion of the programme games were indulged in until midnight, when a lunch was served, followed by a little dance and some songs. Before dispersing the guests formed a circle around Mr. Bacon and family and all joined in singing Auld Lang Syne and He's a Jolly Good Fellow.

THE LAST HORSE STORY.

Two men thrown together at a horse show were discussing their adventures with the equine tribe.

"A horse ran away with me once, and I wasn't out for two months," remarked the man with the Trilby hat.

"That's nothing!" replied the man with the bowler. "I ran away with a horse once, and I wasn't out for two years!"

IN MEMORIAM.

Lines in memory of our dear father, William McCabe, who passed away at his residence, lot 24, Con. 3, Amaranth, on Feb. 19th, 1918:

One year has passed, our hearts still sore,
As time goes on, we miss him more,
His cheerful voice, his welcome face—
No one can fill dear father's place.

His memory is as dear today
As at the hour he passed away.
When days are dark and friends are few,
Dear father, how we long for you.

Sleep on, dear father, thy labor is o'er,
Thy willing hands will toil no more.
He took you home, he thought it best
To give you everlasting rest.

MRS. MARGARET HILLOCK.

Another of the old residents of Caledon township has crossed to the Great Beyond in the person of Mrs. Margaret Hillock, widow of the late John Hillock, who passed away at the home of her daughter, Mrs. Thos. Petch, lot 7, 1st line, east, on Sunday, after a long and trying illness, during which she received every possible care and attention from her daughters. Deceased, who was in her 70th year, was a lifelong resident of Caledon and was one of the oldest members of Knox Presbyterian church. She was esteemed as a good neighbor and a woman loyal to the best interests of the community. She is survived by one son, Mr. Wilmer Hillock, and two daughters, Mrs. Gil. Vanwyck and Mrs. Petch. Her son is in the West at present, having gone out recently with a carload of horses. The funeral was held to Caledon cemetery on Wednesday afternoon, Rev. Jenkins Burkholder, the family pastor, officiating.

Medical Officer: "Have you any organic trouble?"
Recruit: "No, sir. I ain't a bit musical."

THE LATE JOS. COTTON.

Suddenly on Tuesday, the 11th inst., there passed away at his home on Margaret St., Joseph Cotton, an old and highly esteemed citizen of Orangeville, at the age of 67 years and 11 months. Although ailing for some time, his death came unexpectedly and as a great shock to the family. Deceased was born on the 5th line, east, Mono, in March 1851 and resided there for a number of years, moving from his farm to Orangeville about twenty-seven years ago. He was of a cheery, jovial disposition and made many warm friends during the years he spent in town. Of eleven of a family, one sister only remains, Mrs. Anne Noble, of Leamington. The funeral was held from his late residence to the Forest Lawn cemetery on Thursday afternoon. Rev. F. Eley, rector of St. Mark's Anglican church, and Rev. A. C. McCollum, rector of Mono East parish, officiated at the house and grave. During the service Mr. McCollum spoke very highly of the deceased. Mr. Cotton leaves to mourn his loss a wife, one son, L. R. Cotton, of Parry Sound, and two daughters, Mrs. Victor Mastion, of Toronto, and Miss Greta, at home. The pallbearers were Messrs. James and S. R. Thompson, Hillyard and Lewis Cotton, V. O. Mastion and K. Matthews.

EMERSON LIMEBEER.

Mr. Emerson Limebeer, who farmed on the 2nd line, west, Mono, a number of years ago, died at his home in Erin village on Sunday after an illness of less than a week from Spanish influenza followed by pneumonia. Deceased, who was in his 43rd year, was a son of the late John Limebeer, of Caledon, and a nephew of ex-Reeve W. J. Limebeer and Messrs. J. C. and Geo. Limebeer, of that township. He is survived by a widow, Miss Elma Fines, of Caledon, before marriage, two daughters, Eva and Myrtle, and a son, John, the oldest being only 12 years of age. The funeral, which was under the auspices of the Orange Order, was held to the Forest Lawn cemetery here on Monday afternoon. Orangeville and Caledon friends of the family tender their sincere sympathy to the sorely bereaved widow and little family.

WILLIAM REA.

East Garafraxa's oldest resident passed away Friday morning in the person of William Rea, in his 95th year. He had only been bedfast a few days, though for a long time he spent most of the time on his couch. While past the age for work he retained all his faculties till the end. He was a great reader, kept posted as to current events, and closely followed the features of the great war with interest. The late Mr. Rea was a native of County Antrim, Ireland, coming to Canada about 62 years ago. After a year or so in Eramosa he came to Garafraxa, first working for the late Wm. Rea at Hereward, and afterward buying lot 15, Con. 14, at present owned by his son, Robert with whom he lived. His wife died thirty years ago. A large attendance at the funeral on Sunday bespoke the kindly esteem in which he was held by young and old, the remains being taken to Greenwood cemetery for interment. Elder John H. Taylor conducted the funeral services.—Grand Valley Star and Vidette.

JOHN MAY DELANEY.

After an illness of many years' duration John May Delaney, a well-known and highly respected resident of Caledon, passed peacefully away on Tuesday, Feb. 18th, at his home on lot 21, 4th line, Caledon township. The deceased, who was 64 years of age, was born in Orangeville in the year 1862, and when four years of age came with his parents to lot 25, Caledon, where he lived until 16 years ago, when he purchased and moved to the farm on which he died. Before his illness he was a very energetic, progressive and successful farmer, particularly fond of horses and in his day was the owner of many fine specimens of horse flesh. He was the son of the late Mr. and Mrs. Samuel Delaney, who predeceased him some nine and ten years ago. His death is the first break in their large family of seven boys and three girls. The funeral, which was largely attended, took place from his late residence to the Forest Lawn cemetery on Thursday, Feb. 13th. The Rev. T. E. White and the Rev. W. H. Carr, of Alton, conducted the services at the house, and Rev. F. Eley, rector of St. Mark's church, Orangeville, of which denomination the deceased was a member, officiated at the grave. The late Mr. Delaney is survived by his wife and two sons, William, on the homestead, and Samuel, a farmer in Caledon. His death is also mourned by six brothers and three sisters, namely: Ed. M., Sam M., and Thomas, of Caledon; William and Robert, of Toronto; Alex., of Sunnyside, Wash.; Mrs. Walter McConnell and Mrs. Elmer Harrison, of Alton, and Mrs. Joseph Island, of Orangeville. The many flowers which covered the casket bore silent testimony to the high esteem in which the deceased was held in the community. Noticeable among these was a large wreath from his family; a broken circle from his brothers and sisters, and a large spray from his sisters-in-law. The pallbearers were his two sons and his brothers, Edward, Samuel, Robert and Thomas. The bereaved family have the sympathy of a wide circle of friends and acquaintances.

—Mr. John McKim had a letter last week from his niece, Mrs. A. Boker, (nee Jennie McKim), who has lived in Germany throughout the great war. Although domiciled in Germany Mrs. Boker's sympathies are still strongly with the Allies.

—Send a Dominion Express Money Order. They are payable everywhere.

—It is rather significant that the defeated candidates in the two Ontario bye-elections were returned soldiers. Other things being equal, one would expect returned men to make particularly strong candidates.

—Mr. T. J. Henry's auction sale in Caledon on Monday afternoon drew a very large crowd. We understand that the proceeds were about $7,000, which just about makes a record for this district. Auctioneer Jas. A. Patterson wielded the hammer and got good prices.

—Young man wants steady job in Orangeville. Address H. Hamilton, Orangeville.

—J. W. Widdifield, the United Farmers candidate, carried North Ontario by 284 on Tuesday. His election demonstrated that the organized farmers are once more a big factor in Ontario politics. It is now upwards of twenty years since the Patrons of Industry movement swept thousands of Ontario farmers from their party moorings.

G. W. V. A.

We have been requested by Lt.-Col. J. A. V. Preston, to announce that a meeting will be held in the auditorium of the Public Library, Orangeville, on Friday evening next, February 21st, at 8 p.m., to consider the organization of a branch of the Great War Veterans' Association, for Orangeville and the surrounding district. All soldiers who have served overseas and have been honorably discharged or are still in the service are eligible for membership, and are cordially invited to attend.

Banking Facilities

A new branch has been opened at Caledon in charge of Mr. F. E. Walker, Manager at Erin. This Branch will be operated on Tuesday and Friday of each week by the Erin Staff.

The splendid facilities afforded—enable this branch to handle all classes of banking with speed, and convenience to its customers.

TORTURED FOR NEARLY TWO YEARS

MRS. PLANTE FOUND RELIEF IN DODD'S KIDNEY PILLS.

She Tells How They Helped Her Kidney Disease and Made a New Woman of Her.

Ste. Florence, Que., Feb. 17th.—(Special.)—"Two boxes of Dodd's Kidney Pills made a new person of me." The speaker is Madame M. L. Plante, of this place, and her numerous friends here fully verify her statement.

"For nearly two years," Mrs. Plante continues, "kidney disease tortured me. I heard of Dodd's Kidney Pills, and made up my mind to try them, and to my surprise they did me good almost at once. Two boxes cured me completely. I recommend them to all my friends."

Mrs. Plante is only one of many who were weak and run-down, and sick all over. Dodd's Kidney Pills helped them. How? Simply by curing the kidneys. The diseased kidneys were the cause of all the trouble. They were failing to strain the impurities out of the blood, and the result was disease all over the body. Dodd's Kidney Pills helped the kidneys, the impurities were strained out of the blood. The result was pure blood and good health all over the body. The cause of the disease had been removed.

THE CANADIAN CLUB.

The Rev. (Capt.) Lawrence E. Skey, rector of St. Anne's Anglican church, Toronto, will give a lecture in the Auditorium of the Public Library on Monday evening, Feb. 24, under the auspices of the Canadian Club. The subject of the address will be "Reconstruction; Lessons and Problems of the War."

WINTER HARD ON BABY

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CARD OF THANKS.

Mrs. John May Delaney and family wish to thank their many friends and neighbors for the exceedingly great kindness and sympathy shown them during the long illness and at the time of the death of their beloved husband and father.

EVANGELIST COOMBS.

Evangelist Thomas B. Coombs began his mission in Orangeville in the Presbyterian church last Sunday morning. Mr. Coombs is a man of world-wide experience and has conducted services in nearly every English-speaking country in the world. He speaks out of the fulness of his experience. He is an earnest, eloquent, fatherly man, as far as possible from the popular idea of a sensational evangelist. But he would have men know their spiritual need and he is confident that in "Christ all fulness dwells for needy man." Mr. Coombs sings very nicely and loves to help people understand the richness of the words they are singing as well as to enjoy the beauty of the music.

Mr. Coombs' subject in the morning was "Daniel, the outstanding man." The reason Daniel was an outstanding man was because he had got the mastery of the flesh, the mind and soul.

In the evening Mr. Coombs had a great audience in the Methodist church. Mr. Sloan sang two solos with grace and power and the choir rendered an excellent anthem. Mr. Coombs led in the song service, after which he spoke on "What is your life?"

There will be meetings in the Methodist church every night except Saturday. The song service begins at 7.45. Songs sound differently when sung in these meetings. Come and enjoy them. Solos and choruses are sung every night. The choir is out in full force.

Next Sunday, Feb. 23rd, there will be a mass meeting for men at 4 p.m., when Mr. Coombs will speak on: "What have you got to say for yourself?" His other subjects for Sunday are: In the morning, "Woman: Her place in the present hour"; in the evening, "A bold declaration with a broad sweep."

REV. H. M. LYON RESIGNS.

The resignation of Rev. Hugh M. Lyon, pastor of Camilla and Mono Centre Presbyterian churches, was tendered and accepted at a pro re nata meeting of Orangeville Presbytery held in St. Andrew's church here on Tuesday. The resignation will take effect on the first Sunday in March. Rev. J. A. Matheson, of Mono Mills, was appointed interim moderator.

WORTH MORE THAN ALL MONEY ON EARTH

Mrs. Raspberry Able to Do Housework First Time in Four Years

"I had rather see my wife well and happy like she is since taking Tanlac than to have all the money in the world," declared Henry Raspberry of 1812 Campbell street, Kansas City, Mo. Mr. Raspberry, who has recently been employed as a foreman by the Armour Packing Company, was formerly in the service of the Missouri, Kansas & Texas railroad.

"Before my wife took Tanlac," continued Mr. Raspberry, "she had rheumatism in her limbs so bad she couldn't even dress herself. I would have to help her out of bed in the mornings and put her clothes on for her. Her stomach was in such a bad condition that she could hardly digest anything. The gas on her stomach would cause intense pains in her side and such awful spells of palpitation of the heart that she could hardly stand it. She was extremely nervous, her breath was short and very offensive, and she had fallen off in weight until she was hardly more than a frame.

"At the time she began taking Tanlac she only weighed eighty-seven pounds and had not been able to do any of her housework in four years. But she now weighs one hundred and twenty-two pounds — has actually gained thirty-five pounds—and is as healthy and active as she was thirty years ago. The rheumatic pains have all left her and she can do all her work and look after the family without the least trouble. She can eat meats, pickle, all kinds of vegetables and anything else she wants and never have a sign of indigestion. She is not the least nervous any more, sleeps like a child every night and is as well as she ever was. I can't find words to express my thankfulness for what Tanlac has done for her. It is nothing short of wonderful."

Tanlac is sold in Orangeville by C. V. Jeffers; in Grand Valley by G. E. Morrow, and in Shelburne by J. E. A. White.

CHILD WAS SCALDED.

Tragically sad are the circumstances attending the death of John Alton Powley, the little son of Mr. and Mrs. John Powley. Mrs. Powley has been in Toronto for several weeks and her husband had placed their children in the care of Mr. and Mrs. John Hammond, Wellington street, during her absence. Last Friday Mrs. Hammond was washing and placed a pail of boiling water on the cook, while she turned away for a moment to attend to some other duty. The little boy, a bright, healthy lad of two and a half years, was playing in the room and in some way fell into the scalding water, burning himself very badly. Dr. T. H. Henry was called as quickly as possible and did everything he could to ease the agony of the little sufferer, who was afterwards removed to Lord Dufferin Hospital, where everything humanly possible was done to save his life. His injuries unfortunately were too serious to admit of recovery and he passed away on Monday morning. The funeral was held from the residence of Mr. and Mrs. Hammond to the Forest Lawn cemetery at 2.30 o'clock yesterday afternoon.

McMillan for a donation of blankets for the Belgian Relief, and also to Mr. W. M. Green and Mr. A. Walker for their liberality to our purchasing committee.

All those helping with Belgian Relief are asked to please hand in their work to Mrs. T. G. Legate by the 7th of March as the last free transportation boat leaves Halifax soon after that date.

PAID BILL EACH WEEK.

Dear Editor,—

In last week's Banner I noticed in the minutes of Caledon council meeting of January 13th, that the council refused to be responsible for my maintenance in Lord Dufferin hospital. I was very much surprised that such an item should appear in the minutes, as my hospital bill was paid each week while I was there and I hold a receipt in full signed by the matron. The council had, therefore, nothing to do with the matter. Thanking you for space for this explanation, I am, yours truly,

MILITARY NOTES.

Signaller Allan J. Buchanan, of Grand Valley, arrived home a week ago Monday. While fighting near Cambrai he was wounded in the left arm by shrapnel and several small splinters lodged in his body.

Mr. and Mrs. Wm. Park, of East Garafraxa, were in Toronto recently to meet their son, Pte. Harry Park, P. P. C. L. I., who has been invalided home. The young soldier never fully recovered his health after being wounded in 1917 and spent many months in English hospitals. He and his mother have gone to Vermont State to visit his grandmother, Mrs. Maselles, and may remain sometime. His health is considerably improved of late. Pte. Park is a nephew of Mr. and Mrs. John Park, Zina St.

Pte. Fred Scott, son of Mr. Chas. Scott, of Melville Cross, arrived home on Thursday night. Pte. Scott enlisted in the Orangeville company of the 164th on Dec. 11, 1915. He was promoted to the rank of sergeant in the 164th, but reverted in order to get to the front. Pte. Scott went to France in April 1918 with a draft for the 116th Batt. He was wounded by shrapnel before Arras on Sept. 4th and had the bad luck to contract the flu while in a hospital in France. After spending nearly three weeks in the 22nd British General Hospital in France he was removed to England, where he was in no less than three hospitals. Scott left England on the Carmania on Feb. 1st and reached Halifax on Feb. 8th. A brother, Sergt. Alvin Scott, is in France with the 38th Batt., and another brother, Pte. Harold Scott, was in Epsom Convalescent hospital in England when last heard from.

WHEN OTHERS FAIL

Zam-Buk cures the most stubborn skin diseases and sores. This is because Zam-Buk's method of healing is entirely different and superior to that of ordinary ointments!

When Zam-Buk is applied it does not remain on the surface skin, as an ordinary ointment would. Because of its unusual refinement it penetrates to the underlying tissues. This is where all skin troubles have their origin. The germicidal properties of Zam-Buk then destroy all germs and thoroughly cleanse the diseased parts. Having done this, the healing essences contained in Zam-Buk so stimulate the tissues that new, healthy skin is quickly produced. The result is a complete and permanent cure of the sore or injury.

Zam-Buk is best for eczema, ringworm, scalp sores, boils, pimples, teething rash, ulcers, abscesses, running sores, "barber's rash," blood-poisoning and piles. As a first-aid, too, Zam-Buk is indispensable. It stops bleeding, ends pain, draws out soreness and inflammation, prevents blood-poisoning and heals quickly. All dealers 50c. box.

OPERATION FOR APPENDICITIS.

Mrs. J. A. Ballantyne, Sturgeon Falls, Ont., writes:—"My husband was treated for appendicitis and the doctors ordered an operation. But he would not consent to an operation and began the use of Dr. Chase's Kidney-Liver Pills. Since doing so he has had no need of an operation or even of a doctor as the trouble has completely left him. I cannot find words to speak our gratitude for his cure.

WON VICTORIA CROSS.

Former Alton Boy Posthumously Awarded High Honor for Gallantry at Cambrai.

Although the name of Lieut. Wallace Lloyd Algie has several times been put forward in the meagre lists which find their way into the War Office recommending the Victoria Cross, the official news that the highest honor a British soldier can win has been posthumously awarded to the gallant young soldier has just come through.

Lieut. Algie, who is a son of Dr. Jas. Algie, of Toronto, formerly of Alton, was with the 20th Battalion at Cambrai on October 10, when he performed the gallant deed for which he earned the decoration, and he paid for it with his life.

The official record of the brave act is given as follows: "For most conspicuous bravery and self-sacrifice on Oct. 10, 1918, northeast of Cambrai, while with attacking troops which came under a heavy enfilade machine gun fire from the neighboring villages. Rushing forward with nine volunteers, he shot the crew of the enemy machine gun, and, turning it on the enemy, enabled his party to reach the village. He then rushed another machine gun, killed the crew and captured the officer and ten of the enemy, thereby clearing the end of the village. Lieut. Algie, having established his party, went back for reinforcements, but was killed when leading them forward. His valor and personal initiative in the face of intense fire saved many lives and enabled the position to be held."

In telling of this attack, Colonel Rourke, the C. O. of the 20th, who is also a South African veteran, said: "It was the nerviest thing I have ever seen." In his words Lieut. Algie was "the man in front" at Cambrai. His batman, Pte. Saunders, to whom he was deeply attached, was killed almost at the same instant as himself. Lieut. Algie's last spoken words to his men were, "Carry On."

Although a graduate of the Royal Military College and a qualified officer, Lieut. Algie enlisted as a private in the 198th "Buffs" Battalion. He trained at Camp Borden and was there raised to a commission. In September 1916 he went to England with a draft of officers. He was attached to headquarters for some time, but was later transferred to the 20th Battalion. His popularity with his men is amplified in a large number of letters sent to his father, Dr. Jas. Algie, surgeon of the Hospital for the Insane. He was also president of the officers' mess of his battalion for two years.

Prior to Cambrai he was twice recommended for the V. C. by Col. Hooper and Major Ingles, for his services at Lens and Hill 70. An attack of trench fever kept him out of the battle of Arras. He was a crack shot and served some time as machine-gun officer.

Before enlisting he was acting-manager of the Elm street branch of the Bank of Toronto. He was with a Vancouver branch of the bank also for over a year. The young officer was born at Alton twenty-six years ago. His home was at 75 Dewson St. at the time of enlisting.

Three sisters, Mrs. V. Lde, of Islington, and Misses Ada and Bessie, who is a nurse at the General Hospital, survive him. His mother died a year ago.

Lieut. Paddy Pettigrew, of Lion's Head, who went overseas with the 160th Bruce Battalion, has been awarded the Military Cross for daring bravery.

On the evening of Jan. 30th, Pte. Geo. Quick, who recently returned to Riverview from overseas, was presented by the young people with a purse of money. A dance was also given in his honor the same evening.

Pte. Archie McKinnon, of Hillsburg, who has been overseas for more than two years returned home a week ago Monday. He was wounded and has been in the hospital in England for some time. His brother, who was attached to another branch of the army, has not returned yet. They are sons of Malcolm McKinnon.

HONORED BY THE FRENCH GOVERNMENT

Popular Kitchener Officer Awarded the Croix de Guerre for Special Service.

A recent issue of a Kitchener exchange states that:

"The pleasing information was conveyed in a letter to Mrs. Frank S. Routley, Queen street, south, Kitchener, from her husband, Lieut. Routley, with the 2nd Canadian Division in Belgium, that he had just been awarded the Croix de Guerre from the French government for special service previous to the signing of the armistice. The letter also modestly referred to the fact that Lieut. Routley had been mentioned in the report of Sir Douglas Haig on Nov. 8, three days before the signing of the armistice.

No reference is made in the letter to the acts performed by the brave officer which won for him three distinguished honors, but his many Kitchener friends will be delighted to learn that he has thus been honored by the French and British military authorities.

Lieut. Routley was one of the most popular officers of the 118th North Waterloo Battalion, in which he held the rank of captain. After going overseas with the unit and ascertaining that it was next to impossible for officers of his rank to go to France he reverted to the rank of lieutenant and was attached to the Communication Corps of the 2nd Canadian Division, with which he has been identified during the last two years.

In the advance toward the Hindenburg line Lieut. Routley was actively engaged with the Canadians, and was approaching the city of Mons when the armistice was signed. There are a number of the former 118th boys with him, who played a magnificent part in the advance made by the Canadians.

Lieut. Routley was formerly manager of the Kitchener branch of the Bell Telephone Co., and his expert knowledge of telephones and wiring has been of inestimable value to the headquarters staff, with which he has been attached.

Mrs. Routley is receiving the congratulations of her many friends upon the honor achieved by her gallant husband."

Mrs. Routley is a daughter of Mr. T. F. Reid, First street.

George Guard has sold out his interest in the 200-acre farm in West Luther which he has worked in partnership with his brother, Jas. Guard, who now becomes possessor of the entire farm and also the stock and implements.

Knox church, Owen Sound, has just completed a whirlwind campaign for funds for a new organ to be installed as a memorial to the men of the congregation who gave their lives in the great war. Almost $10,000 has been secured, including a gift of $1,000 from the late Joseph Raven, who was a member of the congregation.

John Bodendistle, of Arthur township, was the victim of a very simple, but serious accident in Arthur village. He was turning into the Commercial hotel yard when the back of the sleigh struck a post and he was thrown out lighting on the ice on his head. He was picked up and carried to Dr. Allan's office in an unconscious condition.

George Muir, of Wiarton, met with a very severe accident last week and as a result had his foot broken very badly. The accident happened at the Arlington hotel, where Mr. Muir is porter, and was the result of a fall. He was given medical assistance almost at once, but the break was of such a severe character that it was decided to take him to Owen Sound and have an X-ray taken. He is married and has three young children and already has lost one arm.

Farms Wanted *for* Soldier Settlers

Powers are proposed to be granted at the approaching session of Parliament to The Soldier Settlement Board of Canada to purchase lands to be resold to qualified returned soldiers settling on land. In the case of undeveloped lands the Board will be granted powers of forced purchase at prices judicially determined.

To enable soldiers to locate in any district in Ontario that they wish, the Advisory Board for the Province of Ontario desire to have filed with them a full description and lowest cash prices on a small number of select farms in each district of the Province, available for purchase.

The public are hereby informed that this land is for returned soldiers, and no tenders to sell are requested except for land of good quality and location, and reasonable value, making possible the success of the soldier as a farmer. The purchase price in all cases will be fixed by the Board after the land has been inspected and valued.

The information received will be treated as confidential. No commission will be charged or paid. No offer to sell will be binding on the person offering unless a sale is effected, and no obligation will be on the Board to accept any offer.

If application from a returned soldier be received for a farm listed with the Board, a valuation for such farm may be at once made by the Board and, if approved, negotiations may be entered into for the purchase and sale thereof. An approved list is desired for each district of Ontario.

WHY PRINTERS MADE VERY GOOD SOLDIERS

They were of the right "Type of men."

They are born "Leaders."

They "Stick" to the job.

They adhere to the "Rules."

They are good at "Setting Up" exercises.

They excel when it comes to a "Chase."

They don't take things for granted; they must have the "Proof."

They are generally of very good "Form."

If they are taken prisoners it does not phase them. They are used to "Lock Ups."

When the call to battle is sounded they can "Make Ready" very quickly.

They fear not the cold steel, as they are used to "Cuts."

They are very "Plane" fellows.

And as "dough boys" they can make excellent "Pi."

Ed. Cook has exchanged the 6[illegible] acre farm, adjoining Salem, which he recently purchased from L. Pilkington for Elijah Bridge's 100 acre farm at Gordonville, the old Corne property.

MISS J. B. AREKLET, Principal.
GEO. SPOTTON, President.

Mr. and Mrs. James F. Johnston, who have resided in West Toronto for a couple of years, have moved back again to the old homestead in Melancthon.

Mrs. James Manning, one of the pioneer settlers of the Back Line, Melancthon, died at her home, 2nd Avenue, Shelburne, on Monday evening, Feb. 17th, at the age of 74 years. She had been ill for some months with stomach trouble.

The death of Lorne Baird, son of Mr. and Mrs. Hugh Baird, took place at the home of his brother, James, Mt. Forest, on Friday evening, Feb. 14th, after about ten days illness of influenza followed by pneumonia.

Messrs. H. Irvine and H. J. Colwill, two prominent Arthur business men, were charged with the offence of having sold matches to which the required revenue stamps had not been affixed, and were fined $50 and costs, each.

Arnetta Evelyn Wrigglesworth, the only daughter of Mr. and Mrs. A. E. Wrigglesworth, Shelburne, died rather suddenly Monday morning of last week from heart failure, following diphtheria, at the age of 2 years and 4 months.

Mrs. W. J. McLellan, of Shelburne, is desirous of obtaining any information concerning her son, Pte. Ernest W. McLellan, who was reported killed in action in August last, and about whom no further official word has been received.

There died on Wednesday, Feb. 12th, at his private residence in Mt. Forest, Thomas Cummins, manager of the Grand Central hotel in that town. He was the oldest son of Daniel Cummins, one of the oldest and best known hotelkeepers in Western Ontario.

PILES ENTIRELY CURED

Mr. Wm. Woodell, 107 St. John St Carlton, St. John, N.B., writes:— "I have used Dr. Chase's Ointment for itching, bleeding piles, and as a result have been entirely cured. For years I was a great sufferer from this distressing ailment and can say that three boxes of Dr. Chase's Ointment cured me. You may use this letter for the benefit of others." cure."

Mrs. Noble, wife of T. J. Noble, of Calgary, formerly of Whitfield, died at her home in that city on Saturday, Feb. 15th, from influenza, which later developed into typhoid fever. Deceased was formerly Miss Lizzie Graham, daughter of the late Colwell Graham, of Shelburne, and will be remembered by her many old friends at Primrose and Whitfield.

Mrs. Robert Jennings, R. R. No. 3, Owen Sound, received the sad news recently that her son, Pte. Robert Lynden Jennings, a well known Keppel young man, had passed away at No. 1 Casualty Clearing Hospital at Bonn, Germany, as the result of pneumonia, following flu.

Reeve McTavish, of Flesherton, Reeve Boyd, of Markdale, and Warden McQuaker, of Grey county, were in Hamilton recently arranging for the purchase of road making machinery for the county. The trio made a purchase of somewhere in the vicinity of $24,000 worth of machinery, including two road rollers, eight tractors, graders, dump wagons, road plows, water tanks, etc.

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces.

SIR WILLIAM HEARST SUPPORTS THE WAR SAVINGS CAMPAIGN

Ontario's Premier Considers Thrift Accompanied by Industry a Splendid Asset to the Country.

Sir William Hearst is another of the provincial premiers, who have strongly endorsed the campaign to promote thrift through the use of War Savings and Thrift Stamps. In a recent statement he says:

"There can be no doubt that the habit of Thrift amongst the people is the best asset any country can have, especially when this is accompanied by industry.

"It is equally certain that there is no security so valuable and so safe as a government investment. Therefore, I heartily commend the using of War Savings and Thrift Stamps, both as a personal advantage to investors and as a patriotic duty to our country."

IMPROVED SERVICE.

C. P. R. to Equip Owen Sound Division Passenger Trains with Parlor-Buffet Cars.

It is said to be practically certain the C. P. R. will greatly improve that the C. P. R. will greatly improve their service on the Owen Sound-Toronto branch by equipping the two passenger trains each way with parlor-buffet cars. An intimation was given to this effect to President Patterson of the Owen Sound Board of Trade, by Supt. Rutter, who was in that town last week. Mr. Rutter said that when the weather had settled and there is no danger of heavy snow that the service would in all probability be established.

The addition of parlor buffet cars to the regular passenger trains would be a great step in advance. The necessity for them has been evident for many years and the matter has been drawn to the attention of the company on several occasions.

The parlor-buffet cars will be of the most modern type. This class of car not only provides parlor car accommodation, but meals are served. The change will be welcomed by the great body of travellers and should serve to popularize travel on this line of the C. P. R.

It is understood that the new service is likely to be permanent if the traffic warrants the addition.

SHORTHORN CALF CLUB.

Mr. H. A. Dorrance, District Representative, is organizing a Purebred Shorthorn Calf Club for the County of Dufferin. The Club is being organized for the purpose of introducing some good purebred shorthorns into the county. Particulars may be obtained upon application to Mr. Dorrance at his office in Orangeville.

HOSPITAL NOTES.

Wanted—Good Maid; light cooking and no washing. Apply at once to Matron Lord Dufferin Hospital.

The Daughters of the Empire wish to thank the Victory Bond canvassers, Sheriff Endacott, Mr. D. Macpherson, Mr. W. M. Green and Mr. A. D. McKitrick, for their donation of $55 to the Hospital Building Fund and also their further contribution of $100 to the Red Cross Fund.

The Red Cross rooms open on Wednesday afternoon. The ladies are sending out an urgent call for sewers and knitters, as there are only three weeks more for free delivery of the donations to be sent to the refugees, and the ladies have a lot of garments cut out and would like to have them finished and ready for packing. Let every one help with this work. Come on Wednesday afternoon or call and take some home to finish.

Donations which are appreciated by the Daughters are: Fruit, Mrs. J. Henry and Mrs. T. J. Robinson; one bag potatoes, Mrs. Dorrance; baking, Mrs. Skelton.

WAR VETERANS ORGANIZE.

A number of returned officers and soldiers met in the Public Library Auditorium on Friday night and organized a Branch of the Great War Veterans' Association. Officers were elected as follows:

Pres.—Col. J. A. V. Preston.

1st Vice-Pres.—Corp. H. Ainsworth.

2nd Vice-Pres.—Gunner J. M. Aiken.

Sec.-Treas.—Capt. Alex Firth.

Committee—Lieut. J. Scott, Hunter, Gunner Alar. Cameron and Signaller Harry Mossop.

Steps were taken to secure a charter from the Great War Veterans' Association. The Branch will meet on the second Thursday evening of each month. All returned soldiers, whether discharged or not, living in this vicinity, are invited to become members. The Branch decided to take whatever steps were necessary to safeguard the interests of a widow, the mother of a soldier now in a hospital overseas, who was in danger of having her home sold and being turned outdoors. A committee was also appointed to visit soldiers' homes, where there is sickness.

Briefly stated the objects of the Great War Veterans' Association are as follows:

(a) To perpetuate the close and kindly ties of mutual service in the Great War, and the recollections and associations of that experience, and to maintain proper standards of dignity and honor between all returned soldiers.

(b) To preserve the memory and records of those who suffered and died for the nation.

(c) To ensure that proper provision is made for the due care of the sick, wounded and needy among those who have served.

(d) To constantly inculcate loyalty to Canada and the Empire and unstinted service in their interests.

(e) To guard carefully the good name, interests and the standing of our comrades overseas, and to which they should be entitled upon their return.

(f) To impress upon its members that they are to continue in their services to Canada as citizens the same spirit of sacrifice and loyalty which they have shown to Canada and the Empire as soldiers, and to remain as members of the Association, non-sectarian and non-partisan.

(g) To establish, maintain and operate clubs, club-rooms, hospitals, employment and information bureaus, industrial and other schools and institutions, libraries and establishments, for the benefit, promotion and advancement generally of the interests of soldiers.

THE CANADIAN CLUB.

Capt. the Rev. Lawrence Skey Delivers Impressive Address on War Problems.

A representative and deeply interested audience heard Capt. the Rev. Lawrence E. Skey, rector of St. Anne's church, Toronto, speak on the subject, "Lessons and Problems of the War," in the Public Library Auditorium on Monday night. The address was given under the auspices of the Canadian Club. In the unavoidable absence of the president, Dr. R. N. Kyles, Mr. A. A. Hughson, past president, occupied the chair. Capt. Skey is a charming speaker and his address was a most enjoyable treat besides containing much material for solid thought and reflection.

The lecturer related some impressions of Vim Ridge, then treated his audience to a vivid description of an artillery barrage at Arras, where he had what he described as his first really interesting experience in France. The barrage he spoke of as a wonderful sight from a spectacular standpoint. The German airmen, he spoke of, as the one class in the German army who played the game fairly. They were the only branch of the army who showed a sense of sportsmanship and chivalry. The German military system he denounced as the most damnable thing the world has ever experienced.

Turning to the soldiers and the problems arising out of the war, Capt. Skey told his audience that it was useless to deny the fact that some Canadian soldiers had fallen. He depicted their loneliness and then the temptations to which they were subjected while on leave, and pointedly told his audience that he did not think the men of Orangeville would have been much stronger than some of the boys at the front under similar circumstances. There were, he laughingly added, a whole lot of people in our little towns and villages who are good because they are afraid to be bad. The soldiers who are now coming back to Canada were divided into the strong and true men, the real Canadian soldiers, then the weak men, or the men who are not true soldiers and who are publicly appealing for assistance because they have been overseas, and lastly, the good, weak men, that is the men who have been shell-shocked or wounded and are nervous and unsettled because of their injuries. The first class asked for no favors and it was their desire to take their places as law-abiding and industrious civilians as speedily as possible. Unless steps were taken to deal with the second class they would make the name of the returned soldier a stench in the cities of Canada. For the third class Capt. Skey bespoke a great deal of sympathy and a great deal of patience until they should recover from the effects of the awful ordeal through which they had passed. Touching on the marriage problem the speaker stated that some of the Canadian lads had married fine little English girls who would make them splendid wives. On the other hand hundreds of soldiers had married not England's best, but England's worst. Some of them had taken wives who were mentally and physically unfit to be Canadian mothers. As a result much unhappiness and misery was bound to result. To deal with these new conditions forced upon Canada by the war, Capt. Skey advocated the creation of a Canadian divorce court—a court where every case would be dealt with justly and from a physical, moral and religious standpoint.
